

**Décret exécutif n° 07-127 du 17 Rabie Ethani 1428  
correspondant au 5 mai 2007 relatif à la  
délimitation et à la classification du domaine  
minier en zones et à la définition des périmètres  
de prospection, de recherche et d'exploitation.**

— — — —

Le Chef du Gouvernement,

Sur le rapport du ministre de l'énergie et des mines,

Vu la Constitution, notamment ses articles 85-4° et 125 (alinéa 2) ;

Vu l'ordonnance n° 96-05 du 19 Chaâbane 1416 correspondant au 10 janvier 1996 portant approbation de la convention des Nations Unies sur le droit de la mer ;

Vu l'ordonnance n° 75-59 du 26 septembre 1975, modifiée et complétée, portant code de commerce ;

Vu la loi n° 90-30 du 1er décembre 1990 portant loi domaniale ;

Vu la loi n° 01-10 du 11 Rabie Ethani 1422 correspondant au 3 juillet 2001, modifiée et complétée, portant loi minière ;

Vu la loi n° 05-07 du 19 Rabie El Aouel 1426 correspondant au 28 avril 2005, modifiée et complétée, relative aux hydrocarbures, notamment son article 19 ;

Vu le décret présidentiel n° 06-175 du 26 Rabie Ethani 1427 correspondant au 24 mai 2006 portant nomination du Chef du Gouvernement ;

Vu le décret présidentiel n° 06-176 du 27 Rabie Ethani 1427 correspondant au 25 mai 2006 portant nomination des membres du Gouvernement ;

Vu le décret exécutif n° 96-214 du 28 Moharram 1417 correspondant au 15 juin 1996 fixant les attributions du ministre de l'énergie et des mines ;

**Décète :**

Article 1er. — En application des dispositions de l'article 19 de la loi n° 05-07 du 19 Rabie El Aouel 1426 correspondant au 28 avril 2005, modifiée et complétée, relative aux hydrocarbures, le présent décret a pour objet de déterminer :

— la subdivision du domaine minier national en quatre (4) zones:

Zone A

Zone B

Zone C

Zone D

— le nombre de parcelles composant chaque périmètre et la géométrie de ce périmètre,

— les tailles maxima des périmètres de chaque zone et les programmes minima de travaux.

La délimitation de ces zones est définie en annexe du présent décret comportant également la liste des périmètres relevant de chacune de ces zones.

Conformément aux dispositions de l'article 19 (alinéa 2) de la loi n° 05-07 du 19 Rabie El Aouel 1426 correspondant au 28 avril 2005, susvisée, tout changement dans la délimitation des zones ou de la liste des périmètres relevant de chacune de ces zones ne peut être rétroactif.

Art. 2. — Les zones et les périmètres sont définis par leurs coordonnées géographiques, le nombre de parcelles qui les compose et leur géométrie.

Art. 3. — Sont classés en zone A les périmètres de prospection, de recherche et/ou d'exploitation des hydrocarbures dont les coordonnées géographiques figurent en annexe 1 du présent décret, y compris les périmètres de recherche et/ou d'exploitation en mer (Offshore).

Art. 4. — Sont classés en zone B les périmètres de prospection, de recherche et/ou d'exploitation des hydrocarbures dont les coordonnées géographiques figurent en annexe 2 du présent décret.

Art. 5. — Sont classés en zone C les périmètres de prospection, de recherche et/ou d'exploitation des hydrocarbures dont les coordonnées géographiques figurent en annexe 3 du présent décret.

Art. 6. — Sont classés en zone D les périmètres de prospection, de recherche et/ou d'exploitation des hydrocarbures dont les coordonnées géographiques figurent en annexe 4 du présent décret.

Art. 7. — Selon chacune des zones, le nombre maximum de parcelles composant le périmètre est :

Zone A : Cent (100) parcelles ;

Zone B : Soixante-quinze (75) parcelles ;

Zone C : Cinquante-cinq (55) parcelles ;

Zone D : Vingt-cinq (25) parcelles.

Pour les périmètres de prospection, de recherche et/ou d'exploitation des hydrocarbures situés en offshore, le nombre de parcelles composant ces périmètres peut atteindre cent cinquante (150) parcelles.

Art. 8. — La géométrie de chaque périmètre de prospection, de recherche et/ou d'exploitation doit, dans toute la mesure du possible, correspondre à un quadrilatère rectangle ou carré.

Art. 9. — En application des dispositions des articles 37, 38 et 41 de la loi n° 05-07 du 19 Rabie El Aouel 1426 correspondant au 28 avril 2005, susvisée, l'agence nationale pour la valorisation des ressources en hydrocarbures «ALNAFT» publie, périodiquement, la carte de situation actualisée des périmètres composant le domaine minier national.

Art. 10. — Pour chaque zone A, B, C, D, un programme minimum de travaux de recherche doit être réalisé au titre de la première phase de la période de recherche dans le périmètre contractuel.

Art. 11. — Pour chaque zone, le programme minimum de travaux à réaliser au titre de la première phase de la période de recherche dans le périmètre contractuel consiste en :

Zone A: Huit cents (800) Km de sismique 2D ou quatre cents (400) Km<sup>2</sup> de sismique 3D et un (1) forage de recherche (Wildcat);

Zone B : Mille (1000) Km de sismique 2 D ou cinq cents (500) Km<sup>2</sup> de sismique 3D et un (1) forage de recherche (Wildcat);

Zone C : Cinq cents (500) Km de sismique 2D ou deux cent cinquante (250) Km<sup>2</sup> de sismique 3D et deux (2) forages de recherche (Wildcat);

Zone D: Sept cents (700) Km de sismique 2D ou trois cent cinquante (350) Km<sup>2</sup> de sismique 3D et deux (2) forages de recherche (Wildcat);

Toutefois, à l'occasion des appels d'offres dans le cadre de la promotion du domaine minier national ou dans le cadre de l'application des dispositions des articles 32 et 105 (alinéa 1er) de la loi n° 05-07 du 19 Rabie El Aouel 1426 correspondant au 28 avril 2005, susvisée, l'agence nationale pour la valorisation des ressources en hydrocarbures «ALNAFT» peut fixer un programme minimum qui ne saurait être, en aucun cas, en deçà du programme indiqué dans le présent article.

Dans le cas où les surfaces proposées pour de nouveaux contrats dans les zones C et D seraient inférieures ou égales à la moitié du nombre maximum de parcelles défini à l'article 7 ci-dessus, l'agence nationale pour la valorisation des ressources en hydrocarbures «ALNAFT» peut ajuster le programme minimum des travaux en fonction de la taille des surfaces proposées.

Concernant la deuxième et la troisième phase de la période de recherche, les programmes minimum des travaux y afférents seront fixés par l'agence nationale pour la valorisation des ressources en hydrocarbures «ALNAFT» et spécifiés dans les contrats.

Art. 12. — Les dispositions du présent décret sont applicables à toute personne telle que défini à l'article 5 de la loi n° 05-07 du 19 Rabie El Aouel 1426 correspondant au 28 avril 2005, susvisée, demandant à exécuter des travaux de prospection, de recherche et/ou d'exploitation en Algérie, sans préjudice des dispositions des articles 101 et 102 de la loi n° 05-07 du 19 Rabie El Aouel 1426 correspondant au 28 avril 2005, susvisée.

Art. 13. — Le présent décret sera publié au *Journal officiel* de la République algérienne démocratique et populaire.

Fait à Alger, le 17 Rabie Ethani 1428 correspondant au 5 mai 2007.

Abdelaziz BELKHADEM.
