

DISEASES OF STOCK (POULTRY) REGULATIONS

(under section 19)

(8th September, 1941)

ARRANGEMENT OF REGULATIONS

REGULATION

1. Citation
2. Interpretation
3. Permit for introduction of poultry
4. Permit for introduction of birds
5. Penalty

HCN 166, 1941.

1. Citation

These Regulations may be cited as the Diseases of Stock (Poultry) Regulations.

2. Interpretation

For the purposes of these Regulations-

"**birds**" means all birds excluding domestic fowls, turkeys, geese and ducks;

"**poultry**" means domestic fowls, turkeys, geese and ducks.

3. Permit for introduction of poultry

No person shall introduce into Botswana except from the Republic of South Africa, any poultry unless such poultry is accompanied by-

- (a) a written permit by the Director authorizing the introduction of such poultry;
- (b) a certificate, issued by a veterinarian authorized thereto by the Government of the country of origin, showing-
 - (i) that the poultry were examined and found to be healthy and that to the best of his knowledge, and belief they are free from, in the case of all species of poultry-
 - epidemic and endemic cholera;
 - tuberculosis;

fowl plague;
Newcastle disease;
salmonellosis;

in the case of turkeys-

trichomoniasis;
blackhead;
hexamitiasis;

in the case of domestic fowls-

epidemic tremor;
blackhead;
infectious bronchitis;
infectious laryngotracheitis;

- (ii) that in the case of domestic fowls, the tuberculin test was carried out within one month prior to despatch and that the fowls gave a negative reaction to the test;
- (iii) that in the case of turkeys, geese and ducks, to the best of his knowledge and belief the premises from which the poultry were derived are free from tuberculosis;
- (iv) that agglutination tests for *Salmonella gallinerum* (or *S. pullorum*) and *S. typhimurium* in the case of domestic fowls and turkeys, and for *S. typhimurium*, *S. enteritidis* and *S. anatum* in the case of ducks and geese, were carried out and found to be negative.

4. Permit for introduction of birds

No person shall introduce into Botswana, except from the Republic of South Africa, any birds unless such birds are accompanied by-

- (a) a written permit issued by the Director authorizing the introduction of such birds;
- (b) a certificate, issued by a veterinarian authorized thereto by the Government of the country of origin, showing-
 - (i) that the birds were examined and found to be healthy;
 - (ii) that to the best of his knowledge and belief the birds were derived from premises or aviaries declared by the veterinary authorities of the country of origin to be free from psittacosis;
 - (iii) that, in the case of pigeons and pheasants and other birds that may be found to be carriers of the virus of equine encephalomyelitis, the country of origin is free from equine encephalomyelitis.

5. Penalty

Any person who contravenes or attempts to contravene any provisions of these Regulations or fails to comply with any requirement thereof shall be guilty of an offence and shall be liable to a fine not exceeding P100.
