

DISASTER PROTECTION ACT

Prom. SG. 102/19 Dec 2006, amend. SG. 41/22 May 2007, amend. SG. 113/28 Dec 2007, amend. SG. 69/5 Aug 2008, amend. SG. 102/28 Nov 2008, amend. SG. 35/12 May 2009, amend. SG. 74/15 Sep 2009, amend. SG. 93/24 Nov 2009, amend. SG. 61/6 Aug 2010, amend. SG. 88/9 Nov 2010, amend. SG. 98/14 Dec 2010, amend. SG. 8/25 Jan 2011, amend. SG. 39/20 May 2011, amend. SG. 80/14 Oct 2011

Chapter one. GENERAL PROVISIONS

Art. 1. This Act shall settle providing the protection of the life and health of the population, the conservation of the environment and the property in case of disasters.

Art. 2. (amend. – SG 80/11, in force from 14.10.2011) Disaster shall be any significant disruption of the normal functioning of society, caused by natural phenomena and/or human activity, leading to negative consequences for the life or health of the population, property, economy and the environment and which the capacity of the system servicing the routine activities related to protection of society would be insufficient to prevent, bring under control and overcome.

Art. 3. (1) The bodies of the executive power, the legal persons and the sole entrepreneurs shall organise the protection in case of disasters implementing the functions assigned to them by this Act and the other normative acts that regulate their activity.

(2) The actions of the bodies and the persons under para 1 shall be coordinated in unified rescue system for protection in case of disasters.

Art. 4. The main principles of disaster protection shall be:

1. right of protection for every person;
2. privilege of the rescue of the human life before the rest activities upon the protection;
3. publicity of the information for the risks of disasters and for the activities of the bodies of the executive power upon the protection in case of disasters;
4. privilege of the preventive measures when ensuring the protection;
5. responsibility for the implementation of the measures of protection;
6. submission of forces and resources for protection stage by stage.

Art. 5. (amend. – SG 80/11, in force from 14.10.2011) Disaster protection shall be provided on a national, district and municipal level and carried out through:

1. performing preventive activity;
2. performing protection activities in the event of disaster upon occurrence thereof;
3. relief and recovery;
4. resource insurance;
5. provision and acceptance of relief funds.

Chapter two.
PREVENTIVE ACTIVITY

Art. 6. (amend. – SG 80/11, in force from 14.10.2011) (1) The preventive activity shall be carried out with the objective of reducing the disaster risks and shall include:

1. analysis and assessment of disaster risks;
2. mapping disaster risks;
3. classification of settlements depending on the number of population potentially affected;
4. establishment of critical infrastructures and their sites as well as risk assessment for them;
5. measures reducing the vulnerability of the sites mentioned in item 4;
6. planning of disasters protection;
7. compliance with the requirements for spatial development planning, investment design, building and operation of construction projects;
8. establishment and maintenance monitoring, early warning and alerting systems;
9. providing collective and individual protection means;
10. education and practical training of central and territorial bodies of the executive power, reaction forces, voluntary units and the population;
11. adoption and implementation of National Disaster Protection Programme;
12. preventive control.

(2) The terms, procedures and the bodies for implementation of the activities under para 1, item 1 and 2 shall be set forth by the Council of Ministers.

Art. 7. (revoked – SG 80/11, in force from 14.10.2011)

Art. 8. (amend. – SG 102/08; amend. - SG 93/09, in force from 25.12.2009; amend. – SG 80/11, in force from 14.10.2011) The classification under Art. 6, item 1, item 3 shall be as follows:

1. urbanized territories of special importance - the cities of Sofia, Plovdiv, Varna, Rousse and Bourgas;
2. group one urbanized territories - settlements and settlement formations with population of more than 80 000 persons;
3. group two urbanized territories - settlements and settlement formations with population of more than 30 000 persons;
4. group three urbanized territories - settlements and settlement formations with population of more than 10 000 persons;
5. group four urbanized territories - settlements and settlement formations with population under 10 000 persons;

Art. 8a. (new - SG 93/09, in force from 25.12.2009) (1) Establishment of the critical infrastructures and the sites thereof as well as the risk assessment for them shall be carried out according to terms, procedure and by competent bodies, defined by an ordinance of the Council of Ministers.

(2) The measures reducing the vulnerability of the sites from the critical infrastructure by natural and man-made hazards shall be set forth by the ordinance under Art. 10, para 2

(3) The measures mentioned in para 2 shall have a priority in defining the activities in the plans under Art. 18, para 3.

Art. 9. (amend. – SG 80/11, in force from 14.10.2011) (1) The planning of disaster protection shall be carried out on municipal, district and national level.

(2) Disaster protection plans shall be drawn up by parts intended for each of the hazards specific for the respective area, provided that the parts dealing with earthquakes, floods, nuclear and radiological accidents shall be obligatory.

(3) The disaster protection plans shall obligatory contain:

1. assessment and analysis of disaster risks;
2. measures for prevention and mitigation of disaster risks;
3. measures for protection of the population;
4. distribution of the obligations and the responsible bodies and persons for implementation of the provided measures;
5. the means and resources, necessary for carrying out the activities mentioned in item 2, 3 and 4;
6. ways of interaction between components of the integrated rescue system;
7. the procedure of early warning of the bodies of executive power, components of the integrated rescue system and the population in case of threat or occurrence of disasters;
8. information about the teams and resources of the components of the integrated rescue system;
9. standby time for response by the components of the integrated rescue system.

(4) The Minister of Interior shall draw up the National Disaster Protection Plan jointly with representatives of the ministries, departments, The Bulgarian Red Cross and the local government authorities.

(5) The National Disaster Protection Plan shall be adopted by the Council of Ministers.

(6) In order to fulfil their obligations, provided for in the National Disaster Protection Plan, central bodies of the executive power shall draw up disaster protection plans.

(7) The plans mentioned in para 6 shall be approved by an order of the respective manager following coordination with the Minister of Interior.

(8) The district governor shall organize the drawing up of a district disaster protection plan in coordination with the territorial units of the central executive power and the mayors of municipalities.

(9) The district disaster protection plan shall be approved by an order of the district governor following coordination with the Minister of Interior.

(10) The mayor of the municipality shall draw up a municipal disaster protection plan jointly with representatives of departments and legal entities related to disaster protection carrying out their activity within the territory of the municipality.

(11) The municipal disaster protection plan shall be adopted by the municipal council.

(12) The “Flood” part from the disaster protection plans shall be drawn up also taking into account the flood risk management plans, developed under the terms and following the procedure of the Water Act.

(13) Measures, provided in the flood risk management plans, specified in para 12, shall be included in the annual plans for implementation of the National Disaster Protection Programme.

(14) Upon assigning or approval of detailed spatial development plans under the Spatial Development Act the bodies, which must draw up disaster protection plans, shall provide information about any foreseeable disasters, threatening the areas within the scope of the detailed spatial development plans as well as about the preventive measures, required for their protection, included in the disaster protection plans.

Art. 10. (amend. – SG 80/11, in force from 14.10.2011) (1) Requirements concerning spatial

planning of the territory and engineer and technical regulations for investment design, building and operation of construction projects shall be met in order to prevent or mitigate disaster risks and facilitate the protection and conducting of rescue operations.

(2) The requirements under para 1 shall be defined by an ordinance of the Council of Ministers.

Art. 11. (1) The observation, the early caution and the announcement shall be based on:

1. information and data, submitted by natural persons, organisations and institutions;
2. information and data from systems of monitoring of meteorological, hydrological, seismological, chemical, biological, radiological, nuclear, ecological and other objects and phenomena;
3. (suppl. - SG 93/09, in force from 25.12.2009) information and data, received in the centres of the National System for Urgent Calls with the Single European Number 112;
4. hydro-metrological forecasting information for dangerous phenomena from the National Institute of Meteorology and Hydrology, the Agency for Research and Maintenance of the Level of the Danube River and others;
5. international exchange of information and data.

(2) (amend. – SG 102/08; amend. - SG 93/09, in force from 25.12.2009) The information under para 1 shall be submitted free to the MI and to the Ministers within the range of their competence.

Art. 12. (amend. – SG 80/11, in force from 14.10.2011) (1) Collective protection means shall be engineering facilities – shelters and anti-radiation shelters, the main purpose of which is to shelter the population in case of an air attack, military and industrial toxic substances, radioactive substances and biological agents.

(2) Metropolitan and underground floors in industrial and public service buildings in urbanized territories of special importance shall also be designed and built to serve as collective protection means.

(3) Collective protection means shall be real estate - public state, public municipal or private property and shall be maintained and managed by the departments to which they are provided, by the mayors of municipalities or their owners.

(4) Collective protection means or parts thereof may also have another purpose as long as it does not obstruct its main purpose to shelter the population.

(5) Collective protection or parts thereof may be let only for purposes, not hindering their usage as shelters for the population.

(6) The procedure for construction, maintenance and use of collective protection means shall be determined by an ordinance of the Council of Ministers.

Art. 13. (1) The individual means of protection are intended for protection of the respiratory organs, the eyes and the skin from poisonous and radioactive substances, noise and aerosols, from high temperatures and burnings, from explosion and other mechanic effects.

(2) The reserves from individual means of protection shall be given, kept, renewed, maintained, submitted and accounted by:

1. (amend. – SG 102/08; amend. - SG 93/09, in force from 25.12.2009) The Ministry of Interior – for operative reserve;
2. the Mayors of the Municipalities – for officials of the municipal administration and for the population in the municipality;
3. the bodies of the executive power – for the employees and officials of the respective administration;
4. the owners, managers and executive members of trade companies and sole entrepreneurs –

for their employees and officials.

(3) (new – SG 80/11, in force from 14.10.2011) Individual means of iodine prophylaxis of the population shall be planned, purchased, renewed and provided in ownership of municipalities by the MI.

(4) (prev. text of para 3 – SG 80/11, in force from 14.10.2011) The procedure for creation, storage, renewal, maintenance, delivery and accountancy of the reserves from individual protection means shall be determined by ordinance of the Council of Ministers.

Art. 14. (1) The bodies of the executive power, the other state bodies and the population shall be educated for protection in case of disasters.

(2) The education of the bodies of the executive power shall be obligatory.

(3) The bodies under para 1 shall organise an education of the officials from their subordinate units, services and other operative structures for implementation of activities upon protection.

Art. 15. (revoked - SG 93/09, in force from 25.12.2009)

Art. 16. (1) In the system of the national education and in the universities an education for disaster protection and giving first aid shall be conducted.

(2) Main knowledge for the risks of disasters and the ways of behaviour and action shall be ensured upon the education for acquisition of elementary education, and knowledge for protection corresponding of the profile and the specialization of the education – upon the education for acquisition of secondary and university education.

(3) (amend. – SG 102/08; amend. - SG 74/09, in force from 15.09.2009; amend. - SG 93/09, in force from 25.12.2009) The Minister of Education, Youth and Science after coordination with the Minister of Interior shall approve programmes for education, teaching materials and aids for the kindergartens and the schools and plans for education and preparation in case of disasters of the managing staff and the teachers in the system of the national education.

Art. 17. The education of the population for the ways of behaviour and action and the implementation of the necessary protective means in case of disasters shall be organised by the Mayors of the Municipalities as voluntary education.

Art. 18. (1) The National Programmes for Disaster protection shall determine the purposes, priorities and tasks for the disaster protection for a 5-year period. The funding of the programme shall be carried out according to the parameters, set out in the budget forecast.

(2) The National programmes for disaster protection shall contain:

1. analysis of the condition of the protection in case of disasters;
2. the degree of implementation of the purposes and tasks from the previous programme;
3. directions of scientific and research activity;
4. directions for the content of educational programmes;
5. priorities for the development and the resource insurance of the unified rescue system;
6. sources of funding.

(3) Annual plans shall be adopted for the implementation of the National Programme for Protection in Case of Disasters.

(4) The funding of the activities from the annual plans under para 3 shall be carried out within

the ranges of the approved budget of the competent bodies and from other sources of finance.

(5) (amend. – SG 102/08; amend. - SG 93/09, in force from 25.12.2009) The Minister of Interior shall develop the National Programme for Disaster protection and the annual plans for its implementation together with Ministries, administrations, the National Association of the Municipalities in the Republic of Bulgaria and the Bulgarian Red Cross.

Art. 18a. (new – SG 80/11, in force from 14.10.2011) (1) The identification of potential European Critical Infrastructure (ECI) on the territory of the Republic of Bulgaria shall be carried out by the respective minister.

(2) The respective minister shall notify the infrastructure owner/operator of its designation as ECI. The information about the designation of any given infrastructure as ECI shall be given the respective level of classification under the Protection of Classified Information Act and the European Union legislation.

(3) The procedure for ECI identification and designation on the territory of the Republic of Bulgaria and the protection measures thereof shall be defined by ordinance of the Council of Ministers.

Art. 18b. (new – SG 80/11, in force from 14.10.2011) (1) Within three months from the notification under Art. 18a, para 2 the owner/operator of any designated ECI shall draw up an operator ECI security plan, whereby shall be established the ECI elements and the protection measures.

(2) The contents of the operator plan under para 1 shall be set forth by the ordinance under Art. 18a, para 3.

(3) Within one month of drawing up of the operators plan under para 1 the owner/operator of the designated ECI shall coordinate it with the Minister of Interior and the chairman of the State Agency for National Security.

(4) The coordinated operator plan under para 1 shall be approved by the respective minister.

(5) Within one year from the approval under para 4 the owner/operator of the designated ECI shall activate the measures from the approved operator plan under para 1 and shall update it annually.

(6) The operator plan under para 1 shall constitute classified information under the Protection of Classified Information Act.

Art. 18c. (new – SG 80/11, in force from 14.10.2011) (1) The owner/operator of a designated ECI shall appoint a security liaison officer, who will also be a contact person between it and the respective minister.

(2) Within one month from the approval of the operator plan under Art. 18b, para 1 the owner/operator of a designated ECI shall notify the respective minister of the person, appointed as liaison officer under para 1.

(3) The information, transmitted between the liaison officer under Paragraph 1, the owner/operator of a designated ECI and the respective minister shall be of the respective level of classification under the Protection of Classified Information Act and the European Union legislation.

(4) The liaison officer under para 1 shall immediately inform the respective minister in the case any risks and threats for the respective ECI are found.

Art. 18d. (new – SG 80/11, in force from 14.10.2011) (1) The Minister of Interior or an official, authorized by him/her, shall be the contact person of the Republic of Bulgaria regarding ECI protection.

(2) The Minister of Interior or an official, authorized by him/her, shall coordinate the matters of

ECI protection in the Republic of Bulgaria with other European Union Member States and with the European Commission.

(3) The contact person under para 1 shall annually inform the European Commission of:

1. the number of designated ECIs by sectors and the number of European Union Member States, dependent on each designated ECI;
2. the number of infrastructures by sectors, regarding which discussions have been held on cross-cutting criteria thresholds.

Art. 18e. (new – SG 80/11, in force from 14.10.2011) (1) Within one year from designation of an ECI the respective minister shall carry out an evaluation of the threats in the ECI subsectors.

(2) Every two years the respective minister, acting through the contact person under Art. 18d, para 1 shall provide the European Commission with a report on the types of vulnerable areas, threats and risks, found for the ECI sectors.

Art. 18f. (new – SG 80/11, in force from 14.10.2011) Any written or verbal information concerning the protection of critical infrastructures, which was provided to other Member States of the European Union or the European Commission, shall only be used for the purposes of critical infrastructures' protection.

Chapter three. UNIFIED RESCUE SYSTEM

Section I. General Rules

Art. 19. (1) (amend. – SG 80/11, in force from 14.10.2011) The activities related to protection of the population in case of danger or occurrence of disasters shall be:

1. warning;
2. implementation of urgent measures in order to mitigate the effect;
3. announcement;
4. rescue operations;
5. providing medical assistance in emergency cases;
6. initial psychological counselling to victims and rescue teams;
7. control and elimination of ecological incidents;
8. protection against explosive substances and munitions;
9. search and rescue operations;
10. radiation, chemical and biological protection in case of incidents and accidents with dangerous substances and materials and against nuclear, chemical and biological weapons;
11. limitation and liquidation of fires;
12. (suppl. – SG 80/11, in force from 14.10.2011) temporary relocation, evacuation, sheltering and supplying of individual protection means;
13. implementation of urgent emergency and restoration works;
14. limitation of the distribution and liquidation of occurred epidemic explosions, epidemics and epizootics of infectious and parasitic diseases;
15. other operations, related to the protection.

(2) Protection of the population in case of declaring of regime "state of military emergency",

"wartime" or "state of emergency" shall be implemented in correspondence of the provisions of the Geneva Conventions of August 12, 1949 (non-promulgated), ratified by Decree № 181 of the Presidium of the National Assembly of 1954 (Izvestia - 43/54) and the Additional Protocols to the Geneva Conventions of 1977, ratified by Decree № 1586 of the State Council of 1989 (SG 62/89).

Art. 20. (1) (amend. – SG 80/11, in force from 14.10.2011) The activities under Art. 19 shall be carried out by unified rescue system, which includes units of:

1. ministries and administrations;
2. municipalities;
3. trade companies and sole entrepreneurs;
4. emergency centres, other medical and health institute;
5. (suppl. – SG 80/11, in force from 14.10.2011) non-profit legal persons, including volunteer formations under Art. 41;
6. the armed forces.

(2) The units, services and the other operative structures under para 1 shall be components of the unified rescue system, keeping their institutional or organisational belonging and the functions determined to them or their scope of activity.

Art. 21. (revoked – SG 80/11, in force from 14.10.2011)

Art. 22. (1) (amend. – SG 69/08; amend. – SG 102/08; amend. - SG 93/09, in force from 25.12.2009; amend. – SG 98/10, in force from 01.01.2011) Main components of the unified rescue system shall be the Chief Directorates of the MI - "Fire Safety and Protection of Population", the regional directorates of the MI and the emergency centres.

(2) The main components of the unified rescue system shall provide continuous readiness for receiving messages in case of disasters, their assessment and immediate actions.

(3) (amend. – SG 69/08) The structures of the main components of the unified rescue system shall be developed on the territory of the entire country in accordance with the administrative and territory division.

Art. 23. (1) (amend. – SG 80/11, in force from 14.10.2011) The other components of the unified rescue system shall provide assistance upon request in accordance with the disaster protection plans.

(2) (amend. – SG 80/11, in force from 14.10.2011) The armed forces shall provide assistance during rescue and urgent emergency repair and recovery works upon permission by the Minister of Defence on the ground of request by the respective state body according to the plans under para 1.

Section II. Planning and Preparation

Art. 24. (amend. – SG 80/11, in force from 14.10.2011) In the event of occurrence of disasters the components of the unified rescue system shall organise and carry out the actions according to the disaster protection plans.

Art. 25. (amend. – SG 102/08; amend. - SG 93/09, in force from 25.12.2009; revoked – SG 80/11, in force from 14.10.2011)

Art. 26. (amend. – SG 80/11, in force from 14.10.2011) The disaster protection plans shall regulate the cooperation between the components of the unified rescue system and provide possibility for attraction of forces and means stage by stage depending on the disaster events.

Art. 27. (revoked – SG 80/11, in force from 14.10.2011)

Art. 28. (1) The preparation of the components of the unified rescue system shall be carried out by conducting trainings and studies.

(2) The purpose of the trainings shall be to establish the condition of the communication and informational system and the readiness of the teams for reaction in case of disasters.

(3) The studies shall be planned and conducted for improvement of the cooperation and coordination of the components of the unified rescue system and the bodies of the executive power for reaction in case of disasters.

(4) (amend. – SG 102/08; amend. - SG 93/09, in force from 25.12.2009; amend. – SG 80/11, in force from 14.10.2011) Trainings and studies shall be conducted according to order of the Minister of Interior, the district governor or the mayor of municipality.

Section III.

Coordination and Management of the Rescue and Urgent Emergency and Restoration Works in the Region of the Disaster

Art. 29. (1) (amend. – SG 102/08; amend. - SG 93/09, in force from 25.12.2009; amend. – SG 80/11, in force from 14.10.2011) The coordination of the components of the unified rescue system shall be implemented through the operative centres of the Fire Safety and Rescue Directorate General at the Ministry of Interior.

(2) (amend. – SG 80/11, in force from 14.10.2011) The operative centres shall:

1. adopt and assess the information for arisen disasters;

2. notify the competent components of the unified rescue system and coordinate the future activity on the ground of standard operative procedures;

3. (amend. – SG 80/11, in force from 14.10.2011) provide early warning and notification of the bodies of the executive power, the components of the integrated rescue system and the population in the event of disaster;

4. (amend. – SG 80/11, in force from 14.10.2011) upon request by the Head on the Spot, the Mayor of the Municipality or the District Governor shall organize the activation of the components of the integrated rescue system, specified in the disaster protection plans, as well as of additional forces and resources.

include additional forces and means for the main and other components of the unified rescue system according to the plan for implementation of rescue and urgent emergency and restoration works at request of the.

(3) (amend. – SG 102/08; amend. - SG 93/09, in force from 25.12.2009; revoked – SG 80/11, in force from 14.10.2011) (4) The received and submit voice information in and by the operative

communication and informational centres shall be recorded and archived with possibility for subsequent audition.

(4) The received and submit voice information in and by the operative communication and informational centers shall be recorded and archived with possibility for subsequent audition.

(5) (amend. – SG 102/08; amend. - SG 93/09, in force from 25.12.2009; amend. – SG 80/11, in force from 14.10.2011) The standard operative procedures under para 2, item 2 shall be developed by the chief secretary of the MI, coordinated with the managers of the units under Art. 20, para 1.

Art. 30. (1) (revoked – SG 35/09, in force from 12.05.2009)

(2) (amend. – SG 41/07; amend. – SG 102/08; amend. - SG 93/09, in force from 25.12.2009; suppl. – SG 80/11, in force from 14.10.2011) The enterprises, carrying out electronic communications, shall be obliged to cooperate to the MI for implementation of the communications in case of disasters and to the National System for Emergency Calls with Unified European Number 112.

Art. 31. (1) The cooperation and the coordination between the components of the unified rescue system, participating in rescue and urgent emergency and restoration works in the region of the disaster, referred hereinafter as "the place of intervention", shall be carried out by the Head on the Spot.

(2) (amend. - SG 93/09, in force from 25.12.2009; amend. – SG 98/10, in force from 01.01.2011; amend. – SG 80/11, in force from 14.10.2011) A Head on the Spot shall be the Head of the territorial unit of the Directorate-General of “Fire Safety and Protection of Population” - MI or authorised by him/her official, save for the cases of epidemics and epizootics.

(3) (amend. – SG 69/08; amend. – SG 98/10, in force from 14.12.2010; amend. – SG 8/11, in force from 25.01.2011; amend. – SG 80/11, in force from 14.10.2011) In the cases of epidemics and epizootics a Head of the regional health inspection or the district food safety directorate.

Art. 32. The Head on the Spot upon implementation of rescue and urgent emergency and restoration works shall be entitled to:

1. prohibit and restrict the entry of persons in the place of intervention;
2. order temporary taking out of persons from the place of intervention;
3. order immediate implementation and stop of buildings, construction works, field reconstructions or demolition of buildings and facilities or parts of them aiming decrease or elimination of the risks of the arisen disaster;
4. require from legal persons or natural persons submission of personal or material support;
5. create headquarters of the Head on the Spot with representatives of the participating teams from the unified rescue system;
6. divide the place of intervention to sectors or sites, to determine their managers, to assign them tasks, as well as to distribute forces and means for them.

Chapter four.

PARTICIPATION AND COOPERATION OF THE NATURAL PERSONS, LEGAL PERSONS AND SOLE ENTREPRENEURS IN CASE OF DISASTERS

Section I.

Rights and Obligations of the Natural Persons

Art. 33. (1) Every natural person shall be entitled to:

1. information about the measures for ensuring of protection;
2. education for the ways of behaviour and action in case of disasters;
3. means of protection;
3. urgent and restoration support;
5. indemnity for the actually caused damages on occasion of normative established activities for protection in case of disasters.

(2) The support under para 1, item 4 and the indemnity under para 1, item 5 shall be granted under conditions, following a procedure and in extent, determined by the regulations under Art. 54, para 6.

Art. 34. Every natural person shall be obliged to:

1. bear the restrictions in relation to announced state of disaster, ensue from the measures, applied by the competent services at the implementation of the activities upon the protection;
2. assist to every other natural person, whose life or health are endangered subsequently of disaster, under the condition that he/she shall not risk his/her own life or health;
3. inform the respective emergency calls centre or to look for possibility to give assistance in another way, when is not in condition to give the needed assistance personally;
4. give assistance in accordance with his/her possibilities or a material support upon request by the Mayor of the Municipality or the Head on the Spot;
5. if necessary rescue and urgent emergency and restoration work to be conducted, to admit the entry of rescue teams and equipments, implementation of field reconstructions, construction of facilities for protection of risk factors, cleaning up of landed property and elimination of buildings or their parts, facilities and plantations, when he/she is an owner, user or manager of the real estate;
6. submit to the Head of the rescue team information for the dangers that could threat the life and health of the rescuers or the population;
7. (amend. – SG 80/11, in force from 14.10.2011) agrees to the positioning of facilities of the systems for early warning and notification in the real estates, which are his/her property, and to provide access to them for the purposes of operation thereof.
8. (new – SG 80/11, in force from 14.10.2011) does not hinder the access to of authorized officials to collective protection means for the purposes of control, prophylaxis and repairs.

Section II.

Obligations of the Legal persons and Sole Entrepreneurs

Art. 35. (amend. – SG 80/11, in force from 14.10.2011) (1) The legal persons and sole entrepreneurs, owners and users, carrying out activity at sites which are construction projects of Category One, Two and Three within the meaning of Art. 137 of the Spatial Development Act, which poses a danger of disaster, shall develop emergency action plans for the site, containing:

1. the maximum possible consequences for the staff, population and environment of an accident at the facility;

Art. 83. (revoked - SG 93/09, in force from 25.12.2009)

Art. 84. (revoked - SG 93/09, in force from 25.12.2009)

Art. 85. (revoked - SG 93/09, in force from 25.12.2009)

Art. 86. (revoked - SG 93/09, in force from 25.12.2009)

Chapter ten. CONTROL

Art. 87. (amend. – SG 102/08; amend. - SG 93/09, in force from 25.12.2009) The control over the observance of the Act shall be carried out by the Minister of Interior and by authorised by him/her officials.

Art. 88. (1) (amend. – SG 102/08; amend. - SG 93/09, in force from 25.12.2009; amend. – SG 80/11, in force from 14.10.2011) The Minister of Interior shall issue orders for discontinuation or temporary restriction of activities, if they threat the population.

(2) The orders under para 1 shall be issued upon arisen danger from disasters.

(3) The orders under para 1 shall be executed immediately.

(4) For the orders under para 1 immediately the Mayor shall be notified. The orders shall be announced through the mass media or in another appropriate way.

(5) (amend. – SG 102/08; amend. - SG 93/09, in force from 25.12.2009; amend. – SG 39/11) The orders under para 1 may be appealed by the interested persons and organisations within 7 days period through the Minister of Interior before the Supreme Administrative Court. The court shall consider the complaint in an open sitting and shall pronounce within three days after its receiving. The decision shall not be subject to appeal.

(6) The force of the orders shall be terminated with the expiration of their term, with the decision of the court under para 5 or after dropping out of the grounds for their issue.

Art. 89. (amend. – SG 102/08; amend. - SG 93/09, in force from 25.12.2009; amend. – SG 80/11, in force from 14.10.2011) In the process of exercising control on the compliance with this Act or the by-laws on its implementation the Minister of Interior or the officials, authorised by the latter, shall issue orders.

Chapter eleven.
MEASURES OF ADMINISTRATIVE ENFORCEMENT

Section I.
Compulsory Administrative Measures

Art. 90. (amend. – SG 102/08; amend. - SG 93/09, in force from 25.12.2009) For prevention and stoppage of the violations, related with the execution of the obligations under this Act, as well as for elimination of the harmful consequences of them, the Minister of Interior or authorised by him/her officials may stop the building, putting into use and the use of sites, installations, devices and facilities, as well as to stop other activities, which create danger for the population in case of disasters.

Art. 91. (1) The order on application of compulsory administrative measures shall be appealed by the order of the Administrative Procedure Code.

(2) The order under para 1 shall be subject to preliminary fulfilment, unless the court otherwise rules.

Section II.
Administrative and Penal Provisions

Art. 92. (amend. – SG 80/11, in force from 14.10.2011) Any violations of this Act and of the secondary legislation, issued in relation to it, for which no other sanction has been envisaged, shall be punishable by a fine from BGN 500 to BGN 2,000 or by a property sanction from BGN 3000 to BGN 10,000.

Art. 93. (suppl. – SG 80/11, in force from 14.10.2011) An official, who does not fulfil an obligation, assigned to him/her by this Act or the secondary legislation, issued in relation to it, shall be punished with a fine from BGN 200 to BGN 500, if is not a subject to a heavier penalty.

Art. 94. (amend. – SG 80/11, in force from 14.10.2011) (1) Any person, who fails to fulfil an obligation under Art. 18b, para 1 and 3 or para 5, shall be punishable by a fine from BGN 2,000 to BGN 5,000 or by a property sanction from BGN 15,000 to BGN 25,000.

(2) Any person, who fails to fulfill an obligation under Art.18c, para 1 and 2 or para 4, shall be punishable by a fine from BGN 2,000 to BGN 5,000 or by a property sanction from BGN 5,000 to BGN 15,000.

(3) Any person, who fails to fulfill the obligations under Art.34, Items 7 and 8 shall be punishable by a fine from BGN 500 to BGN 1,000.

(4) Any person, who refuses to provide or impeding or preventing access to the sites referred to in Art. 12, para 1, shall be punishable by a fine of BGN 1,000.

(5) Any person, who fails to fulfill any order under Art.89, shall be punishable by a fine from BGN 1,500 to BGN 10,000 or by a property sanction from BGN 3,000 to BGN 15,000.

(6) In the event of repeat violation under paras 1-5 a fine or a property sanction shall be imposed in trebled amount.

Art. 95. (1) (amend. – SG 102/08; revoked - SG 93/09, in force from 25.12.2009) (1) Any person, who doesn't fulfill an obligation under Art. 35, 36 or 37, shall be punishable by a fine from BGN 500 to BGN 5,000 or by a property sanction from BGN 5,000 to BGN 50,000.

(2) In the event of repeat violation under para 1 a fine or a property sanction shall be imposed in triple extent.

Art. 96. (amend. – SG 102/08; revoked - SG 93/09, in force from 25.12.2009)

Art. 97. (revoked - SG 93/09, in force from 25.12.2009)

Art. 98. A head of a trade company, a head of organisation or a sole entrepreneur, who upon announced state of disaster refuses to a competent body a delivery or a service with privilege, if it is objectively possible, shall be punished with a fine from BGN 500 to BGN 1000 or with a property sanction from BGN 1000 to BGN 3000.

Art. 99. (amend. – SG 80/11, in force from 14.10.2011) Who spends not by purpose financial or material funds, provided by the Interdepartmental Relief and Recovery Commission, shall be punished with a fine from BGN 200 to BGN 2000 and shall owe a refund of the sums.

Art. 100. (1) (amend. – SG 102/08; amend. - SG 93/09, in force from 25.12.2009) The acts on establishment of administrative violations shall be compiled by officials, authorised by the Minister of Interior.

(2) (new – SG 80/11, in force from 14.10.2011) Any on establishment of administrative violations under Art. 99 shall be drawn up by officials, authorised by the respective district governor.

(3) (amend. – SG 102/08; amend. - SG 93/09, in force from 25.12.2009; prev. text of para 2, suppl. – SG 80/11, in force from 14.10.2011) The penal decrees shall be issued by the Minister of Interior or authorised by him/her officials and in the cases under para 2 – by the respective district governor.

(4) (prev. text of para 3 – SG 80/11, in force from 14.10.2011) Finding of violations, the issue, appeal and execution of the penal decrees shall be made under the order of the Administrative Violations and Penalties Act.

Additional provisions

§ 1. In the context of this Act:

1. "Natural phenomena" shall be phenomena with geological (geophysical, geologist), hydro meteorological and biological origin, such as earthquakes, floods, movement of masses (landslides, streams of fragments, avalanches), storms, hailstorms, enormous snow amassing, freezing, droughts, forest fires, mass diseases from epidemic and epizootic character, invasions of pests and other similar ones, caused by natural forces.

2. "An incident" shall be unpredictable or hardly foreseeable, limited by time and space action,

with high intensity of forces or as a consequence of human activity, threatening the life and health of the humans, the property or the environment.

3. "An accident" shall be an incident on a large scale, including roads, highways and air traffic, fire, demolition of hydro-technical facilities, incidents, caused by activities in the sea, nuclear incidents and other ecological and industry accidents, caused by activities or actions of the human.

4. "An industrial accident" shall be an immediate technological damage of machines, facilities and aggregates or implementation of activities with risk substances and materials in the production, treatment, use, storage, loading, transport or sale, when this leads to danger for the life or health of humans, animals, property or environment.

5. (revoked – SG 80/11, in force from 14.10.2011)

6. "A zone of the disaster" shall be the territory, affected by a disaster.

7. (revoked – SG 80/11, in force from 14.10.2011)

8. "Inevitably necessary volume and duration" shall be these, at which in a minimal degree, for a minimal period of time shall be affected the rights under Art. 52 in order the taking of the necessary measures for the protection in case of disaster to be allowed.

9. (revoked – SG 80/11, in force from 14.10.2011)

10. (revoked – SG 80/11, in force from 14.10.2011)

11. (new – SG 80/11, in force from 14.10.2011) "Threat" shall mean a natural phenomenon or event, caused by human activity, which may cause harmful consequences to the population and their property, the environment, the economy and the cultural and material valuables.

12. (new – SG 80/11, in force from 14.10.2011) "Vulnerability" shall be an indicator of the degree of pliability of a certain area or site to different threats.

13. (new – SG 80/11, in force from 14.10.2011) "Risk" shall be the probability of occurrence of harmful consequences for the population and their property, the economy and the environment as a result of the threat and the vulnerability of a certain area/site.

14. (new – SG 80/11, in force from 14.10.2011) "Risk analysis and assessment" shall mean the determination of the nature and extent of the risk as a function of the threat, vulnerability and probability.

15. (new – SG 80/11, in force from 14.10.2011) "Critical infrastructure" shall be a system or parts thereof, which are essential for the maintenance of vital public functions, health, safety, security, economic or social well-being of people, and the disruption or destruction of which would cause significant negative consequences in the Republic of Bulgaria as a result of the failure to retain those functions.

16. (new – SG 80/11, in force from 14.10.2011) "European critical infrastructure" shall be the critical infrastructure, located on the territory of the Republic of Bulgaria the disruption or destruction of which cause significant negative consequences in least two European Union Member States. The importance of the said consequences shall be assessed in terms of cross-cutting criteria - numbers of sites and injuries, economic and social consequences, taking into consideration effects resulting from cross-sector dependencies on other types of infrastructure.

17. (new – SG 80/11, in force from 14.10.2011) "Information related to critical infrastructure protection" shall mean any fact relating to a critical infrastructure, which if disclosed and made public could be used to plan and/or act aimed at causing disruption or destruction of critical infrastructure sites, elements or installations.

18. (new – SG 80/11, in force from 14.10.2011) "Protection" shall be the set of activities aimed at ensuring the proper functioning, continuity and integrity of critical infrastructures in order to deter, reduce, mitigate and neutralise a threat, a risk or the vulnerability thereof.

19. (new – SG 80/11, in force from 14.10.2011) "Owners/operators of European critical infrastructures" are natural persons, legal entities or organisations in charge of the investing, or for the proper functioning, the continuity and integrity of, a particular system or part thereof, designated as an

ECL

20. (new – SG 80/11, in force from 14.10.2011) "Evacuation" shall mean organised relocation of people and animals from endangered areas and their accommodation in safe places.

21. (new – SG 80/11, in force from 14.10.2011) "Deconcentration" shall mean arranged export of cultural and material valuables from endangered areas and their transfer and safeguarding in secure places.

§ 1a. (new – SG 80/11, in force from 14.10.2011) This Act shall introduce the requirements of Council Directive 2008/114/EC of 8 December 2008 on the identification and designation of European critical infrastructures and the assessment of the need to improve their protection (OJ, L 345/75 of 23 December 2008).

Transitional and concluding provisions

§ 2. In the Ministry of Interior Act (prom. SG 17 of 2006l amend. SG 30 of 2006) the following amendments shall be made:

1. In Art. 97, items 1 and 2 the words "disasters, accidents" shall be deleted.
2. In Art. 110, para 2 the words "and under Art. 37, 38 and 39 of the Crisis Management Act shall be deleted.
