(Text with EEA relevance)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Regulation (EC) No 999/2001 of the European Parliament and of the Council of 22 May 2001 laying down rules for the prevention, control and eradication of certain transmissible spongiform encephalopathies ⁽¹⁾, as last amended by Commission Regulation (EC) No 260/2003 ⁽²⁾, and in particular Article 23 thereof,

Whereas:

- (1) Commission Regulation (EC) No 260/2003, amending Regulation (EC) No 999/2001, introduced new Community rules for eradication following the confirmation of scrapie in a small ruminant holding, based on the opinion of the Scientific Steering Committee (SSC) of 4 and 5 April 2002 on safe sourcing of small ruminant materials. In the interests of consistency with such rules for eradication, the rules for intra-Community trade in breeding sheep were also amended to remove scrapie-related restrictions from trade in sheep of the ARR/ARR prion protein genotype.

- (2) Rules for the import of live ovine and caprine animals should be amended to reflect rules for intra-Community trade.

- (3) Regulation (EC) No 999/2001 should therefore be amended accordingly.

- (4) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,
