

**REGULATION (EC) No 107/2008 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL**

**of 15 January 2008**

**amending Regulation (EC) No 1924/2006 on nutrition and health claims made on foods as regards the implementing powers conferred on the Commission**

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 95 thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Economic and Social Committee <sup>(1)</sup>,

Acting in accordance with the procedure laid down in Article 251 of the Treaty <sup>(2)</sup>,

Whereas:

- (1) Regulation (EC) No 1924/2006 of the European Parliament and of the Council <sup>(3)</sup> provides that the regulatory procedure established by Council Decision 1999/468/EC of 28 June 1999 laying down the procedures for the exercise of implementing powers conferred on the Commission <sup>(4)</sup> is to be applied for the adoption of implementing measures concerning that Regulation.
- (2) Decision 1999/468/EC has been amended by Decision 2006/512/EC, which introduced the regulatory procedure with scrutiny for the adoption of measures of general scope and designed to amend non-essential elements of a basic instrument adopted in accordance with the procedure referred to in Article 251 of the Treaty, *inter alia*, by deleting some of those elements or by supplementing the instrument with new non-essential elements.
- (3) The Commission should be empowered to adopt Community measures concerning the labelling, presentation and advertising of certain foods; to establish derogations from certain provisions of Regulation (EC) No 1924/2006; to establish and update nutrient profiles and the conditions and exemptions under which they can be used; to establish and/or amend lists of nutrition and health claims; and to amend the list of foods in respect of which the making of claims is restricted or prohibited. Since those measures are of general scope and are designed to amend non-essential elements of that Regulation, *inter alia*, by supplementing it with new non-essential elements, they must be adopted in accordance with the regulatory procedure with scrutiny provided for in Article 5a of Decision 1999/468/EC.
- (4) When data protection provisions apply, the authorisation restricted to use by an individual operator should not

prevent other applicants from applying for authorisation to use the same claim.

- (5) Regulation (EC) No 1924/2006 should therefore be amended accordingly,

HAVE ADOPTED THIS REGULATION:

*Article 1*

Regulation (EC) No 1924/2006 is hereby amended as follows:

National provisions may apply until the eventual adoption of Community measures designed to amend non-essential elements of this Regulation, *inter alia*, by supplementing it, in accordance with the regulatory procedure with scrutiny referred to in Article 25(3).’;

The application shall be sent to the national competent authority of a Member State which will forward it to the Commission without delay. The Commission shall adopt and make public the rules for food business operators according to which such applications shall be made, so as to ensure that the application is dealt with transparently and within a reasonable time.’;
