Drug and Food Control Agency as already amended by Decision of the Head of the Drug and Food Control Agency No. HK.00.05.21.4231 of 2004;

**D E C I D E S :**

To stipulate :

REGULATION OF THE HEAD OF THE DRUG AND FOOD CONTROL AGENCY ON AMENDMENT TO REGULATION OF THE HEAD OF THE DRUG AND FOOD CONTROL AGENCY NO. HK.03.1.5.12.11.09955 OF 2011 ON THE REGISTRATION OF PROCESSED FOODS.

**Article I**

Several provisions in Regulation of the Head of the Drug and Food Control Agency No. HK.03.1.5.12.11.09955 of 2011 on the Registration of Processed Foods are amended as follows:

1. Article 1 is amended so that it reads as follows:

**Article 1**

Referred to in this Regulation as :

1. Food is anything which originates from biological sources of agricultural, plantation, forestry, fishery, husbandry, waters and water products, whether or not they are processed, which are designed as food or beverage for human consumption including food additive, food raw material, and other materials which are used in the process of preparing, processing and/or making food or beverage.

2. Processed food is food or beverage which results from a process through a certain way or method with or without food additive, including certain processed food, food additive, genetically engineered food product and irradiation food.
3. Food additive, hereinafter abbreviated into BTP, is a material which is added to food to influence the characteristics and shape of the food.
4. Registration is a procedure of assessing the security, quality and nutrition of processed food to obtain a registration approval.
5. New registration is the registration of processed food which has not received a registration approval.
6. Variation registration is the registration of a change in data of processed food which has received a processed food registration approval without changing food registration number and/or evaluation and registration fees.
7. Repeat registration is the registration of extended validity period of processed food registration approval.
8. Certificate of registration approval is approval of the result of processed food assessment which is issued by the Agency Head within the framework of circulating food.
9. Label is any piece of information on food which comes in the form of picture, text, combination of both, or other form which is

- attached to food, put inside, stuck on or part of food pack.
10. Company is a producer, importer and/or distributor of processed food who has secured a business permit according to the legislation.
  11. Producer is an individual and/or corporate body that makes, processes, alters, preserves, or repacks processed food for circulation.
  12. Importer is an individual and/or corporate body that imports processed food to the Indonesian territory.
  13. Distributor is an individual and/or corporate body that circulates processed food in the Indonesian territory.
  14. Register is a company or party which is given authority by company to register processed food to receive a registration approval.
  15. Licensed processed food is a processed food which is produced based on a license.
  16. Repacked processed food is a processed food which is repacked into processed food in a smaller or larger pack.
  17. Processed food produced based on a contract is a food which is produced by a contract recipient at the request of contract provider.
  18. License provider is a producer or research body which has formula and technology at home or abroad and gives a license to the company which applies for registration.
  19. Contract recipient is a processed food industry which receives a job order for the production of processed food based on a contract and holds an industrial business permit according to the type of processed food which is produced.
  20. Contract provider is an individual and/or corporate body that holds a business permit in the field of food production and uses production facilities of other party based on a contract.
  21. Food registration number is a number which is given to processed food to circulate food contained in the registration approval.
  22. Evaluation and registration fees are fees which are imposed within the framework of evaluating processed food according to the legislation.
  23. Head of Center is the Head of the Center/ Agency of Drug and Food Control in the capacity as head of technical unit at the Drug and Food Control Agency.
  24. Director is the Director of Food Security Evaluation.
  25. Agency Head is the Head of the Drug and Food Control Agency of the Republic of Indonesia.
2. In-between Articles 6 and 7, one new article, namely Article 6A is inserted as follows:
 

Article 6A

The registration of processed foods consists of :

- a. new registration;
- b. variation registration; and
- c. repeat registration.

3. The title of Part Two, Chapter III, Requirements for the Registration of Processed Foods is changed so that it reads as follows:

Part Two
