6. Industry Management Director General is the Director General of Agro and Chemical Industry.

DECIDES:

To stipulate:

REGULATION OF THE MINISTER OF INDUSTRY ON THE INCLUSION OF FOOD TARE LOGO AND RECYCLE CODE ON FOOD CONTAINERS MADE OF PLASTIC.

CHAPTER I

GENERAL PROVISIONS

Article 1

What is meant in this Minister Regulation by:

1. Food is anything originating from biological and water resources, either processed or not, allocated as food or drink for the consumption of man, including supplements of food, food raw material, and other substances used in the process of preparation, processing, and/or producing food or drink.
2. Food container made of plastic, hereinafter referred to as food container, is a substance used to contain and/or wrap food, either in touch directly with the food or not, made of plastic material.
3. Food tare logo, hereinafter referred to as logo, is a sign indicating that a food container is safe to use on food.
4. Recycle code is a sign indicating that a food container may be re-cycled.
5. Minister is the Minister in charge of Industry.

CHAPTER II

INCLUSION OF LOGO AND RECYCLE CODE

Article 2

- (1) Every food container traded domestically, originating from domestic or import production must be included with a logo and recycle code.
- (2) The logo referred to in paragraph (1) consists of elements of food tare sign and/or statement showing that the container is safe to pack food.
- (3) The recycle code referred to in paragraph (1) consists of:
 - a. Indicator of the type of plastic raw material; and
 - b. Indicator that it may be recycled.
- (4) The logo and recycle code referred to in paragraphs (2) and (3) are as stated in the attachment to this Minister Regulation.
- (5) Size of the logo and recycle code referred to in paragraph (1) shall be conformed to the size of food package and it must be visible.

Article 3

- (1) The inclusion of logo and recycle code on food containers as meant in Article 2, shall use Indonesian language clearly and easily understood.
- (2) Inclusion of logo and recycle code on food containers as meant in Article 2 paragraphs (2) and

(3) shall be made as such so that it won't stick off easily from the container, faded or damaged, and shall be placed on easily seen part of a food container.

(3) In a situation where the inclusion of logo and recycle code on food containers is impossible, the inclusion shall be made on a secondary package or a separate manual.

Article 4

Every business performer producing food containers has the obligation to:

- a. provide true information on the type of plastic raw material used for a food container; and
- b. include the logo and recycle code referred to in Article 2 on every food container.

CHAPTER III

MANAGEMENT AND SUPERVISION

Article 5

The Industry Manager Director General has the obligation to exercise management and control on the execution of this Minister Regulation.

Article 6

The management referred to in Article 5 is in the form of socialization to business performers, the public and holders of interest on the use of food containers and related matters there-to.

Article 7

The Industry Manager Director General shall stipulate Technical Performance Guidelines of this Minister Regulation.

Article 8

Business performers committing any violations on provisions of this Minister Regulation shall be imposed to sanctions in accordance with provisions of statutory regulations.

CHAPTER IV

CLOSING PROVISIONS

Article 9

This Minister Regulation commences to come to effect six (6) months from the date of enactment, except for re-used food containers already circulating on the market where it is effective two (2) years from the date of enactment.

For public cognizance, this Minister Regulation shall be announced in the State Gazette of the Republic of Indonesia.
