#### REG 5

5. Notwithstanding Regulation 4 of these Regulations, and without prejudice to the provisions of the European Communities (Introduction of Organisms Harmful to Plants or Plant Products) (Prohibition) Regulations, 1980 to 1994, these Regulations shall not apply to any propagating material or plants referred to in the said Regulation 4, which have been shown to the satisfaction of the Minister to be intended to be exported to a third country which are properly identified as such and which have been kept isolated from other such material or plants prior to such exportation.

#### REG 6

6. (1) Without prejudice to the provisions of Regulation 8, a person shall not market fruit plant propagating material or fruit plants to which these Regulations apply unless the conditions laid down in Annex I of Directive 92/34/EEC, as specified in the Annex to Directive 93/48/EEC, and in Articles 2 to 9 of the said Directive 93/48/EEC have been complied with.

(2) Any person who fails to observe the provisions of paragraph (1) of this Regulation shall be guilty of an offence and shall be liable on summary conviction to a fine not exceeding £1,000.

7. (1) (i) A person shall not engage in the supply of plants or plant material to which these Regulations apply without having prior approval and accreditation from the Minister for this purpose.

(ii) Before granting such accreditation, the Minister shall be satisfied that the supplier has adequate technical, organisational and other facilities necessary to comply with the standards prescribed by these Regulations in relation to all stages of the production and marketing of the relevant material or plants.

(iii) The Minister may from time to time attach conditions to the grant of accreditation including requirements relating to the prescribed standards, laboratory testing, and procedures for the production, storage, packaging, labelling, recording and marketing of the material or plants.

(iv) The conditions in individual cases shall be appropriate to the range and/or volume of activity of the supplier in all or some of the areas of production, packaging, distribution or marketing.

(2) Where the Minister is satisfied that there is no risk of conflict with the general objectives of these Regulations, he may exempt from the requirement of accreditation:—

( a ) certain suppliers whose activity is confined to the supply of small quantities of propagating material and/or fruit plants to non-professional final consumers,

( b ) propagating material or fruit plants which are shown to the satisfaction of the Minister to be intended for trials or scientific purposes or for selection work.

(3) (i) An accreditation shall lapse in the event that the supplier concerned engages in a range of activities other than those for which he has received accreditation.

(ii) The supplier must then apply for a new accreditation related

to the new circumstances.

(4) An accreditation may be revoked by the Minister in the event that the conditions are not being observed.

(5) A person who engages in the supply of plant material or plants to which these Regulations apply, without having either a current accreditation or exemption from the Minister, shall be guilty of an offence and shall be liable on summary conviction to a fine not exceeding £1,000.

#### REG 8

8. The Minister may, where the Commission makes a decision in that regard, authorise the marketing, during a period specified in the decision, of propagating material or fruit plants meeting less stringent requirements than those prescribed in these Regulations.

#### REG 9

9. (1) An authorised person, for the purpose of confirming that these Regulations are being correctly observed, may at all reasonable times—

(2) The varieties quoted shall be,  
— either commonly known, and protected in accordance with legal provisions on the protection of new varieties of plants, or  
— entered on suppliers' lists with their detailed descriptions and denominations.

(3) Each variety shall, as far as possible, be described and bear the same denomination in all Member States.

#### REG 11
