

THE BEES CONTROL ACT

RULES
(under section 14)

THE BEES (TRANSPORTATION) RULES, 1920

*(Made by the Governor in Privy Council on the 2nd day of
November, 1920)*

G.N. 831/20
Amd:
L.N. 277/68

1. These Rules may be cited as the Bees (Transportation) Rules, 1920.
2. The written permission of the Chief Plant Protection Officer for the transportation of the bees shall first be obtained.
3. All bees shall be packed in new hives, and the bottoms of the hives shall be properly jointed and nailed on.
4. The entrances and tops of the hives shall be closed with wire gauze held down by laths. The laths shall be placed over the gauze, and the nails driven through both laths and gauze.
5. The load of hives shall be properly secured.
6. The owner of the bees or his representative shall be present during the transportation.
