

**L.N. 263 of 2007**

**PESTICIDES CONTROL ACT**  
**(CAP. 430)**

**Maximum Residue Levels of Pesticides in Produce of Plant  
Origin (Amendment) (No. 5) Regulations, 2007**

IN exercise of the powers conferred by articles 4 and 5 of the Pesticides Control Act, the Minister for Rural Affairs and the Environment has made the following regulations:-

**1.** (1) The title of these regulations is the Maximum Residue of Pesticides in Produce of Plant Origin (Amendment) (No. 5) Regulations, 2007 and they shall be read and construed as one with Maximum Residue Levels of Pesticides in Produce of Plant Origin Regulations, 2004, hereinafter referred to as “the principal regulations”. Title and scope.  
L.N. 199 of 2004.

(2) The scope of these regulations is to transpose Commission Directives 2007/27/EC, 2007/28/EC, 2007/39/EC and 2006/62/EC amending Council Directive 90/642/EEC.

**2.** (1) In Schedule II to the principal regulations, the lines for *desmedipham*, *phenmedipham* and *chlorfenvinphos* shall be added by Schedule I of these regulations. Amends Schedule II  
to the principal  
regulations.

(2) In Schedule II to the principal regulations, the column for *desmedipham* shall be added by Schedule II of these regulations.

(3) In Schedule II to the principal regulations, the column for *phenmedipham* shall be added by Schedule III of these regulations.

(4) In Schedule II to the principal regulations, the column for *chlorfenvinphos* shall be added by Schedule IV of the regulations.

(5) In Schedule II to the principal regulations, the lines for etoxazole, indoxacarb, MCPA, MCPB, tolyfluanid, mesosulfuron-methyl, triticonazole, 1-methylcyclopropene shall be added by Schedule V of these regulations.

(6) In Schedule II to the principal regulations, the group '2 Vegetables, fresh or uncooked, frozen or dry', heading (v) 'leafy vegetables and fresh herbs', under subheading '(a) Lettuce and similar', the entry 'Leaves and stems of brassica' shall be substituted by 'Leaves and stems of brassica, including turnip greens'.

(7) In Schedule II to the principal regulations the column for *etoxazole*, shall be added by Schedule VI of these regulations.

(8) In Schedule II to the principal regulations the column for *indoxacarb* shall be added by Schedule VII of these regulations.

(9) In Schedule II to the principal regulations the column for *MCPA* and *MCPB* shall be added by Schedule VIII of these regulations.

(10) In Schedule II to the principal regulations the column for *tolyfluanid* shall be added by Schedule VIII of these regulations.

(11) In Schedule II to the principal regulations the column for *mesosulfuron-methyl* shall be added by Schedule X of these regulations.

(12) In Schedule II to the principal regulations the column for *triticonazole* shall be added by Schedule XI of these regulations.

(13) In Schedule II to the principal regulations the column for *1-methylcyclopropene* shall be added by Schedule XII of these regulations.

(14) In Schedule II to the principal regulations the lines for *diazinon* shall be substituted by Schedule XIII of these regulations.

(15) In Schedule II to the principal regulations the column for *azoxystrobin* shall be replaced by Schedule XIV of these regulations.

(16) In Schedule II to the principal regulations the column for *chlorfenapyr* shall be replaced by Schedule XV of these regulations.

(17) In Schedule II to the principal regulations the column for *folpet* shall be replaced by Schedule XVI of these regulations.

(18) In Schedule II to the principal regulations the column for *iprodione* shall be replaced by Schedule XVII of these regulations.

(19) In Schedule II to the principal regulations the column for *lambda-cyhalothrin* shall be replaced by Schedule XVIII of these regulations.

(20) In Schedule II to the principal regulations the column for *maleic hydrazide* shall be replaced by Schedule XVIII of these regulations.

(21) In Schedule II to the principal regulations the column for *metalaxyl* shall be replaced by Schedule XX of these regulations

(22) In Schedule II to the principal regulations the column for *trifloxystrobin* shall be replaced by Schedule XXI of these regulations.

**Schedule I**  
**Regulation 2(1)**

| <b>Pesticide residue</b>                 | <b>Maximum level in mg/kg</b> |
|------------------------------------------|-------------------------------|
| Desmedipham                              | 0,05 (*) (p) cereals          |
| Phenmedipham                             | 0,05 (*) (p) cereals          |
| Chlorfenvinphos (sum of E- and Zisomers) | 0,02 (*) cereals              |

(\*) Indicates lower limit of analytical determination

(p) Indicates that the maximum residue level has been established provisionally in accordance with Article 4(l)(f) of Directive 91/414/EEC

**Schedule II**  
**Regulation 2(2)**

| <b>Groups and examples of individual products to which the MRLs would apply</b>                    | <b>Desmedipham</b> |
|----------------------------------------------------------------------------------------------------|--------------------|
| <b>1. Fruit, fresh, dried or uncooked, preserved by freezing, not containing added sugar; nuts</b> | 0,05 (*) (p)       |
| (i) CITRUS FRUIT                                                                                   |                    |
| Grape fruit                                                                                        |                    |
| Lemons                                                                                             |                    |
| Limes                                                                                              |                    |
| Mandarins (including clementines and other hybrids)                                                |                    |
| Oranges                                                                                            |                    |
| Pomelos                                                                                            |                    |
| Others                                                                                             |                    |
| (ii) TREE NUTS (SHELLED OR UNSHELLED)                                                              |                    |

|                                                     |  |
|-----------------------------------------------------|--|
| Almonds                                             |  |
| Brazil nuts                                         |  |
| Cashew nuts                                         |  |
| Chestnuts                                           |  |
| Coconuts                                            |  |
| Hazelnuts                                           |  |
| Macadamia                                           |  |
| Pecans                                              |  |
| Pine nuts                                           |  |
| Pistachios                                          |  |
| Walnuts                                             |  |
| Others                                              |  |
| (iii) POME FRUIT                                    |  |
| Apples                                              |  |
| Pears                                               |  |
| Quinces                                             |  |
| Others                                              |  |
| (iv) STONE FRUIT                                    |  |
| Apricots                                            |  |
| Cherries                                            |  |
| Peaches (including nectarines and similar hybrids)  |  |
| Plums                                               |  |
| Others                                              |  |
| (v) BERRIES AND SMALL FRUIT                         |  |
| (a) Table and wine grapes                           |  |
| Table grapes                                        |  |
| Wine grapes                                         |  |
| (b) Strawberries (other than wild)                  |  |
| (c) Cane fruit (other than wild)                    |  |
| Blackberries                                        |  |
| Dewberries                                          |  |
| Loganberries                                        |  |
| Raspberries                                         |  |
| Others                                              |  |
| (d) Other small fruit and berries (other than wild) |  |
| Bilberries                                          |  |
| Cranberries                                         |  |
| Currants (red, black and white)                     |  |
| Gooseberries                                        |  |
| Others                                              |  |

|                                                        |              |
|--------------------------------------------------------|--------------|
| (e) Wild berries and wild fruit                        |              |
| (vi) MISCELLANEOUS                                     |              |
| Avocados                                               |              |
| Bananas                                                |              |
| Dates                                                  |              |
| Figs                                                   |              |
| Kiwi                                                   |              |
| Kumquats                                               |              |
| Litchis                                                |              |
| Mangoes                                                |              |
| Olives (table consumption)                             |              |
| Olives (oil extraction)                                |              |
| Papaya                                                 |              |
| Passion fruit                                          |              |
| Pineapples                                             |              |
| Pomegranate                                            |              |
| Others                                                 |              |
| <b>2. Vegetables, fresh or uncooked, frozen or dry</b> | 0,05 (*) (p) |
