- (5) To avoid doubt, partial protection of a protected area may relate to any matter, including the following:
 - (a) access to the area; and
 - (b) activities that may or may not be carried out in the area, including activities relating to killing or taking any thing from the area; and

- (1) For the purposes of safeguarding Niue’s environment, Cabinet may prescribe, –
 - (a) of its own volition, a species or subspecies of plant as a protected species:

 - (a) any relevant environmental standard will not be contravened by the giving of his or her consent or the granting of his or her permission; or
 - (b) the person to whom the consent or permission is given or granted will comply with the environmental standard.
- (4) To avoid doubt, complying with this Act in relation to an activity does not limit or affect the need to comply with any obligation imposed by any other enactment in relation to that activity (for example, a building consent, water extraction licence, or timber cutting licence).

“(ii) the maximum penalty specified in the section of this Act that creates the offence (in the case of an offence against this Act that is declared to be an infringement offence).”

59 Consequential amendments to Territorial Sea and Exclusive Economic Zone Act 1996

(1) This section amends the Territorial Sea and Exclusive Economic Zone Act 1996.

Section 2(1) is amended by inserting their appropriate alphabetical order:

“**infringement notice** means a notice alleging the commission of an infringement offence

“**infringement offence** means an offence against this Act or regulations made under this Act that is classified as an infringement offence by regulations made under this Act.”

The heading to Part 10 is amended by inserting “AND INFRINGEMENT OFFENCES” after “LIABILITY”.

The following section is inserted after section 59—

“59A Infringement offences

“(1) If a person is alleged to have committed an infringement offence, the person may —

“(a) be proceeded against in the normal manner by the laying of an information against the person; or

“(b) be served with an infringement notice by a constable delivering it or a copy of it personally to the person’s last known place of residence or business.

“(2) An infringement notice must be in the prescribed form and must state —

“(a) details of the alleged infringement offence that are sufficient to fairly inform the person of the time, place, and nature of the alleged offence; and

“(b) the amount of the infringement fee; and

“(c) an address at which the infringement fee may be paid; and

- “(d) the time within which the infringement fee must be paid; and
 - “(e) that the person has a right to request a hearing; and
 - “(f) what will happen if the person does not pay the fee and does not request a hearing; and
 - “(g) any other prescribed information.
- “(2) If the person pays the infringement fee within the period stated in the infringement notice, –
- “(a) no further action may be taken against the person; and
 - “(b) no conviction may be entered against the person for the offence.
- “(4) If the person does not pay the infringement fee or request a hearing within the period stated in the infringement notice, the Director must serve the person with a reminder notice in the prescribed form that contains the same or substantially the same particulars as the infringement notice.
- “(5) If the person does not pay the infringement fee or request a hearing within the period stated in the reminder notice, proceedings may be commenced against the person by filing the reminder notice with the Court and, for that purpose, –
- “(a) the reminder notice must be treated as the information for the infringement offence; and
 - “(b) the Court is deemed to have made an order, on the date that the reminder notice is filed, that the defendant pay a fine equal to the amount of the infringement fee together with costs in the prescribed amount, but no conviction is entered against the person.
- “(6) A person requests a hearing by providing to the Director, within the period specified in the infringement notice or reminder notice, as the case may be, a notice, signed by the person, requesting a hearing and accepting or rejecting liability and, if accepting liability, the reasons, if any, why the Court should impose a lesser fine than the infringement fee for the offence.
- “(7) A person found guilty at a hearing held for the purposes of subsection (6) is liable to a fine equal to the amount of the

infringement fee (unless the Court imposes a lesser amount) together with costs in the prescribed amount, but no conviction is entered against the person.

- “(8) To avoid doubt, if a person commits an infringement offence and proceedings against the person are taken in the normal manner under subsection (1)(a), the person is liable to pay not the infringement fee but the amount that the Court determines in accordance with the relevant penalty provision in this Act that applies when proceedings are taken in the normal manner under subsection (1)(a). However, no conviction may be entered against the person.”

Section 60 is amended by inserting the following subsection after subsection (2) –

- “(3) The regulations may also, without limitation, –
- “(a) prescribe fees or charges for the purposes of this Act, or a means by which fees or charges for the purposes of this Act may be calculated or ascertained:
 - “(b) create offences for contravention of the regulations and prescribe penalties not exceeding 5 penalty units for such offences:
 - “(c) declare which offences against this Act or regulations made under this Act constitute infringement offences:
 - “(d) prescribe infringement fees for infringement offences (which may be different fees for different offences, including different fees for a first, second, or subsequent offence) not exceeding the lesser of the following –
 - “(i) 5 penalty units; or
 - “(ii) the maximum penalty specified in the section of this Act that creates the offence (in the case of an offence against this Act that is declared to be an infringement offence).”
