Pursuant to section 60(1) and (2)(w)(v), and (x) of the Territorial Sea and Exclusive Economic Zone Act 1996, Cabinet makes the following regulations –

- 1 Title**
These regulations are the Whale Watching Regulations 2016.
- 2 Commencement**
These regulations come into force on the day after the date on which these regulations are made in accordance with Article 13 of the Constitution.
- 3 Interpretation**
 - (1) In these regulations, unless the context otherwise requires, –
 - Act** means the Territorial Sea and Exclusive Economic Zone Act 1996
 - aircraft** includes any drone that operates in the air
 - approved guide** means a person approved by the Director as being sufficiently qualified and experienced to direct and supervise swimming encounters
 - Caution Zone** means the area marked Caution Zone in Schedule 1
 - commercial operation** means an operation –
 - (a) carried out for hire or reward in any form; and
 - (b) in which people are transported, conveyed, conducted, or guided with a purpose to enable them to view or come into contact with marine mammals
 - Director** means the Director for the Department of Agriculture, Forestry and Fisheries

dolphin—

- (a) means all species commonly known as dolphins, including spinner dolphins, common dolphins, and bottlenose dolphins; but
- (b) does not include the species known as killer whales or pilot whales

fono means a traditional Niuean custom prohibition applicable during a particular fishing season or fishing area

harass, in relation to a marine mammal, means any act that—

- (a) causes or is likely to cause injury or distress to a marine mammal; or
- (b) disrupts significantly or is likely to disrupt significantly the normal behavioural patterns of a marine mammal

licence means a whale watching licence issued under regulation 24

licensed operator means a person who holds a licence or permit

marine mammal means any whale or dolphin

NCT means Niue consumption tax

permit means a special interaction permit issued under regulation 27

relevant staff member, in relation to operations under a licence or a permit, means—

- (a) the operator of the vessel or aircraft; and
- (b) any guide who will be in the water

swimming encounters means any in water activity (for example, swimming, snorkelling, or free diving) that is conducted for the purpose of enabling a person to view or come into contact with a marine mammal

vessel means any boat, ship, or other water-going craft propelled by any means, except for any traditional canoe or vaka, and includes any drone that operates underwater or on the surface of the sea

whale means all species commonly known as whales, and includes baleen whales, sperm whales, beaked whales, killer whales, and pilot whales

whale watching has the meaning given in regulation 5

whale watching season means the period beginning on 1 June and ending with the close of 31 October in any year.

- (2) In these regulations, unless the context otherwise requires, terms not defined in these regulations but defined in the Act or the Whale Sanctuary Regulations 2003 have the meanings given by the Act or those other regulations.

4 Application

- (1) These regulations apply throughout Niue and Niue fishery waters.

- (2) These regulations do not apply to a fishing vessel while it is engaged in fishing unless the vessel –
- (a) is also engaged in a commercial operation; or
 - (b) deviates off course to engage in recreational viewing of marine mammals.

Part 1

Whale watching and interactions with marine mammals

5 Whale watching defined

In these regulations, **whale watching** –

- (a) means being transported, conveyed, conducted, or guided in a vessel or aircraft with a purpose to view or come into contact with marine mammals; and
- (b) includes any swimming encounters; but
- (c) does not include any viewing of a marine mammal from land.

6 Interactions with marine mammals

- (1) No person may interact with a marine mammal except in accordance with these regulations.
- (2) No person may touch a marine mammal unless authorised under a permit.

7 No person may disturb marine mammals

- (1) No person or vessel may disturb or harass any marine mammal.
- (2) A person or vessel must immediately abandon contact with a marine mammal if the mammal becomes or shows signs of becoming disturbed or alarmed, for example, if the mammal exhibits prolonged diving or evasive swimming patterns, or rapidly changes direction or speed, or exhibits peduncle tail throwing behaviour.

8 No person may separate marine mammals

No person or vessel may cause a marine mammal to be separated from a group of marine mammals or cause any members of the group to be scattered.

9 No whale watching on Sundays

Whale watching as defined in regulation 5 is prohibited on Sundays.

10 Cutting off path of marine mammals prohibited

No person, vehicle, or vessel may cut off the path of a marine mammal or prevent a marine mammal from leaving the vicinity.

11 No feeding, food, or rubbish near marine mammals

- (1) No person may feed or attempt to feed a marine mammal.

- (2) No person may throw food or rubbish at, or cause food or rubbish to be near or around, a marine mammal.

12 Operation of vessels

- (1) A person who operates a vessel—
- (a) must use his or her best endeavours to operate the vessel so as not to disrupt the normal movement or behaviour of a marine mammal;
 - (b) must not make any sudden or repeated change in the speed or direction of the vessel except in an emergency.
- (2) If a vessel stops to enable the passengers to watch a marine mammal, the person operating the vessel must ensure that the engine is placed in neutral.
- (3) If a vessel is less than 200 metres from a marine mammal, the person operating the vessel must, subject to subclause (4), use his or her best endeavours to move the vessel at idle or no wake speed.
- (4) If a vessel is departing from the vicinity of a marine mammal,—
- (a) the person operating the vessel must proceed slowly at idle or no wake speed until the vessel is at least 200 metres from the nearest marine mammal; but
 - (b) in the case of a dolphin, the vessel may interact with the dolphin in any way that the vessel is permitted to interact with a whale, except that, when a dolphin approaches to bowride, the vessel must maintain its speed and direction.

13 Operation of aircraft

- A person who operates an aircraft—
- (a) must not make any sudden or repeated change in the speed or direction of the aircraft except in the case of an emergency;
 - (b) must not fly the aircraft below 150 metres above sea level, unless taking off or landing;
 - (c) must use his or her best endeavours to operate the aircraft in such a manner that, without compromising safety, the aircraft's shadow is not imposed directly on any marine mammal;
 - (d) must ensure, when operating at an altitude of less than 600 metres above sea level, that the aircraft is not—
 - (i) closer than 150 metres horizontally from a point directly above a marine mammal; or
 - (ii) closer than a distance approved by the Director, by public notice, based on the best available scientific evidence.

14 Whales

- (1) No person may make any loud or disturbing noise near whales.
- (2) A vessel—

WHALE WATCHING REGULATIONS 2016

- (a) may approach a whale only from a direction that is parallel to the whale and slightly to the rear of the whale; and
 - (b) must not approach within 50 metres of a whale, unless authorised by the Director.
- (3) No person or vessel may approach within 100 metres of any female baleen or sperm whale that is accompanied by a calf.
- (4) If a whale approaches a vessel, the master of the vessel must, wherever practical, –
- (a) manoeuvre the vessel so as to keep out of the path of the whale; and
 - (b) maintain a minimum distance of 50 metres from the whale.
- (5) No vessel or aircraft may approach within 300 metres of any whale for the purpose of enabling passengers to watch the whale, if the number of vessels or aircraft, or both, already positioned to enable passengers to watch the whale is 3 or more.
- (6) If 2 or more vessels or aircraft approach an unaccompanied whale, the masters concerned must co-ordinate their approach and manoeuvres, and the pilots concerned must co-ordinate their approach and manoeuvres.

15 Swimming encounters

- (1) This regulation applies to any operators when approaching marine mammals for swimming encounters and to any nearby vessels.
- (2) No more than 2 vessels may be in the Caution Zone at any one time.
- (3) Only 1 vessel at a time may conduct swimming encounters.
- (4) No more than 6 people plus the guide per vessel may swim with any one group of marine mammals at a time.
- (5) All swim-with operations must be accompanied by an approved guide while in the water and on the attending vessel.
- (6) Other vessels must keep at least 100 metres from the swimmers' vessel.
- (7) Vessels must –
- (a) slow to a no wake speed of 4 knots within a 200 metre Caution Zone; and
 - (b) not exceed 30 minutes when there are 2 boats, and 1 hour if there is 1 boat, conducting a swimming encounter with any one group of marine mammals; and
 - (c) take extra care when observing pods of marine mammals containing calves; and
 - (d) not approach marine mammals from directly behind or head-on in the area marked as the Exclusion Zone in Schedule 1.

16 Swimmers and vessels

- (1) A swimmer must not interact with a whale unless the interaction is –

- (a) authorised under a licence or permit; and
 - (b) supervised at all times by an approved guide in the water.
- (2) A swimmer must not—
- (a) approach a whale closer than 20 metres; or
 - (b) free dive towards the whale.
- (3) If a marine mammal approaches a swimmer, the swimmer—
- (a) must remain still or move away slowly to avoid startling it; and
 - (b) must not try to touch it, free dive, or swim toward it.
- (4) A swimmer or vessel must not approach within 100 metres of any whale that is accompanied by a calf that—
- (a) is light grey or silver in colour; and
 - (b) has a foetal fold in the dorsal fin.
- (5) No person may use SCUBA for swimming with whales.
- 17 Use of flash or artificial light source prohibited**
No person may use a flash or any form of artificial light source for whale watching.
- 18 No whale watching in places where traditional fishing or fono observed**
No person may do or facilitate whale watching in any place where—
- (a) traditional fishing is carried out on a vaka; or
 - (b) fono is observed.
- 19 Prohibited items for whale watching**
The following items must not be used for whale watching:
- (a) motorised water craft such as jet skis, motorised swimming aids, and vessel tenders (dinghies);
 - (b) unmotorised water craft such as kayaks and paddleboards.

Part 2

Licences and permits

Whale watching licence

20 Whale watching licence required for commercial operations or interactions with whales

- (1) No person may carry out a commercial operation unless the person holds a licence (*see* regulation 24).
- (2) No vessel may interact with any whale unless the interaction is authorised under a licence (*see* regulation 24).

21 Maximum number of whale watching licences for commercial operations

- (1) The Director may, by public notice, state the maximum number of licences that will be issued each year.
- (2) Any notice under subclause (1) must be published at the commencement of the whale watching season.

22 Application for whale watching licence

An application for a licence must—

- (a) be made in writing to the Director in form 1 of Schedule 2; and
- (b) be accompanied by the appropriate fee in Schedule 3; and
- (c) provide the information required under regulation 23.

23 Required information

An applicant for a licence or permit must provide the following details:

- (a) the name of the applicant and of each relevant staff member:
- (b) the proposed base of the operation:
- (c) the type of vessel or aircraft to be used in the operation:
- (d) the proposed area of operation, including a map showing the boundaries of the proposed area and, where appropriate, the locations where contact with marine mammals is proposed:
- (e) the maximum number of licensed vessels or aircraft that the operator proposes to use at any one time:
- (f) the duration of the trips proposed:
- (g) the frequency of the trips proposed:
- (h) the nature and extent of any interaction proposed with any marine mammal:
- (i) the maximum number of passengers to be taken at any one time:
- (j) the species of marine mammals with which the operation will have contact, and the kind of contact proposed (in relation to each species):
- (k) in relation to the applicant and each relevant staff member, details of—
 - (i) experience with marine mammals:
 - (ii) knowledge of the local area and sea conditions:
 - (iii) any convictions for an offence relating to mistreatment of animals or marine life:
- (l) details of any educational material or educational aspects of the proposed operation:
- (m) any other information the Director may reasonably require for the purpose of dealing with the application.

24 Whale watching licence

- (1) The Director may issue a whale watching licence if he or she is satisfied that—
- (a) the commercial operation will not have or is not likely to have any adverse effect on the conservation, protection, or management of marine mammals; and
 - (b) the commercial operation is not contrary to the purposes and provisions of the Whale Sanctuary Regulations 2003; and
 - (c) the applicant and each relevant staff member has sufficient knowledge of the local area and of sea and weather conditions; and
 - (d) neither the applicant nor any relevant staff member has been convicted of any offence involving the mistreatment of animals or marine life; and
 - (e) the proposed operator and any crew who may come into contact with marine mammals have undergone a mandatory training session approved by the Director; and
 - (f) the applicant has paid the appropriate prescribed fee in Schedule 3.
- (2) The Director may impose any additional conditions on the licence.
- (3) The licence must specify—
- (a) the type of vessel or aircraft to be used by the operator; and
 - (b) the names and position of each relevant staff member; and
 - (c) the area of operation to which it relates; and
 - (d) that the vessel or aircraft is licensed to operate and the operator must meet the statutory requirements relating to vessel or aircraft safety and qualifications and experience of operators.
- (4) A licence may be issued in respect of 1 vessel or aircraft only, but an operator may hold more than 1 licence at any time.
- (5) A licence is not transferable.

25 Compliance with regulation 8 of Domestic Fishing Regulations 1996

All vessels engaged in commercial operations must comply with regulation 8 of the Domestic Fishing Regulations 1996.

Swimming encounter requirements

26 Requirements for swimming encounters

The operator of a commercial operation that conducts swimming encounters must ensure that at each swimming encounter—

- (a) there is a relevant staff member or crew member (including the master of the vessel) present who is certified to an appropriate level of first aid and CPR; and

- (b) there are a sufficient number of flotation devices for swimmer safety; and
- (c) the operator has paid the appropriate prescribed fee in Schedule 3.

Special interaction permit

27 Special interaction permit

- (1) The Director may, on application, grant a special interaction permit that authorises interaction with marine mammals or a species of marine mammals for 1 or more of the following purposes:
 - (a) educational purposes;
 - (b) scientific research approved under the Act;
 - (c) photography (still and film).
- (2) An application for a permit must—
 - (a) be made to the Director in writing in form 1 of Schedule 2, unless the Director in his or her discretion decides that a form is not required; and
 - (b) be accompanied by the appropriate prescribed fees in Schedule 3 for the application and the permit; and
 - (c) contain the information required under regulation 23.
- (3) The Director may grant the permit if the Director is satisfied that—
 - (a) the proposed interaction with marine mammals will be conducted under the guidance and supervision of an approved guide; and
 - (b) the proposed interaction will not or is not likely to have any adverse effect on the conservation, protection, or management of marine mammals; and
 - (c) the proposed interaction is not contrary to the purposes and provisions of the Whale Sanctuary Regulations 2003; and
 - (d) the applicant and each relevant staff member has sufficient knowledge of the local area and of sea and weather conditions; and
 - (e) neither the applicant nor any relevant staff member has been convicted of any offence involving the mistreatment of animals or marine life.
- (4) The Director must specify the period during which the permit remains in force and may impose any conditions on the permit.
- (5) A permit must be in form 3 of Schedule 2.
- (6) A permit is not transferable.

Duration of licence

28 Duration of licence

- (1) A licence remains in force for 1 year after the date the licence is issued.
- (2) An application to renew the licence must be made at least 1 month before the licence expires.

Revocation, suspension, or restriction of licence or permit

29 Revocation, suspension, or restriction of licence or permit

- (1) The Director may at any time suspend or revoke any licence or permit, or restrict the operation authorised by the licence or permit if the holder of the licence or permit—
 - (a) is convicted of any offence under the Whale Sanctuary Regulations 2003; or
 - (b) contravenes or fails to comply with any condition of the licence or permit; or
 - (c) carries out a commercial operation without appropriately qualified crew; or
 - (d) contravenes or fails to comply with these regulations.
- (2) If the Director conducts an investigation because he or she reasonably suspects that the holder of a licence or permit has committed any act referred to in subclause (1)(b) to (d), the Director may, pending the outcome of the investigation, suspend the licence or permit or restrict the operation authorised by the licence or permit.

Part 3

Miscellaneous provisions

Offences

30 Offences and penalties

- (1) A person commits an offence who knowingly contravenes or fails to comply with these regulations or a reasonable direction of the Minister, the Director, or an authorised officer given under these regulations.
- (2) A person who commits an offence under subclause (1) is liable on conviction,—
 - (a) in the case of an individual, to a fine not exceeding 2 500 penalty units, or to imprisonment for a term not exceeding 12 months, or both; or
 - (b) in any other case, to a fine not exceeding 2 500 penalty units.

Data collection

31 Director may require operators to provide data

The Director may require any operator who holds a licence or permit to provide to the Director any data relating to the activities under the licence or permit that the Director may reasonably require.

Transitional and savings provision

32 Transitional and savings provision

Any licence, authorisation, or permit to operate or carry out any activity related to whale watching under any arrangement entered into with the Crown before the commencement of these regulations ceases to have effect on the expiry of—

- (a) 2 months after the date of that commencement; or
- (b) a later date specified by the Director by public notice.

**SUMMARY OF CONDITIONS OF WHALE WATCHING LICENCE AND SPECIAL
INTERACTION PERMIT**

1. A licensed operator must comply with the requirements of the Whale Watching Regulations 2015. In summary, the effect of those regulations is that the operator—
 - a. must not disturb or harass marine mammals; and
 - b. must abandon contact with a marine mammal if the mammal becomes or shows signs of becoming disturbed or alarmed; and
 - c. must not cause a marine mammal to be separated from a group of marine mammals, or cause a group to be scattered; and
 - d. must not cut off the path of a marine mammal; and
 - e. must not feed marine mammals or cause food or rubbish to be near or around marine mammals; and
 - f. must ensure that relevant staff members are familiar with the exclusion zone and must observe and comply with the zone at all times; and
 - g. must not use or allow to be used any unmotorised water craft such as kayaks and paddleboards; and
 - h. must not use or allow to be used motorised water craft such as jet skis, motorised swimming aids, and vessel tenders.
2. The licensed operator must ensure swimmers are under the supervision of an approved guide. The licensed operator must ensure that swimmers comply with the Whale Watching Regulations 2015.
3. It is the sole responsibility of the licensed operator to ensure the safety of people whale watching under its supervision.
4. Each guide for the licensed operator must be approved before conducting whale watching.
5. Staff operating the vessels or aircraft for the licensed operator must only use vessels or aircraft listed and authorised under the licence or permit.
6. The licensed operator must, after every trip, provide a report to the Director on the activities undertaken, the number of people whale watching, and the number of marine mammals sighted.
7. The licensed operator must comply with the vessel safety equipment requirements under regulation 8 of the Domestic Fishing Regulations 1996.
8. The licence is subject to the laws of Niue.

Failure to comply with these conditions, the Whale Watching Regulations 2015, and other laws of Niue may result in the licence or permit being revoked or suspended, or the restriction of the operation carried on under the licence or permit.
