"Cost recovery

"81 Principles of cost recovery

"(1) The Minister and the Director-General must take all reasonable steps to ensure that the direct and indirect costs of administering this Act that are not provided for by money appropriated by Parliament for the purpose are recovered under this section and sections 81A to 83 (referred to in this section and those sections as the cost recovery sections), whether by way of fees, levies, or otherwise.

"(2) In determining the most appropriate method of cost recovery under section 81A, and its level, in any particular case or class of cases of agricultural compound, business, person, or other matter, the Minister and Director-General must have regard, as far as is reasonably practicable, to the following criteria:

"(a) equity, in that funding for a particular function, power, or service, or a particular class of function, powers, or services, should generally, and to the extent practicable, be sourced from the users or beneficiaries of the relevant function, power, or service at a level commensurate with their use or benefit from the function, power, or service:

"(b) efficiency, in that costs should generally be allocated and recovered in order to ensure that maximum benefits are delivered at minimum cost:

"(c) justifiability, in that costs should be collected only to meet the reasonable costs (including indirect costs) for the provision or exercise of the relevant function, power, or service:

"(d) transparency, in that costs should be identified and allocated as closely as practicable in relation to tangible service provision for the recovery period in which the service is provided.

"(3) Costs should not be recovered under the cost recovery sections unless there has been appropriate consultation with affected parties and relevant industry organisations in accordance with section 78, and the parties involved have been given sufficient time and information to make an informed contribution.

"(4) Nothing in subsection (3) or section 78 or 81C requires consultation in relation to specific fees or charges, or the specific levels of fees or charges, so long as the fees or charges set are reasonably within the purview of any general consultation or any consultation carried out for the purposes of section 78, and a failure to comply with subsection (3) does not affect the validity of any regulations made for the purposes of these cost recovery sections.

"(5) Nothing in this section requires a strict apportionment of the costs to be recovered for a particular function or service based on usage; and, without

limiting the way in which fees or charges may be set, a fee or charge may be set at a level or in a way that---

"(a) is determined by calculations that involve an averaging of costs or potential costs:

"(b) takes into account costs or potential costs of services that are not directly to be provided to the person who pays the fee or charge but which are an indirect or potential cost arising from the delivery of the service in question to a class of persons or all persons who use the service.

"81A Methods of cost recovery
The methods by which costs may be recovered under the cost recovery sections are as follows:

"(a) fixed fees or charges:

"(b) fees or charges based on a scale or formula or at a rate determined on an hourly or other unit basis:

"(c) use of a formula or other method of calculation for fixing fees and charges:

"(d) the recovery by way of fee or charge of actual and reasonable costs expended in, or associated with, the performance of a service or function:

"(e) estimated fees or charges, or fees or charges based on estimated costs, paid before the provision of the service or function, followed by reconciliation and an appropriate further payment or refund after provision of the service or function:

"(f) refundable or non-refundable deposits paid before provision of the service or performance of the function:

"(g) fees or charges imposed on users of services or third parties:

"(h) levies:

"(i) any combination of the above.

"81B Cost recovery to relate generally to financial year

"(1) Except as provided in subsection (2), any regulations under the cost recovery sections that set a fee, charge, or levy that applies in any financial year---

"(a) must have been made before the start of that financial year; but

"(b) except as the regulations may otherwise provide, apply in that year and all subsequent years until revoked or replaced.

"(2) Subsection (1) does not prevent the alteration or setting during any financial year of a fee, charge, or levy payable in that year if either---

"(a) the fee, charge, or levy is reduced, removed, or restated without

substantive alteration; or

"(b) in the case of an increase or a new fee, charge, or levy,---

"(i) appropriate consultation in accordance with section 78 has been carried out with persons or representatives of persons substantially affected by the alteration or setting; and

"(ii) the Minister is satisfied that those persons, or their representatives, agree or do not substantially disagree with the alteration or setting.

"(3) Subsection (1) does not prevent the amendment of any regulation setting a fee, charge, or levy if any substantive alteration effected by the amendment is for the purpose of correcting an error.

"(4) Recovery may be made in any financial year of any shortfall in cost recovery for any of the preceding 4 financial years, and allowance may be made for any over-recovery of costs in those years (including any estimated shortfall or over-recovery for the immediately preceding financial year).

"81C Three-yearly review of cost recovery

"(1) The Minister must cause to be reviewed, at least once in every 3-year period occurring since the original setting of, or latest change to, the levels and methods of cost recovery in relation to any class of agricultural compound, business, person, or other matter, the levels and methods of cost recovery in the relevant area that are likely to be appropriate for the following financial year or years.

"(2) The Minister must ensure that appropriate consultation in accordance with section 78 takes place in relation to any such review.

"(3) A review may make provision for recovery in any relevant financial year of any shortfall in cost recovery for any of the preceding 4 financial years, or make allowance for any over-recovery of costs in those years (including any estimated shortfall or over-recovery for the immediately preceding financial year).

"(4) Subsection (1) does not require all areas of cost recovery to be reviewed at the same time, nor does it impose any time limit on the making of regulations to implement the results of a review.

"81D Fees and charges to be prescribed by regulations

"(1) Regulations may be made under this Act, on the recommendation of the Minister, prescribing fees and charges for the purposes of this Act.

"(2) The fees and charges may be prescribed using any 1 or more of the methods specified in section 81A, or any combination of those methods.

"(3) Different fees and charges, or different rates or types of fee or charge, may be prescribed in respect of different classes or descriptions of agricultural compound, persons or businesses, operations, or other matters, or any combination of them.

"(4) Without limiting subsection (3), the fees and charges prescribed may---

"(a) differ depending on whether or not a special or urgent service is provided:

"(b) include more than 1 level of fee or charge for the same service provided in different ways, or provided in or in respect of different places:

"(c) differ for otherwise similar services provided in different ways:

"(d) differ for otherwise similar services provided to different categories of person:

"(e) differ depending on the amount of service required or the components of the service required for the particular person or class of person.

"(5) Where regulations prescribe a formula for determining a fee or charge, the formula may specify the value of 1 or more of its components as being an amount or amounts notified for these components by the Director-General by notice in the Gazette.

"(6) The Minister may not recommend the making of regulations under this section unless satisfied that, to the extent appropriate in the circumstances, the requirements of sections 81 and 81B have been met.

"81E Regulations may impose levies

"(1) Regulations may be made under this Act, on the recommendation of the Minister, prescribing levies for the purposes of this Act.

"(2) Different levies or rates of levy or bases on which an amount of levy is to be calculated or ascertained may be prescribed for different purposes, and different levies or rates of levy or bases for calculation may be set for different classes or descriptions of agricultural compound, persons or businesses, operations, or other matters, or any combination of them.

"(3) Without limiting the generality of subsection (1), regulations imposing levies may---

"(a) specify when and how any levy is to be paid:

"(b) require that any levy, or estimated amount of levy, be paid in advance of performance of the services or functions to which it relates:

"(c) specify persons, other than persons primarily responsible for paying the levy, who are to be responsible for collecting a levy, and provide for retention of any part of the levy money collected as a fee for that service:

"(d) require, or empower the Director-General to require, the provision of information and returns in relation to levies:

"(e) require the keeping of separate trust accounts for levy money received or deducted by persons responsible for collecting levies, and prescribe matters in relation to those trust accounts:

"(f) prescribe a method of arbitration or mediation in the case of disputes as to---

"(i) whether or not any person is required to pay, or collect, the levy concerned; or

"(ii) the amount of levy any person is required to pay or collect:

"(g) provide for related matters, including procedures and remuneration for arbitrators or mediators.

"(4) The Minister may not recommend the making of regulations under this section unless satisfied that, to the extent appropriate in the circumstances, the requirements of sections 81 and 81B have been met.

"81F Trust accounts required to be kept by persons collecting levies

"(1) If regulations made under section 81E require the operation of a trust account for any levy money by the person responsible for collecting the levy,---

"(a) any amount held in such an account that is due to be paid to the Director-General by the levy collector is to be treated as levy money held on trust for the Director-General; and

"(b) any amount so held on trust is not available for the payment of any creditor (other than the Director-General) of the levy collector, and is not liable to be attached or taken in execution at the instance of any such creditor; and

"(c) a person who ceases to be a person responsible for collecting a levy must continue to maintain the trust account until all the levy money payable to the Director-General in respect of the period during which the person was responsible for collecting the levy has been paid.

"(2) Nothing in subsection (1)(c) affects any obligation or liability under this Act of any other person who has become responsible for collecting the levy concerned.

"81G Other charges not requiring to be prescribed

"(1) Nothing in the cost recovery sections or in any other provision of this Act prevents the Director-General from requiring a reasonable charge to be paid for any of the services the Ministry provides in relation to the administration of this Act, or any actual and reasonable expenses incurred in providing the services, other than services in respect of which a fee or charge or levy is prescribed under these cost recovery sections.

"(2) Without limiting subsection (1), and for the avoidance of doubt, the Director-General may---

"(1) Regulations made under this Act may provide for exemptions from, or waivers or refunds of, any fee, levy, or charge payable under this Act, in whole or in part, in any particular case or class of case.

"(2) Any such regulations may authorise the Director-General to grant an exemption, waiver, or refund in any particular case or class of case.

"81I Fees, levies, and charges to constitute debt due to Director-General
Any fee, levy, or charge that has become payable is a debt due to the Director-General, and is recoverable as a debt by the Director-General in any court of competent jurisdiction. Until paid in full, it remains a debt due to the Crown.

"81J Penalties for failure to pay fee, levy, or charge

"(1) If a person has failed to pay to the Director-General by the due date any fee, levy, or charge payable under this Act,---

"(a) section 14 of the Ministries of Agriculture and Forestry (Restructuring) Act 1997 applies to increase the amount payable; and

"(c) section 16 of that Act applies to allow the Director-General to withdraw, or refuse to provide the person in default with, any service of the kind to which the debt relates.

"(2) For the purposes of subsection (1)(c) of this section and section 16 of the Ministries of Agriculture and Forestry (Restructuring) Act 1997, and without limiting the generality of that section 16, the references in those provisions to the withdrawal or refusal to provide any service are to be

treated as also authorising the Director-General, in an appropriate case, to---

"(a) withhold or suspend any registration or approval under this Act, or refuse to perform any function under this Act in relation to the person in default:

"(b) withhold any certificate of compliance.

"(3) Where any registration or approval is suspended under subsection (2)(a), no person may import, manufacture, or sell a trade name product or agricultural compound under the authority of that registration or approval.

"(4) Where the withholding, withdrawal, or suspension of any approval or registration under this section requires the Director-General to provide any further service, or perform any further function involved in the withholding, withdrawal, or suspension, the Director-General may recover any reasonable amount for the additional service, function, or costs as a debt due from the person in default.

"81K Obligation to pay fee, levy, or charge not suspended by dispute
The obligation of a person to pay any fee, levy, or charge under this Act (including any penalty referred to in section 81J), and the right of the Director-General to receive and recover the fee, levy, charge, or penalty, are not suspended by any dispute between the person and the Director-General regarding the person's liability to pay the fee, levy, or charge, or the amount of the fee, levy, or charge.
