## **2. člen (pristojni organ)**

(1) Pristojni organ, odgovoren za izvajanje predpisov Evropske unije (v nadalnjem besedilu: predpisi EU) iz prejšnjega člena, je organ, pristojen za varno hrano, veterinarstvo in varstvo rastlin (v nadalnjem besedilu: Uprava).

(2) Pristojni organ za izvajanje uradnega nadzora po tem zakonu je inšpekциja, pristojna za hrano, ki deluje v okviru Uprave, če ta zakon ne določa drugače.

## **II. KRMA**

### **3. člen (kakovost in varnost krme)**

(1) Pravna ali fizična oseba lahko daje krmo v promet, če krma ustreza predpisom kakovosti.

(2) Šteje se, da krma ustreza predpisom kakovosti, če:

1. je proizvedena na predpisani način,
2. je zagotovljena sledljivost krme,
3. je označena in pakirana na predpisani način,
4. ji ni pretekel rok uporabe,
5. se prevaža in skladišči na predpisani način,
6. izpolnjuje predpisane zahteve glede vsebnosti in lastnosti,
7. ustreza označeni kakovosti,
8. so uporabljeni dovoljeni dodatki in proizvodi, ki so neposredni ali posredni vir beljakovin v predpisanih količinah.

(3) Šteje se, da je krma varna, če izpolnjuje pogoje varnosti iz tega zakona in je v skladu s predpisi, ki urejajo veterinarska merila skladnosti, ter predpisi EU in Republike Slovenije, ki se nanašajo na

## **Article 2 (Competent authority)**

(1) The competent authority responsible for the implementation of European Union regulations (hereinafter: EU regulations) referred to in the preceding paragraph is the authority responsible for food safety, veterinary medicine and plant protection (hereinafter: the Administration).

(2) The competent authority responsible for carrying out official control under this Act shall be the inspection service responsible for food safety, operating within the Administration, unless otherwise stipulated by this Act.

## **II. ANIMAL FEED**

### **Article 3 (Quality and safety of animal feed)**

(1) Natural or legal persons may place animal feed on the market when the feed complies with quality regulations.

(2) Animal feed shall be deemed to comply with quality regulations when:

1. it is produced in the prescribed manner,
2. its traceability is ensured,
3. it is labelled and packed in the prescribed manner,
4. its expiration period has not been exceeded,
5. it is transported and stored in the prescribed manner,
6. it complies with the prescribed requirements as regards its content and properties,
7. it corresponds to quality as indicated,
8. it uses permitted additives and products that are a direct or indirect source of proteins in the prescribed quantities.

(3) Animal feed shall be deemed to be safe when it complies with the safety conditions referred to in this Act and when it is in accordance with the regulations governing veterinary compliance criteria

krmo.

#### **4. člen (proizvodnja krme)**

(1) Krma, ki je v prometu, mora biti proizvedena na predpisan način.

(2) Natančnejši pogoji za proizvodnjo krme so določeni s predpisi EU oziroma jih predpiše ministrica, pristojna za krmo, oziroma minister pristojen za krmo (v nadalnjem besedilu: minister), če predpisi EU ne določajo drugače.

#### **5. člen (sledljivost krme)**

(1) Krma, ki je v prometu, mora biti označena tako, da je možna identifikacija, ki zagotavlja njen sledljivost.

(2) Nosilke dejavnosti oziroma nosilci dejavnosti (v nadalnjem besedilu: nosilci dejavnosti) proizvodnje krme morajo zagotoviti sledljivost v vseh fazah pridelave, predelave in distribucije krme.

(3) Natančnejši pogoji za zagotavljanje sledljivosti so določeni s predpisi EU oziroma jih predpiše minister, če predpisi EU ne določajo drugače.

#### **6. člen (označevanje krme)**

(1) Krma, ki je v prometu, mora biti označena na predpisan način. Označbe morajo biti natisnjene na embalaži ali trajno pritrjene na embalažo oziroma kot spremni dokument dodane krmi v razsutem stanju.

(2) Označbe iz prejšnjega odstavka lahko poleg predpisanih navedb vsebujejo tudi druge navedbe, ki ne smejo biti zavajajoče glede označene vsebine in morajo biti jasno ločene od označb iz prejšnjega

and the regulations of the EU and the Republic of Slovenia that refer to animal feed.

#### **Article 4 (Animal feed production)**

(1) Animal feed that has been placed on the market must be produced in the prescribed manner.

(2) More detailed conditions for animal feed production shall be prescribed by EU regulations or by the minister responsible for animal feed (hereinafter: the Minister), unless otherwise stipulated by EU regulations.

#### **Article 5 (Traceability of animal feed)**

(1) Animal feed that has been placed on the market must be labelled in a manner allowing identification that ensures its traceability.

(2) Animal feed business operators (hereinafter: operators) must ensure traceability in all phases of the production, processing and distribution of animal feed.

(3) More detailed conditions for ensuring traceability shall be specified by EU regulations or the Minister, unless otherwise stipulated by EU regulations.

#### **Article 6 (Labelling of animal feed)**

(1) Animal feed that has been placed on the market must be labelled in the prescribed manner. Labels containing information must be printed on the packaging or permanently affixed to the packaging or attached as an accompanying document to animal feed in bulk form.

(2) In addition to the prescribed information, the labels referred to in the preceding paragraph may also contain other information that must not be misleading as regards the indicated content and must be

odstavka. Na označbi ne sme biti navedb, ki bi poudarjale varnost krme.

(3) Krma, namenjena končnemu porabniku na ozemlju Republike Slovenije, mora biti označena v slovenskem jeziku.

(4) Če krma vsebuje gensko spremenjene organizme (v nadalnjem besedilu: GSO) ali izdelke iz GSO iz 12. člena tega zakona v deležu, ki je večji od deleža, ki ga določa uredba 1829/2003/ES, mora biti označena v skladu s predpisi, ki urejajo označevanje GSO.

(5) Krmo, ki je v prometu v razsutem stanju, mora spremljati dokument, ki vsebuje predpisane podatke.

(6) Podrobnejši način označevanja krme je določen s predpisi EU oziroma ga predpiše minister, če predpisi EU ne določajo drugače.

#### **7. člen (pakiranje)**

(1) Krma se lahko daje v promet le, če je pakirana v predpisani embalaži. Embalaža mora biti zaprta tako, da se pri odpiranju vidno trajno poškoduje.

(2) Ne glede na prejšnji odstavek se lahko krma daje v promet tudi v razsutem stanju, če so izpolnjeni predpisani pogoji za posamezno vrsto krme.

(3) Natančnejši pogoji za pakiranje so določeni s predpisi EU oziroma jih predpiše minister, če ni s predpisi EU določeno drugače.

#### **8. člen (rok uporabe)**

clearly separated from other information on the label referred to in the preceding paragraph. Labels must not contain any indications of the safety of the animal feed.

(3) Animal feed intended for supply to final consumers within the territory of the Republic of Slovenia must be labelled in the Slovenian language.

(4) If animal feed contains genetically modified organisms (hereinafter: GMO) or their derivatives referred to in Article 12 of this Act in a percentage that exceeds the percentage defined by Regulation 1829/2003/EC, it must be labelled in accordance with the regulations governing GMO labelling.

(5) Animal feed that has been placed on the market in bulk form must be accompanied by a document containing the prescribed information.

(6) The more detailed manner of animal feed labelling shall be determined by EU regulations or the Minister, unless otherwise stipulated by EU regulations.

#### **Article 7 (Packing)**

(1) Animal feed may be placed on the market only when it is packed in the prescribed packaging. The packaging must be sealed in such a manner that it is visibly and permanently damaged when opened.

(2) Notwithstanding the preceding paragraph, animal feed may be placed on the market in bulk form if all of the prescribed conditions for that specific type of animal feed are met.

(3) More detailed conditions for packing shall be defined by EU regulations or prescribed by the Minister, unless otherwise stipulated by EU legislation.

#### **Article 8 (Expiration date)**

V prometu je lahko samo krma, ki ji ni potekel rok uporabe.

#### **9. člen (prevoz in skladiščenje)**

(1) Kadar se krma prevaža v razsutem stanju, morajo biti prevozna sredstva prirejena tako, da se prepreči njeno onesnaženje, kvarjenje in da negativni vplivi okolja ne spremenijo njene varnosti in kakovostne ustreznosti.

(2) Krma se skladišči na način, ki zagotavlja ohranjanje njene varnosti in kakovostne ustreznosti ter preprečuje njeno onesnaženje oziroma kvarjenje.

(3) Natančnejši pogoji za prevoz in skladiščenje so določeni s predpisi EU oziroma jih predpiše minister, če ni s predpisi EU določeno drugače.

#### **10. člen (krmni dodatki)**

Krmni dodatki se lahko predelujejo, dajejo v promet ali uporabljajo, če so izpolnjeni pogoji iz Uredbe 1831/2003/ES in njenih izvedbenih predpisov oziroma predpisov ministra, sprejetih v skladu s predpisi EU.

#### **11. člen (proizvodi, ki so neposredni ali posredni vir beljakovin)**

(1) Proizvodi, ki so neposredni ali posredni vir beljakovin v prehrani živali, se lahko dajejo v promet in uporabljajo kot posamično krmilo ali v krmnih mešanicah, če so odobreni in uvrščeni na seznam dovoljenih proizvodov pri Evropski komisiji.

(2) Pogoji in postopek odobritve iz prejšnjega odstavka so določeni s predpisi EU oziroma jih predpiše minister, če predpisi EU ne

Only animal feed whose expiration date has not been exceeded may be placed on the market.

#### **Article 9 (Transport and storage)**

(1) When animal feed is transported in bulk form, the means of transport must be adapted in such a manner so as to prevent its contamination and spoilage and to prevent negative impacts of the environment from altering its safety and qualitative adequacy.

(2) Animal feed shall be stored in such a manner so as to ensure the preservation of its safety and qualitative adequacy and to prevent its contamination or spoilage.

(3) More detailed conditions for transport and storage shall be defined by EU regulations or prescribed by the Minister, unless otherwise stipulated by EU legislation.

#### **Article 10 (Animal feed additives)**

Animal feed additives may be processed, placed on the market or used when the conditions referred to in Regulation 1831/2003/EC and its implementing regulations or regulations by the Minister adopted in accordance with EU regulations are met.

#### **Article 11 (Products that are a direct or indirect source of proteins)**

(1) Products that are a direct or indirect source of proteins in animal nutrition may be placed on the market and used as an individual feedstuff or in feedstuff mixtures if they are approved and placed on the list of permitted products by the European Commission.

(2) The conditions and the approval procedure referred to in the preceding paragraph shall be defined by EU regulations or prescribed by

določajo drugače.

## **12. člen (gensko spremenjena krma)**

(1) Gensko spremenjena krma je krma, ki vsebuje ali je sestavljena iz GSO, in krma, proizvedena iz GSO.

(2) Gensko spremenjena krma je lahko v prometu, predelavi in uporabi samo, če ima GSO dovoljenje za uporabo kot krma v skladu s predpisi EU.

(3) Fizična ali pravna oseba vloži vlogo za dovoljenje iz prejšnjega odstavka v skladu s predpisom EU, ki ureja področje odobritve GSO.

(4) Vloga se pošlje na Upravo v skladu z Uredbo 1829/2003/ES.

## **13. člen (ekološka krma)**

(1) Ekološka krma je krma, ki je pridelana oziroma predelana po predpisanih metodah in postopkih iz predpisov, ki urejajo ekološko pridelavo krme.

(2) Krma je lahko v prometu označena z oznako »ekološka«, če je zanjo izdan certifikat, da izpolnjuje predpisane pogoje in ga izda organizacija za kontrolu, na način in pod pogoji, kot to določajo podzakonski predpisi, izdani na podlagi zakona, ki ureja kmetijstvo, o ekološki pridelavi kmetijskih pridelkov oziroma živil, oziroma predpisi EU, ki urejajo ekološko pridelavo.

## **14. člen (ostanki pesticidov in neželenih snovi v primarni pridelavi krme rastlinskega izvora)**

(1) V primarni pridelavi mora krma rastlinskega izvora ob dajanju v promet ali uporabi glede ostankov pesticidov in neželenih snovi

the Minister, unless otherwise stipulated by EU legislation.

## **Article 12 (Genetically modified animal feed)**

(1) Genetically modified animal feed is animal feed that contains or consists of GMO or animal feed produced from GMO.

(2) Genetically modified animal feed may be placed on the market, processed and used only when GMO is authorised to be used as animal feed in accordance with EU regulations.

(3) A natural or legal person shall file an application for the authorisation referred to in the preceding paragraph in accordance with the EU regulation governing the area of GMO approvals.

(4) The application shall be sent to the Administration in accordance with Regulation 1829/2003/EC.

## **Article 13 (Organic animal feed)**

(1) Organic animal feed is feed produced or processed according to the prescribed methods and procedures referred to in regulations governing organic feed production.

(2) Animal feed on the market may be labelled "organic" when a certificate confirming that it meets the prescribed conditions is issued by an organisation carrying out control in the manner and under the conditions defined by implementing regulations on the organic production of agricultural products or foodstuffs issued on the basis of an act governing agriculture, or by EU regulations governing organic farming.

## **Article 14 (Residues of pesticides and undesirable substances in the primary production of animal feed of plant origin)**

(1) When placed on the market or used, animal feed of plant origin in primary production must, as regards residues of pesticides and

v krmi izpolnjevati zahteve iz predpisov EU oziroma predpisov ministra, če predpisi EU ne določajo drugače.

(2) Kadar neželene snovi v primarni pridelavi krme rastlinskega izvora izhajajo iz okolja in niso posledica aktivnosti nosilca dejavnosti, njihov izvor ugotavlja inšpekcija, pristojna za okolje, v skladu s predpisi o varstvu okolja.

### **15. člen (pregledi krme neživalskega izvora pri vnosu)**

(1) Pri pošiljkah krme neživalskega izvora, ki se vnašajo z namenom uvoza v Evropsko unijo, mora biti pred sprostitvijo v prost promet glede varnosti in kakovosti opravljen sistematični dokumentacijski pregled, naključni identifikacijski pregled in po potrebi fizični pregled v skladu z Uredbo 882/2004/ES.

(2) Če se pošiljka vnaša zaradi uvoza v Evropsko unijo prek mejnega prehoda v Republiki Sloveniji, opravi sistematični dokumentacijski pregled in naključni identifikacijski pregled carinski organ. O opravljenem pregledu carinski organ potrdi dokument, ki je določen s predpisi EU oziroma ga predpiše minister, če ni s predpisi EU določeno drugače. Morebitni fizični pregled varnosti in kakovosti pošiljki gensko spremenjene krme in kakovosti krme opravljajo inšpektorice in inšpektorji za hrano (v nadalnjem besedilu: inšpektorji za hrano), ki ob ugotovljenih neskladnostih krme ukrepajo v skladu z Uredbo 882/2004/ES.

(3) Krma neživalskega izvora se lahko vnaša samo prek mejnih prehodov, določenih v predpisih, ki urejajo zdravstveno varstvo rastlin, razen pošiljk, ki se sproščajo v prost promet v Republiki Sloveniji.

### **16. člen (pridobivanje podatkov)**

undesirable substances in animal feed, comply with the requirements referred to in EU regulations or regulations issued by the Minister, unless otherwise stipulated by EU regulations.

(2) When undesirable substances in the primary production of animal feed of plant originate from the environment and are not a result of the activities of the operator, their origin shall be determined by the inspection service responsible for the environment in accordance with the regulations governing environmental protection.

### **Article 15 (Control of the introduction of animal feed of non-animal origin)**

(1) Prior to release for free circulation, consignments of animal feed of non-animal origin that are being introduced in order to be imported into the European Union shall be subject to systematic documentary checks, random identity checks and, as required, physical checks in accordance with Regulation 882/2004/EC as regards safety and quality.

(2) When a consignment is introduced through a border crossing point in the Republic of Slovenia in order to be imported into the European Union, a systematic documentary check and random identity check shall be carried out by the customs authority. The customs authority shall issue a document specified by EU regulations or prescribed by the Minister, unless otherwise stipulated by EU regulations, certifying that the check was carried out. A possible physical check of the safety and quality of consignments of genetically modified animal feed and the quality of animal feed shall be carried out by food inspectors (hereinafter: food inspectors), who shall act pursuant to Regulation 882/2004/EC when the non-compliance of animal feed is established.

(3) Animal feed of non-animal origin may be introduced exclusively through border crossing points designated by regulations governing plant health protection, except for consignments released for free circulation in the Republic of Slovenia.

### **Article 16 (Obtaining data)**

(1) Za namen zagotavljanja varnosti in kakovosti krme lahko Uprava poleg podatkov iz zbirk, ki jih vodi ministrstvo, pristojno za kmetijstvo, oziroma njegovi organi v sestavi, pridobiva in uporablja tudi podatke iz drugih zbirk v skladu z določbami zakonov, ki urejajo kmetijstvo, veterinarstvo, živinorejo, varstvo rastlin in fitofarmacevtska sredstva.

(2) Upravljavci zbirk podatkov iz prejšnjega odstavka posredujejo Upravi za potrebe tega zakona podatke brezplačno, zaračunajo pa lahko neposredne materialne stroške za potrebne dodatne izvode.

(3) Podatki, ki se štejejo za osebne podatke, se posredujejo v skladu s predpisi o varstvu osebnih podatkov.

### III. OBRATI

#### **17. člen (registracija)**

(1) Za izvedbo 9. člena Uredbe 183/2005/ES se obrati na področju primarne proizvodnje krme rastlinskega izvora registrirajo na predlog nosilca dejavnosti.

(2) Nosilec dejavnosti mora v predlogu navesti resnične podatke, potrebne za izvedbo vpisa obrata v register obratov, kot to določa podzakonski predpis za izvedbo Uredbe 183/2005/ES.

(3) Uprava vpiše obrat v register obratov na področju primarne proizvodnje krme rastlinskega izvora in nosilcu dejavnosti pošlje izpis iz registra. V register se vpiše osebno ime in naslov nosilca dejavnosti ter drugi podatki o obratu.

(4) Register obratov na področju primarne proizvodnje krme rastlinskega izvora se vodi na Upravi.

(1) For the purpose of ensuring the safety and quality of animal feed, the Administration may, in addition to data from databases kept by the ministry responsible for agriculture or bodies within the ministry, obtain and use data from other databases in accordance with the provisions of acts governing agriculture, veterinary medicine, livestock breeding, plant protection and pesticides.

(2) While the provision of data to the Administration by the administrators of the databases referred to in the preceding paragraph for the purposes of this Act shall be free of charge, direct material costs may be charged for the required additional copies.

(3) Data that are deemed to be personal shall be provided in accordance with the regulations governing personal data.

### III. ESTABLISHMENTS

#### **Article 17 (Registration)**

(1) For the implementation of Article 9 of Regulation 183/2005/EC, establishments in the field of the primary production of animal feed of plant origin shall be registered on the proposal of business operators.

(2) In the proposal, the business operator must provide accurate information required for the entry of the establishment into the register of establishments, pursuant to the statutory instrument for the implementation of Regulation 183/2005/EC.

(3) The Administration shall enter the establishment into the register of establishments in the field of the primary production of animal feed of plant origin and send the pertaining extract from the register to the business operator.

(4) The register of establishments in the field of the primary production of animal feed of plant origin shall be kept by the Administration.

(5) Podrobnejši postopek registracije iz tega člena in vsebino ter način vodenja registra predpiše minister.

### **18. člen (neposredna oskrba in majhne količine krme)**

(1) Majhne količine krme iz primarne proizvodnje rastlinskega izvora so vse količine krme, ki jih nosilec dejavnosti dobavlja neposredno kmetijam kot končnim potrošnikom na lokalnem območju.

(2) Lokalno območje je celotno območje Republike Slovenije.

(3) Nosilec dejavnosti iz prvega odstavka tega člena ni zavezanec za registracijo skladno z 2. členom Uredbe 183/2005/ES, temveč se s podpisom izjave o majhnih količinah krme iz primarne proizvodnje, ki jo izpolni in posreduje Upravi, evidentira kot proizvajalec majhnih količin krme iz primarne proizvodnje rastlinskega izvora. Obrazec izjave predpiše minister.

### **IV. UGOTAVLJANJE SKLADNOSTI**

#### **19. člen (uradni laboratorijski)**

(1) Za izvedbo 12. člena Uredbe 882/2004/ES predstojnik Uprave določi uradne laboratorije na podlagi vloge, ki jo imetniki laboratorijskih, ki želijo opravljati posamezne laboratorijske analize v okviru uradnega nadzora, vložijo na Upravo.

(2) Izpolnjevanje pogojev, ki so določeni v Uredbi 882/2004/ES, se dokazuje z akreditacijsko listino, ki jo izda Slovenska akreditacija ali akreditacijska služba druge države članice, ki ima z Evropsko akreditacijo

(5) The more detailed procedure for registration referred to in this Article as well as the content and manner of keeping the register shall be prescribed by the Minister.

### **Article 18 (Direct supply and small quantities of animal feed)**

(1) Small quantities of animal feed of plant origin from primary production are deemed to be all quantities of animal feed that a business operator supplies directly to farms as the final consumers in the local area.

(2) The local area shall be deemed to be the entire territory of the Republic of Slovenia.

(3) A business operator referred to in paragraph one of this Article shall not be liable for registration pursuant to Article 2 of Regulation 183/2005/EC. Instead, the operator shall be registered as a producer of small quantities of animal feed of animal origin from primary production by signing a declaration of small quantities of animal feed from primary production, which the operator shall fill in and submit to the Administration. The declaration form shall be prescribed by the Minister.

### **IV. COMPLIANCE VERIFICATION**

#### **Article 19 (Official laboratories)**

(1) For the implementation of Article 12 of Regulation 882/2004/EC, the head of the Administration shall designate official laboratories based on applications submitted to the Administration by laboratory owners wishing to carry out individual laboratory analyses within the framework of official control.

(2) Compliance with the conditions laid down by Regulation 882/2004/EC shall be proved by an accreditation document issued by the Slovenian accreditation body or an accreditation body of another Member

sklenjen sporazum o medsebojnem priznavanju akreditacij. Izpolnjevanje morebitnih dodatnih pogojev, ki jih morajo izpolnjevati uradni laboratoriji, se ugotavlja z odločbo v upravnem postopku na podlagi vloge imetnika laboratorija.

(3) O vlogi za določitev uradnega laboratorija odloči predstojnik Uprave z odločbo.

(4) Medsebojna razmerja med Upravo in določenim uradnim laboratorijem se uredijo s pogodbo.

(5) Morebitni dodatni pogoji iz drugega odstavka tega člena se določijo s predpisi EU oziroma jih predpiše minister, če predpisi EU ne določajo drugače.

## **20. člen (nacionalni referenčni laboratorijski)**

(1) Za izvedbo 33. člena Uredbe 882/2004/ES predstojnik Uprave z odločbo v upravnem postopku po uradni dolžnosti izmed uradnih laboratorijskih v Republiki Sloveniji ali drugih laboratorijskih v skladu z Uredbo 882/2004/ES določi najmanj en Nacionalni referenčni laboratorij (v nadalnjem besedilu: NRL) k vsakemu Referenčnemu laboratoriju Skupnosti (v nadalnjem besedilu: CRL).

(2) Ne glede na določbe prejšnjega odstavka predstojnik Uprave po enakem postopku, kot je določeno v prejšnjem odstavku, določi enega ali več NRL tudi v drugih primerih, kadar je tako določeno s predpisi EU oziroma predpisom ministra v skladu s predpisi EU.

(3) Medsebojna razmerja med NRL in Upravo se uredijo s pogodbo.

(4) Uprava o določitvi NRL obvesti Evropsko komisijo, kadar je tako določeno s predpisi EU oziroma predpisom ministra v skladu s predpisi EU.

State that has concluded an agreement with the European accreditation body on the mutual recognition of accreditations. Compliance with possible additional conditions that must be met by official laboratories shall be established by a decision in an administrative procedure on the basis of an application submitted by a laboratory owner.

(3) An application for the designation of official laboratory shall be decided upon by the head of the Administration by a decision.

(4) The mutual relations between the Administration and individual official laboratories shall be regulated by contracts.

(5) The possible additional conditions referred to in paragraph two of this Article shall be laid down by EU regulations or prescribed by the Minister, unless otherwise stipulated by EU regulations.

## **Article 20 (National reference laboratories)**

(1) For the implementation of Article 33 of Regulation 882/2004/EC, the head of the Administration shall, *ex officio* and on the basis of a decision within an administrative procedure, designate at least one National Reference Laboratory (hereinafter: NRL) among the official laboratories in the Republic of Slovenia or other laboratories in accordance with Regulation 882/2004/EEC for each Community Reference Laboratory (hereinafter: CRL).

(2) Notwithstanding the provisions of the preceding paragraph, the head of the Administration shall, under the same procedure as specified in the preceding paragraph, designate one or more NLRs also in other cases when so specified by EU regulations or a regulation issued by the Minister in accordance with EU regulations.

(3) The mutual relations between NLRs and the Administration shall be regulated by a contract.

(4) The Administration shall notify the European Commission of the NRL designation when so stipulated by EU regulations or by a regulation issued by the Minister in accordance with EU regulations.

## **21. člen (vzorčenje)**

(1) Za izvedbo 11. člena Uredbe 882/2004/ES odvzame vzorce pristojni inšpektor.

(2) Po prejemu analiznega izvida lahko stranka zahteva dopolnilno izvedeniško mnenje v roku, ki ga določi pristojna inšpektorica oziroma inšpektor (v nadalnjem besedilu: inšpektor).

(3) Če je opravljena tudi primerjalna analiza za pridobitev dopolnilnega izvedeniškega mnenja, velja njen rezultat, opravljena pa mora biti v NRL oziroma v uradnem laboratoriju, če NRL za to področje ni treba določiti v skladu s prejšnjim členom. Pri vzorčenju pristojni inšpektor označi vzorec za analizo in vzorec za primerjalno analizo.

(4) Vzorci morajo biti označeni na predpisani način oziroma tako, da je zagotovljena njihova sledljivost.

(5) Natančnejši postopki iz tega člena so določeni s predpisi EU oziroma jih predpiše minister, če ni s predpisi EU določeno drugače.

## **22. člen (stroški)**

Če se pri ugotavljanju skladnosti krme v prometu pri opravljanju uradnega nadzora ugotovi, da krma ni skladna z označbami ali predpisanimi zahtevami, plača stroške analiz proizvajalec ali pravna oziroma fizična oseba, ki je dala neskladno krmo v promet, če predpisi EU ne določajo drugače.

V. URADNI NADZOR

## **23. člen**

## **Article 21 (Sampling)**

(1) For the implementation of Article 11 of Regulation 882/2004/EC, samples shall be taken by a competent inspector.

(2) Upon the receipt of the results of the analysis, a client may request a supplementary expert opinion within a time limit set by the competent inspector (hereinafter: inspector).

(3) When a comparative analysis is carried out in order to obtain a supplementary expert opinion, its result shall prevail. It must be carried out at an NRL or an official laboratory if an NRL is not required to be designated for this area pursuant to the preceding Article. During the course of sampling, a competent inspector shall label a sample for the analysis and a sample for the comparative analysis.

(4) Samples must be labelled in the prescribed manner, i.e. in such a manner so as to ensure their traceability.

(5) The more detailed procedures referred to in this Article shall be specified by EU regulations or prescribed by the Minister, unless stipulated otherwise by EU regulations.

## **Article 22 (Costs)**

When it is established during official control carried out to verify the compliance of animal feed that has been placed on the market that the animal feed does not meet the specifications on the label or the prescribed requirements, the costs of the analyses shall be borne by the producer or the legal or natural person who placed the non-compliant feed on the market, unless otherwise stipulated by EU regulations.

V. OFFICIAL CONTROL

## **Article 23**

**(uradni nadzor krme)**

(1) Uradni nadzor nad izvajanjem tega zakona, njegovih podzakonskih predpisov, predpisov EU s področja tega zakona in njihovih izvedbenih predpisov izvajajo inšpektorji za hrano, ki delujejo v okviru Uprave.
