 DECLARATION OF INTENDED  
 ACQUISITION

Investigations

 purpose.

2. (1) Where the Minister decides that land in any area is needed for any public purpose, he may direct the acquiring officer of the district in which that area lies to cause a notice in accordance with subsection (2) to be exhibited in some conspicuous places in that area.

(2) The notice referred to in subsection (1) shall be in the Sinhala, Tamil and English languages and shall state that land in the area specified in the notice is required for a public purpose and that all or any of the acts authorized by subsection (3) may be done on any land in that area in order to investigate the suitability of that land for that public purpose.

(3) After a notice under subsection (2) is exhibited for the first time in any area, any officer authorized by the acquiring officer who has caused the exhibition of that notice, or any officer acting under the written direction of the officer authorized as aforesaid, may enter any land in that area, together with such persons, implements,

- (a) survey and take levels of that land,
- (b) dig or bore into the subsoil of that land,

- (d) mark such levels, boundaries and line by placing marks and cutting trenches,
- (e) where otherwise the survey of that land cannot be completed and such levels taken and such boundaries and line marked, cut down and clear away any part of any standing crop, fence or jungle on that land, and
- (f) do all other acts necessary to ascertain whether that land is suitable for the public purpose for which land in that area is required :

Provided that no officer, in the exercise of the powers conferred on him by the preceding provisions of this subsection, shall enter any occupied building or any enclosed court or garden attached thereto unless he has given the occupier of that building at least seven days' written notice of his intention to do so.

Compensation for damage done during investigations carried out on any land.

3. (1) Where any officer empowered by subsection (3) of section 2 to enter any land causes any damage to that land or to anything thereon by doing on that land any of the acts which he may do under that subsection, he shall assess the amount of compensation for that damage and shall, if that land is owned by more than one person, determine the apportionment of that amount among the owners of that land. Such officer shall give the owner or owners of that land written notice of the amount of compensation assessed by him and of any such apportionment of that amount as may have been determined by him.

(2) If any person who is entitled to receive the whole or a portion of the amount of compensation assessed in respect of any land under subsection (1) and specified in a notice under that subsection, is dissatisfied with such amount or with the apportionment of such amount, he may, within fourteen days reckoned—

- (a) where such notice is sent through the post, from the date on which such notice is received at the place to which it is so sent, or
- (b) where such notice is exhibited on or near that land, from the date on which such notice is so exhibited for the first time,

make a written appeal to the acquiring officer of the district in which that land is situated against the assessment or apportionment of compensation referred to in such notice.

(3) Where an acquiring officer allows an appeal made to him under subsection (2), he shall make a fresh assessment and apportionment of compensation or shall confirm the amount of compensation assessed under subsection (1) and make a fresh apportionment of that amount. The decision of such acquiring officer on such appeal shall be final.

(4) The officer who issues a notice under subsection (1) shall—

- (a) where no appeal against the assessment or apportionment of

compensation referred to in such notice is made under subsection (2) within the time allowed therefor by that subsection or where such an appeal is so made and the acquiring officer to whom the appeal is made disallows the appeal, tender to each person who is entitled to compensation according to such notice the amount of compensation allowed to him by such notice, or

- (b) where such an appeal is so made and such acquiring officer allows the appeal, tender to each person who is entitled to compensation according to the decision on such appeal the amount of compensation allowed to him by such decision,

and shall pay the tendered amount to such person if he consents to receive it.

(5) Where the person to whom any sum is payable as compensation under this section is a minor or is of unsound mind or declines to accept that sum when it is tendered to him or is dead or cannot be found after diligent search, that sum shall be paid in accordance with the provisions of section 32 or section 33.

4. (1) Where the Minister considers that a particular land is suitable for a public purpose, or that a particular servitude over a particular land should be acquired for a public purpose, he shall direct the acquiring officer of the district in which that land is situated to cause a notice in accordance with subsection (3) to be given to the owner or owners of that land and to be exhibited in some conspicuous places on or near that land :

Notice of, and objections to, intended acquisition.

Provided however that it shall not be necessary to give a notice under the preceding provisions of this subsection to the owner or any owner of land whose name and address cannot be found or ascertained.

(2) The Minister may issue a direction under the preceding provisions of this section notwithstanding that no notice has been exhibited as provided by section 2, and, where he issues such a direction to any acquiring officer, the provisions of

subsection (3) of section 2 shall apply in regard to the land to which that direction relates in like manner as those provisions would have applied if that acquiring officer had caused a notice under section 2 to be exhibited in the area in which that land is situated.

- (a) be in the Sinhala, Tamil and English languages ;
- (b) contain a description of the land or servitude which is intended to be acquired ;

- (d) specify a period within which such objections must be made, such period being not less than fourteen days from the date on which such notice is given.

(4) Where a notice relating to the intended acquisition of a land or of a servitude over a land is exhibited under subsection (1) and objections to such acquisition are made to the appropriate Secretary by any of the persons interested in the land within the time allowed therefor by the notice, the appropriate Secretary shall consider such objections or direct an officer to consider such objections on his behalf and to make recommendations to him. When such objections are considered every objector shall be given an opportunity of being heard in support thereof. After the consideration of the objections the appropriate Secretary shall make his recommendations on the objections to the Minister in charge of the Ministry specified in the notice (hereafter in this section referred to as the “appropriate Minister”),

and such Minister shall, after considering such recommendations, make his own recommendations on the objections to the Minister.

(5) When the time allowed by a notice under this section for making objections to the intended acquisition of the land or servitude referred to in the notice has expired and, where any such objections have been made within such time, after the Minister has considered the appropriate Minister’s recommendations on those objections, the Minister shall, subject to the provisions of subsection (6), decide whether that land or servitude should or should not be acquired under this Act.

[§2, 28 of 1964.]

(6) A decision shall not be taken under subsection (5) to acquire only a part of a building if the owner of the building desires that the whole of the building should be acquired under this Act, unless such part can be severed or demolished without serious detriment to, or seriously affecting the amenities of, the building.

For the purposes of this subsection, “building” includes land which, being necessary for the convenient use and occupation of the building, would pass by a devise of the building.

4A. (1) Where a notice has been issued or exhibited in respect of any land under section 2 or section 4, no owner of that land shall, during the period of twelve months after the date of the issue or exhibition of such notice,—

- (b) do any act which, directly or indirectly, depreciates the value of that land as at the date of such issue or exhibition.

(2) Any sale or other disposal of land in contravention of the provisions of subsection (1) (a) of this section shall be null and void.

(3) Any person who contravenes the provisions of subsection (1) (b) of this section shall be guilty of an offence punishable with a fine not exceeding one thousand rupees.

5. (1) Where the Minister decides under subsection (5) of section 4 that a particular land or servitude should be acquired under this Act, he shall make a written declaration that such land or servitude is needed for a public purpose and will be acquired under this Act, and shall direct the acquiring officer of the district in which the land which is to be acquired or over which the servitude is to be acquired is situated to cause such declaration in the Sinhala, Tamil and English languages to be published in the Gazette and exhibited in some conspicuous places on or near that land.

(2) A declaration made under subsection (1) in respect of any land or servitude shall be conclusive evidence that such land or servitude is needed for a public purpose.

(3) The publication of a declaration under subsection (1) in the Gazette shall be conclusive evidence of the fact that such declaration was duly made.

Survey and plan of land.

6. When a declaration under section 5 that a particular land is needed for a public purpose has been published in the Gazette, the acquiring officer of the district in which that land is situated may, if there is no plan of that land made by the Survey Department of the Government, or no such plan which is suitable for use for the purposes of proceedings under this Act, cause a survey and a plan of that land to be made by a surveyor of that department, or by a licensed surveyor acting under the directions of the Surveyor-General.

Notice to persons interested.

7. (1) The acquiring officer referred to in subsection (1) of section 5 shall cause a notice in accordance with subsection (2) of this section to be published in the Gazette in the Sinhala, Tamil and English languages and, where in his opinion the value of the land mentioned in the declaration made under that section exceeds five hundred rupees, in a Sinhala newspaper, a Tamil newspaper and an English newspaper circulating in Sri Lanka, and shall also cause that notice in those languages to be exhibited in some conspicuous places on or near that land.

(2) The notice referred to in subsection (1) shall—

- (a) describe the land or servitude which is intended to be acquired ;
- (b) state that it is intended to acquire such land or servitude under this Act and that claims for compensation for the acquisition of such land or servitude may be made to the acquiring officer mentioned in the notice ; and

Provided that the acquiring officer may, on good cause shown within two weeks after such notice is exhibited, extend, up to a period of twenty-eight days from the date specified in such notice, the time within which any person interested in such land is required to notify his claim for compensation to, and appear before, the acquiring officer.

(3) Notwithstanding anything in the preceding provisions of this section, any notice required by those provisions to be published in the newspapers may merely specify the land or servitude which is intended to be acquired and refer to any

such Gazette as may be specified in the notice for full particulars relating to such acquisition.

(4) Where an acquiring officer who causes the publication of a notice under this section in respect of any land is satisfied that any person interested in that land is a minor or is of unsound mind and has no authorized agent to act on his behalf as provided in that notice, such officer may, either of his own motion or on application made by or on behalf of such person, authorize a fit and proper person to be such agent.

Power to require and enforce the making of statements as to persons interested.

8. An acquiring officer who causes the publication of a notice under section 7 in respect of any land may require any person interested in that land to make or deliver to him, on or before a date specified in the requisition (such date not being earlier than the fourteenth day after the date of the requisition), a statement setting out, so far as may be practicable, the name and address of every other person interested in that land or any part thereof, and the nature of the interest in that land, and any rents and profits received or receivable on account of that land for the three calendar years next preceding the date of the statement.

On every occasion on which he adjourns such inquiry, he shall notify the date on which and the time and place at which the inquiry will be resumed to such claimants for compensation and such agents of claimants for compensation, as are present on that occasion.

(2A) Where any inquiry under subsection (1) which has been adjourned cannot be resumed on the date notified under subsection (2) to such of the claimants for compensation and their agents as were present on the occasion on which the inquiry was adjourned, the acquiring officer holding the inquiry may from time to time postpone the date of its resumption.
