

Ministerial Regulation No. 13, B.E. 2513 (1970)

Issued in Accordance with the Minerals Act B.E. 2510

Translation

By virtue of Section 17 and Section 112 of the Minerals Act B.E. 2510, the Minister of National Development has issued the Ministerial Regulation as follow:

The kinds and the amounts of admixed minerals in natural condition that prevent a holder of a Mineral Transport License from transporting them are:

- 1) Tin, exceeding four percent
- 2) Tungstic oxide, exceeding four percent
- 3) Columbium/Tantalum pentoxide, altogether exceeding two percent
- 4) Zinc, exceeding eight percent
- 5) Lead, exceeding ten percent
- 6) Gold, exceeding five grams per ton
- 7) Silver, exceeding one hundred grams per ton

Given on the 24th day of March B.E. 2513

Signed by Poj Sarasin

Minister of National Development

Remark: The reason for the Ministerial Regulation to be promulgated is for the purpose of regulating a holder of a Mineral Transport License not to transport other minerals which is required to pay for royalties along with the minerals specified in the license.
