#### **EXPLANATORY NOTE**

*(This note is not part of the Regulations)*

These Regulations amend the Producer Responsibility Obligations (Packaging Waste) Regulations (Northern Ireland) 2007 (S.R. 2007 No. 1998) (the “2007 Regulations”). The 2007 Regulations impose obligations on producers to recover and recycle packaging waste in order to attain the recycling and recovery targets set out in Article 6(1) of the European Parliament and Council Directive 94/62/EC on packaging and packaging waste (OJ No L 365, 31.12.1994, p.10), as last amended by Directive (EU) 2015/720 (OJ L 115, 6.5.2015, p.11).

These Regulations establish new waste packaging recovery and recycling targets for paper, aluminium, steel and wood for the years 2018 to 2020. The amendments also set the recycling targets for all packaging materials for the years 2018 to 2020.

These Regulations were notified in draft to the European Commission, in accordance with Directive (EU) 2015/1535 of the European Parliament and of the Council, laying down a procedure for the provision of information in the field of technical regulations and of rules on information society services.

A full impact assessment of the effect that these Regulations will have on costs to business and the voluntary sector is available from the Producer Responsibility Unit at the Department for Environment, Food and Rural Affairs, Level 2, Nobel House, 17 Smith Square, London SW1P 3JR and is published with the Explanatory Memorandum alongside the Regulations on [www.legislation.gov.uk](http://www.legislation.gov.uk).
