EXPLANATORY NOTE

(This note is not part of the Order)

This Order amends the Sheep and Goats (Records, Identification and Movement) (England) Order 2005 (“the 2005 Order”).

Article 2(2), (8), (9) and (10) amends provisions of the 2005 Order on the identification of animals moved to another member State of the European Union. They remove the possibility of marking such an animal with an “X tag” (as defined in Article 2(1) of the 2005 Order). Article 2(9) amends paragraph 16 of Schedule 1 to the 2005 Order so that, in the case of an animal moved from a holding to an assembly centre for consignment to another member State, a second eartag must be applied before the animal leaves the holding.

Article 2(3) to (6) amends provisions of the 2005 Order on the replacement of removed, lost or illegible eartags or tattoos. The effect of the amendments is that a replacement eartag or tattoo must be applied as soon as possible after the removal or the discovery of the loss or illegibility of the eartag or tattoo, but in any event within 28 days and before the animal leaves the holding.

Article 2(7) inserts new enforcement provisions into the 2005 Order. Article 34A gives various powers to inspectors. Article 34B gives inspectors a power to prohibit the movement of a flock of sheep or a herd of goats to or from a holding, by notice served on a keeper, if they are satisfied that the prohibition is necessary for the proper enforcement of the 2005 Order in relation to that flock or herd. Articles 34C and 34D relate to the provision of false or misleading information and to offences committed by bodies corporate.

Article 2(11) and the Schedule prescribe a new form for recording animal movements (Schedule 3 of the 2005 Order). The new form contains a field to record the expected duration of the journey. This is a requirement of Article 4 of Council Regulation (EC) No. 1/2005 (O.J. L3, 5.1.2005, p. 1) on the protection of animals during transport and related operations.
