DIVISION 6. PEST CONTROL OPERATIONS [11401 - 12408] (*Heading of Division 6 amended by Stats. 1971, Ch. 1187.*)

CHAPTER 2. General Provisions [11501 - 11518]

 (*Chapter 2 enacted by Stats. 1967, Ch. 15.*)

11501. The purposes of this division and Chapter 1 (commencing with Section 12501), Chapter 2 (commencing with Section 12751), Chapter 3 (commencing with Section 14001), and Chapter 3.5 (commencing with Section 14101) of Division 7 are as follows:

- (a) To provide for the proper, safe, and efficient use of pesticides essential for production of food and fiber and for protection of the public health and safety.
- (b) To protect the environment from environmentally harmful pesticides by prohibiting, regulating, or ensuring proper stewardship of those pesticides.
- (c) To assure the agricultural and pest control workers of safe working conditions where pesticides are present.
- (d) To permit agricultural pest control by competent and responsible licensees and permittees under strict control of the director and commissioners.
- (e) To assure consumers and users that pesticides are properly labeled and are appropriate for the use designated by the label and that state or local governmental dissemination of information on pesticidal uses of any registered pesticide product is consistent with the uses for which the product is registered.
- (f) To encourage the development and implementation of pest management systems, stressing application of biological and cultural pest control techniques with selective pesticides when necessary to achieve acceptable levels of control with the least possible harm to nontarget organisms and the environment.

(*Amended by Stats. 1996, Ch. 361, Sec. 14. Effective January 1, 1997.*)

11501.1. (a) This division and Division 7 (commencing with Section 12501) are of statewide concern and occupy the whole field of regulation regarding the registration, sale, transportation, or use of pesticides to the exclusion of all local regulation. Except as otherwise specifically provided in this code, no ordinance or regulation of local government, including, but not limited to, an action by a local governmental agency or department, a county board of supervisors or a city council, or a local regulation adopted by the use of an initiative measure, may prohibit or in any way attempt to regulate any matter relating to the registration, sale, transportation, or use of pesticides, and any of these ordinances, laws, or regulations are void and of no force or effect.

(b) If the director determines that an ordinance or regulation, on its face or in its application, is preempted by subdivision (a), the director shall notify the promulgating entity that it is preempted by state law. If the entity does not repeal its ordinance or regulation, the director shall maintain an action for declaratory relief to have the ordinance or regulation declared void and of no force or effect, and shall also bring an action to enjoin enforcement of the ordinance or regulation.

(c) Neither this division nor Division 7 (commencing with Section 12501) is a limitation on the authority of a state agency or department to enforce or administer any law that the agency or department is authorized or required to enforce or administer.

(d) At the request of any state agency disseminating information on the pesticidal uses of any product, the director shall consult with, and provide technical assistance to, that agency to ensure that the dissemination is based on valid scientific information and consistent with state law.

(*Amended by Stats. 1996, Ch. 361, Sec. 15. Effective January 1, 1997.*)

11501.5. The director, and the commissioner of each county under the direction and supervision of the director, shall enforce this division and the regulations which are issued pursuant to it.

(Added by renumbering Section 11501 by Stats. 1971, Ch. 1276.)

11502. The director shall adopt regulations which govern the conduct of the business of pest control.

(Enacted by Stats. 1967, Ch. 15.)

11502.5. (a) The director may adopt regulations to establish the minimum requirements of education, continuing education, training, experience, and examination for applicants for any license or certificate, or renewal of any license or certificate, issued by the director pursuant to this division or Division 7 (commencing with Section 12500). A regulation adopted or amended pursuant to this section pertaining to continuing education requirements shall establish minimum course requirements related to pesticides and pest management. The director shall approve courses that include plant health, organic and sustainable practices, water and air monitoring and residue mitigation, maximum residue levels, quarantine practices, and the on-farm storage of fumigants, all in the context of pesticides and pest management. The director shall not renew a license or certificate if the person who was issued the license or certificate did not complete the required continuing education during the period of validity of the license or certificate, and the person must take and pass the examination to be again issued such a license or certificate. The director shall act within 15 business days of receipt to approve or reject continuing education courses submitted to meet the requirements of this division or Division 7 (commencing with Section 12500).

(b) The director shall establish, by regulation, fees for the department's licensing and certification programs as established pursuant to this division or Division 7 (commencing with Section 12500). These programs include, but are not limited to:

(1) License and certificate examination, application, and renewal.

(2) Approval of continuing education courses and continuing education course providers.

(3) Changes related to any license or certificate, including, but not limited to, name or address changes, license or certificate replacement costs, duplicate copy of a license or certificate, and changes in qualified person, bond, insurance, or registered officers.

(4) Penalties for late payment of licensing and certification fees.

(c) The fees established pursuant to this section may include administrative costs, including overhead costs.

(d) The regulations shall provide that the examination fee may be charged to applicants who request the director to reschedule an examination due to the applicant's failure to obtain a passing score or failure to appear for the scheduled examination, and for scheduling an examination to amend a license.

(e) The fees established pursuant to this section shall be set so that the total revenue collected each fiscal year is sufficient to support the expenditure levels for these programs contained in the annual Budget Act. If the director determines that the revenue collected during the preceding year was greater than, or less than, the expenditure levels for these programs set forth in the Budget Act, the director may further adjust the current fees to compensate for the overcollection or undercollection.

(f) Funds collected pursuant to this section shall be deposited in the Department of Pesticide Regulation Fund, and shall be available for expenditure by the department, upon appropriation, for the purposes of carrying out the programs established pursuant to this division or Division 7 (commencing with Section 12500).

(g) The regulations adopted pursuant to this section, or any amendment thereto, shall be adopted by the director in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The adoption of these regulations shall be considered by the Office of Administrative Law as an emergency, and necessary for the immediate preservation of the public peace, health, safety, and general welfare. Notwithstanding any other provision of law, the emergency regulations adopted pursuant to this section shall remain in effect until amended by the director.

(Amended by Stats. 2010, Ch. 375, Sec. 1. (AB 2122) Effective January 1, 2011.)

11503. The commissioner of any county may adopt regulations applicable in his or her county which are supplemental to those of the director which govern the conduct of pest control operations and records and reports of those operations. The regulations may include provisions pertaining to any matter related to the accomplishment of the purposes of Section 11737. The provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code shall be followed insofar as practicable in the adoption of the regulations by the commissioner. The regulations shall be filed with the director who shall compile them.

Each regulation of the commissioner shall be approved by the director before it becomes operative. The director, in his or her review of the commissioner's regulations, shall consider, but not be limited to considering, the necessity, authority, clarity, and consistency of the regulations, as these terms are defined in Section 11349 of the Government Code.

(Amended by Stats. 1983, Ch. 593, Sec. 1.)

11503.5. The county agricultural commissioner may apply Section 11503 to the agricultural use of any pesticide for agricultural production within one-quarter mile of a school with respect to the timing, notification, and method of application. Any regulations adopted pursuant to this section shall become operative unless specifically disapproved in writing by the director within 30 calendar days of their submission by the commissioner.

(Added by Stats. 2002, Ch. 457, Sec. 2. Effective January 1, 2003.)

11504. Prior to the adoption of regulations by a commissioner, a notice of intention to adopt regulations shall be published in the county, pursuant to Section 6061 of the Government Code, at least 10 days in advance of the time the regulations are to be adopted, amended, or repealed.

(Amended by Stats. 2011, Ch. 296, Sec. 105. (AB 1023) Effective January 1, 2012.)

11505. The notice of intention which is referred to in Section 11504 shall contain a statement of the time, place, and nature of proceedings for the adoption of the regulations, and either the express terms or an informative summary of the proposed regulations.

(Enacted by Stats. 1967, Ch. 15.)

11506. At least 10 days prior to the date set for the adoption, amendment, or repeal of the regulations, the commissioner shall mail a copy of the notice of intention to every person who has registered with the commissioner in the manner required by Article 2 (commencing with Section 11731), Chapter 4 of this division, and to any other interested person that has filed with the commissioner a request to receive a notice of such proceedings.

(Enacted by Stats. 1967, Ch. 15.)

11507. On the date and at the time and place designated in the notice of intention, the commissioner shall afford any interested person or his duly authorized representative, or both, the opportunity to present statements, arguments, or contentions in writing, with or without opportunity to present them orally.

(Enacted by Stats. 1967, Ch. 15.)

11508. The commissioner shall consider all relevant matter which is presented to him before he adopts any regulation.

(Enacted by Stats. 1967, Ch. 15.)

11509. In any hearing which is conducted pursuant to Section 11507, the commissioner or his duly authorized representative shall have authority to administer oaths or affirmations, and may continue or postpone such hearing, from time to time, to such time and at such place as he shall determine.

(Enacted by Stats. 1967, Ch. 15.)

11510. The regulations of the commissioner are subject to review and approval by the director as to reasonableness, and if approved they shall be filed with the director. The regulations shall become effective 30 days after they are approved by the director unless they are designated as emergency regulations.

(Enacted by Stats. 1967, Ch. 15.)

11511. If, in the opinion of the commissioner, the public health, welfare, or safety requires that any regulation take effect immediately he shall designate it as an emergency regulation and specify in writing the facts which constitute the necessity. An emergency regulation shall become effective on the date it is approved by the director.

(Enacted by Stats. 1967, Ch. 15.)

11512. Except as provided in Section 11512.5, the proceedings for all hearings conducted by the director pursuant to this division shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of

Division 3 of Title 2 of the Government Code. The director shall have all of the powers which are granted in that chapter.

(Amended by Stats. 1987, Ch. 547, Sec. 1.)

11512.5. (a) The commissioner may refuse, suspend, or revoke a county registration or permit pursuant to Section 11735, 11924, 12035, or 14008. Before that action is taken, the party whose registration or permit request is to be refused, suspended, or revoked, the registered party, or the permittee shall be given a written notice of the proposed action, including the basis for the action, and shall have the right to request a hearing before the commissioner within 20 days after receiving notice of the proposed action. A notice of the proposed action that is sent by certified mail to the last known address of the person against whom the action is proposed shall be considered received even if delivery is refused or the notice is not accepted at that address. If a hearing is requested, notice of the time and place of the hearing shall be given at least 10 days before the date set for the hearing. At the hearing, the person shall be given an opportunity to present any evidence or argument on his or her own behalf. If a hearing is not requested in a timely manner, the commissioner may take the action proposed without a hearing. If the party whose registration or permit is refused, suspended, or revoked requested and appeared at a hearing, he or she may appeal to the director within 10 days of mailing or personal service of the commissioner's decision. The following procedure shall apply to the appeal:

(1) The appeal need not be formal, but it shall be in writing and signed by the appellant or his or her authorized agent and shall state the grounds for the appeal. The commissioner's decision shall be stayed pending the director's decision, except as provided in subdivision (b). The party whose registration or permit has been refused shall remain unregistered or unpermitted pending the outcome of the appeal.

(2) Any party may, at the time of filing the appeal or within 10 days thereafter, make written application to the director to present new evidence, stating the materiality of the evidence, and the reasons why the evidence was not introduced at the hearing before the commissioner. The evidence may be allowed in the discretion of the director. Thereafter, 10 days shall be given the parties to rebut the evidence and make written application to the director to present oral or written argument. An application to present written argument shall be granted, but the director shall have discretion to grant oral argument or to grant both oral and written argument. If an application to present oral argument is granted, written notice of the time and place for oral argument shall be given each party at least 10 days before the date set therefor. The time may be shortened by mutual agreement of the parties. If written argument is granted, all parties shall be notified thereof and shall simultaneously file briefs within the time specified by the director.

(3) The director shall decide the appeal upon the evidence received at the hearing before the commissioner, oral or written argument, and new or additional evidence as the director may have admitted.

(4) On an appeal pursuant to this section, the director may sustain, reverse, or modify the decision of the commissioner. A copy of the director's decision shall be delivered or mailed to each party. This shall not be a limitation on the director's authority to institute proceedings against any state license or other indicant of permission issued pursuant to this division or pursuant to Division 7 (commencing with Section 12501).

(5) A review of a decision of the director may be sought by the appellant within 30 days of the date of the decision pursuant to Section 1094.5 of the Code of Civil Procedure.

(b) Notwithstanding any other provision of law, whenever the commissioner has reason to believe that continuance of a registration or permit specified in subdivision (a) endangers public health or safety or the environment, the commissioner, without prior notice, may immediately suspend the registration or permit. The commissioner shall inform the party registered or the permittee, in writing, of the suspension as soon as practical, specifying the reasons for the immediate suspension. When acting pursuant to this subdivision, the commissioner, within seven days of informing the permittee or registered person of the immediate suspension, shall issue a written notice of proposed action as specified in subdivision (a). Subdivision (a) applies to the notice of proposed action, hearing, and appeal, except as otherwise provided in this subdivision. If a hearing is requested, it shall be held not later than seven days from the date the request for the hearing is received by the commissioner, unless the person requesting the hearing agrees to a later hearing date. The commissioner's decision shall be issued within 10 days after the conclusion of the hearing. If the party against whom action was taken requested and appeared at a hearing, he or she may appeal the commissioner's decision, issued following the hearing, to the director as provided in subdivision (a). The director may stay the commissioner's decision pending the director's decision.

(Amended by Stats. 1996, Ch. 435, Sec. 1. Effective January 1, 1997.)

11513. Any money which is derived under the provisions of Article 1 (commencing with Section 11701) of Chapter 4 and Article 1 (commencing with Section 11901) of Chapter 5 shall be paid into the State Treasury to the credit of

the Department of Food and Agriculture Fund. Any money in the Department of Food and Agriculture Fund which is derived under the provisions of this division may be expended for the administration and enforcement of this division, notwithstanding any other provision of law which limits the expenditure of any such money to the specific purposes or to the administration or enforcement of each of these portions of this code separately.

(Amended by Stats. 1984, Ch. 193, Sec. 24. Note: See this section as modified on July 17, 1991, in Governor's Reorganization Plan No. 1 of 1991.)

11514. Whenever a decision of the director suspends for 30 days or less the license of a person licensed pursuant to Sections 11701 to 11709, inclusive, or Sections 11901 to 11913, inclusive, and such suspension becomes final, the licensee may, before the operative date of such suspension, petition the director for permission to make a monetary payment in lieu of serving all, or a portion, of the suspension. Upon receipt of such petition, the director may stay the suspension while he makes such investigation as he deems desirable and may grant the petition if he is satisfied (a) that the public health, safety and welfare will not be impaired by permitting the licensee to operate during the period set for suspension; (b) the payment of the sum of money will achieve the desired disciplinary purpose; and (c) that it will be possible to determine with reasonable accuracy from the records of the licensee the services which would have been performed under the privilege of the license during the period in which the license would have been suspended.

As to a licensee engaged for hire in the business of pest control, the monetary payment stated in the petition shall be in a specific amount, which is estimated to be the equivalent of 20 percent of the gross receipts of the licensee for each day of the suspension and shall not be less than two hundred fifty dollars (\$250) nor more than two thousand five hundred dollars (\$2,500).

As to a licensee licensed with a pest control aircraft pilot's certificate, the monetary payment in the petition shall be in a specific amount, which is estimated to be the equivalent of 50 percent of the gross earnings of the licensee for all work performed by him under the privileges of the license for each day of the suspension and shall not be less than one hundred dollars (\$100) nor more than one thousand dollars (\$1,000).

When the decision provides that a portion of the suspension shall be stayed on probationary conditions, the petition shall not apply to the portion of the suspension which is so stayed, nor shall such portion be included in determining the 30-day limitation for eligibility of the petition.

If the petition is accepted, then upon payment by the licensee of the sum specified the director shall enter his order permanently staying all or a portion of the suspension in accordance with the petition.

All payments received pursuant to this section shall be credited to the Department of Agriculture Fund for use in the administration and enforcement of this division.

(Amended by Stats. 1979, Ch. 732. Note: See this section as modified on July 17, 1991, in Governor's Reorganization Plan No. 1 of 1991.)

11517. Any person whose license or certificate issued pursuant to this division, Chapter 3.4 (commencing with Section 14090), or Chapter 3.6 (commencing with Section 14151) of Division 7 is revoked, or whose application for such a license or certificate is denied for reasons other than his or her failure to satisfy examination requirements, is ineligible for a period of three years from the effective date of the decision to deny or revoke the license or certificate to apply or reapply as an individual, a business, or officer, director, administrator, or owner with a 10 percent or greater interest in a business, whichever is applicable, for the same kind of license or certificate or another license or certificate issued by the department if the grounds for the revocation or denial are determined by the department to be directly relevant to the functions, duties, or responsibilities of that other license or certificate.

(Amended by Stats. 1999, Ch. 609, Sec. 2. Effective January 1, 2000.)

11518. A commissioner accepting payment for pest control registrations or services by credit card or other payment device may impose a charge for costs incurred in connection with that form of payment and shall use his or her best efforts to minimize those costs. The terms "credit card" and "payment device" have the same meaning as defined in Section 6161 of the Government Code.

DIVISION 6. PEST CONTROL OPERATIONS [11401 - 12408] (*Heading of Division 6 amended by Stats. 1971, Ch. 1187.*)

CHAPTER 4. Pest Control [11701 - 11897] (*Heading of Chapter 4 amended by Stats. 1993, Ch. 620, Sec. 4.*)

ARTICLE 1. Licenses and Permits [11701 - 11711]

 (*Article 1 enacted by Stats. 1967, Ch. 15.*)

11701. It is unlawful for a person to advertise, solicit, or operate as a pest control business, unless the person has a valid pest control business license issued by the director.

(*Amended by Stats. 1996, Ch. 435, Sec. 2. Effective January 1, 1997.*)

11701.5. Every principal and branch office of a business licensed pursuant to Section 11701 shall have at least one person in a supervisory position who holds a qualified applicator license issued pursuant to Chapter 8 (commencing with Section 12201). The qualified applicator license shall include the categories of pest control activities supervised by that person who is employed by that business.

(*Amended by Stats. 1993, Ch. 620, Sec. 6. Effective January 1, 1994.*)

11702. Applicants for a pest control business license shall do all of the following:

(a) Submit information to the director covering the applicant's business and personal qualifications that the director requires.

(b) Designate in the application the qualified applicator who shall be responsible for the conduct of the principal office of the applicant and of each branch location.

(c) Satisfy the director of the responsibility of the applicant as to any of the following:

(1) Equipment and facilities.

(2) Financial ability to perform the work authorized by the license and to respond in damages for any illness, injury, or damage resulting from the work, which ability may be satisfied by insurance in a form satisfactory to the director insuring against liability for personal injury and property damage in an amount prescribed by regulation of the director. The amount shall be related to the volume and type of pest control operations for which the applicant is licensed to perform.

(3) Personal responsibility to conduct the business.

The director shall establish by regulation the general classes of pest control operations in which the applicant may be qualified.

Licensing by the director shall not derogate from the authority of commissioners stated in Sections 11731 to 11741, inclusive.

(*Amended by Stats. 1993, Ch. 620, Sec. 7. Effective January 1, 1994.*)

11703. (a) Except as otherwise provided in Sections 11704 and 11707, the application shall be accompanied by a fee as prescribed by the director pursuant to Section 11502.5.

(b) If the applicant maintains any branch office in this state or outside this state and the applicant engages in the pest control business in this state from that branch office, the applicant shall pay an additional fee as prescribed by the director pursuant to Section 11502.5 for each of these branch offices.

(*Amended by Stats. 2003, Ch. 741, Sec. 48. Effective January 1, 2004.*)

11704. (a) A person who is regularly engaged in the business of maintenance gardening and who desires to engage in pest control for hire incidental to that business shall qualify for a pest control business license in the maintenance gardener category by passing the certified commercial applicators examination in both the laws and regulation and the landscape maintenance categories.

(b) The maintenance gardener category shall be limited to pest control in ornamental and turf plantings indoors, in commercial parks, or surrounding structures. A contract or verification that the pest control operation is incidental and that maintenance gardening is the primary purpose shall be immediately submitted to the commissioner or director upon request.

(c) An application for a license limited to the maintenance gardener category shall be accompanied by a fee as prescribed by the director pursuant to Section 11502.5.

(Amended by Stats. 2003, Ch. 741, Sec. 49. Effective January 1, 2004.)

11705. The director shall issue to each applicant that satisfies the requirements of this article a license which authorizes the applicant to perform the type or types of pest control activities specified in the license during the calendar year for which the license is issued, unless the license is sooner revoked or suspended.

(Amended by Stats. 1971, Ch. 1187.)

11706. The license may be renewed annually upon application to the director, accompanied by the proper fee, on or before the first day of January of the calendar year for which the license is issued.

(Enacted by Stats. 1967, Ch. 15.)

11707. To any fee which is not paid by the date of expiration, there shall be added a penalty as prescribed by the director pursuant to Section 11502.5.

(Amended by Stats. 2003, Ch. 741, Sec. 50. Effective January 1, 2004.)

11708. The director may refuse to grant any license and may revoke or suspend any license if the applicant or licensee:

(a) Does not have, or has not maintained at its principal office and at each branch location, a person who holds a qualified applicator license issued pursuant to Chapter 8 (commencing with Section 12201) to actively supervise all operations performed for each such location as prescribed by regulations of the director. This subdivision does not apply to businesses that are licensed only in the maintenance gardener category.

(b) Does not have, or has not maintained, adequate safe equipment and facilities to perform the operations undertaken or to be undertaken.

(c) Does not have adequately trained personnel to perform the operations undertaken or to be undertaken.

(d) Violates or permits the violation of any provision of this division and Division 7 (commencing with Section 12501) pertaining to pesticides or of any regulations adopted pursuant thereto by the director or any commissioner or any industrial safety order relating to pesticides issued by the Department of Industrial Relations.

(e) Fails to maintain and report to the director or commissioner, as required, information concerning pest control performed or authorized to be performed by the license or the registration of the commissioner.

Any hearing to deny, suspend, or revoke a license shall be heard under the Administrative Procedure Act, Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. However, if the director finds on the basis of affidavits submitted to him or her by the enforcement personnel provided in Section 11501.5, or by injured parties, that the protection of the public welfare or safety requires immediate action, the director may, without hearing, temporarily suspend or condition the license of any pest control operator and shall forthwith schedule the matter for hearing. The director may terminate the suspension of, or any condition placed upon, a license upon correction of the defects of equipment, establishment of adequate safety practices, or any other corrective action as he or she deems satisfactory to assure compliance with the requirements of statutes and regulations. In that event, the matter may proceed to hearing as though the license had not been suspended or the conditions placed upon it.

(Amended by Stats. 1993, Ch. 624, Sec. 2. Effective January 1, 1994.)

11709. A person not regularly engaged in the business of pest control that operates only in the vicinity of his or her own property and for the accommodation of his or her neighbors is not required to pay the fee specified by Section 11703, but is required to procure a license. The person shall register with the commissioner as provided in Section 11732, and is subject to all other provisions of this division. The determination of the director that a person is

engaged in the business of pest control beyond the vicinity of his or her own property or for the accommodation of others than his or her neighbors is final.

(Amended by Stats. 1983, Ch. 388, Sec. 1.)

11710. A person that is regularly engaged in the business of tree surgery is not required to procure a license to remove diseased or infested tissues or apply disinfectants to wounds or cavities incidental to tree surgery. If such person desires to engage in any other pest control operation, he shall procure a license from the director, shall register with the commissioner as provided in Section 11732, and is subject to all other provisions of this division.

(Enacted by Stats. 1967, Ch. 15.)

11711. Unless worker's compensation insurance is not required, no license may be issued or renewed under this chapter to any person who is an employer, as defined in Section 3300 of the Labor Code, unless the application is accompanied by identification and the number and expiration date of the worker's compensation insurance policy of the applicant or the applicant is a qualified self-insurer.

(Enacted by Stats. 1967, Ch. 15.)

11732. It is unlawful for any person to advertise, solicit, or operate as a pest control business in any county unless the person has registered with the commissioner for the current calendar year.

The registrant shall report the information to the commissioner or the director when and in the form as required.

(Amended by Stats. 1971, Ch. 1187.)

11734. The board of supervisors of any county may establish reasonable fees for the registration required under Section 11732. - (c) That the registrant or the applicant has not complied with any provision of this division or of Division 7 (commencing with Section 12501) pertaining to pesticides, or with regulations adopted pursuant to the provisions, or with any lawful order of the commissioner.

(Amended (as amended by Stats. 1979, Ch. 660, Sec. 4) by Stats. 1982, Ch. 982, Sec. 4.)

11737. The commissioner or director may order any person or the agent or employee of any licensee or registrant or person, to cease operation of any equipment or facility which he finds unsuitable, or which he finds being operated in any of the following ways:

- (a) By an incompetent or unqualified person.

(b) In violation of this division or Division 7 (commencing with Section 12501) relating to pesticides or any regulation issued thereunder or any regulation of the commissioner.

The commissioner or director may bring an action to enjoin the violation or the threatened violation of any order made pursuant to Section 11737 in the superior court in the county in which the order was issued or the violation has occurred or is threatened, and the court may enjoin such violation or threatened violation upon such showing and without further evidence of irreparable injury. The court may compel specific performance of any acts or course of conduct necessary to protect persons, animals, crops, or property.

(Added by Stats. 1971, Ch. 1187.)

11738. The regulations of the commissioner may provide for the qualification, by examination or otherwise of the following persons:

(Enacted by Stats. 1967, Ch. 15.)

(Enacted by Stats. 1967, Ch. 15.)

11740. Any certificate of qualification which is issued pursuant to Section 11738 may be revoked or suspended, or its issuance or renewal refused, if the commissioner finds that the applicant or holder of the certificate is incompetent or has violated any provision of this division, or any regulation which is issued pursuant to it, or has not complied with any lawful order of the commissioner.
