

Animal Disease (Control) (Stock Feeds) Regulation [Cap 220]

Commencement: 25 November 2002

ANIMAL DISEASE (CONTROL) (STOCK FEEDS) REGULATION

Order 46 of 2002

To provide a formal ban to prevent the feeding of stock feeds containing animal protein of ruminant origin to cattle, sheep, goats or other ruminants.

Feeding of stock feeds

Stock feeds containing animal protein of ruminant origin to:

cattle; or

sheep; or

goats; or

other ruminants,

must not be used for feeding animals.
