

**THE GOVERNMENT OF  
VIETNAM**

-----

No. 153/NQ-CP

**SOCIALIST REPUBLIC OF VIETNAM**  
**Independence – Freedom – Happiness**

-----

*Hanoi, May 31, 2025*

## **RESOLUTION**

**PROMULGATION OF THE GOVERNMENT’S ACTION PROGRAM FOR  
IMPLEMENTATION OF RESOLUTION NO. 59-NQ/TW DATED JANUARY 24,  
2025 OF THE POLITBURO ON INTERNATIONAL INTEGRATION IN NEW  
SITUATION**

### **THE GOVERNMENT**

*Pursuant to the Law on Government Organization dated February 18, 2025; the Law on  
Organization of Local Government dated February 19, 2025;*

*Pursuant to the Resolution No. 59-NQ/TW dated January 24, 2025 of the Politburo on  
international integration in new situation;*

*At the request of the Minister of Foreign Affairs at Document No. 2637/TTr-BNG-CSDN  
dated May 05, 2025.*

### **RESOLVES:**

**Article 1.** Resolution on promulgation of the Government’s action program for implementation of the Resolution No. 59-NQ/TW dated January 24, 2025 of the Politburo on international integration in new situation is approved.

**Article 2.** Ministries, central authorities, and People's Committees of provinces and cities shall, on the basis of their assigned tasks in the Government's action program, formulate implementation plans to be completely implemented before June 15, 2025.

**Article 3.** Ministers, Heads of ministerial-level agencies and Governmental agencies, and Chairpersons of People's Committees of provinces and cities shall focus on direction of the implementation of key tasks and solutions in the action program; strengthen urge and inspection of the implementation of the action program; periodically conduct preliminary and final reviews, make assessment, well perform emulation and commendation tasks, prepare reports on results of implementation and submit such reports to the Ministry of Foreign Affairs that will send a consolidated report to the Government and the Prime Minister - Chairman of the National Steering Committee for International Integration. Ministries, central and local authorities shall proactively cooperate with the Ministry of Foreign Affairs to send reports to the Prime Minister for consideration and decision on matters beyond their jurisdiction.

**Article 4.** The Ministry of Foreign Affairs shall preside over and advise the Government and the Prime Minister on organization of inspection and supervision; preliminary and final reviews of results of implementation of the action program; and submission of periodical reports to the Government and the Prime Minister.

**ON BEHALF OF THE GOVERNMENT  
OF VIETNAM  
PP. PRIME MINISTER  
DEPUTY PRIME MINISTER**

**Bui Thanh Son**

## **THE GOVERNMENT’S ACTION PROGRAM**

**IMPLEMENTATION OF RESOLUTION NO. 59-NQ/TW DATED JANUARY 24,  
2025 OF THE POLITBURO ON INTERNATIONAL INTERGATION IN NEW  
SITUATION**

*(Enclosed with the Government’s Resolution No. 153/NQ-CP dated May 31, 2025)*

### **I. OBJECTIVES**

1. Organize institutionalization and fully and strictly adopt viewpoints, fulfill objectives and tasks, and take solutions set forth in the Resolution No. 59-NQ/TW dated January 24, 2025, of the Politburo on international integration in new situation (hereinafter referred to as “Resolution No. 59-NQ/TW”).

2. Identify specific tasks for ministries, central and local authorities to formulate action plans, organize implementation, and conduct inspection, supervision and assessment of the implementation of the Resolution No. 59-NQ/TW; realize the objectives of improving quality, efficiency, synchronicity and comprehensiveness of international integration in order to develop the country's potential, new position and strength; maintain a peaceful and stable environment, thereby making practical contributions to national construction, development and defense; build an independent, self-reliant and resilient economy that can develop rapidly and sustainably; perfect the Socialist Rule-of-Law State of the people, by the people and for the people; comprehensively improve people's living standards; preserve and promote Vietnamese cultural values and human strength; strengthen national synergy; enhance the country’s international role, position, and prestige; and develop Vietnam into a developed, high-income and socialist-oriented country by the middle of the 21<sup>st</sup> century.

## II. SPECIFIC TASKS

To achieve the objectives set forth in the Resolution No. 59-NQ/TW, in the coming time, in addition to regular tasks, ministries, ministerial-level agencies, Governmental agencies, and People's Committees of provinces and cities shall specify and organize the performance of the following tasks:

### **1. Strengthen the Communist Party's leadership; innovate international integration thinking, awareness and actions in the new situation**

a) Formulate, submit a proposal for promulgation, and organize the implementation of a comprehensive, regular and wide-ranging program for dissemination of the Resolution No. 59-NQ/TW and the Communist Party and State's guidelines and policies on international integration; diversify and innovate content and methods to improve the quality and effectiveness of dissemination; specify disseminated contents for each target group; and clarify requirements for innovation in international integration thinking, awareness and actions in the new situation.

b) Promote digital transformation, develop digital data, and strengthen the application of information technology, digital technology and online platforms to external information, dissemination, and international integration; formulate the Strategy/Orientation for digital diplomacy development in Vietnam up to 2030.

c) Continue to effectively implement the Resolution No. 35-NQ/TW dated October 22, 2018 of the Politburo on enhancement of protection of the Communist Party's ideological foundation and struggle against wrong and hostile viewpoints in the new situation and Directive No. 23-CT/TW dated February 9, 2018, of the Secretariat on continuation in innovation and improvement of the quality and efficiency in study, research, application, and development of Marxism-Leninism and Ho Chi Minh Thought in the new situation; proactively struggle to defeat all plots, sabotage activities, "peaceful evolution", and interference in Vietnam's internal affairs by hostile forces; and firmly protect sovereignty, sovereign rights, jurisdiction, and legitimate rights and interests of Vietnam in accordance with international law.

d) Improve the quality and effectiveness of dissemination and provision of education about awareness, responsibility, resistance and capacity to proactively struggle against and refute wrong and hostile viewpoints during the process of international integration for cadres, the Communist Party members, and the people, especially the young.

dd) Enhance the efficiency in mechanisms for cooperation and exchange of information between ministries and focal agencies on foreign affairs and international integration in order to proactively identify, monitor, analyze, assess, and promptly and accurately forecast the international situation, emerging issues on relations with partners, and their adjustments to guidelines and policies; promptly advise the Communist Party and the State to direct ministries and central authorities to develop appropriate and prompt plans,

measures and policy responses to prevent and limit negative impacts, and take full advantage of favorable factors and resources from the international integration process.

**2. Increase the efficiency in international economic integration to build an independent, self-reliant and resilient economy, restructure economy, innovate growth model, and promote digital transformation**

a) Review, update, and promote the implementation of strategies, programs, and action plans for international economic integration, thereby ensuring harmony and synchronicity with the action program to implement the Resolution No. 59-NQ/TW; consider adding new tasks and solutions to meet the set requirements for the country's development from now until 2030, with a vision to 2045.

b) Assess efficiency in implementation and proposal for negotiation for upgradation of international economic cooperation agreements, including free trade agreements (FTAs) signed; conduct study and propose guidelines for selective signature of and participation in new FTAs and international economic cooperation initiatives; develop and implement measures, mechanisms, and policies to take advantage of opportunities and remove difficulties and obstacles to implementation of international economic agreements, linkages and FTAs, especially new-generation FTAs; and develop a Scheme for development of an ecology for assisting enterprises in taking advantages of the FTAs.

c) Properly fulfill Vietnam's obligations within the framework of the World Trade Organization (**WTO**), including conducting trade policy reviews, handling trade disputes, participating in negotiation sessions and WTO activities, and contributing to WTO reform. Continue to advocate countries recognizing Vietnam's market economy status and removing barriers to facilitate Vietnamese enterprises' international trade and investment.

d) Conduct study and develop strategies/plans for negotiation and signature of digital linkages and linkages in supply chains, production chains, and value chains, etc.

dd) Develop and implement mechanisms and policies to assess, forecast, and control the impacts of international economic agreements and linkages on economic security, national financial safety and security, energy security, food security, and other non-traditional security issues

e) Promote the implementation of mechanisms for exchange and cooperation with regional countries, particularly ASEAN members, in financial security, economic security, energy security, and other non-traditional security challenges.

g) Finalize and promote the implementation of mechanisms and policies to encourage and facilitate the development of e-commerce, digital economy, green economy, circular economy, carbon markets, and reduction in greenhouse gas emission, thereby contributing to new growth drivers. Accelerate institutional and administrative reforms and improvement of business and investment environment.

- h) Diversify and promote the implementation of mechanisms and policies to stimulate capital markets for enterprises in line with international and regional practices, assist corporate groups in expanding their scale, increasing their capacity to direct domestic value chains, digitizing supply chains, and fully engaging in global markets. Provide technical assistance and increase capacity of enterprises in all economic sectors to join production, value and supply chains of Foreign Direct Investment (FDI) firms and actively participate in international cooperation. Establish and implement regulatory sandboxes to enable Vietnamese enterprises to achieve breakthroughs in new potential sectors; and assist SMEs, startups, innovation, and sustainable business models.
- i) Assess, adjust, update and improve the effectiveness of foreign investment attraction policies to drastically increase attractiveness to high-quality investment, including new-generation FDI and ODA and green finance, and prioritize large-scale projects with high-tech content, advanced technology and modern management that produce spillover effects, eco-smart industrial parks, innovation centers, logistics, and strategic infrastructure.
- k) Develop and implement a strategy for attracting global corporations that play a leading role in key supply chains, including information technology (IT), telecommunications, semiconductors, and artificial intelligence (AI), etc. to invest and expand their business in Vietnam; strengthen investment, finalize institution, develop infrastructure, and provide training for high-quality human resources to attract major corporations' investment in Vietnam. Effectively combine national defense and security tasks with economic development and international economic integration; proactively develop plans and measures to prevent abusing international economic integration to infringe upon national security.
- l) Develop and implement incentive mechanisms and policies to assist major enterprises in commitment to technology transfer, management skills, product testing, technical assistance, training for human resources and use of products and services provided by Vietnamese SMEs; promote and increase the localization rate through linkages between FDI and domestic enterprises, especially foundational, prioritized and spearhead industries. Conduct study of establishment of industry promotion and consultancy centers to assist and connect FDI and domestic enterprises in industrial parks and key economic zones.
- m) Actively provide guidance and assist domestic enterprises in registering international trademark protection, and establish and implement mechanisms for monitoring trademark usage and take additional protective measures.
- n) Increase capacity of state management agencies and trade associations to assist domestic enterprises in strengthening linkages with foreign investment sectors, prevent and deal with disputes arising from international trade and investment relations.
- o) Establish and implement plans and orientations to promote the development of Vietnamese enterprise and entrepreneur culture that are highly adaptable to integration

environment and on the basis of selective learning and absorption of fine international enterprise culture values.

p) Develop and implement specific mechanisms and policies on development and application of new economic models and advanced management and business models; develop a support framework for emerging industries, including semiconductor industry, artificial intelligence and clean energy in order to create long-term growth drivers.

q) Accelerate institutional and administrative reforms and improvement of business and investment environment. Finalize and enhance quality of the financial institution, including policies that facilitate the development of green finance, green credit, and adaptation to emerging issues in the financial sector; finalize policies and increase efficiency in mobilization, allocation and use of national financial resources in association with promotion of innovation in growth models, restructuring of economy and sustainable development. Develop and implement the international integration strategy in the monetary and banking sector. Finalize institution and policies to develop regional and international financial centers in Vietnam.

r) Review, finalize and enhance the effectiveness of cooperation frameworks, commitments and agreements with international financial organizations, forums, and partners' state financial management agencies. Actively participate in and promote Vietnam's role in establishment of multilateral financial institutions, especially those in ASEAN, ASEAN+3, the Asia-Pacific Economic Cooperation (APEC), and Mekong subregion; participate in establishment of international financial institutions, including World Bank (WB) and International Monetary Fund (IMF).

s) Continue implementing strategies and plans for participation in bilateral, multilateral, and plurilateral cooperation organizations and mechanisms in terms of economy, trade, investment and finance-monetary, on the basis of updated and additional contents in conformity with international trends and specific conditions of Vietnam.

t) Establish mechanisms for supervision of the implementation of international economic agreements and linkages, at the same time enhance cooperation between central and local authorities. Finalize and implement mechanisms and policies on supervision of mergers and acquisitions (M&A) of enterprises, thereby maintaining national defense, security, and independence and autonomy of the economy in accordance with domestic laws and international commitments.

u) Conduct study and propose participation in regional transport connection infrastructure projects, thereby contributing to the development of a synchronized and efficient transport network. Effectively develop and make use of resources from initiatives and overall plans for regional connection of which Vietnam is a member, especially ASEAN, APEC and the Mekong subregion. Strengthen research, transfer, application and development of advanced technological solutions to development of infrastructure.

**3. Stimulate international integration in terms of politics, national defense, and security in a more comprehensive and effective manner, thereby contributing to maintenance of a peaceful and stable environment, promotion of socio-economic development, protection of the Fatherland in an early manner regardless of distances, and development of Vietnam's potential and international position**

a) Effectively implement the action program to develop partnership frameworks established, especially comprehensive strategic partnerships, strategic partnerships, comprehensive partnerships, and equivalents. Proactively conduct study and propose establishment of new partnership frameworks and expand cooperation with partners in new sectors that align with the needs and meet conditions in Vietnam.

b) Effectively implement Resolutions, Directives, Conclusions, Schemes, and directive documents issued by the Politburo and the Secretariat on foreign affairs, including the Resolution No. 34-NQ/TW of the Politburo dated January 9, 2023, on major orientations and policies on implementation of foreign policies at the 13<sup>th</sup> National Congress of the Communist Party of Vietnam, and the Conclusion No. 71-KL/TW of the Politburo dated February 16, 2024, on key tasks and solutions for implementation of foreign policies at the 13<sup>th</sup> National Congress of the Communist Party of Vietnam, development and improvement of relations with partners, especially neighboring countries, major countries, Southeast Asian nations, other important partners, and traditional friends. Effectively execute the Conclusion No. 82-KL/TW of the Politburo dated June 4, 2024, on international integration and foreign affairs of the People's Public Security until 2030 and in subsequent years; the Conclusion No. 53-KL/TW of the Politburo dated April 28, 2023, on international integration and defense diplomacy until 2030 and in subsequent years; and the Directive No. 24-CT/TW of the Politburo dated July 23, 2023, on maintenance of national security and defense during comprehensive and deep international integration.

c) Continue to effectively implement a Plan for Vietnam to host high-level multilateral events until 2030 and a Scheme for participation in key UN mechanisms until 2040. Implement the Scheme for participation in key UN mechanisms until 2040. Efficiently implement the ASEAN Community Strategic Plan and continue to formulate and implement the ASEAN Community Vision 2045.

d) Effectively implement the Conclusion No. 125-KL/TW dated February 14, 2025, of the Secretariat on enhancement of execution of Directive No. 25-CT/TW dated August 8, 2018, of the Secretariat on promotion and improvement of multilateral foreign relations until 2030. Formulate and develop plans to join international organizations, forums and cooperation mechanisms in which Vietnam is not yet a member, especially new cooperation frameworks in the Asia-Pacific (APAC) region and the Indian Ocean region.

dd) Proactively and actively monitor and readily and appropriately participate in and contribute to establishment of multilateral institutions and regional and global governance frameworks for major and emerging issues, including artificial intelligence (AI),

environment, climate change, pandemics, technology, supply chains, cybercrime and transnational crime prevention, etc.

e) Formulate and implement the capacity improvement scheme to promote Vietnam's role as a mediator and conciliator in international peace and security issues, in line with Vietnam's capacity and interests. Continue executing schemes for participation in United Nations Peacekeeping Force towards expansion of scale and scope of operations and improvement of the quality of Vietnam's participation in these operations.

g) Develop and implement international cooperation mechanisms for sharing information, early warning, and responding to non-traditional security challenges; strengthen international cooperation in struggle against transnational and foreign-related crimes, and enhance regional and global law enforcement cooperation.

h) Proactively and actively participate in, propose, and direct the implementation of international initiatives and activities regarding assurance of human security, in line with Vietnam's interests and specific conditions, including humanitarian aid, search and rescue, management of natural disasters, prevention of wars, struggle against cross-border crime, cybercrime, high-tech crime, drug-related crime, money laundering, and human trafficking.

i) Continue to effectively implement the Directive No. 32-CT/TW on enhancement and improvement of the efficiency in the Communist Party's foreign relations in the new situation, and Overall Scheme for enhancement and improvement of the efficiency in the Communist Party's foreign relations until 2025; formulate an Overall Scheme for enhancement and improvement of the Communist Party's foreign relations for the 2026 - 2030 period with a vision to 2040.

k) Improve the effectiveness and strategic nature of the Communist Party's foreign cooperation mechanisms; conduct study and establish new cooperation mechanisms via the Communist Party channel; diversify participants in the Communist Party's foreign affairs and expand its network of partners; innovate methods of cooperation with each partner, diversify and increase the substantive effectiveness of the Communist Party's foreign affairs.

l) Enhance proactivity and effectiveness of participation in multilateral meetings of political parties and people-oriented diplomacy; appreciate contribution to establishment of multilateral political party institutions, and encouragement of initiatives that align with Vietnam's interests and specific conditions.

m) Promote establishment of mechanisms for exchange and contact with Vietnam Friendship Parliamentarian Groups in Parliaments and National Assemblies of other countries. Actively participate in key multilateral parliamentary mechanisms, including the Inter-Parliamentary Union (IPU), ASEAN Inter-Parliamentary Assembly (AIPA), and Assemblée parlementaire de la Francophonie (APF), etc.

n) Specify and effectively implement defense and security cooperation orientations within partnership frameworks established. Establish and participate in new mechanisms for dialogue and cooperation in defense and security with partners, especially neighboring countries, ASEAN nations, and other key partners, in line with Vietnam's interests and conditions. Conduct study and propose expansion of international cooperation in defense and security, including defense industries and dual-use industries.

o) Strengthen and diversify forms of exchange, dialogue, friendly interaction and cooperation with border management and protection forces of neighboring countries to effectively implement border management agreements and regulations; effectively cooperate in resolution of emerging issues related to security, order, management of natural disasters, and prevention of epidemics in border areas and at border checkpoints from the grassroots level; and effectively implement border guard agreements, thereby contributing to maintenance of a peaceful and stable environment along all border lines.

#### **4. Strengthen international integration in terms of science, technology and innovation, thereby contributing to improvement of national competitiveness, promotion of sustainable development and modernization of the country**

a) Efficiently execute the Politburo's Resolution No. 57-NQ/TW dated December 22, 2024 on breakthrough for development of national science, technology, innovation and digital transformation, especially solutions to promotion of international cooperation in development of science, technology, innovation and digital transformation.

b) Continue to effectively implement international science and technology treaties and agreements that have been signed. Propose negotiation, signature, accession to and establishment of new, bilateral and multilateral cooperation mechanisms and agreements on science, technology, innovation, digital transformation, and development of startup ecosystem.

c) Formulate a Scheme for Vietnam's proactive participation in international standardization organizations. Strengthen international cooperation to increase capacities of agencies and personnel participating in international standardization organizations, thereby contributing to development of international standards and technical regulations on science and technology

d) Mobilize international partners to provide financial and technical support and share experience in development of science, technology, and innovation, artificial intelligence (AI), semiconductor industry and startup ecosystems, and promptly follow new science and technology trends.

dd) Strengthen research and formulate domestic scientific and technological standards and regulations that align with advanced international standards and regulations, thereby contributing to enhancement of the competitiveness of Vietnamese enterprises and products. Actively mobilize international and regional organizations, including World Intellectual Property Organization (WIPO), to assist Vietnam in this process.

e) Conduct research and seek partners, including global technology corporations, to establish centers for research, development, application of advanced science and technology and innovation in Vietnam. Formulate and develop specific mechanisms and policies to increase the attractiveness of Vietnam's investment environment for high-tech, spearhead technologies, and research and development sectors, including artificial intelligence (AI), quantum technology, and atomic energy, etc.; encourage organizations, enterprises and individuals to participate in the global innovation network and other appropriate cooperation mechanisms.

g) Continue to promote cooperation in development of high-quality human resources with international partners and organizations, especially renown partners having administration skills, owning leading technologies with high quality of education and training. Strengthen development and implementation of high-quality human resource training cooperation models associated with priority industries, spearhead industries, new industries, and innovation sectors.

h) Build a database of overseas Vietnamese scientists and experts participating in cooperation with domestic partners in specific scientific and technological issues. Continue to renew and diversify mechanisms and policies to attract and retain talents, including international experts, scientists, and intellectuals, and overseas Vietnamese. Formulate and implement several key national scientific and technological programs and projects that enable overseas Vietnamese intellectuals to participate.

i) Strengthen exchange of experts and experience to enable Vietnamese scientists, engineers and specialists to participate in exchange, training, and research programs in foreign countries.

k) Encourage private sector participation in scientific research and technological development through public-private partnership (PPP).

## **5. Promote international integration in terms of culture, society, tourism, environment, education and training, health, and other sectors**

a) Expand, diversify and develop international cooperation mechanisms in terms of culture, information, society, tourism, sports, environment, education and training, health, labor, agriculture, and other sectors in line with Vietnam's interests and specific conditions.

b) Actively participate in and contribute to formulation of regulations, policies, and rules on emerging sectors and issues that are closely related to Vietnam's interests and concerns, within multilateral cooperation mechanisms for culture, information, society, tourism, sports, environment, education and training, health, labor, agriculture, and other sectors. Proactively initiate and implement new cooperation initiatives and ideas, and share experience in sectors in which Vietnam has advantages and may potentially become the center of attraction of ASEAN, including sustainable poverty

reduction, development gap narrowness, food security, protection of children's rights, health and gender equality.

c) Review and implement bilateral and multilateral international treaties and agreements on culture, society, tourism, environment, education and training, health, labor, agriculture, and other sectors. Focus on implementation of international labor treaties and agreements associated with the objectives of enhancing the quality of life and working conditions for employees with concentration on high-income markets and advanced and high labor standards.

d) Effectively perform international integration and cooperation tasks related to culture within the framework of the national target program for cultural development for the 2025 - 2035 period, with a focus on promotion of Vietnamese cultural centers' roles in foreign countries.

dd) Effectively develop and implement the South-South Cooperation Development Orientation Scheme in agricultural and rural sectors; the Scheme for Orientation to attraction and management of foreign direct investment (FDI) in agricultural and rural sectors; and the Scheme for Orientation to attraction, management and use of ODA, other concessional loans granted by foreign donors and non-governmental aid under the state management of the Ministry of Agriculture and Environment. Continue the effective implementation of the Scheme for promotion of export of agro-forestry-fishery products until 2030 and proposal for visions and solutions for subsequent years. Effectively execute projects, from now until 2025 and the following period, committed with international organizations and partners in agricultural and rural sectors. Conduct study and propose signature of and participation in new international cooperation initiatives and mechanisms for development of infrastructure of management of natural disasters, protection and sustainable development of forests, etc.

e) Mobilize international partners and organizations to share experience, transfer knowledge and skills, and provide financial support for the development of culture and content industries in Vietnam. Effectively develop and implement mechanisms and policies to assist Vietnamese enterprises, organizations, and individuals in developing cultural products and brands that have high quality and global competitiveness. Finalize and implement mechanisms and policies to supervise, manage and prevent the infiltration of harmful cultural products; promptly and effectively control and respond to distorted or erroneous information products to maintain national security, information security, human security, and cultural security.

g) Host major regional and international culture, sports and tourism events in association with high-level multilateral foreign affairs hosted by Vietnam from now until 2030. Develop the Strategy for promoting Vietnamese culture in foreign countries. Formulate plans/roadmaps for participation in major international culture, sports and tourism events, and strive to make an impression and achieve high results in these affairs.

h) Actively mobilize international resources and knowledge to develop, finalize, and implement institutions, policies, and solutions for promotion of digital transformation and application of digital technology to cultural sectors and activities, and development of digital culture and digital cultural industries; effectively implement the Program for Digitalization of Vietnam's Cultural Heritage for the 2021 - 2030 period; establish and operate a mechanism for protection of digital copyright of cultural products; and finalize technical standards and regulations for construction of digital cultural heritage and a digital cultural ecosystem.

i) Continue the effective implementation of the Strategy for international integration in terms of labor and social affairs until 2020, with a vision to 2030. In the labor and social sector, execute international conventions and agreements that have been signed and to which Vietnam has acceded and propose accession and signature of new ones, with a focus on enhancement of the quality of life and conditions for employees, and concentration on high-income markets and advanced and high labor standards.

k) Effectively implement mechanisms and policies to make breakthroughs in training and development of domestic high-quality human resource in order to maintain the sustainability of development and international integration; improve lifelong learning skills, and increase capacity and productivity of Vietnamese workforce.

l) Finalize and improve the effectiveness of implementation of mechanisms and policies to protect the lawful and legitimate rights and interests of Vietnamese citizens in foreign countries; promote the application of technology and digital technology to management of Vietnamese guest workers and citizen protection. Strengthen exchange of information and learning of international experience in management of employers, and apply such experience in a manner consistent with Vietnam's development situation.

m) Actively mobilize technical and financial support in a proactive and focused manner in order to serve the fulfillment of international cooperation and integration tasks for which funding has not been fully provided. Urgently amend and finalize laws and policies related to receipt and management of aid, thereby ensuring efficiency in reception, use and management of international donations, including ODA.

n) Mobilize international partners to assist in resources and knowledge for effective and sustainable management and use of natural resources, thereby ensuring environmental security, water security and food security, and adapting to climate change. Urgently remove and overcome policy and institution bottlenecks in implementation of projects related to extraction of natural resources, energy transition, clean energy development, and climate change, in association with protection of national interests and security. Effectively fulfill international commitments and make responsible contributions to global efforts in response to climate change, biodiversity loss, and environmental pollution.

o) Effectively review the implementation of tourism cooperation agreements and mechanisms established; propose signature of and accession to new agreements with a

focus on potential markets with high quantities of customers, high spending levels and long stays. Develop and implement mechanisms and policies to assist enterprises and local authorities in developing high-quality tourism services and products; attract technical support and investment, and provide training for high-quality human resources in tourism sector. Participate in tourism cooperation and linkage initiatives within the ASEAN sub-region and region, and proactively propose new initiatives to promote Vietnam's tourism potentials.

p) Establish criteria for assessment of quality of education and training on the basis of references to criteria established by international and regional organizations. Establish mechanisms and policies to assist domestic universities and research institutes in cooperating and associating with high-quality international educational institutions, and investing in establishment of representative offices or branches in foreign countries, especially in science and technology sectors.

q) Review and improve effectiveness of implementation of new arrangements on cooperation in mutual recognition of diplomas, certificates, training programs, and vocational skills between Vietnam and other countries. Conduct research into possibility of negotiating and signing new agreements on mutual recognition of diplomas, certificates, training programs, and vocational skills between Vietnam and other countries.

r) Develop and implement the Scheme for international cooperation in scientific and technological research and application, training for human resources, management of medical examination and treatment, preventive medicine, environmental management, and medical equipment. Sign, accede, and implement agreements on cooperation with international organizations and major pharmaceutical corporations in sharing copyrights and technologies to integrate the pharmaceutical industry into global value chains. Develop and implement the Scheme for development of specialized medical centers in sectors in which Vietnam has advantage on par with international level.

s) Promote international cooperation and integration in ethnic and religious affairs, thereby contributing to enhancement of the great national unity bloc and maintenance of national security and defense.

t) Effectively implement the Conclusion No. 57-KL/TW dated June 15, 2023, of the Politburo on continuation in improvement of the quality and effectiveness of external information in the new situation. Develop plans to promote the application of digital platforms to provision of external information and digital diplomacy. Participate in and proactively contribute to international cooperation frameworks of information and communications. Develop and implement mechanisms for connecting, sharing, and accessing data and ensuring network safety and cybersecurity.

## **6. Increase capacity for implementation of international commitments and agreements associated with enhancement of inspection and supervision of**

## **implementation and promotion of finalization of domestic institutions, policies and laws**

- a) Consider and finally review the implementation of the Overall Strategy for international integration until 2020, with a vision to 2030. Effectively develop and implement sector-specific international integration strategies and plans. Integrate international integration tasks into working programs and plans to be implemented by ministries, central and local authorities.
- b) Develop and finalize institutions, policies and laws on international integration, improve the compatibility between international commitments and agreements and domestic regulations; increase implementation capacity in all sectors; and promote digitalization and application of technology to supervision and inspection of fulfillment of international commitments and agreements.
- c) Strengthen review and improve the effectiveness of adoption of international law with the priority given to finalization of domestic laws for full, synchronous, and effective fulfillment of international obligations and commitments, in line with Vietnam's conditions and the new international context. Continue to negotiate and effectively implement international cooperation programs, projects and operations in law-making and enforcement, administrative reform, and judicial reform sectors.
- d) Raise awareness and responsibility of ministries, central and local authorities for review, inspection, urge, and supervision of the implementation of international commitments and agreements within their jurisdiction. Establish a Steering Committee to review and urge the fulfillment of international commitments and agreements signed, and address these matters to partners during high-level foreign affairs.
- dd) Establish mechanisms and increase capacity for supervising implementation and development of systems for assessing compliance with and effectiveness of international integration; and increase capacity for resolving disputes and complaints arising during the fulfillment of international commitments and agreements, especially in trade and investment sectors.
- e) Develop and finalize laws related to green economy, digital economy, circular economy, energy transition, hydrogen, carbon emission reduction, digital transformation, artificial intelligence (AI), semiconductor chips, outer space, and other emerging sectors that impact Vietnam's security and development.

## **7. Enhance efficiency and effectiveness of direction and cooperation in international integration; promote proactive and active roles of local authorities**

- a) Improve the National Steering Committee on international integration and specialized agencies in charge of foreign affairs and international integration. Improve and restructure units in charge of foreign affairs and international integration at local authorities towards simplified, strong, modern and professional apparatuses.

b) Develop innovation and improve proactiveness, quality and effectiveness, diversify channels, frameworks and forms of cooperation and exchange of information by ministries and focal agencies on foreign affairs and international integration among ministries, central and local authorities, and associations, in line with practical requirements to make substantial changes in cooperation in international integration. Establish and effectively operate mechanisms for cooperation, exchange of information, and inter-disciplinary databases of emerging issues and sectors in international relations and integration towards establishment of a national system of data on international integration and cooperation.

c) Stimulate implementation of a plan for training and refresher training for cadres in charge of foreign affairs and international integration; update and adjust the plan to suit the new situation, and at the same time take advantage of international resources for implementation. Continue to implement and update the Scheme for providing refresher training and nominating Vietnamese cadres to join international organizations. Develop and implement a plan for training and refresher training for international law cadres capable of participating in international mediation and settling disputes. Develop and implement plans for training for cadres at all levels and sectors in research, forecast and strategic advisory. Promote emulation of role models in effective implementation of guidelines, policies and laws on foreign affairs and international integration.

d) Effectively develop and implement mechanisms and policies, and allocate appropriate resources, to assist local authorities in conducting local foreign affairs and international integration, and fulfilling international commitments in conformity with specific local conditions; promote cooperation and association with local authorities of neighboring countries, important and potential partners, and traditional friends; cooperate with international organizations and foreign partners to take advantage of experience and resources for sustainable development; participate in cooperation mechanisms, forums, and networks of major cities and urban areas, including ASEAN Smart Cities Network (ASCN), Asia Pacific Cities Summit (APCS), World Association of Major Metropolises (Metropolis), International Association of Francophone Mayors (AIMF), UNESCO Creative Cities Network (UCCN), and Asian Cities Climate Change Resilience Network (ACCCRN), etc.

dd) Assist local authorities in innovating and improving the effectiveness of promotion of regional potential and advantage, promoting investment, developing tourism markets and brands and establishing regional tourism linkage initiatives; assist local enterprises in connecting with major international corporations to access international markets, capital, and technology, and to participate in regional and global production chains; improve the effectiveness of provision of advice and assistance for enterprises in information, forecast about international markets, and response to protective and preventive measures from other countries; and promote the application of new and high technologies to production and business and develop an innovation ecosystem in conformity with local specificities.

e) Take measures to encourage local authorities to proactively engage in international cultural integration associated with preservation, promotion and marketing of regional

cultural values; strengthen international cooperation to develop cultural industries and produce distinctive cultural products that have international competitiveness; and assist local authorities in improving connectivity and cooperation with research organizations and training-education institutions in countries with advanced education, and international cooperation in health and other sectors in which local authorities have advantage and demands

g) Uphold roles of Vietnamese representative missions in foreign countries in economic diplomacy, technology diplomacy, digital diplomacy, and other specialized diplomacy sectors, thereby contributing to assurance of economic security and improvement of the autonomy, self-reliance and resilience of Vietnam.

### **III. IMPLEMENTATION ORGANIZATION**

**1.** On the basis of the Politburo's Resolution No. 59-NQ/TW and the Government's action program, ministries, ministerial-level agencies, Governmental agencies, and People's Committees of provinces and cities shall, within their functions and tasks, preside over/cooperate in the implementation of the Government's action program for execution of the Resolution No. 59-NQ/TW in June 2025, at the same time, specify the tasks mentioned in the action program included in annual working plans as a basis for budget estimation.

**2.** Ministries, ministerial-level agencies, Governmental agencies, and People's Committees of provinces and cities shall be responsible for reviewing the issued and effective action programs and plans for implementation of the Communist Party's Resolutions and Government's action program related to international integration, in order to adjust and maintain synchronization and consistency with the action program and plan for implementation of this Resolution, completed in 2025.

**3.** Ministers, Heads of ministerial-level agencies and Governmental agencies, and Chairpersons of People's Committees of provinces and cities shall focus on direction of the implementation of key tasks and solutions; maintain security and order, and strengthen urge and inspection of the implementation of the Government's action program, annually, before December 1<sup>st</sup>, send implementation results to the Ministry of Foreign Affairs that will submit a consolidated report to the Prime Minister and the Head of the National Steering Committee on International Integration to forward the report to the Politburo.

**4.** The Ministry of Foreign Affairs shall preside over and cooperate with ministries, central and local authorities to monitor and urge the implementation of the action program; promptly report and recommend necessary measures to the Government and the Prime Minister for the synchronized, comprehensive and effective execution of the action program; and closely follow relevant contents in working programs of the Central Committee of the Communist Party of Vietnam, the Politburo, the Secretariat, the National Assembly, and the Standing Committee of the National Assembly to prepare reports in accordance with regulations.

5. On the basis of proposals from ministries, ministerial-level agencies, Governmental agencies, and People's Committees of provinces and cities, the Ministry of Finance shall consolidate such proposals and request competent authorities to allocate annual state budget expenditure estimates in accordance with the law on state budget, to perform the tasks assigned under the action program.

6. During implementation, in case of any specific or emerging issues that require adjustments to the Government's action program, ministries, central and local authorities shall proactively submit proposals to the Ministry of Foreign Affairs that will consolidate such proposals and report them to the Prime Minister for consideration and decision./.

## APPENDIX I

### LIST OF SPECIFIC CRITERIA UNTIL 2030

*(Enclosed with the Government's action program for implementation of the Politburo's Resolution No. 59-NQ/TW dated January 24, 2025 in the Government's Resolution No. 153/NQ-CP dated May 31, 2025)*

| NO. | Criteria                                                      | Unit                                      | Expected outcomes                                                  | Supervision-presiding agency   |
|-----|---------------------------------------------------------------|-------------------------------------------|--------------------------------------------------------------------|--------------------------------|
| 1.  | Development and diversification of markets                    | Quantity of markets                       | More plentiful and diverse export markets                          | Ministry of Industry and Trade |
| 2.  | Valued added contents in exports                              | %                                         | $\geq 30\%$                                                        | Ministry of Industry and Trade |

|     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |                                                           |                                    |                                      |                                  |  |
| 5.  | Continue to effectively implement a Plan for Vietnam to host high-level multilateral events until 2030.                                                                                                                                                                                                                                                                                                                                                                    | Ministries and central authorities                        | Ministries and central authorities | Report                               | From now until 2030              |  |
| 6.  | Implement a Scheme for participation in key UN mechanisms until 2040. Efficiently implement the Community Strategic Plan and contribute to formulation and implementation of the ASEAN Community Vision 2045. Implement the Conclusion No. 125-KL/TW dated February 14, 2025, of the Secretariat on enhancement of execution of Directive No. 25-CT/TW dated August 8, 2018, of the Secretariat on promotion and improvement of multilateral foreign relations until 2030. | Ministry of Foreign Affairs                               | Ministries and central authorities | Report                               | According to the formulated plan |  |
| 7.  | Formulate and develop plans to join international organizations, forums and cooperation mechanisms in which Vietnam is not yet a member, especially new cooperation frameworks in the Asia-Pacific (APAC) region and the Indian Ocean region                                                                                                                                                                                                                               | Ministry of Foreign Affairs                               | Ministries and central authorities | Plan submitted to The Prime Minister | 2026                             |  |
| 8.  | Proactively and actively monitor and readily and appropriately participate in and contribute to establishment of multilateral institutions and regional and global governance frameworks for major and emerging issues                                                                                                                                                                                                                                                     | Ministry of Foreign Affairs                               | Ministries and central authorities | Scheme                               | Regularly                        |  |
| 9.  | Formulate and implement the capacity improvement scheme to promote Vietnam's role as a mediator and conciliator in international peace and security issues                                                                                                                                                                                                                                                                                                                 | Ministry of Foreign Affairs                               | Ministries and central authorities | Scheme                               | 2026                             |  |
| 10. | Continue executing projects on participation in United Nations Peacekeeping Force towards expansion of scale and scope of operations and improvement of the quality of Vietnam's participation in these operations.                                                                                                                                                                                                                                                        | Ministry of National Defence, Ministry of Public Security | Ministries and central authorities | Report                               | Annually                         |  |
| 11. | Develop and implement international cooperation mechanisms for sharing information, early warning, and responding to non-traditional security challenges; establish and expand cooperation in security and intelligence; strengthen international cooperation in struggle against transnational and foreign-related crimes, and enhance law enforcement                                                                                                                    | Ministry of Public Security                               | Ministries and central authorities | Report                               | Annually                         |  |
