FIRST SCHEDULE: Controlled goods.

SECOND SCHEDULE: Wild life.

IT is hereby notified that His Excellency the President has, in terms of section 3 of the Control of Goods Act [*Chapter 280*], made the following regulations:—

*Title*

1. These regulations may be cited as the Control of Goods (Import and Export) (Wild Life) Regulations, 1982.

*Interpretation*

2. (1) In these regulations, and in any open general permit—  
“controlled goods” means any goods referred to in the First Schedule;

Control of Goods (Import and Export) (Wild Life)  
Regulations, 1982

---

“Controller” means the Controller of Customs and Excise referred to in section 4 of the Customs and Excise Act [Chapter 177];

“Convention” means the Convention on International Trade in Endangered Species of Wild Fauna and Flora, signed at Washington on the 3rd March, 1973;

“Director” means the Director of National Parks and Wild Life Management referred to in section 94 of the Parks and Wild Life Act, 1975 (No. 14 of 1975);

“inspector” means—

- (a) any officer of the Department of Customs and Excise; or
- (b) any officer of the Department of National Parks and Wild Life Management; or
- (c) any other person appointed by the Minister as an inspector in terms of section 11;

“Minister” means the Minister of Natural Resources and Tourism;

“open general permit” means an open general import permit or an open general export permit, as the case may be, issued in terms of section 4;

“permit” means a permit issued in terms of paragraph (a) of subsection (1) of section 5;

“trophy” means—

- (a) any durable portion of any wild life which has been subjected to a process of manufacture; and
- (b) any manufactured or processed thing of which the durable portion of any wild life forms a part;

“wild life” means—

- (a) any organism, whether alive or dead, referred to in the Second Schedule; and
- (b) the egg or seed of any organism referred to in the Second Schedule; and
- (c) any portion whatsoever of any organism referred to in the Second Schedule, other than a trophy, whether such portion is processed or not.

(2) For the purposes of these regulations, any wild life referred to in Part I of the Second Schedule which was bred in captivity, ranched or artificially propagated, as the case may be, for commercial purposes, shall be deemed to be wild life referred to in Part II of the Second Schedule.

*Control of import and export of wild life and trophies*

3. (1) Notwithstanding the provisions of any other law, but subject to the provisions of this section, no person shall—

- (a) import into or export from Zimbabwe any wild life, trophy or controlled goods except in accordance with the terms and conditions of—
  - (i) an open general permit; or
  - (ii) a permit; or
  - (iii) a certificate issued in terms of section 5; and, where appropriate, in accordance with the terms and conditions of an open general licence or licence issued in terms of the Control of Goods (Import and Export) (Commerce) Regulations, 1974, published in Rhodesia Government Notice 766 of 1974; or
- (b) import into Zimbabwe any wild life referred to in Part I or Part II of the Second Schedule, or any trophy of such wild life, unless, in addition to complying with paragraph (a), he holds an export permit or re-export certificate granted in respect of the wild life or trophy concerned by an appropriate authority in the country from which the wild life or trophy concerned is being imported; or
- (c) import into Zimbabwe any wild life referred to in Part III of the Second Schedule, or any trophy of such wild life, unless, in addition to complying with paragraph (a), he holds—
  - (i) a certificate of origin or other document indicating the country of origin of the wild life or trophy concerned; and
  - (ii) if the wild life or trophy concerned is being imported from the country specified opposite

Regulations, 1982

---

thereto in Part III of the Second Schedule, an export permit granted in respect of the wild life or trophy concerned by an appropriate authority in that country.

(2) The provisions of subsection (1) shall not apply to the import or export of—

(a) any wild life or trophy which was acquired by the importer or exporter before the Convention applied to it, if the importer or exporter holds a certificate to that effect—

(i) in the case of an import, granted by an appropriate authority in the country from which the wild life or trophy concerned is being imported; or

(ii) in the case of an export, issued by the Director;  
or

(b) any wild life which was bred in captivity, ranched or artificially propagated, as the case may be, or any trophy of such wild life, if the importer or exporter holds a certificate to that effect—

(i) in the case of an import, granted by an appropriate authority in the country in which the wild life concerned was bred or propagated; or

(ii) in the case of an export, issued by the Director;  
or

(c) herbarium specimens, other preserved, dried or embedded museum specimens, or live plant material, where—

(i) their import or export is effected by—

A. a museum which is a national museum for the purposes of the National Museums and Monuments Act [Chapter 313]; or

B. any other museum approved by the Director;  
or

C. any scientist approved by the Director;  
and

(ii) the specimens and material carry a label issued or approved by the Director.

(3) No permit or certificate shall be required in terms of subsection (1) for the import or export of any wild life or trophy which is a personal or household effect, save in the following cases—

- (a) where a person who is ordinarily resident in Zimbabwe imports into Zimbabwe any wild life referred to in Part I of the Second Schedule, or any trophy of such wild life, which he acquired outside Zimbabwe; or
- (b) where a person who is ordinarily resident in Zimbabwe imports into Zimbabwe any wild life referred to in Part II of the Second Schedule, or any trophy of such wild life, which he acquired outside Zimbabwe in the country where the wild life was removed from the wild, if that country requires the prior grant of an export permit before any export of such wild life or trophy; or
- (c) where a person who is not ordinarily resident in Zimbabwe exports from Zimbabwe any wild life referred to in Part I of the Second Schedule, or any trophy of such wild life, which he acquired within Zimbabwe; or
- (d) where a person who is not ordinarily resident in Zimbabwe exports from Zimbabwe any wild life referred to in Part II of the Schedule which was removed from the wild within Zimbabwe, or any trophy of such wild life, if he acquired such wild life or trophy within Zimbabwe.

(4) The Director may, on such terms and conditions as he may fix, grant written exemption to any person from compliance with all or any of the provisions of subsection (1) in respect of the import or export of wild life or trophies which form part of a travelling zoo, circus, menagerie, plant exhibition or other travelling exhibition, where—

- (a) the importer or exporter has provided the Director with full details of the wild life or trophies concerned; and
- (b) the wild life or trophies concerned—
  - (i) were acquired by the importer or exporter before the provisions of the Convention applied to them;
  - or

Regulations, 1982

---

(ii) in the case of wild life, was bred in captivity, ranched or artificially propagated, as the case may be, or, in the case of trophies, were derived from such wild life;

and

(c) the Director is satisfied that any live wild life will be so transported and cared for as to minimize the risk of injury, damage to health or cruel treatment.

*Open general permits*

4. (1) The Minister may, subject to the provisions of subsection (2), by notice in the *Gazette*, issue—

- (a) an open general import permit authorizing, subject to the provisions of any other law, the import into Zimbabwe of any controlled goods or any wild life referred to in Part III or IV of the Second Schedule, or any trophy of such wild life; or
- (b) an open general export permit authorizing, subject to the provisions of any other law, the export from Zimbabwe of any controlled goods or any wild life referred to in Part III or IV of the Second Schedule, or any trophy of such wild life.

(2) When issuing any open general permit in terms of subsection (1), the Minister shall have regard to the obligations of Zimbabwe under the Convention.

(3) An open general licence may be issued in the same *Gazette* as these regulations.

*Permits and certificates*

5. (1) Subject to the provisions of this section, the Director may issue to any person—

- (a) a permit authorizing, subject to the provisions of any other law, the import into or export from Zimbabwe of any controlled goods, wild life or trophy;
- (b) a certificate authorizing, subject to the provisions of any other law, the import into Zimbabwe of any wild life

referred to in Part I or II of the Second Schedule, or any trophy of such wild life, which has been taken from a marine environment which is not under the jurisdiction of any State;

- (c) a certificate authorizing, subject to the provisions of any other law, the re-export from Zimbabwe of any wild life referred to in Part I, II or III of the Second Schedule, or any trophy of such wild life, where such wild life or trophy has previously been imported into Zimbabwe in terms of these regulations;

as may be appropriate in the particular case.

(2) Subject to the provisions of any law and to any directions given to him by the Director, the Controller may, as appropriate, issue the permit or certificate referred to in subsection (1) in respect of the import, export or re-export of any trophy.

(3) No permit shall be issued in terms of subsection (1) or (2) for the import into Zimbabwe of any wild life referred to in Parts I and V of the Second Schedule, or any trophy of such wild life, unless—

- (a) the Director or Controller, as the case may be, is satisfied that an export permit or re-export certificate has been, or will be, granted in respect of the wild life or trophy concerned by an appropriate authority in the country from which the wild life or trophy concerned is being imported; and
- (b) the Director is satisfied, or, in the case of a permit issued by the Controller, the Director has certified to the Controller, that—
  - (i) the import will be for purposes which are not detrimental to the survival of the species of wild life concerned; and
  - (ii) the wild life or trophy will not be used for primarily commercial purposes;and
- (c) in the case of an import of a live specimen of such wild life, the Director is satisfied that the proposed recipient is suitably equipped to house and care for it.

Regulations, 1982

---

(4) No permit shall be issued in terms of subsection (1) or (2) for the export from Zimbabwe of—

(a) any wild life referred to in Part I of the Second Schedule, or any trophy of such wild life, unless—

(i) the Director or Controller, as the case may be, is satisfied that an import permit has been, or will be, granted in respect of the wild life or trophy concerned by an appropriate authority in the country to which the wild life or trophy concerned is being exported; and

(ii) the Director is satisfied, or, in the case of a permit issued by the Controller, the Director has certified to the Controller, that—

A. the export will not be detrimental to the survival of the species of wild life concerned; and

B. the wild life or trophy concerned has not been obtained in contravention of any law; and

(iii) in the case of an export of a live specimen of such wild life, the Director is satisfied that the wild life concerned will be so prepared and shipped as to minimize the risk of injury, damage to health or cruel treatment;

(b) any wild life referred to in Part II of the Second Schedule, or any trophy of such wild life, unless—

(i) the Director is satisfied, or, in the case of a permit issued by the Controller, the Director has certified to the Controller, that—

A. the export will not be detrimental to the survival of the species of wild life concerned; and

B. the wild life or trophy concerned has not been obtained in contravention of any law; and

(ii) in the case of an export of a *live specimen of such* wild life, the Director is satisfied that the wild

life concerned will be so prepared and shipped as to minimize the risk of injury, damage to health or cruel treatment.

(5) No certificate referred to in paragraph (b) of subsection (1) shall be issued in terms of subsection (1) or (2) for the import into Zimbabwe of any wild life, or trophy of any wild life, which has been taken from a marine environment not under the jurisdiction of any State, unless—

(a) in the case of such wild life referred to in Part I of the Second Schedule, or a trophy of such wild life—

(i) the Director is satisfied, or, in the case of a certificate issued by the Controller, the Director has certified to the Controller, that—

A. the import will not be detrimental to the survival of the species of wild life concerned; and

B. the wild life or trophy will not be used for primarily commercial purposes;

and

(ii) in the case of an import of a live specimen of such wild life, the Director is satisfied that the proposed recipient is suitably equipped to house and care for it;

(b) in the case of such wild life referred to in Part II of the Second Schedule, or a trophy of such wild life—

(i) the Director is satisfied, or, in the case of a certificate issued by the Controller, the Director has certified to the Controller, that the import will not be detrimental to the survival of the species of wild life concerned; and

(ii) in the case of an import of a live specimen of such wild life, the Director is satisfied that the wild life will be so handled as to minimize the risk of injury, damage to health or cruel treatment.

(6) No certificate referred to in paragraph (c) of subsection (1) shall be issued in terms of subsection (1) or (2) for the re-export from Zimbabwe of—

Control of Goods (Import and Export) (Wild Life)  
Regulations, 1982

---

- (a) any wild life referred to in Part I of the Second Schedule, or any trophy of such wild life, unless—
    - (i) the Director or Controller, as the case may be, is satisfied that—
      - A. an import permit has been, or will be, granted in respect of the wild life or trophy concerned by an appropriate authority in the country to which the wild life or trophy concerned is being re-exported; and
      - B. the wild life or trophy concerned was imported into Zimbabwe in accordance with the provisions of the Convention;
    - and
    - (ii) in the case of a re-export of a live specimen of such wild life, the Director is satisfied that the wild life concerned will be so prepared and shipped as to minimize the risk of injury, damage to health or cruel treatment;
  - (b) any wild life referred to in Part II of the Second Schedule, or any trophy of such wild life, unless—
    - (i) the Director or Controller, as the case may be, is satisfied that the wild life or trophy concerned was imported into Zimbabwe in accordance with the provisions of the Convention; and
    - (ii) in the case of a re-export of a live specimen of such wild life, the Director is satisfied that the wild life concerned will be so prepared and shipped as to minimize the risk of injury, damage to health or cruel treatment.
- (7) When issuing any permit or certificate in terms of subsection (1) or (2), the Director or the Controller, as the case may be, shall have regard to the obligations of Zimbabwe under the Convention.
- (8) No permit or certificate issued in terms of subsection (1) or (2) shall authorize the import, export or re-export, as the case may be, of more than one consignment of wild life or trophies.

*Form of permits, certificates, et cetera*

6. (1) Subject to the provisions of this section, every permit and certificate issued in terms of these regulations, and every return, register, seal or stamp used to give effect to these regulations, shall be in such form as the Director may from time to time fix.

(2) Every permit or certificate issued in terms of these regulations in respect of the import, export or re-export of any wild life referred to in Part I, II or III of the Second Schedule, or any trophy of such wild life, shall bear—

- (a) the title of the Convention; and
- (b) the title and identifying stamp of the Director or, in the case of a certificate or permit issued by the Controller, of the Controller; and
- (c) a number assigned to the permit or certificate by the Director or the Controller.

(3) A permit issued by the Director or the Controller, as the case may be, for the export of any wild life referred to in Part I, II or III of the Second Schedule, or any trophy of such wild life, shall, in addition to the matters specified in subsection (2), contain the following information—

- (a) the name of the person to whom it is issued; and
- (b) the name "Zimbabwe", as being the country of export; and
- (c) the period of validity of the permit; and
- (d) in relation to the wild life or trophy which is being exported—
  - (i) the species of wild life concerned; and
  - (ii) in the case of living specimens of wild life, the number of specimens, their sex, size and details of any identifying marks; and
  - (iii) in the case of parts or derivatives of wild life, their quantity and type and any identifying marks; and
  - (iv) the Appendix to the Convention in which the species concerned is listed; and

**Control of Goods (Import and Export) (Wild Life)  
Regulations, 1982**

---

(v) where known, whether or not the wild life concerned was bred in captivity, ranched or cultivated in Zimbabwe;

and

(e) where feasible, the name of the country to which, and the name and address of the person to whom, the wild life or trophy concerned is being consigned.

(4) Any copy of a permit or certificate issued in terms of these regulations shall be clearly marked as such, and may be used in place of the original only to the extent specified therein.

(5) Notwithstanding the provisions of subsections (2) and (3), until such time as forms which comply with the provisions of those subsections are available, permits and certificates issued in terms of this section shall be in a form fixed by the Director.

*Period of validity of export permits*

7. A permit issued by the Director or Controller for the export of any wild life or trophy shall cease to be valid six months after it was issued, unless it has been earlier revoked in terms of section 9.

*Permits not to be transferred*

8. A permit or certificate issued in terms of these regulations shall not be transferrable, and any purported transfer of a permit or certificate shall be void:

Provided that nothing in this section shall prevent the holder of a permit or certificate from appointing any other person as his agent for the purposes of importing or exporting the controlled goods, wild life or trophy concerned.

*Amendment and revocation of permits and certificates*

9. (1) The Director may at any time amend or revoke any permit or certificate issued in terms of these regulations.

(2) The Controller may at any time amend or revoke any permit or certificate issued by him in terms of these regulations.

*Delegation of powers by Director and Controller*

10. (1) The Director and the Controller may, subject to such conditions as they may fix, delegate to any officer of their respective departments all or any of their powers in respect of the issue of permits and certificates in terms of these regulations, and may at any time revoke or vary such delegation.

(2) Any permit or certificate issued by an officer of the Department of National Parks and Wild Life Management or the Department of Customs and Excise in accordance with a delegation in terms of subsection (1) shall be as valid and effective as if it had been issued by the Director or the Controller, as the case may be.

*Inspectors*

11. (1) The Minister may appoint any person to be an inspector for the purposes of these regulations, in addition to the persons specified in paragraphs (a) and (b) of the definition of "inspector" in subsection (1) of section 2.

(2) An inspector appointed in terms of subsection (1) shall be furnished with a certificate, signed by or on behalf of the Minister, which shall state that the inspector has been appointed as an inspector for the purposes of these regulations.

(3) An inspector exercising any power or performing any duty conferred or imposed upon him by these regulations, or about to exercise any such power or perform any such duty, shall, on demand by any person concerned, produce—

(a) a certificate or document identifying himself as an officer of the Department of National Parks and Wild Life Management or of the Department of Customs and Excise; or

(b) a certificate issued to him in terms of subsection (2);  
as the case may be.

*Furnishing of information*

12. (1) The Minister may, by notice in writing, require any person who has applied for, or been issued with, a permit or certificate in terms of these regulations to furnish to the Minister or

Control of Goods (Import and Export) (Wild Life)  
Regulations, 1982

---

his authorized representative or an inspector from time to time any information whatsoever available to him relating to any controlled goods, wild life or trophy to which the application or permit or certificate relates.

(2) A person whom the Minister has required to give any information in terms of this section shall—

- (a) comply with such requirement; and
- (b) if required to do so by the authorized representative of the Minister or by an inspector, give any further information or explanation, whether orally or in writing, which the authorized representative or the inspector may require him to give.

*Powers of inspectors and representatives of Minister*

13. (1) An inspector or the authorized representative of the Minister specified in section 12 may—

- (a) examine and make extracts from, and copies of, records relating to any controlled goods, wild life or trophy referred to in subsection (1) of section 12;
- (b) demand from any person an explanation of any entries in any records referred to in paragraph (a);
- (c) seize and remove any records which, in his opinion, may afford evidence of a contravention of these regulations.

(2) An inspector or the authorized representative of the Minister referred to in section 12 may, for the purpose of examination or production as evidence, seize and remove, without payment, any sample or specimen of any controlled goods, wild life or trophy referred to in subsection (1) of section 12.

(3) An inspector or the authorized representative of the Minister referred to in section 12 shall issue a receipt in respect of any thing seized by him in terms of this section.

(4) Any thing seized in terms of this section shall, if circumstances permit, be returned to its owner at the conclusion of any proceedings taken or inquiry made in relation thereto.

*Marking of wild life and trophies*

14. Where appropriate and feasible, the Director or the Controller may cause any wild life or trophy which is being imported into or exported from Zimbabwe to be marked with an indelible imprint or lead seal or in some other manner so as to render its imitation by unauthorized persons as difficult as possible.

*Offences and penalties*

15. (1) No person shall—

- (a) contravene or fail to comply with any provision of these regulations or any request, requirement or demand lawfully made under these regulations;
- (b) furnish any information required under or for the purposes of these regulations which he knows to be false or does not know or believe to be true;
- (c) hinder, obstruct or delay an inspector or the authorized representative of the Minister referred to in section 12 in the exercise of his powers or the performance of his duties under these regulations;
- (d) refuse or fail to answer, to the best of his knowledge, any question lawfully put to him under these regulations;
- (e) fail to comply with any terms or conditions imposed by the Minister in an open general permit or by the Director or Controller in issuing a permit or certificate in terms of these regulations;
- (f) except to the Minister or to any person whose duty it is to deal with the subject-matter of the disclosure, or when required to do so by a court of law or for the purposes of these regulations, disclose any information relating to any person or business which has been acquired in the exercise of his powers or the performance of his duties under these regulations.

(2) Any person who contravenes any of the provisions of subsection (1) shall be guilty of an offence, and liable—

- (a) in the case of an offence which involves any controlled goods, wild life or trophy, to a fine of an amount

Control of Goods (Import and Export) (Wild Life)  
Regulations, 1982

---

equivalent to the value of such controlled goods, wild life or trophy, or a fine of five thousand dollars, whichever is the greater; or

(b) in any other case, to a fine of five thousand dollars; or to imprisonment for a period not exceeding five years, or to both such fine and such imprisonment.

*Application of other laws*

16. Nothing contained in these regulations or in any open general permit, permit or certificate issued in terms of these regulations shall—

- (a) exempt any person to whom the open general permit, permit or certificate or any exemption relates from complying with the provisions of any other law controlling the import into or export from Zimbabwe of any controlled goods, wild life or trophy to which that open general permit, permit, certificate or exemption relates; or
- (b) affect the operation of any other law relating to the conservation and management of wild life within Zimbabwe.

*Amendments and savings*

17. (1) The Control of Goods (Import and Export) (Commerce) Regulations, 1974, published in Rhodesia Government Notice 766 of 1974, are amended—

- (a) in section 2 by the repeal of the definitions of “Director” and “permit”;
- (b) in section 3 by the repeal of subsection (2);
- (c) by the repeal of section 6;
- (d) in section 8 by the deletion of “or permit”, wherever it occurs;
- (e) in section 9 by the deletion of “, permit”, wherever it occurs;
- (f) in section 11—
  - (i) by the repeal of subsection (2);

- (ii) in subsection (3)—
  - A. by the deletion of “or the Minister of Lands, Natural Resources and Rural Development”;
  - B. in paragraph (b) by the deletion of “such Minister” and the substitution of “the Minister”;
- (g) in section 12—
  - (i) in subsection (1)—
    - A. by the deletion of “a Minister” and the substitution of “the Minister”;
    - B. in paragraph (a) by the deletion of “or (2)”;
  - (ii) in subsection (2) by the deletion of “or (2)”;
  - (iii) in subsection (3) by the deletion of “a Minister” and the substitution of “the Minister”;
- (h) in section 13—
  - (i) in paragraph (c) by the deletion of “a Minister” and the substitution of “the Minister”;
  - (ii) in paragraph (e) by the deletion of “or by the Director in issuing a permit”;
  - (iii) in paragraph (f) by the deletion of “, the Minister of Lands, Natural Resources and Rural Development,”;
- (i) in section 14 by the deletion from paragraph (d) of “or the Minister of Lands, Natural Resources and Rural Development”;
- (j) by the repeal of the First Schedule.
- (2) Notwithstanding the provisions of subsection (1), any—
  - (a) application for a permit made before the fixed date under the amended regulations shall be deemed to be an application for a permit or certificate, as may be appropriate, issued under these regulations;
  - (b) permit issued under the amended regulations shall be deemed to be a permit or certificate, as may be appropriate, issued under these regulations, and any conditions specified thereon shall continue to have

Control of Goods (Import and Export) (Wild Life)  
Regulations, 1982

---

effect, and shall be deemed to be conditions imposed in terms of these regulations;

- (c) notice issued under the amended regulations requiring any person to furnish information shall be deemed to have been issued by the Minister in terms of section 12.

(3) In subsection (2)—

“amended regulations” means the Control of Goods (Import and Export) (Commerce) Regulations, 1974, published in Rhodesia Government Notice 766 of 1974;

“fixed date” means the date of commencement of these regulations.

FIRST SCHEDULE (Section 2)

CONTROLLED GOODS

1. Game-traps of metal construction, operated by springs.

SECOND SCHEDULE (Sections 2, 3, 4, 5 and 6)

WILD LIFE

PRELIMINARY

*Notes*

1. Parts I, II and III of this Schedule are equivalent to Appendices I, II and III, respectively, of the Convention. Part I lists species which are considered to be threatened with extinction generally, though not necessarily within Zimbabwe; Part II lists species which are not considered to be threatened yet, but which could become endangered if trade is not controlled, again not necessarily within Zimbabwe; and Part III lists species which are protected from exploitation within particular countries.
2. For ease of reference, Parts I and II of this Schedule have each been divided into Parts A and B. Part A lists species which occur, or which might occur, within Zimbabwe, while Part B lists all species contained in the relevant Appendix of the Convention, whether the species occur within or outside Zimbabwe.
3. Species included in Parts I, II, III, and V of this Schedule are referred to—
  - (a) by the name of the species; or
  - (b) as being all of the species included in a higher taxon or designated part thereof.

4. The abbreviation "spp." is used to denote all species of a higher taxon.
5. Other references to taxa higher than species are for the purposes of information or classification only.
6. Again for ease of reference, the common names of species are set out in the third column of Parts I, II, III and V of this Schedule. Such common names of wild life may be used in permits and certificates in conjunction with the specific names of the wild life concerned, but it should be noted that only the names of wild life listed in column two are acceptable internationally for positive identification purposes. Common names may differ from country to country.
7. The abbreviation "p.e." is used to denote species which are possibly extinct.
8. An asterisk (\*) placed in Part II or III of this Schedule against the name of a species or higher taxon indicates that one or more geographically separate populations, subspecies or species of that species or taxon are included in Part I, and that these populations, subspecies or species are excluded from Part II or III.
9. A dagger (†) placed in Part I or III of this Schedule against the name of a species or higher taxon indicates that one or more geographically separate populations, subspecies or species of that species or taxon are included in Part II, and that these populations, subspecies or species are excluded from Part I or III.
10. A double dagger (‡) followed by a number placed against the name of a species or higher taxon denotes that only designated geographically separate populations, subspecies or species of that species or taxon are included in the Part concerned, as follows:
  - ‡201 Population of South America.
  - ‡202 Populations of Bhutan, India, Nepal and Pakistan.
  - ‡203 Italian population.
  - ‡204 All North American subspecies.
  - ‡205 Asian population.
  - ‡206 Indian population.
  - ‡207 Australian population.
  - ‡208 Himalayan population.
  - ‡209 All New Zealand species.
  - ‡210 Population of Chile.
  - ‡211 All species of the family in the Americas.
  - ‡212 Australian populations.
11. A section mark (§) followed by a number placed against the name of a species or higher taxon denotes that designated geographically separate populations, subspecies, species, groups of species or families of that species or taxon are excluded from the Part concerned, as follows:
  - §101 Populations of Bhutan, India, Nepal and Pakistan.
  - §102 *Panthera tigris altaica* (= *amurensis*).

Control of Goods (Import and Export) (Wild Life)  
Regulations, 1982

- §103 Australian population.  
 §104 *Cathartida*.  
 §105 Populations of North America, except Greenland.  
 §106 Population of the United States of America.  
 §107 *Melopsittacus undulatus*, *Nymphicus hollandicus*, and *Psittacula krameri*.  
 §108 Population of Papua New Guinea.  
 §109 Population of Chile.
