Regulation 4

Division 2 Register of equity holders

4 Certificates not to detract from definitive nature of register

Nothing in these Regulations about a unit certificate detracts from the conclusiveness of the register.

5 Register to be kept by computer

- (1) For subsection 22B (2) of the Act, the register is to be kept by use of a computer.
- (2) However, the register is taken to include any entry made by WoolStock Australia Limited under Part 4A of the Act before the commencement of these Regulations whether or not that record is kept on a computer.

6 Entries in the register

The register must contain, for each entry made in it, the date and time when the entry was made.

7 Change of name or address

A registered equity holder must give WoolStock Australia Limited written notice of any change of his or her name or address as soon as practicable.

8 Correcting and updating the register

- (1) Subject to section 11 of the Privatisation Act, if WoolStock Australia Limited becomes aware that subregulation (2) applies to an entry in the register, WoolStock Australia Limited must correct the entry as soon as practicable after the change.

Note Section 11 of the Privatisation Act provides that the number of units of equity shown in the register immediately before the commencing time for that Act is taken to be correct.

Regulation 8

- (2) This subregulation applies to an entry in the register if:
- (a) the entry is inaccurate because of:
 - (i) a mistake, omission or false entry in the register; or
 - (ii) a change in circumstances; and
