

Ozone Protection and Synthetic Greenhouse Gas Management Regulations 1995

Statutory Rules No. 389, 1995

made under the

Ozone Protection and Synthetic Greenhouse Gas Management Act 1989

Compilation No. 37

Compilation date: 12 December 2018

Includes amendments up to: F2018L01730

Registered: 21 December 2018

Prepared by the Office of Parliamentary Counsel, Canberra

About this compilation

This compilation

This is a compilation of the *Ozone Protection and Synthetic Greenhouse Gas Management Regulations 1995* that shows the text of the law as amended and in force on 12 December 2018 (the *compilation date*).

The notes at the end of this compilation (the *endnotes*) include information about amending laws and the amendment history of provisions of the compiled law.

Uncommenced amendments

The effect of uncommenced amendments is not shown in the text of the compiled law. Any uncommenced amendments affecting the law are accessible on the Legislation Register (www.legislation.gov.au). The details of amendments made up to, but not commenced at, the compilation date are underlined in the endnotes. For more information on any uncommenced amendments, see the series page on the Legislation Register for the compiled law.

Application, saving and transitional provisions for provisions and amendments

If the operation of a provision or amendment of the compiled law is affected by an application, saving or transitional provision that is not included in this compilation, details are included in the endnotes.

Editorial changes

For more information about any editorial changes made in this compilation, see the endnotes.

Modifications

If the compiled law is modified by another law, the compiled law operates as modified but the modification does not amend the text of the law. Accordingly, this compilation does not show the text of the compiled law as modified. For more information on any modifications, see the series page on the Legislation Register for the compiled law.

Self-repealing provisions

If a provision of the compiled law has been repealed in accordance with a provision of the law, details are included in the endnotes.

120	Relevant authority’s powers and functions	33
121	Applications for RAC industry permits—general	33
121A	Appropriate relevant authority for applications for RAC industry permits	35
122	Requirement for grant of RAC industry permit	35
122A	Period for which permit is in force.....	35
123	Powers of Minister.....	36
124	Reconsideration of decisions	37
125	Review of decisions	37
126	Permit not in force if suspended.....	38
127	Powers of inspectors	38
Subdivision 6A.2.2—Refrigerant handling licences		38
130	Grant of refrigerant handling licences—document	38
131	Refrigerant handling licences—qualified persons.....	38
133	Restricted refrigeration and air conditioning licence	40
134	Refrigeration and air conditioning trainee licence	40
135	Licence conditions	41
136	Offence—contravention of licence condition	44
Subdivision 6A.2.3—Refrigerant authorisations		44
140	Grant of authorisations.....	44
141	Conditions on authorisations.....	45
142	Offence—contravention of condition on authorisation	47

Subdivision 6A.2.4—Halon special permit	47
150 Application for halon special permit	47
Division 6A.3—Methyl bromide	48
Subdivision 6A.3.1—Preliminary	48
200 Definitions for Division 6A.3	48
201 Uses of methyl bromide	48
202 Powers of inspectors	49
Subdivision 6A.3.2—Restrictions on the use and sale of methyl bromide	49
212 Offence—using methyl bromide for non-QPS uses	49
213 Offence—supplying methyl bromide for non-QPS uses	49
214 Offence—using methyl bromide as a feedstock	50
215 Offence—supplying methyl bromide for use as a feedstock	51
Subdivision 6A.3.2A—Discharge of methyl bromide	51
216 Discharge of methyl bromide (Act s 45B)	51
Subdivision 6A.3.3—Record keeping requirements	52
220 Records of sale	52
221 Records of use—QPS and non-QPS uses	52
223 Records of use—feedstock	53
Subdivision 6A.3.4—Reporting requirements	54
230 Reports to be given by suppliers	54
231 Reports to be given by non-QPS permit holders	54
233 Reports to be given by holders of feedstock permits	55
Subdivision 6A.3.4A—Non-QPS permits	56
234 Applications for non-QPS permits	56
235 Grant of non-QPS permits	56
236 Variation of non-QPS permits	57
237 Transfer of non-QPS permits	58
238 Non-QPS permits—review of decisions	59
Subdivision 6A.3.5—Feedstock permits	59
240 Definition for Subdivision 6A.3.5	59
241 Applications for feedstock permits	60
242 Grant of feedstock permits	60
244 Cancellation and suspension of feedstock permits	61
245 Review of decisions	61
Division 6A.4—Fire protection	63
Subdivision 6A.4.1—Preliminary	63
301 Definitions for Division 6A.4	63
302 Offence—handling extinguishing agent	64
303 Offence—possessing or trading in extinguishing agent	64
304 Offence—possessing halon	65
304A Offence—false representations	66
305 Discharge of scheduled substances (Act s 45B)	67
306 Extinguishing agent destruction facilities	67
307 Trial of facility for destroying extinguishing agent	68
Subdivision 6A.4.1A—Appointment of Fire Boards etc.	68

307A	Appointment of Fire Boards and exercise of powers and functions	68
Subdivision 6A.4.2—Fire protection industry permits		69
311	Minister’s powers and functions in relation to fire protection industry permits	69
312	Minister may exercise powers and functions concurrently with Board	70
313	Applications for fire protection industry permits—general.....	70
Subdivision 6A.4.2A—General provisions in relation to Division 6A.4 permits		72
314	Requirements for grant of Division 6A.4 permits	72
314A	Period for which Division 6A.4 permits are in force	72
315	Minister may cancel or suspend Division 6A.4 permits.....	72
316	Reconsideration of decisions	73
317	Review of decisions	74
318	Division 6A.4 permits not in force if suspended.....	74
319	Powers of inspectors	74
Subdivision 6A.4.3—Extinguishing agent handling licences		74
321	Grant of extinguishing agent handling licences—general.....	74
322	Extinguishing agent handling licences—qualified persons.....	75
323	Special extinguishing agent handling licence.....	78
324	Extinguishing agent handling licences—experienced persons.....	79
325	Extinguishing agent trainee licence.....	79
326	Licence conditions	79
Subdivision 6A.4.4—Extinguishing agent trading authorisations		80
331	Grant of authorisations.....	80
332	Conditions on authorisations.....	81
Subdivision 6A.4.5—Halon special permits		82
341	Halon special permit	82
Subdivision 6A.4.6—Special circumstances exemptions		82
342	Special circumstances exemption	82
Division 6A.4A—Application fees for Part 6A		84
343	RAC industry permit application fees	84
344	Fire protection industry permit application fees.....	85
345	Other application fees in relation to fire protection.....	86
346	Increases for certain Part 6A application fees	86
Division 6A.5—Uses of scheduled substances not otherwise mentioned in this Part		88
400	Discharge of scheduled substances (Act s 45B).....	88
Division 6A.6—Scheduled substances (other than methyl bromide) used as feedstock		89
500	Discharge of scheduled substances (other than methyl bromide) used as feedstock (Act s 45B).....	89
Part 7—Reports and records		90
900	Periodic reports by manufacturers, importers, exporters and destroyers of scheduled substances and equipment.....	90

Part 8—Enforcement	93
906 Definitions for this Part.....	93
906A Infringement notice offences.....	93
907 When an infringement notice may be given.....	94
908 Matters to be included in an infringement notice.....	94
909 Extension of time to pay amount	96
910 Withdrawal of an infringement notice	96
911 Effect of payment of amount.....	97
912 Effect of this Part	98
Part 9—Miscellaneous	99
916 Delegation by Secretary	99
918 Licence levy threshold.....	99
Part 10—Transitional provisions	100
Division 1—Amendments made by the Ozone Protection and Synthetic Greenhouse Gas Management Amendment (Various Matters) Regulation 2013	100
952 Application of regulation 133	100
954 Application of amendment of subregulation 5(2)	100
Division 2—Amendments made by the Ozone Protection and Synthetic Greenhouse Gas Management Legislation Amendment (2017 Measures No. 1) Regulations 2017	101
956 Application of amendments made by item 6 of Schedule 1	101
957 Transitional provision—approved forms	101
958 Transitional provision—delegations	101
Division 3—Amendments made by the Ozone Protection and Synthetic Greenhouse Gas Management Legislation Amendment (2017 Measures No. 2) Regulations 2017	102
959 RAC industry permits—application provision.....	102
960 Fire protection industry permits—application provision.....	102
Division 4—Amendments made by the Ozone Protection and Synthetic Greenhouse Gas Management Amendment (Application Fees) Regulations 2018	103
961 Application fees for Part 6A—application provision.....	103
Division 5—Amendments made by the Ozone Protection and Synthetic Greenhouse Gas Management Amendment (Methyl Bromide, Fire Protection and Other Measures) Regulations 2018	104
962 Definitions for Division 5	104
963 Transitional—non-QPS permits.....	104
964 The Fire Protection Industry (Ozone Depleting Substances and Synthetic Greenhouse Gas) Board—continuation.....	104
965 Transitional—pending applications for licences and permits etc.....	105
966 Transitional—new applications for fire protection industry permits	105

967	Transitional—internal review	105

Part 1—Preliminary

Note: The numbers of the Parts in these Regulations correspond to those in the Act.

1 Name of regulations

These regulations are the *Ozone Protection and Synthetic Greenhouse Gas Management Regulations 1995*.

2 Definitions

In these Regulations:

Act means the *Ozone Protection and Synthetic Greenhouse Gas Management Act 1989*.

base period for an HFC quota allocation period has the meaning given by regulation 46.

covers: an SGG licence *covers* a period if the licence is in force for the whole of the period.

Note: For when a licence is in force, see section 19 of the Act.

first HFC quota allocation period means the HFC quota allocation period mentioned in subregulation 41(2).

Note: The first HFC quota allocation period starts on 1 January 2018.

grandfathered percentage for an HFC quota allocation period has the meaning given by regulation 46.

grandfathered quota means an amount to which a person is entitled under regulation 48, 49 or 50 (as affected by Subdivision 4A.3.5).

HFC quota allocation period has the meaning given by regulation 41.

licensed regulated HCFC activity means a regulated HCFC activity engaged in under a controlled substances licence.

licensed regulated HFC activity means a regulated HFC activity engaged in under an SGG licence.

maximum grandfathered quota has the meaning given by subregulation 58(4).

medical device has the meaning given by the *Therapeutic Goods Act 1989*.

medicine has the meaning given by the *Therapeutic Goods Act 1989*.

non-grandfathered percentage for an HFC quota allocation period has the meaning given by regulation 46.

Regulation 2

non-grandfathered quota means an amount to which a person is entitled under regulation 51.

quarter means a period of 3 months commencing on 1 January, 1 April, 1 July or 1 October.

registered qualification has the meaning given by subregulation 131(3).

registered unit of competency has the meaning given by subregulation 322(3).

sampled, for a scheduled substance, has the meaning given by subregulation 400(3).

scheduled kind of a scheduled substance has the meaning given by subregulation 900(4).

second HFC quota allocation period means the HFC quota allocation period starting on 1 January 2020.

veterinary device means an instrument, apparatus, material or other article (whether used alone or in combination, and including the software necessary for its proper application) that:

- (a) is used for animals:
 - (i) to diagnose, prevent, monitor, treat or alleviate a disease, condition or infestation of the animal by a pest; or
 - (ii) to test susceptibility to a disease; or
 - (iii) to diagnose, monitor, treat, alleviate or compensate for an injury or disability; or
 - (iv) to investigate, replace or modify the anatomy or a physiological process; or
 - (v) to control conception; or
 - (vi) to test for pregnancy; and
- (b) does not achieve its principal intended action in or on the animal by pharmacological, immunological or metabolic means, but that may be assisted in its function by those means.

veterinary medicine means a veterinary chemical product as defined in the *Agricultural and Veterinary Chemicals Code Act 1994*.

Part 2—Terms used in the Act

2AA Heel allowance percentage

For the definition of *heel allowance percentage* in section 7 of the Act, 5% is prescribed for each substance referred to in Schedule 1 to the Act.

2A SGG equipment

For paragraph 8D(1)(c) of the Act, the definition of *SGG equipment* does not include:

- (a) imported foam equipment (other than expanding polyurethane foam aerosols); or
- (b) foam equipment (other than expanding polyurethane foam aerosols) included in other imported equipment; or
- (c) a medical device or medicine; or
- (d) a veterinary device or veterinary medicine.

2B Bulk scheduled substances and equipment

For the purposes of subsection 9(6) of the Act, an HCFC or HFC that is in a polyol blend:

- (a) is taken to be a *bulk scheduled substance*; and
- (b) is taken not to be *contained* in equipment; and
- (c) is taken not to be *used* in the operation of equipment.

Part 3—Licences

Note: The numbers of the Parts in these Regulations correspond to those in the Act.

3 Circumstances and conditions for unlicensed manufacture, import or export

- (1) For the purposes of subsection 13(3) of the Act, the following circumstances are prescribed:
- (a) in the case of the manufacture or import of an SGG by a person:
 - (i) that a permit for the manufacture or import of the quantity and kind of the SGG has been granted to the person under regulation 3A; or
 - (ii) that the whole amount of the SGG is used in a medical device, medicine, veterinary device or veterinary medicine, and the SGG is not an HFC; or
 - (iii) that the manufacture or import of the quantity and kind of the SGG is allowed under regulation 3AA;
 - (b) in the case of the manufacture of an SGG—that the manufacture consists of the formation of the SGG as a by-product of the manufacture of aluminium.

Note 1: Subsection 13(3) of the Act applies to bulk SGGs: see subsection 9(1) of the Act.

Note 2: Medical devices, medicine, veterinary devices and veterinary medicines are not SGG equipment (see regulation 2A) and so are not covered by the Act's restrictions on importing SGG equipment.

- (2) For the purposes of paragraph 13(5)(b) of the Act, the following equipment is prescribed:
- (a) any air-conditioning equipment contained in a motor vehicle, watercraft or aircraft;
 - (b) any other air-conditioning equipment;
 - (c) a heat pump;
 - (d) any medical equipment;
 - (e) a part or component that contains an SGG or a substance referred to in any of Parts I to VIII of Schedule 1 to the Act (other than a separately imported motor vehicle part);
 - (f) any personal, household or food equipment;
 - (g) any refrigeration equipment;
 - (h) any safety equipment.
- (3) For the purposes of paragraph 13(5)(c) of the Act, the following conditions are prescribed:
- (a) that the person comply with any notice from the Secretary requesting evidence that:
 - (i) the equipment has been owned for more than 12 months wholly or principally for private or domestic use before importation; and

- (ii) the equipment is imported wholly or principally for private or domestic use;
 - (b) that the person comply within 30 days of receiving the notice.
- (4) However, the evidence in subparagraph (3)(a)(i) is not prescribed for equipment mentioned in paragraph (2)(d).

Low-volume thresholds

- (5) For the purposes of paragraph 13(6)(a) of the Act, 10 kilograms is prescribed.
- (6) For the purposes of paragraph 13(6)(b) of the Act, 25 kilograms is prescribed in relation to each of the following SGGs:
- (a) HFC;
 - (aa) nitrogen trifluoride;
 - (b) PFC;
 - (c) sulfur hexafluoride.
- (7) For the purposes of paragraph 13(6)(c) of the Act, it is a condition, in relation to an importation of SGG equipment by a person at a time in a calendar year, that the total amount of SGG contained in:
- (a) SGG equipment in the importation; and
 - (b) any other SGG equipment the person imported during the calendar year at or before that time;
- is not greater than 25 kg.
- (8) For the purposes of paragraph 13(6)(c) of the Act, the following conditions are prescribed in relation to an importation of ODS equipment by a person:
- (a) there are no more than 5 units of ODS equipment in the importation;
 - (b) the importation is the first importation of ODS equipment by the person in the 2 years ending on the day the importation occurs.

3A Permit for use of SGG in production or casting of magnesium

- (1) The Minister may grant a permit for a specified quantity of a specified SGG to be manufactured or imported for use in the production or casting of magnesium if the person proposing to manufacture or import it produces:
- (a) if the SGG will be supplied to another person—a purchase order or similar document from the person to whom the SGG will be supplied; and
 - (b) a statement from the person intending to use the SGG that it will be used in the production or casting of magnesium.

Note: See the *Criminal Code*, section 136.1, in relation to the making of false statements in applications for a licence, authority or benefit.

- (2) The permit must specify the period for which it remains valid.
- (3) The Minister may revoke the permit if:

Regulation 3AA

- (a) because of an event occurring before the SGG is manufactured or imported, the SGG is not able to be used for the purpose for which the permit was granted; or
- (b) there is reason to believe that a quantity of the SGG has been diverted to another purpose.

3AA Manufacturing process that converts SGG

- (1) The Minister may, by a written notice (an **SGG notice**) given to a person, allow the person to import or manufacture a quantity and kind of SGG, without the person holding a controlled substance licence, if the Minister is satisfied:
 - (a) the SGG is to be used in the manufacture of equipment; and
 - (b) the SGG will be, or is likely to be, destroyed:
 - (i) during the manufacturing process; or
 - (ii) immediately after the manufacturing process.
- (2) In deciding whether the Minister is satisfied, the Minister must have regard to:
 - (a) Australia's obligations under:
 - (ia) the Montreal Protocol; and
 - (i) the Framework Convention on Climate Change; and
 - (ii) the Kyoto Protocol; and
 - (b) the documents mentioned in subregulations (3) and (4); and
 - (c) any other matter that the Minister considers relevant.
- (3) If a person is importing or manufacturing the SGG for their own use, the person must give the Minister a statement from the person that:
 - (a) states the person intends to use the SGG in the manufacture of equipment; and
 - (b) explains the process to be used to manufacture the equipment; and
 - (c) explains how the SGG will be destroyed:
 - (i) during the manufacturing process; or
 - (ii) immediately after the manufacturing process.
- (4) If a person is importing or manufacturing the SGG for supply to another person (a **manufacturer**), the person must give the Minister:
 - (a) a purchase order or similar document for the SGG from the manufacturer; and
 - (b) a statement from the manufacturer that states the manufacturer intends to use the SGG in the manufacture of equipment; and
 - (c) a statement from the manufacturer that explains the process to be used to manufacture the equipment; and
 - (d) a statement from the manufacturer that explains how the SGG will be destroyed:
 - (i) during the manufacturing process; or
 - (ii) immediately after the manufacturing process.

Note: See section 62 of the Act in relation to the making of false statements.

- (5) An SGG notice is valid for the period, of up to 2 years, stated in the notice.
- (6) The Minister may, by written notice to the person to whom the SGG notice was given:
 - (a) vary an SGG notice; or
 - (b) revoke an SGG notice if the Minister is no longer satisfied of the matters mentioned in paragraph (1)(a) or (b).
- (7) A written notice made under subregulation (6) takes effect on the day stated in the notice.
- (8) An application may be made to the Administrative Appeals Tribunal for review of a decision of the Minister:
 - (a) to refuse to make an SGG notice; or
 - (b) to vary or revoke an SGG notice.
- (9) A written notice made under this regulation is not a legislative instrument.

3B Review of decisions under regulation 3A

Application may be made to the Administrative Appeals Tribunal for review of a decision of the Minister:

- (a) to refuse to grant a permit under subregulation 3A(1); or
- (b) to grant a permit with a particular period of validity; or
- (c) to revoke a permit.

3C Application fee for licence (Act s 14)

- (1) For paragraph 14(1)(aa) of the Act, the following application fees are prescribed:
 - (a) for a controlled substances licence—\$15 000;
 - (b) for an essential uses licence—\$3 000;
 - (c) for a used substances licence—\$15 000;
 - (d) for an equipment licence—\$3 000.
- (2) The Minister may waive the application fee for a controlled substances licence or a used substances licence if:
 - (a) the purpose of the licence is to allow the manufacture, import or export of less than half a tonne of scheduled substances; and
 - (b) the Minister is satisfied that the manufacture, import or export is for test purposes.
- (3) The Minister may waive the application fee for an essential uses licence if the Minister is satisfied that the manufacture, import or export of the scheduled substance to which the licence relates is for test purposes.
- (4) The Minister may waive the application fee for a controlled substances licence, a used substances licence or an essential uses licence if the Minister is satisfied that:

Regulation 3D

- (a) the scheduled substance to which the licence relates will be imported or exported for the purpose of the disposal of the substance; and
- (b) the disposal will be carried out by a technology approved by the parties to the Montreal Protocol.

3D Application fee for renewing licence

For the purposes of paragraph 19AA(3)(b) of the Act:

- (a) the application fee for a renewal of a licence of a particular type is the same as the application fee for a licence of that type under subregulation 3C(1); and
- (b) the Minister may waive the application fee for a renewal of a licence of a particular type in the circumstances in which the Minister could waive the application fee for a licence of that type under subregulation 3C(2), (3) or (4).

3E Circumstances in which Minister may grant equipment licences that allow Schedule 4 activities or section 69G activities

For the purposes of paragraph 16(6A)(a)(ii) of the Act, the following Schedule 4 activities are prescribed:

- (a) importing HCFC pre-charged air conditioning equipment, if the importation of the equipment satisfies the conditions mentioned in subsection 13(6) of the Act;
- (b) importing HCFC pre-charged refrigeration equipment, if the importation of the equipment satisfies the conditions mentioned in subsection 13(6) of the Act.

4 Publication of information about licences (Act s 22)

- (1) For section 22 of the Act, the Secretary may publish on the Department's website details of licences granted, cancelled and surrendered.
- (2) The details that may be published about a licence are:
 - (a) the kind of licence; and
 - (b) the name of the licensee; and
 - (c) the conditions (if any) imposed on the licence; and
 - (d) the date on which the licence was granted, cancelled or surrendered; and
 - (e) the date on which the licence expires.
- (3) The Secretary must ensure that the published details are updated as soon as practicable after any change and, in any event, at least every 6 months.

5 Records to be kept by licensees

- (1) A person who is, at any time in a month, a licensee must keep a record in writing of:

-
- (a) the quantities of each scheduled substance manufactured, imported and exported by the person in the month; and
 - (b) in respect of each quantity of a scheduled substance that has been imported by the person in the month:
 - (i) the date of importation; and
 - (ii) the country of origin of the scheduled substance; and
 - (iii) the full name and address of the person from whom the scheduled substance was imported; and
 - (iv) the place at which the scheduled substance was discharged from the ship or aircraft on which the scheduled substance was carried; and
 - (v) if the scheduled substance was imported on a ship—the name of the ship; and
 - (vi) if the scheduled substance was imported on an aircraft—the flight number of the aircraft on which the scheduled substance was carried; and
 - (vii) whether the scheduled substance was imported for use as feedstock; and
 - (c) in respect of each quantity of a scheduled substance that has been exported by the person in the month:
 - (i) the date of exportation; and
 - (ii) the country of destination of the scheduled substance; and
 - (iii) the full name and address of the person to whom the scheduled substance was exported; and
 - (iv) the place at which the scheduled substance was loaded on the ship or aircraft on which the scheduled substance was carried; and
 - (v) if the scheduled substance was exported on a ship—the name of the ship; and
 - (vi) if the scheduled substance was exported on an aircraft—the flight number of the flight on which the scheduled substance was carried; and
 - (d) in respect of each quantity of a scheduled substance that has been manufactured by the person in the month—whether the scheduled substance was manufactured for use as feedstock; and
 - (e) the quantity of each scheduled substance destroyed by the person in the month.

Penalty: 10 penalty units.

- (2) Records must be retained, on the licensee's main business premises, for 5 years from the last day of the month to which the records relate.

Penalty: 10 penalty units.

- (3) An offence under subregulation (1) or (2) is an offence of strict liability.

Note 1: For *strict liability*, see section 6.1 of the *Criminal Code*.

Note 2: Section 65 of the Act (which relates to the conduct of directors, servants and agents) applies to offences under these Regulations (see subsection 65(9) of the Act).

Regulation 6A

6A Review of decisions

Subject to the *Administrative Appeals Tribunal Act 1975*, an application may be made to the Administrative Appeals Tribunal for a review of the following decisions:

- (a) a decision under subregulation 3C(2) to refuse to waive the fee for a controlled substances licence or a used substances licence;
- (b) a decision under subregulation 3C(3) to refuse to waive the fee for an essential uses licence;
- (c) a decision under subregulation 3C(4) to refuse to waive the fee for a controlled substances licence, a used substances licence or an essential uses licence;
- (d) a decision under paragraph 3D(b) to refuse to waive the fee for a renewal of a licence.

Part 4A—HFC quotas

Division 4A.1—Preliminary

40 Simplified outline of this Part

HFC quotas are allocated for each of 2 consecutive years at a time. A person is eligible for HFC quotas for the years if the person:

- (a) applies for quotas; and
- (b) holds an SGG licence for the years.

The quotas allocated for the 2 years are identical.

An HFC quota consists of grandfathered and non-grandfathered quota.

Grandfathered quota is allocated:

- (a) for 2018 and 2019—to applicants who engaged in licensed regulated HCFC or HFC activities during 2009 to 2014; and
- (b) for 2020 and 2021—to applicants who were allocated HFC quotas for 2018 and 2019; and
- (c) for later years—to applicants who were allocated grandfathered quota for earlier years.

The sizes of grandfathered quotas are worked out on the basis of the applicants' past regulated HCFC and HFC activities and quotas.

Non-grandfathered quota is allocated in accordance with a legislative instrument made by the Minister.

A holder of grandfathered quota may apply to retire some of the holder's future entitlement to grandfathered quota. Retirement does not affect the amount of quota to which other licensees are entitled.

41 HFC quota allocation periods

- (1) An *HFC quota allocation period* is 2 years.
- (2) The first HFC quota allocation period starts on 1 January 2018.
- (3) Each HFC quota allocation period, except the first, starts at the end of the last preceding one.

Division 4A.2—HFC industry limit

42 HFC industry limit

For the purposes of subsection 36A(1) of the Act, the *HFC industry limit* for a calendar year in an HFC quota allocation period mentioned in an item of the following table is the quantity of HFCs, expressed in CO₂e megatonnes, specified in that item.

Base HFC industry limits		
Item	Column 1 HFC quota allocation period starting on 1 January ...	Column 2 Quantity of HFCs, expressed in CO₂e megatonnes
1	2018	8.000
2	2020	7.250
3	2022	6.250
4	2024	5.250
5	2026	4.250
6	2028	3.200
7	2030	2.900
8	2032	2.650
9	2034	2.100
10	in 2036 or a later year	1.607

Division 4A.3—Applications, allocation and size of HFC quotas

Subdivision 4A.3.1—Purpose of this Division

43 Purpose of this Division

For the purposes of subsection 36C(1) of the Act, this Division provides in relation to:

- (a) a process for applying for HFC quotas, including who may apply; and
- (b) a process for the Minister to allocate HFC quotas for calendar years to SGG licensees; and
- (c) a process for the Minister to:
 - (i) vary the size of HFC quotas; or
 - (ii) cancel HFC quotas; and
- (d) the method for working out the size of HFC quotas.

Subdivision 4A.3.2—Applications and allocation

44 Applying for HFC quotas

- (1) A person may apply for HFC quotas for both of the calendar years in an HFC quota allocation period if:
 - (a) the person holds an SGG licence that covers the period; or
 - (b) both:
 - (i) the person has applied for such a licence; and
 - (ii) the application has not been refused; or
 - (c) all of the following subparagraphs apply:
 - (i) the person has applied for the renewal of an SGG licence;
 - (ii) the application has not been refused;
 - (iii) if the licence is renewed, the licence will cover the whole of the period.

Note: The Minister must consider the applications mentioned in paragraphs (b) and (c) before allocating HFC quotas: see subregulation (4). A person who does not hold an SGG licence that covers an HFC quota allocation period is not entitled to an amount of HFC quota for a year in that period: see Subdivision 4A.3.3.

- (2) The application must:
 - (a) be in the approved form; and
 - (b) be given to the Minister on or before:
 - (i) if the HFC quota allocation period is the first HFC quota allocation period—the day determined under subregulation (3); or
 - (ii) otherwise—31 August in the last year before the start of the HFC quota allocation period; and
 - (c) specify the calendar years to which the application relates; and

Part 4A HFC quotas

Division 4A.3 Applications, allocation and size of HFC quotas

Regulation 45

- (d) state whether the applicant wishes to be allocated non-grandfathered quota for the years.
- (3) The Minister must, by legislative instrument, determine the day on or before which applications for HFC quotas for the calendar years in the first HFC quota allocation period must be given.

Minister must determine licence applications before allocating quotas

- (4) If paragraph (1)(b) or (c) applies to any of the applicants for HFC quotas for the years in an HFC quota allocation period because the applicants have applied for SGG licences or for the renewal of SGG licences, the Minister must determine each of those applications under Part III of the Act by:
- (a) issuing or renewing an SGG licence; or
 - (b) refusing the application;
- before the Minister allocates any HFC quotas for the years.
- (5) Subregulation (4) has effect as if a reference in section 17 or 19AD of the Act to section 66 included a reference to that subregulation.

45 Allocating HFC quotas for HFC quota periods

- (1) The Minister must, subject to subregulation 44(4), allocate an HFC quota for each of the calendar years in an HFC quota allocation period to a person if the person is entitled to amounts of grandfathered quota or non-grandfathered quota for the years.

Note: For when a person is entitled to amounts of grandfathered quota or non-grandfathered quota, see Subdivision 4A.3.3.

- (2) The Minister must determine the size of each HFC quota in accordance with regulation 47.
- (3) An HFC quota is allocated by written notice given to the person.
- (4) The notice must:
- (a) specify the size of the HFC quota; and
 - (b) specify:
 - (i) how much of the quota is an amount of grandfathered quota; and
 - (ii) how much of the quota is an amount of non-grandfathered quota; and
 - (c) specify the calendar year for which the quota is allocated.

Subdivision 4A.3.3—Entitlement to, and size of, HFC quotas

46 Definitions

The following table defines the *base period*, *grandfathered percentage* and *non-grandfathered percentage* for an HFC quota allocation period.

Definitions relating to HFC quota allocation periods				
Item	Column 1	Column 2	Column 3	Column 4
	HFC quota allocation period	Base period	Grandfathered percentage	Non-grandfathered percentage
1	the first HFC quota allocation period	the 6 years starting on 1 January 2009	90%	10%
2	the second HFC quota allocation period	the 12 months starting on 1 January 2018	95%	5%
3	any other HFC quota allocation period	the 2 years starting 3 years before the start of the HFC quota allocation period	95%	5%

47 Size of HFC quotas

The size of an HFC quota allocated to an SGG licensee for a calendar year is the total of any amounts of grandfathered quota and non-grandfathered quota to which the person is entitled for the year.

48 Grandfathered quota—first HFC quota allocation period

Entitlement

- (1) A person is entitled to an amount of grandfathered quota for each of 2018 and 2019 if:
 - (a) the person applies in accordance with regulation 44 for HFC quotas for the years; and
 - (b) the person holds an SGG licence that covers the whole of the first HFC quota allocation period; and
 - (c) the person engaged in a licensed regulated HCFC activity or licensed regulated HFC activity at any time during 2009 to 2014.

Amount

- (2) The amount of grandfathered quota to which a person is entitled for 2018 or 2019 (the **allocation year**) is the amount worked out using the following formula:

$$\frac{\text{Amount of licensed activities of the person}}{\text{Total amount of licensed activities}} \times \frac{\text{HFC industry limit for the allocation year}}{\text{HFC industry limit for the allocation year}} \times 90\%$$

where:

amount of licensed activities of a person means the sum of:

- (a) 75% of the total quantity (including nil) of HCFCs, expressed in CO₂e megatonnes, involved in licensed regulated HCFC activities engaged in by the person during 2009 to 2014; and

Part 4A HFC quotas

Division 4A.3 Applications, allocation and size of HFC quotas

Regulation 49

- (b) the total quantity (including nil) of HFCs, expressed in CO₂e megatonnes, involved in licensed regulated HFC activities engaged in by the person during 2009 to 2014.

total amount of licensed activities means the sum of the amounts of licensed activities of each person who is entitled to grandfathered quota for the allocation year.

Importations of HCFCs in excess of HCFC quota disregarded

- (3) Subsection (4) applies if:
- (a) the total quantity (the ***year's total***) of HCFCs, expressed in ODP tonnes, involved in licensed regulated HCFC activities engaged in by a person during a calendar year in a quota period (within the meaning of section 23A of the Act); exceeds
- (b) half of the HCFC quota allocated to the person for the quota period.
- (4) For the purposes of paragraph (a) of the definition of ***amount of licensed activities*** in subregulation (2), the quantity of HCFCs, expressed in ODP tonnes, involved in a particular licensed regulated HCFC activity engaged in by the person during the year is taken to be the amount worked out using the following formula:

$$\frac{\text{The quantity of HCFCs, expressed in ODP tonnes, involved in the particular activity}}{\text{The year's total}} \times \frac{\text{Half of the HCFC quota}}{\text{The year's total}}$$

Exports of HFCs disregarded

- (5) For the purposes of paragraph (b) of the definition of ***amount of licensed activities*** in subregulation (2), any quantities of HFCs exported by a person during 2009 to 2014 are disregarded.

Note: Subsection 36B(2) of the Act reduces the quantity of HFCs that is taken to be involved in regulated HFC activities engaged in by an SGG licensee in a period by the quantity of HFCs exported by the licensee in the period.

49 Grandfathered quota—second HFC quota allocation period

Entitlement

- (1) A person is entitled to an amount of grandfathered quota for each of 2020 and 2021 if:
- (a) the person applies in accordance with regulation 44 for HFC quotas for the years; and
- (b) the person holds an SGG licence that covers the whole of the second HFC quota allocation period; and
- (c) HFC quotas were allocated to the person for the calendar years in the first HFC quota allocation period.

Amount

- (2) The amount of grandfathered quota to which a person is entitled for 2020 or 2021 (the **allocation year**) is the amount worked out using the following formula:

$$\left(\frac{\text{Amount of licensed activities (grandfathered) of the person}}{\text{Total amount of licensed activities (grandfathered)}} \times \text{HFC industry limit for the allocation year} \times 90\% \right) + \left(\frac{\text{Amount of licensed activities (non-grandfathered) of the person}}{\text{Total amount of licensed activities (non-grandfathered)}} \times \text{HFC industry limit for the allocation year} \times 5\% \right)$$

where:

amount of licensed activities (grandfathered) of a person means the lesser of:

- (a) the total quantity (including nil) of HFCs, expressed in CO₂e megatonnes, involved in licensed regulated HFC activities engaged in by the person during 2018; and
- (b) the amount (including nil) of grandfathered quota included in the HFC quota allocated to the person for 2018.

amount of licensed activities (non-grandfathered) of a person means the lesser of:

- (a) the total quantity (including nil) of HFCs, expressed in CO₂e megatonnes, involved in licensed regulated HFC activities engaged in by the person during 2018, reduced (but not below nil) by the amount of licensed activities (grandfathered) of the person; and
- (b) the amount (including nil) of non-grandfathered quota included in the HFC quota allocated to the person for 2018.

total amount of licensed activities (grandfathered) means the sum of the amounts of licensed activities (grandfathered) of each person who is entitled to grandfathered quota for the allocation year.

total amount of licensed activities (non-grandfathered) means the sum of the amounts of licensed activities (non-grandfathered) of each person who is entitled to grandfathered quota for the allocation year.

50 Grandfathered quota—later HFC quota allocation periods

Entitlement

- (1) A person is entitled to an amount of grandfathered quota for each of the calendar years in an HFC quota allocation period, other than the first or second HFC quota allocation period, if:
 - (a) the person applies in accordance with regulation 44 for HFC quotas for the years; and

Part 4A HFC quotas

Division 4A.3 Applications, allocation and size of HFC quotas

Regulation 51

- (b) the person holds an SGG licence that covers the whole of the period; and
- (c) HFC quotas were allocated to the person for the calendar years in the previous HFC quota allocation period; and
- (d) those quotas included amounts of grandfathered quota.

Amount

- (2) The amount of grandfathered quota to which a person is entitled for a year (the **allocation year**) in an HFC quota allocation period, other than the first or second HFC quota allocation period, is the amount worked out using the following formula:

$$\frac{\text{Amount of licensed activities of the person}}{\text{Total amount of licensed activities}} \times \text{HFC industry limit for the allocation year} \times \text{Grandfathered percentage for the period}$$

where:

amount of licensed activities of a person means the sum of the annual amounts of licenced activities of the person for the calendar years in the base period for the HFC quota allocation period.

annual amount of licenced activities of a person for a calendar year means the lesser of:

- (a) the total quantity (including nil) of HFCs, expressed in CO₂e megatonnes, involved in licensed regulated HFC activities engaged in by the person during the year; and
- (b) the amount of grandfathered quota included in the HFC quota allocated to the person for the year.

total amount of licensed activities means the sum of the amounts of licensed activities of each person who is entitled to grandfathered quota for the allocation year.

51 Non-grandfathered quota

Entitlement

- (1) A person is entitled to an amount of non-grandfathered quota for each of the calendar years in an HFC quota allocation period if:
- (a) the person applies in accordance with regulation 44 for HFC quotas for the years; and
 - (b) the application states, under paragraph 44(2)(d), that the person wishes to be allocated non-grandfathered quota for the years; and
 - (c) the person holds an SGG licence that covers the whole of the period; and
 - (d) a determination under subregulation (4) of this regulation is in force in relation to the period; and
 - (e) the person meets the requirements prescribed by the determination in relation to the year.

Amount

- (2) The amount of non-grandfathered quota to which a person is entitled for a calendar year in an HFC quota allocation period is the amount worked out under the determination made under subregulation (4).
- (3) The sum of all the amounts of non-grandfathered quota to which persons are entitled for a calendar year in an HFC quota allocation period must not exceed the amount worked out using the following formula:

HFC industry limit for the year × Non-grandfathered percentage for the period

Determination

- (4) The Minister may, by legislative instrument, determine the following in relation to an HFC quota allocation period:
 - (a) requirements for a person to be entitled to an amount of non-grandfathered quota for each of the calendar years in the period;
 - (b) the amount, or the method for working out the amount, of non-grandfathered quota to which a person is entitled for each of the years.
- (5) In making a determination under subregulation (4), the Minister:
 - (a) must have regard to Australia's international obligations, and the policies of the Commonwealth Government, in relation to the manufacture, importation or consumption of scheduled substances; and
 - (b) may have regard to any other matters he or she thinks relevant.
- (6) A determination made under subregulation (4) may provide in relation to review of decisions made under the determination.

52 Business succession

Requests

- (1) A person who engaged in a licensed regulated HCFC activity in the base period for the first HFC quota allocation period may request that:
 - (a) the activity be taken to have been engaged in by another specified person; and
 - (b) all or part of an HCFC quota allocated to the first person for the quota period (within the meaning of section 23A of the Act) in which the licensed regulated HCFC activity was engaged in be taken to have been:
 - (i) allocated to the other person; and
 - (ii) not allocated to the first person.
- (2) A person who engaged in a licensed regulated HFC activity in the base period for an HFC quota allocation period may request that:
 - (a) the activity be taken to have been engaged in by another specified person; and

Part 4A HFC quotas

Division 4A.3 Applications, allocation and size of HFC quotas

Regulation 53

- (b) all or part of an HFC quota allocated to the first person for the calendar year in which the licensed regulated HFC activity was engaged in be taken to have been:
 - (i) allocated to the other person; and
 - (ii) not allocated to the first person.
- (3) A request under subregulation (1) or (2) must be:
 - (a) in the approved form; and
 - (b) given to the Minister before the day on or before which, under paragraph 44(2)(b), applications for HFC quotas for the calendar years in the HFC quota allocation period must be made.
- (4) If the Minister receives a request under subregulation (1) or (2) in accordance with subregulation (3), then, for the purposes of applying this Subdivision in allocating HFC quotas for the HFC quota allocation period mentioned in subregulation (1) or (2) (whichever is applicable) and later HFC quota allocation periods:
 - (a) the activity specified in the request is taken to have been engaged in by the person specified in the request, rather than by the person who makes the request; and
 - (b) all or part of the HCFC quota or HFC quota specified in the request is taken to have been allocated to the person specified in the request, rather than to the person who makes the request.

Variations and withdrawals

- (5) A person who makes a request under subregulation (1) or (2) may vary or withdraw it.
- (6) The variation or withdrawal must be:
 - (a) in the approved form; and
 - (b) given to the Minister no later than 30 days after the day mentioned in paragraph (3)(b).

Licence requirements

- (7) To avoid doubt, for the purposes of this Subdivision, an activity that a person is taken under subregulation (4) to have engaged in at a time is a licensed regulated HCFC activity or licensed regulated HFC activity even if the person did not actually hold at that time a controlled substances licence or SGG licence that allowed the activity.

53 Transfer of HFC quotas

A transfer of an HFC quota under section 36F of the Act does not affect the relative proportions of any amounts of grandfathered quota and non-grandfathered quota included in the HFC quota.

Subdivision 4A.3.4—Correcting HFC quotas

54 Correcting HFC quotas

Varying size of HFC quotas

- (1) If, after an HFC quota is allocated to a person for a calendar year, the Minister becomes satisfied that the size of the quota is incorrect, the Minister must, by written notice given to the person, amend the size of the HFC quota to be the correct amount.

Note: For the correct size of an HFC quota, see regulation 47.

Example: The size of an HFC quota allocated to an SGG licensee for a year could be incorrect because another SGG licensee was incorrectly taken to be, or not to be, entitled to an amount of grandfathered quota or non-grandfathered quota for the year.

- (2) An amendment of an HFC quota under subregulation (1) has effect from the start of the calendar year for which the quota was allocated.

Cancelling HFC quotas

- (3) If, after an HFC quota is allocated to a person for a calendar year, the Minister becomes satisfied that the person was not entitled to such a quota, the Minister must, by written notice given to the person, cancel the quota.

Note: For when a person is entitled to an HFC quota, see subregulation 45(1).

- (4) An HFC quota cancelled under subregulation (3) is taken never to have been in force and never to have been allocated.

Subdivision 4A.3.5—Retiring HFC quota entitlements

55 Applying to retire quota entitlements

- (1) An SGG licensee may apply for the retirement of a specified percentage of the licensee's entitlement to HFC quotas for calendar years occurring in or after a specified HFC quota allocation period (the *retirement period*) (other than the first HFC quota allocation period) if:
 - (a) the licensee has been allocated HFC quotas for the calendar years in the HFC quota allocation period occurring immediately before the retirement period; and
 - (b) if the retirement period occurs after the second HFC quota allocation period—the quotas mentioned in paragraph (a) include amounts of grandfathered quota.
- (2) The application must:
 - (a) be in writing; and
 - (b) be given to the Minister no later than 30 June before the start of the retirement period.

Regulation 56

56 Consultation before retiring quota entitlements

- (1) Before the Minister makes a decision on an application under regulation 55 to retire a percentage of an SGG licensee's entitlement to HFC quotas for calendar years occurring in or after a specified HFC quota allocation period (the *retirement period*), the Minister must consult industry and the public about the application.
- (2) Without limiting the ways in which the Minister may comply with the obligation in subregulation (1), the Minister is taken to comply with that obligation if the Minister:
 - (a) on the Department's website:
 - (i) makes available the application for the retirement, or a description of the proposed retirement; and
 - (ii) invites the public to comment on the proposed retirement; and
 - (b) notifies each SGG licensee (other than the applicant) to whom HFC quotas have been allocated for the calendar years in the HFC quota allocation occurring immediately before the retirement period:
 - (i) that the application or description is available on the Department's website; and
 - (ii) that the SGG licensee is invited to comment on the proposed retirement; and
 - (c) does not make a decision on the application before the end of the 20 days starting on the day the Minister makes the application or description available under paragraph (a).
- (3) A failure to consult as required by subregulation (1) does not invalidate a decision under this Division.

57 Retiring quota entitlements

- (1) If an SGG licensee applies under regulation 55 to retire a percentage of the licensee's entitlement to HFC quotas for calendar years occurring in or after a specified HFC quota allocation period, the Minister must:
 - (a) by notifiable instrument, retire a specified percentage of the licensee's entitlement to HFC quotas for those years; or
 - (b) refuse the application by written notice given to the applicant.
 - (2) The percentage specified under paragraph (1)(a) must be:
 - (a) the percentage specified in the application; or
 - (b) a lesser percentage.
 - (3) In deciding the application, the Minister:
 - (a) must have regard to the likely demand for HFC in Australia in those years; and
 - (b) must have regard to Australia's international obligations, and the policies of the Commonwealth Government, in relation to the manufacture, importation or consumption of scheduled substances; and
-

(c) may have regard to any other matters he or she thinks relevant.

58 Retiring quota entitlements—effects

- (1) This section applies if, under regulation 57, the Minister retires a percentage (the **retirement percentage**) of the entitlement of an SGG licensee (the **applicant**) to HFC quotas for calendar years occurring in or after a particular HFC quota allocation period (the **retirement period**).

Reduction in applicant's HFC quotas

- (2) The amount of grandfathered quota (if any) to which the applicant is entitled for each of those years is:
- (a) if the year occurs in the retirement period—reduced by the retirement percentage; or
 - (b) if the year occurs after the retirement period—reduced to equal the amount (the **reduced maximum**) worked out by reducing the maximum grandfathered quota for the year by the retirement percentage (if the amount of grandfathered quota would otherwise exceed the reduced maximum).

Note 1: For the maximum grandfathered quota, see subregulation (4).

Note 2: An amount of grandfathered quota that is reduced under this subregulation is not reallocated to another SGG licensee.

Retirement does not affect entitlements of other SGG licensees

- (3) In applying:
- (a) the definitions of **total amount of licensed activities (grandfathered)** and **total amount of licensed activities (non-grandfathered)** in subregulation 49(2); and
 - (b) the definition of **total amount of licensed activities** in subregulation 50(2); for the purposes of allocating HFC quotas for calendar years in an HFC quota allocation period (the **current period**) occurring after the retirement period:
 - (c) the applicant is taken to have been allocated an HFC quota for each calendar year occurring in or after the retirement period (if the applicant was not actually allocated a quota for the year); and
 - (d) the applicant is taken to have been entitled to grandfathered quota for each calendar year occurring in or after the retirement period (if the applicant was not actually so entitled); and
 - (e) for each calendar year (the **earlier year**) occurring in or after the retirement period and in or before the base period for the current period, both:
 - (i) the amount of grandfathered quota to which the applicant was entitled for the earlier year; and
 - (ii) the total quantity of HFCs, expressed in CO₂e megatonnes, involved in licensed regulated HFC activities engaged in by the applicant during the earlier year;are taken to equal the maximum grandfathered quota for the earlier year.

Part 4A HFC quotas

Division 4A.3 Applications, allocation and size of HFC quotas

Regulation 58

- (4) The **maximum grandfathered quota** for a calendar year (the **current year**) is the amount of grandfathered quota to which the applicant would be entitled for the current year if:
- (a) the applicant were allocated an HFC quota each calendar year occurring in or after the retirement period; and
 - (b) the applicant were entitled to grandfathered quota for each calendar year occurring in or after the retirement period; and
 - (c) the amount of the grandfathered quota to which the applicant was entitled for each calendar year occurring in the retirement period were equal to the grandfathered quota to which the applicant would have been entitled for that year apart from paragraph (2)(a); and
 - (d) for each calendar year (the **earlier year**) occurring in or after the retirement period and in or before the base period for the current period, both:
 - (i) the amount of grandfathered quota to which the applicant was entitled for the earlier year (unless the year occurs in the retirement period); and
 - (ii) the total quantity of HFCs, expressed in CO₂e megatonnes, involved in licensed regulated HFC activities engaged in by the applicant during the earlier year;were equal to the maximum grandfathered quota for the earlier year.

Part 5—Manufacture of equipment using scheduled substances

Division 5.1—Exemptions for refrigeration and air conditioning equipment

73 Exemption expiring on 31 December 2019

- (1) For subclause 10(1A) of Schedule 4 to the Act, the following equipment is specified:
 - (a) replacement parts for existing HCFC refrigeration or air conditioning equipment;
 - (b) equipment insulated with foam manufactured with HCFC;
 - (c) equipment for which the Minister considers it would be impracticable:
 - (i) for the importer or licence holder to comply with the ban; and
 - (ii) to remove or retrofit the equipment because it is incidental to the main import.

Example: For subparagraph (c)(ii), air conditioning equipment incorporated into a large boat or drilling rig.

- (4) Applications may be made to the Administrative Appeals Tribunal for review of decisions of the Minister under paragraph (1)(c).
- (5) In this regulation:

replacement part does not include a complete, or substantially complete, indoor or outdoor unit of a split system air conditioning unit.
- (6) This regulation is repealed at the end of 31 December 2019.

Part 6A—Disposal and use of scheduled substances

Note 1: The numbers of the Parts in these Regulations correspond to those in the Act.

Note 2: Part 6 is intentionally not used and regulation numbers 81 to 99 (inclusive) are reserved for future use.

Division 6A.1—Preliminary

100 Purpose of Part 6A

For section 45A of the Act, Part 6A imposes controls on:

- (a) the sale, purchase, and other acquisition or disposal of:
 - (i) scheduled substances for refrigeration and air conditioning, and fire protection; and
 - (ii) methyl bromide; and
- (b) the storage, use and handling of:
 - (i) scheduled substances for refrigeration and air conditioning, and fire protection; and
 - (ii) methyl bromide.

102 Considerations in deciding whether someone is a fit and proper person to hold a permit

- (1) This regulation sets out matters a decision-maker must consider in deciding whether a person is a fit and proper person to hold a permit of one of the following kinds:
 - (a) an RAC industry permit under Division 6A.2;
 - (b) a feedstock permit under Division 6A.3;
 - (c) a fire protection industry permit under Division 6A.4.

Note: This affects what information that is needed to make, or relevant to, such a decision, and so affects provisions about giving a decision-maker such information, as well as affecting provisions about the decision-maker being satisfied that the person is or is not a fit and proper person to hold the licence.

Decision relating to grant of the permit

- (2) If the decision relates to the grant of the permit, the matters are as follows:
 - (a) the matters described in paragraphs 16(5)(aa) to (eb) of the Act;
 - (b) any order made, under section 19B of the *Crimes Act 1914*, relating to:
 - (i) the person and an offence described in paragraph 16(5)(a) or (b) of the *Ozone Protection and Synthetic Greenhouse Gas Management Act 1989*; or
 - (ii) if the person is a body corporate—an executive officer of the body corporate and an offence described in paragraph 16(5)(bb) or (bc) of the *Ozone Protection and Synthetic Greenhouse Gas Management Act 1989*;

-
- (c) any suspension or cancellation of another permit of the same kind held:
 - (i) by the person; or
 - (ii) if the person is a body corporate—by an executive officer of the body corporate;
 - (d) any contravention of a condition of another permit of the same kind held:
 - (i) by the person; or
 - (ii) if the person is a body corporate—by an executive officer of the body corporate.

Decision relating to cancellation or suspension of the permit

- (3) If the decision relates to the cancellation or suspension of the permit, the matters are as follows:
 - (a) the matters described in paragraphs 20(2)(aa) to (g) of the Act;
 - (b) any order made, under section 19B of the *Crimes Act 1914*, relating to:
 - (i) the person and an offence described in paragraph 20(2)(a) or (b) of the *Ozone Protection and Synthetic Greenhouse Gas Management Act 1989*; or
 - (ii) if the person is a body corporate—an executive officer of the body corporate and an offence described in paragraph 20(2)(bb) or (bc) of the *Ozone Protection and Synthetic Greenhouse Gas Management Act 1989*;
 - (c) any earlier suspension of the permit;
 - (d) any contravention of a condition of the permit;
 - (e) any suspension or cancellation of another permit of the same kind held by the person;
 - (f) any contravention of a condition of another permit of the same kind held by the person.

This regulation does not limit considerations

- (4) This regulation does not limit matters that the decision-maker may consider.

Division 6A.2—Refrigeration and air conditioning

Subdivision 6A.2.1—Preliminary

110 Definitions for Division 6A.2

In this Division:

AMSA certificate means a certificate of competency, issued under section 31 of the *Navigation Act 2012*, for any of the following:

- (a) an Engineer Class 1;
- (b) an Engineer Class 2;
- (c) an Engineer Watchkeeper.

AMSA vessel means a vessel:

- (a) to which the *Navigation Act 2012* applies; or
- (b) that is taken to be a facility under clause 4 of Schedule 3 to the *Offshore Petroleum and Greenhouse Gas Storage Act 2006*.

commercial stand-alone refrigeration equipment means refrigeration equipment that:

- (a) is designed primarily for commercial use; and
- (b) is designed not to be permanently connected to the power supply of the premises where it is installed; and
- (c) does not require the installation of pipework to enable the movement of refrigerant.

domestic refrigeration or air conditioning equipment means refrigeration or air conditioning equipment that:

- (a) is designed primarily for household use; and
- (b) is designed not to be permanently connected to the power supply of the premises where it is installed; and
- (c) does not require the installation of pipework to enable the movement of refrigerant.

Note: This definition does not cover split system air conditioners.

halon special permit means a permit granted under regulation 150.

RAC equipment (or **refrigeration and air conditioning equipment**) means equipment, used for the cooling or heating of anything, that uses a refrigerant.

RAC equipment manufacturing authorisation means an authorisation granted under paragraph 140(1)(b).

RAC Industry Board means a body appointed under paragraph 120(2)(a).

RAC industry permit means any of the following:

- (a) a refrigerant handling licence;

- (b) a refrigerant trading authorisation;
- (c) an RAC equipment manufacturing authorisation;
- (d) a halon special permit;
- (e) a restricted refrigerant trading authorisation.

RAC industry powers and functions means the powers and functions given to the Minister by subregulation 120(1).

refrigerant means any or all of CFC, HCFC, HFC, PFC and halon that is, or has been, used in RAC equipment.

refrigerant destruction facility means a facility that a person is approved to operate under regulation 114.

refrigerant handling licence means a licence granted under Subdivision 6A.2.2.

refrigerant trading authorisation means an authorisation granted under paragraph 140(1)(a).

relevant authority, in relation to an RAC industry permit, or an application for a permit, means:

- (a) the relevant Board; or
- (b) the Minister.

relevant Board means:

- (a) in relation to an RAC industry permit—the RAC Industry Board that granted the permit; or
- (b) in relation to an application for a permit—the Board to which the application is made.

restricted refrigerant trading authorisation means an authorisation granted under paragraph 140(1)(c).

111 Offence—carrying out work in relation to RAC equipment

- (1) A person commits an offence if the person carries out work in relation to RAC equipment and the person is not:
 - (a) both:
 - (i) the holder of a refrigerant handling licence; and
 - (ii) entitled under the licence to carry out the work; or
 - (b) both:
 - (i) engaged in a phase of the manufacture of RAC equipment; and
 - (ii) supervised by the holder of a licence granted under regulation 131 or 133 that entitles the holder to manufacture RAC equipment; or
 - (d) both:
 - (i) the holder of an AMSA certificate; and

Regulation 112

- (ii) required to carry out the work on an AMSA vessel as part of his or her duties on the vessel.

Penalty: 10 penalty units.

- (2) For subregulation (1), *carries out work in relation to RAC equipment* means doing anything with a refrigerant, or a component of RAC equipment, that involves a risk of refrigerant being emitted, including:
 - (a) decanting the refrigerant; and
 - (b) manufacturing, installing, commissioning, servicing and maintaining RAC equipment, whether or not refrigerant is present; and
 - (c) decommissioning RAC equipment in which refrigerant is present.
- (3) An offence against subregulation (1) is an offence of strict liability.

112 Offence—possessing or trading in refrigerant

- (1) In this regulation:

bulk refrigerant means refrigerant other than halon, but does not include refrigerant that is contained in RAC equipment.

- (2) A person must not acquire, possess, or dispose of bulk refrigerant unless the person is:
 - (a) the holder of a refrigerant trading authorisation or an RAC equipment manufacturing authorisation; or
 - (b) the operator of a refrigerant destruction facility; or
 - (c) approved to conduct a trial of a facility under regulation 115.

Penalty: 10 penalty units.

- (3) It is a defence to a charge of contravening subregulation (2) that the defendant, as soon as practicable after becoming aware that he or she possessed bulk refrigerant, gave it to:
 - (a) the holder of a refrigerant trading authorisation; or
 - (b) the operator of a refrigerant destruction facility.

Note: For guidance on locating holders of refrigerant trading authorisations, see www.environment.gov.au/atmosphere/ozone/rac/index.html.

- (4) An offence against subregulation (2) is an offence of strict liability.

113 Offence—possessing halon

- (1) A person must not possess halon that is, or has been, for use in RAC equipment, unless the person is:
 - (a) the holder of a halon special permit; or
 - (b) the operator of a refrigerant destruction facility; or
 - (c) approved to conduct a trial of a facility under regulation 115.

Penalty: 10 penalty units.

- (2) It is a defence to a charge of contravening subregulation (1) that the defendant:
- (a) in the case of a defendant who is the holder of an extinguishing agent trading authorisation—acquired the halon for transfer to an extinguishing agent destruction facility; or
 - (b) as soon as practicable after becoming aware that he or she possessed halon, gave it to the operator of a refrigerant destruction facility.
- (3) An offence against subregulation (1) is an offence of strict liability.

Note: The use of halon for most purposes was phased out from 1990 under State and Territory legislation. Halon was not normally used for refrigeration or air conditioning.

113A Offence—false representations

- (1) A person commits an offence if:
- (a) the person makes a representation that the person can provide a service that involves the acquisition, disposal, storage, use or handling of refrigerant; and
 - (b) at the time of making the representation, the person does not hold an RAC industry permit that entitles the person to provide the service; and
 - (c) at the time of making the representation, the person does not employ, or has not engaged, a person who holds a refrigerant handling licence for work of the kind that is necessary to provide the service.

Penalty: 10 penalty units.

- (1A) Subregulation (1) does not apply to a person if:
- (a) at the time of making the representation, the person has entered into an agreement (however described) with someone else to provide the service; and
 - (b) the agreement contains a provision to the effect that the service must be provided by the holder of an RAC industry permit that entitles the holder to provide the service.

Note: A defendant bears an evidential burden in relation to the matters in subregulation (1A)—see subsection 13.3(3) of the *Criminal Code*.

- (2) A person commits an offence if:
- (a) the person makes a representation that the person is the holder of a kind of RAC industry permit; and
 - (b) at the time of making the representation, the person is not the holder of an RAC industry permit of that kind.

Penalty: 10 penalty units.

- (2A) A person commits an offence if:
- (a) the person is employed to work on an AMSA vessel; and
 - (b) the person makes a representation that the person holds an AMSA certificate; and
 - (c) at the time of making the representation, the person does not hold an AMSA certificate.
-

Regulation 114

Penalty: 10 penalty units.

- (3) An offence against subregulation (1), (2) or (2A) is an offence of strict liability.

114 Refrigerant destruction facilities

- (1) The Minister may, on application, give approval in writing for a person to operate a refrigerant destruction facility.
- (2) An application must be in writing and must include:
- (a) the name and address of the applicant; and
 - (b) the address of the facility; and
 - (c) enough information about the facility to enable the Minister to decide the application; and
 - (d) if the facility was the subject of a trial under regulation 115—information about the results of the trial.
- (3) The Minister may approve a person to operate a facility only if the Minister is satisfied that the facility is able to operate in a way that is consistent with Australia's obligations under the Montreal Protocol.
- (4) The Minister may at any time impose, or vary, conditions in writing on the approval of a person to operate a facility.

115 Trial of facility for destroying refrigerant

- (1) The Minister may, on application, give approval in writing for a person to conduct a trial of a facility to determine whether the facility is able to operate in a way that is consistent with Australia's obligations under the Montreal Protocol when destroying refrigerant.
- (2) An application must be in writing and must include:
- (a) the name and address of the applicant; and
 - (b) the address of the facility; and
 - (c) enough information about the facility to enable the Minister to decide the application.
- (3) The Minister may at any time impose, or vary, conditions in writing on the approval of a person to conduct a trial, including conditions relating to the following:
- (a) when the trial may be conducted;
 - (b) the volume of SGGs or ODSs that may be destroyed in the trial;
 - (c) the reporting and monitoring requirements that must be complied with in relation to the trial.
- (4) In this regulation:

ODS has the meaning given by section 65A of the Act.

Subdivision 6A.2.1A—RAC industry permits

Note: Regulation numbers 116 to 119 (inclusive) are intentionally not used.

120 Relevant authority's powers and functions

- (1) The Minister has the following powers and functions:
 - (a) to receive applications for RAC industry permits;
 - (b) to collect, on behalf of the Commonwealth, the fees that are payable for those applications;
 - (c) to grant RAC industry permits;
 - (d) to collect information:
 - (i) supplied by applicants for industry permits; and
 - (ii) supplied in response to any request made under paragraphs 141(1)(b) and (n);
 - (e) to publish the information mentioned in paragraph (d) in a way that does not:
 - (i) allow any person to be identified, except as provided for in paragraph (ea); or
 - (ii) disclose confidential information;
 - (ea) to keep and make available to the public by electronic means a register that includes the following details for the holder of an RAC industry permit:
 - (i) the name of the holder of the permit;
 - (ii) the type of permit held;
 - (iii) the number allocated to the permit by the relevant authority;
 - (iv) except for the holder of a refrigerant handling licence—the address and phone number of the holder of the permit;
 - (f) to inspect, with the occupier's permission, premises used for activities conducted under an RAC industry permit.
- (2) The Minister may, in writing:
 - (a) appoint 1 or more bodies that are incorporated under the *Corporations Act 2001*, as **RAC Industry Boards**; and
 - (b) specify that an appointment is subject to a condition or conditions set out in the instrument of appointment; and
 - (c) authorise the Board or Boards to exercise any or all of the Minister's RAC industry powers and functions in relation to:
 - (i) the refrigeration and air conditioning industry; or
 - (ii) 1 or more specified sectors of the industry.

121 Applications for RAC industry permits—general

- (1) An application for an RAC industry permit must:
 - (a) be made to an appropriate relevant authority under regulation 121A; and
 - (b) be in the approved form; and
 - (c) be accompanied by the fee prescribed for the particular kind of permit; and
-

Part 6A Disposal and use of scheduled substances

Division 6A.2 Refrigeration and air conditioning

Regulation 121

Note: Application fees for Part 6A are set out in Division 6A.4A.

- (d) include the information needed by the authority to decide the application, including the information required by subregulations (1A) and (1B).

(1A) The application must include:

- (a) details about the applicant's relevant training and experience; and
- (b) in the case of an application by an individual—evidence about the applicant's knowledge about this Division, the Act and any standard that is relevant to the work to be carried out under the permit; and

Note: Relevant standards are set out in Table 135.

- (c) evidence that the applicant is a fit and proper person to hold the permit; and
- (d) for an application for an authorisation mentioned in subregulation 140(1)—evidence that the applicant will meet the requirements mentioned in subregulation 140(3); and
- (e) for an application for a halon special permit—evidence that the applicant will meet the requirements mentioned in subregulation 150(3).

(1B) However, if:

- (a) the applicant holds an RAC industry permit (the *current permit*) at the time the application is made; and
- (b) the current permit and the permit for which the application is made are the same type of RAC industry permit; and
- (c) the application is made no later than 30 days before the current permit ceases to be in force;

then, instead of the details or evidence required by a paragraph of subregulation (1A), the application may include:

- (d) if there has been a change in relation to the matter mentioned in the paragraph since the application for the current permit was made—evidence of the change; or
- (e) confirmation that there has been no change in relation to the matter mentioned in the paragraph since the application for the current permit was made.

(1C) Without limiting the information a relevant authority may take into account in deciding whether to grant an RAC industry permit, if subregulation (1B) applies in relation to the application for the permit, the relevant authority may take into account any information previously provided by the applicant.

(2) If an applicant has not:

- (a) provided all the information mentioned in paragraph (1)(d); or
- (b) given any consent that has been requested for the disclosure to the relevant authority or the Minister of personal information that is relevant to whether the applicant is a fit and proper person to hold the permit;

the relevant authority:

- (c) may ask the applicant for the information or consent; and
- (d) need not consider the application until the applicant provides the information or gives the consent.

- (3) If the relevant authority has not made a decision about an application within 30 days after:
- (a) if paragraph (b) does not apply—the application was made; or
 - (b) if the authority has asked the applicant for any information or consent—the information or consent was provided;
- the authority is taken to have refused the application.

121A Appropriate relevant authority for applications for RAC industry permits

- (1) This regulation sets out the appropriate relevant authority to which to make an application for an RAC industry permit.
- (2) If the Minister has appointed 1 or more RAC Industry Boards to exercise his or her RAC industry powers and functions in relation to the whole refrigeration and air conditioning industry, the appropriate relevant authority is:
- (a) if 1 Board has been appointed—that Board; or
 - (b) if more than 1 Board has been appointed—any of those Boards.
- (3) If the Minister has appointed 1 or more RAC Industry Boards to exercise his or her RAC industry powers and functions in relation to a sector of the refrigeration and air conditioning industry, the appropriate relevant authority is:
- (a) if 1 Board grants the kind of permit sought by the applicant—that Board; or
 - (b) if more than 1 Board grants that kind of permit—any of those Boards; or
 - (c) if no Board grants that kind of permit—the Minister.
- (4) An applicant is taken to have withdrawn an application if:
- (a) the relevant authority asks the applicant for information or consent; and
 - (b) the applicant does not provide the information or consent within 6 months of the authority's request.
- (5) An applicant may withdraw an application at any time before the relevant authority decides the application.
- (6) The fee for an application is not refundable if the applicant withdraws the application or the application is taken to have been withdrawn.

122 Requirement for grant of RAC industry permit

A relevant authority must not grant an RAC industry permit to a person unless the authority is satisfied that:

- (a) granting the permit is not contrary to Australia's international obligations, or the Commonwealth's policies, relating to the use or disposal of scheduled substances; and
- (b) the person is a fit and proper person to hold the permit.

122A Period for which permit is in force

An RAC industry permit is in force:

Regulation 123

- (a) from the day on which it is granted, or another day specified by the relevant authority in writing; and
- (b) for a period of no more than 36 months specified in writing by the authority.

123 Powers of Minister

- (1) The Minister may cancel or suspend an RAC industry permit if he or she is satisfied that the holder:
 - (a) is no longer a fit and proper person to hold the permit; or
 - (b) has contravened a condition to which the permit was subject; or
 - (c) does not have the knowledge, ability and experience necessary to competently carry out the work covered by the licence; or
 - (d) for an authorisation—does not meet the requirements set out in subregulation 140(3); or
 - (e) for a halon special permit—does not meet the requirements set out in subregulation 150(3).
- (1A) The Minister may suspend an RAC industry permit:
 - (a) for a fixed period; or
 - (b) until the Minister is satisfied on reasonable grounds that:
 - (i) a thing that contributes to the grounds for the suspension is remedied; and
 - (ii) if the thing is required to be remedied in a stated way—the thing is remedied in that way or in a way that is equally effective.
- (2) The Minister cancels or suspends an RAC industry permit by giving the holder a notice:
 - (a) stating that the permit has been cancelled or suspended; and
 - (b) setting out the reasons for the cancellation or suspension; and
 - (c) stating:
 - (i) for a suspension for a fixed period—the period of the suspension; or
 - (ii) for a suspension mentioned in paragraph (1A)(b)—the date the suspension begins and that the permit is suspended until a stated thing is remedied.
- (2A) A notice that contains a statement mentioned in subparagraph (2)(c)(ii) may also state how the thing is to be remedied.
- (2B) For a permit that is suspended until a stated thing is remedied, the holder must tell the Minister in writing when, and how, the thing is remedied.
- (2C) If the Minister decides that the thing is remedied:
 - (a) the Minister must give the holder a notice stating that the Minister is satisfied that the thing is remedied; and
 - (b) the suspension ends on the day after the day the holder is given the notice.

- (2D) If the Minister decides that the thing is not remedied, the Minister must give the holder a notice stating that the Minister is not satisfied that the thing is remedied.

124 Reconsideration of decisions

- (1) Application may be made:
 - (a) to the relevant authority for reconsideration of any of the following decisions of the authority:
 - (i) a refusal of an application for an RAC industry permit;
 - (ii) a decision about the period for which a permit is in force;
 - (iii) a decision imposing a condition on a permit; or
 - (b) to the Minister for reconsideration of a decision:
 - (i) to suspend or cancel a permit; or
 - (ii) that a thing that contributes to the grounds for a suspension of a permit is not remedied.
- (2) An application for reconsideration of a decision must:
 - (a) be made within 21 days of the day on which the person received notice of the decision; and
 - (b) set out the reasons why the person wants the decision reconsidered.
- (3) If the relevant authority or Minister receives an application, the authority or Minister may:
 - (a) confirm the decision; or
 - (b) vary or reverse the decision.
- (4) Before making a decision under subregulation (3), the relevant authority or Minister may ask the applicant in writing to give the authority or Minister further information that the authority or Minister reasonably needs to make the decision.
- (5) If the relevant authority or Minister asks for further information under subregulation (4), the period starting on the day the written request is made and ending on the day the applicant gives the information is not to be counted for subregulation (7).
- (6) However, if the applicant does not give the relevant authority or Minister the information before the thirtieth day after the day the written request is made, that day and each day after that is to be counted for subregulation (7).
- (7) If the relevant authority or Minister does not confirm, vary or reverse a decision within 60 days after the day the authority or Minister receives an application for reconsideration of the decision, the authority or Minister is taken to have confirmed the decision.

125 Review of decisions

Application may be made to the Administrative Appeals Tribunal for the review of a decision that was confirmed or varied by the relevant authority or the Minister under subregulation 124(3).

Regulation 126

126 Permit not in force if suspended

An RAC industry permit is not in force during any period of suspension.

127 Powers of inspectors

An inspector appointed under section 49 of the Act may exercise the powers given to him or her under Part VIII of the Act, at premises used by the holder of an RAC industry permit for:

- (a) activities permitted by the permit; or
- (b) storage of records relating to activities permitted by the permit.

Subdivision 6A.2.2—Refrigerant handling licences

Note: Regulation numbers 128 and 129 are intentionally not used.

130 Grant of refrigerant handling licences—document

If the relevant authority grants 1 or more licences to a person it must give the person a document setting out the details of each licence granted.

131 Refrigerant handling licences—qualified persons

- (1) A relevant authority may, on application, grant to a person a licence mentioned in column 1 of an item in Table 131, entitling the person to engage in the work described in column 2 of the item.

Note 1: Regulation 121 also applies to an application.

Note 2: A person is entitled to apply for any number of licences.

- (2) The relevant authority may grant the licence only if the authority is satisfied that the applicant:
 - (a) holds a registered qualification mentioned in column 3 of that item (a **relevant qualification**); or
 - (b) holds a certificate (however described) granted by a registered training organisation (within the meaning of the *National Vocational Education and Training Regulator Act 2011*), certifying that:
 - (i) the organisation recognises that the applicant has achieved learning outcomes and competencies that are equivalent to the learning outcomes and competencies that would satisfy the requirements of a relevant qualification; or
 - (ii) the applicant has demonstrated to the organisation that the applicant has achieved learning outcomes and competencies that are equivalent to the learning outcomes and competencies that would satisfy the requirements of a relevant qualification; or
 - (c) holds a qualification that previously entitled the applicant to hold a licence of that kind; or
 - (d) has the knowledge, ability and experience necessary to competently carry out the work covered by the licence.

- (3) A qualification is a **registered qualification** if, when the requirements of the qualification are first satisfied, the qualification is entered on the National Register (within the meaning of the *National Vocational Education and Training Regulator Act 2011*).

Table 131—Licences and entitlements

Item	Column 1 Licence	Column 2 Entitlement of licensee	Column 3 Qualification
1	Full refrigeration and air conditioning licence	To handle a refrigerant for any work in the refrigeration and air conditioning industry, other than the automotive industry	Any of the following: (a) MEM 30298 Certificate III in Engineering (Mechanical Refrigeration and Air Conditioning); (b) MEM 30205 Certificate III in Engineering Mechanical Trade (Refrigeration and Air Conditioning); (c) UTE 30999 Certificate III in Electrotechnology Refrigeration and Air Conditioning; (d) UEE 31307 Certificate III in Refrigeration and Air Conditioning
2	Automotive air conditioning licence	To handle a refrigerant for any work on air conditioning equipment fitted to the cabin of a motor vehicle	Either: (a) AUR 20799 Certificate II in Automotive (Mechanical Air Conditioning); or (b) AUR 20705 Certificate II in Automotive Mechanical (Air Conditioning)
3	Restricted heat pump installation and decommissioning licence	To handle a refrigerant for the installation and decommissioning of any of the following: (a) a single-head split system air conditioner of less than 18 kW; (b) a 2-part hot water heat pump of less than 18 kW; (c) a 2-part swimming pool heat pump of less than 18 kW	Any of the following: (a) MEM 20105 Certificate II in Engineering—Production; (b) 40488SA Certificate II in Split Systems Air Conditioning; (c) UEE20107 Certificate II in Air Conditioning Split Systems

Regulation 133

Table 131—Licences and entitlements

Item	Column 1 Licence	Column 2 Entitlement of licensee	Column 3 Qualification
4	Restricted domestic refrigeration and air conditioning appliances licence	To handle a refrigerant for either or both of the following: (a) any work on domestic refrigeration or air conditioning equipment; (b) any work on commercial stand-alone refrigeration equipment	Any of the following: (a) MEM 20105 Certificate II in Engineering—Production; (b) UTE 20599 Certificate II in Electrotechnology Servicing (Appliances—Refrigeration); (c) UTE 20504 Certificate II in Electrotechnology Servicing (Appliances—Refrigeration); (d) UEE21807 Certificate II in Appliance Servicing—Refrigerants; (e) UEE30507 Certificate III in Appliance Servicing

133 Restricted refrigeration and air conditioning licence

A relevant authority may, on application, grant a restricted refrigeration and air conditioning licence to a person, entitling the person to carry out specified work in relation to RAC equipment, if the authority is satisfied that the person:

- (a) can competently carry out the work; and
- (b) does not meet the conditions for the grant of a licence under regulation 131 that would entitle the person to carry out the work.

134 Refrigeration and air conditioning trainee licence

- (1) A relevant authority may, on application, grant a refrigeration and air conditioning trainee licence to:
 - (a) a person who is undertaking a course leading to a registered qualification mentioned in column 3 of an item in Table 131; or
 - (b) a person who is recognised by the relevant authority as seeking assessment that, if successful, would lead to the granting of a certificate mentioned in regulation 131(2)(b); or
 - (c) a person who is recognised by the relevant authority as undertaking training or seeking assessment that, if successful, would lead to the granting of a licence under paragraph 131(2)(d); or
 - (d) a person who is undertaking training or assessment that the relevant authority is satisfied is designed to qualify the person for a licence under regulation 133.
- (2) A licensee is entitled to handle refrigerant while undertaking the training or assessment for which the licence was granted while under the supervision of the holder of a licence that entitles the holder to engage in the work for which the licensee is being trained or assessed.

135 Licence conditions

- (1) A licence granted under this Subdivision is subject to the condition that the licensee:
 - (a) carries out the work to which the licence relates in accordance with any standard mentioned in an item in Table 135 that relates to the work; and
 - (aa) for licensees that are supervising a refrigeration and air conditioning trainee licensee—ensures that any work carried out by the trainee licensee is in accordance with the standard mentioned in an item in Table 135 that relates to the work; and
 - (b) uses only refillable containers for the storage of refrigerant; and
 - (c) gives any refrigerant recovered from RAC equipment to:
 - (i) except for recovered halon—the holder of a refrigerant trading authorisation; or
 - (ii) the operator of a refrigerant destruction facility; and
 - (e) for the holder of a refrigerant handling licence who is not employed or hired by the holder of a refrigerant trading authorisation—includes the number allocated to the licence by the relevant authority on any invoices, receipts and quotes for work carried out under the licence.
- (2) The relevant authority may specify that a licence is subject to a condition and must set out the condition on:
 - (a) the licence document; or
 - (b) a written notice given by the authority to the licensee.
- (3) The authority may impose a condition on a licence at any time.
- (4) A licensee must not contravene a condition of his or her licence.
- (5) To avoid doubt, a reference to a standard in an item in Table 135 is a reference to that standard:
 - (a) as published by Standards Australia; and
 - (b) as in force when the item commenced.

Table 135—Standards

Item	Column 1 Standard	Column 2 Title of standard

Regulation 136

Table 135—Standards

Item	Column 1 Standard	Column 2 Title of standard
32		The Australia and New Zealand Refrigerant Handling Code of Practice 2007, Part 2—Systems other than self-contained low charge systems, published by the Australian Institute of Refrigeration, Air Conditioning and Heating and the Institute of Refrigeration, Heating and Air Conditioning Engineers New Zealand, as in force on 1 January 2008
34		The Australian Automotive Code of Practice for the Control of Refrigerant Gases during Manufacture, Installation, Servicing or Decommissioning of Motor Vehicle Air Conditioners

136 Offence—contravention of licence condition

- (1) A person commits an offence if the person:
- (a) holds a licence granted under this Subdivision; and
 - (b) engages in conduct; and
 - (c) that conduct contravenes a condition of the licence.

Penalty: 10 penalty units.

- (2) An offence under subregulation (1) is an offence of strict liability.

Subdivision 6A.2.3—Refrigerant authorisations

140 Grant of authorisations

- (1) A relevant authority may, on application:
- (a) grant a refrigerant trading authorisation to a person, permitting the person to acquire, store or dispose of a refrigerant other than halon; or
 - (b) grant an RAC equipment manufacturing authorisation to a corporation, permitting the corporation to acquire refrigerant other than halon for use in the manufacture of RAC equipment; or
 - (c) grant a restricted refrigerant trading authorisation to a person, permitting the person to:
 - (i) recover refrigerant from RAC equipment; and
 - (ii) store the refrigerant; and
 - (iii) dispose of the refrigerant by causing it to be given to the operator of a refrigerant destruction facility.

Note: Regulation 121 also applies to an application.

- (3) The authority must not grant an authorisation unless it is satisfied that:
- (a) the applicant has business premises that are equipped and operating so as to be able to handle, and prevent avoidable emissions of, a refrigerant; and

- (b) if the application is for a refrigerant trading authorisation—the applicant is able to ensure that a refrigerant is handled only by:
 - (i) the holder of an appropriate licence granted under regulation 131, 133 or 134; or
 - (ii) if the refrigerant is handled on board an AMSA vessel—the holder of an AMSA certificate or the holder of an appropriate licence granted under regulation 131, 133 or 134.
- (c) if the application is for an RAC equipment manufacturing authorisation—the applicant is able to ensure that, at all times, persons engaged in a phase of manufacture that could result in the emission of a refrigerant are supervised by the holder of an appropriate licence granted under regulation 131 or 133; and
- (d) if the application is for a restricted refrigerant trading authorisation—the applicant is able to ensure that, at all times, persons engaged in removing refrigerant from RAC equipment hold a licence granted under regulation 131, 133 or 134 that entitles the holder to remove refrigerant from RAC equipment.

Note: An applicant who conducts business from a vehicle is eligible for an authorisation under paragraph (3)(a): see definition of *premises* in subsection 7(1) of the Act.

- (5) If the authority grants an authorisation to a person, it must give the person a document setting out the details of the authorisation.

141 Conditions on authorisations

- (1) Subject to subregulations (1A) and (1B), an authorisation granted under this Subdivision is subject to the conditions that the holder:
 - (a) keeps up-to-date records showing the amounts, if any, of refrigerant bought, recovered, sold and otherwise disposed of during each quarter; and
 - (b) 14 days or less after receiving a request in writing by the relevant authority, sends to the authority copies of the records mentioned in paragraph (a); and
 - (c) ensures that each item of the holder's equipment that is necessary to prevent avoidable emissions of refrigerant is operating correctly; and
 - (d) has, and maintains, equipment that is adequate for the holder's activities, including 1 or more of each of the following:
 - (i) leak detectors;
 - (ii) vacuum pumps;
 - (iii) recovery units; and
 - (e) at least every quarter, checks any refrigerant container in the holder's possession for leaks; and
 - (f) puts into effect a risk management plan relating to the handling and storage of refrigerant in the holder's business; and
 - (g) ensures that any refrigerant in the holder's possession is handled in accordance with each applicable standard set out in Table 135; and
 - (h) for an RAC equipment manufacturing authorisation—ensures that any refrigerant in its possession is handled only:

Regulation 141

- (i) by the holder of an appropriate licence granted under regulation 131, 133 or 134; or
 - (ii) under the supervision of the holder of an appropriate licence granted under regulation 131 or 133; and
 - (i) for a refrigerant trading authorisation—ensures that any refrigerant in the holder's possession is handled only by:
 - (i) the holder of an appropriate licence granted under regulation 131, 133 or 134; or
 - (ii) if the refrigerant is handled on board an AMSA vessel—the holder of an AMSA certificate or the holder of an appropriate licence granted under regulation 131, 133 or 134.
 - (j) ensures that destruction of any refrigerant is carried out only by the operator of a refrigerant destruction facility; and
 - (k) uses only refillable containers for storage of refrigerant; and
 - (l) for a restricted refrigerant trading authorisation—ensures that any refrigerant in the holder's possession is handled only by the holder of a licence granted under regulation 131, 133 or 134 that entitles the holder to handle the refrigerant in the way in which it is being handled; and
 - (m) keeps records for each quarter that set out the following:
 - (i) details of any checks, any maintenance and any other action undertaken for paragraphs (c), (d) and (e);
 - (ii) for each licensee who handles refrigerant that is in the possession of the holder—the licensee's name and the number allocated to the licensee's licence by the relevant authority;
 - (iii) the dates on which cylinders for the storage and transport of compressed gases were tested for paragraph (g); and
 - (n) if requested by written notice from the relevant authority, sends to the authority, no more than 14 days after receiving the request, a copy of a report that contains the records for the previous quarter; and
 - (o) for a refrigerant trading authorisation or a restricted refrigerant trading authorisation—includes the number allocated to the authorisation by the relevant authority on:
 - (i) any advertising placed after 1 July 2009 for services the provision of which would not be permitted without the authorisation; and
 - (ii) any invoices, receipts and quotes for work carried out under the authorisation.
- (1A) The relevant authority may, on application, determine that a condition mentioned in subregulation (1) does not apply to the authorisation.
- (1B) A determination has effect according to its terms.
- (2) It is also a condition of a refrigerant trading authorisation that the holder accepts any surrendered refrigerant or scheduled substance that appears to be intended for use in RAC equipment.
- (3) The relevant authority may specify that an authorisation is subject to a condition and must set out the condition on:
-

- (a) the authorisation document; or
 - (b) a written notice given by the authority to the holder.
- (4) A notice for paragraph (3)(b) may be given at any time.

142 Offence—contravention of condition on authorisation

- (1) A person commits an offence if the person:
- (a) holds an authorisation granted under this Subdivision; and
 - (b) engages in conduct; and
 - (c) that conduct contravenes a condition of the authorisation.

Penalty: 10 penalty units.

- (2) An offence under subregulation (1) is an offence of strict liability.

Subdivision 6A.2.4—Halon special permit

Note: Regulation numbers 144 to 149 (inclusive) are intentionally not used.

150 Application for halon special permit

- (1) The Minister may, on application, grant to a person a permit, in writing, entitling him or her to possess halon that is, or is to be, used in RAC equipment.

Note: Regulation 121 also applies to an application.

- (3) The Minister may grant a halon special permit to a person only if the Minister is satisfied that:
- (a) the applicant, because of his or her training and experience, is able to competently carry out the activities covered by the permit; and
 - (b) the applicant's use of the halon is for a purpose that is necessary to protect human life or operate equipment that is critical to the community; and
 - (c) there is no alternative to the halon's use that is:
 - (i) practicable; and
 - (ii) available at a reasonable cost; and
 - (iii) safe; and
 - (iv) likely to result in less damage to the environment.

Note: Regulation numbers 151 to 199 (inclusive) are reserved for future use.

Division 6A.3—Methyl bromide

Subdivision 6A.3.1—Preliminary

200 Definitions for Division 6A.3

In this Division:

allocated amount, for a year, for a non-QPS permit holder: see paragraph 235(4)(c).

feedstock permit means a permit granted under regulation 242.

laboratory and analytical uses, of methyl bromide, means uses of methyl bromide that are:

- (a) exempt from a provision of the Montreal Protocol, under any decision made by the parties to the Montreal Protocol that applies to Australia, by virtue of being laboratory and analytical uses; and
- (b) in compliance with the conditions of any such decision.

nominated feedstock supplier, for the holder of a feedstock permit: see subparagraph 242(2)(b)(iv).

nominated non-QPS supplier, for a non-QPS permit holder: see paragraph 235(4)(b).

non-QPS permit holder, for a year, means a person to whom a permit for non-QPS use of methyl bromide for the year is granted under regulation 235.

non-QPS use, of methyl bromide: see subregulation 201(3).

QPS use, of methyl bromide: see subregulation 201(2).

Note: QPS is short for quarantine and pre-shipment.

year means a calendar year.

201 Uses of methyl bromide

(1) The uses of methyl bromide are as follows:

- (a) for QPS uses;
- (b) for non-QPS uses;
- (c) as a feedstock;
- (d) for laboratory and analytical uses.

Note: Section 7 of the Act defines feedstock as an intermediate substance which is used to manufacture other chemicals.

(2) Methyl bromide is used for a **QPS use** if:

- (a) it is applied by, or with the authorisation of, a Commonwealth, State or Territory authority to prevent the introduction, establishment or spread of a pest or disease in Australia, a State or a Territory; or
 - (b) it is applied to a commodity, before it is exported, to meet the requirements of the importing country or a law of the Commonwealth.
- (3) Methyl bromide is used for a ***non-QPS use*** if it is used other than for any of the following:
- (a) for a QPS use;
 - (b) as a feedstock;
 - (c) for laboratory and analytical uses.

202 Powers of inspectors

An inspector appointed under section 49 of the Act may exercise the powers given to him or her under Part VIII of the Act at premises used for:

- (a) storage of records relating to the sale or use of methyl bromide; or
- (b) storage of methyl bromide.

Subdivision 6A.3.2—Restrictions on the use and sale of methyl bromide

Note: Regulation numbers 203 to 211 (inclusive) are intentionally not used.

212 Offence—using methyl bromide for non-QPS uses

- (1) A person who uses methyl bromide for a non-QPS use during a year commits an offence of strict liability if the person is not:
- (a) a non-QPS permit holder for the year; or
 - (b) acting on behalf of a non-QPS permit holder for the year.

Penalty: 10 penalty units.

- (2) A non-QPS permit holder for a year commits an offence of strict liability if, during the year:
- (a) the amount of methyl bromide that the permit holder uses, or that is used on the permit holder's behalf, for non-QPS uses is more than the permit holder's allocated amount for the year; or
 - (b) the permit holder, or another person on the permit holder's behalf, otherwise contravenes a condition of the permit.

Penalty: 10 penalty units.

213 Offence—supplying methyl bromide for non-QPS uses

- (1) A person (the ***supplier***), other than a licensee covered by subregulation (6), commits an offence of strict liability if:
- (a) the supplier sells methyl bromide to a buyer during a year; and
 - (b) the buyer states, in a declaration for paragraph 220(1)(e), that the methyl bromide is for a non-QPS use; and

Regulation 214

(c) subregulation (2), (3) or (4) of this regulation is not satisfied in relation to the sale.

Penalty: 10 penalty units.

- (2) The buyer must:
- (a) hold a non-QPS permit for the year, or be acting on behalf of such a permit holder; or
 - (b) be a nominated non-QPS supplier for a non-QPS permit holder for the year.
- (3) If the buyer holds a non-QPS permit for the year, or is acting on behalf of such a permit holder:
- (a) the supplier must be a nominated non-QPS supplier for the permit holder; and
 - (b) the supplier must ensure that the total amount of methyl bromide sold during the year by the supplier to the permit holder for non-QPS uses is equal to, or less than, the permit holder's allocated amount for the year.
- (4) If the buyer is a nominated non-QPS supplier for a non-QPS permit holder for the year, the supplier mentioned in subregulation (1) (the *first supplier*) must ensure that the total amount of methyl bromide sold during the year by the first supplier to the buyer for non-QPS uses is equal to, or less than, the total of the allocated amounts for the year for all non-QPS permit holders in relation to whom the buyer is a nominated non-QPS supplier.
- (5) To avoid doubt, if a buyer is a non-QPS permit holder for a year and also a nominated non-QPS supplier for any other such permit holder, the amount of methyl bromide that the first supplier may sell to the buyer during the year for non-QPS uses is equal to, or less than, the sum of the total amounts mentioned in subregulations (3) and (4).
- (6) A licensee is covered by this subregulation if:
- (a) the licensee holds a controlled substances licence; and
 - (b) the licence allows the licensee to import methyl bromide; and
 - (c) the licence is subject to a condition to the effect that methyl bromide imported for non-QPS uses may only be supplied to a person, or persons, specified in the licence.

Note: A licensee must not contravene a condition of the licence—see section 18 of the Act.

214 Offence—using methyl bromide as a feedstock

- (1) A person who uses methyl bromide as a feedstock during a year commits an offence of strict liability if the person is not:
- (a) the holder of a feedstock permit for which that year is a permit year within the meaning of Subdivision 6A.3.5; or
 - (b) acting on behalf of the holder of such a feedstock permit.

Penalty: 10 penalty units.

-
- (2) The holder of a feedstock permit for a permit year, within the meaning of Subdivision 6A.3.5, commits an offence of strict liability if, during the permit year:
- (a) the amount of methyl bromide that the permit holder uses, or that is used on the permit holder's behalf, as a feedstock is more than the amount permitted by the permit to be so used; or
 - (b) the permit holder, or another person on the permit holder's behalf, otherwise contravenes a condition of the permit.

Penalty: 10 penalty units.

215 Offence—supplying methyl bromide for use as a feedstock

- (1) A person (the *supplier*), other than a licensee covered by subregulation (3), commits an offence of strict liability if:
- (a) the supplier sells methyl bromide to a buyer during a year; and
 - (b) the buyer states, in a declaration for paragraph 220(1)(e), that the methyl bromide is for use as a feedstock; and
 - (c) a requirement covered by subregulation (2) is not satisfied in relation to the sale.

Penalty: 10 penalty units.

- (2) This subregulation covers the following requirements:
- (a) the buyer must hold a feedstock permit for the year, or be acting on behalf of such a permit holder;
 - (b) the supplier must:
 - (i) be a nominated feedstock supplier for the permit holder; and
 - (ii) ensure that the total amount of methyl bromide sold during the year by the supplier to the permit holder for use as a feedstock is equal to or less than the amount that the permit holder is permitted, under the permit, to buy during the year.
- (3) A licensee is covered by this subregulation if:
- (a) the licensee holds a controlled substances licence; and
 - (b) the licence allows the licensee to import methyl bromide; and
 - (c) the licence is subject to a condition to the effect that methyl bromide imported for use as a feedstock may only be supplied to a person, or persons, specified in the licence.

Note: A licensee must not contravene a condition of the licence—see section 18 of the Act.

Subdivision 6A.3.2A—Discharge of methyl bromide

216 Discharge of methyl bromide (Act s 45B)

For the purposes of paragraphs 45B(1)(e) and (2A)(c) of the Act, a person may discharge methyl bromide if:

- (a) the discharge occurs while it is being used for a QPS use; or

Regulation 220

- (b) the discharge occurs:
 - (i) during a year for which the person is a non-QPS permit holder; and
 - (ii) while the permit holder's allocated amount of methyl bromide for the year is being used for a non-QPS use by the permit holder, or someone else acting on behalf of the permit holder, in accordance with the permit; or
- (c) the discharge results from the use of the methyl bromide for laboratory and analytical uses; or
- (d) the person is the holder of a feedstock permit.

Subdivision 6A.3.3—Record keeping requirements

Note: Regulation numbers 217 to 219 (inclusive) are intentionally not used.

220 Records of sale

- (1) A person (the **supplier**) who sells methyl bromide to another person (the **buyer**) must keep a record of the sale, in an approved form and signed by the supplier, that contains the following:
 - (a) the name and ABN (if any) of the supplier;
 - (b) the name, address, telephone number and ABN (if any) of the buyer;
 - (c) the date of sale;
 - (d) the amount of methyl bromide sold;
 - (e) a declaration, signed by the buyer, stating the following in relation to the amount of methyl bromide sold:
 - (i) how much is to be used for non-QPS uses;
 - (ii) how much is to be used for QPS uses;
 - (iii) how much is to be used as a feedstock;
 - (iv) how much is to be used for laboratory and analytical uses.

Penalty: 10 penalty units.

- (2) The supplier must retain the record of sale for 5 years from the date of the sale.

Penalty: 10 penalty units.

- (4) The supplier must give the Minister a copy of a record retained under subregulation (2) within 14 days after receiving a request in writing from the Minister for a copy of the record.

Penalty: 10 penalty units.

- (5) An offence against subregulation (1), (2) or (4) is an offence of strict liability.

221 Records of use—QPS and non-QPS uses

- (1) A person who uses methyl bromide for a QPS or non-QPS use must keep a record, in an approved form and signed by the person, of the information mentioned in subregulation (2).

Penalty: 10 penalty units.

- (2) For subregulation (1), the following information must be recorded in relation to each occasion on which methyl bromide is used (each *fumigation*) by the person for a QPS or non-QPS use:
- (a) the name and address of the person;
 - (b) the date of the fumigation;
 - (c) the amount of methyl bromide used;
 - (d) if the fumigation is a non-QPS use:
 - (i) the kind of produce for which, or to which, the methyl bromide is applied; and
 - (ii) the dosage rate at which the methyl bromide is applied; and
 - (iii) the methyl bromide/chloropicrin ratio used; and
 - (iv) the number of hectares fumigated or the number of containers, and the volume of each container, fumigated; and
 - (v) if the person is a contractor—the name and address of the non-QPS permit holder for whom the fumigation was carried out;
 - (e) if the fumigation is a QPS use:
 - (i) the kind of QPS use; and
 - (ii) the commodity or pest fumigated; and
 - (iii) any reference number issued to the person by a Commonwealth, State or Territory authority in relation to the fumigation.
- (3) A record of the information mentioned in subregulation (2) must be retained for 5 years from the date of the fumigation to which the record relates.

Penalty: 10 penalty units.

- (5) The person must give the Minister a copy of a record retained under subregulation (3) within 14 days after receiving a request in writing from the Minister for a copy of the record.

Penalty: 10 penalty units.

- (6) An offence against subregulation (1), (3) or (5) is an offence of strict liability.

223 Records of use—feedstock

- (1) A person who uses methyl bromide as a feedstock must keep a record of the following information in relation to each day on which the person uses methyl bromide as a feedstock:
- (a) the date;
 - (b) the amount of methyl bromide used by the person as a feedstock on the day;
 - (c) the type and amount of chemical or chemicals that the methyl bromide was used to manufacture;
 - (d) what, if any, measures were taken to minimise methyl bromide emissions.

Regulation 230

Penalty: 10 penalty units.

- (2) The person must retain the record for 5 years from the day to which the record relates.

Penalty: 10 penalty units.

- (4) The person must give the Minister a copy of a record retained under subregulation (2) within 14 days after receiving a request in writing from the Minister for a copy of the record.

Penalty: 10 penalty units.

- (5) An offence against subregulation (1), (2) or (4) is an offence of strict liability.

Subdivision 6A.3.4—Reporting requirements

Note: Regulation numbers 224 to 229 (inclusive) are intentionally not used.

230 Reports to be given by suppliers

- (1) A person (the **supplier**) who sells methyl bromide must, within 14 days after the end of a quarter, give the Minister a report that sets out:
- (a) the name and ABN (if any) of the supplier; and
 - (b) in relation to each sale of methyl bromide made by the supplier in the quarter:
 - (i) the date of sale; and
 - (ii) the name and ABN (if any) of the buyer; and
 - (iii) the amount of methyl bromide sold; and
 - (iv) from the declaration made by the buyer for paragraph 220(1)(e)—how much of the methyl bromide was declared for QPS uses, for non-QPS uses, for use as a feedstock and for laboratory and analytical uses; and
 - (c) if the supplier sold no methyl bromide in the quarter, a statement to that effect.

Penalty: 10 penalty units.

Note: It is an offence to give false or misleading information to a Commonwealth entity—see section 137.1 of the *Criminal Code*.

- (2) An offence against subregulation (1) is an offence of strict liability.

231 Reports to be given by non-QPS permit holders

- (1) A non-QPS permit holder for a year must, within 14 days after the end of a report period in the year, give the Minister a report for the period that:
- (a) is in an approved form; and
 - (b) sets out the information mentioned in subregulation (2); and
 - (c) is signed by the permit holder and by any contractor who carried out a fumigation to which the report relates.

Penalty: 10 penalty units.

Note: It is an offence to give false or misleading information to a Commonwealth entity—see section 137.1 of the *Criminal Code*.

- (2) For paragraph (1)(b), the information is:
- (a) the name, address and ABN (if any) of the permit holder; and
 - (b) in relation to each occasion on which methyl bromide is used (each **fumigation**) by, or on behalf of, the non-QPS permit holder for a non-QPS use in the report period:
 - (i) the date of the fumigation; and
 - (ii) the amount of methyl bromide used; and
 - (iii) the kind of produce for which, or to which, the methyl bromide was applied; and
 - (iv) the methyl bromide/chloropicrin ratio used; and
 - (v) the dosage rate at which the methyl bromide was applied; and
 - (vi) the number of hectares fumigated or the number of containers, and the volume of each container, fumigated; and
 - (vii) if the fumigation was carried out by a contractor—the name, address, telephone number and ABN (if any) of the contractor; and
 - (ba) in relation to any occasion on which methyl bromide is used for a laboratory and analytical use—the nature of the use and the amount used; and
 - (c) if no methyl bromide was used by, or on behalf of, the non-QPS permit holder for non-QPS uses in the report period, a statement to that effect.
- (3) In this regulation:
- report period** means a period of 6 months commencing on 1 January or 1 July.
- (4) An offence against subregulation (1) is an offence of strict liability.

233 Reports to be given by holders of feedstock permits

- (1) A person who is the holder of a feedstock permit during a year must, within 21 days after the end of the year, give the Minister a report that sets out:
- (a) the amount of methyl bromide used by, or on behalf of, the person as a feedstock in the year; and
 - (b) what chemical, or chemicals, the methyl bromide was used to manufacture; and
 - (c) if no methyl bromide was used by, or on behalf of, the person as a feedstock in the year, a statement to that effect.

Penalty: 10 penalty units.

Note: It is an offence to give false or misleading information to a Commonwealth entity—see section 137.1 of the *Criminal Code*.

- (2) An offence against subregulation (1) is an offence of strict liability.

Subdivision 6A.3.4A—Non-QPS permits

234 Applications for non-QPS permits

- (1) A person may apply, in writing, for a permit to use methyl bromide for non-QPS uses for a particular year.

Note: A year is a calendar year: see regulation 200.

- (2) An application for a permit for a year must:
 - (a) be made to the Minister:
 - (i) no later than 18 months before the start of the year; or
 - (ii) if allowed by the Minister—within a shorter period before the start of the year, or at any time after the start of the year; and
 - (b) be made in an approved form; and
 - (c) be signed by the applicant.
- (3) The Minister:
 - (a) may ask the applicant for any further information in relation to the application the Minister considers reasonably necessary; and
 - (b) need not consider, or further consider, the application until such information is provided.

235 Grant of non-QPS permits

- (1) On application under regulation 234, the Minister must, before or after the start of the year for which the application is made:
 - (a) grant a non-QPS permit to the applicant for that year; or
 - (b) refuse to grant a non-QPS permit to the applicant.
- (2) The Minister may grant a non-QPS permit to the applicant only if:
 - (a) the Minister has consulted the parties to the Montreal Protocol; and
 - (b) having regard to any advice received as a result of such consultation, the Minister is satisfied that it is appropriate to grant the permit.
- (3) The Minister must not grant a non-QPS permit to the applicant if the Minister is satisfied that the grant of the permit would be inconsistent with Australia's international obligations under the Montreal Protocol.
- (4) A non-QPS permit must set out the following in writing:
 - (a) the year for which it is granted;
 - (b) each supplier of methyl bromide covered by the permit as a ***nominated non-QPS supplier*** for the permit holder;
 - (c) the amount of methyl bromide (the ***allocated amount***) allocated to the permit holder for non-QPS uses;
 - (d) details of the applicable conditions under subregulation (5).
- (5) A non-QPS permit is granted for a year subject to the following conditions:

-
- (a) no more than the allocated amount of methyl bromide may be used in the year by or on behalf of the permit holder for non-QPS uses;
 - (b) methyl bromide may be used by or on behalf of the permit holder for a non-QPS use only if:
 - (i) the use is specified in the permit; and
 - (ii) the use is to treat a geographic location specified in the permit;
 - (c) any other conditions relating to the non-QPS use of methyl bromide, specified in the permit, that the Minister considers to be appropriate.
- (6) A non-QPS permit is in force:
- (a) from the later of:
 - (i) 1 January in the year for which it is granted; and
 - (ii) the day on which it is granted; and
 - (b) until the end of that year.
- (7) If the Minister grants a non-QPS permit to the applicant, the Minister must give a copy of the permit to the applicant.
- (8) If the Minister refuses to grant a non-QPS permit to the applicant, the Minister must give the applicant notice in writing of the refusal, including a statement of:
- (a) the reasons for the refusal; and
 - (b) the effect of regulation 238 (non-QPS permits—review of decisions).

236 Variation of non-QPS permits

Changes in relation to nominated non-QPS suppliers

- (1) A non-QPS permit holder may apply for the variation of the permit:
 - (a) to cover one or more new nominated non-QPS suppliers; or
 - (b) to remove coverage of one or more nominated non-QPS suppliers; or
 - (c) to change, remove or include details of a nominated non-QPS supplier covered by the permit.
- (2) The application must:
 - (a) be made in an approved form; and
 - (b) be signed by the permit holder; and
 - (c) be given to the Minister.
- (3) The Minister:
 - (a) may ask the applicant for any further information in relation to the application the Minister considers reasonably necessary; and
 - (b) need not consider, or further consider, the application until such information is provided.
- (4) On application under this regulation, the Minister must, by notice in writing to the applicant:
 - (a) vary the permit in accordance with the application, with effect from a date specified in the notice; or

Regulation 237

(b) refuse to vary the permit.

- (5) If the Minister refuses to vary the permit, or varies the permit with effect from a date other than that applied for, the notice under subregulation (4) must include a statement of:
- (a) the reasons for the decision; and
 - (b) the effect of regulation 238 (non-QPS permits—review of decisions).

Variations initiated by the Minister

- (6) The Minister may, by notice in writing to a non-QPS permit holder, vary the permit with effect from a date specified in the notice:
- (a) in any of the ways mentioned in subregulation (1) in relation to one or more nominated non-QPS suppliers; or
 - (b) to change the permit holder's allocated amount; or
 - (c) to change, include or remove a condition under paragraph 235(5)(b) or (c).
- (7) The notice under subregulation (6) must include a statement of:
- (a) the reasons for the decision; and
 - (b) the effect of regulation 238 (non-QPS permits—review of decisions).

Criteria for variation

- (8) The Minister may vary a non-QPS permit under this regulation only if:
- (a) the Minister considers it appropriate in the circumstances; and
 - (b) the variation would not be inconsistent with Australia's obligations under the Montreal Protocol.

237 Transfer of non-QPS permits

- (1) A non-QPS permit holder and another person (the *transferee*) may jointly apply to transfer the permit to the transferee.
- (2) The application must:
- (a) be in the approved form; and
 - (b) be signed by both applicants; and
 - (c) be given to the Minister.
- (3) The Minister:
- (a) may ask either or both applicants for any further information in relation to the application the Minister considers reasonably necessary; and
 - (b) need not consider, or further consider, the application until such information is provided.
- (4) On application under this regulation, the Minister must, by notice in writing to each applicant:
- (a) transfer the permit to the transferee with effect from a date specified in the notice; or
 - (b) refuse to transfer the permit.

-
- (5) The Minister may transfer the permit under this regulation only if:
 - (a) the Minister considers it appropriate in the circumstances; and
 - (b) the transfer would not be inconsistent with Australia's obligations under the Montreal Protocol.
 - (6) If the Minister transfers the permit, the Minister must give a copy of the permit to the transferee with the notice under subregulation (4).
 - (7) If the Minister refuses to transfer the permit, or transfers the permit with effect from a date other than that applied for, the notice under subregulation (4) must include a statement of:
 - (a) the reasons for the decision; and
 - (b) the effect of regulation 238 (non-QPS permits—review of decisions).
 - (8) If the Minister transfers the permit, the transferee is taken to be the permit holder on and after the date the transfer takes effect.

238 Non-QPS permits—review of decisions

Applications may be made to the Administrative Appeals Tribunal for review of any of the following decisions of the Minister:

- (a) under regulation 235 (grant of non-QPS permits):
 - (i) to refuse to grant a non-QPS permit; or
 - (ii) to refuse to grant a non-QPS permit covering a particular person as a nominated non-QPS supplier; or
 - (iii) to provide for a particular amount of methyl bromide as an allocated amount for a non-QPS permit holder; or
 - (iv) to grant a non-QPS permit subject to particular conditions;
- (b) under regulation 236 (variation of non-QPS permits):
 - (i) to refuse to vary a non-QPS permit under paragraph 236(4)(b) (on application); or
 - (ii) to vary a non-QPS permit under paragraph 236(4)(a) (on application) with effect from a date other than that applied for; or
 - (iii) to vary a non-QPS permit under subregulation 236(6);
- (c) under regulation 237 (transfer of non-QPS permits):
 - (i) to refuse to transfer a non-QPS permit; or
 - (ii) to transfer a permit with effect from a date other than that applied for.

Subdivision 6A.3.5—Feedstock permits

240 Definition for Subdivision 6A.3.5

In this Subdivision:

permit year, in relation to a feedstock permit, means the calendar year for which the permit is granted.

Regulation 241

241 Applications for feedstock permits

- (1) An application for a feedstock permit must:
 - (a) be made to the Minister in an approved form; and
 - (b) set out the information mentioned in subregulation (2); and
 - (c) be signed by the applicant.
- (2) For paragraph (1)(b), the information is:
 - (a) the name, address and ABN (if any) of the applicant; and
 - (b) the name, address, telephone number, facsimile number and e-mail address of a contact person for the applicant; and
 - (c) the permit year for which the applicant is seeking the permit; and
 - (d) the amount of methyl bromide that the applicant intends to use as a feedstock during the permit year; and
 - (e) what chemical, or chemicals, the applicant will use the methyl bromide to manufacture; and
 - (ea) a description of the process in which the methyl bromide will be used to manufacture the chemical or chemicals; and
 - (f) an estimate of the methyl bromide emissions that will result from the applicant's use of the methyl bromide; and
 - (g) in relation to any methyl bromide that the applicant intends to buy during the permit year for use as a feedstock:
 - (i) the name, address and ABN (if any) of each intended supplier of the methyl bromide; and
 - (ii) the amount of methyl bromide that the applicant intends to buy from each supplier; and
 - (h) the amount of methyl bromide that the applicant already possesses for use as a feedstock during the permit year; and
 - (i) evidence that the applicant is a fit and proper person to hold the permit.
- (3) If an applicant does not provide all the information mentioned in subregulation (2), the Minister:
 - (a) may ask the applicant for the missing information; and
 - (b) need not consider the application until the applicant provides the information.
- (4) If, 30 days after an application is made, and any information sought under subregulation (3) is provided, the Minister has not made a decision about the application, the Minister is taken to have refused the application.

242 Grant of feedstock permits

- (1) The Minister must grant a feedstock permit to a person who makes an application under regulation 241 if the Minister is satisfied that:
 - (a) methyl bromide can be used as a feedstock for the chemical, or chemicals, mentioned in the person's application; and

-
- (b) the proposed use of methyl bromide by the person will result in minimum methyl bromide emissions; and
 - (c) the person is a fit and proper person to hold the permit.
- (2) The permit must set out, in writing, the details of the permit and must state:
- (a) the permit year; and
 - (b) the conditions of the permit, including:
 - (i) the amount of methyl bromide that the person may use; and
 - (ii) what chemical, or chemicals, the person may use the methyl bromide to manufacture; and
 - (iii) the amount of methyl bromide that the person may buy; and
 - (iv) each supplier of methyl bromide covered by the permit as a ***nominated feedstock supplier*** for the person; and
 - (c) that the holder of the permit must not contravene a condition of the permit.
- (3) A permit is in force:
- (a) from the later of:
 - (i) 1 January in the permit year; and
 - (ii) the day on which it is granted; and
 - (b) until the end of the permit year.
- (4) For paragraph (1)(b), a use of methyl bromide results in ***minimum methyl bromide emissions*** if no more than 2% of the methyl bromide used is emitted.

244 Cancellation and suspension of feedstock permits

- (1) The Minister may cancel or suspend a feedstock permit if he or she:
 - (a) is satisfied that the holder is no longer a fit and proper person to hold the permit; or
 - (b) is notified, by the holder in writing, that the holder no longer intends to use methyl bromide as a feedstock.
- (2) The Minister cancels or suspends a feedstock permit by giving the holder a notice:
 - (a) stating that the permit has been cancelled or suspended; and
 - (b) setting out the reasons for the cancellation or suspension; and
 - (c) in the case of a suspension—stating the period of the suspension.
- (3) A feedstock permit is not in force during any period of suspension.

245 Review of decisions

An application may be made to the Administrative Appeals Tribunal for review of a decision by the Minister:

- (a) under regulation 242:
 - (i) not to grant a feedstock permit; or
 - (ii) to grant a permit to use a particular amount of methyl bromide; or

Part 6A Disposal and use of scheduled substances

Division 6A.3 Methyl bromide

Regulation 245

- (iii) not to grant a permit to use methyl bromide to manufacture a particular chemical; or
- (iv) to grant a permit to buy a particular amount of methyl bromide from a particular supplier; or
- (b) to cancel or suspend a permit under paragraph 244(1)(a).

Division 6A.4—Fire protection**Subdivision 6A.4.1—Preliminary****301 Definitions for Division 6A.4**

In this Division:

approved extinguishing agent destruction facility means a facility that a person is approved to operate under regulation 306.

destruction equipment means equipment used for the destruction of extinguishing agents.

discharge of scheduled substances permit means a permit granted under regulation 305.

Division 6A.4 permit means any of the following:

- (a) a discharge of scheduled substances permit;
- (b) a fire protection industry permit;
- (c) a special circumstances exemption.

extinguishing agent means a scheduled substance that can be used to prevent, control or extinguish a fire, or suppress an explosion.

extinguishing agent handling licence means a licence granted under Subdivision 6A.4.3.

extinguishing agent trading authorisation means an authorisation granted under regulation 331.

fire protection equipment means equipment that releases an extinguishing agent to prevent, control or extinguish a fire, or suppress an explosion.

Fire Board means a body appointed as a Fire Protection Industry (Ozone Depleting Substances and Synthetic Greenhouse Gas) Board under paragraph 311(1)(a).

fire protection industry permit means any of the following:

- (a) an extinguishing agent handling licence;
- (b) an extinguishing agent trading authorisation;
- (c) a halon special permit.

halon special permit has the meaning given by regulation 341.

relevant authority, in relation to a Division 6A.4 permit or an application for such a permit, means:

- (a) the relevant Board; or
- (b) the Minister.

Regulation 302

relevant Board means:

- (a) in relation to a Division 6A.4 permit—the Fire Board that granted the permit; or
- (b) in relation to an application for a Division 6A.4 permit—the Fire Board to which the application is made.

special circumstances exemption has the meaning given by regulation 342.

302 Offence—handling extinguishing agent

- (1) A person must not handle an extinguishing agent that is, or has been, for use in fire protection equipment unless he or she holds:
 - (a) an extinguishing agent handling licence; or
 - (b) a special circumstances exemption that covers the handling of the agent.

Penalty: 10 penalty units.

- (1A) Subregulation (1) does not apply to a person if:
 - (a) the fire protection equipment is or will be installed in an aircraft; and
 - (b) the person handles the equipment for the purpose of installing or removing the equipment; and
 - (c) the person:
 - (i) is, under Part 66 of the *Civil Aviation Safety Regulations 1998* (which is about aircraft engineer licences), a category A licence holder, a category B1 licence holder or a category B2 licence holder; and
 - (ii) has achieved the unit of competency CPPFES2043A Prevent ozone depleting substance and synthetic greenhouse gas emissions.

Note: A defendant bears an evidential burden in relation to the matters in subregulation (1A)—see subsection 13.3(3) of the *Criminal Code*.

- (2) For subregulation (1), **handle an extinguishing agent** means to do anything with the extinguishing agent (other than use it to prevent, control or extinguish a fire, or suppress an explosion) that carries the risk of its emission, including:
 - (a) decanting the extinguishing agent; or
 - (b) installing or maintaining fire protection equipment; or
 - (c) decommissioning or disposing of fire protection equipment.
- (3) An offence against subregulation (1) is an offence of strict liability.

303 Offence—possessing or trading in extinguishing agent

- (1) In this regulation:

bulk extinguishing agent means an extinguishing agent, other than halon, that is, or has been, for use in fire protection equipment, but does not include an agent that is contained in fire protection equipment.

- (2) A person must not acquire, possess, or dispose of bulk extinguishing agent unless the person is:

-
- (a) the operator of an approved extinguishing agent destruction facility; or
 - (b) the holder of an extinguishing agent trading authorisation; or
 - (c) the holder of a special circumstances exemption that is appropriate for the acquisition, possession or disposition of the agent; or
 - (d) the officer in charge of a fire station; or
 - (e) approved to conduct a trial of a facility under regulation 307.

Penalty: 10 penalty units.

- (3) It is a defence to a charge of contravening subregulation (2) that the defendant, as soon as practicable after becoming aware that he or she possessed bulk extinguishing agent, gave it to:
 - (a) the operator of an approved extinguishing agent destruction facility; or
 - (b) the holder of an extinguishing agent trading authorisation; or
 - (c) the officer in charge of a fire station.
- (4) An offence against subregulation (2) is an offence of strict liability.

304 Offence—possessing halon

- (1) A person must not possess halon that is, or has been, for use in fire protection equipment unless:
 - (a) subregulation (4) applies to the equipment; or
 - (b) the halon is for use in fire protection equipment and the person is the holder of a halon special permit; or
 - (c) the person is the holder of a special circumstances exemption that covers the possession of the halon; or
 - (d) the person is the operator of an approved extinguishing agent destruction facility; or
 - (e) the person is approved to conduct a trial of a facility under regulation 307.

Penalty: 10 penalty units.

- (2) It is a defence to a charge of contravening subregulation (1) that the defendant:
 - (a) in the case of a defendant who is the officer in charge of a fire station or the holder of an extinguishing agent trading authorisation—acquired the halon for transfer to an approved extinguishing agent destruction facility; or
 - (b) as soon as practicable after becoming aware that he or she possessed halon, gave it to:
 - (i) the officer in charge of a fire station; or
 - (ii) the holder of an extinguishing agent trading authorisation; or
 - (iii) the operator of an approved extinguishing agent destruction facility.
- (3) An offence against subregulation (1) is an offence of strict liability.
- (4) This subregulation applies to:
 - (a) equipment that is used by the Defence Force in:
 - (i) a Collins Class submarine; or

Regulation 304A

- (ii) an armoured fighting vehicle; or
- (b) equipment (other than a portable fire extinguisher) that is used by the Defence Force in:
 - (i) an FFG7 Class destroyer; or
 - (ii) an ANZAC Class frigate; or
- (c) equipment that is installed in, or carried in, an aircraft; or
- (d) equipment that is installed in an enclosed space containing machinery, including the pump room, of a vessel:
 - (i) of more than 500 tonnes dead weight; or
 - (ii) that is entered in the Australian Register of Ships established under the *Shipping Registration Act 1981*.

Note: If halon ceases to be essential for use with a particular item of equipment mentioned in subregulation (4), the subregulation will be amended to omit the item.

304A Offence—false representations

- (1) A person commits an offence of strict liability if:
 - (a) the person makes a representation that the person can provide a service that involves the acquisition, disposal, storage, use or handling of an extinguishing agent; and
 - (b) at the time of making the representation, the person does not hold a fire protection industry permit or special circumstances exemption that entitles the person to provide the service; and
 - (c) at the time of making the representation, the person does not employ, or has not engaged, a person who holds an extinguishing agent handling licence for work of the kind that is necessary to provide the service.

Penalty: 10 penalty units.

- (2) Subregulation (1) does not apply to a person if:
 - (a) at the time of making the representation, the person has entered into an agreement (however described) with someone else to provide the service; and
 - (b) the agreement contains a provision to the effect that the service must be provided by the holder of a fire protection industry permit or special circumstances exemption that entitles the holder to provide the service.

Note: A defendant bears an evidential burden in relation to the matters in subregulation (2)—see subsection 13.3(3) of the *Criminal Code*.

- (3) A person commits an offence of strict liability if:
 - (a) the person makes a representation that the person is the holder of a kind of fire protection industry permit or special circumstances exemption; and
 - (b) at the time of making the representation, the person is not the holder of a fire protection industry permit or special circumstances exemption of that kind.

Penalty: 10 penalty units.

305 Discharge of scheduled substances (Act s 45B)

- (1) For the purposes of paragraphs 45B(1)(e) and (2A)(c) of the Act, a person may discharge a scheduled substance if:
 - (a) the discharge is to:
 - (i) test the design of a fire extinguishing system or a fire extinguisher; or
 - (ii) calibrate equipment used to detect extinguishing agent leaks; and
 - (b) the person is granted a permit by a relevant authority, allowing the discharge.
- (2) A person may apply in writing to a relevant authority for a permit.
- (3) An application must include:
 - (a) the name and address of the applicant; and
 - (b) information about each proposed discharge, including:
 - (i) the location of the discharge; and
 - (ii) if more than 1 discharge is proposed—the number of discharges; and
 - (iii) the quantity of substance in each discharge; and
 - (iv) the reason it is necessary to discharge the substance; and
 - (c) any other information relevant to any proposed discharge.
- (4) The relevant authority may grant a permit if, in its opinion:
 - (a) the applicant, because of his or her training and experience, is able to carry out the discharge in a way that minimises the amount of the substance discharged; and
 - (b) the discharge is to test the design of a system that is necessary to protect human life or critical to the community; and
 - (c) there is no alternative to the discharge that is:
 - (i) practicable; and
 - (ii) available at a reasonable cost; and
 - (iii) safe; and
 - (iv) likely to result in less damage to the environment.

306 Extinguishing agent destruction facilities

- (1) The Minister may, on application, give approval in writing for a person to operate an extinguishing agent destruction facility.
- (2) An application must be in writing and must include:
 - (a) the name and address of the applicant; and
 - (b) the address of the facility; and
 - (c) enough information about the facility to enable the Minister to decide the application; and
 - (d) if the facility was the subject of a trial under regulation 307—information about the results of the trial.

Regulation 307

- (3) An application must be accompanied by the fee mentioned for the approval in regulation 345.
- (4) The Minister may approve a person to operate a facility only if the Minister is satisfied that the facility is able to operate in a way that is consistent with Australia's obligations under the Montreal Protocol.
- (5) An approval is subject to the condition that:
 - (a) the destruction equipment is fit for the purpose for which it is to be used; and
 - (b) of each batch of an extinguishing agent given to the facility for destruction, at least 99.99% is converted into something that is not a scheduled substance.
- (6) An approval granted under this regulation is effective for 2 years.

307 Trial of facility for destroying extinguishing agent

- (1) The Minister may, on application, give approval in writing for a person to conduct a trial of a facility to determine whether the facility is able to operate in a way that is consistent with Australia's obligations under the Montreal Protocol when destroying an extinguishing agent.
- (2) An application must be in writing and must include:
 - (a) the name and address of the applicant; and
 - (b) the address of the facility; and
 - (c) enough information about the facility to enable the Minister to decide the application.
- (3) The approval is subject to the condition that the destruction equipment is fit for the purpose for which it is to be used.
- (4) The Minister may at any time impose, or vary, other conditions in writing on the approval of a person to conduct a trial, including conditions relating to the following:
 - (a) when the trial may be conducted;
 - (b) the volume of SGGs or ODSs that may be destroyed in the trial;
 - (c) the reporting and monitoring requirements that must be complied with in relation to the trial.
- (5) In this regulation:

ODS has the meaning given by section 65A of the Act.

Subdivision 6A.4.1A—Appointment of Fire Boards etc.

307A Appointment of Fire Boards and exercise of powers and functions

- (1) The Minister may, in writing:

-
- (a) appoint one or more bodies that are incorporated under the *Corporations Act 2001* as Fire Protection Industry (Ozone Depleting Substances and Synthetic Greenhouse Gas) Boards; and
 - (b) specify that an appointment is subject to a condition or conditions set out in the instrument of appointment; and
 - (c) authorise the Board or Boards to exercise any or all of the following powers and functions of the Minister:
 - (i) the powers and functions set out in subregulation (2);
 - (ii) the powers and functions set out in subregulation 311(2).
- (2) For the purposes of subparagraph (1)(c)(i), the Minister's powers and functions are as follows:
- (a) to receive applications for discharge of scheduled substances permits;
 - (b) to grant discharge of scheduled substances permits;
 - (c) to receive applications for special circumstances exemptions;
 - (d) to grant special circumstances exemptions;
 - (e) to collect, on behalf of the Commonwealth, any fees that are payable for those applications.
- (3) The Minister may exercise the Minister's powers and functions set out in subregulation (2) even if the Minister has authorised one or more Fire Boards to exercise any or all of those powers and functions under subparagraph (1)(c)(i).

Subdivision 6A.4.2—Fire protection industry permits

Note: Regulation numbers 308 to 310 (inclusive) are intentionally not used.

311 Minister's powers and functions in relation to fire protection industry permits

- (1) This regulation sets out the Minister's powers and functions in relation to fire protection industry permits.
- (2) The Minister's powers and functions are to:
 - (a) receive applications for fire protection industry permits; and
 - (b) collect, on behalf of the Commonwealth, the fees that are payable for those applications; and
 - (c) grant fire protection industry permits; and
 - (d) collect information:
 - (i) supplied by applicants for industry permits; and
 - (ii) supplied in response to any request under paragraph 332(1)(b); and
 - (e) publish the information mentioned in paragraph (d) in a way that does not:
 - (i) allow any individual to be identified, unless the individual's name is included in a business or trading name.
 - (ii) disclose confidential information; and
 - (f) inspect, with the occupier's permission, premises used for activities conducted under a fire protection industry permit; and

Regulation 312

- (g) if requested by an employer of a holder of a fire protection industry permit, disclose to the employer the following information about the holder's permit:
 - (i) the type of permit held;
 - (ii) the expiry date for the permit.

312 Minister may exercise powers and functions concurrently with Board

The Minister may exercise the Minister's powers and functions set out in subregulation 311(2) even if the Minister has authorised one or more Fire Boards to exercise any or all of those powers and functions under subparagraph 307A(1)(c)(ii).

313 Applications for fire protection industry permits—general

- (1) An application for a fire protection industry permit must:
 - (aa) be made to:
 - (i) a Fire Board that is authorised to receive applications for fire protection industry permits; or
 - (ii) if subregulation (1AA) applies—the Minister; and
 - (a) be in an approved form; and
 - (b) be accompanied by the fee prescribed for the particular kind of permit; and

Note: Application fees for Part 6A are set out in Division 6A.4A.

- (c) include the information needed by the relevant authority to decide the application, including the information required by subregulations (1A) and (1B).

(1AA) This subregulation applies if:

- (a) the Minister:
 - (i) does not appoint any body under paragraph 307A(1)(a); or
 - (ii) appoints one or more bodies under paragraph 307A(1)(a) but does not authorise any of them under paragraph 307A(1)(c) to receive applications for fire protection industry permits; or
- (b) the Minister revokes, or suspends, the appointment of all Fire Boards; or
- (c) the Minister revokes or suspends the powers and functions of all Fire Boards to receive applications for fire protection industry permits; or
- (d) the Minister considers it appropriate in particular circumstances for an application to be made to the Minister.

(1A) The application must include:

- (a) details about the applicant's relevant training and experience; and
- (b) in the case of an application by an individual—evidence about the applicant's knowledge about this Division, the Act and any standard that is relevant to the work to be carried out under the permit; and

Note: Relevant standards are set out in Table 326.

- (c) evidence that the applicant is a fit and proper person to hold the permit; and

- (d) the name of the applicant's employer (if any); and
- (e) for an application for an extinguishing agent trading authorisation—evidence that the applicant will meet the requirements mentioned in subregulation 331(3); and
- (f) for an application for a halon special permit—evidence that the applicant will meet the requirements mentioned in subregulation 341(3).

(1B) However, if:

- (a) the applicant holds a fire protection industry permit (the *current permit*) at the time the application is made; and
- (b) the current permit and the permit for which the application is made are the same type of fire protection industry permit; and
- (c) the application is made no later than 30 days before the current permit ceases to be in force;

then, instead of the details or evidence required by a paragraph of subregulation (1A), the application may include:

- (d) if there has been a change in relation to the matter mentioned in the paragraph since the application for the current permit was made—evidence of the change; or
- (e) confirmation that there has been no change in relation to the matter mentioned in the paragraph since the application for the current permit was made.

(1C) Without limiting the information a relevant authority may take into account in deciding whether to grant a fire protection industry permit, if subregulation (1B) applies in relation to the application for the permit, the relevant authority may take into account any information previously provided by the applicant.

(2) If an applicant has not:

- (a) provided all the information mentioned in paragraph (1)(c); or
- (b) given any consent that has been requested for the disclosure to the relevant authority or the Minister of personal information that is relevant to whether the applicant is a fit and proper person to hold the permit;

the relevant authority:

- (c) may ask the applicant for the information or consent; and
- (d) need not consider the application until the applicant provides the information or gives the consent.

(3) If the relevant authority has not made a decision about an application within 30 days after:

- (a) if paragraph (b) does not apply—the application was made; or
- (b) if the relevant authority has asked the applicant for any missing information or consent—the information or consent was provided;

the relevant authority is taken to have refused the application.

Subdivision 6A.4.2A—General provisions in relation to Division 6A.4 permits

314 Requirements for grant of Division 6A.4 permits

A relevant authority must not grant a Division 6A.4 permit to a person unless the relevant authority is satisfied that:

- (a) granting the permit is not contrary to Australia's international obligations, or the Commonwealth's policies, relating to the use or disposal of scheduled substances; and
- (b) the person is a fit and proper person to hold the permit.

314A Period for which Division 6A.4 permits are in force

A Division 6A.4 permit is in force:

- (a) from the day on which it is granted by a relevant authority, or another day specified by the relevant authority in writing; and
- (b) for a period of no more than 36 months specified in writing by the relevant authority.

315 Minister may cancel or suspend Division 6A.4 permits

- (1) The Minister may cancel or suspend a Division 6A.4 permit if he or she is satisfied that the holder:
 - (a) is no longer a fit and proper person to hold the permit; or
 - (b) has contravened a condition to which the permit was subject; or
 - (c) for an extinguishing agent trading authorisation—does not meet the requirements mentioned in subregulation 331(3); or
 - (d) for a halon special permit—does not meet the requirements mentioned in subregulation 341(3).
- (1A) The Minister may suspend a Division 6A.4 permit:
 - (a) for a fixed period; or
 - (b) until the Minister is satisfied on reasonable grounds that:
 - (i) a thing that contributes to the grounds for the suspension is remedied; and
 - (ii) if the thing is required to be remedied in a stated way—the thing is remedied in that way or in a way that is equally effective.
- (2) The Minister cancels or suspends a Division 6A.4 permit by giving the holder a notice:
 - (a) stating that the permit has been cancelled or suspended; and
 - (b) setting out the reasons for the cancellation or suspension; and
 - (c) stating:
 - (i) for a suspension for a fixed period—the period of the suspension; or

- (ii) for a suspension mentioned in paragraph (1A)(b)—the date the suspension begins and that the permit is suspended until a stated thing is remedied.
- (2A) A notice that contains a statement mentioned in subparagraph (2)(c)(ii) may also state how the thing is to be remedied.
- (2B) For a permit that is suspended until a stated thing is remedied, the holder must tell the Minister in writing when, and how, the thing is remedied.
- (2C) If the Minister decides that the thing is remedied:
 - (a) the Minister must give the holder a notice stating that the Minister is satisfied that the thing is remedied; and
 - (b) the suspension ends on the day after the day the holder is given the notice.
- (2D) If the Minister decides that the thing is not remedied, the Minister must give the holder a notice stating that the Minister is not satisfied that the thing is remedied.

316 Reconsideration of decisions

- (1) Application may be made:
 - (a) to a relevant authority for reconsideration of any of the following decisions of the relevant authority:
 - (i) a refusal of an application for a Division 6A.4 permit;
 - (ii) a decision about the period for which a Division 6A.4 permit is in force;
 - (iii) a decision imposing a condition on a Division 6A.4 permit; or
 - (b) to the Minister for reconsideration of a decision of the Minister:
 - (i) to suspend or cancel a Division 6A.4 permit; or
 - (ii) that a thing that contributes to the grounds for a suspension of a Division 6A.4 permit is not remedied.
- (2) An application for reconsideration of a decision must:
 - (a) be made within 21 days of the day on which the person received notice of the decision; and
 - (b) set out the reasons why the person wants the decision reconsidered.
- (3) If the relevant authority or Minister receives an application, the relevant authority or Minister may:
 - (a) confirm the decision; or
 - (b) vary or reverse the decision.
- (4) Before making a decision under subregulation (3), the relevant authority or Minister may ask the applicant in writing to give the relevant authority or Minister further information that the relevant authority or Minister reasonably needs to make the decision.
- (5) If the relevant authority or Minister asks for further information under subregulation (4), the period starting on the day the written request is made and

Regulation 317

ending on the day the applicant gives the information is not to be counted for subregulation (7).

- (6) However, if the applicant does not give the relevant authority or Minister the information before the thirtieth day after the day the written request is made, that day and each day after that is to be counted for subregulation (7).
- (7) If the relevant authority or Minister does not confirm, vary or reverse a decision within 60 days after the day the relevant authority or Minister receives an application for reconsideration of the decision, the relevant authority or Minister is taken to have confirmed the decision.

317 Review of decisions

Application may be made to the Administrative Appeals Tribunal for the review of a decision that was confirmed or varied by a relevant authority or the Minister under subregulation 316(3).

318 Division 6A.4 permits not in force if suspended

A Division 6A.4 permit is not in force during any period of suspension.

319 Powers of inspectors

An inspector appointed under section 49 of the Act may exercise the powers given to him or her under Part VIII of the Act at premises used, by the holder of a Division 6A.4 permit, for:

- (a) activities permitted by the permit; or
- (b) storage of records relating to activities permitted by the permit.

Subdivision 6A.4.3—Extinguishing agent handling licences

Note: Regulation number 320 is intentionally not used.

321 Grant of extinguishing agent handling licences—general

- (4) If a relevant authority grants one or more extinguishing agent handling licences to a person it must give the person a document setting out the details of each licence granted.
- (5) The holder of an extinguishing agent handling licence that is in force (a *first licence*) may apply, free of charge, for an extinguishing agent handling licence of another kind (a *further licence*).
- (6) A further extinguishing agent handling licence granted by a relevant authority must cease to be in force on, or before, the day on which the first extinguishing agent handling licence ceases to be in force.

322 Extinguishing agent handling licences—qualified persons

- (1) A relevant authority may, on application, grant to a person an extinguishing agent handling licence mentioned in column 1 of an item in Table 322, entitling the person to engage in the work described in column 2 of the item.

Note 1: Regulation 313 also applies to an application.

Note 2: A person is entitled to apply for any number of licences.

- (2) The relevant authority may grant the licence only if the relevant authority is satisfied that the person has satisfied the requirements of all of the registered units of competency mentioned in column 3 of the item.
- (3) A unit of competency is a **registered unit of competency** if, when its requirements are first satisfied:
- the unit of competency is entered on the National Register (within the meaning of the *National Vocational Education and Training Regulator Act 2011*); and
 - the registration of the unit of competency on the National Register has not been cancelled.

Table 322—Licences and entitlements

Item	Column 1 Licence	Column 2 Entitlement of licensee	Column 3 Registered units of competency
1	Portable Fire Extinguisher Maintenance Licence	To charge and recharge a portable fire extinguisher, and repair the extinguisher valve	PRMPFES03C Safely move materials and loads in the workplace PRMPFES06C Prepare for installation and service operations PRMPFES14C Service portable fire extinguishers in the workshop PRMPFES21C Service wheeled fire extinguishers in the workshop PRMPFES43A Prevent ozone depleting substance and synthetic greenhouse gas emissions PRMPFES53A Participate in workplace safety arrangements
2	Fixed System Installation and Decommissioning Licence	(1) To install and decommission a gaseous fire extinguishing system (fire protection equipment) including: (a) to install and disconnect	PRMPFES03C Safely move materials and loads in the workplace PRMPFES06C Prepare for installation and service

Part 6A Disposal and use of scheduled substances

			substance and synthetic greenhouse containers PRMPFES49A Recover, reclaim and fill operations for ozone depleting substances and synthetic greenhouse gases PRMPFES50A Monitor storage operations for ozone depleting substances and synthetic greenhouse gases PRMPFES53A Participate in workplace safety arrangements
6	Control Systems Installation, Commissioning and Decommissioning Licence	To install, commission and decommission a fire detection and alarm system, including any remote operation panel and actuation and control system that interfaces with or forms part of a gaseous fire extinguishing system	PRMPFES43A Prevent ozone depleting substance and synthetic greenhouse gas emissions UEENEEH061A Position and terminate fire detection and warning system apparatus UEENEEH062A Verify compliance and functionality of fire protection installations UEENEEH063A Enter and verify programs in preparation for commissioning fire protection systems UEENEEH064A Commission commercial fire protection systems UEENEEH065A Find and repair faults in fire protection systems

323 Special extinguishing agent handling licence

A relevant authority may, on application, grant an extinguishing agent handling licence (called a *special extinguishing agent handling licence*) to a person, entitling him or her to carry out work:

- (a) at a specified kind of place (for example, an off-shore drilling platform); or
 - (b) on specified fire protection equipment (for example, aviation or maritime equipment); or
 - (c) both at a specified kind of place and on specified equipment;
- if:

- (d) the work to be covered by the licence requires skills or knowledge (or both skills and knowledge) that are outside the scope of those required for a licence mentioned in Table 322; and
- (e) the person provides evidence that he or she is able to carry out the work in a way that is appropriate for the grant of the licence.

324 Extinguishing agent handling licences—experienced persons

A relevant authority may, on application, grant an extinguishing agent handling licence to a person if the relevant authority is satisfied that the person is suitably qualified to hold a licence because he or she has engaged in, or supervised, work of the kind to be permitted by the licence.

325 Extinguishing agent trainee licence

A relevant authority may, on application, grant an extinguishing agent handling licence (called an *extinguishing agent trainee licence*) to a person, entitling the person to carry out activities authorised by a licence mentioned in an item in Table 322 while under the supervision of a holder of a licence of that kind.

326 Licence conditions

- (1) An extinguishing agent handling licence is subject to the condition that the licensee:
 - (a) carries out the work to which the licence relates in accordance with any standard mentioned in an item in Table 326 that relates to the work; and
 - (b) gives any extinguishing agent recovered from fire protection equipment to:
 - (i) the holder of an extinguishing agent trading authorisation; or
 - (ii) the operator of an approved extinguishing agent destruction facility; and
 - (c) ensures that any equipment used to transfer an extinguishing agent from one vessel to another:
 - (i) is fit for its purpose; and
 - (iii) is appropriately maintained; and
 - (d) submits to a relevant authority a report describing the circumstances relating to any lawful emission of an extinguishing agent; and
 - (e) does not carry out any work to which the licence relates (other than decommissioning or disposal or work in the aviation or maritime industries) on fire protection equipment that does not comply with any standard mentioned in Table 326 that applies to the equipment.
- (2) A relevant authority may impose a condition on a licence, and must set out the condition on:
 - (a) the licence document; or
 - (b) a written notice given by the relevant authority to the licensee.
- (3) The relevant authority may impose a condition on a licence at any time.

Part 6A Disposal and use of scheduled substances

Division 6A.4 Fire protection

Regulation 331

- (4) A licensee must not contravene a condition of his or her licence.
- (5) To avoid doubt, a reference to a standard in an item in Table 326 is a reference to that standard:
- (a) as published by Standards Australia; and
 - (b) as in force when the item commenced.

Table 326—Standards

Item	Column 1 Standard	Column 2 Title of standard
1	AS 1851-2005	Maintenance of fire protection equipment – Portable fire extinguishers and fire blankets
2	AS 1851-2005	Maintenance of fire protection equipment – Halon 1301 total flooding systems
3	AS 1851-2005	Maintenance of fire protection equipment – Gaseous fire extinguishing systems
4	AS 2030.1-1999	The verification, filling, inspection, testing and maintenance of cylinders for storage and transport of compressed gases – Cylinders for compressed gases other than acetylene
5	AS 1210-1997	Pressure vessels
6	AS 4214-2002	Gaseous fire extinguishing systems
7	AS 4077.1-1992	Fire protection – Fire extinguishing media – Halogenated hydrocarbons – Specifications for halon 1211 and halon 1301
8	AS 4077.2-1992	Fire protection – Fire extinguishing media – Halogenated hydrocarbons – Code of practice for safe handling and transfer procedures of halon 1211 and halon 1301
9	ISO 14520	Gaseous fire extinguishing systems – Physical properties and system design

Subdivision 6A.4.4—Extinguishing agent trading authorisations

Note: Regulation numbers 328, 329 and 330 are intentionally not used.

331 Grant of authorisations

- (1) A relevant authority may, on application, grant an extinguishing agent trading authorisation to a person, permitting the person to acquire, store or dispose of an extinguishing agent that is for use, or has been used, in fire protection equipment.

Note: Regulation 313 also applies to an application.

- (1A) However, an authorisation does not permit a person to acquire, store or dispose of halon.

Note: For a permit to possess halon: see regulation 341.

- (3) The relevant authority must not grant an authorisation unless it is satisfied that the applicant:

- (a) has business premises that are equipped and operating so as to be able to handle, and prevent avoidable emissions of, any extinguishing agent; and
- (b) is able to ensure that extinguishing agents are handled only by persons who are licensed to do so.

332 Conditions on authorisations

- (1) An extinguishing agent trading authorisation is granted subject to the conditions that the holder:
 - (a) keeps up-to-date records showing the amounts of extinguishing agent acquired, disposed of and recovered from equipment by the holder during each quarter; and
 - (b) 14 days or less after receiving a request in writing by a relevant authority, sends to the relevant authority copies of the records mentioned in paragraph (a); and
 - (c) has equipment that is adequate for the holder's activities, including 1 or more of each of the following:
 - (i) unless the holder has leak detection procedures in place—leak detectors;
 - (ii) vacuum pumps;
 - (iii) recovery units; and
 - (d) maintains, so that it operates correctly, each item of the holder's equipment that is necessary to prevent avoidable emissions of any extinguishing agent; and
 - (e) at least every quarter, checks any extinguishing agent container at the holder's premises for leaks; and
 - (f) does not fill a container unless it meets AS/NZS 2030.1; and
 - (g) puts into effect for the premises a risk management plan that is approved, in writing, by the relevant authority; and
 - (h) handles any extinguishing agent in accordance with each applicable standard mentioned in Table 326; and
 - (i) delivers, to the operator of an approved extinguishing agent destruction facility, any extinguishing agent that is to be destroyed.
- (2) A holder may satisfy a requirement of subregulation (1) by ensuring that another person satisfies the requirement on behalf of the holder.
- (3) A risk management plan for paragraph (1)(g):
 - (a) must be prepared in accordance with AS 4360:2004; and
 - (b) must include information about how the following matters will be dealt with:
 - (i) emissions from leaks in, or the failure of, storage vessels;
 - (ii) damage by intruders;
 - (iii) the transfer of extinguishing agents from a leaking storage vessel; and
 - (c) may be approved by the relevant authority only if the relevant authority thinks that the plan, if put into effect, would allow the premises to operate

Regulation 341

in a way that is consistent with Australia's obligations under the Montreal Protocol.

- (4) It is also a condition of a extinguishing agent trading authorisation that the holder accepts any surrendered extinguishing agent that has been used, or appears to be intended for use, in fire protection equipment.
- (5) The relevant authority may specify that an authorisation is subject to a condition, and must set out the condition on:
 - (a) the document that provides evidence of the authorisation; or
 - (b) a written notice given by the relevant authority to the holder.
- (6) For paragraph (5)(b), a notice may be given at any time.

Subdivision 6A.4.5—Halon special permits

Note: Regulation numbers 334 to 340 (inclusive) are intentionally not used.

341 Halon special permit

- (1) A relevant authority may, on application, grant a written permit (a *halon special permit*) to a person, entitling him or her to possess halon that is for use in fire protection equipment.

Note: Regulation 313 also applies to an application.

- (3) The relevant authority may grant a halon special permit to a person only if it is satisfied that:
 - (a) the applicant, because of his or her training and experience, is able to competently carry out the activities covered by the permit; and
 - (b) the applicant's use of the halon is for a purpose that is necessary to protect human life or operate equipment that is critical to the community; and
 - (c) there is no alternative to the halon's use that is:
 - (i) practicable; and
 - (ii) available at a reasonable cost; and
 - (iii) safe; and
 - (iv) likely to result in less damage to the environment.
- (5) The relevant authority may put a condition on a halon special permit.

Example 1: A condition about the purpose for which the halon is to be used.

Example 2: A condition about the people who are allowed to deal with the halon when it is in the permit-holder's possession.

Subdivision 6A.4.6—Special circumstances exemptions

342 Special circumstances exemption

- (1) A relevant authority may grant a written exemption (a *special circumstances exemption*) to a person, entitling the person to the privileges of the holder of:
 - (a) an extinguishing agent handling licence; or

- (b) an extinguishing agent trading authorisation; or
 - (c) a halon special permit;
- as specified in the exemption.
- (1A) An application for a special circumstances exemption must be accompanied by the fee mentioned for the exemption in regulation 345.
- (2) The relevant authority may accept an application from a person who applies, in writing, to the relevant authority, setting out:
- (a) the name and address of the person; and
 - (b) the activities to be carried out by the person, for which the exemption is being sought; and
 - (c) any other information relevant to the relevant authority's decision whether or not to grant the exemption.
- (3) The relevant authority:
- (a) may grant the exemption only if it is satisfied that there are special circumstances that justify the grant, and:
 - (i) if the applicant is an individual—he or she is able to competently carry out the activities covered by the exemption; or
 - (ii) if the applicant is an organisation—the organisation has suitably qualified employees and suitable equipment to carry out the activities covered by the exemption; and
 - (b) must on the exemption, specify:
 - (i) the period for which the exemption is in force; and
 - (ii) the activities that may be carried out under the exemption; and
 - (iii) any other information that is relevant to the exemption.

Division 6A.4A—Application fees for Part 6A**343 RAC industry permit application fees**

- (1) For the purposes of paragraph 121(1)(c), the following table specifies the application fee for an RAC industry permit.

Application fees for RAC industry permits		
Item	The amount of the fee for an application for...	is...
1	a refrigeration and air conditioning trainee licence granted under regulation 134	<p>(a) if the application is for a licence that is to be in force for 12 months or less—\$31; or</p> <p>(b) if the application is for a licence that is to be in force for more than 12 months, but not more than 24 months—an amount that is twice the amount specified in paragraph (a); or</p> <p>(c) if the application is for a licence that is to be in force for more than 24 months—an amount that is 3 times the amount specified in paragraph (a).</p>
2	a refrigerant handling licence granted under Subdivision 6A.2.2 (other than the licence mentioned in item 1)	<p>(a) if the application is for a licence that is to be in force for 12 months or less—\$73; or</p> <p>(b) if the application is for a licence that is to be in force for more than 12 months, but not more than 24 months—an amount that is twice the amount specified in paragraph (a); or</p> <p>(c) if the application is for a licence that is to be in force for more than 24 months—an amount that is 3 times the amount specified in paragraph (a).</p>
3	a refrigerant trading authorisation or an RAC equipment manufacturing authorisation granted under paragraph 140(1)(a) or (b) or both	<p>(a) if the application is for an authorisation that is to be in force for 12 months or less—\$235; or</p> <p>(b) if the application is for an authorisation that is to be in force for more than 12 months, but not more than 24 months—an amount that is twice the amount specified in paragraph (a); or</p> <p>(c) if the application is for an authorisation that is to be in force for more than 24 months—an amount that is 3 times the amount specified in paragraph (a).</p>

Regulation 344

Application fees for RAC industry permits

Item	The amount of the fee for an application for...	is...
4	a restricted refrigerant trading authorisation granted under paragraph 140(1)(c)	(a) if the application is for an authorisation that is to be in force for 12 months or less—\$73; or (b) if the application is for an authorisation that is to be in force for more than 12 months, but not more than 24 months—an amount that is twice the amount specified in paragraph (a); or (c) if the application is for an authorisation that is to be in force for more than 24 months—an amount that is 3 times the amount specified in paragraph (a).
5	a halon special permit granted under regulation 150	(a) if the application is for a permit that is to be in force for 12 months or less—\$280; or (b) if the application is for a permit that is to be in force for more than 12 months, but not more than 24 months—an amount that is twice the amount specified in paragraph (a); or (c) if the application is for a permit that is to be in force for more than 24 months—an amount that is 3 times the amount specified in paragraph (a).

- (2) If an amount of a fee (the *increased fee*) specified in paragraph (a) of an item of the table in subregulation (1) is increased under regulation 346, the increased fee is to be used in working out the amount of the fee under paragraph (b) or (c) of that item.

344 Fire protection industry permit application fees

- (1) For the purposes of paragraph 313(1)(b), the following table specifies the application fee for a fire protection industry permit.

Application fees for fire protection industry permits

Item	The amount of the fee for an application for...	is...
1	an extinguishing agent handling licence granted under Subdivision 6A.4.3	(a) if the application is for a licence that is to be in force for 12 months or less—\$140; or (b) if the application is for a licence that is to be in force for more than 12 months, but not more than 24 months—an amount that is twice the amount specified in paragraph (a); or

Regulation 345

Application fees for fire protection industry permits

Item	The amount of the fee for an application for...	is...
		(c) if the application is for a licence that is to be in force for more than 24 months—an amount that is 3 times the amount specified in paragraph (a).
2	an extinguishing agent trading authorisation granted under regulation 331	(a) if the application is for an authorisation that is to be in force for 12 months or less—\$235; or (b) if the application is for an authorisation that is to be in force for more than 12 months, but not more than 24 months—an amount that is twice the amount specified in paragraph (a); or (c) if the application is for an authorisation that is to be in force for more than 24 months—an amount that is 3 times the amount specified in paragraph (a).
3	a halon special permit granted under regulation 341	(a) if the application is for a permit that is to be in force for 12 months or less—\$280; or (b) if the application is for a permit that is to be in force for more than 12 months, but not more than 24 months—an amount that is twice the amount specified in paragraph (a); or (c) if the application is for a permit that is to be in force for more than 24 months—an amount that is 3 times the amount specified in paragraph (a).

- (2) If an amount of a fee (the *increased fee*) specified in paragraph (a) of an item of the table in subregulation (1) is increased under regulation 346, the increased fee is to be used in working out the amount of the fee under paragraph (b) or (c) of that item.

345 Other application fees in relation to fire protection

The following fees are specified for other fire protection applications:

- (a) for approval to operate an extinguishing agent destruction facility granted under regulation 306—\$300;
- (b) for a special circumstances exemption granted under regulation 342—\$200.

346 Increases for certain Part 6A application fees

- (1) This regulation applies to:
 - (a) an amount of a fee that is:

- (i) specified in paragraph (a) of an item of the table in subregulation 343(1) or 344(1); and
 - (ii) in force on 30 September of a calendar year; and
 - (b) an increase in the fee that takes effect on or after 1 January 2019.
- (2) If, for a calendar year, the latest WPI number is greater than the earlier WPI number, the fee is taken to increase, on 1 January of the next calendar year, in accordance with the following formula:
- $$\frac{\text{fee} \times \text{latest WPI number}}{\text{earlier WPI number}}$$
- (3) If a fee increased under subregulation (2) would be an amount of dollars and cents, the amount is to be rounded to the nearest whole dollar.
- (4) If the amount to be rounded is 50 cents, the amount is to be rounded up.
- (5) In this regulation:

earlier WPI number, for a calendar year, means the WPI number published in respect of the September quarter before the calendar year begins.

September quarter means a period of 3 months ending at the end of September.

latest WPI number, for a calendar year, means the WPI number published in respect of the September quarter that occurs during the calendar year.

WPI number means the Wage Price Index number (the original number for all sectors in Australia for the total hourly rates of pay excluding bonuses) published by the Australian Statistician.

Division 6A.5—Uses of scheduled substances not otherwise mentioned in this Part

400 Discharge of scheduled substances (Act s 45B)

- (1) For the purposes of paragraphs 45B(1)(e) and (2A)(c) of the Act, a person may discharge a scheduled substance if the discharge occurs while:
 - (a) the substance is being manufactured or mixed; or
 - (b) the substance is being used for foam blowing or is contained in a foam structure that is being machined, cut, shredded or disposed of; or
 - (c) an aerosol containing the substance is being used; or
 - (d) a solvent containing the substance is being used; or
 - (e) the substance is being used for research or analysis conducted in a laboratory; or
 - (f) a device containing the substance is being used to remove a cork from a bottle; or
 - (g) the substance is being:
 - (i) tested to determine what the substance is, the composition of the substance or the physical or chemical properties of the substance; or
 - (ii) sampled as a precursor to being tested as mentioned in subparagraph (i).
- (2) For the purposes of paragraphs 45B(1)(e) and (2A)(c) of the Act, a person may also discharge a scheduled substance if:
 - (a) the person is approved to:
 - (i) operate a facility under regulation 114 or 306; or
 - (ii) conduct a trial of a facility under regulation 115 or 307; and
 - (b) the discharge:
 - (i) occurs as a result of the facility operating, or the trial of the facility being conducted, in accordance with the approval relating to the facility or trial; or
 - (ii) is an accidental discharge that occurs while the facility is operating, or the trial of the facility is being conducted, in accordance with the approval relating to the facility or trial.
- (3) A scheduled substance is *sampled* if the substance is:
 - (a) extracted and transferred from equipment or a container into a sample cylinder or piece of testing equipment; or
 - (b) through a process such as vacuuming, extracting or transferring, brought into the testing range of a device that detects and analyses a sample of the substance being emitted into the air in the testing range.

Note: Regulation numbers 401 to 499 (inclusive) are intentionally not used.

**Division 6A.6—Scheduled substances (other than methyl bromide)
used as feedstock**

**500 Discharge of scheduled substances (other than methyl bromide) used as
feedstock (Act s 45B)**

For the purposes of paragraphs 45B(1)(e) and (2A)(c) of the Act, a person may discharge a scheduled substance (other than methyl bromide) if the substance is being used as feedstock.

Note 1: Regulation numbers 501 to 899 (inclusive) are intentionally not used.

Note 2: Discharge of methyl bromide is dealt with by regulation 216.

Part 7—Reports and records

Note: The numbers of the Parts in these Regulations correspond to those in the Act.

900 Periodic reports by manufacturers, importers, exporters and destroyers of scheduled substances and equipment

- (1) For subsection 46(1) of the Act, a report given by a person to the Minister, must be prepared in accordance with this regulation.
- (2) The person must keep a copy of the report for 5 years from the date the report is submitted to the Minister.
- (3) The report must state the following:
 - (a) the name and address of the person;
 - (b) the combination of numbers, letters or symbols used to provide a unique identifier for the licence (if any) granted to the person under section 16 of the Act;
 - (c) the reporting period to which the report relates;
 - (d) the information required by the following table.

Information to be included in report		
Item	Column 1 If the following provision of the Act applies to the report (taking into account the exceptions in that provision) ...	Column 2 the report must include the following information ...
1	item 1 or 2 of the table in subsection 46(1) of the Act (manufacturing, importing, exporting or destroying a scheduled substance, including an SGG)	(a) each scheduled kind of scheduled substance that the person manufactured, imported, exported or destroyed during the reporting period; (b) for each of those scheduled kinds of scheduled substances—the total amount, in metric tonnes, of scheduled substance that the person manufactured, imported, exported or destroyed during the reporting period.
2	item 3 of the table in subsection 46(1) of the Act (importing ODS equipment or SGG equipment)	(a) the categories of ODS equipment or SGG equipment mentioned in subregulation (5) that the person imported during the reporting period; (b) for each of those categories of equipment—the total number of units of the equipment that the person imported during the reporting period; (c) for each of those categories of equipment—the total amount, in metric tonnes, of each scheduled kind of the

Regulation 900

Information to be included in report		
Item	Column 1	Column 2
	If the following provision of the Act applies to the report (taking into account the exceptions in that provision) ...	the report must include the following information ...
		following scheduled substances contained in the equipment in that category that the person imported during the reporting period: (i) HCFC; (ii) HFC; (iii) nitrogen trifluoride; (iv) PFC; (v) sulfur hexafluoride.
3	item 4 of the table in subsection 46(1) of the Act (a Schedule 4 activity or a section 69G activity)	(a) the categories of equipment mentioned in subregulation (5) or (6) manufactured or imported as part of the Schedule 4 activities and section 69G activities that the person engaged in during the reporting period; (b) the scheduled kinds of scheduled substances contained in that equipment; (c) for each of those scheduled kinds of scheduled substances—the total amount, in metric tonnes, of scheduled substance contained in that equipment.

- (4) A *scheduled kind* of a scheduled substance is a kind of the scheduled substance specified by an item of the relevant table in Schedule 1 to the Act.
- (5) For the purposes of column 2 of items 2 and 3 of the table in subregulation (3), the categories of ODS equipment or SGG equipment are as follows:
- (a) commercial use air-conditioning excluding heat pumps;
 - (b) domestic use air-conditioning excluding heat pumps;
 - (c) motor vehicle, watercraft or aircraft air-conditioning;
 - (d) commercial or domestic use heat pumps;
 - (e) commercial use refrigeration;
 - (f) domestic use refrigeration;
 - (g) motor vehicle, watercraft or aircraft refrigeration;
 - (h) expanding polyurethane foam aerosols;
 - (i) food, household and personal use aerosols;
 - (j) industrial, safety or technical use aerosols excluding fire protection equipment mentioned in paragraph (q) or (r);
 - (k) metered dose inhalers;
 - (l) novelty use aerosols or any other aerosol not mentioned in paragraphs (h) to (k);
 - (m) consumer goods not mentioned in paragraphs (h) to (l);

Regulation 900

- (n) electrical switchgear;
 - (o) components and parts that contain ODS equipment or SGG equipment;
 - (p) medical, scientific, or electrical equipment not mentioned in any other paragraph;
 - (q) fixed systems and components for fire protection not mentioned in any other paragraph;
 - (r) portable extinguishers for fire protection not mentioned in any other paragraph.
- (6) For the purposes of column 2 of item 3 of the table in subregulation (3), the categories of equipment are as follows:
- (a) dry cleaning machinery;
 - (b) automotive air-conditioning maintenance kits;
 - (c) extruded polystyrene packaging and insulation;
 - (d) aerosol equipment;
 - (e) equipment containing halon;
 - (f) rigid polyurethane foam equipment;
 - (g) moulded flexible polyurethane foam;
 - (h) disposable containers of CFCs;
 - (i) refrigeration and air-conditioning equipment containing CFCs;
 - (j) refrigeration and air-conditioning equipment containing HCFCs.
- (7) The report may also include the following information:
- (a) both:
 - (i) the kinds of SGGs that the person manufactured or imported during the reporting period under a permit granted to the person under regulation 3A; and
 - (ii) for each of those kinds of SGGs—the total amount, in metric tonnes, of SGGs of that kind that the person manufactured or imported during the reporting period under the permit;
 - (b) both:
 - (i) the kinds of SGGs that the person manufactured or imported during the reporting period in accordance with regulation 3AA; and
 - (ii) for each of those kinds of SGGs—the total amount, in metric tonnes, of SGGs of that kind that the person manufactured or imported during the reporting period in accordance with that regulation.

Part 8—Enforcement

906 Definitions for this Part

In this Part:

appointed inspector means a person appointed as an inspector under section 49 of the Act.

contravene a provision subject to an infringement notice under this Part means:

- (a) commit an offence against a provision mentioned in paragraph 65AA(1)(a) of the Act; or
- (aa) commit an offence against a provision of these Regulations specified by regulation 906A; or
- (b) contravene a civil penalty provision.

906A Infringement notice offences

An offence against a provision of these Regulations mentioned in an item in the following table is specified for the purposes of paragraph 65AA(1)(b) of the Act (infringement notices).

Offences prescribed for paragraph 65AA(1)(b) of Act		
Item	Column 1 Provision of these Regulations	Column 2 Description of offence
1	Subregulation 111(1)	Carrying out work in relation to RAC equipment
2	Subregulation 112(2)	Possessing or trading in refrigerant
3	Subregulation 113(1)	Possessing halon (RAC equipment)
4	Subregulation 113A(1)	False representations (refrigerant services)
5	Subregulation 113A(2)	False representations (RAC industry permit holder)
6	Subregulation 113A(2A)	False representations (AMSA certificate)
7	Subregulation 136(1)	Refrigerant handling licence contravention
8	Subregulation 142(1)	Refrigerant authorisation contravention
9	Subregulation 302(1)	Handling extinguishing agent
10	Subregulation 303(2)	Possessing or trading in extinguishing agent
11	Subregulation 304(1)	Possessing halon (fire protection equipment)
12	Subregulation 304A(1)	False representations (extinguishing agent services)
13	Subregulation 304A(3)	False representations (fire protection industry permits and special circumstances exemptions)

Regulation 907

907 When an infringement notice may be given

- (1) If an appointed inspector has reasonable grounds to believe that a person has contravened a provision subject to an infringement notice under this Part, the appointed inspector may give to the person an infringement notice for the alleged contravention.
- (2) The infringement notice must be given within 12 months after the day on which the contravention is alleged to have taken place.
- (3) A single infringement notice must relate only to a single contravention of a single provision unless subregulation (4) applies.
- (4) An appointed inspector may give a person a single infringement notice relating to multiple contraventions of a single provision if:
 - (a) the provision requires the person to do a thing within a particular period or before a particular time; and
 - (b) the person fails or refuses to do that thing within that period or before that time; and
 - (c) the failure or refusal occurs on more than 1 day; and
 - (d) each contravention is constituted by the failure or refusal on one of those days.

Note: For continuing offences, see subsection 4K(2) of the *Crimes Act 1914*.

- (5) If a single provision can constitute both a civil penalty provision and an offence provision, the infringement notice must relate to the provision as an offence provision.

908 Matters to be included in an infringement notice

- (1) An infringement notice must:
 - (a) be identified by a unique number; and
 - (b) state the day on which it is given; and
 - (c) state the name of the person to whom the notice is given; and
 - (d) state the name and contact details of the person who gave the notice, and that the person is an appointed inspector for the purposes of issuing the infringement notice; and
 - (e) give brief details of the alleged contravention, including:
 - (i) the provision that was allegedly contravened; and
 - (ii) the maximum penalty that a court could impose if the provision were contravened; and
 - (iii) the time (if known) and day of, and the place of, the alleged contravention; and
 - (f) state the amount that is payable under the notice; and
 - (g) give an explanation of how payment of the amount is to be made; and
 - (h) state that, if the person to whom the notice is given pays the amount within 28 days after the day the notice is given, then (unless the notice is withdrawn):

-
- (i) if the provision is an offence provision and does not also constitute a civil penalty provision—the person will not be liable to be prosecuted in a court for the alleged contravention; or
 - (ii) if the provision is an offence provision that can also constitute a civil penalty provision—the person is not liable to be prosecuted in a court, and proceedings seeking a civil penalty order will not be brought, in relation to the alleged contravention; or
 - (iii) if the provision is a civil penalty provision—proceedings seeking a civil penalty order will not be brought in relation to the alleged contravention; and
 - (i) state that payment of the amount is not an admission of guilt or liability; and
 - (j) state that the person may apply to the Secretary to have the period in which to pay the amount extended; and
 - (k) state that the person may choose not to pay the amount and, if the person does so:
 - (i) if the provision is an offence provision and does not also constitute a civil penalty provision—the person may be prosecuted in a court for the alleged contravention; or
 - (ii) if the provision is an offence provision and can also constitute a civil penalty provision—the person may be prosecuted in a court, or proceedings seeking a civil penalty order may be brought, in relation to the alleged contravention; or
 - (iii) if the provision is a civil penalty provision—proceedings seeking a civil penalty order may be brought in relation to the alleged contravention; and
 - (l) set out how the notice can be withdrawn; and
 - (m) state that if the notice is withdrawn:
 - (i) if the provision is an offence provision and does not also constitute a civil penalty provision—the person may be prosecuted in a court for the alleged contravention; or
 - (ii) if the provision is an offence provision and can also constitute a civil penalty provision—the person may be prosecuted in a court, or proceedings seeking a civil penalty order may be brought, in relation to the alleged contravention; or
 - (iii) if the provision is a civil penalty provision—proceedings seeking a civil penalty order may be brought in relation to the alleged contravention; and
 - (n) state that the person may make written representations to the Secretary seeking the withdrawal of the notice.
- (2) The amount to be stated in the notice for the purposes of paragraph (1)(f) for the alleged contravention of the provision by the person must be the lesser of:
- (a) one-fifth of the maximum penalty that a court could impose on the person for that contravention; and
 - (b) 12 penalty units where the person is an individual, or 60 penalty units where the person is a body corporate.
-

Regulation 909

909 Extension of time to pay amount

- (1) A person to whom an infringement notice has been given may apply to the Secretary for an extension of the period referred to in paragraph 908(1)(h).
- (2) If the application is made before the end of that period, the Secretary may, in writing, extend that period. The Secretary may do so before or after the end of that period.
- (3) If the Secretary extends that period, a reference in this Part, or in a notice or other instrument under this Part, to the period referred to in paragraph 908(1)(h) is taken to be a reference to that period so extended.
- (4) If the Secretary does not extend that period, a reference in this Part, or in a notice or other instrument under this Part, to the period referred to in paragraph 908(1)(h) is taken to be a reference to the period that ends on the later of the following days:
 - (a) the day that is the last day of the period referred to in paragraph 908(1)(h);
 - (b) the day that is 7 days after the day the person was given notice of the Secretary's decision not to extend.
- (5) The Secretary may extend the period more than once under subregulation (2).

910 Withdrawal of an infringement notice

Representations seeking withdrawal of notice

- (1) A person to whom an infringement notice has been given may make written representations to the Secretary seeking the withdrawal of the notice.

Withdrawal of notice

- (2) The Secretary may withdraw an infringement notice given to a person (whether or not the person has made written representations seeking the withdrawal).
- (3) When deciding whether or not to withdraw an infringement notice (the **relevant infringement notice**), the Secretary:
 - (a) must take into account any written representations seeking the withdrawal that were given by the person to the Secretary; and
 - (b) may take into account the following:
 - (i) whether a court has previously imposed a penalty on the person for a contravention of a provision subject to an infringement notice under this Part;
 - (ii) the circumstances of the alleged contravention;
 - (iii) whether the person has paid an amount, stated in an earlier infringement notice, for a contravention of a provision subject to an infringement notice under this Part if the contravention is constituted by conduct that is the same, or substantially the same, as the conduct alleged to constitute the contravention in the relevant infringement notice;

- (iv) any other matter the Secretary considers relevant.

Notice of withdrawal

- (4) Notice of the withdrawal of the infringement notice must be given to the person. The withdrawal notice must state:
- (a) the person's name and address; and
 - (b) the day the infringement notice was given; and
 - (c) the identifying number of the infringement notice; and
 - (d) that the infringement notice is withdrawn; and
 - (e) that:
 - (i) if the provision is an offence provision and does not also constitute a civil penalty provision—the person may be prosecuted in a court for the alleged contravention; or
 - (ii) if the provision is an offence provision and can also constitute a civil penalty provision—the person may be prosecuted in a court, or proceedings seeking a civil penalty order may be brought, in relation to the alleged contravention; or
 - (iii) if the provision is a civil penalty provision—proceedings seeking a civil penalty order may be brought in relation to the alleged contravention.

Refund of amount if infringement notice withdrawn

- (5) If:
- (a) the Secretary withdraws the infringement notice; and
 - (b) the person has already paid the amount stated in the notice;
- the Commonwealth must refund to the person an amount equal to the amount paid.

911 Effect of payment of amount

- (1) If the person to whom an infringement notice for an alleged contravention of a provision is given pays the amount stated in the notice to the Commonwealth before the end of the period referred to in paragraph 908(1)(h):
- (a) any liability of the person for the alleged contravention is discharged; and
 - (b) if the provision is an offence provision and does not also constitute a civil penalty provision—the person may not be prosecuted in a court for the alleged contravention; and
 - (c) if the provision is an offence provision and can also constitute a civil penalty provision—the person may not be prosecuted in a court, and proceedings seeking a civil penalty order may not be brought, in relation to the alleged contravention; and
 - (d) if the provision is a civil penalty provision—proceedings seeking a civil penalty order may not be brought in relation to the alleged contravention; and

Regulation 912

- (e) the person is not regarded as having admitted guilt or liability for the alleged contravention; and
- (f) if the provision is an offence provision—the person is not regarded as having been convicted of the alleged offence.

(2) Subregulation (1) does not apply if the notice has been withdrawn.

912 Effect of this Part

This Part does not:

- (a) require an infringement notice to be given to a person for an alleged contravention of a provision subject to an infringement notice under this Part; or
- (b) affect the liability of a person for an alleged contravention of a provision subject to an infringement notice under this Part if:
 - (i) the person does not comply with an infringement notice given to the person for the contravention; or
 - (ii) an infringement notice is not given to the person for the contravention; or
 - (iii) an infringement notice is given to the person for the contravention and is subsequently withdrawn; or
- (c) prevent the giving of 2 or more infringement notices to a person for an alleged contravention of a provision subject to an infringement notice under this Part; or
- (d) limit a court's discretion to determine the amount of a penalty to be imposed on a person who is found to have contravened a provision subject to an infringement notice under this Part.

Part 9—Miscellaneous

916 Delegation by Secretary

- (1) The Secretary may, in writing, delegate all or any of his or her functions or powers under these Regulations to:
 - (a) an SES employee or acting SES employee in the Department; or
 - (b) an APS employee who holds, or is acting in, an Executive Level 2, or equivalent, position in the Department.

Note: Sections 34AA to 34A of the *Acts Interpretation Act 1901* contain provisions relating to delegations.

- (2) In performing a delegated function or exercising a delegated power, the delegate must comply with any written directions of the Secretary.

918 Licence levy threshold

For the purposes of subsection 69(3) of the Act, \$330 is prescribed.

Part 10 Transitional provisions

Division 1 Amendments made by the Ozone Protection and Synthetic Greenhouse Gas Management Amendment (Various Matters) Regulation 2013

Regulation 952

Part 10—Transitional provisions

Division 1—Amendments made by the Ozone Protection and Synthetic Greenhouse Gas Management Amendment (Various Matters) Regulation 2013

952 Application of regulation 133

Regulation 133, as in force immediately after the commencement of Schedule 1 to the *Ozone Protection and Synthetic Greenhouse Gas Management Amendment (Various Matters) Regulation 2013*, applies, and is taken always to have applied, to the grant of licences on and after 1 January 2005.

954 Application of amendment of subregulation 5(2)

The amendment of subregulation 5(2) made by Schedule 3 to the *Ozone Protection and Synthetic Greenhouse Gas Management Amendment (Various Matters) Regulation 2013* applies in relation to records created before, on or after the commencement of the amendment.

Division 2—Amendments made by the Ozone Protection and Synthetic Greenhouse Gas Management Legislation Amendment (2017 Measures No. 1) Regulations 2017

956 Application of amendments made by item 6 of Schedule 1

The amendments made by item 6 of Schedule 1 to the *Ozone Protection and Synthetic Greenhouse Gas Management Legislation Amendment (2017 Measures No. 1) Regulations 2017* apply in relation to importing ODS equipment or SGG equipment on or after the commencement of this regulation.

957 Transitional provision—approved forms

For the purposes of these Regulations, if:

- (a) the Minister approved a form under a provision of these Regulations; and
- (b) the approval was in force immediately before the commencement of this regulation;

the approval has effect from that commencement as if it had been made under section 66A of the Act, as amended by Schedule 1 to the *Ozone Protection and Synthetic Greenhouse Gas Management Legislation Amendment Act 2017*, for the purposes of the provision mentioned in paragraph (a) of this regulation.

958 Transitional provision—delegations

- (1) A delegation:

- (a) made under subregulation 913(1); and
- (b) in force immediately before the commencement of this regulation;

has effect, from that commencement, as if it had been made under subregulation 916(1) as inserted by Schedule 1 to the *Ozone Protection and Synthetic Greenhouse Gas Management Legislation Amendment (2017 Measures No. 1) Regulations 2017*.

- (2) A direction:

- (a) given under subregulation 913(2); and
- (b) in force immediately before the commencement of this regulation;

has effect, from that commencement, as if it had been made under subregulation 916(2) as inserted by Schedule 1 to the *Ozone Protection and Synthetic Greenhouse Gas Management Legislation Amendment (2017 Measures No. 1) Regulations 2017*.

Part 10 Transitional provisions

Division 3 Amendments made by the Ozone Protection and Synthetic Greenhouse Gas Management Legislation Amendment (2017 Measures No. 2) Regulations 2017

Regulation 959

Division 3—Amendments made by the Ozone Protection and Synthetic Greenhouse Gas Management Legislation Amendment (2017 Measures No. 2) Regulations 2017

959 RAC industry permits—application provision

Despite the repeal of subregulations 130(3), 140(4) and 150(4) by the *Ozone Protection and Synthetic Greenhouse Gas Management Legislation Amendment (2017 Measures No. 2) Regulations 2017*, those subregulations continue to apply in relation to RAC industry permits granted before the commencement of this regulation, as if the repeals had not happened.

960 Fire protection industry permits—application provision

Despite the repeal of subregulations 321(3), 331(5) and 341(4) by the *Ozone Protection and Synthetic Greenhouse Gas Management Legislation Amendment (2017 Measures No. 2) Regulations 2017*, those subregulations continue to apply in relation to fire protection industry permits granted before the commencement of this regulation, as if the repeals had not happened.

**Division 4—Amendments made by the Ozone Protection and
Synthetic Greenhouse Gas Management Amendment
(Application Fees) Regulations 2018**

961 Application fees for Part 6A—application provision

The amendments made by items 1 and 2 of Schedule 1 to the *Ozone Protection and Synthetic Greenhouse Gas Management Amendment (Application Fees) Regulations 2018* apply in relation to applications made on or after the commencement of this regulation.

Division 5—Amendments made by the Ozone Protection and Synthetic Greenhouse Gas Management Amendment (Methyl Bromide, Fire Protection and Other Measures) Regulations 2018

962 Definitions for Division 5

In this Division:

amending regulations means the *Ozone Protection and Synthetic Greenhouse Gas Management Amendment (Methyl Bromide, Fire Protection and Other Measures) Regulations 2018*.

commencement day means the day on which this Division commences.

old regulations means these Regulations as in force immediately before the commencement day.

963 Transitional—non-QPS permits

- (1) The amendments made by Schedule 1 to the amending Regulations apply in relation to applications for non-QPS permits made on or after the commencement day, subject to this regulation.
- (2) For the purposes of the Minister's consideration of the grant to a person of a non-QPS permit to use methyl bromide for non-QPS uses for the calendar year 2019 or 2020:
 - (a) if, before the commencement day, the person had made a written request to the Minister to be shown on the Non-QPS Exemption List for that calendar year as an exempt person in relation to non-QPS applications corresponding to those non-QPS uses—the person is taken to have made an application for a permit for the calendar year in accordance with regulation 234; and
 - (b) in any case—subregulation 235(2) applies as if a reference to the Minister's consultation with the parties to the Montreal Protocol, and receipt of advice as a result of such consultation, included a reference to any such consultation that occurred, and to any such advice received, before, on or after the commencement day in relation to the person's use of methyl bromide for those non-QPS uses (or non-QPS applications corresponding to those uses).

964 The Fire Protection Industry (Ozone Depleting Substances and Synthetic Greenhouse Gas) Board—continuation

- (1) An appointment:
 - (a) made under paragraph 311(1)(a) of the old regulations; and
 - (b) in force immediately before the commencement day;

has effect, on and after that day, as if it had been made under paragraph 307A(1)(a) as inserted by the amending regulations.

- (2) An authorisation:
- (a) given under paragraph 311(1)(b) of the old regulations; and
 - (b) in force immediately before the commencement day;
- has effect, on and after that day, as if it had been given under subparagraph 307A(1)(c)(ii) as inserted by the amending regulations.

965 Transitional—pending applications for licences and permits etc.

- (1) This regulation applies in relation to an application if:
- (a) the application was made under the old regulations before the commencement day; and
 - (b) immediately before that day, a decision on the application has not been made.
- (2) Despite the amendments made by Schedule 2 to the amending regulations, the old regulations continue to apply in relation to the application as if the amendments had not happened.

966 Transitional—new applications for fire protection industry permits

The amendments of these Regulations made by Schedule 2 to the amending regulations apply in relation to applications for Division 6A.4 permits made on or after the commencement day.

967 Transitional—internal review

- (1) This regulation applies in relation to an application if:
- (a) the application was made under subregulation 316(1) of the old regulations before the commencement day; and
 - (b) immediately before that day, a decision on the application has not been made.
- (2) Despite the amendments of subregulation 316(1) by Schedule 2 to the amending regulations, that subregulation, as in force immediately before the commencement day, continues to apply in relation to the application as if the amendments had not happened.

Endnotes

Endnote 1—About the endnotes

Endnotes

Endnote 1—About the endnotes

The endnotes provide information about this compilation and the compiled law.

The following endnotes are included in every compilation:

Endnote 1—About the endnotes

Endnote 2—Abbreviation key

Endnote 3—Legislation history

Endnote 4—Amendment history

Abbreviation key—Endnote 2

The abbreviation key sets out abbreviations that may be used in the endnotes.

Legislation history and amendment history—Endnotes 3 and 4

Amending laws are annotated in the legislation history and amendment history.

The legislation history in endnote 3 provides information about each law that has amended (or will amend) the compiled law. The information includes commencement details for amending laws and details of any application, saving or transitional provisions that are not included in this compilation.

The amendment history in endnote 4 provides information about amendments at the provision (generally section or equivalent) level. It also includes information about any provision of the compiled law that has been repealed in accordance with a provision of the law.

Editorial changes

The *Legislation Act 2003* authorises First Parliamentary Counsel to make editorial and presentational changes to a compiled law in preparing a compilation of the law for registration. The changes must not change the effect of the law. Editorial changes take effect from the compilation registration date.

If the compilation includes editorial changes, the endnotes include a brief outline of the changes in general terms. Full details of any changes can be obtained from the Office of Parliamentary Counsel.

Misdescribed amendments

A misdescribed amendment is an amendment that does not accurately describe the amendment to be made. If, despite the misdescription, the amendment can be given effect as intended, the amendment is incorporated into the compiled law and the abbreviation “(md)” added to the details of the amendment included in the amendment history.

If a misdescribed amendment cannot be given effect as intended, the abbreviation “(md not incorp)” is added to the details of the amendment included in the amendment history.

Endnote 2—Abbreviation key

ad = added or inserted	o = order(s)
am = amended	Ord = Ordinance
amdt = amendment	orig = original
c = clause(s)	par = paragraph(s)/subparagraph(s) /sub-subparagraph(s)
C[x] = Compilation No. x	pres = present
Ch = Chapter(s)	prev = previous
def = definition(s)	(prev...) = previously
Dict = Dictionary	Pt = Part(s)
disallowed = disallowed by Parliament	r = regulation(s)/rule(s)
Div = Division(s)	reloc = relocated
ed = editorial change	renum = renumbered
exp = expires/expired or ceases/ceased to have effect	rep = repealed
F = Federal Register of Legislation	rs = repealed and substituted
gaz = gazette	s = section(s)/subsection(s)
LA = <i>Legislation Act 2003</i>	Sch = Schedule(s)
LIA = <i>Legislative Instruments Act 2003</i>	Sdiv = Subdivision(s)
(md) = misdescribed amendment can be given effect	SLI = Select Legislative Instrument
(md not incorp) = misdescribed amendment cannot be given effect	SR = Statutory Rules
mod = modified/modification	Sub-Ch = Sub-Chapter(s)
No. = Number(s)	SubPt = Subpart(s)
	<u>underlining</u> = whole or part not commenced or to be commenced
