[7] Regulation 6*substitute***6 Gross value of production**

- (1) For subsection 32 (2) of the Act, the Minister must determine the amount of the gross value of production of milk, for a financial year (the *relevant financial year*), by using:

$$\frac{A + B + C}{3}$$

where:

A is the estimated value of milk to be produced in the relevant financial year.

B is the value of milk produced in the financial year immediately before the relevant financial year (the *previous financial year*).

C is the value of milk produced in the financial year immediately before the previous financial year.

- (2) In subregulation (1), a reference to the value of milk produced, or to the estimated value of milk to be produced, in a financial year is a reference to the production figure supplied by the Australian Bureau of Agricultural and Resource Economics that shows:
- the gross value of milk produced by the dairy industry in that financial year; or
 - the estimated gross value of milk to be produced by the dairy industry for that financial year.
