(4) A fishing rights option entitles the holder of the option to be granted fishing rights of the relevant class under any fishery plan (the new plan) determined for a fishery after the revocation of the former plan if section 14 or 15 of this Act applies to the new plan. The nature and extent of the entitlements are set out in section 14(2) or 15(2) of this Act, as the case may be.

(2) If a person holds a fishing rights option in respect of fishing rights under the new plan, the option entitles the person to be granted such number of fishing rights under the new plan as the Secretary determines to be fair and equitable having particular regard to the number

(3) In determining the number of fishing rights within a class of fishing rights to be granted to a person under the new plan in accordance with subsection (2), the Secretary must take into account -

(5) The Minister may, with the concurrence of Cabinet, subject to such conditions as the Minister considers appropriate, permit the acquisition or continued holding of any fishing right or any interests in fishing rights by any person to whom this section applies, where the Minister considers that to do so would be for the benefit of the people of the Cook Islands.

(6) Where any person to whom this section applies holds any fishing right or any interest in any fishing right that is not permitted under subsection (4) or subsection (5), the fishing right (or any related fishing right option) shall be deemed to have been surrendered to the Secretary without compensation.
