(3) Where an application is duly made to the Central Authority for permission under this section and no decision on such application is made by the Central Authority within a period of three months after the receipt of such application, or within such extended period or periods as hereinafter provided, such application shall be deemed for all purposes to have been granted by the Central Authority at the expiration of the said period or the last of such extended periods. prejudicial effect of proceeding with or doing the work or other operation to which such prohibition relates would be of such a nature as to be incapable of being remedied, or to involve excessive expenditure of public money, after the coming into operation of such scheme, declare at any time before such scheme comes into operation, that any contravention of such prohibition before such coming into operation shall be unlawful.

(6) Every person who proceeds with or does any work which is a contravention of a prohibition and is by virtue of a declaration under this section an unlawful contravention of such prohibition shall be liable, on summary conviction, to a fine of two hundred and forty dollars together with, in the case of a continuing offence, a further fine of twenty-four dollars for every day during which the offence is continued.

(1) Whenever a condition is attached to or inserted in a permission or a prohibition and the value of any property is reduced by the due and proper performance or observance of such condition, the provisions of this Ordinance in relation to compensation payable by the Central Authority shall apply. Upon the coming into operation of the scheme in connection with which such permission or prohibition was granted or made, the compensation payable shall be as if such reduction in value had been occasioned by a restriction on the user of such property affected by a provision contained in such scheme.

(2) Subsection (1) of this section shall not apply or have effect where the condition referred to in that subsection is of such nature that if the scheme referred to in the said subsection had been in operation when such condition was imposed, such condition could have been enforced by a provision in such scheme and no compensation would be payable under this Ordinance on account of, or arising from, the coming into operation of such provision.

(2) The Central Authority shall, in deciding any such application, have regard to any injury likely to be caused to the applicant by the refusal of the application, as well as to any public advantage likely to result from the maintenance of the prohibition or restriction, pending the coming into operation of a general development order, and may if they are satisfied that the proposed operations will not contravene any permanent provisions of the scheme, grant the application unconditionally, or subject to such conditions as they think proper to impose :

Provided that they shall not grant an application if they are satisfied that —

(a) the operations would involve danger or injury to health by reason of the lack of roads, drainage, sewers, water supply or any public services and that the provision of the necessary services would be premature, or likely to involve excessive expenditure of public money ; or

(b) the operations would be likely to injure the amenities of the locality.

(3) Any person aggrieved by the refusal of any such application as aforesaid, or by any conditions imposed by the Central Authority, may appeal therefrom within the time and in the manner provided for by section 14 of this Ordinance.
