19. Subject to the provisions of this Ordinance, the following rules shall apply to the assessment and award of compensation by a Board for the compulsory acquisition of land -- Rules for
assessment of
Compensation.

(a) the value of the land shall, subject as hereinafter provided, be taken to be the amount which the land, if sold in the open market by a willing seller, might have been expected to have realized at a date twelve months prior to the date of the second publication in the *Gazette* of the declaration under section 3 of this Ordinance :

Provided that this rule shall not affect the assessment of compensation for any damage sustained by the person interested by reason of severance, or by reason of the acquisition injuriously affecting his other property or his earnings, or for disturbance, or any other matter not directly based on the value of the land ;

(b) the special suitability or adaptability of the land for any purpose shall not be taken into account if that purpose is a purpose to which the land could be applied only in pursuance of statutory powers, or for which there is no market apart from the special needs of a particular purchaser or the requirements of any Government department ;

(c) where the value of the land is increased by reason of the use thereof or of any premises thereon in a manner which could be restrained by any court, or is contrary to law, or is detrimental to the health of the inmates of the premises or to public health, the amount of that increase shall not be taken into account ;

(d) where land is, and but for the compulsory acquisition would continue to be, devoted to a purpose of such a nature that there is no general demand or market for land for that purpose, the compensation may, if the Board is satisfied that reinstatement in some other place is *bonâ fide* intended, be assessed on the basis of the reasonable cost of equivalent reinstatement ;

(e) no allowance shall be made on account of —

(i) the acquisition being compulsory or the degree of urgency or necessity which has led to the acquisition ;

(ii) any disinclination of the person interested to part with the land acquired ;

(iii) any damage sustained by the person interested which, if caused by a private person, would not render such person liable to an action ;

(iv) any damage, not being in the nature of deprivation of or interference with an easement or legal right, which, after the time of awarding compensation, is likely to be caused by or in consequence of the use to which the land acquired will be put ;

(v) any increase in the value of the land acquired likely to accrue from the use to which the land acquired will be put ;

(vi) any outlay or improvement of such land which shall have been made, commenced or effected within twelve months before the publication of the declaration under section 3 of this Ordinance with the intention of enhancing the compensation to be awarded therefor in the event of such land being acquired for public purposes.

20. As to severance, compensation may be assessed on the footing that any specified works, crossings, or access agreed to on behalf of the Governor shall be erected, provided, and allowed, and any such agreement shall be reduced into writing and be signed by the Chairman and shall be valid and effectual and binding on the parties.

Special rule
as to

(3) Subject to the provisions of subsection (1) of this section, where a claimant has made an unconditional offer in writing to accept any amount as compensation and has put forward a proper claim in sufficient time to enable the authorized officer to make a proper offer, and the sum awarded is equal to or exceeds that amount, the Chairman shall, unless for special reasons he thinks it proper not to do so, order the authorized officer to bear his own costs and to pay the costs of the claimant so far as the costs of the claimant were incurred after the offer was made.

(4) Subject to the provisions of the preceding subsections of this section, the costs shall be in the discretion of the Chairman who may direct to and by whom and in what manner those costs or any part thereof shall be paid, and he may in any case direct such costs to be taxed by the Registrar of the Supreme Court.

(5) The mode of enforcing any order as to costs shall be in the manner prescribed by the practice of the Supreme Court.

(6) Where the Chairman orders the claimant to pay the costs or any part of the costs of the authorized officer, the authorized officer may deduct the amount so payable by the claimant from the amount of any compensation which may be payable to him.
