the definition of the expression "Cut tree" in subsection (1) was inserted by the Import and Export of Trees, Wood and Bark (Health) (Amendment) Ordinance, 1984, section 1(2), with effect from 27th June, 1984.

The functions, rights and liabilities of the Civil Service Board and of its President arising under or by virtue of this Ordinance were transferred to and vested in, respectively, the Policy Council and its Minister by the Machinery of Government (Transfer of Functions) (Guernsey) Ordinance, 2003, section 1, Schedule 1, paragraph 12(a), with effect from 6th May, 2004, subject to the savings and transitional provisions in section 4 of the 2003 Ordinance.

The functions, rights and liabilities of the Committee for Horticulture and of its President arising under or by virtue of this Ordinance were transferred to and vested in, respectively, the Commerce and Employment Department and its Minister by the Machinery of Government (Transfer of Functions) (Guernsey) Ordinance, 2003, section 1, Schedule 1, paragraph 10, with effect from 6th May, 2004, subject to the savings and transitional provisions in section 4 of the 2003 Ordinance.

In accordance with the provisions of the Customs and Excise (General Provisions) (Bailiwick of Guernsey) (Amendment) Law, 1991, section 12(1), the references in this section to the "Chief Revenue Officer" shall, save where the context otherwise requires, be deemed to be a reference to the Chief Officer of Customs and Excise for the time being appointed by the Policy Council and shall include any person acting by or under his authority; and, in accordance with the provisions of section 12(2) of the 1991 Law, the reference in this section to a "States Revenue Officer" shall, save where the context otherwise requires, be deemed to be a reference to a person authorised by the Home Department to act as an officer of Customs and Excise.

The Magistrate's Court (Guernsey) Law, 1954 has since been repealed by the Magistrate's Court (Guernsey) Law, 2008, section 46(b), with effect from 1st September, 2009, subject to the savings and transitional provisions in section 47 of the 2008 Law.

Exception of certain trees, wood, isolated bark and soil.

2. The provisions of this Ordinance except sections ten, eleven, nineteen and twenty-one thereof shall not apply in relation to any tree, wood or isolated bark grown in this Island, or any soil originating therefrom, except that all the provisions of this Ordinance shall apply in relation to any such tree, wood, isolated bark or soil which has been exported from this Island and subsequently re-imported into this Island.

Prohibition of the landing of certain tree pests and genetically manipulated material.

3. The landing in this Island of –

- (a) any tree pest of a description specified in the First Schedule or in the first column of the Second Schedule to this Ordinance,
- (b) any non-indigenous tree pest not being a tree pest of a description specified in the First Schedule or in the first column of the Second Schedule to this Ordinance,
- (c) any tree pest which has been subjected to genetic manipulation or any genetically manipulated material,

is hereby prohibited.

Prohibition of the landing of trees, wood and isolated bark when carrying or infected with certain tree pests.

4. The landing in this Island of –

- (a) any tree, wood or isolated bark which is carrying or is

infected with any tree pest of a description specified in the First Schedule to this Ordinance,

- (b) any tree or wood of a description specified in the second column of the Second Schedule to this Ordinance which is carrying or is infected with any tree pest specified in the first column of that Schedule opposite the description of such tree or wood,

is hereby prohibited.

Prohibition of the landing of trees and isolated bark specified in the Third Schedule and grown in certain countries.

5. The landing in this Island of any tree or isolated bark specified in the first column of the Third Schedule to this Ordinance and which originates in a country falling within the description specified in the second column of that Schedule in relation to such tree or isolated bark is hereby prohibited.

Special conditions for the landing of trees, wood, isolated bark and soil specified in the Fourth Schedule.

6. (1) Subject to the provisions of subsection (2) of this section, the landing in this Island of any tree, wood, isolated bark or soil (being material the import of which is not prohibited under the provisions of section five of and the Third Schedule to this Ordinance) of a description specified in the first column of the Fourth Schedule to this Ordinance is hereby prohibited unless the conditions specified in the second column of the Fourth Schedule to this Ordinance opposite the description of such tree, wood, isolated bark or soil are complied with.

(2) The provisions of subsection (1) of this section shall not apply to any tree, wood, isolated bark or soil which is directly consigned to this Island

from any other of the British Islands.

Certificates to accompany consignments of trees, wood, isolated bark or soil imported from Member States.

7. (1) Any tree, wood, isolated bark or soil (being material the import of which is not prohibited under the provisions of section five of and the Third Schedule to this Ordinance) which is directly consigned to this Island from within a Member State and is of a description specified in Part I of the Fifth Schedule to this Ordinance shall not be landed in this Island unless it is accompanied by a phytosanitary certificate issued in the country in which the tree, wood or isolated bark was grown or, in the case of soil, in which it originated and a re-forwarding phytosanitary certificate issued in each other country from within which it has been consigned before being landed in this Island.

(2) Any tree, wood, isolated bark or soil (being material the import of which is not prohibited under the provisions of section five of and the Third Schedule to this Ordinance) which is directly consigned to this Island from within a Member State and is of a description specified in Part II of the Fifth Schedule to this Ordinance shall not be landed in this Island unless it is accompanied by a phytosanitary certificate issued in that Member State, except that where such tree, wood, isolated bark or soil has previously been consigned from within any other country before being consigned from within that Member State to this Island it may instead be accompanied by the latest phytosanitary certificate relating to it issued in one of the countries from within which it was previously consigned and a re-forwarding phytosanitary certificate issued in each other country from within which it has been consigned subsequent to its consignment from within the country in which the latest phytosanitary certificate relating to such tree, wood, isolated bark or soil was issued.

(3) The requirements relating to re-forwarding phytosanitary

certificates contained in subsections (1) and (2) of this section shall only apply to the re-export of a consignment of trees, wood, isolated bark or soil to this Island from a particular country if –

- (a) such consignment has been stored, repacked or split up in that country before being consigned, or
- (b) in the case of any wood of the description specified in the entry numbered 7 in the Fourth Schedule to this Ordinance, the address of the consignee in the description of the consignment in the phytosanitary certificate accompanying the consignment is not in this Island.

Certificates to accompany consignments of trees, wood, isolated bark or soil imported from third countries.

8. (1) Any tree, wood, isolated bark or soil (being material the import of which is not prohibited under the provisions of section five of and the Third Schedule to this Ordinance) which is directly consigned to this Island from within a third country and is of a description specified in Part III of the Fifth Schedule to this Ordinance shall not be landed in this Island unless it is accompanied by a phytosanitary certificate issued in the country in which it was grown or, in the case of soil, in which it originated and a re-forwarding phytosanitary certificate issued in each other country from within which it has been consigned before being landed in this Island.

(2) The requirements contained in subsection (1) of this section in relation to re-forwarding phytosanitary certificates shall only apply to the re-export of a consignment of trees, wood, isolated bark or soil to this Island from a particular country if –

- (a) such consignment has been stored, repacked or split up in that country before being consigned, or
- (b) the address of the consignee in the description of the consignment in the phytosanitary certificate accompanying the consignment is not in this Island.

Consignments of wood or isolated bark the origin of which is to be declared.

9. (1) Subject to the provisions of subsection (1) of this section, any wood or isolated bark of a description specified in the Sixth Schedule to this Ordinance shall not be landed in this Island unless it is accompanied by an official statement declaring the name of the country in which it was grown either in the form of a separate document or, in those cases in which the provisions of section seven or section eight of this Ordinance require a phytosanitary certificate, as a part of that certificate.

(2) The provisions of subsection (1) of this section shall not apply to any wood or isolated bark which is directly consigned to this Island from any other of the British Islands.

Certificates to accompany consignments of trees, wood, isolated bark or soil exported from this Island to Member States.

10. (1) Any tree, wood, isolated bark or soil of a description specified in the Seventh Schedule to this Ordinance shall not be exported from this Island to a place within a Member State unless when exported from this Island such tree, wood, isolated bark or soil is accompanied by a phytosanitary certificate or a re-forwarding phytosanitary certificate issued by the Inspector.

(2) Applications for phytosanitary certificates and re-forwarding

phytosanitary certificates shall be made to the Committee with such information, in such form and in such manner as the Committee may require.

General provisions relating to phytosanitary certificates and re-forwarding phytosanitary certificates.

11. (1) Except for an inspection which is required to be carried out for the purposes of making an official statement in accordance with a condition referred to in the second column of the Fourth Schedule to this Ordinance, an inspection carried out for the purposes of issuing a phytosanitary certificate or a re-forwarding phytosanitary certificate shall be carried out not more than fourteen days before the date of despatch of the consignment to which the inspection relates.

(2) A phytosanitary certificate or a re-forwarding phytosanitary certificate shall not be valid for the purposes of this Ordinance unless it is completed and signed by an authorised officer not more than fourteen days before the date of despatch of the consignment which it is to accompany and after the carrying out of any inspection referred to in subsection (1) of this section which relates to that consignment.

(3) An official statement required to be given in accordance with the conditions referred to in the second column of the Fourth Schedule to this Ordinance shall be deemed to have been given by the issue of a phytosanitary certificate to accompany the tree, wood, isolated bark or soil to which it relates.

(4) Where a phytosanitary certificate or a re-forwarding phytosanitary certificate is issued in a third country of which the language is other than English or French it shall incorporate or be accompanied by a translation into the English or French language which translation, if it is a document separate from the certificate, shall be completed and signed by an authorised officer.

Consolidated text

(5) Subject to subsection (6) of this section, where a consignment of trees, wood, isolated bark or soil has been consigned between two or more countries before being directly consigned to this Island it may be accompanied in the place of any certificate required by this Ordinance by a facsimile copy of such certificate issued in the country from within which the consignment has been directly consigned to this Island and certified as a true copy of the original or a true copy of a certified copy of the original, as the case may be, by an authorised officer.

(6) Subsection (5) of this section shall not apply in the case of a re-forwarding phytosanitary certificate issued in the country from within which the consignment was directly consigned to this Island in which case the original re-forwarding phytosanitary certificate issued in that country must be produced.

(7) For the purposes of subsections (2), (4) and (5) of this section, the expression "**authorised officer**" shall mean –

- (a) in relation to a certificate, translation or facsimile copy issued in this Island, the Inspector, and
- (b) in relation to a certificate, translation or facsimile copy issued in a place other than this Island, a representative of the Plant Protection Service of the country in which the certificate, translation or facsimile copy was issued.

(8) Except in the case of consignments imported into this Island by post, a phytosanitary certificate and any re-forwarding phytosanitary certificate, shall be delivered to the Chief Revenue Officer at the time of landing of the consignments to which the certificates relate.

(9) In the case of a consignment imported into this Island by post, any phytosanitary certificate and any re-forwarding phytosanitary certificate shall be affixed to the package comprising the consignment or, if the consignment consists of more than one package, such certificate shall be affixed to one of the packages and copies thereof affixed to each of the remaining packages.

(10) A certificate issued by or on behalf of a state, province or other regional or local government authority of part of a country, or by or on behalf of any department, service or other organ of such authority shall not be deemed to be a valid phytosanitary certificate or a valid re-forwarding phytosanitary certificate for the purposes of this Ordinance unless such authority is the only one empowered to issue, in relation to such part of the country, phytosanitary certificates or re-forwarding phytosanitary certificates to accord with the requirements of this Ordinance.

NOTE

In accordance with the provisions of the Customs and Excise (General Provisions) (Bailiwick of Guernsey) (Amendment) Law, 1991, section 12, the reference in this section to the "Chief Revenue Officer" shall, save where the context otherwise requires, be deemed to be a reference to the Chief Officer of Customs and Excise for the time being appointed by the Policy Council and shall include any person acting by or under his authority.

Examination, sampling and marking.

12. The Inspector, upon production, if so required, of his authority, may –

- (a) enter for the purposes of this Ordinance any premises and examine the said premises and mark any part

Consolidated text

thereof and –

- (i) examine, take samples and mark any trees, wood, isolated bark or soil landed or reasonably suspected by him of having been landed or being likely to be landed in this Island, whether or not such consignment was or ought to have been accompanied by a certificate required by this Ordinance, and
 - (ii) examine and take samples of any tree pest or any pest which appears to be a tree pest or any genetically manipulated material landed or reasonably suspected by him of having been landed or being likely to be landed in this Island,
- (b) for the purposes of the examinations referred to in paragraph (a) of this section, open, authorise any person to open on his behalf or require the importer or any person in charge of the consignment to open in such manner as the Inspector may specify, any container, bundle or any other package comprising the whole or part of the consignment,
- (c) if and so far as is necessary for the purposes of the examinations referred to in paragraph (a) of this section, prohibit entirely, or to the extent indicated by him, the movement of any consignment or part of a consignment or of any material or object by means of

which in his opinion a tree pest is likely to be spread,

- (d) enter for the purposes of this Ordinance any premises and examine and take samples of and mark any trees, wood or isolated bark which have been landed or are reasonably suspected by him of having been landed in this Island during the previous twelve months or which have been derived from or are reasonably suspected by him to have been derived from any trees, wood or isolated bark as aforesaid which have been so landed.

Procedure when trees, wood, isolated bark or soil are landed or likely to be landed in contravention of this Ordinance.

13. (1) If the Inspector has reasonable grounds for suspecting that any tree, wood, isolated bark or soil in a consignment or part of a consignment is likely to be landed in this Island and –

- (a) if landed would be landed in contravention of the provisions of this Ordinance, or
- (b) such tree, wood, isolated bark or soil is to a substantial extent carrying or infected with any tree pest other than a tree pest of a description specified in the First Schedule or in the first column of the Second Schedule to this Ordinance, or
- (c) such tree, wood, isolated bark or soil is carrying or infected with a non-indigenous tree pest,

he may serve upon the importer or upon any person in control of the landing or

unloading of the consignment from a vessel, aircraft, vehicle, hovercraft or freight container a notice in writing –

- (i) prohibiting the landing or unloading of the consignment containing the tree, wood, isolated bark or soil, or
- (ii) specifying the manner in which the landing or unloading of the consignment is to be carried out and the precautions which are to be taken in the course thereof and the further precautions which are to be taken immediately subsequent to such landing, or
- (iii) requiring that if landed the consignment or such part thereof as may be specified shall be destroyed or treated in some other way within such time and in such manner as may also be specified in the notice.

(2) If the Inspector has reasonable grounds for suspecting that any tree, wood, isolated bark or soil in a consignment or part of a consignment has been landed in this Island and –

- (a) such landing is in contravention of the provisions of this Ordinance, or
- (b) such tree, wood, isolated bark or soil is to a substantial extent carrying or infected with any tree pest other than a tree pest of a description specified in

Consolidated text

the First Schedule or in the first column of the Second Schedule to this Ordinance, or

- (c) such tree, wood, isolated bark or soil is carrying or infected with a non-indigenous tree pest,

he may serve upon the importer a notice in writing requiring him within such time and in such manner as may be specified in the notice to destroy or treat in some other way any tree, wood, isolated bark or soil contained in the consignment or such part of the consignment as may be specified in the notice and to take such other steps as may also be specified in the notice to prevent the spread of any tree pest which appears to the Inspector to have been landed with such tree, wood, isolated bark or soil.

(3) Where treatment, other than destruction, is required by a notice served under subsection (1) or subsection (2) of this section, the importer upon whom the notice was served shall be permitted within the period specified in the notice to destroy any tree, wood, isolated bark or soil to which the notice relates, and if he shall so carry out such destruction to the satisfaction of the Inspector he shall be deemed to have complied with the notice so far as it relates to such tree, wood, isolated bark or soil.

(4) Any destruction or other treatment required by a notice served under subsection (1) or subsection (2) of this section shall be carried out by the importer upon whom the notice is served to the satisfaction of the Inspector at a place designated by the Inspector and, except with the written authority of the Committee, no consignment to which such a notice relates shall be moved otherwise than directly to such place.

(5) A notice served under subsection (1) or subsection (2) of this

section may at any time be amended or withdrawn by a further notice in writing served by the Inspector upon the person upon whom the first-mentioned notice was served.

(6) If an importer shall fail to comply with the requirements of a notice served under subsection (1) or subsection (2) of this section (including where relevant a notice which has been amended under subsection (5) of this section) then, without prejudice to any proceedings under this Ordinance consequent upon such failure, the Committee may apply ex parte to the Court for an order authorising the Inspector to enter any premises in which the trees, wood, isolated bark or soil to which the notice relates may be and take such steps as appear to the Inspector to be necessary either to ensure compliance with the requirements of the said notice or to remedy the consequences of the failure to carry them out; and the cost of taking such steps shall be recoverable by the Committee as a civil debt from the person upon whom the notice was served.

Procedure when a tree pest or genetically manipulated material is landed or likely to be landed in contravention of this Ordinance.

14. (1) If the Inspector has reasonable grounds for suspecting that a tree pest or any genetically manipulated material is likely to be landed or has been landed in this Island in contravention of this Ordinance, he may serve upon the importer a notice in writing requiring him to destroy the said tree pest or genetically manipulated material within such time and in such manner as may be specified in the notice and to take such steps as may also be specified in the notice to prevent its spread.

(2) Any destruction or any steps required by a notice under subsection (1) of this section shall be carried out by the person upon whom the notice is served to the satisfaction of the Inspector at a place designated by the Inspector and, except with the written authority of the Committee or the Inspector,

no tree pest or genetically manipulated material to which any such notice refers shall be moved otherwise than to such a place.

(3) A notice served under subsection (1) of this section may at any time be amended or withdrawn by a further notice in writing served by the Inspector upon the person upon whom the first-mentioned notice was served.

(4) If an importer shall fail to comply with the requirements of a notice served under subsection (1) of this section (including where relevant a notice which has been amended under subsection (3) of this section) then, without prejudice to any proceedings under this Ordinance consequent upon such failure, the Committee may apply ex parte to the Court for an order authorising the Inspector to enter any premises in which the tree pest or genetically manipulated material to which the notice relates may be and take such steps as appear to the Inspector to be necessary either to ensure compliance with the requirements of the said notice or to remedy the consequences of the failure to carry them out; and the cost of taking such steps shall be recoverable by the Committee as a civil debt from the person upon whom the notice was served.

Powers of the Committee to make orders and to issue licences.

15. (1) The Committee may at any time in its discretion by order prohibit, restrict or impose conditions on the landing in this Island or on the landing in the Island of Guernsey from the Islands of Herm or Jethou of any tree, wood, isolated bark, soil or genetically manipulated material.

(2) Notwithstanding any provision hereinbefore contained the Committee may at any time in its discretion by order or by licence permit the landing in this Island on such terms and conditions, if any, as it may impose, of any tree, wood, isolated bark or soil and may vary such terms and conditions or revoke or vary such licence.

NOTE

The following Order has been made under section 15:

*Import and Export of Trees, Wood and Bark (Importation) Order,
1983.*

Orders to be laid before the States.

16. Every order made by the Committee under the provisions of this Ordinance shall be laid before a meeting of the States as soon as may be after the making thereof and if, at that meeting or at the next subsequent meeting, the States resolve that the order be annulled the order shall cease to have effect but without prejudice to anything previously done thereunder or to the making by the Committee of a new order.

Duties of the Chief Revenue Officer.

17. (1) If any consignment of trees, wood, isolated bark or soil is landed in this Island in contravention of any of the provisions of this Ordinance or of any order made thereunder or of any condition imposed in a licence issued thereunder, the consignment shall be detained by the Chief Revenue Officer who shall forthwith inform the Committee of the fact of such detention and the reason therefor.

(2) In the case where a consignment has been detained under the provisions of subsection (1) of this section by reason that the consignment was not accompanied by the required certificate or certificates the Chief Revenue Officer may delay informing the Committee of the fact until the expiration of such time as shall be specified by the Chief Revenue Officer to the consignee for the submission to him of the certificates required to have accompanied the consignment and if such certificate is or certificates are so submitted within the period so specified he may

release the consignment and where a consignment is so released the requirements imposed on him to inform the Committee of the detention of the consignment shall cease to have effect.

NOTE

In accordance with the provisions of the Customs and Excise (General Provisions) (Bailiwick of Guernsey) (Amendment) Law, 1991, section 12, the references in this section to the "Chief Revenue Officer" shall, save where the context otherwise requires, be deemed to be a reference to the Chief Officer of Customs and Excise for the time being appointed by the Policy Council and shall include any person acting by or under his authority.

Persons accompanying the Inspector.

18. The Inspector entering any premises for any of the purposes of this Ordinance may be accompanied by such other persons acting under his instructions and by such equipment as appear to him to be necessary, and such other persons, whether or not accompanied by the Inspector, upon production if so required of their authority in that behalf given by the Committee, may remain on the premises and from time to time re-enter the premises with such equipment as aforesaid and carry out such work for the purposes aforesaid and in such manner as the Inspector may direct.

Information to be given.

19. (1) Every person who has or has had in his possession or under his charge any tree, wood, isolated bark, tree pest, genetically manipulated material or soil which the Committee knows to have been landed or suspects has been landed in this Island or exported therefrom, and every person who as auctioneer, salesman or otherwise, has sold or offered for sale or is reasonably suspected by the Committee to have sold or offered for sale any such tree, wood, isolated bark, tree pest, genetically manipulated material or soil shall, if so required by a notice in

writing from the Committee, give to the Committee or, if so specified in the notice, to the Inspector within such time as shall also be specified in the notice, all such information as he possesses as to the persons who have or have had or are likely to have had any such tree, wood, isolated bark, tree pest, genetically manipulated material or soil to which the said notice relates in their possession or under their custody or control.

(2) Any information given under the provisions of this section shall not be available as evidence against the person giving the same in any prosecution under this Ordinance, except in respect of an alleged failure to comply with the provisions of this section.

(3) Any person who without reasonable excuse fails to give information in compliance with a notice served under the provisions of subsection (1) of this section shall be guilty of an offence and liable, on conviction, to a fine not exceeding [level 4 on the uniform scale].

(4) If any person, in purported compliance with a notice served under the provisions of subsection (1) of this section knowingly or recklessly gives any information which is false in any material particular he shall be guilty of an offence and liable, on conviction, to a fine not exceeding [level 4 on the uniform scale].

NOTE

In section 19, the words and figures in square brackets were substituted by the Uniform Scale of Fines (Bailiwick of Guernsey) Law, 1989, section 2(2), with effect from 1st July, 1989.

Service of notices.

20. Any notice which may be served for the purposes of this Ordinance shall be validly served –

- (a) on any person, if delivered to him, left, or sent by registered post or recorded delivery service to him, at his usual or last known place of abode,
- (b) on any firm, if delivered to any partner of the firm or left at, or sent by registered post or by recorded delivery service to, the principal or last known principal place of business of the firm,
- (c) on any body corporate, if left at, or sent by registered post or by recorded delivery service to, its registered office if situate in this Island or, if its registered office is not so situate, its principal or last known principal place of business in this Island.

Offences.

21. If any person –

- (a) knowingly lands or attempts to land or exports or attempts to export any tree, wood, isolated bark, tree pest, genetically manipulated material or soil in contravention of any provisions of this Ordinance or of any order made thereunder or who, having been granted a licence under the provisions of this Ordinance fails to comply with the terms or conditions of such licence, or

Consolidated text

- (b) wilfully impedes or obstructs or attempts to impede or obstruct the Chief Revenue Officer or the Inspector or any person authorised by the Committee in the exercise of their powers or duties under any of the provisions of this Ordinance or of any order made thereunder, or
- (c) does any act in contravention of the provisions of this Ordinance or of any order made thereunder or of the terms or conditions of any notice served or licence granted thereunder, or of the requirements of, or of a prohibition imposed by the Committee or the Chief Revenue Officer or the Inspector, or
- (d) fails to do any act which he is required to do by the Committee or the Chief Revenue Officer or the Inspector or under any of the provisions of this Ordinance or of any order made thereunder or under any notice served or licence granted thereunder,

he shall be guilty of an offence and liable, on conviction, to a fine not exceeding [level 4 on the uniform scale], and the Court by which the person is convicted shall, in addition, have power to authorise the Inspector to seize, destroy or otherwise dispose of any tree, wood, isolated bark, tree pest, genetically manipulated material or soil to which the conviction relates at the expense of the convicted person.

NOTES

In section 21, the words and figure in square brackets were substituted by the Uniform Scale of Fines (Bailiwick of Guernsey) Law, 1989, section 2(2), with effect from 1st July, 1989.

In accordance with the provisions of the Customs and Excise (General Provisions) (Bailiwick of Guernsey) (Amendment) Law, 1991, section 12, the references in this section to the "Chief Revenue Officer" shall, save where the context otherwise requires, be deemed to be a reference to the Chief Officer of Customs and Excise for the time being appointed by the Policy Council and shall include any person acting by or under his authority.

Offences by bodies corporate.

22. Where an offence under this Ordinance which has been committed by a body corporate is proved to have been committed with the consent or connivance of, or to be attributable to any negligence on the part of any director, manager, secretary or other similar officer of the body corporate or any person who was purporting to act in any such capacity he, as well as the body corporate, shall be deemed to be guilty of that offence and shall be liable to be proceeded against and punished accordingly.

Extent.

23. This Ordinance shall have effect in the Islands of Guernsey, Herm and Jethou.

Citation.

24. This Ordinance may be cited as the Import and Export of Trees, Wood and Bark (Health) Ordinance, 1982.

NOTE

The Ordinance was made and came into operation on 29th September, 1982.
