*Poultry Carcasses (Conditions of Importation) Order*O. 11/1965
O. 38/1968**POULTRY CARCASSES (CONDITIONS OF IMPORTATION) ORDER***made under sections 2 and 13*

- Citation.** 1. This Order may be cited as the Poultry Carcasses (Conditions of Importation) Order.
- Interpretation.** 2. In this Order—
[O. 38/1968] “eviscerated” means having had the viscera removed;
“plucked” means having had all feathers and feather shafts removed;
“poultry” means any live bird of the following species, that is to say, any domestic fowl, turkey, goose, duck, guinea fowl, pheasant or pigeon.
- Special meanings.** 3. For the purposes of this Order—
(a) poultry shall be included in the definition of the expression “animal” in section 2 of the Act.;
(b) Newcastle Disease, fowl pest, fowl typhoid and pullorum disease are hereby declared to be diseases within the meaning of the Act.
- Importation of carcasses.** 4. Poultry carcasses shall not be imported into Guyana unless they have been plucked, eviscerated, and the head and feet removed.
- Importation from countries in Schedule.** 5. Poultry carcasses or parts of poultry carcasses shall not be imported into Guyana from any country other than those countries specified in the Schedule.
- Importation of poultry feathers.** 6. The importation into Guyana of poultry feathers or the viscera (or any part thereof) of the poultry is hereby prohibited:
[O. 38/1968] Provided that viscera (or any part thereof) may be imported from any country specified in the Schedule if the principal Government Veterinary Surgeon commonly called the Principal Veterinary Officer, is satisfied on evidence submitted to him that the importation is not likely to cause the introduction of disease into Guyana.
- Certificate to accompany carcasses.** 7. Poultry carcasses or parts of poultry carcasses imported from any of the countries specified in the schedule to this Order shall be accompanied by a certificate of health signed by the proper authority in the country of origin to the effect that the poultry carcasses or parts of poultry carcasses emanated from flocks free from Newcastle Disease, fowl pest, fowl typhoid and pullorum disease.
