  - a. increase the country income;
  - b. meet the domestic needs for and stabilize supply of Plant-Originated Feed Material Supply; and
  - c. ensure that the Plant-Originated Feed Materials entered into the territory of the Republic of Indonesia are free from OPT, OPTK, agents of the infectious animal diseases, exotic animal diseases, as well as to meet the requirements of feed's quality and safety.

### Article 3

The coverage of this Ministerial Regulation includes:

- a. the requirements of Importation and Exportation;
- b. the procedures of Importation and Exportation; and
- c. supervision.

## CHAPTER II

### THE REQUIREMENTS OF IMPORTATION AND EXPORTATION

#### Part One

#### Requirements of Importation

### Article 4

- (1) The importation of Plant-Originated Feed Materials may be done by Enterprise(s).
- (2) Enterprise(s) in conducting the importation of Plant-Originated Feed Materials as referred to in paragraph (1) must obtain the import permit from the minister in charge of governmental administration's duty in the field of trade.
- (3) Minister that is in charge of the governmental administration's duty in the field of trade issues the import permit as referred to in the paragraph (2) after receiving the RP-I from the Director General.
