

IMPORT REGULATION ON NON POISONOUS AND DANGEROUS WASTES (NON B3)

(Regulation of the Minister of Trade of the Republic of Indonesia Number 58/M-DAG/PER/12/2008, dated December 24, 2008)

WITH THE BLESSING OF GOD THE ALMIGHTY
THE MINISTER OF TRADE OF THE REPUBLIC OF INDONESIA,
SIA,

Considering:

- a. that certain industry in the domestic country is still using non poisonous and dangerous wastes (non B3) as raw materials and/or auxiliary materials for the need of its production process;
- b. that the availability of non poisonous and dangerous wastes (non B3) as raw materials and/or auxiliary materials needed for a certain industrial production process requirement may not be fully obtained from domestic sources, so that it is necessary to make additional procurement from foreign sources;
- c. that the procurement of the non poisonous and dangerous wastes (non B3) as raw materials and/or auxiliary materials from foreign sources must remain observing life environmental protection effort in the domestic country, so that its importation needs to be carried out under control and limitedly;
- d. That within the framework to secure the availability of the raw material for certain industry in the domestic country without reducing effective supervision of the non poisonous and dangerous wastes (non B3) import, it is necessary to re-provide the regulation on the import of the non poisonous and dangerous wastes (non B3);
- e. That based on the consideration as specified in letter a, letter b, letter c, and letter d it is necessary to stipulate the Regulation of the Minister of Trade;

In view of:

1. Business Regulatory Ordinance of 1934 (State Gazette Number 86 of 1938);
2. Law of the Republic of Indonesia Number 5 of 1984 on Industry (Statute Book of the Republic of Indonesia Number 22 of 1984, Supplement to Statute Book of the Republic of Indonesia Number 3274);
3. Law of the Republic of Indonesia Number 7 of 1994 on Ratification of Agreement on Establishing The World

Trade Organization (Statute Book of the Republic of Indonesia Number 57 of 1994, Supplement to Statute Book of the Republic of Indonesia Number 3564);

4. Law of the Republic of Indonesia Number 10 of 1995 (*BN No. 5812 pp. 19A-20A et seq.*) on Customs Affairs (Statute Book of the Republic of Indonesia Number 75 of 1995, Supplement to Statute Book of the Republic of Indonesia Number 3612) as has been amended by the Law Number 17 of 2006 (Statute Book of the Republic of Indonesia Number 93 of 2006, Supplement to Statute Book Number 4661);
5. Law of the Republic of Indonesia Number 23 of 1997 (*BN No. 6092 pp. 19A-21A*) on Life Environment Management (Statute Book of the Republic of Indonesia Number 68 of 1997, Supplement to Statute Book of the Republic of Indonesia Number 3699);
6. Regulation of the Government of the Republic of Indonesia Number 18 of 1999 (*BN No. 6427 pp. 1A - 6A et seq.*) on Poisonous and Dangerous Wastes Management (Statute Book of the Republic of Indonesia Number 31 of 1999, Supplement to Statute Book of the Republic of Indonesia Number 3815) as has been amended by the Regulation of the Government of the Republic of Indonesia Number 85 of 1999 (*BN No. 6441 pp. 2A-6A et seq.*) (Statute Book of the Republic of Indonesia Number 190 of 1999, Supplement to Statute Book of the Republic of Indonesia Number 3910);
7. Presidential Decree of the Republic of Indonesia Number 260 of 1967 on Confirmation on Duty and Responsibility of the Minister of Trade in the Field of Foreign Trade;
8. Presidential Decree of the Republic of Indonesia Number 61 of 1993 on Ratification of Basel Convention on the Control of Trans-boundary Movements of Hazardous Wastes and Their Disposal (Statute Book of the Republic of Indonesia Number 62 of 1993);
9. Presidential Decree of the Republic of Indonesia Number 187/M of 2004 (*BN No. 7128 pp. 30A-31A*) on the Formation of the United Indonesia Cabinet as has for several times been amended lastly by Presidential Decree of the Republic of Indonesia Number 171/M of 2005;

10. Presidential Regulation of the Republic of Indonesia Number 9 of 2005 (*BN No. 7182 pp. 2A-23A et seq.*) on Status, Duty, Function, Organization Structure, and Working Method of the State Ministry of the Republic of Indonesia as has for several times been amended lastly by Presidential Regulation of the Republic of Indonesia Number 20 of 2008;
11. Presidential Regulation of the Republic of Indonesia Number 10 of 2005 on Organization Unit and Echelon I Duty of the State Ministry of the Republic of Indonesia as has for several times been amended lastly by Presidential Regulation of the Republic of Indonesia Number 21 of 2008;
12. Decree of the Minister of Trade and Industry of the Republic of Indonesia Number 229/MPP/Kep/7/1997 (*BN No. 6031 pp. 5A-7A*) on General Provision in the Field of Import;
13. Decree of the Minister of Trade and Industry of the Republic of Indonesia Number 520/MPP/Kep/8/2003 (*BN No. 6964 pp. 8A-9A*) on Import Restriction of Poisonous and Dangerous Wastes (B3);
14. Regulation of the Minister of Trade of the Republic of Indonesia Number 01/M-DAG/PER/3/2005 on Organization and Working Method of the Department of Trade as has for several times been amended lastly by the Regulation of the Minister of Trade Number 34/M-DAG/PER/8/2007;
15. Regulation of the Minister of Trade of the Republic of Indonesia Number 31/M-DAG/PER/7/2007 (*BN No. 7587 pp. 23A-32A*) on Importer Identification (API);
2. Leftovers are product which have not been used up in production process or goods which still have the same characteristics but its function has changed from its original.
3. Scraps are goods that consist of similar components or not, separated from its original form and its function is not the same as its original.
4. Remnants are goods in the form of being cut to pieces and is still the same as its original but its function is not the same as its original goods.
5. Poisonous and Dangerous Wastes, hereinafter referred to as B3 Wastes namely every waste which contains poisonous and dangerous materials which due to its nature and/or concentrate and/or amount, both directly and indirectly may damage and/or pollute life environment and/or may endanger human health.
6. Non B3 Waste Producing Importer, hereinafter referred to as Non B3 Waste IP is the company which is engaged in industrial business activities approved to import itself Non B3 Wastes required solely for production process of its industry and is not allowed to be traded and/or transferred to another party.
7. Non B3 Wastes Exporter is the company in the country where the Non B3 wastes are produced and/or shipped who delivers the Non B3 Wastes to Indonesia.
8. Surveyor is a survey company which carries out verification or technical tracing of Non B3 Wastes Import.
9. Recommendation is a letter issued by the competent authorities or related working unit who are authorized to give technical consideration as its basis in the issuance of Identification as Non B3 Wastes IP.
10. The Minister is the Minister of Trade.
11. Director General is the Director General for Foreign Trade of the Department of Trade.

DECIDES :

To stipulate:

REGULATION OF THE MINISTER OF TRADE OF THE REPUBLIC OF INDONESIA ON IMPORT REGULATION OF NON POISONOUS AND DANGEROUS WASTES (NON B3)

Article 1

In this Regulation of the Minister the followings have their definitions:

1. Non Poisonous and Dangerous Wastes, hereinafter referred to as Non B3 Wastes is remaining of a business and/or activities in the form of remains, scraps, or remnants which are not included in the classification and/or category of poisonous and dangerous wastes.

Article 2

- (1) Non B3 Wastes which may be imported are only in the form of Leftovers, Scraps or Remnants which are used for industrial raw materials and/or auxiliary materials.
- (2) Non B3 Wastes which may be imported as specified in the paragraph (1) is specified in Attachment I which constitutes an inseparable part of the Regulation of the Minister.

Article 3

- (1) Non B3 Wastes as specified in the Article 2 may only be imported by the company which is engaged in industrial business activities and has obtained Identification as Non B3 Wastes IP from the Director General.

- (2) Identification as Non B3 Wastes IP as specified in the paragraph (1) at least contains number and type of Non B3 Wastes IP which may be imported by Non B3 Wastes IP together with technical conditions of its importation implementation.

Article 4

- (1) Request to get Recognition as Non B3 Wastes IP as specified in the Article 3 paragraph (1) must be submitted in writing to the Director General with the attachment of the following documents:
- a. Photocopies of Industrial Business License/Industrial Registration Certificate from technical agency/department;
 - b. Photocopies of Company Registration Certificate (TDP);
 - c. Photocopies of Taxpayer Registration Number (NPWP);
 - d. Producing Importer Identification Number (API-P) or Limited Importer Identification Number (API-T) who is Non Limited - General Importer Identification Number (APIT-U);
 - e. Customs Affairs Identity Number (NIK);
 - f. Recommendation from the Director General for Metal, Machine, Textile and Multifarious Industry (ILMTA) or Director General for Agro and Chemical Industry (IAK), Department of Industry; and
 - g. Recommendation from Deputy State Minister for Life Environment in the Field of Poisonous and Dangerous Materials and Poisonous and Dangerous Wastes, State Ministry for Life Environment, especially for the type of Non B3 Wastes with a serial number from 1 up to 5 at the Attachment I of the Regulation of the Minister.
- (2) The Director General issues a Recognition as Non B3 Wastes IP as specified in the paragraph (1) not later than a period of five (5) working days effective from the request is received completely and correctly.

Article 5

- (1) Recognition as Non B3 Wastes IP issued based on condition as specified in the Article 4 paragraph (2) shall be valid for one (1) year and may be extended.
- (2) The extension for the Recognition as Non B3 Wastes IP may be carried out prior to the termination of the validity period of the Non B3 Wastes IP as specified in the paragraph (1) in case the Non B3 Wastes approved for import has been entirely realized.

- (3) Request for the extension of Recognition as Non B3 Wastes IP as specified in the paragraph (1) is submitted in writing to the Director General with the attachment of the following documents:
- a. Recommendation from the Director General for Metal, Machine, Textile and Multifarious Industry (ILMTA) or Director General for Agro and Chemical Industry (IAK), Department of Industry;
 - b. Recommendation from Deputy State Minister for Life Environment in the Field of Poisonous and Dangerous Materials and Poisonous and Dangerous Wastes, State Ministry for Life Environment, especially for the type of Non B3 Wastes with a serial number from 1 up to 5 at the Attachment I of the Regulation of the Minister.
 - c. Original of Recognition as Non B3 Wastes IP which has expired of its validity period; and
 - d. Amendment to the documents as specified in the Article 4 paragraph (1) letter a, b, d, d and e.
- (4) Recommendation as specified in the paragraph (3) letter a and b is required if the type and/or volume of the wastes to be imported exceeds that of the previous year.

Article 6

- (1) The implementation of the Non B3 Wastes import shall be required to be provided with Statement from the Exporter for Non B3 Wastes who states that:
- a. The wastes to be exported shall not constitute B3 Wastes; and
 - b. To be prepared to accept Non B3 Wastes which has been exported if the Non B3 Wastes IP is proved as B3 Wastes.
- (2) In case the Non B3 Wastes imported is evidently as B3 Wastes as specified in the paragraph (1) letter b, the Non B3 Wastes shall be required to be re-sent not later than ninety (90) days effective from the arrival of the goods based on the prevailing documents of the customs affairs.
- (3) Re-delivery of the Non B3 Wastes as specified in the paragraph (2) shall become responsibility of the Surveyor.

Article 7

- (1) Non B3 Wastes IP shall submit a written report either to import or not to import the Non B3 Wastes every quarterly.

- (2) The report as specified in the paragraph (1) is submitted to the Director General in this case Director for Import of the Department of Trade.
- (3) The form of the report as specified in the paragraph (1) is specified in the Attachment II which constitutes an inseparable part of the Regulation of the Minister.

Article 8

- (1) Any importation of the Non B3 Wastes by the Non B3 Wastes IP shall be verified or technically traced in the loading country prior to shipment.
- (2) The verification and technical tracing as specified in the paragraph (1) is carried out by the Surveyor which has fulfilled technical requirements, and is stipulated by the Minister.
- (3) The scope of the implementation of the verification and technical tracing as specified in the paragraph (1) shall comprise the following matters:
 - a. Clear and correct identity (name and address) of importer and exporter;
 - b. Number and date of the Recognition as Non B3 Wastes IP;
 - c. HS/Importation Tariff Code number for the imported Non B3 Wastes;
 - d. Information of time and exporting country/loading port of the imported Non B3 Wastes;
 - e. Information of place or unloading destination port of the imported Non B3 Wastes;
 - f. Information of the imported Non B3 Wastes is not evidenced as B3 Wastes; and
 - g. Other information required.
- (4) The verification and technical tracing as specified in the paragraph (1) is especially for the type of Non B3 Wastes under a serial number from 6 up to 63 in the Attachment I of the Regulation of the Minister and is carried out by PT. Surveyor Indonesia (PT. SI) and PT. Superintending Company of Indonesia (PT. SUCOFINDO) or other surveyors which fulfill technical requirements and implement verification or technical tracing in accordance with the scope as specified in the paragraph (3).
- (5) The verification and technical tracing as specified in the paragraph (1) for the import of Non B3 Wastes as specified in the serial number from 6 up to 63 in the Attachment I of the Regulation of the Minister may be carried out by a surveyor appointed by a Non B3 Wastes IP concerned for a period of not more than six (6) months effective from the Regulation of the Minister is stipulated, and to carry out verification and technical tracing in accordance with the scope specified in the paragraph (3) as of the date of 1 February 2009.
- (6) The verification and technical tracing results based on the scope as specified in the paragraph (3) are stated in the form of a Surveyor Report (LS) to be used as customs supplementary documents in the settlement of customs affairs in the field of import.
- (7) The surveyor shall be responsible to the results of the verification and technical tracing as specified in the paragraph (6).
- (8) In case the Non B3 Wastes imported is evidenced as B3 Wastes as specified in the Article 6 paragraph (1) letter b which is verified or technically traced by the Surveyor as specified in the paragraph (5), the re-shipment of the Wastes shall become responsibility of the Non B3 Wastes IP concerned.
- (9) After the termination of the period of six (6) months as specified in the paragraph (5), the implementation of the verification and technical tracing for the import of Non B3 Wastes as specified in the serial number from 6 up to 63 in the Attachment I of the Regulation of the Minister is carried out by the Surveyor stipulated by the Minister as specified in the paragraph (2).
- (10) In case the Non B3 Wastes in the form of bulk will be transhipped in a transit port, it shall be verified and technically re-traced at the time the Non B3 Wastes will be re-loaded to the ship.
- (11) The Surveyor shall collect fees from an importer for the implementation of the verification and technical tracing as specified in the paragraph (1) and paragraph (10) of which the value is provided by observing the principles of benefit.
- (12) The Surveyor as specified in the paragraph (2) shall be required to submit a report on verification or technical tracing activities in writing every month to the Director General.

Article 9

- (1) Recognition as Non B3 Wastes IP shall be frozen if the Non B3 Wastes IP concerned fails to fulfill its obligation to submit the report as specified in the Article 7 paragraph (1).
- (2) The freezing of the Recognition as Non B3 Wastes IP as specified in the paragraph (1) may be re-activated within a period of one (1) month effective from the Non B3 Wastes IP concerned has implemented its obligation to submit the report.

- (3) The freezing and re-activation of the Recognition as the Non B3 Wastes IP as specified in the paragraph (1) and paragraph (2) are carried out by the Director General.

Article 10

- (1) The recognition of the Non B3 Wastes IP shall be revoked if the Non B3 Wastes IP concerned:
- alter, add and/or change the contents specified in the documents of Recognition as Non B3 Wastes IP;
 - alter, add and/or change the contents specified in the Statement from the exporter;
 - sell, or transfer the imported Non B3 Wastes to other parties; and/or
 - stated to be guilty by the court of law with respect to a criminal act related to abuse of the Recognition as Non B3 Wastes IP.
- (2) The revocation of the Recognition as the Non B3 Wastes IP as specified in the paragraph (1) is stipulated by the Director General.
- (3) The owner of the Non B3 Wastes IP who is liable to sanction of revocation as specified in the paragraph (2) may only submit its request to obtain again the Recognition as the Non B3 Wastes IP after one (1) year effective from the revocation of the Recognition as Non B3 Wastes IP is stipulated.

Article 11

- (1) Any infringement by the Surveyor with respect to the conditions in the Article 8 paragraph (12) shall be liable to an administrative sanction in the form of revocation of the appointment as Surveyor.
- (2) The revocation of the appointment as specified in the paragraph (1) is preceded by a written warning as many as three (3) times within a grace period of ten (10) days respectively.

Article 12

Further provisions from the Regulation of the Minister may be specified by the Director General.

Article 13

Recognition as Non B3 Wastes IP which is already issued is based on:

- Decree of the Minister of Industry and Trade Number 230/MPP/Kep/7/1997 (on Goods Which Are Regulated of Its Import Commerce and Decree of the Minister of Industry and Trade Number 231/MPP/Kep/7/1997 (State Gazette No. 6031 pp. 6B-9B) on Waste Import Procedure; and
- Regulation of the Minister of Trade Number 41/M-DAG/PER/10/2008 (State Gazette No. 7737 pp. 15B-20B) Import Regulation of Non Poisonous and Dangerous Wastes (Non B3) is stated to remain valid until the termination of the validation period of the Non B3 Wastes IP.

Article 14

- (1) Within the framework of supervision on the implementation of the Regulation of the Minister, the Director General may form a supervisory task unit consisting of the related technical agency.
- (2) The supervisory task unit as specified in the paragraph (1) is in charge of evaluating and monitoring and giving recommendation to the Minister through the Director General as a reference of consideration to stipulate a policy.

Article 15

At the time when this Regulation of the Minister takes effect, the Regulation of the Minister of Trade Number 41/M-DAG/PER/10/2008 on Import Regulation of Non Poisonous and Dangerous Wastes (Non B3) is revoked and stated to be no longer valid.

Article 16

This Regulation of the Minister shall take effect on the date it is stipulated.

In order to let everybody know it, in order the announcement of this Regulation of the Minister by its placement in the State Gazette of the Republic of Indonesia.

Stipulated in Jakarta

On December 24, 2008

LIST OF IMPORTABLE NON-TOXIC WASTE

NO.	HS NUMBER	DESCRIPTION OF GOODS	REMARKS
1.	39.15 3915.10.00.00	Waste, remnants and scraps of plastic. -Of ethylene polymer	
2.	3915.20.00.00	-Of styrene polymer	
3.	3915.30.00.00 3915.90	-Of vinyl chloride polymer -Of other plastics:	
4.	3915.90.10.00	-Of vinyl acetate and vinyl chloride copolymers whose vinyl acetate monomers are dominant	
5.	3915.90.90.00	-Others	
6.	4004.00.00.00	Waste, remnants and scraps of rubber (besides hard rubber) and powder as well as tiny bits obtained thereof.	
	47.07	Restored paper or carton paper (waste and scraps).	
7.	4707.10.00	-Unbleached paper or craft carton paper or paper or carton paper:	
8.	4707.10.00.90 4707.20.00	-For the purpose of paper making -Others -Other paper or carton paper made mainly of wholly uncolored bleached chemical pulp:	
9.	4707.20.00.10	-For the purpose of paper making	
10.	4707.20.00.90 4707.30.00	-Others -Paper or carton paper made mainly of mechanic pulp (for example, newspapers, journals, printed matters, and the like):	
11.	4707.30.00.10	-For the purpose of paper making	
12.	4707.30.00.90 4707.90.00	-Others. -Others, including unsorted waste and scraps:	
13.	4707.90.00.10	-For the purpose of paper making	
14.	4707.90.00.90	-Others	
15.	5003.00.00.00	Silk waste (including cocoons unsuitable to be rolled, yarn waste and gannetted stock).	
	51.03	Waste of wool or smooth or rough animal hair, including yarn waste but excluding gannetted stock.	
16.	5103.10.00.00	-Wool of wool or smooth animal hair	
17.	5103.20.00.00	-Waste of wool or smooth animal hair	
18.	5103.30.00.00	-Waste of rough animal hair	
	52.02	Waste of cotton (including yarn waste and gannetted stock).	
19.	5202.10.00.00	-Yarn waste (including the waste of spun yarn). -Others:	
20.	5202.91.00.00	-Gannetted stock	
21.	5202.99.00.00 53.01	-Others Linen, raw or worked but not spun, tow linen and linen waste (including yarn waste and gannetted stock).	
22.	5301.30.00.00 53.02	-Tow linen and yarn waste True hemp (<i>cannabis sativa</i> L.), raw or processed but not spun; tow and true waste hemp (including yarn waste and gannetted stock).	
23.	5302.90.00.00 53.03	-True hemp, raw or rotten Fiber of jute and textile fiber of other tree barks (excluding linen, true hemp and ramie), raw or processed but not spun; tow and waste of the said fiber (including yarn waste and gannetted stock).	
24.	5303.90.00.00 53.04	-Others Other textile fibers of Agave genus, raw or processed but not spun, tow and waste of the said fiber (including yarn waste and worn-out goods).	

NO.	HS NUMBER	DESCRIPTION OF GOODS	REMARKS
25.	ex 5304.90.000 53.05	-Waste of remnants and waste of other textile fibers of Agave genus (including yarn waste and worn-out goods). Coconut, abaca fibers (Musa Tekstilis Nee), ramie and other plant textile fibers, unspecified or included in any post, raw or worked but not spun; tow, noil and waste of the said fibers (including yarn waste and garnatted stock). -Of coconut (coir): -Others. -Of abaca fiber: -Others.	
26.	5305.00.00.19	-Of ramie.	
27.	5305.00.00.29	Rags, scraps of spun yarn, cords, ropes and used or new cables as well as worn-out goods of spun yarn, rope or cables, of textile materials.	
28.	5305.00.00.30 63.10	-Sorted: -Others	
29.	6310.10 6310.10.90.00 6310.90	-Others:	
30.	6310.90.90.00	-Others	
31.	7001.00.00.00 71.12	Fragments and waste and other scraps of glass; glass in the mass. Waste and scraps of precious metal or of metal-based precious metal leaves; other waste and scraps containing precious metal or precious metal compounds, of the types used mainly for the restoration of precious metal.	
32.	7112.30.00.00	-Precious metal or compound containing ashes -Others:	
33.	7112.91.00.00	-Of gold, including metal-based gold leaves but excluding other precious metal containing dust	
34.	7112.92.00.00 72.04	-Of platinum, including metal-based platinum leaves but excluding other precious metal containing dust Ferro waste and scraps; ingot resulting from the smelting of iron or steel scraps.	
35.	7204.10.00.00	-Waste and scraps of cast iron -Waste and scraps of alloy steel:	
36.	7204.21.00.00	-Of stainless steel	
37.	7204.29.00.00	-Others	
38.	7204.30.00.00	-Waste and scraps of iron or tin-plated steel -Other waste and scraps:	
39.	7204.41.00.00	-Shapes of gram, shaving, chips, ground sawdust, filings, pieces and debris, in bundles or otherwise -Others	
40.	7204.49.00.00	Copper waste and scraps	
41.	7404.00.00.00	Nickel waste and scraps	
42.	7503.00.00.00	Aluminum waste and scraps	
43.	7602.00.00.00	Lead waste and scraps	
44.	Ex.7802.00.00.00	Only in the form of ingot	
45.	7902.00.00.00	Zinc waste and scraps	
46.	8002.00.00.00 81.01	Tin waste and scraps Tungsten (wolfram) and goods thereof, including waste and scraps. -Others:	
47.	8101.97.00.00 81.02	--Waste and scraps Molybdenum and goods thereof, including waste and scraps. -Others:	
48.	8102.97.00.00 81.03	--Waste and scraps Tantalum and goods thereof, including waste and scraps.	
49.	8103.30.00.00 81.04	-Waste and scraps Magnesium and goods thereof, including waste and scraps.	
50.	8104.20.00.00 81.05	-Waste and scraps Mate cobalt and products, among others of cobalt metallurgy; cobalt and goods thereof, including waste and scraps.	

NO.	HS NUMBER	DESCRIPTION OF GOODS	REMARKS
51.	8105.30.00.00	-Waste and scraps	
52.	8106.00.10.00 81.07	-Non-forged Bismuth; waste and scraps; powder. Cadmium and goods thereof, including waste and scraps.	
53.	8107.30.00.00 81.08	-Waste and scraps Titanium and goods thereof, including waste and scraps.	
54.	8108.30.00.00 81.09	-Waste and scraps Zirconium and goods thereof, including waste and scraps.	
55.	8109.30.00.00 81.10	-Waste and scraps Antimony and goods thereof, including waste and scraps.	
56.	8110.20.00.00	-Waste and scraps	
57.	8111.00.00.00 81.12	Manganese and goods thereof, including waste and scraps. Beryllium, chromium, germanium, vanadium, gallium, hafnium, indium, niobium, (columbium), rhenium and thallium as well as goods of those metals including waste and scraps. -Beryllium:	
58.	8112.13.00.00	--Waste and scraps	
59.	8112.22.00.00	--Waste and scraps	
60.	8112.52.00.00	--Waste and scraps	
61.	8112.92.00.00	--Non-forged; waste and scraps; powder	
62.	8112.99.00.00	--Others	
63.	8113.00.00.00	Sermet and goods thereof, including waste and scraps.
