“boiled” means exposed for a period of at least one hour by any process to a temperature of not less than 212° F, and

“boiling” and “unboiled” shall be construed accordingly;

“bones” includes ground green or raw bones;

“poultry” means domestic fowls, turkeys, geese, ducks, guinea-fowl and domestic pigeons and pheasants kept in captivity;

“waste foods” means –

- (a) any meat, bones, offal or other part of the carcase of any animal or of any poultry;
- (b) any broken or waste foodstuffs (including table or kitchen refuse, scraps or waste) which contains or have been in contact with any meat, bones or offal or with any other part of the carcase of any animal or poultry.

2 Exemption of proprietary foodstuffs

- (1) This Order shall not apply to any proprietary foodstuff containing any animal foodstuff, in respect of which the manufacturer thereof holds an effective certificate of exemption from the provisions of this Order granted by or on behalf of the Minister.
- (2) A certificate of exemption shall not be granted by or on behalf of the Minister in respect of any proprietary foodstuff unless the Minister is satisfied that the process of manufacture or preparation thereof includes the boiling of any animal foodstuffs used therein.
- (3) The Minister may at any time revoke any certificate of exemption granted under this Article, and such certificate shall thereupon cease to be effective.

3 Restrictions on acquisition and disposal of unboiled waste foods⁴

- (1) Save in the case of the acquisition of unboiled waste foods by any public or parochial authority in the ordinary course of the collection of refuse, no person shall acquire or dispose of any unboiled waste foods except under and in accordance with the terms and subject to the conditions of a licence granted by or on behalf of the Minister.
- (2) An application for the grant of a licence under this Article shall be in such form as the Minister may require.
- (3) The grant of a licence may be refused in any case where –
 - (a) the Minister is not satisfied that the person wishing to acquire the waste foods has adequate facilities for boiling the same; or
 - (b) the applicant or the person from whom he or she intends to acquire or to whom he or she intends to dispose of the waste foods has previously been refused a licence or had a licence revoked.
- (4) Unless previously revoked, a licence granted under this Article shall remain in force until the 30th April next following the month in which the licence is issued.
- (5) The Minister may revoke a licence granted under this Article in any case where it appears to the Minister to be expedient so to do by reason of –
 - (a) the failure of a person licensed to acquire waste foods to maintain in adequate condition the facilities the person has for boiling the same;
 - (b) the breach by a licensee of any condition of the licence or of any provision of this Order; or
 - (c) any other relevant circumstances.
