- publish in the press the List of the goods (works and services) produced on the territory of the Kyrgyz Republic and imported to the territory of the Kyrgyz Republic, which are subject to obligatory certification in the Kyrgyz Republic;
- inform on the regularly basis the consumers about the poor quality and potentially dangerous goods.

4. State Customs Inspectorate under the Government of the Kyrgyz Republic in conjunction with the Ministry of Health of the Kyrgyz Republic, Ministry of Industry, Material Resources and Trade of the Kyrgyz Republic, State Inspectorate on Standardization and Metrology under the Government of the Kyrgyz Republic before 15 May 1994 shall determine the procedure of import of goods to the territory of the Kyrgyz Republic, which are subject to obligatory certification (in accordance with the List attached) in accordance with the Law of the Kyrgyz Republic "On protection of the rights of consumers" and the Law of the Kyrgyz Republic "On sanitary and epidemiological welfare of the population of the Kyrgyz Republic".

5. Control over the implementation of this Resolution shall be carried out by the heads of the local authorities, State Inspectorate on Standardization and Metrology under the Government of the Kyrgyz Republic, State Customs Inspectorate under the Government of the Kyrgyz Republic and the Ministry of Industry, Mineral Resources and Trade of the Kyrgyz Republic.

Prime - Minister

A. Jumagulov

L I S T

**of the goods (works and services) produced
in the Kyrgyz Republic and imported to its territory,
which are subject to obligatory certification on the indicators of safety**

**(in the version of the Resolution of the Government
of the Kyrgyz Republic on 5 April 1994, 1146)**

1 Stage

1. Goods of machine building complex

Transport vehicles, their components and spare parts
Labor-saving wood processing tools
Small size agricultural tractors, motor-blocks
Home machines working on solid, fluid and gaseous fuel
Manual electric mechanical instrument
Baby carriages

**2. Goods of electrotechnical and apparatus constructing branches of
industry**

Labor-saving and similar electric devices
Cables and wires
Device and automatic selectors (switches)
Installation spare parts and connecting devices
Electric light goods and their components
Low voltage management devices
Low capacity transformers and the equipment alike
Welding equipment
Manual electric mechanical machines and portable tools
Electric engines of low capacity
Measuring devices
Home electronics
Technological equipment for food, milk and milk processing industry

3. Goods of agricultural production and food industry

Meat and meat products
Fish and ocean product
Milk and dairy goods, eggs, natural honey, cattle food
Vegetables, roots to be used as food
Coffee, tea, spices
Cherries, nuts, citrus and melon food
Grains
Flour and groats goods, malt, starch, inuline, wheat glue
Fat, vegetable oil
Food of meat, fish and ocean
Sugar and confectionery goods
Cocoa and goods from it
Products of vegetable, fruit and nut processing
Other food
Strong and soft drinks, vinegar
Tobacco and its substitutes
Salt
Products of cattle feed

4. Goods of light industry

Fabrics of children linen
Trico linen goods
Children linen
Children cloths
Children shoes
Toys

5. Raw materials and goods of wood processing industry

Plastic dishes
Individual protection devices
Packaging materials and goods which contact food
Children plastiline

6. Services

Repair of electronics
Repair of home electric devices and apparatuses
Repair and maintenance of people's transport vehicles

Production and repair of optical glasses

2 Stage

1. Goods of machine building complex

Motorcycles and trailers to them, bicycles.
Abrasive, diamond, assembling and wood-cutting instruments

2. Goods of electric, technical and device producing industry

Condensators
Protecting devices
Portable electric power stations
Electric construction assembling instrument
Alarm systems
Automatic gaming machines
Movie and photo cameras and their components
Other goods

3. Goods of medical industry

Medical electric devices and apparatuses
Medical electric equipment
Medical equipment
Pharmaceuticals and herbs

4. Goods of light industry

Wool and semi-wool fabrics for children cloths
Children trico goods
Children coats and garment
Glass tare containers

5. Goods of wood processing and raw material branches

Tares
Goods of robber
Perfume and cosmetics
Toilet remedies
Paints
Petroleum products

3 Stage

1. Goods of machine building complex

River and sea boats
Manual non military armor
Pneumatic manual instrument
Ammunition
Car garages
Equipment and devices of cars, tractors and other machines for farmers
Tractors and other farming machines
Machines for cattle and paltry - breeding, as well as for production of feed
Transport communal vehicles
Special transport vehicles for carriage of construction materials and commodity
Goods of construction, road and communal machine building
Productive equipment for machine building industry
Wood processing devices
Instrument with hydraulic and pneumatic drive
Goods of inter branch use
Technological equipment for the light industry
Technological equipment for flour producing enterprises
Technological equipment for trade and catering
Friction materials and goods of them
Pumps
Elevators

2. Goods of electric, technical and device producing industry

Chemical sources of power
Video and TV sets
Informational and office equipment
Telephone, phototelegraph devices
Electric and radio devices to test electromagnetic compatibility and security
Transformators and similar equipment
Isolation materials
Farming devices
Electric manual instrument

3. Goods of medical industry

Syringes and injection needles
Implantants
Medical instruments
Lenses for correction of eyesight
Correcting glasses
Medical oxygen

4. Food

Drinking water

5. Goods of light industry

Artificial leather
Bags for children
Special uniform
Special shoes

6. Goods of wood processing and raw material branches

Dishes from ferrous and non-ferrous metals
Fertilizers
Chemical farming poisons
Movie film
Helmet
Wooden plates, matches,
Plywood
Wall paper
Furniture
Goods from china and fience
Ether oils
Goods of domestic chemistry
Dishes of semi-fience and majolica
Dishes from glass
Sorted dishes
Dishes from polymers
Kitchen facilities
Tare (packaging) for food
Safety glass
Protecting paints

Protecting helmets
Pencils and writing devices
Pesticides
Pyrotechnic goods
Goods of paper, notebooks

7. Services

Repair of communicational systems and equipment
Repair of office supplies
Repair of hunting, sports and other arms , which are in the private use
Repair of accumulating batteries
Repair and maintenance of cash registers
Repair and maintenance of refrigerators
Repair and maintenance of meters, including the ones for gas
Catering services
Dry cleaning services
Washing services

8. Construction goods (materials, goods and constructions)

Concrete goods
Iron and concrete constructions and goods
Metal constructions and goods
Wooden constructions and devices
Armature goods
Wall and fence goods
Mineral goods (cement, white wash, gyps and raw materials),
adding
Concrete and solutions
Soft coverage and hydro isolation materials
Hermetising materials
Heat isolation, sound isolation materials
Smoothing materials
Adding for concrete and solutions
Road materials
Construction glass and goods of it
Asbestos and cement materials and goods
Sanitary and technical materials and equipment
Lock and hardware goods
Manual construction instrument
Construction helmets
