P.U. (A) 132.

PLANT QUARANTINE ACT 1976

AGRICULTURAL PESTS AND NOXIOUS PLANTS (IMPORT AND EXPORT) (AMENDMENT) REGULATIONS 1986

IN exercise of the powers conferred by section 23 of the Plant Quarantine Act 1976, the Minister makes the following regulations: *Act 167.*

1. These Regulations may be cited as the **Agricultural Pests and Noxious Plants (Import and Export) (Amendment) Regulations 1986.** *Citation.*

2. The Agricultural Pests and Noxious Plants (Import and Export) Regulations 1981, upon the coming into force of these Regulations, may be cited as the Plant Quarantine Regulations 1981 and any reference under any written law to the Agricultural Pests and Noxious Plants (Import and Export) Regulations 1981 shall be construed as a reference to the Plant Quarantine Regulations 1981. *Reference to title. P.U. (A) 74/81.*

- Amendment of regulation 1.** 3. Regulation 1 of the Agricultural Pests and Noxious Plants (Import and Export) Regulations 1981, which in these Regulations are referred to as "the principal Regulations", is amended—
- (a) by renumbering it as subregulation (1);
 - (b) by substituting for the words "Agricultural Pests and Noxious Plants (Import and Export) Regulations 1981" the words "Plant Quarantine Regulations 1981"; and
 - (c) by adding after subregulation (1) the following new subregulation (2):

“(2) Nothing in these Regulations shall apply to the movement of beneficial organisms, carrier, growing media, non-plant articles, pests, plants, rooting compost and soil between Sabah and the Federal Territory of Labuan.”.
- Amendment of regulation 2.** 4. Regulation 2 of the principal Regulations is amended—
- (a) by inserting after the interpretation of the words "appointed entry check-points" the following interpretation:

“carrier” means and includes any type of vehicle, vessel, aircraft or container in which beneficial organisms, growing media, non-plant articles, pests, plants, rooting compost and soil may be moved from one place to another.’;
 - (b) by inserting after the interpretation of the words "direct transit" the following interpretation:

“garbage” means all materials derived in whole or in part from vegetables, fruits or other parts of a plant and other refuse which are associated with any such material.’;
 - (c) by adding immediately after the words "entry check-point" in the interpretation of "import officer" the words "and other legal landing places defined under the Customs Act 1967"; and
 - (d) by inserting immediately after the interpretation of the words "phytosanitary certificate" the following interpretation:

“plant quarantine inspector” means an import officer of the Agricultural Services;’.
- Act 235.*
- Amendment of regulation 3.** 5. Regulation 3 of the principal Regulations is amended by substituting the proviso with the following:
- “Except where the soil is imported for analysis or for research purposes under a permit as set out in the Sixth Schedule.”.
- Amendment of regulation 4.** 6. Regulation 4 of the principal Regulations is amended—
- (a) by renumbering it as subregulation (1);
 - (b) by substituting for the word "food" appearing in paragraph (a) the word "consumption";

- (c) by inserting immediately after the word "medicinal" appearing in paragraph (a) the word ", processing";
- (d) by deleting the word "or" at the end of paragraph (a);
- (e) by substituting the comma appearing after the word "plants" in paragraph (b) with a semi-colon;
- (f) by adding after paragraph (b) the following new paragraphs (c) and (d):
- (c) any plant or parts of a plant used as packaging or packing material; or
- (d) any garbage, dunnage and pallets.";
- (g) by substituting for the words "but such items are liable to" with the words "but items exempted under paragraphs (a), (b) and (c) are subject to" and by adding after the word "destroyed" the words "and items exempted under paragraph (d) are subject to disposal in a manner to be determined by the Director,"; and
- (h) by adding after subregulation (1) the following new subregulations (2) and (3):
- “(2) Importation of plants exempted under paragraphs (a) and (b) of subregulation (1) by air from the American tropics into a component region is subject to the requirements as specified under regulation 7 (ii) and (iii).
- (3) The provisions of paragraphs (a), (b) and (c) of subregulation (1) do not apply to items, including coconut (whole or dehusked), oil palm (fruit bunch) and plants listed under subregulations (5) and (6) of regulation 5, where they are reasonably suspected to be diseased or infested with dangerous pests.”.

7. Subregulation (1) of regulation 5 of the principal Regulations is amended— Amendment of regulation 5

- (a) by inserting after the words "First Schedule" the words "in respect of plants and the Sixth Schedule in respect of rooting compost or other growing media";
- (b) by inserting after the words "phytosanitary certificate" in subregulation (2) the words "as contained in the Second Schedule and where applicable a phytosanitary certificate for re-export as contained in the Seventh Schedule from the country of re-export";
- (c) by inserting after the word "plant" and the word "checkpoint" in subregulation (3) the words "beneficial organisms, rooting compost, soil or other growing media" and the words "as specified in the respective permits in regulation 3 and subregulations (1) and (4) of regulation 5." respectively; and
- (d) by adding after subregulation (3) the following new subregulations (4), (5) and (6):
- “(4) The importation into a component region of any beneficial organism is prohibited except under a permit contained in the Eighth Schedule issued by the Director

in accordance with the regulations and subject to such conditions as the Director may by endorsement on the permit impose.

(5) Plants, which are exempted under regulation 4 (1) (a), (b) and (c) and imported from countries where the khapra beetle is found as contained in the Ninth Schedule shall be treated by the exporting countries according to dosage rates to be determined by the Director and such a consignment of plants shall be accompanied with a phytosanitary certificate.

(6) Notwithstanding regulation 4 (1) (a), the importation into a component region of cocoa pods, rambutan, pulasan, longan and nam nam fruits produced in another component region, the Philippines and Indonesia is prohibited.”.

Amendment of regulation 6. 8. Regulation 6 (3) (i) of the principal Regulations is amended by deleting the word “not” appearing after the word “is” in line 6.

Amendment of regulation 9. 9. Regulation 9 of the principal Regulations is amended—
(a) by substituting the marginal note thereof with the following:

“Importation, eradication and control of dangerous pests.”; and

(b) by adding after subregulation (2) the following new subregulation (3):

“(3) The Director may direct all civil, military, naval, air, police or other organisations or forces present for the time being or established in Malaysia to provide the necessary assistance for the purpose of preventing the introduction of any dangerous pests or noxious plants into a component region or for the purpose of the eradication or control of such dangerous pests or noxious plants if present in a component region.”.

New regulation 10A. 10. The principal Regulations is amended by adding after regulation 10 the following new regulation 10A:

“10A Non-plant articles and carriers which are reasonably suspected to be diseased or infested with pests are subject to inspection treatment.”.

Amendment of regulation 13. 11. Regulation 13 of the principal Regulations is amended—
(a) by substituting for the marginal note thereof with the following:

“Powers of plant quarantine inspector.”;

(b) by renumbering it as subregulation (1); and

(c) by adding after subregulation (1) the following new subregulations (2) and (3):

“(2) Whenever it appears to any plant quarantine inspector that there is reasonable cause to believe that any person carries or possesses or any personal effects

or carrier contains or carries any plants, soil, pests, beneficial organisms, rooting compost or growing media or any non-plant articles in contravention of the provisions of these Regulations, it shall be lawful for the plant quarantine inspector to stop, inspect and search such person, and to seize such personal effects or carrier and to take any appropriate action as provided for by these Regulations.

(3) A plant quarantine inspector is authorised to board any vessel, vehicle or aircraft arriving from any foreign country or another component region to inspect, treat or dispose of beneficial organisms, container, growing media, non-plant articles including garbage and dunnage, pests, plants, rooting compost and soil, which are likely to be diseased or infested with pests.”.

12. Regulation 14 of the principal Regulations is amended— Amendment of regulation 14.

- (a) by renumbering it as subregulation (1);
- (b) by substituting the word “Malaysia” appearing in paragraph (b) with the words “a component region from another component region or foreign country”;
- (c) by substituting the coma appearing after the word “Regulations” in paragraph (f) with a semi-colon;
- (d) by adding after paragraph (f) the following new paragraph (g):
 - “(g) fails or refuses to complete the Plant Quarantine Declaration Form as set out in the Tenth Schedule or provides false information therein.”;
- (e) by substituting the word “any” after the words “guilty of” appearing in line 19 of subregulation (1) with the word “an” and by deleting the words “and shall, on conviction, be liable to a fine not exceeding one thousand ringgit”; and
- (f) by adding after subregulation (1) the following new subregulations (2) and (3):
 - “(2) On conviction of any offence under paragraphs (a), (c), (d), (e), (f) or (g) of subregulation (1) of regulation 14 the offender shall be liable to a fine not exceeding one thousand ringgit or to imprisonment for a term not exceeding six months or to both.
 - (3) On conviction of any offence under paragraph (b) of subregulation (1) of regulation 14, the offender shall be liable to the penalty as set out under section 19A of the Plant Quarantine Act 1976.”.

13. Regulation 15 of the principal Regulations is amended— Amendment of regulation 15.

- (a) by substituting paragraph (2) (i) (a) with the following:
 - “for the first half manhour or part thereof ... \$ 5.00”;
- (b) by substituting paragraph (2) (i) (b) with the following:
 - “for the second half manhour or part thereof \$10.00”;

(c) by adding after paragraph (2) (i) (b) the following new paragraph (2) (i) (c):

“(c) for every additional manhour or part thereof \$15.00”;

(d) by adding after paragraph (2) (ii) the following new paragraph (2) (iii):

“(iii) Where disinfection or treatment is carried out by the Inspecting Officer or the plant quarantine inspector as the case may be, the cost of chemicals and other materials incurred in carrying out the disinfection or treatment shall be borne by the consignor or consignee according to the rates to be determined by the Director from time to time.”;

(e) by substituting for subregulation (3) the following:

“(3) Travelling expenses by air, rail or/and road, whichever is applicable, shall be charged in respect of any journey made for the purpose of carrying out any inspection or supervision provided that where the journey is wholly or partly by road, the charge will be at the rate of 50 sen for every kilometer or part thereof.”; and

(f) by inserting after the word “person” appearing in line 1 of subregulation (4) the words “or as a requirement under the condition of import specified in the Import Permit”, after the word “duty” the words “within Malaysia or outside Malaysia” and after the word “person” appearing in line 4 the words “to the Director” respectively.

Amendment of regulation 16.

14. Regulation 16 of the principal Regulations is amended by inserting after the word “plants” appearing in line 1 the words “under post entry quarantine or”.

New regulations 17, 18 and 19.

15. The principal Regulations is amended by adding after regulation 16 the following new regulations 17, 18 and 19:

“Plant Quarantine Declaration.

17. All persons entering a component region are required to complete the Plant Quarantine Declaration Form as set out under the Tenth Schedule and shall surrender the Form at an appointed entry check-point.

Master or agent of arriving vessel, pilot or agent of arriving aircraft to present true inward manifest.

Act 235.

18. (1) The master or agent of every vessel entering a component region at an appointed sea port listed under the Fifth Schedule shall, within twenty four hours of the arrival, and before any cargo is unshipped present to a plant quarantine inspector a copy of the true inward manifest of the vessel with the particulars as required under section 52 (1) of the Customs Act 1967.

Act 235.

(2) The pilot or agent of every aircraft entering a component region at an appointed airport, as listed under the Fifth Schedule shall, before any cargo is delivered present to a plant quarantine inspector a copy of the true inward manifest of the aircraft with the particulars as required under section 56 of the Customs Act 1967.

Phytosanitary
Certificate
for export
of plants.

19. (1) An Inspecting Officer may issue a phytosanitary certificate as set out in the Second Schedule for plants, plant products and non-plant articles exported from or moving between the component region based on inspections and treatment performed at the request of exporters to meet the requirements of the phytosanitary regulations of the importing component region or country.

(2) An Inspecting Officer may issue a phytosanitary certificate as set out in the Seventh Schedule for the re-export of plants or plant products grown or produced in the third country or a component region at the request of exporters to meet the requirements of the phytosanitary regulations of the importing component region or country.

(3) All expenses incurred in carrying out the inspection and treatment of the plants, plant products or non-plant articles shall be borne by the exporter according to the rates set out under regulation 15 (2) to (5) of these Regulations."

16. The Sabah Agricultural Pest Rules 1919, Sabah Plant Importation Rules 1949, Sabah Control of Cocoa Rules 1958 and the Plant Importation Rules 1960 are revoked.

Revocation.
GN 105/19.
GNS 128/49.
GNS 106/58.
L.N. 33.

17. The Second Schedule to the principal Regulations is amended by substituting therefor with the following:

Amendment
of Second
Schedule.

SECOND SCHEDULE

(Regulation 5 (2))

PHYTOSANITARY CERTIFICATE

Plant Protection Organisation No.
of.....

To: Plant Protection Organisation(s)
of.....

DESCRIPTION OF CONSIGNMENT

Name and address of exporter.....
Declared name and address of consignee.....
Number and description of packages.....
Distinguishing marks.....
Place of origin.....

Declared means of conveyance.....
 Declared point of entry.....
 Name of produce and quantity declared.....
 Botanical name of plants.....

This is to certify that the plants or plant products described above have been inspected according to appropriate procedures and are considered to be free from quarantine pests and practically free from other injurious pests and that they are considered to conform with the current phytosanitary regulations of the importing country.

Amendment of
Fourth
Schedule.

18. The Fourth Schedule to the principal Regulations is amended by adding the following:

<i>Pests</i>		<i>Common Name</i>
BANANA (<i>Musa</i> spp.)		
1.	<i>Mycosphaerella musicola</i> var <i>difformis</i>	Black sigatoka
2.	<i>Pseudomonas solanacearum</i>	Moko disease
3.	Mycoplasma-like organism	Cameroon Marbling disease
CASSAVA (<i>Manihot esculenta</i>)		
1.	<i>Caliothrips masculinus</i>	Thrip
2.	<i>Monomychelus tanajoa</i>	Tanajoa or green cassava mite
3.	<i>Oligonychus peruvianus</i>	Mite
4.	Mycoplasma-like organism	Witches broom
5.	<i>Sphaceloma manihotis</i>	Superelongation disease
6.	Virus	Frog's skin
7.	Unknown	African mosaic
8.	Virus	Cassava latent virus disease

<i>Pests</i>	<i>Common Name</i>
CITRUS (<i>Citrus</i> spp.)	
1. <i>Quadraspidiotus perniciosus</i>	San Jose Scale
2. <i>Impietratura virus</i>	Impietratura
3. <i>Exocortis virus</i>	Exocortis
4. <i>Satsuma dwarf virus</i>	Satsuma
5. <i>Spiroplasma citri</i>	Stubborn disease
6. <i>Yellow virus</i>	Shell bark
7. <i>Xyloporosis virus</i>	Xyloporosis
COCOA (<i>Theobroma cacao</i>)	
1. <i>Acrocercops cramerella</i>	Cocoa pod borer
2. <i>Cocoa yellow mosaic virus</i>	Yellow mosaic
3. <i>Monalonium</i> sp.	Mirid bug
4. <i>Oncobasidium theobromae</i>	Vascular streak dieback
5. <i>Phytophthora palmivora</i>	Black pod
6. <i>Trachysphaera fructigena</i>	Mealy pod
7. <i>Virus</i>	Water mark
8. <i>Virus</i>	Yellow vein banding
COFFEE (<i>Coffea</i> spp.)	
1. <i>Colletotrichum coffeanum</i> var <i>virulans</i>	Coffee berry disease
2. <i>Colletotrichum</i> sp.	Blister spot Mancha mantecosa
3. <i>Hemileia coffeicola</i>	Powdery rust
4. <i>Phytomonas leptovosorum</i>	Phloem necrosis or Red disease
5. <i>Pseudomonas garcae</i>	Bacterial leaf spot
6. <i>Virus</i>	Leaf rugosity
7. <i>Virus</i>	Ring spto
COCONUT (<i>Cocos nucifera</i>)	
1. <i>Artona catoxantha</i>	Leaf moth
2. <i>Oryctes rhinoceros</i>	Rhinoceros beetle
3. <i>Setora nitens</i>	Nettle caterpillar
4. <i>Rickettsiae</i>	Decline disease
5. <i>Marasmiellus cocophilus</i>	Lethal bole rot
6. <i>Phytophthora palmivora</i>	Crown rot
7. <i>Mycoplasma-like organism</i>	Tanzania disease
8. <i>Phytophthora heveae</i>	Phytophthora rot
9. Unknown	Head droop
10. Unknown	Leaf scorch
11. Unknown	Little leaf
12. Unknown	Malaysian wilt
13. Unknown	Socorro wilt
GRAPE (<i>Vitis vinifera</i>)	
1. <i>Agrobacterium tumefaciens</i>	Crown gall
2. <i>Bacteria</i>	Pierce's disease
3. <i>Fan leaf virus</i>	Fan leaf, yellow mosaic and vein banding
4. <i>Guignardia bidwellii</i>	Black rot
5. <i>Leaf-roll virus</i>	Leaf-roll
6. <i>Mycoplasma-like organism</i>	Flavescence doree

<i>Pests</i>	<i>Common Name</i>
7. Nepo viruses (Grapevine fanleaf virus and its strains, Arabis mosaic, Hungarian chrome mosaic virus, Raspberry ring spot virus)	
8. Virus	Grapevine corky bark
9. Virus	Grape "legno riccio" or stem pitting
10. <i>Xanthomonas ampelina</i>	Bacterial blight or necrosis
GROUNDNUT (<i>Arachis hypogaea</i>)	
1. Marginal chlorosis virus	Marginal chlorosis
2. Peanut stunt virus	Stunt
3. <i>Phymatotrichum omnivorum</i>	Root rot
4. Rosette viruses	Rosette disease
5. <i>Sphaceloma arachidis</i>	Scab
6. <i>Verticillium dahliae</i>	Verticillium wilt or pot rot
HEVEA RUBBER (<i>Hevea</i> spp.)	
1. <i>Aleurodicus cocois</i>	White fly
2. <i>Erinnyis ello</i>	Sphinx moth
3. <i>Premolis semirufa</i>	
4. <i>Phytophthora</i> spp.	Leaf fall and leaf wither
5. <i>Thanatephorus cucumeris</i> syn. <i>Pellicularia filamentosa</i>	Target leaf spot
6. <i>Catacauma huberi</i>	Black crust
HONEY BEES (<i>Apis</i> spp.)	
1. <i>Acarapis woodi</i>	Mite
2. <i>Bacillus larvae</i>	American foulbrood
3. <i>Streptococcus pluton</i>	European foulbrood
4. <i>Nosema apis</i>	Nosema disease
5. Virus	Sacbrood
MAIZE (<i>Zea mays</i>)	
1. <i>Claviceps gigantea</i>	Ergot
2. Corn stunt Spiroplasma	
3. <i>Dreschlera maydis</i>	Corn leaf blight
4. <i>Peronosclerospora philippensis</i>	Downy mildew
5. <i>Prostephanus truncatus</i>	Larger grain borer
MANGO (<i>Mangifera indica</i>)	
1. <i>Noorda albizonalis</i>	Mango seed borer
2. <i>Stenochetus mangifera</i>	Mango seed weevil
3. Unknown	Mango malformations and Bunchy top
4. Unknown	Woody gall or scaly bark
5. <i>Elsinoe mangifera</i>	Mango scab
OILPALM (<i>Elaeis</i> spp.)	
1. <i>Darna tremata</i>	Nettle caterpillar
2. <i>Leptopharsa gibbicarina</i>	Lace bug
3. <i>Mahasena corbetii</i>	Bag worm
4. <i>Metisa plana</i>	Bag worm
5. <i>Oryctes rhinoceros</i>	Rhinoceros beetle
6. <i>Retacus elaeis</i>	Eriophyid mite

<i>Pests</i>	<i>Common Name</i>
7. <i>Rhynchophorus phoenicis</i>	Weevil
8. <i>Setora nitens</i>	Nettle caterpillar
9. <i>Sibine fusca</i>	Leaf eating caterpillar
10. <i>Rhadinaphelenchus cocophilus</i> ..	Red ring disease
11. <i>Ganoderma lucidum</i>	Basal stem and root rot
12. <i>Phytophthora staheli</i>	Marchitez sorpresiva
13. Unknown	Fatal yellowing
14. Unknown	Leaf mottle
15. Viroid	Cadang-cadang
ORCHIDS	
1. Cymbidium mosaic virus ..	Cymbidium mosaic
2. Orchid mosaic virus	Cattleya flower break
PEPPER (<i>Piper nigrum</i>)	
1. <i>Phytophthora palmivora</i>	Foot rot
PINE (<i>Pinus</i> spp.)	
1. <i>Cronartium harkensii</i>	Western globoid stem rust
2. <i>Cronartium ribicola</i>	White pine blister rust
3. <i>Dothistroma pini</i>	Needle caste
4. <i>Fusarium moniliforme</i> var <i>subglutinans</i>	Pitch canker
5. <i>Scirrhia acicola</i>	Needle blight
6. <i>Scleroderris abietina</i>	Needle twig blight
RICE (<i>Oryza sativa</i>)	
1. <i>Lissorhopterus oryzaephilus</i> ..	Rice water weevil
2. <i>Fusarium moniliforme</i>	Bakanae disease
3. <i>Ephelia pallida</i>	Panicle disease
4. Rice waika virus	
5. Virus	Transitory yellowing
SILKWORM (<i>Bombyx mori</i>)	
1. <i>Nosema bombycis</i>	Pebrine disease
2. Viruses	Infectious flacherie, grasserie
SOYA BEAN (<i>Glycine max</i>)	
1. <i>Cercospora kikuchii</i>	Purple blotch
2. <i>Colletotrichum truncatum</i>	Anthraxnose
3. <i>Peronospora manshurica</i>	Downy mildew
4. <i>Pseudomonas glycinea</i>	Bacterial blight
5. <i>Pseudomonas tabaci</i>	Wild fire
6. Virus	Soya bean dwarf virus
7. Virus	Soya bean mosaic virus
SUGARCANE (<i>Saccharum officinarum</i>)	
1. Unknown	Ring mosaic
2. <i>Ustilago scitaminea</i>	Smut
3. Virus	Dwarf virus
4. Virus	Sugarcane mosaic
WEEDS	
1. <i>Rottboellia exaltata</i>	Itch grass
2. <i>Christisonia wightii</i>	

<i>Pests</i>	<i>Common Name</i>
3. <i>Aeginetia indica</i>	
4. <i>Striga angustifolia</i>	Witch weed
5. <i>Striga densiflora</i>	Witch weed
6. <i>Striga gesnerioides</i>	Witch weed
7. <i>Striga hermonthica</i>	Witch weed
8. <i>Oryza barthii</i>	
9. <i>Oryza longistaminata</i>	
10. <i>Oryza punctata</i>	
11. <i>Pennisetum polystachyon</i>	Mission grass

Amendment of Fifth Schedule.

19. The Fifth Schedule to the principal Regulations is amended by inserting after the word "Kudat" appearing under the title "SEA—" the following:

"18. Kota Kinabalu."

New Schedules.

20. The principal Regulations is amended by adding after the Fifth Schedule the following new sixth, seventh, eighth, ninth and tenth schedules:

SIXTH SCHEDULE

PLANTS FROM COUNTRIES WHERE KHAPRA
BEETLE IS FOUND

NAME OF PLANT*—

1. Peas and beans—seeds and meal
2. Cashew nuts
3. Groundnut—seeds and cake
4. Maize—seeds, meal and dried cobs
5. Rice—milled and bran
6. Sesame—seeds and cake
7. Wheat—bran and seeds
8. Spices
9. Tapioca—flour, chips and pearls
10. Sorghum—grain
11. Gunny sacks

COUNTRIES OF EXPORT—

1. Bangladesh
2. India
3. Pakistan
4. Sudan
5. Turkey
6. Thailand
7. The Philippines
8. Burma
9. Indonesia
10. Morocco
11. Sri Lanka

*This does not apply to plants that are chilled, preserved or hermetically packed.

TENTH SCHEDULE
(Regulation 17)
PLANT QUARANTINE DECLARATION

All persons entering a component region (West Malaysia, Labuan, Sabah or Sarawak) are required to supply the information required in this Form.

1. Name.....
2. Passport No.....
3. Address while in Malaysia.....
4. Flight/Voyage No.....

*5. Are you carrying any plant or parts of a plant such as seeds, flowers or fruits, soil, cultures of fungi, bacteria and viruses, insects or any other vertebrate or invertebrate animals?

Yes

No

*6. Have you been to any country or countries in the †American tropics during the last thirty days?

Yes

No

I declare that the information provided above is true and correct.

.....
(Date)

.....
(Signature)

Penalty for failure to complete this Form or providing false information is a fine up to one thousand ringgit or to imprisonment for a term not exceeding six months or to both on conviction.

*Please tick (✓) appropriate box.

†Countries in the American tropics are as follows:

Brazil, Paraguay, Bolivia, Peru, Ecuador, Colombia, Venezuela, Guyana, Surinam, French Guiana, Trinidad and Tobago, Barbados, Puerto Rico, Jamaica, Dominican Republic, Haiti, Cuba, Panama Canal Zone, Costa Rica, Nicaragua, Honduras, Guatemala, Belize, Mexico.

Made the 28th March 1986.
