7. PURPOSE OF SPECIMEN			
i. Commercial	T	ii. Zoo	Z
iii. Botanical Garden	G	iv. Circus or travelling exhibition	Q
v. Scientific	S	vi. Hunting trophy	H
vii. Personal	P	viii. Medical	M
ix. Education	E	x. Introduction/reintroduction into wild	N
xi. Breeding in captivity/artificial propagation	B	xii. Law enforcement/judicial/forensic	L
8. SOURCE OF THE SPECIMEN			
i. Specimens taken from the wild			W
ii. Ratched specimens: Specimens of animals reared in a controlled environment, taken as eggs or juveniles from the wild, where they would otherwise have had a very low probability of surviving to adulthood			R
iii. Appendix – I: Animals bred in captivity for commercial purposes in operations included in the Secretariat’s Register, in accordance with Resolution Conf. 12.10 (Rev. CoP15), and			D
iv. Appendix – I: Plants artificially propagated for commercial purposes, as well as parts and derivatives thereof, exported under the provision of Article VII, Paragraph 4, of the Convention			

v. Plants that are artificially propagated in accordance with Resolution Conf. 11.11 (Rev. CoP15), as well as parts and derivatives thereof, exported under the provisions of Article VII, Paragraph 5 (specimens of species included in Appendix I that have been propagated artificially for non-commercial purposes and specimens of species included in Appendices II and III)	A
vi. Animals bred in captivity in accordance with Resolution Conf. 10.16 (Rev.), as well as parts and derivatives thereof, exported under the provisions of Article VII, Paragraph 5	C
vii. Animals born in captivity (F1 or subsequent generations) that do not fulfill the definition of “bred in captivity” in Resolution Conf. 10.16 (Rev.), as well as parts and derivatives thereof	F
viii. Source unknown (must be justified)	U
ix. Confiscated or seized specimens	I
x. Pre-convention specimens (may be used with other source codes)	O

9. CHECKLIST

<input type="checkbox"/>	Registration of Company/Organization (For Businesses & Organizations)
<input type="checkbox"/>	Copy of National ID Card/ Passport (For individuals)
<input type="checkbox"/>	No objection letter (for import of Appendix 1 and 2 species only)
<input type="checkbox"/>	No objection letter (for export, and re-export of Appendix 1 only)
<input type="checkbox"/>	Exports permits and import permits of issuing country (where applicable)
	Any other document(s). <i>Please specify below:</i>

10. DECLARATION BY THE APPLICANT

I, the undersigned, hereby certify that all information provided in this document is true and correct.

Name: _____	Signature and Stamp
Date: _____	

11. Management Authority use only

Application received by:

Name:		Signature
Designation:		
Date:		

If you do not have enough space in the table above, attach another sheet to provide additional information.

5. BREEDING STOCK (remove from other form)
Identify all the males and females that make up the parental breeding stock

5a1. Name of specimen	5a2. Band number	5a3. Species	5a4. Sex	5a5. Age	5a6. Proof of legal acquisition *

* Provide proof of legal acquisition: receipt, CITES documents, capture permit, etc. (attach copies to the application form). If you do not have enough space in the table above, attach another sheet to provide additional information.

6. CURRENT STOCK (remove from other form)
Identify the progeny and other specimens held in addition to the parental breeding stock identified in section 5.

6a1. Name of specimen	6a2. Band number	6a3. Species	6a4. Sex	6a5. Age	6a6. Origin

If you do not have enough space in the table above, attach another sheet to provide additional information.

7. PERCENTAGE OF MORTALITY
Provide information for a minimum of the last five years or since the establishment of the operation.

7a1. Year	7a2. Specimen	7a3. Sex	7a4. Age	7a5. Origin	7a6. Cause of Death

8. REPRODUCTION
Provide information for a minimum of the last five years or since the establishment of the operation.

Describe the method used for each of the species were produced to the second generation (F2) in the captive breeding operation.
 If the establishment only produced first generation specimens for the species, provide summary showing that the breeding methods used are the same or similar to those that have resulted in second generation offspring elsewhere.

9. ANNUAL PRODUCTION
Specify the annual production during the last 5 years (if possible), the current production, and the expected production for the next 3 years.

9a1. Year	9a2. Total Progeny	9a3. Number of reproductive females	9a4. Reasons for loss or death

10. NEEDS
Indicate the possibility of future need to increase the number of breeding stock specimens with specimens bred in captivity or from the wild.

4. SPECIES LIST					
4a1. Latin Name (genus, species, and sub-species)			4a2. Common Name		
<i>If you do not have enough space in the table above, attach another sheet to provide additional information.</i>					
5. PERCENTAGE OF MORTALITY					
<i>Provide information for a minimum of the last five years or since the establishment of the operation.</i>					
5a1. Year	5a2. Specimen	5a3. Sex	5a4. Age	5a5. Origin	5a6. Cause of Death
6. REPRODUCTION					
<i>Provide information for a minimum of the last five years or since the establishment of the operation.</i>					
Describe the method used for each of the species were produced to the second generation (F2) in the captive breeding operation. If the establishment only produced first generation specimens for the species, provide summary showing that the breeding methods used are the same or similar to those that have resulted in second generation offspring elsewhere.					
7. ANNUAL PRODUCTION					
<i>Specify the annual production during the last 5 years (if possible), the current production, and the expected production for the next 3 years.</i>					
7a1. Year	7a2. Total Progeny	7a3. Number of reproductive females	7a4. Reasons for loss or death		
8. NEEDS					
<i>Indicate the possibility of future need to increase the number of breeding stock specimens with specimens bred in captivity or from the wild.</i>					
9. MARKING (where applicable)					
<i>Only for animals: Describe the methods used for marking (bands, tags, tattoos, etc.) used for the breeding stock, the offspring, and the specimens to be exported (skins, meat, live animals, etc.)</i>					
10. FACILITIES					
<i>Describe the facilities used to house the current and future stock as well as the security measures in place to prevent escape or theft of animals. Provide information on the number and size of enclosures used for reproduction and breeding, the facilities used to incubate eggs, the production or provision of food, the availability of veterinary services, and the maintenance of data. (add photos if possible)</i>					

11. CONSERVATION
<i>Describe (if any) the strategies or activities of the operation that contribute to improved conservation of wild populations of the species.</i>
12. HUMANE CARE
<i>Specify how the operation is carried out at all stages in a humane (non-cruel) manner.</i>

13. CHECKLIST	
<input type="checkbox"/>	Registration of Company/Organization (For Businesses & Organizations)/
<input type="checkbox"/>	Copy of National ID Card/ Passport (For individuals)
<input type="checkbox"/>	Report attesting humane conditions applied.
<input type="checkbox"/>	Any other document(s). <i>Please specify below;</i>

14. DECLARATION BY THE APPLICANT	
I, the undersigned, hereby certify that all information provided in this document is true and correct. I consent the Management Authority to enter, inspect and record data as required and appropriate.	
Name: _____

APPLICATION FORM REGISTRATION OF PRE-CONVENTION SPECIMENS

CONVENTION ON INTERNATIONAL TRADE IN ENDANGERED SPECIES OF WILD FAUNA AND FLORA

CITES MANAGEMENT AUTHORITY
Ministry of Environment, Climate Change and Technology
Male', Republic of Maldives.

1. PERMIT APPLICATION

1a1. Application no: <i>(Office use only)</i>	1a2. Type of Permit <i>(*Please check one of the following. A separate application is required for each type of permit.)</i>
<input type="checkbox"/>	<input type="checkbox"/> Pre-convention plant specimens <input type="checkbox"/> Pre-convention animals' specimens

2. INFORMATION OF APPLICANT

2a1. Applicant type	<input type="checkbox"/> Maldivians (Individual)	<input type="checkbox"/> Foreigners (Individual)	<input type="checkbox"/> Business/Organisation
2a2. Name <i>(*Please enter both the full name of the person and the business/organization for applicants selected 'Business/Organization' in 2a.1)</i>			
2a3. National ID Card No/ Passport No/ Business Registration No <i>(*Please enter the appropriate according to 2a.1)</i>			
2a4. Address			
2a5. Atoll & Island name/ Country & Street name <i>(*Atoll/island name for applicants based in Maldives, Country/Street name for others)</i>			
2a6. Postal Code	2a7. Telephone	2a8. Mobile	
2a9. Email	2a10. Website		

3. DESCRIPTION OF THE SPECIMENS

Note2: Please enter the below details of the specimens. If applying for more than one specimen please fill the respective columns. If applying for more than 3 specimens please fill the additional form

Details of specimen			
	Specimen A	Specimen B	Specimen C
3a.1 Scientific Name:			
3a.2 Common Name:			
3a.3 Description: <i>(eg. Male / Female / Skull / Skin / Meat / Leather / etc)</i>			
3a.4 Quantity: <i>(In Units / number/amount)</i>			
3a.5 Descriptive markings:			
3a.6 Source			

4. STOCKTAKING BY MANAGEMENT AUTHORITY

Note2: The Management Authority will physically verify the quantity of specimens to be registered as pre-Convention specimens. The proposed options should be at least a week apart and should not exceed over month for the proposed three options

Details of specimen			
	Date	Time <i>(within official working hours)</i>	Location
Proposed option 1			
Proposed option 2			
Proposed option 3

Permit/Certificate No:

Instructions and Explanations (These correspond to block numbers on the form)

1. Tick the square which corresponds to the type of document issued (export permit, re-export permit, import permit or other). If the box "other" has been ticked, the type of document must be indicated. The original number is a unique number allocated to each document by the Management Authority.
 2. For export permits and re-export permits, the date of expiry of the document may not be more than six months after the date of issuance (one year for import permits)
 3. Complete name and address of the importer.
 - 3a. The name of the country must be written in full.
 4. Complete name and address of the exporter/re-exporter. The name of the country must be stated. The absence of the signature of the applicant renders the permit invalid.
 5. Special conditions may refer to national legislation or special conditions placed on the shipment by the issuing Management Authority. This block can also be used to justify the omission of certain information.
 - 5a. The following codes should be used: T for commercial, Z for zoo, G for botanical garden, Q for circus or travelling exhibition, S for scientific, H for hunting trophy, P for personal, M for medical, E for education, N for reintroduction or introduction into the wild, B for breeding in captivity or artificial propagation and L for law enforcement / judicial / forensic
 - 5b. Indicate the number of the security stamp affixed in block 13.
 6. The name, address and country of the issuing Management Authority should already be printed on the form.
 - 7-8. Indicate the scientific name (genus and species, where appropriate subspecies) of the animal or plant as it appears in the Convention Appendices or the reference lists approved by the Conference of the Parties, and the common name of the animal or plant as known in the country issuing the permit.
 9. Describe, as precisely as possible, the specimens entering trade (live animals, skins, flanks, wallets, shoes, etc.). If a specimen is marked (tags, identifying marks, rings, etc.), whether or not this is required by a Resolution of the Conference of the Parties (specimens originating in a ranching operation, specimens subject to quotas approved by the Conference of the Parties, specimens of Appendix-I species bred in captivity for commercial purposes, etc.), indicate the number and type of mark. The sex and age of the live animals should be recorded, if possible.
 10. Enter the number of the Appendix of the Convention (I, II or III) in which the species is listed.
Use the following codes to indicate the source:
W - Specimens taken from the wild
R - Ratched specimens: specimens of animals reared in a controlled environment, taken as eggs or juveniles from the wild, where they would otherwise have had a very low probability of surviving to adulthood.
D - Appendix-I animals bred in captivity for commercial purposes in operations included in the Secretanat's Register, in accordance with Resolution Conf. 12.10 (Rev. CoP15), and Appendix-I plants artificially propagated for commercial purposes, as well as parts and derivatives thereof, exported under the provisions of Article VII, paragraph 4, of the Convention
A - Plants that are artificially propagated in accordance with Resolution Conf. 11.11 (Rev. CoP15), as well as parts and derivatives thereof, exported under the provisions of Article VII, paragraph 5 (specimens of species included in Appendix I that have been propagated artificially for non-commercial purposes and specimens of species included in Appendices II and III)
C - Animals bred in captivity in accordance with Resolution Conf. 10.16 (Rev.), as well as parts and derivatives thereof, exported under the provisions of Article VII, paragraph 5
F - Animals born in captivity (F1 or subsequent generations) that do not fulfil the definition of 'bred in captivity' in Resolution Conf. 10.16 (Rev.), as well as parts and derivatives thereof
U - Source unknown (must be justified)
I - Confiscated or seized specimens
O - Pre-Convention specimens (may be used with other source codes).
 11. The quantity and units indicated should conform to the most recent version of the Guidelines for the preparation and submission of CITES annual reports.
 - 11a. Indicate the total number of specimens exported in the current calendar year (1 January to 31 December) (including those covered by the present permit) and the current annual quota for the species concerned (for example 500/1000). This should be done for the national quotas as well as for those determined by the Conference of the Parties.
 12. The country of origin is the country in which the specimens were taken from the wild, bred in captivity or artificially propagated, except in the case of plant specimens that cease to qualify for an exemption from the provisions of CITES. In such instances, the country of origin is deemed to be the country in which the specimens ceased to qualify for the exemption. Indicate the number of the permit of the exporting country and the date of issuance. If all or part of the information is not known, this should be justified in block 5. This block must only be completed in case of re-exports,
 - 12a. The country of last re-export is the country from which the specimens were re-exported before entering the country in which the present document is issued. Enter the number of the re-export permit of the country of last re-export and its date of issuance. If all or part of the information is not known, this should be justified in block 5. This block must only be completed in case of re-export of specimens previously re-exported.
 - 12b. The "No. of the operation" is the number of the registered captive-breeding or artificial propagation operation. The "date of acquisition" is defined in Resolution Conf. 13.6 and is required only for pre-Convention specimens.
 13. To be completed by the official who issues the permit. The name of the official must be written in full. The security stamp must be affixed in this block and must be cancelled by the signature of the issuing official and a stamp or seal. The seal, signature and security-stamp number should be clearly legible.
 14. To be completed by the official who inspects the shipment at the time of export or re-export. Enter the quantities of specimens actually exported or re-exported. Strike out the unused blocks.
 15. Enter the number of the bill of lading or air way-bill if the method of transport used requires the use of such a document.
- The document must be written in one of the three working languages of the Convention (English, Spanish or French) or must include a full translation into one of these three languages. Exported and re-exported specimens should not appear on the same document unless it is clearly indicated which specimens are being exported and which re-exported.

AFTER USE, THIS DOCUMENT MUST BE RETURNED TO A MANAGEMENT AUTHORITY OF THE IMPORTING COUNTRY.
