

**L.N. 183 of 2004**

**PRODUCT SAFETY ACT, 2001  
(ACT NO. V OF 2001)**

**Certificates of Specific Character Regulations, 2004**

IN exercise of the powers conferred by article 39 of the Product Safety Act, 2001, the Minister for Competitiveness and Communications, on the advice of the Malta Standards Authority, has made the following regulations:

Citation and coming into force.

**1.** The title of these regulations is the Certificates of Specific Character Regulations, 2004.

**2.** These regulations shall come into force on the 1<sup>st</sup> May 2004.

Definitions

**3.** In these regulations, unless the context otherwise requires, the following definitions shall apply:

“the Authority” shall mean the Malta Standards Authority;

“EEC Regulation 2082/92” shall mean Council Regulation (EEC) No 2082/92 on certificates of specific character for agricultural products and foodstuffs <sup>1</sup>;

“label” shall have the meaning assigned to it by the Labelling, Presentation and Advertising of Foodstuffs Regulations, 2002;

“specific character” shall have the meaning assigned to it in Article 2(1) of EEC Regulation 2082/92.

Designation of the Competent Authority

**4.1** The Malta Standards Authority is hereby designated as the competent authority for the purposes of EEC Regulation 2082/92.

**4.2** The Head of the Directorate responsible for foodstuffs within the Authority shall appoint a Standing Committee, composed of representatives of public and private organizations with an interest in certificates of specific character, to assist and advise the Authority on all matters related to the implementation of EEC Regulation 2082/92.

<sup>1</sup> OJ L 208, 24.7.1992, p.9

**4.3** The Standing Committee referred to in regulation 4.2 shall be appointed for a period of three years.

**4.4** The names of the members of the Standing Committee, as well as of the organizations represented, shall be published by the Authority in the Gazette.

**4.5** The Standing Committee referred to in regulation 4.2 shall regulate its own procedures.

**5.1** Following receipt of an application for registration in accordance with EEC Regulation 2082/92, the Authority shall check that the application is justified and shall forward the application to the European Commission in accordance with Article 7(3) of EEC Regulation 2082/92.

Publication of  
Registration  
Applications.

**5.2** Prior to forwarding the application to the European Commission, the Malta Standards Authority shall publish in the Gazette, a summary of each application forwarded to the European Commission in accordance with Article 7(3) of EEC Regulation 2082/92. The summary shall include:

- a) the name and address of the applicant;
- b) the name of the product for which recognition is sought;
- c) the main points of the application.

**5.3** A period of two months from the date of publication in the Gazette shall be allowed for comments or objections prior to transmission of the application to the European Commission.

**5.4** Any natural or legal person residing in Malta who can demonstrate a legitimate economic interest may submit a formal objection, in writing, to the Malta Standards Authority in respect of any application during the two month period referred to in regulation 5.3.

**5.5** In the event of a formal objection pursuant to regulation 5.4, the Authority may, after having consulted the Standing Committee:

- a) accept the original application and reject the objection,
- b) uphold the objection and reject the application in its totality,

c) request specific amendments to the specification or to the supporting documentation originally provided.

**5.6** In the event of a revised application being submitted pursuant to regulation 5.5 (c), the two month period referred to in regulation 5.3 shall be extended by a further one month following submission of the revised application. Receipt of the revised application shall be notified by the Authority in the Gazette.

**5.7** Objections to revised applications shall only be considered if they refer to points or supporting documents not contained in the original application.

Inspection Structure

**6.1** The Authority shall, by not later than the 1<sup>st</sup> November 2004, establish an inspection structure in order to ensure that agricultural products and foodstuffs carrying a certificate of specific character meet the criteria laid down in the specifications.

**6.2** All products produced in Malta, falling within the scope of EEC Regulation 2082/92 and carrying a certificate of specific character in terms of that Regulation, shall be subject to inspection by the Authority.

**6.3** Officials duly authorized by the Authority shall be permitted free and unhindered access to all production sites, including private dwellings where such production may be carried out, for the purpose of inspection.

**6.4** The Minister may, in accordance with the provisions of the Malta Standards Authority Act, prescribe the fees or charges that may be charged in respect of:

- a) inspection of agricultural products and foodstuffs carrying a certificate of specific character-;
- b) registration of producers pursuant to regulation 6.5.

**6.5** A register shall be kept by the Authority for each product produced in Malta, granted a certificate of specific character in accordance with EEC Regulation 2082/92 and subject to inspection by the Authority. Registration shall be compulsory for all producers of such products.

**6.6** The register referred to in regulation 6.5 shall be open to all producers complying with the requirements laid down in the specification.

**6.7** All persons listed in the register referred to in regulation 6.5 shall be subject to periodic and random inspection at intervals which shall be determined by the Authority, taking into account the nature of the product, its seasonality, the likelihood of deviation from the product specification, the potential risk to human health which may be posed by poor agricultural and hygienic practices, the reputation of the product and the number and distribution of producers.

**6.8** The register shall contain the following details, for each producer:

- a) the name of the individual producer,
- b) a unique identification number, to be determined by the Authority,
- c) the address or location of the production or cultivation site or sites, referring to such identification systems as may be determined by the Authority,
- d) information relevant to the product, as may be determined by the Authority.

**6.9** The name of the Malta Standards Authority, or a symbol which may be determined by the Authority, shall appear on the label of agricultural products or foodstuffs granted a certificate of specific character in terms of EEC Regulation 2082/92 and subject to inspection by the Authority, together with:

- a) the identification number of the producer, referred to in regulation 6.6 (b),
- b) the specific name of the product, as registered in accordance with EEC Regulation 2082/92,
- c) one of the following designations, immediately following the specific name of the product:
  - i) ‘Speċjalità Tradizzjonali Garantita’
  - ii) ‘STG’
- d) optionally, one of the following designations in English:

i) 'Traditional Speciality Guaranteed'

ii) 'TSG'

d) optionally, the Community symbol established by Commission Regulation (EEC) No. 1848/93<sup>2</sup>.

**6.10** The Authority shall remove from the register any person who repeatedly refuses to cooperate with the Authority during the inspection process, or who is not producing the product in question in accordance with the specification.

Prohibition of  
Unauthorized  
Claims.

**7.1** No person may use:

a) any of the terms mentioned in regulation 6.9(c),

b) the symbol determined by the Authority in accordance with regulation 6.9;

c) the Community symbol established by Commission Regulation (EEC) No. 1848/93;

d) any other term or symbol intended to give the impression that the product has been granted recognition in terms of EEC Regulation 2082/92, in the labelling, presentation or advertising of any agricultural product or foodstuff which has not been granted recognition in accordance with EEC Regulation 2082/92.
