Application - fur farms

2.1 (1) These regulations do not apply to a fur bearing animal that is maintained or kept in captivity on a licensed fur farm, or the pelt or other parts of that animal.

(2) Notwithstanding subsection (1), these regulations apply to a fur bearing animal that escapes or is released from a licensed fur farm, or the pelt or other parts of that animal.

(3) Notwithstanding subsection (1), these regulations apply to a wild fur bearing animal that was not previously maintained or kept in captivity on a licensed fur farm and is captured in the province and subsequently maintained or kept in captivity on a licensed fur farm, or the pelt or other parts of that animal.

44/12 s2

Application - circuses

2.2 (1) These regulations do not apply to an animal that is maintained or kept in captivity in a circus.

(2) Notwithstanding subsection (1), [sections 82, 83](#) and [84](#) apply to an animal that is maintained or kept in captivity in a circus.

(3) Notwithstanding subsection (1), these regulations apply to an animal that escapes or is released from a circus.

(4) For the purpose of this section,

(a) "circus" means a mobile place in which animals held and exhibited are made to perform behaviours at the direction of a human handler or trainer for the entertainment or education of members of the public and excludes a dog show, a horse show and a livestock fair; and

(b) "place" includes commercial or private premises, land, a container, vehicle, vessel or aircraft.

44/12 s2

PART I INLAND AND FAMILY FISHERY

Inland fishery licence

3. (1) The minister may, upon application by a person, issue to that person

(a) an inland fishery licence to take salmon or trout by angling; or

(b) a family inland fishery licence to take salmon or trout by angling.

(2) For the purpose of this section, "family" means a parent or parents and their children including adopted and foster children and children of whom the parents are guardian, a grandparent or grandparents and their grandchildren, and a person and the person's spouse or cohabiting partner, but does not include an individual person.

(3) Only children and grandchildren under the age of 18 years may participate in a family inland fishery licence.

17/84 s3; 153/94 s1; 17/10 s2; 94/17 s3; 59/23 s2

Open season for salmon

3.1 A person shall not angle for salmon except during the open season prescribed under these regulations or the [Newfoundland and Labrador Fishery Regulations](#) (Canada).

43/18 s1

Salmon limits

3.2. (1) The minister may, by order, prescribe limits respecting the number of salmon a person may hook and retain and the number of salmon a person may hook and release.

(2) An order made under subsection (1) may be made to apply to the whole of the province or to a part or parts of it that may be specified in the order.

(3) A person shall not hook and retain or hook and release more salmon than the limit specified in an order made under subsection (1).

43/18 s1

Salmon tags

4. (1) There shall be issued with every inland fishery licence to take salmon and every family inland fishery licence to take salmon tags and those tags shall bear the same number as the licence.

(2) Notwithstanding subsection (1), where additional tags are issued, those tags may bear a number that differs from the number on the licence provided that there is recorded on the licence and elsewhere as the minister considers appropriate, the number found on the additional tags.

229/88 s2; 39/05 s2

River specific inland fishery licence

4.1 The minister may, by order, designate an area or areas of the province for which river specific inland fishery licences and tags may be issued, subject to the terms and conditions that the minister may prescribe.

17/10 s3

Conservation licence

4.2 The minister may issue a conservation licence in addition to other licences referred to in this Part for the summer angling season.

79/97 s2

Prohibition re: multiple licence

5. A person may, for a season, apply for, be issued and hold one inland fishery licence to take salmon or one family inland fishery licence to take salmon but shall not apply for, be issued or hold both of these for the same season.

39/05 s3

Multiple licences

5.1 Notwithstanding [section 5](#), a person may apply for, be issued with or hold one river specific inland fishery licence in any season for each area designated by the minister under [section 4.1](#) together with another licence issued under this Part.

79/97 s3

Valid licence required

6. (1) A person shall not

(a) angle for salmon in inland waters; or

(b) angle in a river or brook set out in Schedule I of the [Newfoundland and Labrador Fishery Regulations](#) (Canada),

unless the person is the holder of a valid inland fishery licence or a valid family inland fishery licence or a river specific inland fishery licence.

(2) [Rep. by NLR 39/05 s4]

(3) When a holder of an inland fishery licence or a family inland fishery licence, or a person angling under the authority of a family inland fishery license, to take salmon, hooks a salmon by angling, unless the salmon is released back into the water, that person shall immediately affix and lock or seal a tag issued with the licence through the gills and mouth of the salmon so that it cannot be removed without breaking the lock, or cutting, breaking or tearing the tag, mouth or gills.

(4) A person shall not possess a salmon that is not properly tagged.

183/90 s1; 39/05 s4; 17/10 s4; 59/23 s3

Cancellation of licence

6.1 Where a person has been convicted of an offence with respect to the illegal possession, sale or trafficking of fish under the [Fishery \(General\) Regulations](#) (Canada) or the [Newfoundland and Labrador Fishery Regulations](#) (Canada), the person's inland fishery licence shall be cancelled immediately and the person shall not be entitled to obtain an inland fishery licence for a period not exceeding 5 years from the date of that conviction as the minister may determine.

39/05 s5; 59/23 s4

Operation of family licence

7. (1) A parent or guardian or grandparent who is the holder of a valid family inland fishery licence shall accompany and supervise children and grandchildren under the age of 18 years while they are angling under authority of that licence.

(1.1) A spouse or cohabiting partner angling under the authority of a valid family inland fishery licence shall angle in the immediate area of and within sight of the holder of the family inland fishery licence.

(2) Where more than one person is angling under the authority of a family inland fishery licence, for the purpose of determining the catch limit, all fish caught by those persons shall be considered to be the catch of the holder of the licence.

229/88 s2; 17/10 s5

Production of licence

8. (1) Every holder of an inland fishery licence or a family inland fishery licence shall carry the licence while angling and shall produce it on the demand of a wild life officer, fishery officer or fishery guardian.

(2) Where children under the age of 18 years are angling under the authority of a family inland fishery licence, the parent or guardian or grandparent accompanying and supervising those children and grandchildren shall carry the licence and produce it on demand of a wild life officer, fishery officer or fishery guardian.

229/88 s2; 17/10 s6

Angler with a disability

8.1 (1) An angler with a disability may specify one designated angler to angle and retain the species set out in the licence of the angler with a disability, in the area permitted and within the bag limits set by law.

(2) A designated angler shall

- (a) keep within 100 metres of the angler with a disability, except when in pursuit of a fish that has been hooked for the angler with a disability;
- (b) possess the licence and tags of the angler with a disability at all times while angling for that angler with a disability; and
- (c) immediately affix and lock a tag to a salmon caught for the angler with a disability in the manner described in subsection 6(3).

(3) Where a designated angler retains and tags a salmon, the angler with a disability shall immediately take possession of and retain the salmon.

101/15 s2

Sale prohibited

9. A person shall not buy, sell, offer for sale or use for a commercial purpose fish other than smelt or eels taken in inland waters.

17/84 s3; 229/88 s2; 183/90 s1

Fall Season

9.1 The fall fishing season as prescribed shall be a separate angling season and shall require a separate licence.

79/97 s4

Fish return

9.2 A holder of

- (a) an inland fishery licence to take salmon; and
- (b) a family inland fishery licence to take salmon,

shall, not later than 7 days after the close of the inland fishery season for salmon for which the licence is issued,

- (c) complete the return form attached to the licence; and
- (d) surrender the licence together with the return to the Inland Fish and Wild Life Division of the Department of Environment and Conservation.

39/05 s6; 59/23 s5

PART II FUR BEARING ANIMALS

Licences

10. (1) The minister may, upon application by any person, issue to that person

- (a) a trapper's licence to take or kill fur bearing animals except beaver;
- (b) a live fur bearing animal export licence to export from the province live fur bearing animals;
- (c) a fur exporter's licence to export from the province the skins or pelts of fur bearing animals;
- (d) a fur dealer's store licence to engage in the business of buying the skins or pelts of fur bearing animals upon premises specified in that licence;
- (e) a travelling fur dealer's licence to engage in the business of buying the skins or pelts of fur bearing animals at any place other than upon premises in respect of which the minister decides that a fur dealer's store licence is required;
- (f) a trapper's beaver licence to take or kill beaver; or
- (g) a beaver trapline licence to take or kill beaver.

(2) Licences issued under subsection (1) are valid for the following periods only:

- (a) in relation to a trapper's licence, a trapper's beaver licence and a beaver trapline licence, the period of the open season in respect of which it is issued;
- (b) in relation to a fur exporter's licence, a fur dealer's store licence and a travelling fur dealer's licence, the period July 1 to June 30 following;
- (c) in relation to all other licences, during the period from the date of issue until December 31 in the same year.

(3) [Rep by 94/17 s4]

(4) A non-resident shall not be issued with a trapper's licence, a trapper's beaver licence or a beaver trapline licence.

17/84 s4; 185/84 s1; 229/88 s3; 44/12 s3; 1; 94/17 s4

Fur dealer's store licence

11. A fur dealer's store licence authorizes the purchase of the skins or pelts of fur bearing animals by any person upon the premises specified in that licence and not elsewhere.

17/84 s5

Travelling fur dealer's licence

12. A travelling fur dealer's licence authorizes the purchase of the skins or pelts of fur bearing animals at any place other than upon any premises in respect of which a fur dealer's store licence is required under these regulations.

17/84 s6

Issue of licences

13. The minister may issue, free of charge to a person, a fur exporter's licence for the export of the skin or pelt of any fur bearing animal as a specimen, gift or trophy or for scientific or other purposes, not for sale or profit.

17/84 s7

Hunting and trapping

14. (1) A person shall not hunt, trap, take or kill any fur bearing animal except during the open season prescribed in these regulations or in any order made under them.

(2) A person shall not possess a trap, snare or other device commonly used to take fur bearing animals in any area frequented by wild life except during the open seasons prescribed in an order made under these regulations.

(3) A person shall not hunt, take or kill a fur bearing animal by means of firearms except that the holder of a trapper's licence who is also the holder of a permit to carry firearms may use that firearm to kill fur bearing animals that are alive in traps or snares.

(4) Notwithstanding subsection (3),

(a) the hunting, taking and killing of fur bearing animals by means of firearms is permitted in the Labrador portion of the province; and

(b) the hunting, taking and killing of coyote, fox and lynx, by the holder of a trapper's licence using a center-fire rifle not greater than .225 calibre or a shotgun using shot size 2 or larger is permitted on the Island portion of the province.

17/84 s8; 5/09 s1; 94/17 s5

Wolf licence

15. (1) Upon application by a person, the minister may issue to that person a licence to take one wolf by shooting.

(2) A person shall not hunt, take or kill more than one wolf unless that person is the holder of a trapper's licence.

229/88 s4

Open season by order

16. The minister may, by order, prescribe an open season in respect of the fur bearing animals and that order may be made so as to apply to the whole of the province or to the part or parts of it that may be specified in the order.

17/84 s9

Bag limits

16.1 A person shall not take or kill in any open season more fur bearing animals than the quantity specified in an order made under these regulations.

94/17 s6

Prohibited activities

17. A person other than the holder of a licence issued and valid under these regulations shall not

- (a) trap, take or kill fur bearing animals;
- (b) [Rep. by 44/12 s4]
- (c) [Rep. by 44/12 s4]
- (d) export or attempt to export from the province any live fur bearing animals;
- (e) export or attempt to export from the province the skins or pelts of any fur bearing animals;
- (f) engage in the business of buying the skins or pelts of any fur bearing animals;
- (g) possess in areas frequented by wild life any trap, snare or other device commonly used to take fur bearing animals; or
- (h) purchase any fur bearing animal or the skin or pelt of any fur bearing animal from any person who is not the holder of a trapper's licence.

17/84 s10; 44/12 s4; 59/23 s6

Licences to be carried on person

18. The holder of a trapper's licence, trapper's beaver licence or beaver trapline licence shall not trap, take or kill any fur bearing animal unless the holder has the licence on the holder's person.

17/84 s11; 94/17 s7; 59/23 s7

Poison

19. The holder of a trapper's licence shall not be in possession of poison or poisonous ingredients while trapping.

17/84 s12

Fur farms

20. The owner or operator of a licensed fur farm or custodian of a fur bearing animal on a licensed fur farm shall not feed or cause to be fed the meat of any game animal to fur bearing animals maintained or kept in captivity on the licensed fur farm except under a permit from the minister.

44/12 s5

Export of animals

21. A person, on the person's own behalf or as agent for any person or common carrier, shall not receive for export or cause to be exported or carried out of the province any live fur bearing animal unless a live fur bearing animal export licence, issued and valid under these regulations, is produced to cover the shipment.

17/84 s14; 59/23 s8

Export of pelts

22. A person, on the person's own behalf or as agent for any person or common carrier, shall not receive for export or cause to be exported or carried out of the province the raw or undressed skin or pelt of a fur bearing animal except in pursuance and by virtue of a permit issued by the minister.

17/84 s15; 59/23 s9

Aiding and abetting export

23. The master, owner, purser, other officer or any member of the crew of any vessel or aircraft shall not abet or knowingly permit the export of any live fur bearing animal in respect of which a live fur bearing animal export licence has not been issued by the minister.

17/84 s16

Trapper's and fur exporter's licence return

24. (1) Every holder of a trapper's licence shall, on or before June 30, furnish to the Wild Life Division a return in the form that the minister may prescribe, setting out the number and kinds of fur bearing animals taken by the holder during the period of validity of the licence.

(2) The holder of a fur exporter's licence shall make a return to the Wild Life Division within 30 days of the date of the expiration of the licence upon the form and in the manner prescribed by the minister of the quantities and kinds and values of all skins or pelts of fur bearing animals exported under authority of the licence.

(3) Every holder of a fur exporter's licence who is not a resident of the province or who ceases to be a resident of the province shall make that return before leaving the province.

17/84 s17; 59/23 s10

PART III BEAVER

Beaver licence

25. The minister may prescribe by order

- (a) the area in which and the period during which beaver may be taken or killed;
- (b) the number of beaver which may be taken by each holder of a trapper's beaver licence or beaver trapline licence; and
- (c) the number of trapper's beaver licences and beaver trapline licences that may be issued in respect of the period referred to in paragraph (a).

17/84 s18; 94/17 s8

Licences

26. (1) A trapper's beaver licence and beaver trapline licence shall state the area in which and the period during which it is lawful for the holder of it to take or kill beaver.

(2) The holder of a licence referred to in subsection (1) shall be entitled to take or kill not more than the number of beaver specified in the licence.

(3) The holder of a licence referred to in subsection (1) is entitled to possess, between the dates specified in the licence, not more than the number specified in it of green or untanned or undressed hides or pelts of any beaver lawfully taken under the licence.

17/84 s19; 59/23 s11

Beaver Management Area

27. (1) This section applies to the trapping of beaver in any area designated as a Beaver Management Area in an order for beaver trapping and for the purpose of this section, "order" means an order made under these regulations.

(2) The minister may issue for any area designated in the order a beaver trapline licence to any person who, upon investigation, is found entitled to it.

(3) An applicant for a beaver trapline licence shall make application to the nearest wild life officer and with the application shall submit evidence as to the length of time the applicant has trapped and in the application shall describe as accurately as possible the area in which the applicant proposes to trap.

(4) A beaver trapline licence shall authorize the holder to trap beaver in and over the area described or shown on a plan or map provided to the holder and during the period or periods prescribed in the order.

(5) Where, in the opinion of the minister, the trapline area produces sufficient animals for 2 or more trappers, the minister may divide that area into 2 or more traplines as the minister may consider appropriate.

(6) Where, in the opinion of the minister, the trapline does not produce sufficient animals for one trapper, the minister may amalgamate 2 or more trapline areas into one as the minister considers appropriate.

(7) A person may not hold more than one trapper's beaver licence or more than one beaver trapline licence and a person may not hold both licences at the same time.

(8) A person other than the holder of a beaver trapline licence may not hunt, trap, take or possess any beaver in any trapline area but where the holder is unable to carry out the holder's trapline operations because of illness or other reasons, the minister may, upon application of the holder, authorize another party to take or possess beaver in or over the trapline area on behalf of the holder.

(9) Except as provided in subsection (8) the holder of a beaver trapline licence shall not employ or allow another person to hunt, trap, take or possess beaver in or over the trapline area assigned to the holder.

(10) The holder of a beaver trapline licence shall not hunt, trap or take beaver outside the trapline area assigned to the holder.

(11) The holder of a beaver trapline licence shall not use a trap that has not been tagged with a metal tag bearing the number of the holder's licence.

(12) Where any part of a Beaver Management Area is not being utilized as a trapline area, the minister may issue a special permit or licence authorizing beaver trapline in that area on those terms and conditions that the minister considers fair and reasonable.

(13) Beaver trapline licences may be renewed at the discretion of the minister on those terms and conditions and upon payment of those fees that may be in force but the holder of a trapline

licence in any year who wishes to renew that licence for the following year shall on or before October 15 apply for renewal of the licence.

(14) A person who fails, neglects or refuses to apply for a licence renewal before the date referred to in subsection (13) shall be considered to have forfeited the licence and the right to the trapline area covered by that licence and the forfeited licence may be granted to another applicant.

(15) The minister may, where the minister considers it necessary for conservation purposes, prohibit the holder of a beaver trapline licence from trapping over the area assigned to the holder but when that area may again be opened for trapping, that person shall have prior claim to any beaver trapline licence that may be issued so long as it has not been demonstrated that the person was responsible for the decline of the beaver in the trapline area.

(16) The holder of a beaver trapline licence shall fully utilize the trapline area assigned to the holder during a trapping season and failure to harvest a sufficient number of beaver shall be considered sufficient grounds for the cancellation of the beaver trapline licence.

(17) The minister may withhold renewal of a beaver trapline licence to a person who in the minister's opinion has failed to provide various data and beaver parts required to ensure the sound management of the species in that area and that licence shall not be renewed until the minister is satisfied that the person shall comply with those conditions in the future.

17/84 s20; 229/88 s5; 94/17 s9; 59/23 s12

Beaver pelts to be sealed and marked

28. The holder of a trapper's beaver licence and a beaver trapline licence who takes or kills a beaver shall, within 14 days after the close of the open season stated on that licence, present the cured pelts or skins of that beaver together with the licence issued to the holder and the return form attached to the licence to a wild life officer or shall forward them to the Wild Life Division so that the skins may be measured, sealed or marked in a manner prescribed by the minister.

17/84 s21; 59/23 s13

Pelts not taken by licensee

29. A person shall not present or permit to be presented to a wild life officer for sealing or marking the skin or pelt of a beaver that was not taken by the person in accordance with a valid trapper's beaver licence or a beaver trapline licence issued to that person in accordance with these regulations and a person shall not be a party to having or attempting to have a skin or pelt of any beaver sealed or marked by a wild life officer that was not taken under and in accordance with the licence that is presented to the wild life officer with the skins or pelts.

17/84 s22; 59/23 s14

Unsealed or unmarked pelts

30. A fur dealer or buyer shall not have any unsealed or unmarked beaver pelts in the fur dealer's or buyer's possession.

17/84 s23; 59/23 s15

Beaver dam

31. Except with the approval in writing of the minister, a person shall not take away, destroy or interfere with a beaver dam, beaver house or food stored by beaver.

17/84 s24

Active beaver habitat

32. A person, other than a person holding a trapper's beaver licence or a beaver trapline licence shall not set any trap or snare on an active beaver house, beaver dam or beaver path.

17/84 s25

Return filed by trapper

33. The holder of a trapper's beaver licence or a beaver trapline licence shall complete the return form attached to the licence whether or not any beaver were taken and forward it to the Wild Life Division within 14 days of the close of the open season stated in the licence.

17/84 s26

Return filed by dealer

34. The holder of a fur dealer's store licence or a travelling fur dealer's licence shall complete the return form attached to the licence and forward it to the Wild Life Division within 30 days of the date of expiration of the licence.

PART IV BIG GAME

Big game

35. (1) The minister may, upon application by a person or any 2 or more persons, issue a big game licence to take big game by shooting.

(1.1) The minister may, upon application by a person who applies for a licence under subsection (1) to take black bear by shooting, issue to that person a trapper's licence to take black bear by trapping.

(2) There shall be issued with every big game licence, except a big game licence for the shooting of bear, one or more seals or tags or both, and those seals or tags shall bear the same number as the licence.

(3) Every licence, seal or tag issued under subsections (1), (1.1) and (2) is valid only until the big game animal has been killed or for the period of the open season in respect of which the licence, seal or tag is issued, whichever first occurs.

(4) Where a big game licence is issued to 2 or more persons, each of those persons is for the purpose of these regulations considered to be the holder of that licence.

(5) A resident who holds a big game licence under this section that is issued through a draw process may hold only one big game licence to shoot a moose or one big game licence to shoot a caribou in a 12 month period ending April 30.

(6) Subsection (5) does not prevent the holder of either of the licences referred to in subsection (5) from holding a regular caribou hunting licence for the northern zone of Labrador nor does it prevent the holder of a special caribou licence or of a regular caribou licence for the northern zone of Labrador from holding one of the big game licences issued through a draw process.

(7) A person shall not possess or transport big game unless the seal or tag issued with the licence has been affixed and locked to the carcass between the tendon and the bone of each quarter so

that the seal or tag cannot be removed without breaking the lock or cutting, breaking or tearing the tag, tendon or bone.

(8) The seal or tag shall be affixed and locked on the big game animal before it is moved from the place of kill and before it is brought into a hunting camp, structure, dwelling or other place of abode occupied overnight or before being placed wholly or partially on a motor vehicle, snowmobile, all-terrain vehicle, aircraft or boat.

(9) The seal or tag affixed and locked on the big game animal shall remain in the possession of the licence holder or licence holders until the meat of that big game animal has been utilized.

(10) Where the holder of a licence gives an entire quarter of a big game animal gratuitously to another person, the seal or tag shall remain in the possession of that person until the person has utilized all the meat of that quarter.

(11) Every holder of a big game licence shall be named and described in that licence.

(12) When 2 persons are the holders of one big game licence, both of those persons may carry firearms and hunt provided they are in the immediate area of and within sight of each other while both are hunting and both licence holders are guilty of an offence if they are not in the immediate area of and within sight of each other while hunting.

(13) Either of the holders of one big game licence may hunt alone provided that the holder has the licence and seals or tags issued with that licence on the holder's person.

(14) The persons who are named in a licence to shoot big game are the only persons eligible to hunt with the licence.

(15) One moose or one caribou may be taken for each big game licence and if more than one is taken, both holders of the licence are guilty of an offence.

(16) Subsections (9) to (13) do not apply in the Labrador portion of the province where one person may be designated to hunt for another in accordance with the provisions of an order made under these regulations.

(17) When more than 2 persons are the holders of one big game licence to hunt polar bear, all of those persons may carry firearms and hunt provided they are in the immediate area of and in sight of each other while hunting and all licence holders are guilty of an offence if they are not in the immediate area of and within sight of each other while hunting.

(18) For the purposes of this section, place of kill means the area included in a 10 metre radius from where the animal is dropped by the hunter.

Hunter with a disability

36.2 (1) The minister may, upon application from a person who has a disability affecting hunting activities, issue a big game licence under [section 35](#).

(2) A hunter with a disability

(a) who is legally blind shall; or

(b) who is not legally blind may

specify one designated hunter to shoot and retrieve the type and sex of big game animal named on the licence of the hunter with a disability.

(3) A designated hunter shall, at all times while hunting for a hunter with a disability,

(a) keep the hunter with a disability within sight or keep within 800 metres of the hunter with a disability; and

(b) possess the licence and tags of the hunter with a disability.

(4) Notwithstanding paragraph (3)(a), a designated hunter is not required to keep the hunter with a disability within sight or keep within 800 metres of the hunter with a disability when that designated hunter is in pursuit of an animal that the designated hunter has injured.

(5) A person may not be specified as a designated hunter more than once in a season.

Open season by order

38. The minister may, by order, prescribe an open season in respect of the big game animals and that order may be made so as to apply to the whole of the province or to the part or parts of it that may be specified in the order.

17/84 s31

Prohibition

39. (1) A person shall not hunt, take or kill any big game except during the open seasons prescribed in an order made under these regulations.

(2) A person shall not hunt, take or kill in an open season any big game other than the number, kind or sex named in the person's licence or designated in an order made under these regulations.

(3) A person who kills, cripples or wounds a big game animal shall immediately make all reasonable efforts to retrieve that animal.

17/84 s32; 59/23 s19

Use of dogs

40. (1) A person shall not use a dog for the purpose of hunting big game.

(2) A person shall not, while hunting small game with a dog, hunt, take or kill any big game and if the dog, accompanied by a person hunting small game, hunts, tracks, follows, pursues or worries big game, then that person shall be guilty of an offence.

(3) A person who owns a dog shall not permit the dog to chase or harass wild life.

(4) Notwithstanding subsection (3), dogs may be used to hunt and retrieve small game during the open seasons for that game.

17/84 s33; 229/88 s11; 183/90 s4

Big game not to be molested while swimming

41. A person shall not hunt, take, kill or molest any big game while the game is swimming.

17/84 s34

Hunting at night

42. (1) A person shall not make use of or take advantage of any artificial light or device involving the use of artificial light to hunt, take or kill any game.

(2) A person shall not hunt, take or kill big game during the period commencing one-half hour after sunset on any day ending and ending one-half hour before sunrise on the day next following.

(3) Notwithstanding subsections (1) and (2), where moose are considered by the minister to be a nuisance or menace and written permission of the minister or the minister's agent is obtained under [section 88](#), a person may use an artificial light or device referenced in subsection (1) and may shoot or kill moose during the period referenced in subsection (2).

PART V.2 SALE AND DONATION OF GAME

Sale of game

81.4 (1) The minister may issue a wild meat service licence authorizing the owner or operator of a tourist accommodation registered under the [Tourist Accommodations Act](#) or a person licensed under the [Food and Drugs Act](#) (Canada) to

(a) purchase big game and small game, except migratory birds, from the holder of a permit to sell big game and small game, during the open season and for 7 days after the open season; and

(b) serve meat of that game to customers.

(2) The holder of a big game licence may obtain a permit from a wild life officer to sell big game to any holder of a wild meat service licence during the open season and for 7 days after the open season.

(3) The holder of a small game licence may obtain a permit from a wild life officer to sell small game, except migratory birds, to any holder of a wild meat service licence during the open season and for 7 days after the open season.

(4) A person shall not sell, purchase or offer to sell or purchase any migratory bird.

(5) A wild meat service licence shall expire on August 31 in each year.

(6) The holder of a wild meat service licence shall keep records and make a return to the Wild Life Division at the end of each month recording the following information:

(a) the name and address of the sellers;

(b) the purchases made during the month;

(c) the quantities served during the month; and

(d) the stock on hand at the end of the month.

(7) The holder of a wild meat service licence shall produce the records referred to in subsection (6) when requested to do so by a wild life officer.

(8) The holder of a wild meat service licence shall not sell, serve or offer to sell or serve big game meat or small game meat except in the form of prepared meals.

59/23 s32

Permission to serve game

81.5 Notwithstanding anything contained in these regulations, the minister or the minister's agent may by written permission authorize any religious, charitable or educational organization to serve big game meat or small game meat in the form of prepared meals, for which a charge is made, where the big game or small game

(a) has been taken by the organization in accordance with these regulations; or

(b) has been donated by a licence holder to the organization.

59/23 s32

Traffic in ptarmigan

81.6 Subject to [sections 81.4](#) and [81.5](#), a person shall not sell, purchase or offer to sell or purchase any ptarmigan and an owner or occupier of a restaurant, boarding house, roadhouse, tavern, lunch counter or tourist accommodation as defined by the [Tourist Accommodations Act](#) shall not serve ptarmigan or cause or permit ptarmigan to be served.

59/23 s32

Donation of game

81.7 (1) The minister may issue a donated game licence to a registered food bank authorizing the registered food bank to

(a) receive from a licence holder, during the open season and up to and including the date immediately before the start of the next open season,

(i) big game meat, that has been prepared by a licensed butcher, and

(ii) small game meat, except migratory birds; and

(b) provide the meat referred to in paragraph (a) without charge to customers of the registered food bank.

(2) A licence holder may donate meat referred to in paragraph (1)(a) to any holder of a donated game licence during the open season and up to and including the date immediately before the start of the next open season.

(3) A donated game licence shall expire on August 31 in each year.

(4) A registered food bank that has been issued a donated game licence shall keep records and make a return to the Wild Life Division at the end of each month recording the following information:

- (a) the name and address of the licence holders who donated meat in accordance with this section;
- (b) the amount of donations received during the month;
- (c) the quantities distributed during the month; and
- (d) the stock on hand at the end of the month.

(5) A registered food bank that has been issued a donated game licence shall produce the records referred to in subsection (4) when requested to do so by a wild life officer.

PART VI WILD LIFE

Possession of live wild life

82. Subject to [subsection 7\(3\)](#) of the [Act](#) and subject to these regulations, every person in possession or control of live wild life shall, immediately upon coming into that possession or control, apply in writing to the minister for a permit to keep the live wild life in captivity.

17/84 s57

Possession of live captive fur bearing animals

82.1 (1) Notwithstanding subsection 2.1(1), every person in possession or control of a live fur bearing animal that has been born or bred in captivity and is to be maintained or kept in captivity on a licensed fur farm shall, immediately upon coming into that possession or control, apply in writing to the minister for a permit to keep the live fur bearing animal in captivity.

(2) This section does not apply to *Mustela vison* (mink), *Vulpes vulpes* (Coloured fox) or *Alopex lagopus* (Blue (Arctic) Fox) but does apply to a hybrid of one or both of those species.

44/12 s6; 17/94

Import of wild life

83. (1) Except with the prior written permission of the minister,

- (a) a person shall not import or bring into the province any wild animal;
- (b) a person shall not bring into the island portion of the province from Labrador any wild animal.

(2) For the purpose of this part the term "wild animal" means any live animal, including without limitation, any amphibian, arthropod, bird, coelenterate, crustacean, fish, other invertebrate, mammal, mollusk or reptile, whether or not bred, hatched or born in captivity and including any egg or offspring of them.

(3) A person shall not have possession of any wild animal which has been imported into the province or has been brought into the island portion of the province from Labrador without the prior written permission of the minister.

(4) This section does not apply to wild animals set out in Schedule B.

17/84 s58

Import of captive fur bearing animals

83.1 (1) Notwithstanding subsection 2.1(1), except with the prior written permission of the minister, a person shall not

- (a) import or bring into the province; or
- (b) bring into the island portion of the province from Labrador

a fur bearing animal that has been born or bred in captivity and is to be maintained or kept in captivity on a licensed fur farm.

(2) A person shall not have possession of a fur bearing animal that has been born or bred in captivity and is maintained or kept in captivity on a licensed fur farm, which has been imported into the province or has been brought into the island portion of the province from Labrador without the prior written permission of the minister.

(3) This section does not apply to *Mustela vison* (mink), *Vulpes vulpes* (Coloured fox) or *Alopex lagopus* (Blue (Arctic) Fox) but does apply to a hybrid of one or both of those species.

44/12 s7;17/94 s1

Release of wild life

84. A person shall not release into natural cover any wild animal imported into the province or propagated from stock imported into the province or brought into the island portion of the province from Labrador or propagated from stock brought from Labrador .

17/84 s59

Release of animals from fur farm prohibited

84.1 Notwithstanding subsection 2.1(1), a person shall not release or permit the escape of, or attempt to release or permit the escape of, a fur bearing animal that is maintained or kept in captivity on a licensed fur farm.

44/12 s8

Export of wild life

85. A person shall not export, take or carry any wild life out of the province except in pursuance to and by virtue of a permit issued by the minister or the minister's agent.

17/84 s60; 59/23 s33

Scientific purposes

86. These regulations do not apply to a person who does an act prohibited by the regulations if it is done for scientific purposes or for the purpose of conservation of wild life and the person has obtained before the act the written permission of the minister or the minister's agent.

17/84 s61; 59/23 s34

Special circumstances

86.1 (1) Notwithstanding anything contained in these regulations, the minister or an agent of the minister may issue a permit authorizing a person to hunt, angle for, take, capture or kill wild life where the minister or agent of the minister is satisfied that

- (a) special circumstances exist; and
- (b) the hunting, angling for, taking, capturing or killing of wild life does not pose a threat to species conservation or wild life management.

(2) For the purposes of subsection (1), "special circumstances" include activities, not otherwise licensed or permitted under these regulations, which

- (a) are undertaken for an educational purpose; or
- (b) promote the province.

(3) Notwithstanding anything contained in these regulations, the minister or an agent of the minister may, in a permit issued under subsection (1), prescribe terms and conditions respecting

- (a) the area of the province in which wild life may be hunted, angled for, taken, captured or killed;
- (b) the time period during which wild life may be hunted, angled for, taken, captured or killed;
- (c) the species of wild life that may be hunted, angled for, taken, captured or killed;
- (d) the methods by which wild life may be hunted, angled for, taken, captured or killed;
- (e) the requirement, if any, for hunting, angling, trapping or firearm safety courses or programs; and
- (f) the requirement, if any, to be accompanied by a licensed guide.

(4) A person who is issued a permit under subsection (1) shall pay the fee set by the minister.

68/22 s1

Exception

87. Notwithstanding anything contained in these regulations, the minister or the minister's agent may issue a permit authorizing the possession of any wild life for mounting that has been taken by accidental means.

17/84 s62; 229/88 s16; 59/23 s35

Nuisance wild life

88. Wild life species which are considered by the minister to be a nuisance or menace may be taken by shooting or trapping with the written permission of the minister or the minister's agent.

17/84 s63; 59/23 s36

Closed season except by order

89. In relation to any wild life species that is not named in an order made under these regulations, there is no open season.

17/84 s64; 94/17 s24

Traffic in wild life

90. A person shall not sell, purchase, offer to sell or purchase or otherwise traffic in or have possession or control of any wild life taken contrary to these regulations.

17/84 s65; 59/23 s37

PART VII LICENCES

Complimentary licences

91. The minister may issue game and fishing licences, tags and seals free of charge to the Lieutenant-Governor, the Premier, former premiers and distinguished visitors to the province.

94/17 s25; 59/23 s38

Training requirements

91.1 (1) A licence shall not be issued to a person, including a person who has a disability affecting hunting activities, to hunt, take or kill an animal

(a) by trapping unless the person has completed, where required by the minister, a trapping education course or program; and

(b) by shooting or with a firearm unless the person has completed, where required by the minister,

(i) a hunting education course or program, and

(ii) a firearm safety course or program.

(2) Notwithstanding paragraph (1)(b), a person who is legally blind may be exempted from the standard testing in a hunting education or firearm safety course or program which requires vision to perform if the person provides a certificate from a health care provider certifying that the person is legally blind.

94/17 s26; 59/23 s39

Consent required

91.2 (1) A licence that permits a youth to use a firearm shall not be issued to a youth without the written consent of a parent or a person who has custody of the youth where

- (a) the youth is under 16 years of age and the licence is a trapper's licence issued under Part II or III;
- (b) the youth is under 18 years of age and the licence is a big game licence issued under Part IV;
- (c) the youth is under 16 years of age and the licence is a small game licence issued under Part V; and
- (d) the youth is under 16 years of age and the licence is a coyote licence issued under Part V.1.

(2) The minister may prescribe the form in which written consent under this section is provided.

(3) A youth or a designated adult accompanying and supervising the youth shall carry the written consent required under subsection (1) while carrying, transporting, possessing or using firearms in any place frequented by wild life.

(4) A youth under 16 years of age who is hunting under the authority of a permit issued under the [Migratory Birds Convention Act, 1994](#) (Canada) or a designated adult accompanying and supervising the youth shall carry the written consent of a parent or person who has custody of the youth to hunt by shooting or with a firearm.

17/84 s66; 94/17 s25; 94/17 s26

Order re fees

92. Notwithstanding the fees prescribed by the minister, the minister may, by order,

- (a) designate areas or zones in the Labrador portion of the province in which free licences for the hunting of caribou and free licences for the hunting of black bear may be issued subject to the conditions set out in the order;
- (b) designate areas or zones in the Labrador portion of the province in which special licences for the hunting of caribou and special licences for the hunting of black bear may be issued at a fee prescribed by the minister subject to the conditions set out in the order; and
- (c) designate areas or zones in the Labrador portion of the province in which free licences for the hunting of small game may be issued subject to the conditions set out in the order.

17/84 s67; 188/89 s1; 18/91 s1

Loss of licence copy

93. A person who loses or otherwise destroys the person's big game hunting licence may be issued a duplicate replacement licence upon submission of a duly completed affidavit and the payment of a fee as prescribed by the minister.

17/84 s68; 59/23 s40

Fees

94. Subject to sections 91 and 92, the fees payable for various licences shall be as prescribed by the minister.

17/84 s69

Licence issuers

95. (1) A person who, on behalf of the minister, issues a hunting or fishing licence for which a fee is charged may, in addition to that fee, charge the applicant an amount set by the minister to compensate the person for the time taken to issue the licence.

(2) A person to whom subsection (1) applies shall also issue hunting and fishing licences for which no fee is charged but shall not charge the applicant an amount as compensation for the time taken to issue the licence.

20/99 s1

Issue of licence prohibited

96. A person shall not issue a hunting licence to a person under the ages specified in these regulations.

17/84 s71; 94/17 s27

Production of licences

97. (1) When requested or required to do so by a wild life officer, a person shall not refuse or neglect to produce or permit the examination of

- (a) game licences and tags;
- (b) permissions, consents and other documentation required to be carried under these regulations;
- (c) firearms and ammunition; and
- (d) wild life.

(2) A holder of a game licence, tag, permission, consent or other documentation issued or required under these regulations shall not permit it to be used by another person.

(3) Subsection (2) does not apply to a hunter with a disability who has specified a designated hunter to hunt for that hunter with a disability under a valid big game licence.

17/84 s72; 96/99 s8; 101/15 s9; 94/17 s28; 59/23 s41

False application

98. (1) A person shall not make a false statement or supply false information when applying for a hunting, trapping or fishing licence.

(2) A person shall not complete a big game licence application form on behalf of another person without the knowledge and consent of that person.

17/84 s73

Persons under prohibition

99. (1) A person shall not apply for a big game licence during the period during which the person is prohibited from holding a big game licence by order of a court made under the provisions of [section 29](#) of the [Wild Life Act](#) .

(2) A big game licence shall be invalid if it is issued to a person who is prohibited from holding a big game licence by order of a court made under provisions of the [Wild Life Act](#).

(3) A person shall not apply for a licence to hunt game during the period during which the person is prohibited by a court from possessing a firearm.

(4) A licence to hunt shall not be issued to a person who is prohibited by a court from possessing a firearm.

(5) A licence to hunt shall be invalid if it is issued to a person who is prohibited by a court from possessing a firearm.

(6) Notwithstanding subsections (3), (4) and (5), a person who is prohibited by a court from possessing a firearm may be issued a small game licence for snaring which shall be clearly marked "not valid for shooting".

17/84 s74; 229/88 s17; 59/23 s42

Residents and non-residents

100. (1) A resident shall not apply for a big game licence with a non-resident.

(2) A non-resident and a person on behalf of a non-resident shall not apply for a big game licence with a resident.

(3) A non-resident shall not participate in the big game licence draw for residents.

(4) A non-resident and a person on behalf of a non-resident shall not apply for a resident small game licence.

(5) A big game licence shall be invalid if it is issued

(a) to a resident and a non-resident; or

(b) to a non-resident as a result of the big game licence draw for residents.

17/84 s75

Alteration or transfer of licence

101. (1) A person shall not alter, change or deface in a material manner or loan or transfer to another person a hunting, trapping or inland fishery licence or written permission or tag issued under the Act or these regulations.

(2) A person shall not angle for or hunt, take or kill wild life while in possession of or acting upon an inland fishery licence or a hunting or trapping licence or written permission or tag that has been altered, changed, defaced, loaned or transferred.

(3) A person shall not carry or possess any firearm in an area known to be frequented by wild life while in possession of or acting upon any hunting licence or written permission that has been altered, changed, defaced, loaned or transferred.

(4) In this section, "transfer" does not include the possession of a licence of a hunter with a disability by a designated hunter as required by subsection 36.2(3).

PART VII.1 YOUTH SHOOTING LICENCES AND

DESIGNATED ADULTS

Designated adult required

101.1 (1) A designated adult shall accompany and supervise a youth while the youth is hunting, taking or killing an animal by shooting

- (a) under a trapper's licence issued under Part II or III and the youth is 12 years of age or over but under 16 years of age;
 - (b) under a big game licence issued under Part IV and the youth is 16 years of age or over but under 18 years of age;
 - (c) under a small game licence issued under Part V and the youth is 12 years of age or over but under 16 years of age;
 - (d) under a coyote licence issued under Part V.1 and the youth is 12 years of age or over but under 16 years of age; and
 - (e) under the authority of a permit issued under the [Migratory Birds Convention Act, 1994](#) (Canada) and the youth is 12 years of age or over but under 16 years of age.
- (2) While accompanying and supervising a youth, a designated adult shall, at all times,
- (a) remain within arm's length of the youth; and
 - (b) be able to take control of the firearm if necessary.
- (3) A designated adult shall not accompany and supervise more than 2 youths at one time.

94/17 s30

Injured animals

101.2 (1) Notwithstanding the requirement under these regulations to hold a valid licence in order to hunt, take or kill an animal by shooting or with a firearm, a designated adult may shoot an animal that has been injured by a youth hunting under a valid licence for the purpose of assisting the youth.

(2) Notwithstanding paragraph 101.1(2)(a), a designated adult assisting a youth under subsection (1) shall keep the youth within sight at all times.

(3) Notwithstanding paragraph 101.1(2)(a), a designated adult is not required to keep the youth within sight at all times where the designated adult is pursuing an animal that has been injured by the youth.

94/17 s30

Designated adults generally

101.3 (1) A person shall not be a designated adult unless

- (a) the person is over the age of 18 years;
- (b) the person is not prohibited from carrying, transporting, possessing or using a firearm or from being a designated adult;
- (c) the person is eligible for the same type of licence under which the youth is hunting, taking or killing an animal by shooting; and

(d) where the person is not a parent of the youth or does not have custody of the youth, the person has been designated by a parent or person with custody of the youth to accompany and supervise the youth while the youth is hunting, taking or killing an animal by shooting.

(2) A designated adult shall carry evidence of eligibility under paragraph (1)(c) while accompanying and supervising a youth.

(3) A designation under paragraph (1)(d) shall be in writing and signed by a parent or person in custody of the youth.

(4) A designated adult or the youth that the designated adult is accompanying and supervising shall carry the designation required under this section while the youth is hunting, taking or killing an animal by shooting.

94/17 s30; 59/23 s43

Offences

101.4 (1) A designated adult who contravenes a requirement or obligation imposed on the designated adult under this Part is guilty of an offence and liable on summary conviction

(a) for a first offence to a fine of not less than \$300 nor more than \$500 and in default of payment to imprisonment for a period not exceeding 6 months;

(b) for a second offence that occurs within 3 years of the first conviction to a fine of not less than \$300 nor more than \$500 and in default of payment to imprisonment for a period not exceeding 6 months; and

(c) for a subsequent offence that occurs within 3 years of the previous convictions to a fine of \$500 and in default of payment to imprisonment for a period not exceeding 6 months.

(2) Where a person is convicted of an offence under paragraph (1)(b), the Provincial Court judge shall, in addition to another penalty imposed for the offence, make an order prohibiting the person from being a designated adult under these regulations for a period of 2 years from the date of conviction.

(3) Where a person is convicted of an offence under paragraph (1)(c), the Provincial Court judge shall, in addition to another penalty imposed for the offence, make an order prohibiting the person from

(a) being a designated adult under these regulations for a period of 5 years from the date of conviction; and

(b) holding a trapper's licence issued under Part II or Part IV, a big game licence issued under Part IV or a small game licence issued under Part V for 5 years from the date of conviction.

(4) A person is guilty of an offence who, during a period of prohibition under subsection (2) or (3), accompanies or supervises a youth as a designated adult, applies for a licence, obtains a licence or makes a false statement for the purpose of obtaining a licence.

PART VIII DOGS

Prohibition

102. A person shall not take a dog to a place frequented by wild life from April 1 to August 31 in any year.

17/84 s77

Exception

103. Notwithstanding [section 102](#), the minister or the minister's agent may issue a permit

- (a) to individuals or organizations participating in dog field trials or dog field training; or
- (b) to a hunter with a disability who requires the use of a service animal that is a dog,

subject to any conditions that may be included in the permit.

96/99 s10; 101/15 s11; 59/23 s45

Destruction of dogs

104. A wild life officer may destroy or cause to be destroyed any dog which is found harassing wild life.

17/84 s79

PART IX GENERAL

Prohibition on use of aircraft or vehicle

105. (1) A person shall not hunt wild life from any aircraft or any four-wheel drive motor vehicle or motor vehicle equipped with a caterpillar or track-tread, whether in motion or otherwise, but this shall not limit the use of a vehicle when being used for transportation purposes only.

(2) A person shall not use any aircraft in locating, spotting or searching for wild life for the purposes of directing or assisting the person or another person to destroy or capture the wild life.

(3) A person other than the holder of a valid game licence shall not carry or possess a firearm in an aircraft without first having obtained a permit from the minister.

(4) Subsection (3) shall not apply to equipment carried on any aircraft in compliance with the provisions of the [Aeronautics Act](#) (Canada), the *Air Regulations* (Canada) and orders made under them or any aircraft flying a scheduled air service route.

(5) Where a person violates the provisions of these regulations while in an aircraft, four-wheel drive motor vehicle or motor vehicle equipped with a caterpillar or track-tread and the actual offender has not been ascertained and prosecuted, the person in control of the aircraft or motor vehicle at the time of the offence is responsible for the violation and may be prosecuted as the offender.

(6) Nothing in subsection (5) relieves the actual offender from liability for the violation.

17/84 s80; 229/88 s19; 94/17 s31; 59/23 s46

Harassment of wild life

106. A person shall not operate an aircraft, motor vehicle, vessel, snow machine or all-terrain vehicle in a manner that will harass any wild life.

Firearms, ammunition, permits and licences

107. (1) A person other than a person holding a permit to carry, transport or possess firearms or ammunition issued to the person by the minister or the minister's agent shall not during the closed season carry, transport or possess a firearm or ammunition in any place known to be frequented by wild life, but a person travelling to a hunting area may, if the person holds the proper game licence, carry, transport or possess a firearm or ammunition in an area known to be frequented by wild life if the firearm is cased or securely wrapped and tied.

(2) [Rep. by NLR 20/06 s4]

(3) A person shall not during any closed season for big game carry, transport or possess

(a) a rifle or single bullet;

(b) a rifled slug that can be fired from a shot gun; or

(c) a ball that can be fired from a muzzle loader,

in any place known to be frequented by wild life, except a person during the prescribed open seasons may hunt small game with a rim-fire rifle not greater than .22 calibre or coyote with a centre-fire rifle not greater than .225 calibre.

(4) A person other than the holder of a valid game licence issued to the person shall not carry, transport or possess a firearm or ammunition during the open seasons for shooting in any place frequented by wild life, unless authorized by the minister or the minister's agent.

(4.1) Notwithstanding subsection (4), a person who is legally blind shall not carry, transport, possess or use a firearm for the purpose of hunting.

(4.2) A person shall carry an outdoor identification card or other identification recognized by the minister while the person is carrying, transporting, possessing or using a firearm under the authority of a valid licence in any place frequented by wild life.

(5) A person, other than the holder of a big game licence, shall not during an open season for big game carry, transport or possess

(a) a rifle or single bullet;

(b) a rifled slug that can be fired from a shotgun; or

(c) a ball that can be fired from a muzzle loader,

in any place known to be frequented by wild life within a management area other than the management area in which the big game licence is valid, except a person may, during the prescribed open seasons, hunt small game with a rim-fire rifle not greater than .22 calibre or coyote with a centre-fire rifle not greater than .225 calibre.

(6) A person shall not hunt, take or kill any wild life with a repeating, automatic or autoloading shotgun which has not been permanently plugged or altered so that it is incapable of holding of total of more than 3 shells at one time in the chamber and magazine.

(7) A person shall not carry, transport or possess a repeating, automatic or autoloading shotgun in an area frequented by wild life, unless that shotgun has been permanently plugged or altered so that it is incapable of holding a total of more than 3 shells in the chamber and magazine at one time.

(8) A person shall not use for hunting or shooting wild life a set gun, swivel gun or the apparatus known as a silencer and for the purpose of this subsection, "set gun" means a contrivance, device or firearm capable of discharging or projecting a missile which is set to operate otherwise than in the presence of and by the direct act of user.

(9) A person shall not carry, transport or possess a set gun, swivel gun or the apparatus known as a silencer in an area known to be frequented by wild life.

(10) A person under the age of 12 years shall not carry, transport, possess or use firearms in any place frequented by wild life, except when authorized by a permit issued by the minister or the minister's agent.

(10.1) A person under the age of 18 years shall be accompanied and supervised by a designated adult where required under Part VII.1 while carrying, transporting, possessing or using firearms in any place frequented by wild life.

(11) A person shall not hunt, take or kill wild life with fully automatic rifle.

(12) Rep. by NR 82/99 s1

(13) The holder of a trapper's licence may carry, transport, possess and use a rim-fire rifle not greater than .22 calibre to kill fur bearing animals that are alive in traps.

(14) A person shall not hunt, take or kill any big game by means of a rifle smaller than .243 calibre or a rifle using ammunition having a bullet weight of less than 100 grains or a muzzle energy less than 1,500 foot pounds or a shotgun smaller than 20 gauge calibre.

(15) Notwithstanding subsection (14), the minister may by order designate areas or zones in the Labrador portion of the province in which .22 calibre centre-fire rifles may be used to hunt big game.

(16) A person shall not hunt any wild life and a person shall not carry, transport or possess in any area frequented by wild life a firearm which propels a missile by means of compressed air, compressed gas or by a spring but this section shall not be construed as prohibiting the hunting of wild life with hunting bows and hunting arrows as provided for in [section 108](#).

(17) A person engaged in a timber operation or in maintenance of a timber operation or in a mining operation or in the construction or maintenance of a railway or public work shall not possess, during a closed season for big game, a firearm in the vicinity of a dwelling place or structure used in connection with that unless authorized by the minister or the minister's agent.

(18) A person shall not possess in a fishing camp, hunting camp, summer cottage or other camp or cottage a firearm, during the periods of closed season, except that the minister or the minister's agent may issue a permit to keep a firearm in that camp or cottage when the owner or occupier demonstrates the need to keep a firearm in that camp or cottage.

(19) A person shall not carry, transport or possess a loaded firearm in or on or discharge the same from any aircraft, motor car or other vehicle and for the purpose of this subsection a firearm shall be considered loaded if it has a loaded shell or cartridge in the barrel or in the magazine and that magazine is affixed to the firearm in its usual position or if an arrow is loaded in a long bow, compound bow or cross bow.

(20) A person shall not discharge a firearm from or across a railway, highway, public road or private road.

(21) A person shall not hunt, take or kill any big game by means of the fully metal cased non-exploding bullet or ball commonly known as service ammunition or subject to [section 108](#), by a missile other than a single bullet or ball.

(22) A person shall not carry, transport or possess a fully metal cased non-exploding bullet or ball commonly known as service ammunition in any area known to be frequented by wild life.

(23) A person shall not use or possess ammunition that has been cut, ringed or in any way altered in any area known to be frequented by wild life.

(24) A person holding a hunting licence shall not carry, transport or possess more than one firearm in an area known to be frequented by wild life unless each firearm in excess of one is unloaded and cased or securely wrapped and tied.

Hunting bows and arrows

108. (1) [Rep. by 50/20 s3]

(2) A person shall not hunt, take or kill any big game by means of a long bow and arrow unless the long bow has at least 20 kilograms pull at full draw.

(3) A person shall not hunt, take or kill any big game by means of a compound bow and arrow unless the compound bow has at least 20 kilograms pull at peak draw.

(3.1) A person shall not hunt, take or kill any small game or big game by means of a cross bow and arrow unless the cross bow has at least 68 kilograms pull at peak draw.

(4) A person shall not hunt, take or kill any big game by means of a long bow, compound bow or cross bow as provided in subsections (2), (3) and (3.1) unless the arrow is tipped with a metal hunting head possessing 2 or more cutting surfaces retaining a sharpened edge.

(5) A person shall not hunt, take or kill any small game by means of a long bow and arrow unless the long bow has at least 10 kilograms pull at full draw.

(6) A person shall not hunt, take or kill any small game by means of a compound bow and arrow unless the compound bow has at least 10 kilograms pull at peak draw.

(7) A person shall not hunt, take or kill any small game by means of a long bow, compound bow or cross bow as provided in subsections (3.1), (5) and (6) unless the arrow is tipped with a blunt, bludgeon or other small game tip designed to kill by shock.

(8) A person shall not hunt, take or kill any wild life with an arrow that is tipped with poison or a drug.

(9) A person shall not hunt, take or kill any wild life with an arrow that is equipped with barbed or explosive arrowheads.

(10) A person shall not carry, possess or transport any arrow tipped with poison or a drug in any area known to be frequented by wild life.

(11) A person shall not carry, possess or transport an arrow that is equipped with barbed or explosive arrowheads in any area known to be frequented by wild life.

17/84 s83; 50/20 s3

Checkstations

109. When directed by a wild life officer, every person shall stop at a wild life checkstation and shall produce the following for inspection:

- (a) game licences and tags;
- (b) permissions, consents and other documentation required to be carried under these regulations;
- (c) firearms and ammunition; and
- (d) wild life.

17/84 s84; 94/17 s34

Poison

110. Except with the written authorization of the minister or an agent of the minister, a person shall not take, kill or possess any wild life by means of poison or set, lay out, put, place, cause or permit to be set, laid out, put or placed any poison or poisonous ingredients that may endanger wild life.

229/88 s20

Hunting near dwellings, schools, etc.

111. (1) A person shall not discharge a firearm within 1,000 metres of a school, playground or athletic field or within 300 metres of a dwelling.

(2) Every person who, while hunting, discharges or causes to be discharged or handles a firearm without exercising reasonable care for the safety of other persons, is guilty of an offence and is liable on conviction to a fine of not more than \$500 or to imprisonment of a term of not more than 6 months, or both.

(3) A person shall not hunt or discharge a firearm within 1,000 metres of a commercial wood cutting operation that has been clearly marked by signs stating "No Hunting".

17/84 s87; 229/88 s22

Non-resident hunting

111.1 (1) In this section

- (a) "adjacent" means
 - (i) in the case of a lake or pond, the lake or pond at which a co-operative camp or a cottage is located, and
 - (ii) in the case of a river or stream, within 800 metres upstream or 800 metres downstream of a co-operative camp or a cottage;
- (b) "co-operative camp" means a non-commercial, private club, VIP camp or military camp that was in existence on May 18, 1990 and which is used for the purposes of sport fishing and hunting;
- (b.1) "cottage" means a cabin, cottage, country home, vacation home or other similar structure which is not a primary residence and which is owned by a resident of the province but does not include a co-operative camp or a property owned by a corporate person;

- (c) "direct relative" means a parent, grandparent, sibling, child, grandchild or in-law who is a resident of the province;
- (d) "outfitter" means the owner or operator of a camp site, lodge, cabin and related facilities constructed solely for the purpose of and used solely as a base for outfitting operations for sports fishing or hunting and related commercial recreational activities that is registered under the [Tourist Accommodations Act](#); and
- (e) "provincial highway" means a public highway maintained by the Department of Works, Services and Transportation and designated by a route number.

(2) A non-resident shall not hunt, take or kill big game in any part of the province without employing and being accompanied by a licensed guide.

(3) A non-resident shall not angle in non-scheduled inland waters of the province without possessing a valid non-resident

- (a) inland fishery licence to take trout; or
- (b) family inland fishery licence to take trout.

(3.1) A non-resident shall not angle in scheduled inland waters of the province without possessing a valid non-resident

- (a) inland fishery licence to take salmon; or
- (b) family inland fishery licence to take salmon.

(3.2) A non-resident, while angling in scheduled inland waters of the province, shall not retain trout without possessing a valid non-resident

- (a) inland fishery licence to take trout; or
- (b) family inland fishery licence to take trout.

(4) Within the island portion of the province and south of 52° north latitude in Labrador, a non-resident shall not angle in any waters set out in Schedule I of the [Newfoundland and Labrador Fishery Regulations](#) (Canada) or other waters more than 800 metres from a provincial highway unless accompanied by a licensed guide or a direct relative.

(5) North of 52° north latitude, a non-resident shall not angle for any species of fish in any inland waters without engaging the services of an outfitter except that

- (a) a non-resident who is the guest of a co-operative camp may angle in the waters adjacent to those camps if accompanied by a licensed guide;
- (b) a non-resident who is accompanied by a direct relative who is a resident may angle in any inland water north of 52° north latitude; and
- (c) in waters set out in Schedule I of the [Newfoundland and Labrador Fishery Regulations](#) (Canada), a non-resident licensed to fish for salmon may fish within 800 metres upstream and 800 metres downstream to a bridge on a provincial highway if accompanied by a licensed guide.

(6) A non-resident may angle in any inland water within 800 metres of a provincial highway, other than waters set out in Schedule I of the [Newfoundland and Labrador Fishery Regulations](#) (Canada), without using the services of an outfitter or without being accompanied by a licensed guide or a direct relative.

(7) When 2 or more non-residents hunt or angle together, the number of guides shall not be less than one guide for each 2 non-residents.

(8) Notwithstanding subsection (5), north of 52 ° north latitude, a non-resident who is a paying guest of a tourist accommodation registered under the [Tourist Accommodations Act](#) may angle for fish in inland waters provided that the non-resident

- (a) returns to that tourist accommodation each night;
- (b) utilizes the services of a licensed guide; and
- (c) does not fish within 2 kilometres, or a distance which the minister may establish, of an existing licensed outfitter camp site, lodge, cabin and related facilities.

(9) Notwithstanding subsection (5), a non-resident who is a guest of a resident of the province at a cottage located in Labrador may angle for fish in inland waters provided that

- (a) the non-resident fishes in waters adjacent to that cottage;
- (b) the non-resident is accompanied by a licensed guide; and
- (c) a fee is not charged and remuneration is not paid for the guide service or for lodging, accommodations or meals at that cottage.

Issue of permits

113. The minister or the minister's agent may

- (a) issue a permit referred to in these regulations in the form and subject to those terms and conditions that the minister may consider appropriate;
- (b) refuse to issue such a permit; or
- (c) having issued a permit, cancel it when it is shown to the minister's satisfaction that the person to whom it was issued has failed to comply with the terms and conditions of it.

17/84 s89; 59/23 s49

Orders by minister

114. Notwithstanding anything contained in these regulations, the minister may, by order,

- (a) close, alter or vary an open season prescribed in these regulations or in an order made under them;
- (b) prohibit the taking or killing of wild life in an area, or within a period or in a manner specified in the order, or generally;

- (c) exempt native persons living in the Labrador portion of the province from any or all of the provisions of these regulations;
- (d) prescribe reduced fees or increased bag limits or both for the hunting of moose in areas where the removal of animals may be necessary to prevent or remedy serious forest damage; or
- (e) prescribe bag limits which are not clearly prescribed and alter or vary bag limits which are prescribed by these regulations.
