

## Nova Scotia Fresh Fruit and Vegetable Regulations

made under Section 166 of the  
Agriculture and Marketing Act  
R.S.N.S. 1989, c. 6

O.I.C. 79-663, N.S. Reg. 84/79

as amended up to and including O.I.C. 92-1256 (Dec 22, 1992), N.S. Reg. 282/92

### Short title

1 These regulations may be cited as the Nova Scotia Fresh Fruit and Vegetable Regulations.

### Interpretation

2 (a) "Act" means the Agriculture and Marketing Act, Revised Statutes of Nova Scotia, 1989 and amendments thereto;

(b) "condition defects" means any defect that may develop in produce during storage, transit, or while on display for sale;

(c) "Department" means the Nova Scotia Department of Agriculture;

(d) "firm ripe" means, in reference to apples, that stage of the ripening process of apples when the flesh is crisp and does not yield to slight pressure;

(e) "grade name" means, a grade name established by these regulations and includes any mark, description or designation of a grade;

(f) "inspection certificate" means a certificate in such form as the Minister prescribes;

(g) "inspection point" means any point normally serviced by an inspector or where, in the opinion of the Minister, an inspection can conveniently be provided;

(h) "inspector" means a person appointed or designated as an inspector under the Act;

(i) "lot" means that quantity of produce that for any reason is considered separately from other produce as the subject of an inspection;

(j) "Minister" means the Minister of Agriculture for the Province of Nova Scotia;

(k) "package" means an inner or outer receptacle or covering used for containing, packing, wrapping or covering an agricultural product;

(l) "produce" means any fruit or vegetable for which grades are established by these regulations; and

(m) "rutabaga" means that vegetable commonly known as the "Swede Turnip" but does not include the usually smaller species known as "Summer Turnip".

### Part I

#### Grades and standards

3 (1) The grades for fresh fruit and vegetables are as set out in Schedule "A".

(2) The Minister may authorize grades not specified in Schedule "A" for experimental use only.

Cs (3) The standards for grades containing the word "Canada" are, subject to subsection (5), as set out in the Fresh Fruit and Vegetable Regulations made under the Canadian Agricultural Products Act and amendments thereto.

Subsection 3(3) amended: O.I.C. 92-1200, N.S. Reg. 264/92.

(4) The standards for grade names containing the words "Nova Scotia" shall, unless otherwise prescribed by the Minister or these regulations, be the same as their like number or term in the Fresh Fruit and Vegetable Regulations under the Canadian Agricultural Products Act and amendments thereto.

Subsection 3(4) amended: O.I.C. 92-1200, N.S. Reg. 264/92.

(5) A tolerance of five per cent in addition to that provided in the grade standards will be allowed for condition defects but, in the case of potatoes, not more than an additional one percent may be decay and in the case of other commodities mentioned herein not more than an additional two percent may be decay except at the time of shipment or at the time of repacking of any lot of fresh fruit or vegetables set out in Schedule "A" hereto.

(6) The "Nova Scotia Select" grade provided for in Section 1 of Table 1 in Schedule "A" applies only to the varieties Cox orange and Russet. The standards for this grade shall be the same as the "Canada Fancy" standards except the minimum diameter shall be 2 1/4".

Subsection 3(6) added: O.I.C. 92-1200, N.S. Reg. 264/92.

## Part II

### Packages and packaging

4 (1) Subject to subsection (2) and Sections 5 and 6, a grade name shall not be used in connection with produce unless it is packed

(a) in a package of a size and type specified in Schedule "B";

(b) if the produce is visible and identifiable in such a manner as to truly indicate the nature and quality of the contents; and

(c) in a sanitary manner.

(2) A grade name may be applied to produce other than

(a) apples, crabapples, cranberries, beets, brussel sprouts, carrots, onions, parsnips, potatoes, and rutabagas packed in bags, and

(b) tomatoes packed in tubes

if the products are packed in a transparent package of not more than 3 pounds net weight.

5 The Minister may authorize, for experimental use only, size and types of packages not specified in Schedule "B".

6 Paragraph [Clause] 1(a) of Section 4 does not apply to produce that is displayed in bulk in a retail store.

7 Strawberries, whether or not a grade is declared, shall be packed in quart or pint containers as specified in Schedule "B".

8 Blueberries, whether or not a grade name is declared, shall be packed in any suitable package in Table 1 of Schedule "B".

9 Packages containing fruits and vegetables, shall not be so stained, soiled, warped, broken or otherwise damaged as to affect the shipping quality or saleability of the fruits and vegetables packed therein.

10 Packages of produce, in connection with which a grade name is used shall if

(a) the package is of one-half bushel or more capacity and contains fruit, be securely closed in a manner commonly recognized in respect of the type of package except when displayed for retail sale;

(b) the package is a bag, be tightly and securely closed; or

(c) the package contains potatoes or onions, be clean and free from stains.

### Part III

#### Application

11 This part does not apply to a prepackaged product that is packaged in a wrapper or confining band of less than one-half inch in width.

#### Marking

12 (1) Subject to subsection (4), a grade name shall not be used in connection with produce unless the produce, the package in which it is packed, or a tag attached thereto, is marked with

(a) the name and business address of the person by whom or for whom the produce was packaged for resale;

(b) the grade of the produce;

(c) the common name of the produce if the package is not sufficiently transparent to readily identify the produce;

(d) the net quantity by numerical count if the package is not transparent and contains

(i) heads of lettuce or cauliflower,

(ii) ears of corn,

(iii) stalks of celery, or

(iv) greenhouse cucumbers;

(e) the number of specimens if the package contains tiered apples, pears or peaches;

(f) subject to subsection [clause] 12(1)(d), the net quantity by weight where produce is packed in a bag;

(g) the name of the variety if the package contains apples or pears;

(h) one of the size ranges specified for use with Canada apple grades when the package contains untiered apples unless the packages are of transparent material or an open basket of not more than eleven quarts capacity or contains apples of Canada Commercial Cooker grade;

(i) the net weight if the package contains beets, carrots, cabbage, onions, parsnips, potatoes, rhubarb, or rutabagas.

(2) In the case of produce to which the Canada Consumer Packaging and Labelling Regulations apply, all information required by these regulations to be shown on a label shall be shown in the manner that would be required if the information were information required under those regulations.

(2A) Where metric quantity markings are required in these regulations, the regulations respecting the use of metric markings as stated in the Canadian Agricultural Products Act and amendments thereto and regulations made pursuant thereto known as the Fresh Fruit and Vegetable regulations, shall apply.

Subsection 12(2A) replaced: O.I.C. 83-420, N.S. Reg. 59/83; amended: O.I.C. 92-1200, N.S. Reg. 264/92.

(3) When packages of produce bearing a grade name are packed in another container, the outer container or a tag attached thereto, shall be marked with

(a) the name and business address of the person by whom or for whom the produce was packaged for resale;

(b) the grade of the produce;

(c) the common name of the produce unless the produce is readily discernible without opening the outer container.

(4) The provisions of subsection (1) do not apply to produce in a bulk display in a retail store, except for apples, in which case the variety and grade of the apples must be indicated.

13 All marks required by this Part shall be

(a) readily discernible, of a permanent nature and of a size reasonable in proportion to the package, label or tag but shall not be less in height than

(i) one-eighth of an inch on tags or tomato tubes,

(ii) three-sixteenths of an inch on bags containing less than 10 pounds, and

(iii) one-quarter of an inch in all other cases;

(b) placed on one end of boxes, cartons, crates or lugs;

(c) stencilled, printed or interwoven on bags or placed on a suitable tag attached to the bag; or

(d) placed on the lid, handle, or one end of packages not referred to in paragraphs (b) or (c).

14 When a grade name is marked on a package, no other words or markings shall be placed on the package in such a manner as to appear to be part of the grade name or as to be mistaken for part of the grade name.

15 A package on which a grade name has been marked shall not have marked thereon

- (a) any legible marks that do not relate to the present contents of the package; or
- (b) any words or numbers that are false or misleading as to the contents of the package.

16 When the marking on a package is changed, the change shall be made in such a manner that the old marking cannot be confused with the new marking.

#### Part IV

##### Intraprovincial trade

17 These regulations shall apply to apples, apricots, asparagus, beets, blueberries, brussel sprouts, cabbage, cantaloupes, carrots, cauliflower, celery, cherries, sweet corn, crabapples, cranberries, field cucumbers, greenhouse cucumbers, grapes, head lettuce, onions, parsnips, peaches, pears, plums, potatoes, field rhubarb, rutabagas, strawberries, field tomatoes, and greenhouse tomatoes.

18 (1) No person shall sell, ship, transport, pack, advertise, offer for sale or have in his possession for sale any produce

- (a) that is below the minimum grade established for the product in these regulations;
- (b) that is in a package unless the package or a tag attached thereto bears the name of one of the grades established for the products in these regulations and meets the requirements prescribed for the grade and is packaged and marked in the prescribed manner.

Subsection 18(1) replaced: O.I.C. 82-1518, N.S. Reg. 254/82.

(2) Produce which has been transported into Nova Scotia shall not be repacked for sale in Nova Scotia unless it is graded and packaged in accordance with the provisions of these regulations.

19 Section 18 of the regulations does not apply to

(a) potatoes that have been certified in accordance with the Seeds Regulations, Part II, made pursuant to the Seeds Act, Chapter S-8 of the Revised Statutes of Canada, 1985, and amendments thereto, as seed potatoes;

Clause 19(a) amended: O.I.C. 92-1200, N.S. Reg. 264/92.

- (b) carrots, beets, or onions, the tops of which have not been removed;
- (c) blueberries or strawberries;
- (d) gift shipments of five packages or less;
- (e) produce which is below minimum grade when shipped to a manufacturing or processing plant;
- (f) produce sold by a producer to a consumer where that consumer becomes directly involved in the harvesting of the product; and
- (g) such other shipments as may be authorized by the Department under such conditions as it may prescribe.

20 A person who advertises the price of produce by means of mass media shall specify in the advertisement the grade, the weight or measure of the produce, and in the case of apples, the size range or content.

21 No person shall

- (a) misrepresent the variety, weight, measure, mark or markings, ownership, origin or storage requirements of fruits or vegetables;
- (b) use any registered number or mark assigned to any other person, or use any brand, stencil or label designating any other owner, packer or shipper; or
- (c) alter or efface any marks on any package of fruits or vegetables so as to misrepresent the contents.

22 No person shall sell, offer for sale, ship, transport, advertise or have in his possession for sale, any fruit or vegetables which would be injurious to public health.

## Part V

### Inspection

23 A person who wishes to have produce inspected shall

- (a) give at least twenty-four hours notice to an inspector, or if there is no inspector in the area, give at least forty-eight hours notice to the nearest inspector;
- (b) place the produce in such a manner that it is accessible and its quality and condition is fully disclosed; and
- (c) render the inspector such assistance as he may require.

24 An inspector may take or cut samples from produce he is inspecting.

25 After inspecting produce, an inspector may

- (a) issue an inspection certificate in respect of the produce;
- (b) issue a card signed by an inspector indicating that the produce has been inspected; or
- (c) withhold the inspection certificate and with other evidence or information pertaining to the inspection
  - (i) if he has reason to believe that because of latent defects due to climatic or other conditions, he is unable to determine the true quality or condition of the produce;
  - (ii) to facilitate the enforcement of the Act or any regulation thereunder; or
  - (iii) to give effect to instructions issued by the Department for control of intraprovincial shipment of produce.

26 (1) The Department may, upon the application of a person financially interested in a lot of produce, grant an appeal inspection with respect to an inspection certificate issued for the lot of produce.

(2) The application shall state the reasons for the applicant's dissatisfaction with the original inspection certificate.

(3) The Department shall refuse to grant an appeal inspection if

- (a) the produce cannot be made accessible for inspection;
  - (b) the lot has lost its identity; or
  - (c) less than seventy-five percent of the original lot is available for inspection.
- (4) If the Department grants an appeal inspection, the inspector making the appeal inspection shall confirm the original inspection certificate unless the findings of the original inspection do not substantiate the original certificate with respect to any factor that could not have changed subsequent to the original inspection, in which case he shall issue an appeal inspection certificate rendering the original inspection certificate null and void.

## Part VI

### Detention

27 Fruits and vegetables detained pursuant to Section 169 of the Act may be detained by an inspector at any place at the risk and expense of the owner thereof by attaching a detention tag, in Form I of Schedule C of these regulations, to a prominent place on the lot of fruits or vegetables.

28 Within twenty-four hours of attaching the detention tag referred to in Section 27, the inspector shall deliver or mail to the person in possession of the produce and to the owner of the produce, if known to the inspector, a duly completed Notice of Detention in Form II of Schedule C of these regulations.

29 No person shall alter, deface or remove the detention tag referred to in Section 27 and no person shall move, sell or otherwise dispose of any produce so detained until authorized by an inspector.

30 (1) When an inspector is satisfied that the produce held in detention complies with these regulations, he shall complete a Notice of Release in such Form III of Schedule C of these regulations.

(2) The inspector shall deliver or mail one copy of the Notice of Release to each of the persons to whom he sent a copy of the Notice of Detention referred to in Section 28.

31 Any produce forfeited under Part XVII of the Act shall be disposed of in such manner as the Minister may direct.

## Part VII

### Fees

32 Subject to this Part, the fees payable for the inspection of produce shall be as set in the Fresh Fruit and Vegetable Regulations made under the Canadian Agricultural Products Act and amendments thereto.

Section 32 replaced: O.I.C. 88-773, N.S. Reg. 171/88; amended O.I.C. 92-1200, N.S. Reg. 264/92.

33 The fee for an appeal inspection referred to in Section 26 shall be the fee payable under Section 32, except that no fee shall be assessed if the original inspection is not confirmed.

Section 33 replaced: O.I.C. 88-773, N.S. Reg. 171/88.

34 No fee shall be assessed for a release permit and no fee shall be assessed for gift shipments of fifteen packages or 250 kilograms or less, or such other shipments as may be authorized by the Minister.

Section 34 replaced: O.I.C. 88-773, N.S. Reg. 171/88.

Section 35 repealed: O.I.C. 88-773, N.S. Reg. 171/88.

36 Where travelling, telegram, telephone or other expenses are incurred in connection with the inspection of produce, the fees set out in this Part may be increased by the amount of such expenses.

37 The fees prescribed in this Part shall be payable by the applicant for inspection

(a) upon delivery of the inspection certificate;

(b) in the case of applicants holding authorized charge accounts, upon receipt of an invoice; or

(c) in advance of inspection if so requested by the inspector.

38 (1) The applicant for an inspection shall normally be supplied with only two copies of the inspection certificate but upon request to the inspector prior to issuance of the certificate, this may be increased to four copies at no additional charge.

(2) Upon request to the Department, any person financially interested in produce covered by an inspection certificate may be supplied with not more than four copies of the certificate.

Section 38(2) replaced: O.I.C. 88-773, N.S. Reg. 171/88.
