

# Forestry and National Park Estate Act 1998

## Reprint history:

Reprint No 1

23 May 2006

## Long Title

An Act to make provision with respect to forestry operations and the national park estate following regional resource and conservation assessments; to transfer certain State forest and other Crown lands to the national park estate or Aboriginal ownership; to provide for Ministerial agreements and a system of integrated approvals for future forestry operations; to amend the *Forestry Act 1916*, the *Timber Industry (Interim Protection) Act 1992* and certain other Acts; and for other purposes.

## Part 1 – Preliminary

### 1 Name of Act

This Act is the *Forestry and National Park Estate Act 1998*.

### 2 Commencement

- (1) This Act commences on a day or days to be appointed by proclamation, except as provided by this section.
- (2) The following provisions commence on the date of assent to this Act:
  - (a) section 44 and Schedule 9,
  - (b) section 48 and Schedule 13.
- (3) Parts 1 and 2 and Schedules 1-7 commence on 1 January 1999.

### 3 Definitions

In this Act:

**"Crown-timber lands"** has the same meaning as in the *Forestry Act 1916*.

**"forest agreement"** means a forest agreement referred to in Part 3 that is in force.

**"forestry operations"** means:

- (a) logging operations, namely, the cutting and removal of timber from land for the purpose of timber production, or
- (b) forest products operations, namely, the harvesting of products of trees, shrubs and other vegetation (other than timber) that are of economic value, or
- (c) on-going forest management operations, namely, activities relating to the management of land for timber production such as thinning, bush fire hazard reduction, bee-keeping, grazing and other silvicultural activities, or
- (d) ancillary road construction, namely, the provision of roads and fire trails, and the maintenance of existing railways, to enable or assist in the above operations.

**"integrated forestry operations approval"** means an approval referred to in Part 4 that is in force.

**"national park estate"** means:

- (a) land declared as a wilderness area under the *Wilderness Act 1987* or the *National Parks and Wildlife Act 1974*, or
- (b) land reserved or dedicated under the *National Parks and Wildlife Act 1974*, or
- (c) land dedicated or set apart as a flora reserve under the *Forestry Act 1916*, or
- (d) land dedicated or reserved for a similar public purpose under the *Crown Lands Act 1989*.

**"State forest"** means land dedicated under the *Forestry Act 1916* (or under the former *Forestry Act 1909*) as a State forest, being a dedication that is in force.

#### **4 Notes**

Notes included in this Act are explanatory notes and do not form part of this Act.

## **Part 2 – Land transfers to national park estate and Aboriginal ownership**

### **5 Revocation of dedication of certain lands as State forest and of reservation of associated flora reserves**

- (1) The dedication as State forest of the following lands is revoked:
  - (a) lands described in Schedule 1,
  - (b) lands described in Schedule 4,
  - (c) lands described in Schedule 5,
  - (d) lands described in Part 1 of Schedule 6.
- (2) Any notices under section 25A of the *Forestry Act 1916* that set apart, as flora reserves, areas of State forests whose dedication is revoked by subsection (1) are also revoked by this Act, but only to the extent to which they relate to flora reserves or parts of flora reserves situated within the lands referred to in that subsection.
- (3) Any notifications under section 19A of the *Forestry Act 1916* that declare, as national forests, areas of State forests whose dedication is revoked by subsection (1) are also revoked by this Act, but only to the extent to which they relate to national forests or parts of national forests situated within the lands referred to in that subsection.

### **6 Reservation or dedication of former State forest as national park, nature reserve or historic site**

The lands described in Schedule 1 are reserved or dedicated under the *National Parks and Wildlife Act 1974* as, or as part of, the following (as indicated in that Schedule):

- (a) national parks,
- (b) nature reserves,
- (c) historic sites.

### **7 Reservation or dedication of Crown lands as national park or nature reserve**

The lands described in Schedule 2 are reserved or dedicated under the *National Parks and Wildlife Act 1974* as, or as part of, the following (as indicated in that Schedule):

- (a) national parks,
- (b) nature reserves.

### **8 Setting apart of areas in State forest as flora reserves**

The lands described in Schedule 3 that are within State forests are set apart as, or as part of, flora reserves under the *Forestry Act 1916* (as indicated in that Schedule).

### **9 Dedication as Crown reserves under Crown Lands Act 1989 of certain former State forests**

- (1) The lands described in Schedule 4 are taken to be lands dedicated under the *Crown Lands Act 1989* for the purposes of public recreation, conservation and mineral and petroleum exploration.

- (2) The *Crown Lands Act 1989* applies to and in respect of the lands described in Schedule 4, except as provided by this Act.
- (3) A reserve trust is established under the name of the National Parks and Wildlife Reserve Trust. The reserve trust is appointed as trustee of the reserve consisting of all the land described in Schedule 4.
- (4) The Director-General of National Parks and Wildlife is appointed to manage the affairs of the reserve trust.
- (5) Nothing in this section prevents any land to which this section applies from being reserved, dedicated or acquired under the *National Parks and Wildlife Act 1974*.

#### **10 Vesting in NPW Minister of certain former State forests subject to existing leases**

- (1) The lands described in Schedule 5 vest in the Minister administering the *National Parks and Wildlife Act 1974* on behalf of the Crown for the purposes of Part 11 of the *National Parks and Wildlife Act 1974* for an estate in fee simple, freed and discharged from:
  - (a) all trusts, obligations, estates, interests, rights of way or other easements, and
  - (b) any dedication, reservation, Crown grant or vesting to which the lands were subject, and any such dedication, reservation, grant or vesting is revoked by the operation of this section.
- (2) Despite subsection (1), the lands described in Schedule 5 are not freed and discharged from any perpetual lease, special lease or term lease within the meaning of the *Crown Lands (Continued Tenures) Act 1989* to which the lands were subject immediately before their vesting under this section.

#### **11 Adjustment of description of land transferred to national park estate**

- (1) The description of any land in Schedules 1-5 may be adjusted in accordance with this section.
- (2) A description of land may be adjusted from time to time:
  - (a) to provide a more detailed description of the boundaries of the land that are shown on a map by heavy black edging, or
  - (b) to alter the boundaries of the land for the purposes of the effective management of national park estate land and State forest land, including adjustments to enable boundaries to follow distinctive land features, to provide access to land, to correct any inaccuracy in relation to land tenure included in the land description or to rationalise the boundaries of similar areas of land, or
  - (c) to include, remove or change a description of any easement or restriction to which the land is subject.
- (3) An adjustment of the description of land may include an alteration with respect to whether land is added to (or created as a new) national park, nature reserve or flora reserve, or with respect to the name of any new national park, nature reserve or flora reserve.
- (4) An adjustment of the description of land is to be made by the Director-General of National Parks and Wildlife by a notice published in the Gazette that amends Schedules 1-5. Any such notice may only be published with the approval of the Minister administering the *National Parks and Wildlife Act 1974* and the Minister administering the *Forestry Act 1916*.
- (5) The Director-General of National Parks and Wildlife is required to certify in any such notice that the adjustments effected by the notice will not result in any significant reduction in the size or value of national park estate land or State forest land.
- (6) An adjustment of the description of land may only be made before 28 February 1999.
- (7) If any of the land described in Schedules 1-5 on the commencement of those Schedules is not included in the adjusted description of the land, the land that is not so included is taken never to have been subject to or affected by this Part or the relevant Schedule.

(8) If land included in the adjusted description of the land includes any land not described in Schedules 1-5 on the commencement of those Schedules, the land concerned is taken to have been subject to this Part and the relevant Schedule on the commencement of this Part.

## **12 Transfer of former State forest and Crown lands to ownership of Local Aboriginal Land Councils**

(1) The lands described in Schedule 6 are to be transferred to the relevant Local Aboriginal Land Council (as indicated in that Schedule) by the Crown Lands Minister in accordance with Division 2 of Part 6 of the *Aboriginal Land Rights Act 1983*. For that purpose, the Crown Lands Minister is taken to have granted a claim under that Division for the lands (whether or not the lands are claimable Crown lands or any claim has in fact been made).

(2) The lands are to be transferred as soon as practicable after the commencement of this Part.

(3) The Crown Lands Minister may, in connection with the transfer of any such land, do any one or more of the following:

(a) cause the land to be surveyed and adjust the boundaries of the land described in Schedule 6 in accordance with the survey for the purpose of the transfer of the land,

(b) exclude from the transfer:

(i) an area within the East Boyd State Forest of approximately 20 hectares for purposes of, or associated with, a wharf, or

(ii) any other part of the land that is subject to an existing interest immediately before the transfer,

(c) make the transfer subject to any such existing interest,

(d) make the transfer subject to any condition relating to the use of the land for a government purpose, whether by way of the creation of an easement, covenant, lease or other interest in or affecting the land.

(4) In this section, "**Crown Lands Minister**" has the same meaning it has in section 36 of the *Aboriginal Land Rights Act 1983*.

## **13 Land transfers--ancillary and special provisions**

Schedule 7 has effect.

## **Part 3 – Forest agreements**

### **14 Making of agreements**

(1) Forest agreements may be made under this Part with respect to particular regions of the State.

(2) The parties to a forest agreement are to be the following Ministers:

(a) the Minister for Natural Resources,

(b) the Minister for the Environment,

(c) the Minister for Primary Industries.

(3) (Repealed)

(4) The relevant Ministers are required to make forest agreements in respect of the Eden region, the Lower North East region and the Upper North East region within 120 days after the commencement of this section or as soon as possible thereafter.

### **15 Requirement for NRC forest assessment before agreement made**

(1) A forest agreement may only be made in respect of a region that has been the subject of a regional forest assessment carried out by or on behalf of the Natural Resources Commission.

(2) Any such assessment is to include an assessment of the following (in the particular areas of the region that the Commission considers appropriate):

- (a) environment and heritage values (including indigenous heritage),
  - (b) economic and social values,
  - (c) ecologically sustainable forest management,
  - (d) timber resources.
- (3) For the purposes of this Act, the **"relevant regional forest assessment"** comprises any such assessment for the agreement concerned, together with any environmental impact statements obtained by the Forestry Commission or other determining authority under Part 5 of the *Environmental Planning and Assessment Act 1979*, or related environmental studies, that the parties to the agreement consider relevant.
- (4) For the purpose of making forest agreements with respect to the Eden region, the Lower North East region and the Upper North East region, assessments:
- (a) that are in existence on the commencement of this section, and
  - (b) that the parties to any such forest agreement consider relevant,
- are taken to satisfy the requirements of this section with respect to the relevant forestry assessment for that region and no further assessments are required under this section in connection with that forest agreement.

## **16 Contents of agreement**

- (1) A forest agreement must:
- (a) describe the region of the State to which it applies, and
  - (b) list the documents containing information about the relevant regional forest assessment.
- (2) A forest agreement must contain (but is not limited to) the following provisions with respect to land in the region:
- (a) provisions that promote ecologically sustainable forest management,
  - (b) provisions with respect to sustainable timber supply from forestry operations covered by the agreement,
  - (c) provisions with respect to community consultation on forestry operations and other matters covered by the agreement,
  - (d) provisions with respect to arrangements made or to be made relating to native title rights and interests or Aboriginal land claims,
  - (e) other provisions that the relevant Ministers consider appropriate and that are not inconsistent with this Act or any other Act or law relating to matters within their respective Ministerial portfolios.
- (3) A forest agreement is to refer to any integrated forestry operations approval for the region that has been granted or proposed to be granted at the time the agreement is made.

## **17 Public consultation on making agreement**

- (1) The Ministers who are to be parties to a proposed forest agreement are required to ensure that the public is given an opportunity to participate in connection with the making of the forest agreement.
- (2) The public participation is to include:
- (a) giving notice of the making of the proposed agreement (including notice of the place at which and times during which the proposed agreement will be available for public inspection) in a newspaper circulating throughout the State and also in a newspaper circulating in the region concerned, and
  - (b) making the proposed agreement available for public inspection, at the place and during the times specified in the notice, for at least 28 days after the notice is given in both of those newspapers, and
  - (c) inviting representations in connection with the proposed agreement within the time specified in the notice, and
  - (d) consideration of any such representation before the agreement is made.
- (3) This section does not apply to the making of forest agreements with respect to the Eden region, the Lower North East region and the Upper North East region (other than

the making of a forest agreement for any such region to replace any earlier such agreement).

### **18 Amendment or termination of agreement**

A forest agreement may be amended or terminated at any time jointly by the parties to the agreement.

### **19 Public consultation on amendment or revocation of agreement**

- (1) The Ministers who are parties to a forest agreement are required to ensure that the public is given an opportunity to participate in connection with any amendment or revocation of the forest agreement.
- (2) The public participation under this section is to include:
  - (a) giving notice of the proposed amendment or revocation (including notice of the place at which and times during which any proposed amendment will be available for public inspection) in a newspaper circulating throughout the State and also in a newspaper circulating in the region concerned, and
  - (b) making any proposed amendment available for public inspection, at the place and during the times specified in the notice, for at least 28 days after the notice is given in both of those newspapers, and
  - (c) inviting representations in connection with the proposed amendment or revocation within the time specified in the notice, and
  - (d) consideration of any such representation before the agreement is amended or revoked.

### **20 Review of agreements and related integrated forestry operations approvals**

- (1) The Ministers who are parties to a forest agreement are required to jointly review the agreement and any integrated forestry operations approval for the region.
- (2) A review is to be undertaken for the purposes only of assessing:
  - (a) the implementation of the provisions of the agreement, and
  - (b) whether integrated forestry operations approvals are effective in achieving the purpose of those approvals.
- (3) A review is to be undertaken by those Ministers every 5 years after the agreement is made.
- (4) Those Ministers are to ensure that the public is given an opportunity to participate in the review. The public participation is to include:
  - (a) giving at least 6 months' notice of the review (including the proposed terms of reference of the review) in a newspaper circulating throughout the State and also in a newspaper circulating in the region concerned, and
  - (b) inviting representations in connection with the proposed terms of reference within the time specified in the notice, and the consideration of any such representations before the terms of reference are settled, and
  - (c) giving notice of whether any changes are proposed to the forest agreement or to the integrated forestry operations approval (including notice of the place at which and times during which any proposed changes will be available for public inspection) in a newspaper circulating throughout the State and also in a newspaper circulating in the region concerned, and
  - (d) making any proposed changes available for public inspection, at the place and during the times specified in the notice, for at least 28 days after the notice is given in both of those newspapers, and
  - (e) inviting representations in connection with any proposed changes within the time specified in the notice, and
  - (f) consideration of any such representation before a decision is made on the outcome of the review and any changes are made.
- (5) The Ministers are to cause a report on the outcome of each review to be tabled in each

House of Parliament within 12 months after the end of the relevant 5-year period.

(6) Despite section 18, a forest agreement may not be amended as a result of a review under this section until the report on the outcome of the review has been tabled under subsection (5).

(7) A provision of any other Act for the review by a government agency or other body of a licence to which Division 3 of Part 4 applies has no effect with respect to the terms of a relevant licence set out in an integrated forestry operations approval.

(8) This section does not apply in respect of any integrated forestry operations approval prepared for the Community Conservation Area as defined by the *Brigalow and Nandewar Community Conservation Area Act 2005*.

## **21 Annual Parliamentary reports and tabling of documents by Minister**

(1) The Minister is to prepare an annual report on each forest agreement, including with respect to:

(a) ecologically sustainable forest management in the region, and

(b) compliance with any integrated forestry operations approval for the region.

(2) Each such report is to be tabled in each House of Parliament as soon as practicable after it is prepared. The report may be combined with any other report required to be tabled under this Act or any other annual report of the Department of Natural Resources.

(3) The Minister must cause a copy of the following to be furnished to the Presiding Officer of each House of Parliament within 7 days after the relevant matter arises:

(a) each forest agreement made under this Act, and any amendment or termination of a forest agreement (together with a statement of the reasons for the amendment or termination),

(b) each integrated forestry operations approval granted under this Act, and any amendment, suspension or revocation of an integrated forestry operations approval (together with a statement of the reasons for the amendment, suspension or revocation).

(4) A copy of any document furnished to the Presiding Officer under subsection (3) is to be laid before that House within 15 sitting days of that House after it is received by the Presiding Officer.

(5) The Presiding Officer of a House of Parliament is to make a document furnished to the Presiding Officer under subsection (3) public as soon as practicable after receiving the document if it has not been sooner laid before that House, whether or not the House is in session.

(6) If such a document is made public by the Presiding Officer of a House of Parliament before it is laid before that House, it attracts the same privileges and immunities as if it had been laid before that House.

(7) In this section, "**Presiding Officer**" means the President of the Legislative Council or the Speaker of the Legislative Assembly. However:

(a) if there is a vacancy in the office of President, the reference to the President is a reference to the Clerk of the Legislative Council, or

(b) if there is a vacancy in the office of Speaker, the reference to the Speaker is a reference to the Clerk of the Legislative Assembly.

## **22 Public notice and public availability of agreements, assessment documents, approvals and reports**

(1) The Minister must cause public notice to be given of the following in a newspaper circulating throughout the State and also in a newspaper circulating in the area concerned:

(a) the making of a forest agreement made under this Act, and any amendment or termination of a forest agreement,

(b) the granting of an integrated forestry operations approval under this Act, and any amendment, suspension or revocation of an integrated forestry operations

approval.

Any such notice is to state the place at which copies of the relevant documents will be available for public inspection.

(2) Copies of the following documents are to be available for public inspection at the head office and each regional office of the Department of Natural Resources, and at such other offices or places as the head of the Department directs:

- (a) each forest agreement made under this Act, and any amendment or termination of a forest agreement (together with a statement of the reasons for the amendment or termination),
- (b) each integrated forestry operations approval granted under this Act, and any amendment, suspension or revocation of an integrated forestry operations approval (together with a statement of the reasons for the amendment, suspension or revocation),
- (c) the terms of reference of each 5-yearly review of a forest agreement,
- (d) the last annual report on, and the report on the last 5-yearly review of, each forest agreement that are tabled in Parliament.

(3) A person may take copies of any such documents on payment of a charge determined by the head of the Department of Natural Resources to cover the actual cost of the copying.

(4) Any such document need only be available for public inspection during ordinary office hours.

(5) An obligation under subsection (1) or (2) is to be complied with within 7 days after the relevant matter arises.

(6) Copies of documents required to be made available under subsection (2) must also be made available, as soon as practicable, on the Internet by means of the website of the Department of Natural Resources.

## **23 Committees of advice--forest landscape management**

(1) The Minister administering the *Environmental Planning and Assessment Act 1979* may establish committees to provide advice to the Minister on the management of land in any region covered by a forest agreement.

(2) In particular, the Minister may establish any such committee with representatives of other specialist committees or bodies to co-ordinate advice over the range of land management issues in the region.

(3) The constitution and procedure of any such committee is to be determined by the Minister.

## **Part 4 – Integrated forestry operations approvals**

### **Division 1 – Preliminary**

#### **24 Forestry operations to which Part applies**

(1) This Part applies to forestry operations in State forests or other Crown-timber lands.

(2) This Part does not apply to forestry operations:

- (a) on any part of the national park estate, or
- (b) on plantations within the meaning of the *Plantations and Reafforestation Act 1999*, or
- (c) on any land for the purposes of clearing natural forest to establish such a plantation or for agricultural or other non-forestry uses.

#### **25 Purpose of integrated forestry operations approvals**

The purpose of this Part is to provide a framework for forestry operations to which this Part applies:

- (a) that is established in connection with a forest agreement made after forest assessments conducted by or on behalf of the Natural Resources Commission and other environmental

studies, and

(b) that integrates the regulatory regimes for environmental planning and assessment, for the protection of the environment and for threatened species conservation.

## **Division 2 – Approvals generally**

### **26 Granting of approvals**

(1) Approval for the carrying out of forestry operations to which this Part applies may be granted under this Part. Such an approval is called an **"integrated forestry operations approval"**.

(2) This Act does not prevent or affect the carrying out of forestry operations authorised by the *Forestry Act 1916* or any other Act or law. However, the carrying out of forestry operations to which an integrated forestry operations approval applies is subject to the terms of the approval.

Forestry operations the subject of an approval are excluded from environmental assessment and approval under Part 4 or 5 of the *Environmental Planning and Assessment Act 1979* --see section 36.

### **27 Approvals to be granted jointly by relevant Ministers**

(1) An integrated forestry operations approval may only be granted jointly by the following Ministers:

- (a) the Minister for Natural Resources,
- (b) the Minister for the Environment,
- (c) the Minister for Primary Industries.

(2) An integrated forestry operations approval is to be in writing signed by those Ministers.

### **28 Forest agreement prerequisite for approval**

(1) An integrated forestry operations approval may only be granted for the whole or any part of the area covered by a forest agreement.

(2) The integrated forestry operations approval for an area is revoked if the forest agreement for the area is terminated.

(3) This section does not apply in respect of the Community Conservation Area as defined by the *Brigalow and Nandewar Community Conservation Area Act 2005*.

### **29 Terms of approval**

(1) An integrated forestry operations approval is to describe the forestry operations covered by the approval, including a description of the area of the State to which it applies.

(2) The approval must set out conditions subject to which forestry operations covered by the approval are to be carried out.

(3) The approval may contain the terms of any relevant licences that are taken to be granted by the approval for forestry operations covered by the approval, as referred to in Division 3.

### **30 Duration of approval**

(1) An integrated forestry operations approval has effect for the period (not exceeding 20 years) specified in it, unless sooner revoked.

(2) A further approval or approvals may be granted after the expiry of an earlier approval, subject to subsection (1).

### **31 Revocation, suspension or amendment of approval**

(1) An integrated forestry operations approval may be amended, suspended or revoked at any time jointly by the Ministers authorised to grant the approval.

(2) An amendment of the approval extends to an amendment of the terms of any relevant licences provided by the approval.

(3) A suspension of the approval may extend to all or any of the forestry operations covered by the approval.

See section 20 for review of approvals every 5 years and for reports on approvals.

### **32 Civil enforcement of certain conditions of approval**

- (1) In this section: "**breach**" includes a threatened or apprehended breach. "**conditions**" means any conditions subject to which forestry operations covered by an integrated forestry operations approval may be carried out (other than the terms of a relevant licence set out in the approval). "**relevant Minister**", in relation to an integrated forestry operations approval, means a Minister who is a party to the approval (other than the Minister administering the *Forestry Act 1916*). Section 35 makes provision with respect to the enforcement of the terms of a relevant licence.
- (2) A relevant Minister may bring proceedings in the Land and Environment Court for an order to remedy or restrain a breach of the conditions of an integrated forestry operations approval.
- (3) Any such proceedings may be brought whether or not any right of the relevant Minister or the State has been or may be infringed by or as a result of the breach.
- (4) If the Land and Environment Court is satisfied that a breach has been committed or that a breach will, unless restrained by order of the Court, be committed, it may make such orders as it thinks fit to remedy or restrain the breach.
- (5) Without limiting the powers of the Court under this section, an order under this section may suspend an approval with respect to the forestry operations concerned in the breach.

### **Division 3 – Terms of relevant licences under integrated approval**

#### **33 Licences to which Division applies**

- (1) This Division applies to any of the following licences for forestry operations covered by an integrated forestry operations approval:
- (a) a licence under the *Pollution Control Act 1970* or, after the repeal of that Act, under the *Protection of the Environment Operations Act 1997*, or
  - (b) a licence under the *Threatened Species Conservation Act 1995*, or
  - (c) a licence under Part 7A of the *Fisheries Management Act 1994*.
- (2) Any such licence is referred to in this Division as a "**relevant licence**".
- (3) The Act under which such a licence is granted is referred to in this Division as "**the relevant Act**".

#### **34 Approval may set out terms of relevant licence**

- (1) An integrated forestry operations approval may set out the terms of any relevant licence. If the approval does so, any person carrying out forestry operations covered by the approval is taken to hold a licence in those terms under the relevant Act.
- (2) Any such licence has effect, for all purposes, as a licence granted under the relevant Act.
- (3) The Ministers granting the approval may rely on the information in the relevant regional forest assessment for the purpose of determining the terms of any relevant licence. In particular, a species impact statement or other separate environmental assessment is not required to be obtained for that purpose.
- (4) The terms of any relevant licence need not extend to all forestry operations covered by the approval.
- (5) Any licence previously granted under the relevant Act ceases to have effect to the extent that it deals with forestry operations covered by the approval and the terms of a relevant licence set out in the approval.
- (6) This section does not prevent the grant of a relevant licence under a relevant Act if it does not deal with forestry operations covered by the terms of a relevant licence set out in an integrated forestry operations approval.

#### **35 Enforcement of relevant licence**

- (1) The terms of a relevant licence set out in an integrated forestry operations approval are to be enforced (subject to this Act) in the same way as any other licence under the relevant Act. However, the terms of a relevant licence set out in an integrated forestry

operations approval cannot be varied, and the licence cannot be revoked, under the relevant Act. A contravention of the terms of a relevant licence makes the person carrying out the forestry operations liable for offences for which the licence provides a defence (eg damage to critical habitat of threatened species under the *National Parks and Wildlife Act 1974*; offence of polluting waters under the *Protection of the Environment Operations Act 1997*).

(2) The government agency responsible for the enforcement of a relevant licence must notify the Ministers who granted the approval of any contravention (of which it becomes aware) of the terms of the licence by the persons carrying out forestry operations covered by the approval. Section 31 provides that the Ministers may amend, suspend or revoke an approval at any time.

#### **Division 4 – Application of other legislation**

##### **36 Application of Environmental Planning and Assessment Act 1979**

(1) Part 5 of the *Environmental Planning and Assessment Act 1979* does not apply in respect of the carrying out of, or the granting of approval in relation to, forestry operations during any period that an integrated forestry operations approval applies to those operations. That Part does not apply to the granting or amendment of any such approval or to the making or amendment of a forest agreement.

(2) An environmental planning instrument under the *Environmental Planning and Assessment Act 1979* cannot prohibit, require development consent for or otherwise restrict forestry operations during any period that an integrated forestry operations approval applies to those operations.

(2A) Forestry operations cannot be declared to be a project under Part 3A of the *Environmental Planning and Assessment Act 1979* during any period that an integrated forestry operations approval applies to those operations.

(3) An order under Division 2A of Part 6 of the *Environmental Planning and Assessment Act 1979* does not have effect to the extent that it prevents or interferes with the carrying out of forestry operations authorised by an integrated forestry operations approval.

(4) Any approval of forestry operations that is in force under Division 4 of Part 5 of the *Environmental Planning and Assessment Act 1979* has no effect during any period that Part 5 of that Act does not apply to the forestry operations. Any development consent for forestry operations that is in force under Part 4 of the *Environmental Planning and Assessment Act 1979* has no effect during any period that development consent under Part 4 of that Act is not required for the forestry operations.

(5) Subsection (2) applies to an environmental planning instrument made before or after the commencement of this section.

##### **37 Application of National Parks and Wildlife Act 1974 and Threatened Species Conservation Act 1995**

(1) Part 6A (Stop work orders and interim protection orders) of the *National Parks and Wildlife Act 1974* does not apply to the carrying out of forestry operations during any period that an integrated forestry operations approval applies to those operations.

(2) However, subsection (1) does not prevent the making of an order for the purpose of protecting any Aboriginal relic or place.

(3) Division 1 of Part 7 (Stop work orders) of the *Threatened Species Conservation Act 1995* does not apply to the carrying out of forestry operations during any period that an integrated forestry operations approval applies to those operations.

##### **38 Application of Local Government Act orders**

An order under section 124 of the *Local Government Act 1993* does not have effect to the extent that it prevents or interferes with the carrying out of forestry operations authorised by an integrated forestry operations approval.

##### **39 Application of wilderness legislation**

An area in which forestry operations authorised by an integrated forestry operations approval

may be carried out cannot be proposed or identified as, or declared to be, a wilderness area under the *Wilderness Act 1987* or the *National Parks and Wildlife Act 1974*.

#### **40 Application of statutory provisions relating to proceedings by third parties**

(1) This section applies to the following statutory provisions:

- (a) section 25 of the *Environmental Offences and Penalties Act 1989*, or, after the repeal of that Act, section 252 or 253 of the *Protection of the Environment Operations Act 1997*,
- (b) a provision of an Act that gives any person a right to institute proceedings in a court to remedy or restrain a breach (or a threatened or apprehended breach) of the Act or an instrument made under the Act, whether or not any right of the person has been or may be infringed by or as a consequence of that breach,
- (c) section 13 (2A) of the *Environmental Offences and Penalties Act 1989* or, after the repeal of that Act, section 219 of the *Protection of the Environment Operations Act 1997*.

(2) Proceedings may not be brought under a statutory provision to which this section applies if the breach (or threatened or apprehended breach) to which the proceedings relate is as follows:

- (a) a breach of this Act (including a breach of any forest agreement),
- (b) a breach of an integrated forestry operations approval (including a breach of the terms of any licence provided by the approval),
- (c) a breach of an Act or law that arises because any defence provided by any such licence is not available as a result of a breach of the licence,
- (d) a breach of the Act that includes the statutory provision (including a breach of an instrument made under that Act) if the breach relates to forestry operations to which an integrated forestry operations approval applies.

(3) This section does not apply to any proceedings brought by:

- (a) a Minister, or
- (b) the Environment Protection Authority or a member of the staff of the Authority, or
- (c) in the case of the provision of an Act referred to in subsection (1) (b)--a government agency or any government official engaged in the execution or administration of the Act.

## **Schedule 7 Land transfers--ancillary and special provisions**

(Section 13)

### **1 Exclusion of freehold and certain leasehold interests**

(1) Land that a person holds:

(a) for an estate in fee simple, or

(b) under a perpetual lease, a special lease or a term lease within the meaning of the *Crown Lands (Continued Tenures) Act 1989*,

is not reserved or dedicated by the operation of Part 2 of this Act.

(2) This clause has effect despite any other provision of Part 2 of this Act.

### **2 Application of Part 2**

(1) Part 2 of this Act has effect despite the provisions of the *Forestry Act 1916* and, in particular, despite any different procedure for the revocation of State forests, flora reserves or national forests under that Act or the setting apart of flora reserves under that Act.

(2) Part 2 of this Act has effect despite the provisions of the *National Parks and Wildlife Act 1974* and, in particular, despite any different procedure for reserving or dedicating, or for vesting, land under that Act.

(3) Part 2 of this Act has effect despite the provisions of the *Crown Lands Act 1989* and, in particular, despite any different procedure for dedicating land under that Act.

### **3 Reservation of lands as national parks or historic sites**

(1) The lands reserved as national parks or historic sites by this Act are, for the purposes of the *National Parks and Wildlife Act 1974*, taken to have been so reserved by proclamation made under section 33 (2) of that Act. A name assigned to any such national park or historic site by this Act is taken to have been assigned to that park or site by a proclamation referred to in section 36 (a) of the *National Parks and Wildlife Act*

1974.

(2) The lands reserved as parts of national parks or historic sites by this Act are, for the purposes of the *National Parks and Wildlife Act 1974*, taken to have been so reserved by proclamation made under section 33 (3) of that Act.

(3) A reference in the *National Parks and Wildlife Act 1974* to the publication of a proclamation under section 33 (2) or (3) of that Act is, in relation to a reservation effected by this Act, taken to be a reference to the enactment of this Act.

(4) Section 35 of the *National Parks and Wildlife Act 1974* does not apply to a reservation of land as, or as part of, a national park or historic site that is effected by this Act.

#### **4 Dedication of lands as nature reserve**

(1) The lands dedicated as a nature reserve by this Act are, for the purposes of the *National Parks and Wildlife Act 1974*, taken to have been so dedicated by proclamation made under section 49 (1) of that Act. A name assigned to any such nature reserve by this Act is taken to have been assigned to that reserve by a proclamation referred to in section 51 (a) of the *National Parks and Wildlife Act 1974*.

(2) The lands dedicated as part of a nature reserve by this Act are, for the purposes of the *National Parks and Wildlife Act 1974*, taken to have been so dedicated by proclamation made under section 49 (2) of that Act.

(3) A reference in the *National Parks and Wildlife Act 1974*, being a reference to, or a reference to be construed as a reference to, the publication of a proclamation under section 49 (1) or (2) of that Act is, in relation to a dedication referred to in Part 2 of this Act, taken to be a reference to the enactment of this Act.

(4) Section 35 of the *National Parks and Wildlife Act 1974*, as applied to nature reserves by section 58 (b) of that Act, does not apply to a dedication of land as, or as part of, a nature reserve that is effected by this Act.

#### **5 Existing leases under Forestry Act 1916**

Section 42 (2) of the *National Parks and Wildlife Act 1974* applies to and in respect of a lease under the *Forestry Act 1916*, being a lease:

- (a) affecting any of the lands described in Schedule 1, and
- (b) current and in force immediately before the commencement of Part 2 of this Act, in the same way as it applies to a licence or permit under the *Forestry Act 1916*, affecting lands within a national park.

#### **6 Administration of existing leases and similar interests**

(1) In this clause, "**existing interest**" means a lease, licence, permit, authority, authorisation or occupancy current and in force immediately before the commencement of Part 2 of this Act.

(2) The administration of matters relating to existing interests:

- (a) to the extent that those interests affect any of the lands described in Schedule 1 or 2, or
- (b) to the extent that those interests affect any of the lands described in Schedule 5 and are preserved by the operation of section 10,

is vested in the Minister administering the *National Parks and Wildlife Act 1974*.

(3) For the purposes of subclause (2), the Minister administering the *National Parks and Wildlife Act 1974* has:

- (a) in respect of existing interests under the *Forestry Act 1916* --the powers of the Minister administering that Act and of the Forestry Commission, and
- (b) in respect of existing interests under the *Crown Lands Act 1989* --the powers of the Minister administering that Act, and
- (c) in respect of existing interests under the *Crown Lands (Continued Tenures)*

*Act 1989* --the powers of the Minister administering that Act.

(4) The amendments made to subclause (3) by the *National Parks and Wildlife Amendment Act 2001* are taken to have had effect on and from the commencement of that subclause and anything done on or after that commencement under that subclause that could have been validly done under that subclause as so amended is taken to have been validly done.

## **7 Special provision as to access roads within national parks etc**

(1) In this clause: "**access roads**" means the roads, tracks, trails and other means of access referred to in subclause (2) (a)-(c). "**NPW Minister**" means the Minister administering the *National Parks and Wildlife Act 1974*. "**private land holding**" means land held:

(a) by an owner within the meaning of the *National Parks and Wildlife Act 1974*, or

(b) as a holding within the meaning of the *Crown Lands Act 1989*.

(2) This clause applies to and in respect of the following roads, tracks, trails and other means of access situated within the lands referred to in Schedule 1 or 2 immediately before the commencement of Part 2 of this Act:

(a) roads of access within the meaning of section 33A of the *Forestry Act 1916*,

(b) roads used, immediately before the commencement of Part 2, for access to private land holdings within those lands,

(c) roads through those lands to State forests or private land holdings that adjoin or are in the vicinity of the lands.

(3) The access roads to which this clause applies are not, on the commencement of Part 2 of this Act, reserved as, or as part of, a national park or historic site or dedicated as or as part of a nature reserve by the operation of Part 2 but vest in the NPW Minister on behalf of the Crown for the purposes of Part 11 of the *National Parks and Wildlife Act 1974* for an estate in fee simple, freed and discharged from:

(a) all trusts, obligations, estates, interests, rights of way or other easements, and

(b) any dedication, reservation, Crown grant or vesting to which the lands were subject, and any such dedication, reservation, grant or vesting is revoked by the operation of this clause.

(4) The access roads may continue, subject to this clause, to be used for the purposes for which they were used immediately before the commencement of Part 2 of this Act.

(5) Within 12 months after the commencement of Part 2 of this Act (or within such further period as the NPW Minister may, by notice published in the Gazette, notify before the expiration of that period) the NPW Minister must, by one or more orders published in the Gazette, declare which of the access roads to which this clause applies:

(a) are excluded from reservation as part of a national park or historic site or dedication as part of a nature reserve, or

(b) are not so excluded and are reserved as part of the national park or historic site or dedicated as part of the nature reserve in which they are situated.

An order under this subclause may be published only with the concurrence of the Minister administering the *Forestry Act 1916*.

(6) On the publication of an order under subclause (5):

(a) the access roads that are referred to in the order as excluded from reservation as part of a national park or historic site or dedication as part of a nature reserve remain vested in the NPW Minister for the purposes of Part 11 of the *National Parks and Wildlife Act 1974* and may, subject to this clause, continue to be used for the purposes for which they were used immediately before the commencement of Part 2 of this Act, and

(b) the access roads that are not so excluded are reserved as part of the national park or historic site or dedicated as part of the nature reserve within which they

are situated.

(7) Nothing in this clause affects the exercise of any power, authority, duty or function by the NPW Minister or any other person under and in accordance with the *National Parks and Wildlife Act 1974* in relation to any access road to which this clause applies.

(8) While a private land holding is in private ownership, nothing in this clause authorises the NPW Minister to close any access road that comprises the only practical means of access to the land holding.

(9) This clause has effect despite the provisions of the *Forestry Act 1916*.

#### **8 Status of land vested in NPW Minister**

(1) Any land that is vested by this Act in the Minister administering the *National Parks and Wildlife Act 1974* for the purposes of Part 11 of that Act is taken to have been acquired by that Minister under that Part, and may be dealt with by that Minister as if it had been so acquired.

(2) Any such land is, to the extent that it relates to land subject to a lease preserved by the operation of section 10, taken to be Crown lands reserved from sale for the purpose of any application by the holder of the lease to purchase the land comprised in the lease.

#### **9 Setting apart of flora reserves**

The lands set apart as, or as part of, a flora reserve under this Act are, for the purposes of the *Forestry Act 1916*, taken to have been set apart by notice under section 25A of that Act. A name assigned to any such flora reserve by this Act is taken to have been assigned to that flora reserve by a notice under that section.

#### **10 Dedication of reserves under Crown Lands Act 1989**

(1) The reserve trust established by section 9, and appointed as trustee under section 9, is taken to have been established and named, and appointed as trustee, under section 92 of the *Crown Lands Act 1989*.

(2) The appointment by section 9 of the Director-General of National Parks and Wildlife to manage the affairs of the reserve trust is taken to have been made under section 95 of the *Crown Lands Act 1989*.

(3) The following provisions apply to access roads referred to in clause 7 (2) (a)-(c) within the lands referred to in Schedule 4 immediately before the commencement of Part 2 of this Act:

(a) the access roads may continue, subject to this clause and the *Crown Lands Act 1989*, to be used for the purposes for which they were used immediately before the commencement of Part 2 of this Act,

(b) the reserve trust may not close any such access road while it comprises the only practical means of access to a land holding in private ownership (within the meaning of clause 7),

(c) the reserve trust may, in accordance with the *Crown Lands Act 1989*, grant any right over, or interest in, the land for the purpose of its continued use as an access road.

#### **11 Saving in relation to revocations**

A revocation effected by Part 2 of this Act does not affect anything done or omitted to be done before the commencement of that Part.

## **Schedules 8-12 (Repealed)**

## **Schedule 13 Savings, transitional and other provisions**

(Section 48)

## 1 Regulations

- (1) The regulations may contain provisions of a savings or transitional nature consequent on the enactment of the following Acts:  
this Act
- (2) Any such provision may, if the regulations so provide, take effect from the date of assent to the Act concerned or a later date.
- (3) To the extent to which any such provision takes effect from a date that is earlier than the date of its publication in the Gazette, the provision does not operate so as:
- (a) to affect, in a manner prejudicial to any person (other than the State or an authority of the State), the rights of that person existing before the date of its publication, or
  - (b) to impose liabilities on any person (other than the State or an authority of the State) in respect of anything done or omitted to be done before the date of its publication.

## 2 Transitional provision pending repeal of Clean Waters Act 1970 and other separate environment protection Acts

For the purposes of section 40, the Acts to be repealed by the *Protection of the Environment Operations Act 1997* are taken to be a single Act.

## 3 Listing of Biamanga National Park in Schedule 14 to NPW Act

The inclusion of Biamanga National Park in Schedule 14 to the *National Parks and Wildlife Act 1974* by this Act is taken to have been made in accordance with procedures provided in Division 7 of Part 4A of that Act.

## 4 Special provision for interim approval of forestry operations in certain compartments of State forests in Eden Management Area

- (1) In this clause, the "**relevant Ministerial approval**" is the approval for forestry operations in the Eden Management Area granted on 14 December 1995 (as modified) by the Minister administering the *Environmental Planning and Assessment Act 1979* under Division 4 of Part 5 of that Act.
- (2) The relevant Ministerial approval is taken (despite anything to the contrary in the approval) to grant approval for forestry operations in accordance with the conditions specified in the approval, in the compartments and part compartments of State forest specified in the Table to this clause, shown by hatching on the diagram catalogued Misc F 1285 and presented to the Speaker of the Legislative Assembly (by or on behalf of the Member of the Assembly who introduced the Bill for this Act) when the Bill was introduced into the Assembly.
- (3) This clause ceases to apply when the *Timber Industry (Interim Protection) Act 1992* expires or the area concerned becomes land to which an integrated forestry operations approval under this Act applies, whichever first occurs.
