- (3) Where bees are kept or have become established in a hive other than a frame hive, an inspector may:
- (a) direct the beekeeper to transfer to a frame hive within a specified period the bees, honey and bee combs contained in the first-mentioned hive, or
 - (b) destroy the hive in which the bees are kept or have become established and the bees, apiary products and appliances on or within that hive.
- (4) If any person fails within the specified period to carry out any directions given by an inspector under subsection (2) or (3) in relation to a beehive, the inspector or a person authorised by the inspector in writing, may enter on the land in which the hive is located and may destroy the hive, and the bees, apiary products and appliances on or within the

hive.

(5) Any person who, without reasonable excuse, fails to carry out directions given by an inspector under subsection (2) or (3) within the specified period is guilty of an offence and liable on conviction to a penalty not exceeding 5 penalty units.

Maximum penalty: 20 penalty units.

within 14 days after service of the notice, and

(b) informing the owner that, if the requirement is not complied with within that time, the hive will be forfeited to the Crown.

(5) If the requirement is not complied with within the 14-day period, the hive is forfeited to the Crown and an inspector may seize and remove it.

(6) Unidentified beehives on private land Any beehive that is on land other than public land and is not identified is forfeited to the Crown and may be seized and removed by an inspector if:

(a) for a period of 28 consecutive days there has been displayed in the immediate vicinity of the hive a notice complying with subsection (7), and

(b) a notice to similar effect has appeared, in a newspaper circulating generally in the State, at least once during the first 14 days of the 28-day period (or in such other publications, or at such other times, or both, as the regulations may prescribe),

and the hive is not identified by the date specified in the notice.

(7) The notice must state that the beehive will be forfeited to the Crown unless, by the date specified in the notice (being a date that is at least 28 days after the notice is first displayed in the immediate vicinity of the hive), the owner of the hive causes the hive to be identified before the expiry of that period.

(8) Forfeited beehives A beehive forfeited under this section is to be dealt with as the Director-General directs.

(9) Expenses Any reasonable expenses incurred by an inspector or the Director-General in respect of a beehive forfeited under this section are payable by the owner of the hive (if the owner can be identified) and are recoverable from the owner in a court of competent jurisdiction as a debt due to the Crown.

- (2) If a beekeeper fails to comply with subsection (1), an inspector may direct the beekeeper to comply with that subsection within a specified period.
- (3) If a beekeeper fails to comply with any directions of an inspector given under subsection (2) within the specified period, an inspector or a person authorised in writing by an inspector may enter on to the land on which the hive is located and carry out such work as will cause subsection (1) to be complied with.
- (4) Any beekeeper who, without reasonable excuse, fails to comply with subsection (1) is guilty of an offence and liable on conviction to a penalty not exceeding 5 penalty units.

17 Abandoned or neglected bees or associated things

- (1) Where an inspector is satisfied on reasonable grounds that any bees, beehives, apiary products or appliances within an apiary are abandoned or neglected, the inspector:
 - (a) in the case of an apiary which appears to the inspector to be kept by a registered beekeeper:
 - (i) if the beekeeper can be located within the prescribed time, may direct the beekeeper to take within a period specified in the notice such measures as are so specified (being measures which, in the opinion of the inspector, are necessary to put into order or to dispose of the bees, beehives, products or appliances), or

- (3) A person who is exempted from the requirement to be registered as a beekeeper by the regulations is taken to be a registered beekeeper for the purposes of this section.

18 Power of Director-General to restrict beekeeping on certain premises

(1) If at any time the Director-General is satisfied on reasonable grounds that, in relation to particular premises on which an apiary is being maintained:

- (a) a provision of this Act is being persistently contravened or not complied with,
- (b) the keeping of bees or a number of beehives on those premises is a public nuisance or a danger to public health or public safety, or
- (c) for any other specified reason those premises are unsuitable for beekeeping,

the Director-General may, by order:

(d) prohibit:

- (i) the keeping of bees on those premises, or
- (ii) the keeping of more than a specified number of beehives on those premises,

after such date as may be specified in the order (being a date not earlier than 14 days after the date of service of the order), and

(e) direct that, not later than that date, the person who is maintaining the apiary or, if no person is maintaining the apiary, the person who established it:

- (i) remove the apiary, or
- (ii) remove the number of beehives kept on those premises in excess of the maximum number of beehives specified under paragraph (d),

from those premises.

(1A) If the Director-General makes an order under subsection (1) directing a person to remove an apiary or one or more beehives, the Director-General may also specify the premises to which the apiary or beehives are to be moved.

(1B) If the Director-General makes an order directing a person to move an apiary or beehives to specified premises, the person may instead destroy the apiary or beehive and, if they do so, is taken to have complied with the order.

(2) If at any time the Director-General is satisfied on reasonable grounds that an apiary is about to be or may be established on particular premises and that:

- (a) the keeping of bees on those premises would be a public nuisance or a danger to public health or public safety, or
- (b) for any other specified reason those premises would be unsuitable for beekeeping,

the Director-General may, by order, prohibit the keeping of bees and the establishment of an apiary on those premises.

(3) An order under subsection (1) or (2) is not effective unless it has been served on the occupier of the premises concerned and, where the occupier of those premises is not the person who maintains or established or, as the case may be, is about to or may establish an apiary on those premises, a copy of the order has been served on that person.

(4) An order under subsection (1) does not take effect until the date on which the prohibition specified in the order is to take effect.

(5) An order under subsection (1) or (2) shall, unless set aside following an application under section 35 (2), remain in force until it is revoked by the Director-General by a further order.

(6) A person shall not continue to maintain or, as the case may be, shall not establish an apiary in contravention of an order in force under subsection (1) or (2) and, where an order under subsection (1) contains a direction referred to in paragraph (e) of that subsection, shall not fail to comply with that direction before the date specified in the order for compliance. Maximum penalty: 20 penalty units.

(6A) The occupier of any premises is taken not to contravene an order under subsection

(1) (d) if the occupier satisfies the Director-General that the occupier:

- (a) does not own any beehives on the premises, and
- (b) has not given permission for the beehives (or for beehives in excess of the number specified in the order) to be kept on the premises.

(6B) In such a case, the occupier must, at the request of the Director-General or an inspector, provide to the Director-General or the inspector (as the case may be) such information (if any) as the occupier possesses as to the identity and residential address of the owner of the beehives concerned. Maximum penalty: 20 penalty units.

(7) If the Director-General is satisfied that:

- (a) a person has failed to comply with a direction under subsection (1) (e), or
- (b) a person has removed the apiary or beehives concerned from particular premises in purported compliance with such a direction to other premises in respect of which an order under subsection (1) or (2) is in force,

the Director-General may direct an inspector to remove the apiary or one or more beehives, or to destroy or otherwise dispose of the apiary or one or more beehives, in such manner as the inspector considers appropriate.

(8) A direction under subsection (7) may be varied or revoked by the Director-General at any time before it is implemented.

(9) If an order is in force under subsection (1) or (2) prohibiting the keeping of bees, or the keeping of more than a specified number of beehives, on any premises, the occupier of those premises must not grant permission to any person to keep bees or to keep more than the specified number of beehives (as the case may be) on those premises. Maximum penalty: 20 penalty units.

18A Power of inspectors to relocate beehives in emergency

(1) If an inspector is satisfied on reasonable grounds that the keeping of bees on particular premises is such a danger to public health or public safety as to warrant the immediate removal of the beehives from the premises concerned ("**the old premises**"), the inspector may:

- (a) without notice, cause the beehives to be removed and relocated to such place ("**the new premises**") as the inspector thinks fit, and
- (b) request the Director-General (subject to the Director-General's being satisfied as referred to in section 18 (1) (b)), to prohibit, by order under section 18 (1) (d) (i) ("**a prohibition order**"), the keeping of bees on the old premises.

(2) The beehives are to be returned to the old premises at the expiry of a period of 21 days after they were removed, unless a prohibition order is served during that period.

(3) If a prohibition order is served during that period:

- (a) the order takes effect immediately on service (despite section 18), and
- (b) the beehives are not to be returned to the old premises unless the final determination of any application made under section 35 (2) in respect of the order is to the effect that they should be returned.

(4) However, the owner of the beehives may, at any time, move the beehives to other premises approved by the Director-General.

(5) An inspector may be satisfied under subsection (1), and the Director-General may be satisfied under section 18 (1) (b), even if the danger is to one person only, and even if the danger arises because of that person's allergy or particular susceptibility to bee venom.

(6) No compensation is payable in respect of any beehive that is relocated under this section.

19 Power to prohibit the keeping of bees in specified areas

(1) In any case where the Governor is of the opinion that the keeping of bees in any specified area of New South Wales is or would be harmful to the drying of fruit of any kind, the Governor may, by order, prohibit, either absolutely or subject to such exceptions as may be specified in the order, the keeping of bees within that area of New South Wales.

(2) Exceptions specified in an order under subsection (1) may be made subject to such conditions as may be so specified.

(3) An order under subsection (1) may provide that it is to continue in force for a

specified period or specified periods, but no such order shall take effect before the expiration of 14 days after the date on which it is published in the Gazette.

- (a) the inspector may direct the person who is maintaining the apiary or, where that person cannot be found within the vicinity of the apiary, the occupier of the premises, to remove the apiary forthwith to a place outside that area or, if that person or occupier is unwilling to take that course of action, to destroy the apiary or to dispose of it in some other manner determined by the inspector, and
- (b) if that person or occupier refuses or fails to comply with a direction given under paragraph (a), the inspector may remove the apiary from those premises to other premises, selected by the inspector, outside that area or, if the inspector considers that course of action impracticable or unduly onerous, the inspector may destroy or dispose of it in the prescribed manner or, if no manner is prescribed, in such manner as the inspector considers appropriate.

(1) Where honey, or any bee comb or appliance in or on which honey is deposited, is in the possession or under the control of a person, the person shall ensure that the honey, bee comb or appliance does not remain exposed in a manner or under conditions which would provide robber bees with access to the honey.

(2) If any person to whom subsection (1) applies fails to comply with that subsection, that person is guilty of an offence and liable on conviction to a penalty not exceeding 10 penalty units.

Division 2 – Disease control

21 Infected bees etc not to be kept or sold

(2) An order made under subsection (1) shall continue in force for such period (not exceeding 3 months) as may be specified in the order.

(3) If, before the expiry of an order made under subsection (1) or renewed under this subsection, the Minister is satisfied on reasonable grounds that the continuance of the order is justified, the Minister may, by further order, renew the first-mentioned order for such further period (not exceeding 3 months) as may be specified in the further order, and, if the Minister thinks it necessary to do so may, by that further order, vary the provisions of the first-mentioned order and may so vary the provisions of that order whether or not they have previously been varied under this subsection.

(4) Notwithstanding section 48, an order made under subsection (1), or the renewal of an order under subsection (3) by a further order, does not have effect until it is published in a newspaper circulating generally in the infected area, is published in the Gazette or is publicly notified to the inhabitants of the area in some other way determined by the Minister.

in contravention of any provision of an order in force under this section, or

the inspector or another inspector may direct the person in charge of those bees, beehives, apiary products or appliances not to bring or send them into or, as the case may be, not to take or send them out of the area, or to comply with such condition or restriction, and, where any such direction is given to a person, the person shall comply with it forthwith.

(2) Compensation is not payable under this Part in respect of queen bees, beehives or appliances:

(b) where the bees, beehives or appliances were acquired by the claimant when the claimant knew, or had reasonable cause to suspect, that the bees, beehives or appliances were infected with a compensatable disease at the time of acquisition,

(c) where the claimant was not immediately before the destruction of, or the direction to destroy, the bees, or, as the case may be, immediately before the destruction or irradiation, or the direction to destroy or irradiate, of the beehives

or appliances, registered as a beekeeper,
(d) where the claimant has failed to comply with the requirements of section 22 with respect to the bees, beehives or appliances, or
(e) where the claimant has, through the claimant's own deliberate, reckless or negligent conduct, caused or contributed to the bees, beehives or appliances becoming infected with the disease which rendered it necessary to destroy, or direct the destruction of, the bees or, as the case may be, rendered it necessary to destroy or irradiate, or direct the destruction or irradiation of, the beehives or appliances.

29 Persons to whom compensation is payable

- (1) Where compensation is payable under this Part, that compensation shall:

30 Claims

(1) Compensation is not payable under this Part in respect of any queen bees that have been destroyed or irradiated unless a claim for compensation is made within 60 days after the destruction or irradiation.

(1A) A claim under this section:

(2) Notwithstanding subsection (1), where a claim for compensation is made after the expiration of the period of 60 days referred to in that subsection, the Minister may authorise the payment of the whole or any part of the compensation which would have been payable had the claim been made during that period if the Minister is satisfied that reasonable grounds existed for the delay in making the claim.

31 Basis of compensation

(1) Subject to section 32, where compensation is payable under this Part, the amount of that compensation shall:

- (a) in the case of queen bees that have been destroyed--be the prescribed proportion of the market value, at the time of the destruction of those bees, of an equivalent number of healthy untested queen bees,

(1) No compensation, other than compensation payable under this Part, is payable by the Crown for or in respect of any queen bees, beehives or appliances referred to in section 28 (1).

(2) No compensation is payable under any other Act for or in respect of any bees, beehives or appliances for or in respect of which compensation is payable under this Part.

(3) Nothing in this Part limits the amount of compensation that is recoverable by a person in respect of the destruction of bees, or in respect of the destruction or irradiation of beehives, apiary products or appliances, where it is established that the bees were destroyed, or the beehives, apiary products or appliances were destroyed or irradiated, by or on the instruction of an inspector who had no reasonable grounds for destroying or irradiating them or giving instructions for their destruction or irradiation.

32A Determination of compensation

(1) The Director-General is to determine, in accordance with this Part:

(a) whether compensation is payable under this Part to a particular owner of bees, beehives or appliances, and

Generally, the making of an application to the Civil and Administrative Tribunal will not affect the operation of the decision concerned (or prevent the taking of action to implement the decision) pending the review of the decision. However, the Tribunal can make orders staying or otherwise affecting the operation of the decision, but only on the application of a party to the proceedings and only if the Tribunal considers it desirable to do so after taking various matters (such as the public interest) into account. See section 60 of the *Administrative Decisions Review Act 1997*.

(9) If:

(a) no application for an administrative review by the Civil and Administrative Tribunal of a seizure of bees, beehives, apiary products or appliances carried out in accordance with a provision of this Act is made under section 35 within the period prescribed by or under the *Civil and Administrative Tribunal Act 2013* for making applications under that section, or
