- (b) any person with the consent in writing of that owner, or
- (c) if the item or land is situated on or comprises Crown land as defined in the *Crown Land Management Act 2016*, the lawful occupier of the Crown land.

60 Form of application

An application for approval shall be made to the approval body in the approved form and shall be accompanied by such fee as may be prescribed.

61 Public notice of certain applications

(1) Where an application for approval is made in respect of an item of the environmental heritage and that application, if approved, would, in the opinion of the approval body, materially affect the significance of that item as an item of the environmental heritage, the approval body shall cause public notice of that application to be given in a manner that the approval body is satisfied is likely to bring the notice to the attention of members of the public.

(1A) Public notice is not to be given under this section of an application for approval in respect of integrated development of which public notice has been given under the *Environmental Planning and Assessment Act 1979*.

(2) A notice referred to in subsection (1) shall contain a statement to the effect that the application for approval referred to in that notice and any plans, specifications or similar documents lodged in connection with that application and in the custody of the approval body may be inspected at the office of the approval body by any person during ordinary office hours within a period of 21 days after the day on which that notice is first published in accordance with subsection (1).

- (c) such matters relating to the conservation of that item or land as to it seem relevant, and

the approval body shall determine that application by refusing approval.

(3) Nothing in subsection (2) prevents the approval body from approving an application referred to in that subsection if:

(a) it is of the opinion that the building or work constitutes a danger to the users or occupiers of that building or work, the public or a section of the public, or

(b) it is a condition of the approval that the building or work be relocated on other land, or

(c) the building or work is situated (whether wholly or partly) in a place or precinct that is an item of State heritage significance, but is not itself such an item, and the approval body is of the opinion that the demolition of the whole of the building or work will not have a materially detrimental effect on the heritage significance of the place or precinct.

(a) that the applicant give security in such form and such amount as is determined by the approval body having regard to the nature and extent of the work referred to in the approval to ensure the satisfactory completion of that work, and

(1) An approval may be granted subject to a condition that it is not to operate until the applicant for the approval satisfies the approval body as to any matter specified in the condition (a "**deferred commencement approval**").

(2) Nothing in this Act prevents a person from doing such things as may be necessary to comply with the condition.

(3) A deferred commencement approval must be clearly identified as a deferred commencement approval (whether by the use of that expression or by reference to this section or otherwise).

(4) A deferred commencement approval must clearly distinguish conditions concerning matters as to which the approval body must be satisfied before the approval can operate from any other conditions.

(5) An approval body may specify the period within which the applicant must produce evidence to the approval body sufficient enough to enable it to be satisfied as to those matters.

(6) The applicant may produce evidence to the approval body sufficient to enable it to be satisfied as to those matters and, if the approval body has specified a period for the purpose, the evidence must be produced within that period.

(7) If the applicant produces evidence in accordance with this section, the approval body must notify the applicant whether or not it is satisfied as to the relevant matters.

(8) If the approval body has not notified the applicant within the period of 28 days after the applicant's evidence is produced to it, the approval body is, for the purposes only of sections 70 and 70A, taken to have notified the applicant that it is not satisfied as to those matters on the date on which that period expires.

(a) the act, matter or thing for which the approval is sought, or

(b) the specified part or aspect of that act, matter or thing, or

(c) any thing associated with that act, matter or thing or the doing or carrying out of that act, matter or thing,

must be the subject of another approval.

64 Notice of determination

(1) The approval body shall give notice in writing of its determination of an application for approval to the applicant.

(2) Where the approval body determines an application for approval by granting approval subject to conditions or by refusing approval, the notice shall:

(a) indicate the reasons for the determination, and

(b) except in relation to the determination of an application referred to in section 63 (2) which is required to be determined by refusing approval, notify the applicant that he or she has a right of appeal under this Act against the determination.

65 Effect of failure to make determination

(1) Where the approval body has not determined an application for approval (other than an application for approval in respect of integrated development) within a period of 40 days, or, where public notice of that application has been given under section 61, within a period of 60 days, after service of that application on it, it shall, for the purposes only of section 70, be deemed to have determined that application by refusing approval.

(2) Nothing in subsection (1) prevents the approval body from determining an application after the expiration of the period referred to in subsection (1) in relation to that application.

(3) The determination of an application as referred to in subsection (2) shall not, where an appeal in respect of that application has been made under section 70, prejudice or affect the making, continuance or determination of that appeal.

65A Modification of approvals

(1) On application in the approved form by any person entitled to act on an approval, the approval body may modify the approval:

(a) so as to vary any aspect of the original approval, but only if it is satisfied that the act, matter or thing authorised by the modified approval is substantially the same as the act, matter or thing authorised by the original approval, or

(b) so as to correct a minor error, misdescription or miscalculation.

(2) The provisions of sections 61, 62, 64 and 65 apply to an application under subsection

(1) (a) in the same way as they apply to an application for an approval, but do not apply to or in respect of an application under subsection (1) (b).

(3) For the purposes of this section:

(a) the Minister is taken to be the approval body in relation to an approval granted by the Minister as a result of an appeal under Division 4, and

(b) the Court is taken to be the approval body in relation to an approval granted by the Court as a result of an appeal under Division 4,

but, in either case, the application for modification of the approval is to be lodged not with the Minister or Court but with the approval body to whom the application for original approval was made.

(4) Modification of an approval under this section is not to be construed as the granting of an approval, but a reference in this or any other Act to an approval includes a reference to the modified approval.

Subdivision 2 – Prescribed applications

66 Application of Subdivision

This Subdivision prevails the extent of any inconsistency between this Subdivision and the *Environmental Planning and Assessment Act 1979* (Part 3A, the provisions relating to State significant development or integrated development and Part 5.1 excepted), any environmental planning instrument in force under that Act, the *Local Government Act 1993*, any instrument made under that Act, or the *Strata Schemes Development Act 2015*.

Division 5 – Maintenance and repair

118 Minimum standards of maintenance and repair

- (1) The regulations may impose minimum standards with respect to the maintenance and repair of a building or work (other than a ruin) or a relic that is listed or within a precinct that is listed on the State Heritage Register, but those standards can only relate to the following matters:

(2) Before such an order is given, the procedures set out in this Division must be complied with. Compliance with those procedures is taken to be compliance with the rules of natural justice (the rules of procedural fairness).

(3) An order can be given under this Division whether or not the owner of the building, work or relic has been prosecuted for or convicted of an offence in respect of the failure to maintain or repair concerned.

120A Notice to be given of proposed order

(1) Before giving an order, the Heritage Council must give notice to the person to whom the order is proposed to be given of the intention to give the order, the terms of the proposed order and the period proposed to be specified as the period within which the order is to be complied with.

(2) The notice must also indicate that the person to whom the order is proposed to be given may make written representations to the Heritage Council as to why the order should not be given or as to the terms of or period for compliance with the order.

(3) The notice may provide that the representations are to be made to the Heritage Council on or before a specified date.

120B Making of representations

- (3) The reasons must be given when the order is given, except in the case of an emergency (in which case the reasons may be given the next working day).

120E Period for compliance with order

- (1) An order must specify a reasonable period within which the terms of the order are to be complied with, subject to this section.

- (2) If a building, work or relic is owned by more than one person:
 - (a) an order in respect of the building, work or relic is not invalid merely because it was not given to all of the owners, and
 - (b) any of the owners may comply with such an order without affecting the liability of the other owners to pay for or contribute towards the cost of complying with the order.
- (3) This Division does not affect the right of an owner to recover from any other person all or any of the expenses incurred by the owner in complying with an order under this Division.
- (4) This Division does not entitle a person to recover from the Heritage Council any of the expenses incurred by the owner in complying with an order under this Division.

120H Order binds successors in title

An order given to a person binds any person claiming through or under or in trust for or in succession to the person or who is a subsequent owner to the person, as if the order had been given to that person.

120I Occupier of land may be required to permit owner to carry out work

- (1) The Heritage Council may order the occupier of any land to permit the owner of a building, work or relic to carry out such work on the building, work or relic as is specified in the order (being work that is, in the owner's opinion, necessary to enable the requirements of an order given to the owner to be complied with).
- (2) An occupier of land on whom such an order is served must, within 2 days after the order is served, permit the owner to carry out the work specified in the order.
- (3) The owner of the building, work or relic is not guilty of an offence arising from his or her failure to comply with the requirements of an order given to the owner if, while an order under this section is in force, the occupier of the land refuses to permit the owner to carry out the work specified in the order. (2) Any expenses incurred under this section by the Heritage Council together with all associated costs may be recovered by the Heritage Council in any court of competent jurisdiction as a debt due to the Heritage Council by the person required to comply with the order.

(3) This section does not affect the owner's right to recover any amount from any lessee or other person liable for the expenses of repairs.

(4) A reference in this section to costs is a reference to costs incurred by the Heritage Council in seeking to recover the expenses otherwise than by proceedings in a court, but this section does not prevent the Heritage Council from receiving costs as between party and party in respect of those proceedings.

(5) The Heritage Council may exercise its functions under this section irrespective of whether the person required to comply with the order has been prosecuted for an offence against this Act.

120L Appeals concerning orders

(1) A person on whom an order is served may appeal against the order to the Court.

(4) The production of the certificate is taken for all purposes to be conclusive proof of the

existence or otherwise of any outstanding notices and any orders in force.

120N Chairperson to have Heritage Council functions

(1) The Chairperson has the same functions as the Heritage Council under this Division and for that purpose a reference in this Division to the Heritage Council includes a reference to the Chairperson.

(2) It is permissible for the Chairperson and the Heritage Council to share functions under this Division in respect of any particular building, work or relic, so as to enable the Chairperson to exercise some functions and the Heritage Council to exercise others in respect of that building, work or relic.

(2) In determining the amount of compensation payable in respect of a resumption or an appropriation of land by the corporation under subsection (1) (a), the value of that land shall be:

(a) the value determined in accordance with section 147, or

(b) the value determined on the assumption that no approval may be given under this Act in respect of the building or work situated on that land other than to restore that building or work to a reasonable state of repair,

whichever is the lesser.

(3) The Minister may, by order published in the Gazette, at any time at which an order made by the Minister under subsection (1) (b) or (c) remains in force, revoke, alter or vary that order.

Division 6 – Rating and taxing

123 Definitions

In this Division:

"heritage valuation", in relation to land, means a valuation of that land obtained by adding to or by deducting from a valuation for rating or taxing purposes of that land any allowance determined as a consequence of making the following assumptions with respect to that land, namely:

- (a) that that land may be used only for the purpose, if any, for which it was used at the relevant date,
- (b) that all improvements on that land as at the relevant date may be continued and maintained in order that the use of that land as referred to in paragraph (a) may be continued,
- (b1) that all improvements referred to in paragraph (b) on that land are new (without any deduction being made because of their actual condition),
- (c) that no improvements, other than those referred to in paragraph (b), may be made to or on that land,
- (d) that the cost of construction of improvements on that land has no effect on its land value, with the result that there is to be no reduction in land value because of any difference between the cost of construction of the improvements referred to in paragraph (b) as new improvements and the cost of construction of other improvements used as a basis for comparison in the determination of land value.

"land" includes stratum within the meaning of the *Valuation of Land Act 1916*.

- (b) where that heritage valuation is made pursuant to section 125--the date on which that heritage valuation is made.

"valuation for rating or taxing purposes", in relation to land, means a valuation of that land made under a valuing law and which is the valuation on which a rate is made and levied or a tax is levied in respect of that land by a rating or taxing authority.

"valuing law" means the *Valuation of Land Act 1916*.

124 Request to make heritage valuations

(1) As soon as practicable after the date on which a listing on the State Heritage Register takes effect with respect to land, the Minister shall, by instrument in writing, request each person by whom a valuation for rating or taxing purposes of that land has been made or caused to be made to make or cause to be made a heritage valuation or heritage valuations of that land as at:

- (a) except as provided by paragraph (b)--the date on which that listing on the State Heritage Register took effect with respect to that land, or

(b) where, immediately before that date, that land was subject to an interim heritage order--the date on which that interim heritage order took effect with respect to that land.

(2) Where, immediately before the date on which a listing on the State Heritage Register took effect with respect to land the subject of a request by the Minister under subsection (1) that land was subject to an interim heritage order, the Minister shall notify the person to whom that request is made that that land was subject to an interim heritage order and of the date on which that interim heritage order took effect with respect to that land.

(3) A person to whom a request under subsection (1) is made shall comply with that request as soon as practicable after its receipt.

125 Making of heritage valuations with other valuations

(1) Whenever, pursuant to a valuing law, a person makes or causes to be made a valuation for rating or taxing purposes of land, the person shall, in addition, where that land is subject to a listing on the State Heritage Register, make or cause to be made a heritage valuation or heritage valuations of that land.

(2) When a heritage valuation is made of land, there is to be no allowance made or other adjustment of that valuation on account of the effect on value of any factor concerned with the land being listed on the State Heritage Register, other than an allowance or adjustment resulting from the assumptions required by this Division for a heritage valuation.

126 Application of valuing laws to heritage valuations

Except to the extent of any inconsistency with this Division:

(a) the *Valuation of Land Act 1916*, applies to a heritage valuation derived from a valuation for rating or taxing purposes made under that Act in the same way as it applies to that valuation for rating or taxing purposes,

(b), (c) (Repealed)

(d) the *Water Board (Corporatisation) Act 1994*, applies to a heritage valuation derived from a valuation for rating or taxing purposes made under that Act in the same way as it applies to that valuation for rating or taxing purposes,

(e) (Repealed)

(f) the *Broken Hill Water and Sewerage Act 1938*, applies to a heritage valuation derived from a valuation for rating or taxing purposes made under that Act in the same way as it applies to that valuation for rating or taxing purposes, and
