Preamble

WHEREAS in accordance with international law Australia as a coastal state has sovereign rights over the continental shelf beyond the limits of Australian territorial waters for the purpose of exploring it and exploiting its natural resources:

AND WHEREAS Australia is a party to the Convention on the Continental Shelf signed at Geneva on 29 April 1958 in which those rights are defined:

AND WHEREAS the Parliaments of the States and the Legislative Assembly of the Northern Territory have certain legislative powers in respect of the sea-bed and subsoil referred to in the last preceding recital and the Parliament of the Commonwealth has vested in the Crown in right of each of the States and the Crown in right of the Northern Territory certain proprietary rights in respect of that sea-bed and subsoil:

AND WHEREAS it has been agreed between the Commonwealth, the States and the Northern Territory that, in place of the scheme provided for by an Agreement between the Commonwealth and the States dated 16 October 1967:

- (a) legislation of the Parliament of the Commonwealth in respect of the exploration for and the exploitation of the petroleum resources of submerged lands should be limited to the resources of lands beneath waters that are beyond the outer limits of the territorial sea adjacent to the States and the Northern Territory (being outer limits based, unless and until otherwise agreed, on the breadth of that sea being 3 nautical miles), and the States and the Northern Territory should share in the administration of that legislation,
- (b) legislation of the Parliament of each State should apply in respect of the exploration for and the exploitation of the petroleum resources of such part of the submerged lands in an area adjacent to the State as is on the landward side of the waters referred to in paragraph (a),
- (c) legislation of the Legislative Assembly of the Northern Territory should apply in respect of the exploration for and the exploitation of the petroleum resources of such part of the submerged lands in an area adjacent to the Northern Territory as is on the landward side of the waters referred to in paragraph (a), and
- (d) the Commonwealth, the States and the Northern Territory should endeavour to maintain, as far as practicable, common principles, rules and practices in the regulation and control of the exploration for and the exploitation of the petroleum resources of all the submerged lands referred to above that are on the seaward side of the inner limits of the territorial sea of Australia:

BE it therefore enacted by the Queen's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of New South Wales in Parliament assembled, and by the authority of the same, as follows:

Division 7 – Fees and royalties

137 Permit fees

There is payable to the Minister by a permittee, in respect of each year of the term of the permit, a fee calculated in accordance with the regulations.

137A Lease fees

There is payable to the Minister by a lessee, in respect of each year of the term of the lease, a fee calculated in accordance with the regulations.

138 Licence fees

There is payable to the Minister by a licensee, in respect of each year of the term of the licence, a fee calculated in accordance with the regulations.

139 Pipeline licence fees

There is payable to the Minister by a pipeline licensee, in respect of each year of the term of the pipeline licence, a fee calculated in accordance with the regulations.

140 Time of payment of fees

A fee referred to in section 137, 137A, 138 or 139 is payable within 1 month after:

- (a) in the case of the first year of the term of the permit, lease, licence or pipeline licence--the day on which that term commenced, and
- (b) in the case of a year of the term of the permit, lease, licence or pipeline licence other than the first--each anniversary of that day.

Where the liability of a permittee, lessee, licensee or pipeline licensee to pay a fee under section 137, 137A, 138 or 139 is not discharged at or before the time when the fee is payable, there is payable to the Minister by the permittee, lessee, licensee or pipeline licensee an additional amount calculated at the rate of one-third of 1 per cent per day upon the amount of the fee from time to time remaining unpaid, to be computed from the time when the fee became payable until it is paid.

142 Fees and penalties debts due to the Crown

A fee under section 137, 137A, 138 or 139 or an amount payable under section 141 is a debt due by the permittee, lessee, licensee or pipeline licensee, as the case may be, to the Crown and is recoverable in a court of competent jurisdiction.

143 Royalty

- (1) A permittee, lessee or licensee shall, subject to this Division, pay to the Crown a royalty at the prescribed rate in respect of all petroleum recovered by the permittee, lessee or licensee in the permit area, lease area or licence area.
- (2) Subject to the succeeding provisions of this section and the provisions of section 144, the prescribed rate in respect of petroleum recovered under a permit, lease or licence is 10 per cent of the value at the well-head of the petroleum.
- (3) The prescribed rate in respect of petroleum recovered under a secondary licence is the percentage determined by the Minister in pursuance of section 43 (1) in respect of petroleum so recovered.
- (4) Where a secondary licence is granted to the holder of a primary licence, the prescribed rate in respect of petroleum recovered under the primary licence is, as from

the commencement of the next royalty period after the day from which the secondary licence has effect, the same percentage as is applicable in respect of petroleum recovered under the secondary licence.

(5) Where:

(a) a licence is granted on an application under section 48, and

(b) the instrument served on the applicant under section 50 contains a statement that the applicant will be required to pay, in respect of petroleum recovered under that licence, royalty at the rate specified in that statement,

the prescribed rate in respect of petroleum recovered under that licence is the percentage specified in that statement.

(6) Where a licence is granted on an application under section 52 (1), the prescribed rate in respect of petroleum recovered under that licence is the same percentage as was applicable in respect of petroleum recovered under the original licence as defined by that subsection.

(7) The prescribed rate in respect of petroleum recovered in the licence area referred to in a licence granted by way of renewal of a licence is the percentage that would be the prescribed rate if the licence so granted were the continuation in force of the previous licence.

(8) A reference in this section or in a permit, lease or licence to royalty at the prescribed rate or royalty at the rate that is for the time being the prescribed rate shall be read as a reference to royalty at the rate that is or was the prescribed rate applicable in accordance with the provisions of this Act as in force from time to time.

144 Reduction of royalty in certain cases

(1) Where the Minister is satisfied that the rate of recovery of petroleum from a well has become so reduced that, having regard to the rate or rates of royalty applicable under section 143, further recovery of petroleum from that well would be uneconomic, the Minister may, by instrument in writing, determine that the royalty in respect of all or any of the petroleum recovered from that well on or after a date specified in the determination shall be at such rate (being a rate lower than the rate that would be applicable under section 143) as the Minister specifies.

(2) The prescribed rate in respect of petroleum to which a determination under subsection (1) is applicable is the rate specified in the determination.

(3) The Minister may, by instrument in writing, revoke or vary a determination under subsection (1) and the revocation or variation applies to petroleum recovered on or after such date as is specified in the instrument.

(4) The Chief Commissioner is to remit the interest or penalty tax on any royalty that ceases to be payable because of a determination of the Minister under this section.

(1) Royalty under this Act:

(a) is not payable in respect of petroleum that the Minister is satisfied was unavoidably lost before the quantity of that petroleum was ascertained,

(b) is not payable in respect of petroleum that is used by the permittee, lessee or licensee, as approved by the Minister, for the purposes of petroleum exploration operations or operations for the recovery of petroleum, and

(c) is not payable in respect of petroleum that, with the approval of the Minister, is flared or vented in connexion with operations for the recovery of petroleum.

(2) Where petroleum that has been recovered by a permittee, lessee or licensee is, with the approval of the Minister, returned to a natural reservoir, royalty under this Act is not payable in respect of that petroleum by reason of that recovery but this subsection does not affect the liability of that or any other permittee, lessee or licensee to pay royalty in respect of petroleum that is recovered from that natural reservoir.

(3) The Chief Commissioner is to remit the interest or penalty tax on any royalty that

ceases to be payable because of a decision of the Minister under this section.

146 Ascertainment of well-head

For the purposes of this Act, the well-head, in relation to any petroleum, is such valve station as is agreed between the permittee, lessee or licensee and the Minister, or, in default of agreement within such period as the Minister allows, is such valve station as is determined by the Minister as being that well-head.

147 Ascertainment of value

For the purposes of this Act, the value at the well-head of any petroleum is such amount as is agreed between the permittee, lessee or licensee and the Minister, or, in default of agreement within such period as the Minister allows, is such amount as is determined by the Minister as being that value.

148 Ascertainment of quantity of petroleum recovered

For the purposes of this Act, the quantity of petroleum recovered by a permittee, lessee or licensee from a well during a period shall be taken to be:

- (a) the quantity measured during that period by a measuring device approved by the Minister and installed at the well-head or at such other place as the Minister approves, or
- (b) where no such measuring device is so installed, or the Minister is not satisfied that the quantity of petroleum recovered by the permittee, lessee or licensee from the well has been properly or accurately measured by such a measuring device--the quantity determined by the Minister as being the quantity recovered by the permittee, lessee or licensee from the well during that period.

149 Payment of royalty

- (1) Royalty under this Act in respect of petroleum recovered during a royalty period is payable not later than the last day of the next succeeding royalty period.
- (2) A failure to pay royalty payable under this Act by the end of that next succeeding royalty period is a tax default for the purposes of the *Taxation Administration Act 1996*. If a tax default occurs, interest and penalty tax may be charged under the *Taxation Administration Act 1996*.
- (3) A tax default does not occur before the expiration of 7 days after the value of the relevant petroleum is agreed or determined under section 147.

149A Royalty returns

- (1) A person who is required to pay royalty under this Act is required to lodge with the Chief Commissioner a return relating to each royalty period.
- (2) The return is to be lodged with the Chief Commissioner no later than the last day of the next succeeding royalty period.
- (3) The Chief Commissioner is to give a copy to the Minister of each return lodged with the Chief Commissioner.
- (4) The Minister may give directions to the Chief Commissioner as to the information that is to be included in the form of return approved under the *Taxation Administration Act 1996*.

- (2) The royalty is payable to the Chief Commissioner in accordance with that Act.
- (3) The Minister is to provide the Chief Commissioner with any information necessary to enable the Chief Commissioner to exercise the Chief Commissioner's functions with respect to royalties under this Act and the *Taxation Administration Act 1996*.
- (4) A certificate that is signed by the Minister and that states that, on a specified date, the Minister made a determination, or did anything else, under any of the following provisions, is admissible in evidence in any proceedings and is evidence of the fact or facts so certified:

- (2) This section applies despite section 84 of the *Taxation Administration Act 1996* but subject to any restrictions in this Act. See section 119 of this Act.
- (3) In this section: "**royalty information**" means information in a return lodged with the Chief Commissioner under this Act or any other information relating to the assessment or recovery of royalty. "**tax officer**" has the same meaning as it has in the *Taxation Administration Act 1996*.

Part 5 – Regulations

152 Regulations

- (1) The Governor may make regulations, not inconsistent with this Act, prescribing all matters that by this Act are required or permitted to be prescribed or are necessary or convenient to be prescribed for carrying out or giving effect to this Act.
- (2) In particular, but without limiting the generality of subsection (1), the regulations may make provision for securing, regulating, controlling or restricting all or any of the following matters:
 - (a) the exploration for petroleum and the carrying on of operations, and the execution of works, for that purpose,
 - (b) the recovery of petroleum and the carrying on of operations, and the execution of works, for that purpose,
 - (c) conserving, and preventing the waste of, the natural resources, whether petroleum or otherwise, of the adjacent area,
 - (d) the construction and operation of pipelines, water lines, secondary lines, pumping stations, tank stations or valve stations and the carrying on of operations, and the execution of works, for any of those purposes,
 - (e) the construction, erection, maintenance, operation or use of installations or equipment,
 - (f) the control of the flow or discharge, and the prevention of the escape, of petroleum, water or drilling fluid, or a mixture of water or drilling fluid with petroleum or any other matter,
 - (g) the clean-up or other remedying of the effects of the escape of petroleum,
 - (h) the prevention of damage to petroleum-bearing strata in an area, whether

within the adjacent area or not, in respect of which a permit, lease or licence is not in force,

(i) each petroleum pool discovered in a permit area, lease area or licence area, and

(ii) each source of water discovered in a permit area, lease area or licence area,

(j) the prevention of water or other matter from entering a petroleum pool through wells,

(k) the prevention of the waste or escape of petroleum or water from a pipeline, water line, secondary line, pumping station, tank station or valve station,

(4) The regulations may provide, in respect of an offence against the regulations, for the imposition of:

(a) a penalty not exceeding 100 penalty units, or

(b) a penalty not exceeding that amount for each day on which the offence occurs.

Schedule 1 Convention on the continental shelf

(Section 5 (1))

The States Parties to this Convention

Have agreed as follows:

ARTICLE 1

For the purpose of these articles, the term " "continental shelf" " is used as referring (a) to the seabed and subsoil of the submarine areas adjacent to the coast but outside the area of the territorial sea, to a depth of 200 metres or, beyond that limit, to where the depth of the superjacent waters admits of the exploitation of the natural resources of the said areas; (b) to the seabed and subsoil of similar submarine areas adjacent to the coasts of islands.

ARTICLE 2

1. The coastal State exercises over the continental shelf sovereign rights for the purpose of exploring it and exploiting its natural resources.
2. The rights referred to in paragraph 1 of this article are exclusive in the sense that if the coastal State does not explore the continental shelf or exploit its natural resources, no one may undertake these activities, or make a claim to the continental shelf, without the express consent of the coastal State.
3. The rights of the coastal State over the continental shelf do not depend on occupation, effective or notional, or on any express proclamation.
4. The natural resources referred to in these articles consist of the mineral and other non-living resources of the seabed and subsoil together with living organisms belonging to sedentary species, that is to say, organisms which, at the harvestable stage, either are immobile on or under the seabed or are unable to move except in constant physical contact with the seabed or the subsoil.

ARTICLE 3

The rights of the coastal State over the continental shelf do not affect the legal status of the superjacent waters as high seas, or that of the airspace above those waters.

ARTICLE 4

Subject to its right to take reasonable measures for the exploration of the continental shelf and the exploitation of its natural resources, the coastal State may not impede the laying or maintenance of submarine cables or pipelines on the continental shelf.

ARTICLE 5

1. The exploration of the continental shelf and the exploitation of its natural resources must not result in any unjustifiable interference with navigation, fishing or the conservation of the living resources of the sea, nor result in any interference with fundamental oceanographic or other scientific research carried out with the intention of open publication.
2. Subject to the provisions of paragraphs 1 and 6 of this article, the coastal State is entitled to construct and maintain or operate on the continental shelf installations and other devices necessary for its exploration and the exploitation of its natural resources, and to establish safety zones around such installations and devices and to take in those zones measures necessary for their protection.
3. The safety zones referred to in paragraph 2 of this article may extend to a distance of 500 metres around the installations and other devices which have been erected, measured from each point of their outer edge. Ships of all nationalities must respect these safety zones.
4. Such installations and devices, though under the jurisdiction of the coastal State, do not possess the status of islands. They have no territorial sea of their own, and their presence does not affect the delimitation of the territorial sea of the coastal State.
5. Due notice must be given of the construction of any such installations, and permanent means for giving warning of their presence must be maintained. Any installations which are abandoned or disused must be entirely removed.
6. Neither the installations or devices, nor the safety zones around them, may be established where interference may be caused to the use of recognized sea lanes essential to international navigation.
7. The coastal State is obliged to undertake, in the safety zones, all appropriate measures for the protection of the living resources of the sea from harmful agents.
8. The consent of the coastal State shall be obtained in respect of any research concerning the continental shelf and undertaken there. Nevertheless the coastal State shall not normally withhold its consent if the request is submitted by a qualified institution with a view to purely scientific research into the physical or biological characteristics of the

continental shelf, subject to the proviso that the coastal State shall have the right, if it so desires, to participate or to be represented in the research, and that in any event the results shall be published.

ARTICLE 6

1. Where the same continental shelf is adjacent to the territories of two or more States whose coasts are opposite each other, the boundary of the continental shelf appertaining to such States shall be determined by agreement between them. In the absence of agreement, and unless another boundary line is justified by special circumstances, the boundary is the median line, every point of which is equidistant from the nearest points of the baselines from which the breadth of the territorial sea of each State is measured.

2. Where the same continental shelf is adjacent to the territories of two adjacent States, the boundary of the continental shelf shall be determined by agreement between them. In the absence of agreement, and unless another boundary line is justified by special circumstances, the boundary shall be determined by application of the principle of equidistance from the nearest points of the baselines from which the breadth of the territorial sea of each State is measured.

3. In delimiting the boundaries of the continental shelf, any lines which are drawn in accordance with the principles set out in paragraphs 1 and 2 of this article should be defined with reference to charts and geographical features as they exist at a particular date, and reference should be made to fixed permanent identifiable points on the land.

ARTICLE 7

The provisions of these articles shall not prejudice the right of the coastal State to exploit the subsoil by means of tunnelling irrespective of the depth of water above the subsoil.

ARTICLE 8

This Convention shall, until 31 October 1958, be open for signature by all States Members of the United Nations or of any of the specialized agencies, and by any other State invited by the General Assembly of the United Nations to become a party to the Convention.

ARTICLE 9

This Convention is subject to ratification. The instruments of ratification shall be deposited with the Secretary-General of the United Nations.

ARTICLE 10

This Convention shall be open for accession by any States belonging to any of the categories mentioned in Article 8. The instruments of accession shall be deposited with the Secretary-General of the United Nations.

ARTICLE 11

1. This Convention shall come into force on the thirtieth day following the date of deposit of the twenty-second instrument of ratification or accession with the Secretary-General of the United Nations.
