Preamble

- (1) In June 2003, the Court of Appeal held in *Attorney-General v Ngāti Apa* [2003] 3 NZLR 643 that the Māori Land Court had jurisdiction to determine claims of customary ownership to areas of the foreshore and seabed. The Foreshore and Seabed Act 2004 (the **2004 Act**) was enacted partly in response to the Court of Appeal's decision:
- (2) In its *Report on the Crown's Foreshore and Seabed Policy* (Wai 1071), the Waitangi Tribunal found the policy underpinning the 2004 Act in breach of the Treaty of Waitangi. The Tribunal raised questions as to whether the policy complied with the rule of law and the principles of fairness and non-discrimination against a particular group of people. Criticism was voiced against the discriminatory effect of the 2004 Act on whānau, hapū, and iwi by the United Nations Committee on the Elimination of Racial Discrimination and the United Nations Special Rapporteur:
- (3) In 2009, a Ministerial Review Panel was set up to provide independent advice on the 2004 Act. It, too, viewed the Act as severely discriminatory against whānau, hapū, and iwi. The Panel proposed the repeal of the 2004 Act and engagement with Māori and the public about their interests in the foreshore and seabed, recommending that new legislation be enacted to reflect the Treaty of Waitangi and to recognise and provide for

the interests of whānau, hapū, and iwi and for public interests in the foreshore and seabed:

- (4) This Act takes account of the intrinsic, inherited rights of iwi, hapū, and whānau, derived in accordance with tikanga and based on their connection with the foreshore and seabed and on the principle of manaakitanga. It translates those inherited rights into legal rights and interests that are inalienable, enduring, and able to be exercised so as to sustain all the people of New Zealand and the coastal marine environment for future generations:

The Parliament of New Zealand therefore enacts as follows:

1 Title

This Act is the Marine and Coastal Area (Takutai Moana) Act 2011 and may also be cited as—

- (a) the Marine and Coastal Area Act 2011; or
(b) te Takutai Moana Act 2011.

2 Commencement

This Act comes into force on the day after the date on which it receives the Royal assent.

- (6) In this section, **enactment** includes bylaws, regional plans, and district plans.

12 Areas acquiring status under certain enactments may vest in Crown

- (1) This section applies to any defined area within the common marine and coastal area that acquires a status of any of the following kinds:
- (a) a conservation area within the meaning of section 2(1) of the Conservation Act 1987:
 - (b) a national park within the meaning of section 2 of the National Parks Act 1980:
 - (c) a reserve within the meaning of section 2 of the Reserves Act 1977.
- (2) The Governor-General may, by Order in Council made on the recommendation of the Minister of Conservation, vest in the Crown any defined area to which this section applies other than an area that is within a customary marine title area.
- (3) When an Order in Council made under this section comes into force, the defined area to which it relates ceases to be part of the common marine and coastal area.
- (4) Every Order in Council made under this section is a regulation for the purposes of the Acts and Regulations Publication Act 1989 and the Regulations (Disallowance) Act 1989.

13 Boundary changes of marine and coastal area

- (1) This Act (other than section 11(4)) does not affect any enactment or the common law that governs accretions or erosions.

- (2) However, if, because of a change caused by a natural occurrence or process, any land, other than a road, that is owned by the Crown or a local authority becomes part of the marine and coastal area, then that land becomes part of the common marine and coastal area (even if that land consists of or is included in a piece of land defined by fixed boundaries).
- (3) If land has, because of a change caused by a natural occurrence or process, ceased to be part of the common marine and coastal area, and the title to that land is not determined by an enactment or the common law, then the land vests in the Crown as Crown land and is subject to the Land Act 1948.

14 Roads located in marine and coastal area

- (1) Any road, whether formed or unformed, that is in the marine and coastal area on the commencement of this Act is not part of the common marine and coastal area.
- (2) A certificate signed and dated by the responsible Minister may state, in respect of an unformed road to which subsection (1) applies,—
 - (a) that the formation of the road has commenced; or
 - (b) that the Minister believes that the formation of the road is intended to be commenced, having regard to any evidence that the Minister considers relevant, including, without limitation, any resource consent or other authorisation for that formation or any application or proposed application for such consent or authorisation.
- (3) If, on the day before any quinquennial anniversary, an unformed road to which subsection (1) applies continues in existence as an unformed road, then that road is deemed to be stopped, and becomes part of the common marine and coastal area on that anniversary, unless a current certificate has been signed and dated in respect of that road.
- (4) If a road to which subsection (1) applies continues to be unformed for at least 15 years after the commencement of this Act, the road is deemed to be stopped, and becomes part of the common marine and coastal area, on the date that the responsible Minister, in his or her discretion, signs and dates a certificate stating that—
 - (a) the formation of the road has not commenced; and

- (b) the Minister believes that there is no longer an intention to commence the formation of the road.
- (5) An unformed road that, after the commencement of this Act, comes into existence in the marine and coastal area is part of the common marine and coastal area.
- (6) However, if a road to which subsection (5) applies is formed, the road ceases to be part of the common marine and coastal area on the day on which its formation is completed.
- (7) In any case where a road in the marine and coastal area is not part of the common marine and coastal area, the ownership, management, and control of the road is determined and governed by the enactments that apply to the road.
- (8) Nothing in this section (except subsection (7)) and in section 15 applies to a private road.
- (9) In this section,—
- current certificate** means a certificate under subsection (2) that is dated not earlier than 6 months before the relevant quinquennial anniversary

- (1) When a road or a former road becomes part of the common marine and coastal area, the title of the Crown or other entity as owner of the road is divested.
- (2) If a road in the marine and coastal area is stopped under the Local Government Act 1974 or the Public Works Act 1981, the former road becomes or, as the case requires, continues to be, part of the common marine and coastal area.
- (3) A certificate signed by the responsible Minister that identifies a road or an area and states that a provision of section 14 or this section has, since a specified date, applied to the road or area

is, in the absence of proof to the contrary, sufficient evidence of the matters stated in the certificate.

- (4) This section and section 14 override section 18.

16 Continued Crown ownership of minerals

- (1) Nothing in section 11 or 83 affects section 10 of the Crown Minerals Act 1991, which provides that all petroleum, gold, silver, and uranium existing in its natural condition in land is the property of the Crown.
- (2) For the purposes of section 11 of the Crown Minerals Act 1991, the operation of section 11 or 17 is deemed to be an alienation from the Crown and, accordingly, every mineral (other than pounamu to which section 3 of the Ngai Tahu (Pounamu Vesting) Act 1997 applies) existing in its natural condition in the common marine and coastal area is reserved in favour of the Crown.
- (3) Section 11 does not affect any privileges and the Crown Minerals Act 1991 continues to apply to those privileges in all respects.
- (4) This section is subject to section 83.

17 Additions to common marine and coastal area

- (1) If, at any time after the commencement of this Act, the Crown or a local authority acquires, whether by purchase, gift, exchange, or by operation of law, any specified freehold land that is wholly or partly within the marine and coastal area, then that land, to the extent that it is within the marine and coastal area, becomes on that acquisition part of the common marine and coastal area.
- (2) Subsection (1) does not apply to any specified freehold land that is accorded a status under an enactment other than this Act.

- (a) is to be regarded as personal property and not as land or as an interest in land; and
 - (b) does not form part of the common marine and coastal area.
- (3) A person who, immediately before the commencement of this Act, had an interest in a structure to which this section applies continues to have that interest in the structure as personal property until the person's interest is changed by a disposition or by operation of law.
- (4) A person is presumed, unless the contrary is shown, to own a structure to which this section applies if the person holds a resource consent for the occupation of the part of the common marine and coastal area in which the structure is located.
- (5) Any authority, in force immediately before the commencement of this Act, by which the Crown, a Minister, an officer, an employee, a department, an instrument of the Crown, or a local authority is authorised to exercise and perform powers, duties, or functions in respect of a structure to which this section applies continues to be in force according to its tenor until it is changed or ceases to have effect by a lawful direction, disposition, or by operation of law.

19 Crown deemed to be owner of abandoned structures

- (1) The Crown is deemed to be the owner of any structure that is abandoned in the common marine and coastal area.
- (2) For the purposes of this section, a structure is **abandoned** if the regional council with statutory functions in the part of the common marine and coastal area in which the structure is located has, after due inquiry, been unable to ascertain the identity or the whereabouts of the owner of the structure.
- (3) Where the ownership of a structure in the common marine and coastal area is uncertain, the regional council must undertake an inquiry under subsection (2) if there is no current resource consent in respect of the structure.
- (4) Every inquiry under subsection (2) must be undertaken in accordance with regulations made under section 118.
- (5) Nothing in this section makes the Crown liable—

- (a) for any breaches committed, in respect of a structure, before the Crown became the deemed owner of the structure; or
- (b) for any effects attributable to anything done or omitted, in respect of a structure, before the Crown became the deemed owner of the structure; or

- (a) means any interest under a lease, licence, permit, easement, or statutory authorisation (not being a resource consent) granted in respect of any land that, on the commencement of this Act, is located within the common marine and coastal area; and
- (b) includes any right to a renewal or an extension of that interest; but
- (c) does not include a privilege.

(2) A proprietary interest that, immediately before the commencement of this Act, was in effect continues, so far as it is lawful, to have effect according to its tenor.

(3) Every proprietary interest that is continued by subsection (2) and that has been granted by a person other than the Crown is deemed to have been granted by the Crown.

(4) The Minister of Conservation is authorised to execute on behalf of the Crown any instrument or other document that is required to be executed by the grantor in respect of any proprietary interest.

- (5) The Minister of Conservation may enforce any condition to which a proprietary interest is subject by taking any measures, including the taking of proceedings, that the grantor of the interest could take.

- (ii) where the interest vested is a freehold interest, that the disposition of the freehold interest in that land is restricted by that subpart.

40 Application for renewal of interests less than freehold

- (1) The holder of a lesser interest vested under section 39(1) may apply to the Minister, not later than 3 months before the expiry of the existing interest, for a renewal of the interest in the same, or part of the same, reclaimed land.
- (2) If an application is made under subsection (1), the holder may continue to operate under the existing interest until the application is determined.
- (3) The holder of a lesser interest in reclaimed land may apply to the Minister for the vesting of a freehold interest in that land.
- (4) In determining an application under this section, the Minister must take into account the matters specified in section 36(2), so far as those matters are relevant to the application.
- (5) This section also applies to a lesser interest vested in a person under section 355 or 355AA of the Resource Management Act 1991 (as in force before the commencement of this Act) in land that has become reclaimed land subject to this subpart.

41 Pending applications under Resource Management Act 1991 that relate to reclaimed land

- (1) This section applies to any application—
 - (a) that was made under section 355(1) of the Resource Management Act 1991, as in force immediately before the commencement of this Act; and
 - (b) that is to be, but has not yet been, substantively determined by the Minister of Conservation.
- (2) No applicant may apply under section 35 if—
 - (a) the applicant has previously made an application (**application A**) to which this section applies; and
 - (b) application A was withdrawn or discontinued; and
 - (c) at the time of that withdrawal or discontinuance, application A was in competition with another application to which this section applies.
- (3) An application to which this section applies must (subject to subsections (4) to (7)) be considered and determined by the Minister of Conservation as if this subpart (other than this section) had not been enacted and as if the Resource Management Act 1991 had not been amended by this Act.
- (4) However, an applicant who has made an application to which this section applies may make a request, in accordance with subsection (6), to have the application considered and determined under section 35 by the Minister (within the meaning of section 29), but only if the conditions stated in subsection (5) are met.
- (5) The conditions referred to in subsection (4) are that—
 - (a) as at the commencement of this Act, the application is not in competition with any other application to which this section applies; and
 - (b) the applicant would (but for having made the application to which this section applies) be eligible to apply under section 35.
- (6) A request under subsection (4) must be made in writing to the Minister of Conservation not later than 180 days after the commencement of this Act.
- (7) On receipt of a request under subsection (4), the Minister of Conservation must refer all the documents relating to the ap-

plication to the Minister (within the meaning of section 29) and the reference of those documents must be treated as an application under section 35.

42 Savings

- (1) Where, as at the commencement of this Act, any right, title, or interest in reclaimed land is to be vested in a person under a determination of an application under section 355 of the Resource Management Act 1991 (as in force immediately before the commencement of this Act) but the right, title, or interest has not yet been formally vested, the Minister of Conservation must, if satisfied that all relevant conditions have been fulfilled and the price (if any) has been paid, give effect to the determination as if—
 - (a) this subpart (other than this section) had not been enacted; and
 - (b) the Resource Management Act 1991 had not been amended by this Act.
- (2) In subsection (1), **determination** includes an agreement referred to in section 355AA(2)(b) of the Resource Management Act 1991 (as in force immediately before the commencement of this Act).

43 Land reclaimed from customary marine title areas by customary marine title groups

- (1) In any case where a customary marine title group is the developer of reclaimed land that has been formed or is being formed or is to be formed from the group's customary marine title area, this section applies instead of sections 31 to 41.
- (2) The customary marine title group may apply to the Minister in writing for an interest in the area of reclaimed land, and on making the application becomes liable to pay any fees payable under regulations made under this Act, which are recoverable as a debt due to the Crown.
- (3) On receiving an application duly made under subsection (2), the Minister must—
 - (a) consider the application by applying the criteria stated in section 36(2), so far as they are applicable; and

- (b) proceed on the basis that the customary marine title group is to be granted a freehold interest in the reclaimed land unless—
 - (i) the customary marine title group does not wish to be granted a freehold interest; or
 - (ii) the Minister is satisfied, after considering the matters specified in section 36(2), that there is good reason not to grant the customary marine title group a freehold interest; and
 - (c) determine the application, including whether any conditions must be fulfilled before any interest in the reclaimed land is vested and the nature of any such conditions; and
 - (d) notify the customary marine title group of the determination.
- (4) Before the Minister makes a determination under subsection (3)(c), the Minister must give the customary marine title group a reasonable opportunity to comment on the proposed determination.
- (5) If satisfied that a certificate under section 245(5)(b) of the Resource Management Act 1991 has been issued in respect of the reclaimed land and that any conditions determined under subsection (3)(c) have been fulfilled, the Minister may, by notice in the *Gazette*, vest in the customary marine title group an interest in the reclaimed land.
- (6) Every *Gazette* notice published under subsection (5) must—
- (a) state the name of the customary marine title group, and describe the position and extent of the reclaimed land; and
 - (b) describe the interest vested; and
 - (c) describe any encumbrances or restrictions imposed on the interest; and
 - (d) where the interest vested is a freehold interest and in any other case where the Minister considers it appropriate, be sent by the Minister to the Registrar, with a request that a computer register be issued accordingly; and
 - (e) where the Registrar receives a request under paragraph (d), be registered by the Registrar after receipt from the Minister.

- (7) The Registrar must, in accordance with a request made under subsection (6)(d), issue a computer register under the Land Transfer (Computer Registers and Electronic Lodgement) Amendment Act 2002 in respect of the interest in the land vested by the *Gazette* notice.

Rights of first refusal

44 Restrictions on disposition of freehold interest

- (1) For as long as a computer register issued for reclaimed land subject to this subpart contains a record made under section 39(3)(b), the freehold interest in the land may not be disposed of otherwise than in accordance with section 45, but if that record is removed (in accordance with subsection (6) of this section) following a disposition in accordance with section 45, the freehold interest may be disposed of in any lawful way.
- (2) However, the restriction in subsection (1) does not apply to a disposition that—
- (a) is made by a company to another company if both companies are—
 - (i) members of the same group (within the meaning of section 2(1) of the Financial Reporting Act 1993); or
 - (ii) related companies (within the meaning of section 2(3) of the Companies Act 1993); or
 - (b) affects not solely the freehold interest in the reclaimed land, but also 1 or more other assets.
- (3) The Minister may, at the request of the proprietor of the freehold interest and on payment of any fees payable under regulations made under this Act, sign a certificate stating that the freehold interest in reclaimed land has been disposed of in accordance with section 45 or that the disposition is permitted by subsection (2).
- (4) A certificate signed under subsection (3) is conclusive evidence of the matter stated in the certificate.
- (5) A transfer instrument purporting to effect a disposition to which subsection (1) applies—
- (a) may not be presented for registration under the Land Transfer Act 1952 unless the Minister has signed a cer-

- tificate in respect of the disposition under subsection (3); and
- (b) must, on being presented for registration under that Act, be accompanied by that certificate.
- (6) If the certificate presented under subsection (5)(b) states that the freehold interest in reclaimed land has been disposed of in accordance with section 45, the Registrar must on registration of the transfer instrument remove from the computer register the record made under section 39(3)(b).

45 Offers to Minister, iwi or hapū, or public

- (1) In order to dispose of a freehold interest in reclaimed land (the **freehold interest**) in compliance with this section, the proprietor of the freehold interest must dispose of the freehold interest in accordance with a written notice that is in effect at the time of the disposition and is given under whichever of subsection (2), (4), or (6) is applicable.
- (2) A notice under this subsection—
- (a) must be given to the Minister; and
 - (b) may be given at any time unless a notice under subsection (4) or (6) is in effect; and
 - (c) must state the following terms on which the Crown may acquire the freehold interest:
 - (i) the consideration;
 - (ii) any other terms and conditions.
- (3) If, within the period that the notice under subsection (2) is in effect, the Crown does not enter into a contract to acquire the freehold interest, the proprietor may give public notice under subsection (4).
- (4) A public notice under this subsection must be addressed to all iwi and hapū within the area in which the reclaimed land is located and must invite tenders from representatives of those iwi and hapū for the acquisition of the freehold interest and must state—
- (a) the minimum consideration for the freehold interest, which may not be less than the consideration stated in the most recent notice given or sent under subsection (2):

- (b) any other terms and conditions, which may not be more favourable than the terms and conditions stated in the most recent notice given under subsection (2).
- (5) If, within the period that the notice under subsection (4) is in effect, no iwi or hapū enters into a contract to acquire the freehold interest, the proprietor may, before the second anniversary of the day on which the notice was given to the Minister under subsection (2), give public notice under subsection (6).
- (6) A public notice under this subsection must invite tenders from any person for the acquisition of the freehold interest and state—
 - (a) the minimum consideration for the freehold interest, which may not be less than the consideration stated in the most recent public notice given under subsection (4):
 - (b) any other terms and conditions, which may not be more favourable than the terms and conditions stated in the most recent notice given under subsection (4).
- (7) A notice given or published under subsection (2), (4), or (6) is in effect for the period that commences on the date on which the Minister receives the notice or, in the case of a public notice, the notice is first published and ends with the close of the 90th day after that date.

Part 3 Customary interests

46 Overview of this Part

This Part sets out the legal rights and interests that give expression to customary interests in the common marine and coastal area of New Zealand.

Subpart 1—Participation in conservation processes in common marine and coastal area

47 Participation in conservation processes

- (1) In this section and sections 48 to 50, **affected iwi, hapū, or whānau** means iwi, hapū, or whānau that exercise kaitiaki-

tanga in a part of the common marine and coastal area where a conservation process is being considered.

- (2) Affected iwi, hapū, or whānau have the right to participate in conservation processes in the common marine and coastal area.
- (3) For the purposes of subsection (1), the conservation processes are—
 - (a) applications made under section 5 of the Marine Reserves Act 1971 for the purpose of declaring or extending a marine reserve;
 - (b) proposals under section 22 of the Marine Mammals Protection Act 1978 to define and declare or extend a marine mammal sanctuary;
 - (c) proposals under the enactments relevant to conservation protected areas to declare or extend conservation protected areas;
 - (d) publicly notified applications for concessions;
 - (e) applications made under regulation 12 of the Marine Mammals Protection Regulations 1992 for permits authorising marine mammal watching.

48 Notification of conservation process

- (1) If an application or a proposal is made for a conservation process, notice must be given as provided for in subsection (2), by—
 - (a) the Director-General, in the case of those referred to in section 47(3)(a) to (d); and
 - (b) the applicant, in the case of an application referred to in section 47(3)(e).
- (2) Notice must be given as soon as is reasonably practicable after the application or proposal is received by the Director-General and may be given—
 - (a) as part of any public notice given to members of the public generally of the matter to which it relates; or
 - (b) in a case where the Director-General is not otherwise required to give public notice, to the affected iwi, hapū, or whānau in particular in any publication circulating in the locality to which the proposal relates.
- (3) A notice given under this section must—

- (a) include advice that any iwi, hapū, or whānau that consider they are affected iwi, hapū, or whānau may provide that advice to the Director-General; and
 - (b) state the day by which any iwi, hapū, or whānau who may be affected must provide their views; and
 - (c) provide sufficient information about the subject matter and scope of the application or proposal—
 - (i) to inform iwi, hapū, or whānau who may be affected by the obligations on the Director-General under this subpart; and
 - (ii) to assist affected iwi, hapū, or whānau to decide whether they wish to make a submission on the application or proposal; and
 - (iii) to advise where further information on an application or proposal may be viewed.
- (4) In the event of a dispute as to whether, or which, iwi, hapū, or whānau are affected by an application or proposal, the Director-General must—
- (a) seek, and may rely on, any evidence that in his or her opinion is of sufficient authority to resolve the dispute; and
 - (b) advise iwi, hapū, or whānau without delay of the decision made under this subsection, with reasons.
- (5) A decision of the Director-General as to whether iwi, hapū, or whānau are affected is final.

49 Obligation on decision maker

If the Director-General is advised by iwi, hapū, or whānau and accepts, or determines under section 48(4), that they are affected iwi, hapū, or whānau, the decision maker must have particular regard to the views of those affected iwi, hapū, or whānau in considering the application or proposal.

50 Stranded marine mammals

- (1) In this section **marine mammal** has the same meaning as in section 2 of the Marine Mammals Protection Act 1978.
- (2) This section applies if marine mammals are stranded in or on the common marine and coastal area.

- (3) When making decisions about managing a stranded marine mammal, a marine mammals officer must—
 - (a) ensure that the welfare of the marine mammal and public safety are the primary considerations; and
 - (b) have particular regard to the views of any affected iwi, hapū, or whanau expressed to the officer.
- (4) In subsection (3), **marine mammals officer**—
 - (a) means a person declared or appointed to be a marine mammals officer under section 11 of the Marine Mammals Protection Act 1978; and
 - (b) includes any other person authorised under section 18 of that Act to manage stranded marine mammals.

Subpart 2—Protected customary rights

51 Meaning of protected customary rights

- (1) A **protected customary right** is a right that—
 - (a) has been exercised since 1840; and
 - (b) continues to be exercised in a particular part of the common marine and coastal area in accordance with tikanga by the applicant group, whether it continues to be exercised in exactly the same or a similar way, or evolves over time; and
 - (c) is not extinguished as a matter of law.
- (2) A **protected customary right** does not include an activity—
 - (a) that is regulated under the Fisheries Act 1996; or
 - (b) that is a commercial aquaculture activity (within the meaning of section 4 of the Maori Commercial Aquaculture Claims Settlement Act 2004); or
 - (c) that involves the exercise of—
 - (i) any commercial Māori fishing right or interest, being a right or interest declared by section 9 of the Treaty of Waitangi (Fisheries Claims) Settlement Act 1992 to be settled; or
 - (ii) any non-commercial Māori fishing right or interest, being a right or interest subject to the declarations in section 10 of the Treaty of Waitangi (Fisheries Claims) Settlement Act 1992; or
 - (d) that relates to—

- (i) wildlife within the meaning of the Wildlife Act 1953, or any animals specified in Schedule 6 of that Act;
 - (ii) marine mammals within the meaning of the Marine Mammals Protection Act 1978; or
- (e) that is based on a spiritual or cultural association, unless that association is manifested by the relevant group in a physical activity or use related to a natural or physical resource (within the meaning of section 2(1) of the Resource Management Act 1991).
- (3) An applicant group does not need to have an interest in land in or abutting the specified part of the common marine and coastal area in order to establish protected customary rights.

52 Scope and effect of protected customary rights

- (1) A protected customary right may be exercised under a protected customary rights order or an agreement without a resource consent, despite any prohibition, restriction, or imposition that would otherwise apply in or under sections 12 to 17 of the Resource Management Act 1991.
- (2) In exercising a protected customary right, a protected customary rights group is not liable for—
 - (a) the payment of coastal occupation charges imposed under section 64A of the Resource Management Act 1991; or
 - (b) the payment of royalties for sand and shingle imposed by regulations made under the Resource Management Act 1991.
- (3) However, subsections (1) and (2) apply only if a protected customary right is exercised in accordance with—
 - (a) tikanga; and
 - (b) the requirements of this subpart; and
 - (c) a protected customary rights order or an agreement that applies to the customary rights group; and
 - (d) any controls imposed by the Minister of Conservation under section 57.
- (4) A protected customary rights group may do any of the following:

- (a) delegate or transfer the rights conferred by a protected customary rights order or an agreement in accordance with tikanga:
- (b) derive a commercial benefit from exercising its protected customary rights, except in relation to the exercise of—
 - (i) a non-commercial aquaculture activity; or
 - (ii) a non-commercial fishery activity that is not a right or interest subject to the declarations in section 10 of the Treaty of Waitangi (Fisheries Claims) Settlement Act 1991:
- (c) determine who may carry out any particular activity, use, or practice in reliance on a protected customary rights order or agreement:
- (d) limit or suspend, in whole or in part, the exercise of a protected customary right.

53 Delegations and transfers of protected customary rights

- (1) A delegation or transfer may only be made under section 52(4) to a person identified in a protected customary rights order or an agreement as a person to whom a right may be delegated or transferred.
- (2) A delegation or transfer of a protected customary right must be—
 - (a) notified to each of the persons or bodies referred to in section 110(2)(b); and
 - (b) registered in accordance with section 114.
- (3) A delegation or transfer does not take effect until,—
 - (a) in the case of a protected customary rights order, the order is varied in accordance with section 111; and
 - (b) in the case of an agreement, the agreement is varied.

54 Limitations on exercise of protected customary rights

- (1) A protected customary right does not include any right or title over the part of the common marine and coastal area where the protected customary right is exercised, other than the rights provided for in section 52.
- (2) A protected customary right must be exercised in accordance with—

- (a) any terms, conditions, or limitations on the scale, extent, and frequency of the activity specified in the order or in the agreement; and
- (b) any controls imposed by the Minister of Conservation under section 56.

55 Effect of protected customary rights on resource consent applications

- (1) This section applies if an application for a resource consent for an activity to be undertaken wholly or in part within a protected customary rights area is lodged on or after the date that—
 - (a) a protected customary rights agreement comes into effect under section 96(1)(a); or
 - (b) a protected customary rights order is sealed in accordance with section 113.
- (2) A consent authority must not grant a resource consent for an activity (including a controlled activity) to be carried out in a protected customary rights area if the activity will, or is likely to, have adverse effects that are more than minor on the exercise of a protected customary right, unless—
 - (a) the relevant protected customary rights group gives its written approval for the proposed activity; or
 - (b) the activity is one to which subsection (3) applies.
- (3) The existence of a protected customary right does not limit or otherwise affect the grant of—
 - (a) a coastal permit under the Resource Management Act 1991 to permit existing aquaculture activities to continue to be carried out in a specified part of the common marine and coastal area,—
 - (i) regardless of when the application is lodged or whether there is any change in the species farmed or in the method of marine farming; and
 - (ii) provided that there is no increase in the area, or change to the location, of the coastal space occupied by the aquaculture activity for which the existing coastal permit was granted; or
 - (b) a resource consent under section 330A of the Resource Management Act 1991 for an emergency activity

- (within the meaning of section 63) undertaken in accordance with section 330 of that Act, as if the emergency activity were an emergency work to which section 330 applies; or
- (c) a resource consent for an existing accommodated infrastructure (within the meaning of section 63) if any adverse effects of the proposed activity on the exercise of a protected customary right will be or are likely to be—
 - (i) the same or similar in character, intensity, and scale as those that existed before the application for the resource consent was lodged; or
 - (ii) if more than minor or temporary in nature; or
 - (d) a resource consent for a deemed accommodated activity (within the meaning of section 65(1)(b)(i)).
- (4) In the case where a deemed accommodated activity within the meaning of section 65(1)(b)(i) applies, the consent authority must, when considering applications for a resource consent relating to that activity, have particular regard to the nature of the protected customary right.
- (5) The provisions of Part 1 of Schedule 1 apply for the purposes of subsections (2) and (3).

Controls

56 Controls on exercise of protected customary rights

- (1) If, at any time, the Minister of Conservation determines that the exercise of protected customary rights under a protected customary rights order or agreement has, or is likely to have, a significant adverse effect on the environment, the Minister may impose controls, including any terms, conditions, or restrictions that the Minister thinks fit, on the exercise of the rights.
- (2) Any person may apply to the Minister of Conservation for controls to be imposed on the exercise of a protected customary right, stating the reasons for the application.
- (3) If the Minister is satisfied that the application raises reasonable concerns that the exercise of a protected customary right has, or is likely to have, a significant adverse effect on the envir-

onment, the Minister must serve the notice, stating his or her intention to consider imposing controls, on—

- (a) the protected customary rights group; and
 - (b) the local authorities that have statutory functions in the area where the protected customary right applies; and
 - (c) the person applying for controls to be imposed.
- (4) If the Minister is not satisfied that an application under subsection (2) raises reasonable concerns that the exercise of a protected customary right has, or is likely to have, a significant adverse effect on the environment, the Minister must advise the applicant accordingly, giving reasons for that decision.
- (5) Part 2 of Schedule 1 applies to making a determination as to whether there is, or is likely to be, a significant adverse effect on the environment, for the purpose of imposing controls under this section.

57 Notification of controls

- (1) The Minister of Conservation must notify in the *Gazette* any controls imposed under section 56.
- (2) The notice must set out—
- (a) the name and contact details of the relevant protected customary rights group; and
 - (b) a description of the extent of the protected customary rights area that is subject to the controls; and
 - (c) a description of the protected customary right that is subject to the controls; and
 - (d) a description of the controls, including any standards, terms, conditions, or restrictions, to be applied and the reasons for the controls; and
 - (e) the date on which the controls take effect (which must be as soon as is reasonably practicable after the date of the notice).
- (3) The Minister of Conservation must, as soon as practicable after giving notice, provide a copy of the notice to—
- (a) the protected customary rights group to which the notice applies; and
 - (b) the Minister of Māori Affairs; and
 - (c) the local authorities that have statutory functions in, or relating to, the protected customary rights area; and

- (d) the chief executive.
- (4) Controls take effect on the date stated in the *Gazette* notice.

Subpart 3—Customary marine title

Determination of whether customary marine title exists

58 Customary marine title

- (1) Customary marine title exists in a specified area of the common marine and coastal area if the applicant group—
 - (a) holds the specified area in accordance with tikanga; and
 - (b) has, in relation to the specified area,—
 - (i) exclusively used and occupied it from 1840 to the present day without substantial interruption; or
 - (ii) received it, at any time after 1840, through a customary transfer in accordance with subsection (3).
- (2) For the purpose of subsection (1)(b), there is no substantial interruption to the exclusive use and occupation of a specified area of the common marine and coastal area if, in relation to that area, a resource consent for an activity to be carried out wholly or partly in that area is granted at any time between—
 - (a) the commencement of this Act; and
 - (b) the effective date.
- (3) For the purposes of subsection (1)(b)(ii),—
 - (a) a transfer is a customary transfer if a customary interest in a specified area of the common marine and coastal area was transferred—
 - (i) between or among members of the applicant group; or
 - (ii) to the applicant group or some of its members from a group or some members of a group who were not part of the applicant group; and
 - (b) the transfer was in accordance with tikanga; and
 - (c) the group or members of the group making the transfer—
 - (i) held the specified area in accordance with tikanga; and

- (ii) had exclusively used and occupied the specified area from 1840 to the time of the transfer without substantial interruption; and
- (d) the group or some members of the group to whom the transfer was made have—
 - (i) held the specified area in accordance with tikanga; and
 - (ii) exclusively used and occupied the specified area from the time of the transfer to the present day without substantial interruption.
- (4) Without limiting subsection (2), customary marine title does not exist if that title is extinguished as a matter of law.

59 Matters relevant to whether customary marine title exists

- (1) Matters that may be taken into account in determining whether customary marine title exists in a specified area of the common marine and coastal area include—
 - (a) whether the applicant group or any of its members—
 - (i) own land abutting all or part of the specified area and have done so, without substantial interruption, from 1840 to the present day;
 - (ii) exercise non-commercial customary fishing rights in the specified area, and have done so from 1840 to the present day; and
 - (b) if paragraph (a) applies, the extent to which there has been such ownership or exercise of fishing rights in the specified area.
- (2) To avoid doubt, section 10 of the Treaty of Waitangi (Fisheries Claims) Settlement Act 1992 does not limit subsection (1)(a)(ii).
- (3) The use at any time, by persons who are not members of an applicant group, of a specified area of the common marine and coastal area for fishing or navigation does not, of itself, preclude the applicant group from establishing the existence of customary marine title.
- (4) For the purpose of subsection (1)(a)(i), **land abutting all or part of the specified area** means—
 - (a) land that directly abuts the specified area; or

- (b) land that does not directly abut the specified area, but does directly abut any of the following:
 - (i) a marginal strip (as defined in section 2(1) of the Conservation Act 1987) that directly abuts the specified area;
 - (ii) an esplanade reserve (as defined in section 2(1) of the Resource Management Act 1991), but only to the extent that it directly abuts the specified area;
 - (iii) a reserve (as defined in section 2(1) of the Reserves Act 1977), but only to the extent that it directly abuts the specified area;
 - (iv) a Māori reservation (as defined in section 2(1) of the Reserves Act 1977) that directly abuts the specified area;
 - (v) a road that directly abuts the specified area;
 - (vi) a railway line that directly abuts the specified area.

Rights under customary marine title

60 Scope and effect of customary marine title

- (1) Customary marine title—
 - (a) provides an interest in land, but does not include a right to alienate or otherwise dispose of any part of a customary marine title area; and
 - (b) provides only for the exercise of the rights listed in section 62 and described in sections 66 to 93; and
 - (c) has effect on and from the effective date.
- (2) A customary marine title group—
 - (a) may use, benefit from, or develop a customary marine title area (including derive commercial benefit) by exercising the rights conferred by a customary marine title order or agreement, but is not exempt from obtaining any relevant resource consent, permit, or approval that may be required under another enactment for the use and development of that customary marine title area; and
 - (b) is not liable for payment, in relation to the customary marine title area, of—

- (i) coastal occupation charges imposed under section 64A of the Resource Management Act 1991; or
 - (ii) royalties for sand and shingle imposed by regulations made under the Resource Management Act 1991.
- (3) A customary marine title group may—
 - (a) delegate the rights conferred by a customary marine title order or an agreement in accordance with tikanga; or
 - (b) transfer a customary marine title order or an agreement in accordance with tikanga.

61 Delegation and transfer

- (1) A delegation or transfer permitted by section 60(3) may only be to persons who—
 - (a) belong to the same iwi or hapū as the customary marine title group making the delegation or transfer; and
 - (b) are specified in the relevant customary marine title order or agreement.
- (2) A delegation or transfer of customary marine title recognised by an order or in an agreement takes effect only when, as the case requires,—
 - (a) the order has been varied in accordance with section 111; or
 - (b) the agreement has been varied.
- (3) If customary marine title is delegated, the applicant group remains the holder of the customary marine title.
- (4) If customary marine title is transferred, the persons to whom the title is transferred become the customary marine title group.

62 Rights conferred by customary marine title

- (1) The following rights are conferred by, and may be exercised under, a customary marine title order or an agreement on and from the effective date:
 - (a) a Resource Management Act 1991 (RMA) permission right (*see* sections 66 to 70); and

- (b) a conservation permission right (*see* sections 71 to 75); and
 - (c) a right to protect wāhi tapu and wāhi tapu areas (*see* sections 78 to 81); and
 - (d) rights in relation to—

existing, in relation to an activity, means an activity for which, before the effective date, any necessary resource consents have been granted, whether or not any or all of them have been given effect to before the effective date.

64 Accommodated activities

- (1) An accommodated activity—
 - (a) may be carried out in a part of the common marine and coastal area despite customary marine title being recognised in respect of that part under subpart 1 or 2 of Part 4; and
 - (b) is not limited or otherwise affected by the exercise of an RMA permission right or a conservation permission right; but
 - (c) does not limit or otherwise affect the exercise of any other right referred to in section 62(1).
- (2) For the purposes of this subpart, **accommodated activity** means any of the following activities, to the extent that they are within a customary marine title area:
 - (a) an activity authorised under a resource consent, whenever granted, if the application for the consent is first accepted by the consent authority before the effective date:
 - (b) an activity that may be carried out under a resource consent, whenever granted, for a minimum impact activity (as defined in section 2(1) of the Crown Minerals Act 1991) relating to petroleum (as defined in section 2(1) of that Act):
 - (c) accommodated infrastructure:

- (d) the management activities for which a resource consent is required in relation to—
 - (i) an existing marine reserve;
 - (ii) an existing wildlife sanctuary;
 - (iii) an existing marine mammal sanctuary;
 - (iv) an existing concession;
 - (e) an activity carried out under a coastal permit granted under the Resource Management Act 1991 to permit existing aquaculture activities to continue to be carried out in a specified part of the common marine and coastal area,—
 - (i) regardless of when the application is lodged or whether there is any change in the species farmed or in the method of marine farming; but
 - (ii) provided that there is no increase in the area, or change of location, of the coastal space occupied by the aquaculture activities for which the existing coastal permit was granted;
 - (f) an emergency activity;
 - (g) scientific research or monitoring that is undertaken or funded by—
 - (i) the Crown;
 - (ii) any Crown agent;
 - (iii) the regional council with statutory functions in the region where the research or monitoring is to take place;
 - (h) a deemed accommodated activity.
- (3) Subsection (4) applies if, in relation to whether an activity is an accommodated activity, there is a dispute between—
- (a) a customary marine title group; and
 - (b) the person who owns, operates, or carries out the activity that is the subject of the dispute.
- (4) Either party to the dispute may refer the dispute to the Minister for Land Information for resolution.
- (5) The decision of the Minister is final.

65 Deemed accommodated activities

- (1) For the purpose of section 64(2)(h) and Schedule 2, the following activities are deemed to be accommodated activities:

- (a) the construction or operation of any proposed infrastructure that—
 - (i) is within the meaning of paragraph (b) of the definition of **accommodated infrastructure**; and
 - (ii) cannot practicably be constructed or operated in any location other than within a customary marine title area; and
 - (iii) is essential for—
 - (A) the national social or economic well-being; or
 - (B) the social or economic well-being of the region in which the infrastructure is located; and
 - (iv) in any case where the construction of infrastructure is to take place at any time after the commencement of this Act, that construction is either—
 - (A) agreed in principle in accordance with Part 1 of Schedule 2 (subject to all necessary consents being obtained) by the group that holds a customary marine title order in the area relevant to the proposed infrastructure; or
 - (B) classified by the Minister for Land Information as a deemed accommodated activity (subject to all necessary resource consents being obtained) in accordance with Part 1 of Schedule 2:
- (b) any activity—
 - (i) that, at any time after the commencement of this Act, is necessary for, or reasonably related to, prospecting, exploration, mining operations, or mining (as those terms are defined in section 2(1) of the Crown Minerals Act 1991) for petroleum under a privilege; and
 - (ii) for which an agreement or an arbitral award has been made under Part 2 of Schedule 2:
- (c) any activity—

- (i) that, at any time after the commencement of this Act, is necessary for, or reasonably related to, the exercise of a privilege in existence immediately before the effective date and of the rights associated with that privilege, as provided for in section 84(1); and
 - (ii) for which an agreement or arbitral award has been made under Part 2 of Schedule 2.
- (2) Nothing in subsection (1)(a) or (b) limits the discretion of a consent authority—
 - (a) to decline an application for a resource consent; or
 - (b) to impose conditions on the resource consent.

RMA permission right

66 Scope of Resource Management Act 1991 permission right

- (1) An RMA permission right applies to activities that are to be carried out under a resource consent, including a resource consent for a controlled activity, to the extent that the resource consent is for an activity to be carried out within a customary marine title area.
- (2) A customary marine title group may give or decline permission, on any grounds, for an activity to which an RMA permission right applies.
- (3) Permission given by a customary marine title group cannot be revoked.
- (4) An RMA permission right does not apply to the grant or exercise of a resource consent for an accommodated activity.
- (5) An RMA permission right, or permission given under such a right, does not limit the discretion of a consent authority—
 - (a) to decline an application for a resource consent; or
 - (b) to impose conditions.
- (6) In this section, **consent authority** includes the Minister of Conservation and the Minister for the Environment exercising the powers of a consent authority under the Resource Management Act 1991.

67 Procedural matters relevant to exercise of RMA permission right

- (1) A person seeking to carry out an activity (the **applicant**) to which an RMA permission right applies—
 - (a) must make a request for permission by notice to the relevant customary marine title group; and
 - (b) may do so at any time before the relevant resource consent may commence.
- (2) The customary marine title group must—
 - (a) notify in writing its decision on a request for permission to—
 - (i) the applicant who gave notice under subsection (1); and
 - (ii) the relevant consent authority; and
 - (b) if permission is given, specify—
 - (i) the activity for which permission is given; and
 - (ii) the applicant who is to have the benefit of the permission; and
 - (iii) the duration of the permission.
- (3) Unless the customary marine title group has already notified its decision to the applicant under subsection (2), it must do so not later than 40 working days after it receives a notice from the applicant that the applicant has been granted the relevant resource consent (whether or not the applicant had previously notified the customary marine title group of the application).
- (4) The customary marine title group is to be treated as having given permission for the resource consent, for its duration, if notice of its decision is not received by the applicant in accordance with subsection (3).
- (5) In subsection (3), the grant of a resource consent means that the consent has been granted and any appeal rights exhausted, and that the resource consent would, but for the requirement for the permission of the customary marine title group, commence under section 116 of the Resource Management Act 1991.

68 Effect of RMA permission right

- (1) The holder of a resource consent for an activity in a customary marine title area to which an RMA permission right applies

must not commence the activity to which the consent applied unless—

- (a) permission has been given by the relevant customary marine title group under section 66(2) for that activity; and
 - (b) the permission covers the activity to which the resource consent applies.
- (2) To avoid doubt, a decision of a customary marine title group to give or to decline permission for an activity is not subject to—
- (a) a right of appeal; or
 - (b) a right of objection under section 357 or 357A of the Resource Management Act 1991.

69 Offence and penalty provision

- (1) In relation to an activity to which an RMA permission right applies, it is an offence to commence the activity in the relevant customary title area unless the relevant customary marine title group has given permission under section 66(2) or is to be treated as having given permission under section 67(4).
- (2) Every person who commits an offence against subsection (1) is liable, on summary conviction,—
- (a) in the case of a natural person, to imprisonment for a term not exceeding 2 years or a fine not exceeding \$300,000;
 - (b) in the case of a person other than a natural person, to a fine not exceeding \$600,000.
- (3) A person convicted of an offence under this section is also liable for the full value of—
- (a) any revenue or profits earned by, or accruing to, the offender as a result of the offence; or
 - (b) any revenue or profits lost by the customary marine title group as a result of the offence; or
 - (c) any savings in costs made by, or accruing to, the offender as a result of the offence.
- (4) If a person is convicted of an offence under this section and a fine is imposed, the Environment Court must—

- (a) deduct 10% from the total sum of the fine imposed and the full amount payable under subsection (3), to be credited to the Crown Bank Account; and
 - (b) order that the balance of the total sum described in paragraph (a) be paid—
 - (i) in full to the relevant customary marine title group that brought the prosecution; or
 - (ii) if another person or group brought the prosecution, to that person and the relevant customary marine title group in any proportion that the Environment Court directs.
- (5) Proceedings under this section and section 70 must be heard either—
- (a) by an Environment Judge sitting alone; or
 - (b) in the District Court and, unless the Chief District Court Judge directs otherwise, by a District Court Judge who is an Environment Judge.

70 Court may make enforcement orders

- (1) Subsection (3) applies only if, in relation to the exercise of a resource consent,—
- (a) the RMA permission right is applicable; and
 - (b) a resource consent is exercised without the permission of the customary marine title group being obtained.
- (2) If proceedings for an offence are commenced in the Environment Court, the Summary Proceedings Act 1957 applies as if a reference to the District Court were a reference to the Environment Court, with any other necessary modifications.
- (3) The Environment Court may make enforcement orders to—
- (a) prohibit a person from continuing the activity;
 - (b) require a person to remove any structure or other work or materials from the customary marine title area;
 - (c) require a person to rectify any adverse effects of the activity on the customary marine title area.

*Conservation permission right***71 Scope and effect of conservation permission right**

- (1) A conservation permission right enables a customary marine title group to give or decline permission, on any grounds, for the Minister of Conservation or the Director-General, as the case requires, to proceed to consider an application or proposal for a conservation activity specified in subsection (3).
- (2) A conservation permission right applies only in the case of an application or proposal made on or after the effective date.
- (3) The conservation activities to which a conservation permission right applies are activities wholly or partly within the relevant customary marine title area and for which—
 - (a) an application is made under section 5 of the Marine Reserves Act 1971 to declare or extend a marine reserve;
 - (b) a proposal is made under the enactments relevant to a conservation protected area to declare or extend a conservation protected area;
 - (c) an application for a concession is made.
- (4) Permission given by a customary marine title group cannot be revoked.
- (5) A conservation permission right, or permission given under such a right, does not limit—
 - (a) the discretion of the Minister of Conservation or Director-General, as the case may require,—
 - (i) to decline an application or a proposal; or
 - (ii) to impose conditions, including conditions not sought by the customary marine title group, or more stringent conditions than those it may have sought; or
 - (b) the matters provided for in sections 74 and 75.
- (6) Nothing in this section or sections 72 and 73 applies to an accommodated activity.

72 Obligation to refer proposals for conservation activity if conservation permission right applies

- (1) The Minister of Conservation or Director-General, as the case requires,—

- (a) must refer an application or a proposal for a conservation activity to the relevant customary marine title group for its consideration, unless the person making the proposal has already sought permission from the customary marine title group; and
 - (b) must not proceed to consider the application or proposal until the written permission of the group for the proposed activity is received by the Minister or Director-General; and
 - (c) must not approve an application or a proposal except to the extent that any permission given by the customary marine title group covers the application or proposal.
- (2) In referring an application in respect of a marine reserve under subsection (1), the Director-General must include information on—
- (a) any boundary markers that may be placed in the reserve under section 22 of the Marine Reserves Act 1971; and
 - (b) any signs that may be erected, or any management that may be carried out, in the reserve under that Act.
- (3) Permission given under section 71 is to be treated as including permission for the placement of boundary markers, signs, and management activities disclosed to the customary marine title group under subsection (2).

73 Obligations when conservation permission right is exercised

- (1) A customary marine title group must, not later than 40 working days after it receives an application or a proposal for its consideration under section 72,—
- (a) decide whether to give or decline permission for the Minister of Conservation or Director-General, as the case requires, to proceed to determine the application or proposal; and
 - (b) give written notice of that decision to the Minister of Conservation or Director-General, as the case requires.
- (2) The group is to be treated as having given permission if advice of its decision under subsection (1)(a) is not received under subsection (1)(b) within the stated time.
- (3) To avoid doubt,—

- (a) the group is not obliged to comply with any obligations arising under the enactments listed in section 71(3); and
- (b) there is no right of appeal against the decision of a customary marine title group in the exercise of its conservation permission right.

Protection purposes

74 Priority of protection purposes

- (1) This section applies to a proposal—
 - (a) to declare or extend a marine reserve that is wholly or partly in a customary marine title area; or
 - (b) to declare or extend a conservation protected area that is wholly or partly in a customary marine title area.
- (2) The Minister of Conservation or the Director-General, as the case requires, may proceed with a proposal described in subsection (1) without the permission of the relevant customary marine title group if the Minister or Director-General is satisfied that the proposal is for a protection purpose that is of national importance.

75 Matters relevant to determining protection purposes

- In making a determination under section 74(2), the Minister of Conservation or the Director-General, as the case requires, must have regard to—
- (a) the views of the customary marine title group on the effects of the proposal on the interests of the group; and
 - (b) whether the proposal minimises as far as practicable any adverse effects on the interests of the group; and
 - (c) whether there are no practicable options for achieving a protection purpose that is of national importance, other than within the customary marine title area, because—
 - (i) the protection relates to a unique or rare habitat, ecosystem, feature, or area of scientific value; or
 - (ii) the area is nationally important for the conservation of a species; or
 - (iii) protection of the area is essential for the viability, integrity, or effective management of a nationally important—

- (A) conservation protected area:
- (B) marine reserve:
- (C) network of such protected areas; or
- (iv) the protection relates to a habitat, ecosystem, or species that occurs at a number of sites where it is not practicable to achieve the protection purposes; and
- (d) any other matter similar in nature to the matters set out in paragraphs (a) to (c).

Marine mammal watching permits

76 Decisions on grant of marine mammal permits

- (1) Before the Director-General determines an application under the Marine Mammals Protection Regulations 1992 to watch marine mammals within a customary marine title area, the Director-General must—
 - (a) give written notice to the customary marine title group relevant to that area—
 - (i) of the proposed permit; and
 - (ii) that the Director-General seeks its views (which must be given within 40 working days of that notice being received); and
 - (b) recognise and provide for the views of the group on the proposed permit, if they are provided within the specified time.
- (2) The obligation under subsection (1)(b) does not limit the discretion of the Director-General to—
 - (a) approve or decline an application on the grounds set out in the Marine Mammals Protection Regulations 1992; or
 - (b) impose any conditions on a permit that the Director-General thinks fit.
- (3) The notice must include a copy of the proposed permit and sufficient information to enable the customary marine title group to provide its views on the application.

*New Zealand coastal policy statement***77 Consultation**

If the Minister of Conservation is proposing to prepare, issue, change, review, or revoke a New Zealand coastal policy statement under section 57 of the Resource Management Act 1991, the Minister must seek and consider the views of the customary marine title groups recorded on the register.

*Wāhi tapu protection right***78 Protection of wāhi tapu and wāhi tapu areas**

- (1) A customary marine title group may seek to include recognition of a wāhi tapu or a wāhi tapu area—
 - (a) in a customary marine title order; or
 - (b) in an agreement.
- (2) A wāhi tapu protection right may be recognised if there is evidence to establish—
 - (a) the connection of the group with the wāhi tapu or wāhi tapu area in accordance with tikanga; and
 - (b) that the group requires the proposed prohibitions or restrictions on access to protect the wāhi tapu or wāhi tapu area.
- (3) If a customary marine title is recognised under subpart 1 or 2 of Part 4, the customary marine title order or agreement must set out the wāhi tapu conditions that apply, as provided for in section 79.

79 Wāhi tapu conditions

- (1) The wāhi tapu conditions that must be set out in a customary marine title order or an agreement are—
 - (a) the location of the boundaries of the wāhi tapu or wāhi tapu area that is the subject of the order; and
 - (b) the prohibitions or restrictions that are to apply, and the reasons for them; and
 - (c) any exemption for specified individuals to carry out a protected customary right in relation to, or in the vicinity of, the protected wāhi tapu or wāhi tapu area, and any conditions applying to the exercise of the exemption.

- (2) Wāhi tapu conditions—
 - (a) may affect the exercise of fishing rights, but must not do so to the extent that the conditions prevent fishers from taking their lawful entitlement in a quota management area or fisheries management area; and
 - (b) do not affect the exercise of kaitiakitanga by a customary marine title group in relation to a wāhi tapu or wāhi tapu area in the customary marine title area of that group.
- (3) A customary marine title group may seek to vary or revoke a wāhi tapu condition by applying to—
 - (a) vary a recognition order under section 111; or
 - (b) vary an agreement.
- (4) In this section, **fisheries legislation** means—
 - (a) the Fisheries Act 1983; and
 - (b) the Fisheries Act 1996; and
 - (c) regulations made under those Acts.

80 Wardens and fishery officers

- (1) Wardens may be appointed by a customary marine title group with an interest in a wāhi tapu or wāhi tapu area, in accordance with regulations made under section 118, to promote compliance with a prohibition or restriction imposed under section 79.
- (2) A warden appointed under subsection (1) is responsible to the customary marine title group for the following functions:
 - (a) to assist in implementing any prohibition or restriction:
 - (b) to enter a wāhi tapu or wāhi tapu area for the purpose of performing the warden's functions:
 - (c) to advise members of the public of any applicable prohibition or restriction:
 - (d) to warn a person to leave a wāhi tapu or wāhi tapu area:
 - (e) to record—
 - (i) any failure to comply with a prohibition or restriction if the warden has reason to believe that the failure is intentional; and
 - (ii) the name, contact details, and date of birth of a person who the warden has reason to believe is

intentionally failing to comply with a prohibition or restriction:

- (f) to report to a constable any failure to comply with a prohibition or restriction in any case where the warden has reason to believe that the failure is intentional.
- (3) Fishery officers and honorary fishery officers may enforce wāhi tapu conditions imposed under section 79 if, and to the extent that, any fishing in a wāhi tapu or wāhi tapu area breaches those conditions.
- (4) For the purpose of subsection (3), fishery officers and honorary fishery officers may enter a wāhi tapu or wāhi tapu area—
- (a) to assist in implementing a prohibition or restriction:
 - (b) to advise fishers of any applicable prohibition or restriction:
 - (c) to warn fishers to leave the wāhi tapu or wāhi tapu area:
 - (d) to record any failure of a fisher, and the details of that fisher, to comply with a prohibition or restriction, if the officer has reason to believe the failure is intentional:
 - (e) to report any such failure to a constable.
- (5) In this section, **fishery officer**, **honorary fishery officer**, and **fishing** have the meanings given in section 2(1) of the Fisheries Act 1996.

81 Compliance

- (1) A local authority that has statutory functions in the location of a wāhi tapu or wāhi tapu area that is subject to a wāhi tapu protection right must, in consultation with the relevant customary marine title group, take any appropriate action that is reasonably necessary to encourage public compliance with any wāhi tapu conditions.
- (2) Every person commits an offence who intentionally fails to comply with a prohibition or restriction notified for that wāhi tapu or wāhi tapu area, and is liable on summary conviction to a fine not exceeding \$5,000.
- (3) Despite subsection (2), the offence provisions of the Historic Places Act 1993 apply if a wāhi tapu or wāhi tapu area subject to a wāhi tapu protection right—

- (a) is protected by a heritage covenant under section 6 of that Act; or
 - (b) has interim registration under section 26 of that Act.
- (4) To avoid doubt, it is not an offence for a person to do anything that is inconsistent with the prohibition or restriction included in the wāhi tapu conditions if—
- (a) the person is carrying out an emergency activity (within the meaning of section 63); or
 - (b) the person has an exemption notified under section 79(1)(c).

Ngā taonga tūturu

82 Newly found taonga tūturu

- (1) Any taonga tūturu found in a customary marine title area on or after the effective date is prima facie the property of the relevant customary marine title group.
- (2) Accordingly, section 11(1) of the Protected Objects Act 1975 does not apply to taonga tūturu to which subsection (1) applies.
- (3) Any person finding a taonga tūturu in a customary marine title area has a duty to notify the finding within 28 days, in accordance with section 11(3) of the Protected Objects Act 1975.
- (4) The obligations of the chief executive under section 11(4) of the Protected Objects Act 1975 apply, but with the following modifications:
 - (a) the relevant customary marine title group is entitled to have interim custody of the taonga tūturu, at the discretion of the chief executive and subject to any conditions that the chief executive considers fit; and
 - (b) the public notice given by the chief executive must provide for a period of 6 months from the date of the notice for any claims of ownership to the taonga tūturu to be lodged.
- (5) To avoid doubt, the discretion conferred on the chief executive or other person by section 11(2) of the Protected Objects Act 1975 to apply to the Māori Land Court also applies under this section.
- (6) If no competing claims have been lodged with the chief executive after 6 months from the date of the notice given under

- subsection (4)(b), the relevant customary marine title group becomes the owner of the taonga tūturu.
- (7) If competing claims are lodged in respect of the taonga tūturu within the specified time,—
- (a) the relevant customary marine title group must be treated as having also lodged a claim for the ownership of the taonga tūturu; and
 - (b) the ownership of the taonga tūturu must be determined in accordance with sections 11(6) and (7) and 12 of the Protected Objects Act 1975.
- (8) Section 11(8) and (9) of the Protected Objects Act 1975 apply to the finding of taonga tūturu to which this section applies.
- (9) In this section, **relevant customary marine title group** means the group that holds a customary marine title order or has entered into an agreement in relation to the part of the common marine and coastal area where the taonga tūturu is found.

Status of minerals

83 Status of minerals in customary marine title area

- (1) This section applies on and after the effective date.
- (2) A customary marine title group has, and may exercise, ownership of minerals (other than petroleum, gold, silver, and uranium existing in their natural condition) that are within the customary marine title area of that group.
- (3) The reservation of minerals in favour of the Crown continued by section 16(2) ceases.
- (4) This section does not limit or have any effect on section 11(1A) of the Crown Minerals Act 1991 (which excludes the reservation of minerals in favour of the Crown from applying to pounamu to which section 3 of the Ngai Tahu (Pounamu Vesting) Act 1997 applies).

84 Status of existing privileges within common marine and coastal area

- (1) Despite section 83(2) and (3), the following privileges, rights, obligations, functions, and powers (including those preserved by the transitional provisions in Part 2 of the Crown Minerals Act 1991) continue as if section 83 had not been enacted:

- (a) privileges in existence immediately before the effective date; and
 - (b) rights that can be exercised under the Crown Minerals Act 1991 by the holders of those privileges or any other person; and

93 Obligations on regional councils in relation to planning documents

Preliminary obligations

- (1) A regional council with functions in a region where 1 or more planning documents are registered in accordance with section 86 must, until the requirements of subsection (5) have been completed, attach the planning documents to copies of its relevant regional documents that it makes publicly available.

Identification and application of resource management matters included in planning document

- (2) Between the time that a planning document is lodged under section 86(1) and the time it is deemed to be registered under section 86(2), a regional council must identify the matters in the planning document that relate to resource management issues within its functions under the Resource Management Act 1991, to the extent that those matters are relevant within—
 - (a) the customary marine title area to which the planning document relates; and
 - (b) any parts of the common marine and coastal area to which the planning document relates other than the customary marine title area.
- (3) When considering, under section 104 of the Resource Management Act 1991, a resource consent application for an activity that would, if the consent were granted, directly affect, wholly or in part, the area to which the planning document applies, a consent authority of a regional council must have regard to any matters identified under subsection (2).
- (4) The obligation under subsection (3) applies only to the matters in respect of which a regional council is able to exercise discretion.
- (5) The obligation under subsection (3) continues until—

- (a) a regional document, altered in accordance with this section, becomes operative in accordance with Schedule 1 of the Resource Management Act 1991; or
- (b) 30 working days after the date that the customary marine title group is informed of the decision under subsection (11) that no alterations are to be made to the relevant regional documents.

Obligations with respect to relevant regional documents

- (6) A regional council must initiate a process to determine whether to alter its relevant regional documents, if and to the extent that any alteration would achieve the purpose of the Resource Management Act 1991, in order to—
 - (a) recognise and provide for any matters identified under subsection (2)(a); and
 - (b) take into account any matters identified under subsection (2)(b).
- (7) The process required by subsection (6) may be commenced—
 - (a) at any time after a planning document is registered; but
 - (b) not later than the first proposed change to, or variation or review of, any provision in a relevant regional document that applies to a customary marine title area.
- (8) In making a determination under subsection (6), a regional council must consider the extent to which alterations must be made to its relevant regional documents to—
 - (a) recognise and provide for the matters in a planning document that relate to the customary marine title area; and
 - (b) take into account the matters in a planning document that relate to the parts of the common marine and coastal area other than the customary marine title area.
- (9) The obligations on a regional council under subsection (8) must be carried out in accordance with the requirements and procedures that relate to regional documents in—
 - (a) Part 5 of the Resource Management Act 1991; and
 - (b) Schedule 1 of that Act.
- (10) A regional council may decide, in conducting the process required by subsection (6), not to alter its relevant regional docu-

- ments, but only on the grounds that the matters in the planning document—
- (a) are already provided for in a relevant regional document; or
 - (b) would not achieve the purpose of the Resource Management Act 1991; or
 - (c) would be more effectively and efficiently addressed in another way.
- (11) If a regional council determines that no alterations should be notified in a proposed policy statement or plan that is notified under clause 5 of Schedule 1 of the Resource Management Act 1991, it must inform the customary marine title group in writing and provide reasons for its decision within 5 working days of that decision.
- (12) If an application is made to a regional council under Part 2 of Schedule 1 of the Resource Management Act 1991 for a private plan change that includes a customary marine title area in respect of which a planning document has been lodged,—
- (a) the provisions of Part 2 of that schedule apply to the application, subject to the regional council having regard to any matters in the planning document when making a decision under clause 25 of that schedule; and
 - (b) if the private plan change is not rejected or treated as a resource consent application, the regional council must adopt the request and initiate the process required by subsection (6).

- (2) Subsection (1) does not apply unless the applicant group, not later than 6 years after the commencement of this Act, has given notice to the responsible Minister of its intention to seek an agreement recognising a protected customary right or customary marine title.
- (3) Nothing requires the Crown to enter into the agreement, or to enter into negotiations for the agreement: in both cases this is at the discretion of the Crown.
- (4) The Crown must not enter into an agreement unless the applicant group satisfies the Crown that,—
 - (a) in the case of a protected customary right, the requirements in section 51 are met; or
 - (b) in the case of customary marine title, the requirements in section 58 are met.

96 How recognition agreements to be brought into effect

- (1) An agreement is of no effect unless and until it is brought into effect,—
 - (a) in the case of an agreement to recognise a protected customary right, on the date prescribed by an Order in Council, which must also specify—
 - (i) the applicant group in sufficient detail to identify it; and
 - (ii) the area to which the agreement relates, with a map or diagram that is sufficient to identify the area; and

- (b) in the case of an agreement to recognise customary marine title, by an Act of Parliament on the date specified in the enactment.
- (2) The responsible Minister must introduce legislation into Parliament that contains the full text of the agreement for the purpose of subsection (1)(b).

 - (b) in the case of an application for recognition of customary marine title, meets the requirements of section 58.
- (3) No other court has jurisdiction to make a recognition order.
- (4) On and after the commencement of this Act, the jurisdiction of the Court to hear and determine any aboriginal rights claim is replaced fully by the jurisdiction of the Court under this Act.

- (5) In subsection (4), **aboriginal rights claim** means any claim in respect of the common marine and coastal area that is based on, or relies on, customary rights, customary title, aboriginal rights, aboriginal title, the fiduciary duty of the Crown, or any rights, titles, or duties of a similar nature, whether arising before, on, or after the commencement of this Act and whether or not the claim is based on, or relies on, any 1 or more of the following:

- (1) If an application for a recognition order raises a question of tikanga, the court may—
- (a) refer that question in accordance with section 61 of Te Ture Whenua Maori Act 1993 to the Māori Appellate Court for its opinion; or
 - (b) obtain the advice of a court expert (a **pūkenga**) appointed in accordance with the High Court Rules who has knowledge and experience of tikanga.

An application for a recognition order must—

- (a) state whether it is an application for recognition of a protected customary right, or of customary marine title, or both; and

 - (g) the registry of the Court for filing the notice of appearance.
- (3) The date for filing a notice of appearance must not be less than 20 working days after the first public notice of the application is published.

104 Who may appear on application for recognition order

Any interested person may appear and be heard on an application for a recognition order if that person has, by the due date, filed a notice of appearance.

105 Evidence

In hearing an application for a recognition order, the Court may receive as evidence any oral or written statement, document, matter, or information that the Court considers to be reliable, whether or not that evidence would otherwise be admissible.

106 Burden of proof

- (1) In the case of an application for recognition of protected customary rights in a specified area of the common marine and coastal area, the applicant group must prove that the protected customary right—
 - (a) has been exercised in the specified area; and

 - (i) from 1840 to the present day; or
 - (ii) from the time of a customary transfer to the present day.
- (3) In the case of every application for a recognition order, it is presumed, in the absence of proof to the contrary, that a customary interest has not been extinguished.

107 Court's flexibility in dealing with application

- (1) The Court may, if it considers that an application for recognition of a protected customary right is more appropriately decided as an application for recognition of customary marine title, treat it as the latter.
- (2) The Court may, if it considers that an application for recognition of customary marine title is more appropriately decided as an application for recognition of a protected customary right, treat it as the latter.
- (3) The Court may strike out all or part of an application for a recognition order or a notice of appearance filed under section 104 if it—
 - (a) discloses no reasonably arguable case; or
 - (b) is likely to cause prejudice or delay; or
 - (c) is frivolous or vexatious; or
 - (d) is otherwise an abuse of the Court.

- (4) If the Court strikes out an application under subsection (3), it may by the same or a subsequent order dismiss the application.
- (5) Instead of striking out all or part of an application under subsection (3), the Court may stay all or part of the application on such conditions as are considered just.
- (6) This section does not affect the Court's inherent jurisdiction.

108 Rules governing procedure

Rules not inconsistent with this Act may be made under section 51C of the Judicature Act 1908 to regulate the practice and procedure of the Court or the Court of Appeal or the Supreme Court in relation to any application to the Court under this Act.

- (4) An application for variation or cancellation of a recognition order may be made only by—
 - (a) the holder of the order; or
 - (b) a representative of the group to which the order applies, if the holder—

Schedule 1

ss 55(5), 56(5)

**Resource consents and controls in
protected customary rights area****Part 1****Matters relevant to applications****1 Determination of adverse effects**

In determining whether a proposed activity will, or is likely to, have an adverse effect on the exercise of a protected customary right, a consent authority must consider the following matters:

- (a) the effects of the proposed activity on a protected customary right; and
- (b) the area that the proposed activity would have in common with the relevant protected customary rights area; and
- (c) the degree to which the proposed activity must be carried out to the exclusion of other activities; and
- (d) the degree to which the exercise of a protected customary right must be carried out to the exclusion of other activities; and
- (e) whether an alternative location or method would avoid, remedy, or mitigate any adverse effects of the proposed activity on the exercise of the protected customary right; and
- (f) whether any conditions could be included in a resource consent for the proposed activity that would avoid, remedy, or mitigate any adverse effects of the proposed activity on the exercise of the protected customary right.

2 Written approval

(1) This clause applies if—

- (a) a protected customary rights group gives written approval under section 55(2) for a resource consent for a proposed activity; and
- (b) the proposed activity, if carried out under the resource consent, would have the effect of preventing, in whole or in part, the exercise of a protected customary right.

Part 1—*continued*

- (2) The protected customary rights group must acknowledge in writing that the resource consent, if granted, would have the effect described in subclause (1)(b).
- (3) Both the written approval given under section 55(2) and the written acknowledgement required by subclause (2)—
 - (a) form part of the application for the resource consent for the proposed activity; and
 - (b) if a resource consent is granted, form part of the resource consent for that activity.
- (4) An approval given by a protected customary rights group is not able to be revoked.

3 Process if grant of resource consent has effect of cancelling protected customary right

- (1) If the effect of carrying out an activity under a resource consent granted in the circumstances contemplated by clause 2 would be permanently to cancel a protected customary rights order or agreement, in whole or in part,—
 - (a) the protected customary rights group must apply, as the case requires,—
 - (i) to the High Court under section 111 to vary or cancel the order; or
 - (ii) to the responsible Minister to vary or cancel an agreement; and
 - (b) a decision by the consent authority to grant a resource consent for the proposed activity is of no effect until the application referred to in paragraph (a) has been—
 - (i) determined by the High Court under section 111 and all appeal rights have been pursued, and registered under section 114; or
 - (ii) agreed to by the responsible Minister as if it were an application for an agreement to which sections 95, 96, and 114 apply.
- (2) If the High Court or the responsible Minister, as the case requires, declines an application to cancel a protected customary rights order, the relevant resource consent must be treated as if it were declined by the consent authority.

Part 1—*continued***4 Assessment of effects of exercise of protected customary rights**

- (1) An enforcement officer authorised in writing for the purpose by a local authority may do any of the following for the purpose of assessing the effects on the environment of the exercise of a protected customary right:

 - (b) the controls—
 - (i) will not prevent the exercise of the right; and
 - (ii) are reasonable and, in the circumstances, not unduly restrictive; and
 - (iii) are necessary to avoid, remedy, or mitigate any significant adverse effects of the exercise of the right on the environment.

Part 2—*continued*

- (2) However, the Minister of Conservation must not impose controls on the exercise of a protected customary right under sub-clause (1) unless the Minister—

- (4) However, the regional council may only carry out an assessment if—
 - (a) it begins the assessment, for any reason, not later than 20 working days after a protected customary rights order or an agreement is registered under section 114; or
 - (b) at any time after the expiry of the 20 working day period referred to in paragraph (a), it considers that the effects of exercising the protected customary right on the environment are, or are likely to be, materially different from those effects considered when, whichever is the later,—

Schedule 2

ss 63, 65

**Process by which certain new activities
in customary marine title area become
deemed accommodated activities****Part 1****Deemed accommodated infrastructure**

- 1 Prior to an application being lodged under the Resource Management Act 1991 for any resource consents for proposed infrastructure (within the meaning of section 65(1)(a)) in a customary marine title area, the proposed infrastructure may become a deemed accommodated activity in accordance with this Part.
- 2 Any person listed in paragraph (b) of the definition of accommodated infrastructure in section 63 may apply to the Minister for Land Information to declare a proposed infrastructure to be a deemed accommodated activity. In this Part, **Minister** means the Minister of Land Information.
- 3 In applying under this Part, the applicant must provide to the Minister the following information:
 - (a) a survey and a plan that—
 - (i) shows the customary marine title area where the proposed infrastructure is to be constructed; and
 - (ii) must meet the requirements of the Cadastral Survey Act 2002 as if it were a cadastral survey within the meaning of that Act; and
 - (b) a detailed description of the proposed infrastructure, including all of the relevant resource consents that will be applied for in support of the proposed infrastructure; and
 - (c) a detailed description of the purpose for which the proposed infrastructure is to be used; and
 - (d) why the applicant considers that the proposed infrastructure complies with section 65(1)(a)(iii); and
 - (e) an assessment of all practicable alternative locations (within or outside the coastal marine area), and reasons why the proposed infrastructure cannot practicably be

Part 1—*continued*

- constructed in any location outside of the customary marine title area; and
- (f) a description of the negotiations that have already taken place with the customary marine title group and, on the basis of those negotiations, reasons why the applicant considers it cannot reasonably obtain the permission of that group for the proposed infrastructure.
- 4 Upon receipt of an application under clause 3, the Minister must consider and decide to—
- (a) make an initial decision on whether there is sufficient information to demonstrate that all of those requirements and criteria have been adequately addressed; or
- (b) seek more information from the applicant; or
- (c) decline the application on the basis that—
- (i) insufficient information has been provided; or
- (ii) the proposed infrastructure does not meet all or any of the requirements and criteria set out in clause 3.
- 5 For the avoidance of doubt, a decision under clause 4(a) is not a substantive decision of the Minister in favour of the classification of the proposed infrastructure as a deemed accommodated activity. It is merely a decision that there is sufficient information for the Minister to consider the matter further with the relevant customary marine title group.
- 6 After making a decision under clause 4(a) that there is sufficient information (or after receiving further information under clause 4(b)), the Minister must, before determining the application,—
- (a) provide to the customary marine title group a copy of the application and any further information received from the applicant; and
- (b) invite the customary marine title group to identify appropriate compensation for the removal of its RMA permission right or conservation permission right and any

Part 1—*continued*

- other affected right associated with the customary marine title for the proposed infrastructure, in the event that it does not wish to agree to the construction of the proposed infrastructure going ahead; and
- (c) negotiate in good faith with the customary marine title group in an attempt to compensate for the waiver of its permission rights with respect to the application.
- 7 This clause applies if, after a period of 3 months,—
- (a) the customary marine title group fails to respond to any invitation issued under clause 6; or
- (b) the customary marine title group refuses to negotiate with the Minister; or
- (c) the Minister and the group do not agree to waive the permission rights.
- 8 If clause 7 applies, the Minister must consider the application and any material provided by the customary marine title group and any other relevant information and make a decision on—
- (a) whether to waive the customary marine title group's permission rights; and
- (b) whether there are any other affected rights associated with the customary marine title; and
- (c) what compensation to provide; and
- (d) whether to classify the matter as a deemed accommodated activity under section 64.
- 9 In making his or her decision under clause 8, the Minister must consider whether the matters set out in clause 3 have been adequately addressed and, without limiting his or her consideration, the Minister may not agree to waive the permission rights if the Minister is satisfied that the information provided under clause 3(d) and (e) does not justify waiver.
- 10 If the customary marine title group agrees to waive the permission rights, or a decision is made by the Minister under clause 8 to waive the permission rights, then the proposed in-

Part 1—*continued*

frastructure will become a deemed accommodated activity, except that—

- (a) the waiver of the RMA permission right will operate only for the particular resource consents applied for with respect to the proposed infrastructure (and only as far as the proposed infrastructure is defined in the *Gazette* notice set out in clause 11); and
- (b) the waiver of the permission rights will not otherwise take away the legal effect of the customary marine title order or agreement, except as the customary marine title group expressly agrees otherwise or the Minister decides otherwise; and
- (c) the waiver of the permission rights will only apply to the activity that is the subject of an application under clause 3 and, unless expressly provided otherwise, it will not prevent the customary marine title group from exercising its permission rights under a customary marine title order or agreement within the same area for any other resource consent application not included in the *Gazette* notice published under clause 11; and
- (d) the customary marine title order or agreement will still be a relevant matter for the consent authority when considering the resource consents necessary for the deemed accommodated activity under the Resource Management Act 1991.

11 If a proposed infrastructure becomes a deemed accommodated activity under clause 10, the Minister must cause a notice to be published in the *Gazette* giving—

- (a) a description of the deemed accommodated activity, including a detailed description of the proposed infrastructure and all resource consents that will be applied for as part of the proposed infrastructure; and
- (b) a description of the customary marine title area and rights that are affected; and
- (c) a description of the purpose for which the infrastructure is to be used.

Part 1—*continued*
