Registration of wine standards management plans

16 Wine standards management plans must be registered

A person who is required to operate under a wine standards management plan must apply for registration of the plan in accordance with section 18.

17 Register of wine standards management plans

- (1) The Director-General must keep and maintain a register of wine standards management plans that records every wine standards management plan registered under this Part.
- (2) The purpose of the register is—
 - (a) to enable members of the public, including persons and businesses operating under this Act, to know what business operations are subject to wine standards management plans, and who is responsible for various functions under those plans; and
 - (b) to facilitate the ability of the Director-General to—
 - (i) ensure that all traded wine is fit for its intended purpose; and
 - (ii) advise winemakers and other persons required to have wine standards management plans under section 12 of overseas market access requirements, and of developments in market access issues; and
 - (iii) to safeguard official assurances for entry of wine into overseas markets, including in emergency situations; and
 - (c) to facilitate the compliance, audit, and other supporting and administrative functions of the Ministry under this Act.
- (3) The register of wine standards management plans must contain the following particulars in respect of each plan registered:
 - (a) the name and address (including the electronic address, if available) of the winemaker or other business owner or operator whose plan it is:
 - (b) the name, or the position or designation, of the person who is responsible for the day-to-day management of the plan, as nominated by the winemaker or other business owner or operator:
 - (c) the date on which the plan was registered, and the registration number or other unique identifier allocated to it:
 - (d) the types of wine (whether grape wine, fruit wine or vegetable wine, or other type of wine or wine product) to which the plan applies:
 - (e) the principal categories of winemaking and other operations carried out under the plan:
 - (f) the location and type of premises or place to which the plan applies:
 - (g) the name of the verifying agency responsible for verification of the plan:

- (h) the date (and period, if appropriate) of any suspension of operations under the plan or any deregistration or surrender of registration of the plan:
 - (i) a brief indication of the reason for any such suspension or deregistration:
 - (j) the date on which the most recent significant amendment to the wine standards management plan has been registered under section 22:
 - (k) the date of any notifications of minor amendments to the wine standards management plan under section 23:
 - (l) any other particulars required by the regulations or any supplementary notice.
- (4) The Director-General must—
- (a) keep the register open for public inspection, free of charge, at all reasonable hours at the head office of the Ministry and at such other places as the Director-General determines as necessary or appropriate; and
 - (b) supply to any person copies of all or part of the register on request and on payment of a reasonable charge for the production of the copy.
- (5) The register may be kept in such manner as the Director-General thinks fit, including, either wholly or partly, by means of a device or facility—
- (a) that records or stores information electronically or by other means; and
 - (b) that permits the information so recorded to be readily inspected or reproduced in usable form; and
 - (c) that permits the information in the register to be accessed by electronic means, including (without limitation) by means of remote log-on access.

18 Applications for registration of wine standards management plans

- (1) An application for registration of a wine standards management plan must be made in writing in a form or manner approved by the Director-General, and be accompanied by—
- (a) either—
 - (i) a copy of the wine standards management plan (or such greater number of copies as may be required by the Director-General); or
 - (ii) if the regulations permit part only of the plan to be lodged, a copy of that part of the plan; and

 - (d) such further information and other material (including declarations, where appropriate) as may be required by the regulations or any supplementary notice; and
 - (e) the prescribed fee (if any).
- (1A) Despite the requirement in subsection (1)(b), the Director-General may waive or modify the requirement for an independent evaluation report where—
- (a) a wine standards management plan is fully based on a template, model, or code of practice that the Director-General considers to be valid and appropriate for the business concerned in accordance with section 8(2); or
 - (b) a wine standards management plan is a multi-business wine standards management plan approved by the Director-General in accordance with section 15; or

- (1B) The information or material accompanying the application must be provided in a way that complies with any requirements prescribed by the regulations or any supplementary notice.
- (2) The Director-General may require an applicant to supply further information or other material before determining whether or not to register a wine standards management plan.
- (3) If the information or material is not supplied within 6 months of the date of the request, or within such further time as the Director-General allows, the application for registration lapses.

19 Registration of wine standards management plans

- (1) The Director-General must register a wine standards management plan submitted by an applicant if satisfied that—
 - (a) the content of the wine standards management plan—
 - (i) complies with the requirements imposed by or under this Act; and
 - (ii) ensures that, as far as practicable, the wine to be produced under the plan will be fit for its intended purpose; and
 - (iii) is clear enough to be readily understood by the operator, the Director-General, and the operator's verifier; and
 - (b) the applicant is a fit and proper person to operate a wine business, taking into account whether the applicant or any directors or managers of the business concerned have been convicted, whether in New Zealand or overseas, of any offence relating to fraud or dishonesty, or relating to management control or business activities in respect of any wine business (whether in New Zealand or elsewhere); and
 - (c) the business, or its operator, is resident in New Zealand within the meaning of section OE 1 or section OE 2 of the Income Tax Act 1994.
- (2) Registration may be subject to such reasonable conditions as the Director-General may specify, including conditions relating to the commencement of operations under the plan.
- (3) The Director-General must, as soon as practicable after registering a wine standards management plan, supply the applicant with—
 - (a) a notice of registration; and
 - (b) a notice of any conditions imposed under subsection (2).
- (4) If a person acting under the delegated authority of the Director-General imposes any conditions under subsection (2), the applicant may seek a review of the imposition of those conditions under section 114.

20 Refusal to register wine standards management plan

- (1) If, after considering an application and any further information or material supplied under section 18, the Director-General proposes to refuse to register a wine standards management plan, the Director-General must give the applicant—

- (a) a notice containing such particulars as will clearly inform the applicant of the grounds on which the Director-General proposes to refuse to register the plan; and
 - (b) a reasonable opportunity to make written submissions or be heard in respect of the matter.
- (2) Where the Director-General finally determines to refuse to register a plan, the Director-General must as soon as practicable notify that fact to the applicant in writing, giving reasons.
- (3) If a person acting under the delegated authority of the Director-General declines to register a wine standards management plan, the applicant may seek a review of that decision under section 114.

21 Registration may not be transferred

- (1) The registration of a wine standards management plan applies only to the particular operator and premises or place specified in the register, and may not be transferred to a different operator or premises or place.
- (2) Nothing in this section prevents—
 - (a) the registration in the name of a new operator, or in relation to new premises or a new place, of a wine standards management plan in substantially identical terms to those that applied to a former operator or premises or place; or
 - (b) the extension of a plan to the business or part of the business of another person in accordance with an approval given under section 15.
- (3) For the purposes of this section, the following circumstances will, except as otherwise specified by the Director-General by notice under section 120(1), be treated as involving a change in the operator of a wine standards management plan, and so require registration of a new plan rather than amendment of an existing registered plan:
 - (a) a change in the members of a partnership (but not in members' respective shares in the partnership):
 - (b) the death, bankruptcy, receivership, or liquidation of the operator of the plan.

Section 21(2)(b): amended, on 2 March 2018, by section 189(1) of the Food Safety Law Reform Act 2018 (2018 No 3).

Section 21(3): amended, on 2 March 2018, by section 189(2) of the Food Safety Law Reform Act 2018 (2018 No 3).

22 Registration of significant amendment of wine standards management plan

- (1) The operator of a registered wine standards management plan must amend that plan, and apply for registration of the amendment, where any change, event, or other matter means that the plan—

- (a) is no longer appropriate, or will no longer be appropriate, to the wine, processes, or premises or place covered by the plan; or
 - (b) otherwise impacts, or will impact, on the fitness for its intended purpose of the wine concerned or the content of the wine standards management plan.
- (2) The operator must amend the plan, and apply for registration of the amendment, before the event where the operator knows of the change, event, or other matter in advance, and in all other cases must do so without unreasonable delay.
- (3) The operator of a wine standards management plan may at any time apply to the Director-General for registration of an amendment to the plan.
- (3A) An application under this section must be made in writing in a form or manner approved by the Director-General and be accompanied by—
 - (a) any information and other material required by the regulations or any supplementary notice; and
 - (b) the prescribed fee (if any).
- (3B) The information or material accompanying the application must be provided in a way that complies with any requirements prescribed by the regulations or any supplementary notice.
- (3C) Sections 18(2) and (3), 19, and 20 apply to an application under this section, with any necessary modifications, as if it were an application for registration under section 18.
- (4) As soon as practicable after determining to register an amendment, the Director-General must—
 - (a) notify the applicant in writing accordingly; and
 - (b) where the amendment relates to future events or matters, specify the date or occasion on which the amendment takes effect or will apply; and
 - (c) give the applicant's verifying agency a copy of the amendment (or, where appropriate, of a redraft of the relevant part of the plan that incorporates the amendment); and
 - (d) make an appropriate entry on the register of wine standards management plans.
- (5) If the Director-General proposes to refuse to register an amendment, the Director-General must give the applicant—
 - (a) a notice containing such particulars as will clearly inform the applicant of the grounds on which the Director-General proposes to refuse to register the amendment; and
 - (b) a reasonable opportunity to make written submissions or be heard in respect of the matter.

- (6) Where the Director-General finally determines to refuse to register an amendment, the Director-General must as soon as practicable notify that fact to the applicant in writing, giving reasons.
- (7) If a person acting under the delegated authority of the Director-General refuses to register an amendment, the applicant may seek a review of that decision under section 114.

- (1) For the purpose of ensuring that a registered wine standards management plan continues to comply with the requirements of section 14, every operator of a wine standards management plan must from time to time notify the Director-General of all amendments to the wine standards management plan that—
 - (a) are of such a nature as not to require registration under section 22; and
 - (b) have not been previously notified to the Director-General under this section.
- (2) Notification of the amendments must—

25 Deregistration of wine standards management plan

- (1) The Director-General may remove a wine standards management plan from the register if the Director-General is satisfied that—

 - (b) there is or has been such a serious failure of operations or other matters under the plan as to cast doubt on the fitness for its intended purpose of the wine produced under the plan; or
 - (ba) removal of the plan from the register is permitted under section 23A; or
 - (c) whether by reason of the passage of time or changing circumstances, or for any other reason, the wine standards management plan no longer ensures the fitness for its intended purpose of the wine under the plan; or
 - (d) the operator of the plan is no longer a fit and proper person to operate or be responsible for the operation of a wine business, taking into account any conviction of the operator or any director or manager of the wine business concerned, whether in New Zealand or overseas, of any offence relating to fraud or dishonesty, or relating to management control or business activities in respect of businesses of a kind (whether in New Zealand or elsewhere) that are regulated under this Act; or
 - (e) if the business ceases to be a wine business.
- (2) The Director-General may not deregister a wine standards management plan under this section unless he or she has first—
 - (a) notified the operator of the plan (whether orally or in writing) of the intention to deregister and the reason for deregistration; and
 - (b) given the operator an opportunity to be heard.
- (3) Where the Director-General finally determines to deregister a wine standards management plan, the Director-General must—

- (1) The Director-General may remove any business or part of a business from the coverage of a registered wine standards management plan that applies to more than 1 comparable business if the Director-General is satisfied that deregistration of the plan would be appropriate under section 25(1) if the business or part of a business being removed were the only one operating under the plan.
- (2) Section 25(2) to (7) applies in relation to the removal of the business or part of a business from the coverage of the wine standards management plan as if references in those subsections to deregistration of the plan were references to removal from the coverage of the plan.

Section 26: replaced, on 2 March 2018, by section 195 of the Food Safety Law Reform Act 2018 (2018 No 3).

27 Surrender of registration

- (1) The operator of a registered wine standards management plan may surrender registration of the plan by notice in writing to the Director-General.
- (2) Where the operator or wine business concerned ceases to operate as a wine business, that operator or wine business (or, where appropriate, the liquidator,

receiver, executor, or other successor in title of the operator) must, within 20 working days of so ceasing,—

- (a) notify the Director-General in writing of that fact; and
 - (b) surrender the notice of registration to the Director-General; and
 - (c) notify the operator's verifying agency of that fact.
- (3) At the same time as notification under subsection (1) or subsection (2), the operator or other relevant person must also notify the Director-General of how it is proposed to deal with any remaining wine covered by the wine standards management plan.

No wine officer, no person called on to assist a wine officer, and no recognised person who does any act or omits to do any act in pursuance of any of the functions or powers conferred on that officer or person by or under this Act is under any civil or criminal liability in respect of that act or omission, unless the officer or person has acted, or omitted to act, in bad faith or without reasonable cause.

Subpart 2—Cost recovery**84 Principles of cost recovery**

- (1) The Minister and the Director-General must take all reasonable steps to ensure that so many of the direct and indirect costs of administering this Act as are not provided for by money appropriated by Parliament for the purpose are recovered under this subpart, whether by way of fees, levies, or otherwise.
- (2) In determining the most appropriate method of cost recovery under section 85, and its level, in any particular case or class of cases of wine, business, person, or other matter, the Minister and Director-General must have regard, as far as is reasonably practicable, to the following criteria:
 - (a) equity, in that funding for a particular function, power, or service, or a particular class of functions, powers, or services, should generally, and to the extent practicable, be sourced from the users or beneficiaries of the relevant function, power, or service at a level commensurate with their use or benefit from the function, power, or service:
 - (b) efficiency, in that costs should generally be allocated and recovered in order to ensure that maximum benefits are delivered at minimum cost:
 - (c) justifiability, in that costs should be collected only to meet the reasonable costs (including indirect costs) for the provision or exercise of the relevant function, power, or service:
 - (d) transparency, in that costs should be identified and allocated as closely as practicable in relation to tangible service provision for the recovery period in which the service is provided.
- (3) Costs should not be recovered under this subpart unless there has been consultation with affected parties and relevant industry organisations in accordance with section 115, and the parties involved have been given sufficient time and information to make an informed contribution.
- (4) Nothing in subsection (3) or in section 87 or section 115 requires consultation in relation to specific fees or charges, or the specific levels of fees or charges, so long as the fees or charges set are reasonably within the purview of any general consultation or any consultation carried out for the purposes of section

115, and a failure to comply with subsection (3) does not affect the validity of any regulations made for the purposes of this subpart.

- (5) Nothing in this section requires a strict apportionment of the costs to be recovered for a particular function or service based on usage; and, without limiting the way in which fees or charges may be set, a fee or charge may be set at a level or in a way that—
- (a) is determined by calculations that involve an averaging of costs or potential costs:
 - (b) takes into account costs or potential costs of services that are not directly to be provided to the person who pays the fee or charge but which are an indirect or potential cost arising from the delivery of the service in question to a class of persons or all persons who use the service.

Section 84(3): amended, on 2 March 2018, by section 230 of the Food Safety Law Reform Act 2018 (2018 No 3).

85 Methods of cost recovery

The methods by which costs may be recovered under this subpart are as follows:

- (a) fixed fees or charges:
- (b) fees or charges based on a scale or formula or at a rate determined on an hourly or other unit basis:
- (c) use of a formula or other method of calculation for fixing fees and charges:
- (d) the recovery by way of fee or charge of actual and reasonable costs expended in, or associated with, the performance of a service or function:
- (e) estimated fees or charges, or fees or charges based on estimated costs, paid before the provision of the service or function, followed by reconciliation and an appropriate further payment or refund after provision of the service or function:
- (f) refundable or non-refundable deposits paid before provision of the service or performance of the function:
- (g) fees or charges imposed on users of services or third parties:
- (h) levies:
- (i) any combination of the above.

86 Cost recovery to relate generally to financial year

- (1) Except as provided in subsection (2), any regulations that set a fee, charge, or levy that applies in any financial year—
- (a) must have been made before the start of that financial year; but

- (b) except as the regulations may otherwise provide, apply in that year and all subsequent years until revoked or replaced.
- (2) Subsection (1) does not prevent the alteration or setting during any financial year of a fee, charge, or levy payable in that year if either—
 - (a) the fee, charge, or levy is reduced, removed, or restated without substantive alteration; or
 - (b) in the case of an increase or a new fee, charge, or levy,—
 - (i) consultation in accordance with section 115 has been carried out with persons or representatives of persons substantially affected by the alteration or setting; and
 - (ii) the Minister is satisfied that those persons, or their representatives, agree or do not substantially disagree with the alteration or setting.
- (3) Subsection (1) does not prevent the amendment of any regulation setting a fee, charge, or levy if any substantive alteration effected by the amendment is for the purpose of correcting an error.
- (4) Recovery may be made in any financial year of any shortfall in cost recovery for any of the preceding 4 financial years, and allowance may be made for any over-recovery of costs in those years (including any estimated shortfall or over-recovery for the immediately preceding financial year).

Section 86(1): amended, on 2 March 2018, by section 231(1) of the Food Safety Law Reform Act 2018 (2018 No 3).

87 Three-yearly review of cost recovery

- (1) The Minister must cause to be reviewed, at least once in every 3-year period occurring since the original setting of, or latest change to, the levels and methods of cost recovery in relation to any class of wine, business, person, or other matter, the levels and methods of cost recovery in the relevant area that are likely to be appropriate for the following financial year or years.
- (2) The Minister must ensure that consultation in accordance with section 115 takes place in relation to any such review.
- (3) A review may make provision for recovery in any relevant financial year of any shortfall in cost recovery for any of the preceding 4 financial years, or make allowance for any over-recovery of costs in those years (including any estimated shortfall or over-recovery for the immediately preceding financial year).
- (4) Subsection (1) does not require all areas of cost recovery to be reviewed at the same time, nor does it impose any time limit on the making of regulations to implement the results of a review.

Section 87(2): amended, on 2 March 2018, by section 232 of the Food Safety Law Reform Act 2018 (2018 No 3).

 - (b) payable on an ongoing basis by a person given a particular status under this Act (for example, for ongoing registration under subpart 3 of Part 2 or for ongoing recognition under sections 70 to 82Z).
- (2) The fees and charges may be prescribed using any 1 or more of the methods specified in section 85, or any combination of those methods.
- (3) Different fees and charges, or different rates or types of fee or charge, may be prescribed in respect of different classes or descriptions of wine, persons or businesses, operations, or other matters, or any combination of them.
- (4) Without limiting subsection (3), the fees and charges prescribed may—
 - (a) differ depending on whether or not a special or urgent service is provided:
 - (b) include more than 1 level of fee or charge for the same service provided in different ways, or provided in or in respect of different places:
 - (c) differ for otherwise similar services provided in different ways:
 - (d) differ for otherwise similar services provided to different categories of person:
 - (e) differ depending on the amount of service required or the components of the service required for the particular person or class of person.
- (5) Where regulations prescribe a formula for determining a fee or charge, the formula may specify the value of 1 or more of its components as being an amount or amounts notified for these components by the Director-General by notice under section 120(1).
- (6) The Minister may not recommend the making of regulations under this section unless satisfied that, to the extent appropriate in the circumstances, the requirements of sections 84 and 86 have been met.
