Environmental Protection Act

ONTARIO REGULATION 222/07

ENVIRONMENTAL PENALTIES

Consolidation Period: From April 26, 2022 to the e-Laws currency date.

Last amendment: 91/22.

Legislative History: [+]

This is the English version of a bilingual regulation.

Purpose

1. The purpose of this Regulation is to provide for the assessment of environmental penalties in a manner that encourages regulated persons to,

- (a) take steps to prevent contraventions;
- (b) take steps to mitigate the effects of contraventions and to prevent their recurrence;
- (c) implement environmental management systems; and
- (d) enter into agreements under subsection 182.1 (9) of the Act to take steps for the protection of the natural environment beyond the measures required by an Act of Ontario or Canada, by a regulation or instrument under an Act of Ontario or Canada, or by a public body. O. Reg. 222/07, s. 1.

Interpretation

2. In this Regulation,

- “contravention” means a contravention or failure in respect of which a person may be required to pay an environmental penalty under section 182.1 of the Act; (“contravention”)
- “Director” means a Director appointed in respect of section 182.1 of the Act; (“directeur”)
- “plant” means an industrial facility and the real property, waste disposal sites and wastewater treatment facilities associated with it; (“usine”)
- “public body” means a municipality, local board, conservation authority, ministry, department, board, commission, or agency or official of a provincial or federal government; (“organisme public”)
- “sewage” has the same meaning as in subsection 1 (1) of the *Ontario Water Resources Act*; (“eaux d’égout”)
- “toxic substance” means a substance listed in Table 1 of the Ministry of the Environment publication entitled “Environmental Penalties – Code of Toxic Substances”, as amended from time to time. (“substance toxique”) O. Reg. 222/07, s. 2; O. Reg. 254/11, s. 1.

Regulated person

3. (1) For the purposes of clause (a) of the definition of “regulated person” in subsection 1 (1) of the Act, a prescribed class of persons is persons who own or operate a plant that,

- (a) is listed in Table 1;
- (b) was described in section 3 of Ontario Regulation 560/94 (Effluent Monitoring and Effluent Limits — Metal Mining Sector), made under the Act, as it read immediately before it was revoked, as a plant to which that regulation applied;
- (c) discharges sewage, other than storm water, to a surface watercourse or to a sewage works that is privately owned, and,
 - (i) processes chemicals into organic chemicals, plastics, or synthetic fibres (organic chemical manufacturing sector),
 - (ii) processes, manufactures, packages or blends inorganic chemicals (inorganic chemical sector),
 - (iii) mines, excavates, extracts or processes as a product graphite, gypsum, silica (quartzite), salt, talc, nepheline syenite or trap rock (industrial minerals sector),
 - (iv) mines, excavates, extracts or processes limestone, dolomite, or sandstone on real property, and manufactures products on the real property using the limestone, dolomite, or sandstone (industrial minerals sector),
 - (v) produces portland clinker, cement, lime or magnesium (industrial minerals sector),
 - (vi) produces electricity through fossil-fuelled thermal generation, nuclear-powered thermal generation, and plants associated with nuclear plants including heavy water plants and nuclear complex services (electric power generation sector),
 - (vii) produces newsprint, fine papers, coated papers, paperboard, kraft pulp, linerboard, corrugating medium, kraft paper, tissue, groundwood paper, boxboard, or container board (pulp and paper sector),
 - (viii) refines crude oil to produce petroleum products (petroleum sector),
 - (ix) manufactures metallic objects by cooling molten metal in a mould or die (metal casting sector), or
 - (x) uses iron ore or recycled material to produce steel (iron and steel manufacturing sector); or
- (d) is a plant described in clause (c) that has temporarily suspended the operations or the discharge referred to in that clause. O. Reg. 222/07, s. 3 (1); O. Reg. 466/21, s. 1.

(2) A plant does not manufacture a product using limestone, dolomite or sandstone for the purpose of subclause (1) (c) (iv) if it engages only in aggregate crushing and screening of those minerals. O. Reg. 222/07, s. 3 (2).

(3) Despite subsection (1), a person who owns or operates a plant described in subsection (1) is not a regulated person during any periods where any of the following circumstances apply to the plant and the person notifies the Director of it in writing:

1. The plant's sewage works for sewage other than storm water are exempt under clause 53 (6) (a) or (b) of the *Ontario Water Resources Act* from the prohibition under subsection 53 (1) of that Act.
2. If the plant is listed in Table 1, the person permanently ceases all operations and activities described in clause (1) (c). O. Reg. 222/07, s. 3 (3); O. Reg. 254/11, s. 2.

(4) In this section,

"sewage" has the same meaning as in subsection 1 (1) of the *Ontario Water Resources Act*; ("eaux d'égout")

"sewage works" has the same meaning as in subsection 1 (1) of the *Ontario Water Resources Act*; ("station d'épuration des eaux d'égout")

"surface watercourse" means any lake, river, pond, stream, reservoir, swamp, marsh or surface drainage works. ("cours d'eau de surface") O. Reg. 222/07, s. 3 (4).

Contraventions

4. (1) An order under subsection 182.1 (1) of the Act to pay an environmental penalty shall not be issued for any contravention referred to in that subsection except as set out in this Regulation. O. Reg. 222/07, s. 4 (1).

(2) An order under subsection 182.1 (1) of the Act to pay an environmental penalty may only be issued,

(a) to a regulated person; and

(b) for a contravention that,

- (i) occurs at a plant described in subsection 3 (1) or relates to the operations of the plant,
- (ii) is described in Column 2 of Table 2, if the circumstances, if any, set out in Column 3 of that Table for the contravention apply, and
- (iii) occurs or continues on or after the date specified in Column 4 of Table 2 in respect of the contravention. O. Reg. 222/07, s. 4 (2).

Notice of intention to issue penalty

5. (1) Before issuing an order to a regulated person under subsection 182.1 (1) of the Act, the Director shall give the regulated person a written notice of intention to issue the order that includes the following information:

1. A statement of the Director's intention to issue an order under subsection 182.1 (1) of the Act.
2. The item number in Table 2 of the contravention to which the proposed order will relate.
3. The classification of the contravention as a Type 1, 2 or 3 contravention in accordance with Table 2, the classification of the contravention as a less serious, serious or very serious contravention in accordance with sections 10 to 15, and the cell of Table 4 that corresponds to the classifications.
4. A statement of which factors listed under paragraph 3 of subsection 9 (1) the Director will consider in determining the amount of the gravity component from the range set out in the cell of Table 4 identified under paragraph 3 of this subsection.
5. In the case of a contravention specified in item 1 of Table 2,
 - i. a description of the adverse effects that were caused or that may be caused by the contravention, and
 - ii. a statement as to whether the discharge contained a toxic substance.
6. A description of the days or parts of days on which the contravention occurred or continued in respect of which the Director intends to issue the order, where a day is a 24-hour period.

7. If appropriate, the location of the contravention.
 8. If the Director is of the opinion that as a result of the contravention, a monetary benefit described in paragraph 1 or 2 of subsection 8 (1) was acquired by the regulated person, the estimated monetary benefit and a summary of how the Director determined the monetary benefit, including the time frame that was used in the estimate.
 9. Information about the regulated person's right under section 6 to request a reduction to the amount of the environmental penalty and the grounds on which such a reduction may be requested. O. Reg. 222/07, s. 5 (1).
- (2) A notice of intention given under subsection (1) may apply to one or more contraventions. O. Reg. 222/07, s. 5 (2).
- (3) The Director may amend a notice of intention after it has been issued by giving the regulated person a written amendment. O. Reg. 222/07, s. 5 (3).

Request for review of penalty

6. (1) A regulated person who receives a notice of intention under subsection 5 (1), or an amendment under subsection 5 (3), may make any one or more of the following requests in writing, within 15 days after the date indicated on the notice of intention or on the amendment, if any, or within such longer period as the Director agrees to in writing:

1. If the notice of intention or amendment includes an estimate of monetary benefit, a request that the Director consider the information included with the request and redetermine the monetary benefit.
 2. If the notice of intention or amendment relates to a contravention specified in item 1 or 2 of Table 2 and includes a statement that the discharge contained a toxic substance, a request that the Director consider any information included with the request demonstrating that the toxic substance or its concentration did not result from the operation or activities of the plant.
 3. A request that the Director consider any information included with the request before determining the gravity component of the penalty under section 9.
 4. A request that the Director, after determining the gravity component of the penalty under section 9, grant a reduction to the component in accordance with section 16 on the grounds that the regulated person took steps to prevent the contravention or mitigate its effects.
 5. A request that the Director, after determining the gravity component of the penalty under section 9, grant a reduction to the component in accordance with section 17 on the grounds that at the time of the contravention, the regulated person had in place an environmental management system described in section 17. O. Reg. 222/07, s. 6 (1).
- (2) If the notice of intention or amendment applies to more than one contravention, a request under subsection (1) may be made in respect of any one or more of the contraventions. O. Reg. 222/07, s. 6 (2).
- (3) A request made under subsection (1) shall include the following information:

1. For a request under paragraph 4 of subsection (1), the grounds on which the reduction is requested and a specific description of the steps taken.
2. For a request under paragraph 5 of subsection (1), any document demonstrating that, at the time of the contravention, the regulated person had in place an environmental management system described in section 17.
3. For any request under subsection (1), all information and submissions that the regulated person wants the Director to consider with respect to the request. O. Reg. 222/07, s. 6 (3).

Amount of environmental penalty

7. (1) The amount of the environmental penalty for a contravention is,

$$A + (B - C - D - E)$$

in which,

- "A" is the monetary benefit received by the regulated person as a result of the contravention, as determined under section 8,
- "B" is the gravity component for the contravention, as determined under section 9,
- "C" is the reduction, if any, to the gravity component determined under section 16 (reductions for prevention or mitigation),

"D" is the reduction, if any, to the gravity component determined under section 17 (reduction for environmental management system), and

"E" is the reduction, if any, to the gravity component determined under subsection 18 (2) or (3), as the case may be (reduction for agreement with the Director).

O. Reg. 222/07, s. 7 (1).

(2) If, after determining the environmental penalty for the contravention, the Director determines that the amount of the environmental penalty is, by its magnitude, punitive in nature having regard to all the circumstances, the Director shall reduce the amount of the environmental penalty to an amount that is consistent with promoting internal discipline among regulated persons to comply with the requirements under the Act. O. Reg. 222/07, s. 7 (2).

Monetary benefit

8. (1) The following monetary benefits are prescribed for the purpose of paragraph 3 of subsection 182.1 (17) of the Act:

1. Avoided costs, which are costs that the regulated person avoided incurring by failing to comply with a provision described in Table 2. Avoided costs apply in respect of provisions that must be complied with on or by a certain date and that, once that date has passed, cannot be complied with on a future date.
2. Delayed costs, which are costs that the regulated person delayed incurring by delaying compliance with a provision described in Table 2. O. Reg. 222/07, s. 8 (1).

(2) If the Director is of the opinion that a regulated person acquired a monetary benefit described in subsection (1), the Director shall,

- (a) determine the time frame during which the regulated person acquired the monetary benefit; and
- (b) determine the amount of the monetary benefit in accordance with the Ministry of the Environment publication entitled "Procedure for the Calculation of the Monetary Benefit Component of Environmental Penalties", as amended from time to time. The document is available at the Ministry's Public Information Centre and on the Ministry's website. O. Reg. 222/07, s. 8 (2).

Gravity component

9. (1) The gravity component for the first day on which a contravention occurs is determined as follows:

1. The Director classifies the contravention as a Type 1, 2 or 3 contravention as indicated in Column 5 of Table 2, and as a less serious, serious, or very serious contravention in accordance with sections 10 to 15.
2. The Director determines the cell of Table 4 that corresponds to the classifications determined under paragraph 1.
3. The Director determines an amount that is within the range set out in the cell, taking into consideration those of the following factors that were indicated under paragraph 4 of subsection 5 (1) in the notice of intention:
 - i. The history of contraventions, if any, that resulted in convictions of the regulated person under the Act or the *Ontario Water Resources Act* or in orders issued to the regulated person under section 182.1 of the Act or section 106.1 of the *Ontario Water Resources Act*.
 - ii. REVOKED: O. Reg. 466/21, s. 2 (1).
 - iii. The extent of the delay in complying with the requirement that was contravened.
 - iv. Whether the extent of the deviation from the requirement that was contravened is in the lower or upper part of the range for the seriousness classification for the contravention, as set out in sections 10 to 15.
4. For a contravention specified in item 1 or 2 of Table 2, the Director shall multiply the amount determined under paragraph 3 by 1.35 if the discharge contains a toxic substance, unless the information submitted under paragraph 2 of subsection 6 (1) demonstrates that the toxic substance or its concentration did not result from the operations or activities of the plant.

5. For a contravention specified in item 3.1 to 4.1 of Table 2, the Director shall multiply the amount determined under paragraph 3 by 1.35, if the contravention relates to a contaminant that is a toxic substance. O. Reg. 222/07, s. 9 (1); O. Reg. 254/11, s. 3 (1); O. Reg. 466/21, s. 2 (1, 2).

(2) If a contravention specified in item 1 to 4.1, 9.4, 12.1 or 13 of Table 2 occurs on or continues for more than one day, the gravity component for the contravention is the amount obtained by multiplying the amount determined under subsection (1) by the number of days on which the contravention occurs or continues. O. Reg. 222/07, s. 9 (2); O. Reg. 254/11, s. 3 (2); O. Reg. 466/21, s. 2 (3); O. Reg. 91/22, s. 1 (1).

(3) If a contravention specified in item 5, 9.1 to 9.3, 9.5 to 10 or 12.3 of Table 2 occurs on or continues for more than one day, the gravity component for the contravention is the lesser of the following:

1. \$100,000.

2. The amount obtained by multiplying the amount determined under subsection (1) by the number of days on which the contravention occurs or continues. O. Reg. 222/07, s. 9 (3); O. Reg. 254/11, s. 3 (3); O. Reg. 466/21, s. 2 (4); O. Reg. 91/22, s. 1 (2).

(4) If a contravention specified in item 9, 11, 12 or 12.2 of Table 2 occurs on or continues for more than one day, the gravity component for the contravention is the lesser of the following:

1. \$60,000.

2. The sum of the following amounts:

i. The amount determined under subsection (1) for the first day of the contravention.

ii. 50 per cent of the amount determined under subsection (1) for each of the second to the seventh days on which the contravention occurs or continues.

iii. 25 per cent of the amount determined under subsection (1) for each of the eighth to the 30th days on which the contravention occurs or continues.

iv. 10 per cent of the amount determined under subsection (1) for each of the 31st to the 90th days on which the contravention occurs or continues.

v. 5 per cent of the amount determined under subsection (1) for each of the 91st day to the 180th days on which the contravention occurs or continues.

vi. Nothing, for any days after the 180th day on which the contravention occurs or continues. O. Reg. 222/07, s. 9 (4); O. Reg. 254/11, s. 3 (4); O. Reg. 466/21, s. 2 (5).

(5) In this section, a day is a 24-hour period and a contravention occurs on or continues for more than one day if it occurs on or continues for more than one 24-hour period. O. Reg. 222/07, s. 9 (5).

Seriousness of contravention, contravention of s. 14 of the Act

10. (1) The seriousness of a contravention specified in item 1 of Table 2 is classified under this section. O. Reg. 222/07, s. 10 (1).

(2) A contravention is less serious if it is not classified as serious or very serious. O. Reg. 222/07, s. 10 (2).

(3) A contravention is serious if the contravention causes or may cause one or more of the following effects:

1. Localized injury or damage to any animal life.

2. Widespread or long-term interference with the normal conduct of business.

3. Widespread or long-term loss of enjoyment of the normal use of property.

4. Widespread damage to property, other than plant or animal life.
5. Damage to property, other than plant or animal life, such that the property cannot be restored, within a reasonable time, to the condition that existed immediately before the discharge occurred. O. Reg. 222/07, s. 10 (3).

(4) A contravention is very serious if the contravention causes or may cause one or more of the following effects:

1. Widespread injury or damage to plant or animal life.
2. Harm or material discomfort to any person.
3. An adverse effect on the health of any person.
4. The impairment of the safety of any person. O. Reg. 222/07, s. 10 (4).

Seriousness of contravention, contravention of s. 93 of the Act

11. (1) The seriousness of a contravention specified in item 2 of Table 2 is classified under this section. O. Reg. 222/07, s. 11 (1).

(2) A contravention is classified as less serious if the regulated person did everything practicable to prevent, eliminate and ameliorate the adverse effects resulting from the spill and to restore the natural environment, but did not do so forthwith. O. Reg. 222/07, s. 11 (2).

(3) A contravention is classified as serious if the regulated person took steps that had some effect in preventing, eliminating and ameliorating the adverse effects resulting from the spill or in restoring the natural environment. O. Reg. 222/07, s. 11 (3).

(4) A contravention is classified as very serious if the regulated person failed to take any effective steps to prevent, eliminate and ameliorate the adverse effects resulting from the spill or to restore the natural environment. O. Reg. 222/07, s. 11 (4).

Seriousness of contravention, contravention of discharge limit

12. (1) The seriousness of a contravention specified in item 3.1 to 4.1 of Table 2 is classified under this section. O. Reg. 222/07, s. 12 (1); O. Reg. 254/11, s. 4 (1); O. Reg. 466/21, s. 3.

(2) Where the limit specified in the regulation, order or environmental compliance approval requires a discharge to have a pH value,

- (a) the contravention is classified as less serious if the discharge deviates from the pH value by less than 0.5;
- (b) the contravention is classified as serious if the discharge deviates from the pH value by 0.5 or more but less than 1.0; and
- (c) the contravention is classified as very serious if the discharge deviates from the pH value by 1.0 or more. O. Reg. 222/07, s. 12 (2); O. Reg. 254/11, s. 4 (2).

(3) Where the limit specified in the regulation, order or environmental compliance approval does not relate to pH,

- (a) the contravention is classified as less serious if the limit is exceeded by less than 50 per cent;
- (b) the contravention is classified as serious if the limit is exceeded by 50 per cent or more but less than 100 per cent; and
- (c) the contravention is classified as very serious if the limit is exceeded by 100 per cent or more. O. Reg. 222/07, s. 12 (3); O. Reg. 254/11, s. 4 (3).

(4) Despite subsection (3), in respect of a contravention specified in item 3.1 or 3.3 of Table 2,

- (a) the contravention is classified as less serious if the total discharge is less than 450 kilograms;
- (b) the contravention is classified as serious if the total discharge is greater than or equal to 450 kilograms but less than 900 kilograms; and
- (c) the contravention is classified as very serious if the total discharge is greater than or equal to 900 kilograms. O. Reg. 531/18, s. 1; O. Reg. 91/22, s. 2.

Seriousness of contravention, failure of acute lethality test

13. A contravention specified in item 12.1 of Table 2 is classified as less serious. O. Reg. 222/07, s. 13; O. Reg. 254/11, s. 5; O. Reg. 466/21, s. 4.

Seriousness of contravention, contravention of settlement agreement

14. (1) For a contravention specified in item 13 of Table 2, the seriousness of the contravention is classified under this section if the provision of the agreement that was contravened required the regulated person to take steps to prevent, eliminate or reduce the discharge of a contaminant into the natural environment beyond those required by an Act of Ontario or Canada, by a regulation or instrument under an Act of Ontario or Canada, or by a public body. O. Reg. 222/07, s. 14 (1).

(2) A contravention is classified as less serious if the regulated person took steps to implement all of the provisions of the agreement mentioned in subsection (1), but not within the time specified in the agreement. O. Reg. 222/07, s. 14 (2).

(3) A contravention is classified as serious if the regulated person took steps to implement the provisions of the agreement mentioned in subsection (1), and those steps had some effect in preventing, eliminating or reducing the discharge of a material into the natural environment. O. Reg. 222/07, s. 14 (3).

(4) A contravention is classified as very serious if the regulated person failed to take any steps to implement the provisions of the agreement mentioned in subsection (1) that would have had some effect in preventing, eliminating or reducing the discharge of a material into the natural environment. O. Reg. 222/07, s. 14 (4).

Seriousness of contravention, other contravention

15. (1) The seriousness of any contravention not specifically mentioned in sections 10 to 14 is classified under this section. O. Reg. 222/07, s. 15 (1).

(2) A contravention is less serious if the contravention does not result in an adverse effect or interfere with the Ministry's capacity to protect and conserve the natural environment, or have the potential to do either. O. Reg. 222/07, s. 15 (2).

(3) A contravention is serious if the contravention,

(a) interferes with the Ministry's capacity to protect and conserve the natural environment or has the potential to do so; and

(b) does not result in an adverse effect and does not have the potential to do so. O. Reg. 222/07, s. 15 (3).

(4) A contravention is very serious if the contravention results in an adverse effect or has the potential to do so. O. Reg. 222/07, s. 15 (4).

Reductions for prevention or mitigation

16. (1) A regulated person who made a request under paragraph 4 of subsection 6 (1) in respect of a contravention specified in item 1, 3.1 to 4.1 or 9.4 of Table 2 is entitled to a reduction to the gravity component in an amount determined by the Director that does not exceed 20 per cent of the gravity component if, before the contravention occurred, the regulated person took one or more of the following steps to prevent it:

1. Analysed in writing the likelihood of the contravention to occur and the potential impacts if it occurred.
2. Developed strategies to prevent the contravention based on the analysis referred to in paragraph 1, and documented the implementation of the strategies.
3. Established monitoring and maintenance programs for structures, equipment and mechanisms at the plant for the purpose of preventing the contravention.
4. Constructed or installed containment structures for the purpose of preventing the contravention.
5. Installed and maintained an alarm system or other notification system to alert operators of the plant when the contravention is imminent, and documented procedures for operating the system.
6. Altered or redesigned industrial processes used at the plant for the purpose of preventing the contravention, or installed equipment for the purpose.

7. Trained personnel in the construction, installation, maintenance or operation of any relevant structures, equipment or mechanisms, and in the implementation of any other measures relating to preventing the contravention. O. Reg. 222/07, s. 16 (1); O. Reg. 254/11, s. 6 (1); O. Reg. 466/21, s. 5 (1); O. Reg. 91/22, s. 3 (1).

(2) A regulated person who made a request under paragraph 4 of subsection 6 (1) in respect of a contravention specified in item 1, 3.1 to 4.1 or 9.4 of Table 2 is entitled to a reduction to the gravity component in an amount determined by the Director that does not exceed 10 per cent of the gravity component, if the regulated person took one or more of the following steps to mitigate the effects of the contravention:

1. Before the contravention occurred, the regulated person,
 - i. installed and maintained an alarm system or other notification system to alert operators of the plant when the contravention occurs,
 - ii. developed and implemented written procedures to ensure that, in the event the contravention occurred, appropriate personnel, equipment and material would be available at the plant to respond to the contravention,
 - iii. if the contravention is specified in item 3.1 to 4.1 of Table 2, developed and implemented written procedures specifying steps to be taken to identify the contravention and to ensure an appropriate response is taken if the contravention occurs,
 - iv. developed written procedures specifying steps to be taken by personnel when responding to the contravention, or
 - v. trained personnel in the construction, installation, maintenance or operation of any relevant structures, equipment or mechanisms, and in the implementation of any other measures relating to mitigating the effects of the contravention.
2. After the contravention occurred, the regulated person,
 - i. promptly deployed appropriate personnel, equipment and material at the plant to respond to the contravention in such a manner as to prevent, eliminate or ameliorate any adverse effects of the contravention to the extent possible,
 - ii. established on-site and off-site monitoring and sampling to minimize risk to the environment and human health,
 - iii. conducted an analysis to determine the cause of the contravention, or
 - iv. if the contravention is specified in item 3.1 to 4.1 of Table 2, revised the steps described in subsection (1) to better prevent the contravention from occurring again. O. Reg. 222/07, s. 16 (2); O. Reg. 254/11, s. 6 (2-4); O. Reg. 466/21, s. 5 (2); O. Reg. 91/22, s. 3 (2).

(3) A regulated person who made a request under paragraph 4 of subsection 6 (1) in respect of a contravention specified in item 2 of Table 2 is entitled to a reduction to the gravity component in an amount determined by the Director that does not exceed 30 per cent of the gravity component if the regulated person took one or more of the following steps to prevent the contravention or to mitigate its effects:

1. Before the contravention occurred, the regulated person,
 - i. installed and maintained an alarm system or other notification system to alert operators of the plant when the contravention occurs,
 - ii. developed and implemented procedures to ensure that, in the event of a contravention, appropriate personnel, equipment and material would be available at the plant to respond to the contravention,
 - iii. developed and implemented written procedures specifying steps to be taken by personnel when responding to the contravention, or

- iv. trained personnel in the construction, installation, maintenance or operation of any relevant structures, equipment or mechanisms, and in the implementation of any other measures relating to mitigating the effects of the contravention.

2. After the contravention occurred, the regulated person,

- i. promptly deployed appropriate personnel, equipment and material at the plant to respond to the contravention in such a manner as to prevent, eliminate or ameliorate any adverse effects of the contravention to the extent possible, or
- ii. established on-site and off-site monitoring and sampling to minimize risk to the environment and human health.

O. Reg. 222/07, s. 16 (3).

(4) A regulated person who made a request under paragraph 4 of subsection 6 (1) in respect of a contravention specified in items 5 to 9.3 or 9.5 to 13 of Table 2 is entitled to a reduction to the gravity component in an amount determined by the Director that does not exceed 30 per cent of the gravity component, if the regulated person took one or more steps to prevent the contravention or to mitigate its effects. O. Reg. 222/07, s. 16 (4); O. Reg. 91/22, s. 3 (3).

(5) When the Director makes a determination under subsection (1), (2), (3) or (4) as to the amount of the reduction to grant, he or she may consider, in addition to the steps set out in those subsections, any other steps that the regulated person took to prevent or reduce the risk of a contravention occurring or to mitigate its effects. O. Reg. 222/07, s. 16 (5).

Reduction for environmental management system

17. The Director shall grant a reduction to the gravity component equal to 5 per cent of the gravity component if, at the time of the contravention, the regulated person had in place an environmental management system for the plant that was audited within three years before the contravention, and the audit confirmed one of the following:

1. That at the time of the audit,

- i. the environmental management system was certified as meeting the standard set out in the document entitled "Environmental management systems –Requirements with guidance for use" and designated as CAN/CSA-ISO 14001:04, published by the Canadian Standards Association, as amended from time to time, by an environmental management systems registrar that has been accredited by,

A. the Standards Council of Canada, or

B. an accreditation body outside of Canada that is a signatory to the International Accreditation Forum Multilateral Recognition Arrangement, and

- ii. the certification is recorded in a registry maintained by the registrar.

2. That at the time of the audit, the environmental management system was determined to be compliant with the standard set out in the document referred to in paragraph 1 by a person who,

- i. is not an employee at the plant or a contractor who routinely works at the plant,
- ii. audits according to a code of practice that conforms with the document entitled "Guidelines for quality and/or environmental management systems auditing" and designated as CSA/ISO 19011:2003, published by the Canadian Standards Association, as amended from time to time, and
- iii. is certified by,

A. an auditing certification body that has been accredited by the Standards Council of Canada, including the Canadian Environmental Certification Approvals Board, or

B. a body outside of Canada that is a signatory to the International Accreditation Forum Multilateral Recognition Arrangement.

3. That at the time of the audit, the environmental management system was verified as meeting the requirements set out in the documents entitled "Ethic and Codes of Practice of Responsible Care: Commitment Package – Part I" and "The Responsible Care Way of Life... expectations of member and partner companies: Commitment Package – Part II" published by the Canadian Chemical Producers' Association, as amended from time to time, by a person authorized by the Canadian Chemical Producers' Association to audit environmental management systems. O. Reg. 222/07, s. 17.

Reduction for agreement with the Director

18. (1) In this section,

"B", "C", "D" and "E" have the same meanings as in subsection 7 (1);

"F" is $0.75 \times (B - C - D)$. O. Reg. 222/07, s. 18 (1).

- (2) If a regulated person enters into an agreement described in subsection (4) in respect of a contravention specified in item 9, 11, 12 or 12.2 of Table 2, the Director may grant a reduction to the gravity component that is less than or equal to the following amount:

$$B - C - D$$

O. Reg. 222/07, s. 18 (2); O. Reg. 254/11, s. 7 (1); O. Reg. 466/21, s. 6 (1).

- (3) If a regulated person enters into an agreement described in subsection (4) in respect of any other contravention, the Director may grant a reduction to the gravity component that is less than or equal to the following amount:

$$0.75 \times (B - C - D)$$

O. Reg. 222/07, s. 18 (3).

- (4) An agreement referred to in subsections (2) and (3) is an agreement with the Director under subsection 182.1 (9) of the Act that requires the regulated person to take steps to prevent, eliminate or reduce the discharge of a contaminant into the natural environment beyond those required by an Act of Ontario or Canada, by a regulation or instrument under an Act of Ontario or Canada, or by a public body. O. Reg. 222/07, s. 18 (4).

- (5) If the agreement described in subsection (4) is in respect of a contravention specified in item 9, 11, 12 or 12.2 of Table 2, the agreement is deemed to include a provision stating that the regulated person will spend on the implementation of the steps described in the agreement,

(a) an amount equal to $(3 \times E)$, if E is less than or equal to F; or

(b) an amount equal to $(3 \times F) + [5 \times (E - F)]$, if E is greater than F. O. Reg. 222/07, s. 18 (5); O. Reg. 254/11, s. 7 (2); O. Reg. 466/21, s. 6 (2).

- (6) If the agreement described in subsection (4) is in respect of any other contravention, the agreement is deemed to include a provision stating that the regulated person will spend on the implementation of the steps described in the agreement, an amount equal to $(3 \times E)$. O. Reg. 222/07, s. 18 (6).

Special purpose account

19. The following are prescribed purposes for the purpose of paragraph 3 of subsection 182.2 (3) of the Act:

1. To provide financial assistance to persons or bodies who undertake research, education or outreach activities that relate to,
 - i. spill prevention and response,
 - ii. pollution prevention,
 - iii. adverse effects that are caused or may be caused as a result of the discharge of contaminants into the natural environment, or
 - iv. remediation and restoration of the natural environment.

2. To provide financial assistance to persons or bodies who undertake measures to provide assistance to communities in building capacity for spill preparedness and response. O. Reg. 222/07, s. 19.

20. OMITTED (PROVIDES FOR COMING INTO FORCE OF PROVISIONS OF THIS REGULATION). O. Reg. 222/07, s. 20.

TABLE 1
PLANTS

Item	Column 1 Sector	Column 2 Plant	Column 3 Location
1.	Electric Power Generation	Atikokan Generating Station	Atikokan
2.	Electric Power Generation	Bruce Bulk Steam System	Tiverton
3.	Electric Power Generation	Bruce Nuclear Generating Station – A	Tiverton
4.	Electric Power Generation	Bruce Nuclear Generating Station – B	Tiverton
5.	Electric Power Generation	Bruce Nuclear Power Development Service –A & B	Tiverton
6.	Electric Power Generation	CM Greenfield Power Corp, as General Partner on behalf of Greenfield Energy Centre L.P., Greenfield Energy Centre	St. Clair Township
7.	Electric Power Generation	Darlington Nuclear Generating Station	Darlington
8.	Electric Power Generation	Lambton Generating Station	Courtright
9.	Electric Power Generation	Lennox Generating Station	Bath
10.	Electric Power Generation	Nanticoke Generating Station	Nanticoke
11.	Electric Power Generation	Pickering Nuclear Generating Station – A & B	Pickering
12.	Electric Power Generation	Thunder Bay Generating Station	Thunder Bay
13.	Electric Power Generation	TransAlta Energy Corporation, North and South Powerhouse Blocks and Power Island	Sarnia
14.	Industrial Minerals	Carmeuse Lime (Canada) – Centre Plant	Beachville
15.	Industrial Minerals	Carmeuse Lime (Canada) – East Plant	Beachville
16.	Industrial Minerals	Carmeuse Lime (Canada) – West Plant	Ingersoll
17.	Industrial Minerals	Carmeuse Lime (Dundas)	Dundas
18.	Industrial Minerals	CGC Inc.	Hagersville
19.	Industrial Minerals	Drain Bros. Excavating Limited	Havelock
20.	Industrial Minerals	Dynatec Corporation	Madoc
21.	Industrial Minerals	Essroc Canada Inc.	Picton
22.	Industrial Minerals	Georgia-Pacific	Caledonia

TABLE 2
CONTRAVENTIONS

Item	Column 1 Provision of the Act	Column 2 Description of the contravention	Column 3 Circumstances	Column 4 First date on which an environmental penalty may be ordered for the contravention	Column 5 Type of contravention	Column 6 Section of this Regulation that specifies the type of consequence
1.	Subclause 182.1 (1) (a) (i)	Contravention of section 14 of the Act (prohibits discharge of a contaminant into the natural environment that causes or may cause an adverse effect)	1. The discharge is to land or water. 2. The discharge is of a pollutant as defined under Part X of the Act.	August 1, 2007	Type 3	10
2.	Subclause 182.1 (1) (a) (ii)	Contravention of section 93 of the Act (duty to mitigate and restore where pollutant is spilled that causes or is likely to cause an adverse effect)	The spill is to land or water.	August 1, 2007	Type 3	11
3.	REVOKED: O. Reg. 466/21, s. 7.					

3.1	Subclause 182.1 (1) (a) (iii)	Contravention of a provision of the regulations that establishes or has the effect of establishing a numerical limit, including a limit of zero, on the amount, concentration or level of anything that may be discharged to the natural environment.	<p>1. The contravention is of subsection 5 (1) of Ontario Regulation 530/18 (Air Pollution - Discharge of Sulphur Dioxide from Petroleum Facilities Before 2029).</p> <p>2. No order under the Act has been issued to the regulated person in respect of the contravention referred to in paragraph 1.</p> <p>3. The discharges giving rise to the contravention have not been previously subject to an order under subclause 182.1 (1) (a) (iii).</p>	July 1, 2019	Type 3	12
-----	-------------------------------	---	--	--------------	--------	----

3.2	Subclause 182.1 (1) (a) (iii)	<p>Contravention of a provision of the regulations that establishes or has the effect of establishing a numerical limit, including a limit of zero, on the amount, concentration or level of anything that may be discharged to the natural environment.</p>	<p>1. The contravention is of section 8, 9, 10, 11, 12, 14, 15, 16 or 17 of Ontario Regulation 88/22 (Air Pollution — Discharge of Sulphur Dioxide from Petroleum Facilities).</p> <p>2. No order under the Act has been issued to the regulated person in respect of the contravention referred to in paragraph 1.</p> <p>3. The discharges giving rise to the contravention have not been previously subject to an order under subclause 182.1 (1) (a) (iii).</p>	July 1, 2024	Type 3	12
-----	-------------------------------	--	---	--------------	--------	----

3.3	Subclause 182.1 (1) (a) (iii)	Contravention of a provision of the regulations that establishes or has the effect of establishing a numerical limit, including a limit of zero, on the amount, concentration or level of anything that may be discharged to the natural environment.	<p>1. The contravention is of section 13 of Ontario Regulation 88/22 (Air Pollution — Discharge of Sulphur Dioxide from Petroleum Facilities).</p> <p>2. No order under the Act has been issued to the regulated person in respect of the contravention referred to in paragraph 1.</p> <p>3. The discharges giving rise to the contravention have not been previously subject to an order under subclause 182.1 (1) (a) (iii).</p>	January 1, 2027	Type 3	12
4.	Subclause 182.1 (1) (a) (iv)	Contravention of a provision of an order under the Act that establishes or has the effect of establishing a numerical limit, including a limit of zero, on the amount, concentration or level of anything that may be discharged to the natural environment.	The discharge is to land or water.	August 1, 2007	Type 1	12

4.1	Subclause 182.1 (1) (a) (v)	Contravention of a provision of an environmental compliance approval, certificate of property use, renewable energy approval, licence or permit under the Act that establishes or has the effect of establishing a numerical limit, including a limit of zero, on the amount, concentration or level of anything that may be discharged to the natural environment.	The contravention is of a provision of an environmental compliance approval issued in respect of an activity mentioned in subsection 53 (1) of the <i>Ontario Water Resources Act</i> .	The day subsection 2 (79) of Schedule 7 to the <i>Open for Business Act, 2010</i> comes into force.	Type 1	12
5.	Subclause 182.1 (1) (b) (i)	Contravention of a provision of the Act or the regulations, other than a provision referred to in subclause 182.1 (1) (a) (i), (ii) or (iii) of the Act.	1. The spill is to land or water. 2. The contravention is of section 92 of the Act.	August 1, 2007	Type 2	15
6.-8.	REVOKED: O. Reg. 466/21, s. 7.					

9.	Subclause 182.1 (1) (b) (i)	Contravention of a provision of the Act or the regulations, other than a provision referred to in subclause 182.1 (1) (a) (i), (ii) or (iii) of the Act.	The contravention is of section 91.1 of the Act.	December 1, 2008	Type 2	15
9.1	Subclause 182.1 (1) (b) (i)	Contravention of a provision of the Act or the regulations, other than a provision referred to in subclause 182.1 (1) (a) (i), (ii) or (iii) of the Act.	The contravention is of subsections 5 (3), 5 (4), 5 (5), 6 (4), 6 (6), 7 (7), 7 (9), 7 (11), 8 (5) or 8 (6) or section 9 or 10 of Ontario Regulation 530/18 (Air Pollution — Discharge of Sulphur Dioxide from Petroleum Facilities Before 2029).	April 26, 2022	Type 1	15
9.2	Subclause 182.1 (1) (b) (i)	Contravention of a provision of the Act or the regulations, other than a provision referred to in subclause 182.1 (1) (a) (i), (ii) or (iii) of the Act.	The contravention is of subsection 6 (3), 7 (1), 7 (6) or 7 (8) of Ontario Regulation 530/18 (Air Pollution — Discharge of Sulphur Dioxide from Petroleum Facilities Before 2029).	April 26, 2022	Type 2	15

9.3	Subclause 182.1 (1) (b) (i)	Contravention of a provision of the Act or the regulations, other than a provision referred to in subclause 182.1 (1) (a) (i), (ii) or (iii) of the Act.	The contravention is of subsection 8 (1) or (2) of Ontario Regulation 530/18 (Air Pollution — Discharge of Sulphur Dioxide from Petroleum Facilities Before 2029).	April 26, 2022	Type 3	15
9.4	Subclause 182.1 (1) (b) (i)	Contravention of a provision of the Act or the regulations, other than a provision referred to in subclause 182.1 (1) (a) (i), (ii) or (iii) of the Act.	The contravention is of section 18 of Ontario Regulation 88/22 (Air Pollution — Discharge of Sulphur Dioxide from Petroleum Facilities).	April 26, 2022	Type 3	15
9.5	Subclause 182.1 (1) (b) (i)	Contravention of a provision of the Act or the regulations, other than a provision referred to in subclause 182.1 (1) (a) (i), (ii) or (iii) of the Act.	The contravention is of section 19, 22, 23, 24, 25, 26 or 28 of Ontario Regulation 88/22 (Air Pollution — Discharge of Sulphur Dioxide from Petroleum Facilities).	July 1, 2024	Type 2	15
9.6	Subclause 182.1 (1) (b) (i)	Contravention of a provision of the Act or the regulations, other than a provision referred to in subclause 182.1 (1) (a) (i), (ii) or (iii) of the Act.	The contravention is of section 20, 21, 27, 29, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43 or 45 of Ontario Regulation 88/22 (Air Pollution — Discharge of Sulphur Dioxide from Petroleum Facilities).	October 25, 2022	Type 1	15

10.	Subclause 182.1 (1) (b) (ii)	Contravention of a provision of an order under the Act, other than an order under section 99.1, 100.1 or 150 of the Act, an order of a court or a provision referred to in subclause 182.1 (1) (a) (iv) of the Act.	The provision of the order requires the regulated person to report a failure to comply with another provision of the order that has the effect of establishing a numerical limit, including a limit of zero, on the amount, concentration or level of anything that may be discharged to the natural environment.	August 1, 2007	Type 1	15
-----	------------------------------	---	---	----------------	--------	----

11.	Subclause 182.1 (1) (b) (ii)	<p>Contravention of a provision of an order under the Act, other than an order under section 99.1, 100.1 or 150 of the Act, an order of a court or a provision referred to in subclause 182.1 (1) (a) (iv) of the Act.</p>	<p>1. The order is issued under section 7, 8, 17, 18, 97, 157 or 157.1 of the Act.</p> <p>2. In the case of an order issued under section 7, 8, 17, 18, 97 or 157.1, the circumstances giving rise to the order relate to a discharge or a potential discharge to land or water.</p> <p>3. In the case of an order issued under section 157, the order is issued in response to a contravention specified in this Table.</p> <p>4. The provision of the order that is contravened relates to,</p> <p>i. preventing, eliminating or ameliorating an adverse effect, or</p> <p>ii. the construction, installation or modification of any thing.</p>	December 1, 2008	Type 2	15
-----	------------------------------	--	---	------------------	--------	----

12.	Subclause 182.1 (1) (b) (ii)	<p>Contravention of a provision of an order under the Act, other than an order under section 99.1, 100.1 or 150 of the Act, an order of a court or a provision referred to in subclause 182.1 (1) (a) (iv) of the Act.</p>	<p>1. The order is issued under section 7, 8, 17, 18, 97, 157 or 157.1 of the Act.</p> <p>2. In the case of an order issued under section 7, 8, 17, 18, 97 or 157.1, the circumstances giving rise to the order relate to a discharge or a potential discharge to land or water.</p> <p>3. In the case of an order issued under section 157, the order is issued in response to a contravention specified in this Table.</p> <p>4. The provision of the order that was contravened is not a provision of an order described in item 4, 10 or 11 of this Table.</p>	December 1, 2008	Type 1	15
-----	------------------------------	--	--	------------------	--------	----

12.1	Subclause 182.1 (1) (b) (iii)	Contravention of a provision of an environmental compliance approval, certificate of property use, renewable energy approval, licence or permit under the Act.	<p>1. The contravention is of a provision of an environmental compliance approval issued in respect of an activity mentioned in subsection 53 (1) of the <i>Ontario Water Resources Act</i>.</p> <p>2. The provision of the environmental compliance approval that is contravened requires the regulated person to conduct an acute lethality test on contaminated or potentially contaminated sewage.</p>	The day subsection 2 (79) of Schedule 7 to the <i>Open for Business Act, 2010</i> comes into force.	Type 2	13
12.2	Subclause 182.1 (1) (b) (iii)	Contravention of a provision of an environmental compliance approval, certificate of property use, renewable energy approval, licence or permit under the Act.	<p>1. The contravention is of a provision of an environmental compliance approval issued in respect of an activity mentioned in subsection 53 (1) of the <i>Ontario Water Resources Act</i>.</p> <p>2. The provision of the environmental compliance approval that is contravened is not a provision of an approval described in item 4.1, 12.1 or 12.3 of this Table.</p>	The day subsection 2 (79) of Schedule 7 to the <i>Open for Business Act, 2010</i> comes into force.	Type 1	15

12.3	Subclause 182.1 (1) (b) (iii)	Contravention of a provision of an environmental compliance approval, certificate of property use, renewable energy approval, licence or permit under the Act.	The environmental compliance approval issued in respect of an activity mentioned in section 53 of the <i>Ontario Water Resources Act</i> requires the regulated person to report a failure to comply with a provision of the approval that has the effect of establishing a numerical limit, including a limit of zero, on the amount, concentration or level of anything that may be discharged to the natural environment.	The day subsection 2 (79) of Schedule 7 to the <i>Open for Business Act, 2010</i> comes into force.	Type 1	15
13.	Subclause 182.1 (1) (b) (v)	Contravention of a provision of an agreement under subsection 182.1 (9) of the Act.	N/A	August 1, 2007	Type 2	14, 15
