---

<sup>4</sup> As defined under GPPB Circular No. 06-2019 dated 17 July 2019, a Procurement Project shall refer to a specific or identified procurement covering goods, infrastructure project or consulting services. A Procurement Project shall be described, detailed, and scheduled in the Project Procurement Management Plan prepared by the agency which shall be consolidated in the

Procurement Plan (APP) approved by the head of the procuring entity (HoPE) or his or her delegate. The HoPE is encouraged to delegate his/her authority and responsibility to efficiently and expeditiously deal with the emergency sought to be addressed under the RA No. 11469.

The procurement modality to be reflected in the APP for procurements to be undertaken under this Circular shall be Emergency Procurement under the *Bayanihan Act*.

However, in view of the urgent necessity of the procurement covered under the *Bayanihan Act*, the PE may commence with the procurement even without an approved APP, provided there is a document or certification from the budget officer or equivalent position showing that there is a budget for the purpose. The APP shall be approved thereafter and posted on the PE's website and submitted to the Government Procurement Policy Board (GPPB) or posted on the GPPB online portal for Emergency Procurement under the *Bayanihan Act*, once operational, on or before 30 September 2020.

- 3.3. PEs shall then directly negotiate or procure from a legally, technically, and financially capable supplier, distributor, manufacturer, contractor, or consultant.

The HoPE is encouraged to delegate the authority to directly negotiate or conduct the procurement activities to the End-user unit or any other appropriate bureau, committee, support or procuring unit. If no delegation is made, the Bid and Awards Committee (BAC) shall be the one to undertake the negotiation or procurement.

During negotiations, a formal written offer or bid may be submitted but is not required. Verbal agreement on the price and compliance or commitment to comply with the legal, technical and financial requirements of the Procurement Project shall be sufficient basis to recommend award of contract to the supplier, distributor, manufacturer, contractor, or consultant.

A legally, technically, and financially capable supplier, distributor, manufacturer, contractor, or consultant is one that meets the requirements provided in Item 3.4 of this Circular.

- 3.4. The BAC or End-user unit or any other appropriate bureau, committee, support or procuring unit duly authorized by the HoPE, shall immediately recommend award of contract to one that has the legal, technical, and financial capability to undertake the procurement at hand, to wit:

For foreign suppliers, the equivalent document in their jurisdiction would suffice consistent with Section 23.2 of the 2016 revised Implementing Rules and Regulations of RA No. 9184.

- 3.5. The HoPE, upon recommendation of the BAC or duly authorized End-user unit or any other appropriate bureau, committee, support or procuring unit, shall immediately award the contract to a legally, technically, and financially capable supplier, distributor, manufacturer, contractor, or consultant.

However, the HoPE reserves the right not to award the contract if the same will not redound to the benefit of the government such as:

- a. if the physical and economic conditions have significantly changed so as to render the project no longer economically, financially, or technically feasible, as determined by the HoPE;
- b. if the project is no longer necessary as determined by the HoPE; or
- c. if the source of funds for the project has been withheld or reduced through no fault of the PE.

The HoPE is encouraged to delegate the authority to award the contract to any official of the PE, except to those where there exists conflict of interest such as the BAC Chairperson and members or the person authorized to negotiate the bidding.

Upon award, the supplier shall enter into contract with the PE. The HoPE or his duly authorized representative shall immediately sign the contract or purchase order, provided that all the documents required to be submitted prior to award of contract are complied with and that the OSS has been submitted.

The contract shall include a warranty clause where the supplier, distributor, manufacturer, or contractor warrants that, for the period stipulated covering the procurement at hand, the Goods or Infrastructure Projects to be delivered or implemented shall be free from defects and conform to quality standards and technical specifications of the said contract. The contract awardee shall fulfill all the obligations and undertakings under the contract and the OSS.

- 3.6. - 3.7. PEs shall be accountable for: (i) monitoring performance and compliance by the supplier, distributor, manufacturer, contractor, or consultant with all the obligations and undertakings in the contract, and (ii) imposing sanctions for non-performance by the supplier, distributor, manufacturer, contractor, or consultant which may include adherence to an improvement plan or any other remedial measures.

A single advance payment not to exceed fifty percent (50%) of the contract amount shall be allowed for contracts entered into by a PE for services where requirement of down payment is a standard industry practice such as in the lease of real property or venue for use to house health workers or serve as quarantine centers, medical relief and aid distribution locations or temporary medical facilities pursuant to MO Order No. 172, s. 2005.

## 8. SPECIAL REPEAT ORDER

- 8.1. Considering the urgent necessity of the items to be procured under this Circular as well as the difficulty in estimating the required quantity needed for such, and the available funding at that time of the original purchase, a Special Repeat Order may be availed by the PE provided all of the following conditions are present:
