Torres Strait Islander Land Act 1991

An Act providing for the grant, and the claim and grant, of land as Torres Strait Islander land, and for other purposes

Whereas—

- 1 Before European settlement land in what is now the State of Queensland was occupied, used and enjoyed by Torres Strait Islanders in accordance with Island custom.
- 2 Land is of spiritual, social, historical, cultural and economic importance to Torres Strait Islanders.
- 3 After European settlement many Torres Strait Islanders maintained their ancestors' customary affiliation with particular areas of land.
- 4 Some Torres Strait Islanders have a historical association with particular areas of land based on them or their ancestors having lived on or used the land or neighbouring land.
- 5 Some Torres Strait Islanders have a requirement for land to ensure their economic or cultural viability.
- 6 Some land has been set aside for Torres Strait Islander reserves or for the benefit of Torres Strait Islanders and deeds of grant in trust are held on behalf of certain Torres Strait Islanders.
- 7 The Parliament is satisfied that Torres Strait Islander interests and responsibilities in relation to land have not been adequately and appropriately recognised by the law and that this has contributed to a general failure of previous policies in relation to Torres Strait Islanders.
- 8 The Parliament is further satisfied that special measures need to be enacted for the purpose of securing adequate advancement of the interests and responsibilities of Torres

Strait Islanders and to rectify the consequences of past injustices.

- 9 It is, therefore, the intention of the Parliament to make provision, by the special measures enacted by this Act, for the adequate and appropriate recognition of the interests and responsibilities of Torres Strait Islanders in relation to land and thereby to foster the capacity for self-development, and the self-reliance and cultural integrity, of Torres Strait Islanders.

Part 1 Preliminary

1 Short title

This Act may be cited as the *Torres Strait Islander Land Act 1991*.

2 Definitions

- (2) For the purposes of this Act, Torres Strait Islanders are particularly concerned with land if—
- (a) they are members of a group that has a particular connection with the land under Island custom; or

The chief executive's consideration of an expression of interest does not impose an obligation on the State under this Act to make the land to which it relates transferable land.

-
- (b) there is a registered native title body corporate for the determination.
- (2) The Minister may, with the consent of the registered native title body corporate, appoint the body corporate to be the grantee of the land under a deed of grant prepared under section 34.
- (3) If the Minister appoints the registered native title body corporate to be the grantee of the land under this section, the body corporate holds the land for the native title holders of the land the subject of the determination mentioned in subsection (1)(a).
- (4) In considering whether to appoint a registered native title body corporate under this section, the Minister may have regard to any matter the Minister considers relevant to the proposed appointment, including, for example—
- (a) whether the making of the proposed appointment was a matter relevant to the native title claim under the Commonwealth Native Title Act that resulted in the determination that native title existed in relation to all or a part of the land; and
 - (b) whether any Torres Strait Islanders particularly concerned with the land, other than the native title holders of the land, may be adversely affected by the proposed appointment; and
 - (c) if the Minister is satisfied Torres Strait Islanders particularly concerned with the land will be adversely affected by the proposed appointment—any action the registered native title body corporate intends to take to address the concerns of the Torres Strait Islanders.

36 Appointment of grantee to hold land for benefit of Torres Strait Islanders

- (1) This section applies if the Minister does not appoint, under section 35, a registered native title body corporate as the grantee of land.

- (2) The Minister may appoint as grantee of the land—
 - (a) a CATSI corporation that is qualified to hold the land; or
 - (b) a land trust.
- (3) However, the Minister may appoint a CATSI corporation that is a registered native title body corporate as the grantee of the land under subsection (2) only if—
 - (a) under the Commonwealth Native Title Act, a determination has been made that native title exists in relation to all or a part of the land and the CATSI corporation is the registered native title body corporate for the determination; or
 - (b) a determination has not been made under the Commonwealth Native Title Act that native title exists in relation to all or a part of the land, but the Minister is satisfied it is appropriate in all the circumstances to appoint the CATSI corporation as the grantee of the land.

Examples of when it is appropriate to appoint the CATSI corporation as the grantee of the land—

- 1 The appointment of the CATSI corporation is supported by consultation with Torres Strait Islanders particularly concerned with the land.
 - 2 The land is within the external boundaries of an area of land the subject of a native title determination and the CATSI corporation is the registered native title body corporate for the determination.
 - 3 An ILUA has been entered into for the land and the CATSI corporation is nominated in the ILUA as the proposed grantee for the land under this Act.
 - 4 Anthropological research supports the CATSI corporation as being the appropriate grantee.
- (4) Before making the appointment, the Minister must consult with, and consider the views of, Torres Strait Islanders particularly concerned with the land.
 - (5) Subsection (4) does not apply if an ILUA has been entered into for the land and the entity is nominated in the ILUA as the proposed grantee for the land under this Act.

-
- (6) However, in considering whether to appoint an entity nominated in an ILUA as the proposed grantee for the land, the Minister may have regard to any matter the Minister considers relevant to the proposed appointment, including, for example—
- (a) whether any Torres Strait Islanders particularly concerned with the land may be adversely affected by the appointment; and
 - (b) if the Minister is satisfied any Torres Strait Islanders particularly concerned with the land will be adversely affected by the appointment—any action the entity intends to take to address the concerns of the Torres Strait Islanders.
- (7) Also, in considering whether to appoint a registered native title body corporate as the proposed grantee for the land, the Minister may have regard to any matter the Minister considers relevant to the proposed appointment, including, for example, the matters mentioned in section 35(4)(b) and (c).
- (8) In appointing a grantee of land under this section, the Minister must have regard to any Island custom applicable to the land.

37 Procedure for appointing particular grantee

- (1) Before appointing a grantee of land under this part, other than an entity nominated in an ILUA as the proposed grantee for the land, the Minister must—
- (a) publish notice of the Minister’s intention to appoint the grantee in a newspaper or other publication circulating generally in the area in which the land the subject of the deed of grant is situated; and
 - (b) consider all representations made to the Minister under subsection (4).
- (2) The notice must—
- (a) include a description of the land; and
 - (b) state the following—

 - (ii) that a Torres Strait Islander particularly concerned with the land may make written representations to the Minister about the proposed appointment;
 - (iii) the place where the representations may be made;
 - (iv) the period in which the representations must be made.
- (3) The stated period must end at least 28 days after the notice is published.
- (4) A Torres Strait Islander particularly concerned with the land may make written representations about the proposed appointment to the Minister within the stated period.

38 Minister to act as soon as possible

- (1) The Minister must, as soon as practicable after the commencement of sections 34 and 36, give all necessary directions under section 34, and make all necessary appointments under section 35 or 36, in relation to land that is transferable land on the enactment day.
- (2) If, under section 9(1)(c) or 11, land becomes transferable land after the enactment day, the Minister must, as soon as practicable after the land becomes transferable land, give all necessary directions under section 34, and make all necessary appointments under section 35 or 36, in relation to the land.
- (3) However, the Minister need not act as mentioned in subsections (1) and (2) in relation to land until the Minister is reasonably satisfied—
- (a) arrangements are in place to ensure—
 - (i) the Commonwealth and the State can continue to provide services to communities on the land after it is granted; and
 - (ii) the local government for the area in which the land is situated can continue to provide local

government services to communities on the land after it is granted; and

Example of an arrangement for paragraph (a)—

a lease

- (b) if the land is proposed to be granted to an entity other than a registered native title body corporate, arrangements that the Minister considers necessary—
 - (i) to support use of the land by Torres Strait Islanders particularly concerned with it; and
 - (ii) to ensure appropriate services, including, for example, social housing, public works and community infrastructure, can be provided for communities on the land;

are in place to deal with matters relevant to the use of the land after it is granted; and

Example of an arrangement for paragraph (b)—

an ILUA

- (c) if the land is or includes township land, arrangements are in place to provide for—
 - (i) the township land to continue to be used as township land; and

the lease continued to be such a lease and the trustee of the land were the lessor.

- (4) However, subsection (5) applies to an interest in transferable land (the *previous interest*) that, under an available State land agreement, is to cease on the grant of the land under this part and a new interest granted by the trustee of the land is to have effect in substitution for the previous interest on the grant of the land.
- (5) Despite subsections (1) to (3), on the grant of the land the previous interest ceases.
