

Queensland

Exotic Diseases in Animals Act 1981

Exotic Diseases in Animals (Acarine and Varroa Mites) Notice 2007

Reprinted as in force on 15 March 2008

Reprint No. 1A

This reprint is prepared by
the Office of the Queensland Parliamentary Counsel
Warning—This reprint is not an authorised copy

Information about this reprint

This notice is reprinted as at 15 March 2008. The reprint shows the law as amended by all amendments that commenced on or before that day (Reprints Act 1992 s 5(c)).

The reprint includes a reference to the law by which each amendment was made—see list of legislation and list of annotations in endnotes. Also see list of legislation for any uncommenced amendments.

This page is specific to this reprint. See previous reprint for information about earlier changes made under the Reprints Act 1992. A table of reprints is included in the endnotes.

Also see endnotes for information about—

- **when provisions commenced**
- **editorial changes made in earlier reprints.**

Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, hard copy and electronic, are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If a hard copy reprint is dated earlier than an electronic version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of a hard copy reprint is the same as the date shown for an electronic version previously published, it merely means that the electronic version was published before the hard copy version. Also, any revised edition of the previously published electronic version will have the same date as that version.

Replacement reprint date If the date of a hard copy reprint is the same as the date shown on another hard copy reprint it means that one is the replacement of the other.

Exotic Diseases in Animals (Acarine and Varroa Mites) Notice 2007

[as amended by all amendments that commenced on or before 15 March 2008]

Part 1 Preliminary

1 Short title

This notice may be cited as the *Exotic Diseases in Animals (Acarine and Varroa Mites) Notice 2007*.

2 Commencement

Part 3 of this notice commences immediately after part 2 commences.

3 Definitions

In this notice—

exotic disease means each of the following exotic diseases—

- (a) acarine mite (*Acarapis woodii*);
- (b) varroa mite (*Varroa destructor*);
- (c) varroa mite (*Varroa jacobsonii*).

restricted area means the restricted area described in section 5.

Part 2 Notification of restricted area

4 Purpose of pt 2

The purpose of this part is to notify a restricted area for the exotic disease.

5 Notification of restricted area—Act, s 10

- (1) The area shown on the map in the schedule is the restricted area for the exotic disease.
- (2) The exact location of the boundary of the restricted area is held in digital electronic form by the department.
- (3) A map showing the exact location of the boundary of the restricted area can be accessed, free of charge, on the department's website at <www.dpi.qld.gov.au>.

Editor's note—

The department's website address is <www.dpi.qld.gov.au>.

- (4) The information held in digital electronic form can be reduced or enlarged to show the details of the boundary.

Part 3 Restricted movements

6 Purpose of pt 3

The purpose of this part is to declare that the movement of particular things within, into or out of the restricted area are restricted.

7 Restricted movements—Act, s 10A

- (1) Each of the following is a restricted movement for the restricted area—
 - (a) moving a bee into the restricted area;

*Exotic Diseases in Animals (Acarine and Varroa
Mites) Notice 2007*

- (b) moving a bee, bee product, or mechanical vector within or out of the restricted area.

Note—

See section 11 of the Act for the circumstances in which a person may make, cause or allow a restricted movement for a restricted area.

- (2) In this section—

bee means a honey bee (*Apis spp.*) or native bee, and includes the egg, larva or pupa of the honey bee or native bee.

bee product includes beeswax, beeswax comb, extracted honey, pollen, propolis and royal jelly but does not include processed honey bought from a supermarket or grocery store.

mechanical vector means a thing, including, for example, clothing, an appliance, equipment, a container or vehicle that is, or has been, used in beekeeping or in handling, housing or storing bees or bee products.

Examples—

- footwear, gloves, tools or veils used for beekeeping
- used hive components
- shipping container used to carry bee products

Schedule Restricted area
