Plant Protection Act 1989

Plant Protection (Mango Malformation Disease) Quarantine Notice 2008

Reprinted as in force on 12 September 2008

**Warning—this document has been released in unauthorised
electronic form only**

Reprint No. 0A

This reprint is prepared by
the Office of the Queensland Parliamentary Counsel
Warning—This reprint is not an authorised copy

Information about this reprint

This notice is reprinted as at 12 September 2008.

This page is specific to this reprint. A table of reprints is included in the endnotes.

Also see endnotes for information about when provisions commenced.

Spelling

The spelling of certain words or phrases may be inconsistent in this reprint or with other reprints because of changes made in various editions of the Macquarie Dictionary (for example, in the dictionary, 'judgement' has replaced 'judgment'). Variations of spelling will be updated in the next authorised reprint.

Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, authorised (that is, hard copy) and unauthorised (that is, electronic), are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If an authorised reprint is dated earlier than an unauthorised version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of an authorised reprint is the same as the date shown for an unauthorised version previously published, it merely means that the unauthorised version was published before the authorised version. Also, any revised edition of the previously published unauthorised version will have the same date as that version.

Replacement reprint date If the date of an authorised reprint is the same as the date shown on another authorised reprint it means that one is the replacement of the other.

Plant Protection (Mango Malformation Disease) Quarantine Notice 2008

[reprinted as in force on 12 September 2008]

1 Short title

This notice may be cited as the *Plant Protection (Mango Malformation Disease) Quarantine Notice 2008*.

Note—

Under section 11(9) of the Act, this notice remains in force until whichever of the following first happens—

- (a) the commencement into effect of a regulation under section 11(1) of the Act in relation to the same matter;
- (b) the end of 3 months.

2 Definitions

In this notice—

mango malformation disease means a fungal disease of mango plants caused by several different species of *Fusarium*, including *Fusarium mangiferae*.

mango plant means *Mangifera indica* L.

pest quarantine area means the pest quarantine area declared under section 3.

3 Declaration of pest quarantine area

The whole of Queensland is declared to be a pest quarantine area for mango malformation disease.

4 Objects of quarantine

The objects of the quarantine for the pest quarantine area are—

[s 5]

- (a) to prevent the introduction of mango malformation disease into the pest quarantine area; and
- (b) to prevent or control the spread of mango malformation disease in the pest quarantine area; and
- (c) to control or remove mango malformation disease in or from the pest quarantine area.

5 Restriction on introduction

- (1) A person must not, without an inspector's approval, introduce into the pest quarantine area—
 - (a) mango malformation disease; or
 - (b) a mango plant, other than the fruit of a mango plant; or
 - (c) an appliance that has been in contact with a mango plant.
- (2) An inspector may give an approval, with or without conditions, for the introduction of a thing mentioned in subsection (1)(a) to (c) only if the inspector is satisfied the introduction of the thing will not pose a significant risk of spreading mango malformation disease in the pest quarantine area.

6 Restriction on movement within the pest quarantine area

- (1) A person must not, without an inspector's approval, move from a parcel of land in the pest quarantine area to another parcel of land in the area—
 - (a) mango malformation disease; or
 - (b) a mango plant that the person knows, or ought reasonably to know, is infected with mango malformation disease; or
 - (c) an appliance that has been in contact with a mango plant the person knows, or ought reasonably to know, is infected with mango malformation disease.
- (2) An inspector may give an approval, with or without conditions, for the movement of a thing mentioned in

subsection (1)(a) to (c) only if the inspector is satisfied the movement of the thing will not pose a significant risk of spreading mango malformation disease in the pest quarantine area.
